Rankin's Reserve
Strength Too Much
For Hustling Lions

Locals Ahead 6-0 At
Half, But Wear Out
For 27-12 Count

By Ernie Boyd

The Ozona Lions threw a scare to the Rankin Red Devils in their last weekend before succumbing to a second half assault and dropping a 27 to 12 decision to the league's co-leaders.

One of the smallest Ozona turnouts for a football game on the field in years was on hand to see the Lions' improved offense dominate play through the first half and give the Lions a 6 to 0 lead at intermission.

The checked Red Devils, who previously believed that they could merely "show up" and beat the Lions, came back from the locker room with renewed determination and launched a ground-eating running game to bury the Lions' hopes 27 to 12. But for the Lions, it was a game that had a few points.

After blowing one chance to score following a Rankin fumble, the Lions, with Richard Vargas at quarterback, captured a second Rankin fumble and this time moved 34 yards for a score.

Two straight slices of 3 yards each by Vargas coupled with a play pass from Cooper to Maney, moved the ball to the Red Devils' eight from where the Lions captured a third down on an off play slice by Vargas.

The Lions, in addition to the scoring drive, moved to the 14, and the 21 in the first quarter only to see their drive bogged down.

Moe Barbee
District FFA president

Moe Barbee, son of Mr. and Mrs. Beall Barbee, is the 1963-64 President of the Concho District, Future Farmers of America. Moe succeeds Keith Mitchell of Ozona, who was last year's president.

Moe has exhibited his leadership ability by being Star Greenhand of Area II, and Star Chapter Farmer of the Concho District. This is his second year as vice president of the Ozona Chapter. He has also made a good record in local shows, various judging contests and other school activities.

REAR TIRE SHOT!
Movie Type High Speed
Highway Chase Results
In Arrest Of Youths

A movie-type high speed chase down the highway, a rear tire on the fleeing car punctured by gunshot from the officers' car, and its final overhauling by the officer took place a few miles west of Ozona Sunday and resulted in the arrest of two youths and a charge of automobile theft, plus a "resisting arrest" charge in case the officer should choose to file it.

The action got under way in Ozona when Deputy Sheriff Rex Fenton sought to overhual the pickup in which the two youths were riding after it left Ozona headed west. After talking with the pair briefly here, Deputy Fenton got suspicious and decided to stop them for further questioning.

The fleeing pair kept the officer behind them by pulling to the middle of the highway each time he would attempt to pull up beside the pickup. Finally, at Deputy Fenton's request, Tommy Loudamy, riding with him, fired at the rear tire with a shotgun and punctured the tire.

The flat tire, however, did not stop the pair. They continued the chase and the cat-mouse game for another three or four miles before the flat tire had frazzled almost to the metal rim, and the youths stopped.

Investigation revealed that the pickup had been stolen in San Angelo. The youths, both from out of state, will be turned over to San Angelo officers.

David Jacoby Reviews
Range Camp Activities

David Jacoby, Crockett county 4-H member, gave the program for the monthly 4-H club meeting, held at the high school on Monday night this week. David showed slides and told of activities at the state range camp at Junction this past summer attended by himself and other outstanding 4-H and FFA members from throughout the state.

Also on the program was an explanation of parliamentary procedure by Paul Perner and a talk by county agent Pete Jacoby on the meaning and purpose of 4-H club work.

Paul Perner, club president, presided at the meeting attended by about forty 4-H members, parents, adult leaders and guests.

David Jacoby gave his range camp program at the weekly meeting of the Ozona Lion's Club today, Thursday.

Lions Face Power Packed Eldorado In Last Road Game

First Of Season Favorites, Eagles Now See Tie at Best

By Ernie Boyd

The Ozona Lions will travel to Eldorado Friday night for their last road game of the 1963 season to face the powerful Eldorado Eagles.

The Eagles, who were favorites early in the season to win the district 8-A title, lost a surprise district opener to the Rankin Red Devils, and now will be faced with the job of winning their last two games from Ozona and Big Lake in order to get a tie — that is, if Big Lake topples the Red Devils Friday night, as they are favored to do.

After dropping their first district games the Eagles have thrashed the Sanderson brand of the bird and rattled Ivan last week 48 to 6.

The Lions, with a district win over Ivan, and losses to Big Lake and Rankin, appear to be in for one of their toughest nights of the season.

Eldorado had size, speed and experience returning in the Eagle lineup this year, with at least three of last year's all-district performers back for their senior year.

The Lions have been handicapped this year with lack of speed, experience and size, as well as an even greater lack of squad depth.

Last week in Rankin Coach Hickman started both freshman halfbacks, Darrel Maney and Randy Upham, and the Lion backfield had one of its best nights since early in the season with Richard Vargas running at fullback and Leroy Cooper at quarter.

Lryan Montgomery and Scott Mahon, both of whom have been alternately in the backfield and in the line, moved to end positions on offense and Mahon to safety on defense.

The Lions really were a little unlucky in not scoring more than they did in Rankin, and did a good job of containing the hard running Jerry McDonald throughout the game.

Only a small group of Ozona fans followed the Lions to Rankin and as a matter of fact there were not too many more Rankin fans on hand for the contest, and all those who stayed away missed one of the Lions' best efforts this season.

During most of the defensive action Friday night the Lions had two to three seniors in the lineup, while on offense the number was usually three, occasionally rising to four.

Electric Blanket And
Copper Frying Pan Are
Dollar Day Prizes Won

Ozona merchants participating in the monthly Dollars Days, doubled the odds last week in an effort to produce a winner in the Treasure Hunt numbers game with the circulars advertising the event.

And produce a winner they did — a couple of them.

Baker Jewelers posted a winning number and Mrs. Vic Montgomery brought in the matching circular to win a copper frying pan.

At White's Auto Store, Mrs. Ivy Smith matched the Treasure Hunt number and won an electric blanket.

Each participating store posted two possible prizes, with a number for each, but Mrs. Montgomery and Mrs. Smith were the only winners for the day.

'KEEP YOUR CHAMBER OF COMMERCE' — LEE WILSON
Former Ozona 'One-Man C of C 25 Years
Takes Pen In Hand To Extol Its Virtues
In Answer To Letter-Writer B. McDonald

Dear Evert:
I have waited one week to see if someone in Ozona would answer Bryan's letter to you which you printed on front page, October 24th, 1963. Since no one called his hand I am going to pitch in my two-bits worth.

First, I was surprised at Bryan's letter and attitude and second was also surprised that you would give the letter such prominence on your front page. Will you please print this letter anywhere in your paper.

Now I was fortunate enough to live in Ozona from 1918 to 1931 and again from 1937 to 1949 making a total of 25 years residence there. During those two sojourns I learned to love Ozona and the people that live there. The last time I spent quite a lot of time working with a few men and quite a lot more fine women that were public spirited and always willing to help any cause that was for the good of the town. In a small way we were sort of a Chamber of Commerce. As is always the case where you do not have a good live Chamber of Commerce with a good manager, a few faithful workers have to do all the "leg work" on all projects. Everyone contributes money but they do not want to work. We needed a Chamber of

Commerce then and you need one now.

Since leaving Ozona in 1949 it has been my good fortune to be associated with a live Chamber of Commerce in Harlingen, Texas, Port Isabel, Texas and here in Truth or Consequences, New Mexico. Served on committee in Harlingen and Port Isabel and have been on Board of Directors here in Truth or Consequences about 2 1/2 years and know what they do and can do in any town especially one of 5,000 population like we have here. Most every live wire town across the country of the size of Ozona have good Chambers of Commerce and most of them have a paid experienced manager. Your Chamber of Commerce can do so much that individuals just cannot do. Reading the Ozona Stockman I see that you have a fine bunch of young business men as your Board of Directors, a real good hard working man, Oscar Kost as your president and am sure you have good manager. There is nothing better that could have happened to Ozona. Do not let Bryan's "rocking chair philosophy" about Chamber of Commerce interfere with the operation and success of your local Chamber. No, no, don't you ever send your fine Cham-

Ozonans Confer With Governor On School Location

Air Force Radar Site To Be Offered For Special School

A group of Ozona boosters are in Austin this morning for a conference with Governor John Connally, set up following the recent trip to Austin by a committee from the Ozona Chamber of Commerce to confer with the State Highway Department and other state agencies relative to matters of importance to Ozona and Crockett County.

The Chamber of Commerce committee, composed of Lowell Littleton, Troy Williams and J. B. Miller, were to confer with the governor relative to possible use by the state of the abandoned Air Force radar station five miles east of Ozona for the special school for retarded children, which the legislature authorized to be built west of the 100th meridian.

The committee, while in Austin had asked for a conference with Governor Connally and were promised such an audience when the governor's time would permit. Early this week, C of C President Oscar Kost received a call from an aide to the governor advising that Governor Connally would see the Ozona delegation Thursday morning.

The Ozona committee presented the facts concerning the physical properties which may become available to the local community as soon as the government gets around to disposing of it, and otherwise outlined facilities available in the Ozona area for the state's consideration in setting up the proposed new school.

WHAT WILL BE LEFT?

There is one apparently popular myth that should be exploded once and for all. It is the belief that the enormous increase in federal spending in late years, and the enormous increase in the public debt that has resulted, are generally attributed to the needs of defense.

Listen to what Senator Byrd says: "In the 10 years since the end of the Korean War, we have had seven deficits; the federal debt has gone up nearly \$40 billion, and the annual cost of the Federal Government has been increased by approximately \$20 billion, or more than 25 per cent. Of the \$20 billion increase, \$17 billion has been for strictly domestic-civilian programs, projects and purposes, and interest."

And a very substantial number of these programs, with all their concurrent costs, have been of a Welfare State variety, based on the philosophy that the government should do just about everything for just about everybody.

What will the end be, if this philosophy continues to rule? Here is Senator Strom Thurmond's grim view: "If our government continues in the direction it is headed, we had all better enjoy our freedoms of today and all the extra spending possible, because there may not be much of either left over for the future, for us or our children."

Wayland College Choir To Present Program At First Baptist Church

The International Choir from Wayland Baptist College, Plainview, under the direction of William A. Vessels, will appear in concert at the First Baptist Church here Monday night November 11.

Representing some five states, the student musicians will present a program of sacred music. Members also come from Japan and Brazil.

Organized in 1948, the choral group has since toured much of the United States, singing before churches, schools and conventions, and appeared in Brazil and Mexico. Last year the group covered approximately 2000 miles during the annual spring concert tour which brought them before audiences as far away as New Orleans, La.

The group has been invited to sing before the Southern Baptist Convention in San Francisco, Calif., and St. Louis, Mo. In addition the student musicians frequently appear on television and radio, and have been heard around the world on the Baptist Hour, the official radio ministry of the Southern Baptist Convention. They have made two long playing recordings which have been sold commercially.

Highway Improvement Program Outlined At Parent-Teacher Meet

The South Elementary P. T. A. held its regular meeting at the school cafeteria Monday night and heard Troy Williams, Crockett County rancher and Ozona Chamber of Commerce worker, outline the proposed changes and improvements on highways now serving Crockett County.

President Johnny Ramirez presided at the meeting and the guest speaker was introduced by Frank Janes, principal of North Elementary.

About seventy members of the P. T. A. and guests were in attendance at the meeting and were served refreshments following the meeting.

Crockett Gets Location For Ellenburger Well; Tippett Field Extended

Crockett county gained location for a wildcat and another Crockett field gained a confirmation during the past week.

Charles F. Wilson, Midland, will drill an 8,000-foot Ellenburger wildcat in Crockett County, seven miles north of Ozona and 3½ miles south-southwest of the Ozona, North (Pennsylvania sand) field. It is the No. 1 Troy Williams.

Location is 660 feet from the south and east lines of 15-OP-GC&SF.

It is also two miles northwest of McAlister Fuel Co. No. 2 Harvick, a 9,160-foot failure, abandoned Nov. 23, 1959. It topped the Ellenburger at 8,393 feet on elevation of 2,595 feet.

Nearest Ellenburger production is five miles to the west in the Vaughn field.

The Tippett multipay oil and gas field of Crockett County gained its second lower Leonard oil producer and a ½-mile south-southeast extension to that pay with dual completion of Gulf Oil Corp. No. 1 J. H. Tippett, gas producer, 10 miles southeast of McCamey.

It was finished for 96 barrels of 44.2 gravity oil daily, plus 14.72 per cent water, with gas-oil ratio of 2.398-1. Production was through a 14-64-inch choke and perforations between 4,970-5,024 feet, which had been acidized with 1,000 gallons.

It was completed June 8, 1948, for a calculated, absolute open flow of 13 million cubic feet of gas per day through Wolfcamp perforations between 6,020-6,130 feet.

Location is 665 feet from the

Fall in love with your car again.

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

EDITORIAL

The annual achievement tests were taken in OHS during the first part of the week. Some of us probably "played around" and didn't try. We may ask, "What is the use of taking achievement tests? All we do is sit around a day and a half and mark answers. They'll never do us any good."

This kind of attitude won't get us anywhere! If all of us had this kind of an attitude where would this country be?

Do students who think this way hurt themselves or does it really matter how one does on an achievement test? This test may not do the student any "direct good," but it will help his teachers, his parents, and the student to understand the extent of his capabilities.

If a person plans to go to college, he needs to do his very best because this test usually predicts the student's college success. If a student scores high on an achievement test and then fails most of his classes, some may say, "He's lazy and doesn't want to try. We need those who are willing to work."

This test is a test of ability, not intelligence. The test assures a student of plenty of time to do his best.

Those of us in OHS who "horsed around" and did not try this year, will have another chance next year. We should take full advantage of it. It is for our good as well as our teachers!

TRICK OR TREAT

By Joel Huff

Halloween comes but once a year, and there is at least one local teacher that is very happy about the fact. Miss McKissack, high school teacher of Spanish and world history, found herself harassed all night long by hobgoblins and spooks.

Sitting quietly and concentrating on a game of solitaire, Miss McKissack was suddenly terrified by a bloodcurdling scream at her window. After collecting herself somewhat and beginning to pick up the cards and table that had been scattered over the room, she was interrupted by a knock on the door.

Upon answering the door Miss McKissack was confronted by a barrage of water balloons, soaking her to the skin. This relentless bombardment continued to pepper her house throughout the better part of the night.

Retreating back into the house and locking herself in, Miss McKissack gave a sigh of relief, thinking she was free from all attacks, but then she noticed sounds of scuffling feet on the roof. Determined to drive away the intruders, Miss McKissack appeared on the front porch. Moving like leaves caught in a hurricane, the students cleared the roof so fast that on being interviewed later, one boy reported that he could not remember leaving the housetop and landing on the ground.

Hearing no disturbance outside for some time, Miss McKissack felt sure that at last the assailants had been driven off. So retiring to a well deserved night's rest, or more precisely a morning's rest (for by this time it was well past midnight), she slept until time to get ready for school. Much to her anguish, however, Miss McKissack found that the attackers had been busy while she was asleep. A trash barrel full of rubbish blocked both the front and back entrances to her apartment, and after forcing her way by the barrel she discovered that her VW had been completely vandalized. All of the windows were covered with soap; tin cans of all sizes were tied to the car; and each door handle possessed a thick coat of syrup.

Receiving a ride to school from another teacher, Miss McKissack had but one comment the next morning — "If I could have been a witch for only a few minutes last night, there certainly would have been some toads at school today claiming they were students!"

SPORT COMMENTS

By Rick Hagelstein

Well, it's nearly time for another football season to come to a close. The Junior High and "B" teams finished their seasons last Thursday night in Big Lake. The varsity has only two games left, one in Eldorado and one here with Sanderson.

Many of the districts have already been decided or are in the process of being decided. Tomorrow night will be the big night for district 8A when Rankin and Big Lake clash. Also, the Southwest Conference will, more than likely, be decided Saturday with the meeting of Baylor and Texas.

Although the "B" team has closed its season, five of the "B" team starters will move up with the "A" squad for the remaining two weeks. These boys are Beto Ramos, Pon Seahorn, Tom DeHoyos, Sandy Stokes, and George Cox.

WAYLAND CHOIR TO PRESENT PROGRAM

The Wayland College Choir of Plainview will give the assembly, November 11th. The assembly will be at 2:00 Monday afternoon. This assembly will take the place of our regular one held on Wednesday.

Wonder who Steve Taliaferro was seen with Saturday night at the show? How about it, Steve?

It seems Nancy Deland had fun this week-end. Who came to see you?

Is it true that Miss McKissack has a new admirer? Could he have something to do with bulls??

Did Coach Cleere really get a new nickname Friday night? Some of the girls have been

wearing boots to school lately. Really girls, it hasn't started snowing yet!!

Wonder why the boys are going around walking in a funny way? Could it be because they have started basketball?

Does anyone know who left a certain bottle with a note in it on Mr. Moody's desk on Halloween night? The bottle was a little unusual!

Several of our Seniors are driving around in new cars. Could this be their "early" graduation presents?

What are these new "trinkets" that Dolores and Shirley are wearing? How about this, girls??

Our Seniors seem to be working even harder on their Senior trip. Wonder where they want to go??

The girl's basketball team is really working hard. Is it true they have "State '64" in mind?

Don't be frightened if a Junior asks you for some clothing. They aren't begging but are only gathering things for their "rummage-sale."

It seems that on Halloween night three coons decided they wanted to attend school! The skunks enjoyed sleeping in the buses. Now, OHS is amalgamated!

CLASS NEWS

Class meetings were held at OHS last week. The Seniors discussed "business" of the Basketball concession stand in 1963-64. They were also asked for suggestions on the destination of their Senior trip. The Seniors cannot extend their trip beyond the State of Texas.

The Juniors held discussions on their Rummage Sale which will be sometime in December.

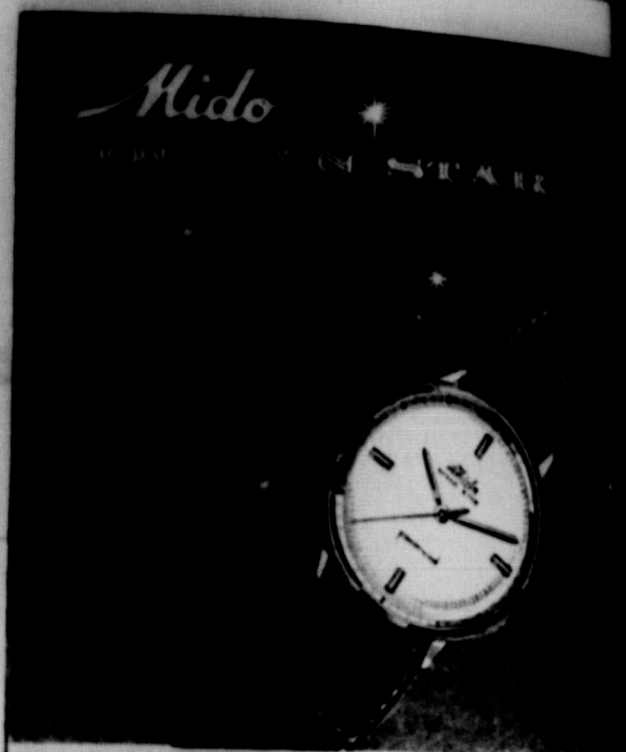

The Sophomores talked of ways in which to raise money for the Christmas dance. Plans were made and committees selected for the food and decorations for the dance.

Freshmen discussed their funds and ways of earning more. Also, they talked of the achievement tests held this week.

Comet Durability Run: toughest challenge of automotive stamina ever faced!

On Sept. 21, we set out to test the stamina and rugged construction of a specially equipped and prepared team of 1964 Comets at Daytona, Fla.

These Comets drove day and night for 100,000 miles. Average speed of the lead car—over 105 mph—includes time for refueling and maintenance.

During this challenging event, these Comets wrote the record book, set over 100 world records*. Many were once held by famous foreign cars.

WHAT THIS MEANS TO THE NEW-CAR BUYER. This ground-shaking Durability Run was the most rugged test ever faced by a new car. These Comets proved their stamina and durability beyond question. And the same skills and engineering excellence that made Comet's performance possible are yours in every '64 Comet. For this is a hot and hefty new kind of Comet—routinely styled, newly designed, newly engineered. It's bigger, bolder looking... with a solid, big-car ride. Try one—at your Mercury dealer's.

*Shall I force my child
to go to Sunday
School and Church?*

Yes, definitely!
Startled? Why? How do you answer Lucy when she comes to the breakfast table and announces, "I'm not going to school today?" You know, Lucy goes.

How do you answer when Lucy comes in besmudged with dirt and says, "I'm not going to take a bath!" You know, Lucy bathes.

How do you answer when Lucy, threatened with illness, says, "I'm not going to take that medicine!" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what Church she'll go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about "... too much religion when I was young . . . parents made me go?" This tale is obviously false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Lucy when she announces she doesn't like Sunday School and Church? That's easy. Be consistent.

By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess — Christian habits and ideals.

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

STUDENT COUNCIL MEMBERS TRAVEL TO McCAMEY

Six members of the OHS student Council attended the West Texas Forum of Student Councils last Saturday in McCamey. Attending were Joel Huff, Vicki Applewhite, Moe Barbee, Landa Leath, Ronnie Mason, and Lynn Cox. Mr. Pelt, sponsor of the Ozona student council, accompanied the group.

After registration and announcements, guest speaker Dr. Guy Newman, president of Howard Payne College, spoke to the Forum on "Democracy in Action."

The students then divided into groups to discuss problems of the attending councils. Joel Huff was appointed to report on the activity of one group discussing "What Prospects Should be Sponsored by the Student Council."

The Forum reconvened after to carry out their business meeting before dismissal.

Congressman ED FOREMAN Reports

It was 12:25 p. m., Tuesday, October 29, 1963 during a quorum call on the Floor of the U. S. House of Representatives. I was sitting in the second row visiting with two of my colleagues, Mr. Ben Reifel of South Dakota and Mr. Del Clawson of California, when suddenly Mr. Henry Gonzales of San Antonio, Texas rushed up to me and exclaimed, "I understand you called me a Communist!"

I replied, "No, Henry, I did not call you a Communist. I did say, however, that I believe your ultra-liberal, leftwing voting record does a disservice to the United States Constitution as it helps to bolster the Socialist-Communist cause."

Before I could finish my statement, Gonzales interrupted, "Well, I'm gonna beat the — out of you, in fact, I may just pistol whip you the way we do down in San Antonio."

"O. K." I said, "Get after it."

Gonzales, motioning toward the door into Speakers Lobby, said, "Step out that door and I will." I got up, walked to the door, and as I stepped off the the House Floor into the Lobby, Gonzales swung (at me) with his right fist. He missed my head and hit my right shoulder. He was furious, cursing loudly and acting like a vulgar, berserk madman.

I said, "Henry, you are unduly upset. I do believe you have lost your mind. In fact, I cannot imagine a supposedly intelligent adult exhibiting this type of conduct in the Halls of Congress — I ashamed for you!"

With this, I turned and walked back onto the House Floor. Gon-

zales was still standing in the Lobby with his fists doubled, shouting vulgar, uncomplimentary charges and insults.

Admittedly, it was difficult, indeed, for me to restrain myself and maintain dignity while subjected to this obscene and intemperate attack by Mr. Gonzales. However, I sincerely believe that most of my West Texas friends would have expected me to maintain my composure and uphold the dignity of my office rather than resorting to the savage and indecent action exhibited by the man from San Antonio. I hope and trust that upon reflection of this unfortunate incident, Mr. Gonzales will exhibit the intelligence not to attempt such an irresponsible tirade again.

The hundreds of telephone calls,

telegrams and letters from across the country complimenting me on the handling of this situation have been a source of encouragement and reassurance in the intelligence and concern of Americans everywhere — Democrats and Republicans alike! It was particularly reassuring to have my colleagues commend me in the House of Representatives for my restraint and actions during this incident.

SO MUCH TO BE THANKFUL FOR!

The usual hearty turkey dinner with friends and relatives is one of the traditions of Thanksgiving since the days of that first Pilgrim feast —

As we observe Thanksgiving this year, let's all be happy for the good things of life which we have in America today — many of them for which credit can be responsible. While we are being thankful for all of these good things of life — let each one resolve to keep our credit record in good standing so that we may always have this privilege of charging the things which we need and enjoy. Some people are always wondering why they are not accepted as a credit customers — It may be due to the

fact that they do not heed any "danger signals" — such as having delinquent accounts, not making their payments on time, letting their creditors "wait and wonder" why —

So don't be one of these chronic blunderers who never can understand Why? Don't blame the merchants for calling the Credit Bureau for a check on your record — neither blame the Credit Bureau for giving them the facts that they have in their files — Please remember that neither of these two are responsible — The Credit Bureau does Not Make your record — they merely Keep the record that you yourself have made.

BAPTIST WMU MEETS

The WMU of the First Baptist Church met Wednesday in the fellowship hall. Mrs. H. D. Vinson read the calendar of prayer, after which Mrs. George Glynn brought a short devotional.

In a business meeting, it was decided that the WMU and GA's be responsible for putting Sunday School lessons on the trays at the hospital each Sunday.

It was announced that Ginger Glynn has achieved the goal of queen in service in her GA work. The GA's will be hostesses to an associational meeting in Ozona on Saturday, Dec. 14.

Plans were started for the annual senior banquet, sponsored by the WMU.

Mrs. Bob Pitts dismissed the group with prayer. Coffee and cake were served to 21 members and one guest.

Study Of Christian Issues In Southern Asia Begun By WSCS

Under the leadership of Mrs. Victor I. Pierce, the Woman's Society of Christian Service, Wednesday commenced the study of "Christian Issues in Southern Asia," by P. D. Devanandan, a native of Madras, India, who was graduated from Madras University, took a bachelor degree in divinity from Berkeley, Calif., and a doctorate in Christian Theology from Yale.

Mrs. Pierce has just returned from a tour with a group representing The Christian Herald magazine as Good Will Ambassadors to Japan, Taiwan, Manila, Hong Kong and India, where they visited schools, colleges, orphanages and other religious institutions. Mrs. Pierce gave a review of the places she visited.

The devotional on "Spiritual Efficiency" was given by Mrs. Leonard Garrett, the Bible reading from Luke 12.

The worship scene, an oriental scene, with flowers and stature was arranged by Mrs. Bailey Post.

The study chairman is Mrs. L. B. Cox, Jr.

Mrs. Ewart White presided at the meeting. The general report as given to the Quarterly Conference was read by Mrs. Bill Cooper. Coffee hostess was Mrs. White.

Others attending were Mrs. J. A. Fussell, Mrs. S. M. Harvick, Mrs. Charles Williams, Sr., Mrs. J. S. Pierce, III, Mrs. J. W. Henderson, Mrs. Eugene Miller, Mrs. W. E. Friend, Jr., Mrs. R. A. Screwworm Danger Not Over; Stockmen Urged To Keep Watch

Mission — The worst of the fall screwworm season may be over, but the danger period is far from being past, officials of the Southwest Screwworm Eradication Program have warned.

The dry weather which has been plaguing much of Texas has helped keep native screwworm fly populations down, eradication workers said. However, infestations could appear in many areas of the state that are now screwworm-free, if considerable rain is received and cold weather doesn't help keep down fly migrations.

The number of infestations reported to eradication headquarters at Mission last week was less than half of what it was three weeks ago. Counties reporting the most cases are those that have had some rain in recent weeks, officials pointed out.

Eradication workers said nearly all of the cases are located in the southern parts of the state where screwworms have been known to be able to survive year-round. This makes it even more important that livestock producers take all precautionary steps to prevent additional cases from developing, they stated.

Measures recommended by eradication program experts that will aid in the battle to eliminate the screwworm from the Southwest include frequent inspection of livestock, treatment of wounds with smears and sprays and collection of samples from infested wounds so that positive identification of the insect can be made.

Sexually sterile screwworm flies are released near farms and ranches where screwworms are reported. The sterile males mate with native females, thus causing the eggs that are laid to be infertile and incapable of hatching.

Six Ozona Students Are Attending A&MU

College Station — Six Texas A&M University students are listed as residents of Crockett County, a newly-released report of Registrar H. L. Heaton indicates. Among the more than 8,100 Texas Aggies enrolled for the Fall Semester are residents of 244 counties of Texas, 44 other states plus the District of Columbia and 48 countries around the world. There are a record 356 foreign students enrolled.

The registrar's report lists the following students from Crockett county: Mark Riley Baggett, Penn Demere Baggett, Martin A. Castellanos, Cleophas R. Cooke, Jr., Pete William Jacoby, Jr., and Arthur C. Kyle.

Continental Oil Co. will drill the No. 1-8 J. M. Shannon, a 9,900-foot Ellenburger wildcat in Crockett County, 14.7 miles northeast of Iraan and 1/2-mile due north of its No. 1-1 Shannon, active wildcat, 1 3/4 miles southwest of the World, West (Strawn) field.

Location is 1,980 feet from the south and west lines of 8-2 GC&SF.

It is also one mile east-northeast of Cities Service Oil Co. No. 1-L Shannon, a 9,520-foot Ellenburger failure, abandoned May 13, 1958. It topped the Ellenburger at 9,400 feet on derrick floor elevation of 2,765 feet.

The No. 1-1 Shannon in 1-2 GC&SF, was bottomed at 8,622 feet, preparing to test, presumably drillstem test. The project, slated as a 9,000-foot wildcat is being drilled "tight" with only drilling depths being released.

NEW CHEVELLE! BY CHEVROLET
The kind of handling ease you'd expect in a smaller car. Come on down and drive it.
The kind of comfort you'd expect in a large interior. Come on down and sit in it.
Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.
Now—Chevy spirit in a new kind of car!
We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*! And if that makes you think this is one frisky car, you've got the right idea. You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park. With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps. And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too. Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price! Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

down. The Lions really missed their second best chance to rack up a tally when Richard Vargas tripped and fell after intercepting a pass in the clear about mid-field.

The Red Devils got things under way in the third period with the help of a Lion blunder. Facing a fourth and 3 situation in the Lions end of the field, the Red Devils found the Lion secondary had retreated to the goal line before they even went to huddle and seized on the opportunity to sweep left end for the needed yardage, and from there the rout was on.

Roy Winters, a 160-pound Rankin quarterback, broke the scoring ice for the Red Devils when he scored on an option play from the 6 yard line early in the third period and quickly pulled the same maneuver for 75 yards this time, and a score following Ozona's punt after the next possession.

A sixty-yard drive was capped in the fourth quarter by a one-yard plunge for a T. D. by McDonald and the Red Devils scored their last marker on a 55 yard pass from Winters to halfback Robert Brummitt, who took the ball in the flat, evaded his defender and raced into the end zone.

Following the final Red Devil marker, the Lions picked up their second score of the night with two

passes from Cooper to Mahon accounting for 35 and 4 yards and then a shot to Rick Hagelstein, who became an end on a tackle option play, for the score just before time ran out.

In contrast to some recent games, the Lions had 15 first downs and ran for 129 yards which added to 73 yards passing, gave the Lions 202 yards gained during the game.

The Red Devils, however, had a clear edge as they rushed for 301 yards, mostly in the second half, had 16 first downs and tacked on 55 yards passing on their only completion of the night.

Ozona intercepted two Rankin passes, completed 7 of 10 attempts themselves and allowed but one completion against themselves, even though it was a big one.

Guests of Mrs. Joe Pierce, Jr., the past week-end were Mr. and Mrs. J. E. Clement and son, John, of Bay City. Mrs. Clement and Mrs. Pierce are sisters. They were returning from Greeley, Colo., where they visited their daughter and sister, and her family.
