Ninth Annual FFA Livestock Show To Be Run Off Here Saturday

FFA Chapter hands will assemble some 138 lambs, 57 head of Angora goats and four calves for the opening of the ninth annual Ozona FFA Commercial Livestock Show to be staged Saturday, Jan. 11, in the Junior Livestock Show barn.

Judging will begin at 8 a. m. and will be complete by noon. A benefit barbecue dinner will be served at the barn and the afternoon will be devoted to an invitational livestock judging contest between area teams. Ozona FFA team will compete in the invitational meet.

The public is cordially invited to the show.

State March of Dimes Director Visits Ozona

Ronnie Zink of Abilene, state director of the March of Dimes, was in Ozona this week conferring with A. O. Fields, Crockett County MOD chairman, on plans for the 1964 fund campaign.

Besides polio care, which continues in spite of the fine results from vaccines, the National Foundation is emphasizing research and treatment of arthritis and birth defects.

"There are ten times more children victims of birth defects of various kinds than ever suffered prior in any epidemic year," Mr. Zink said.

A local March of Dimes campaign is being planned, Mr. Fields said.

Powerful Rocksprings Girl Cager Swamp OHS In 65-25 Point Parade

The Ozona High School girls basketball team entertained the powerful Rocksprings girls team in Ozona Monday night, dropping a 65 to 25 decision to what is probably the best girls team in the area.

Rocksprings recently won the Lakeview girls tournament, beating both Eldorado and Lakeview on the way to the title.

The defeat would have been considerably more decisive than it was had not Ozona controlled the ball a great part of the final quarter in order to slow down the scoring parade by the visitors.

Rocksprings kept its first six in the game all the way despite the one-sided score and started a half court press in the final two periods. Coach Ron Murdock, however, refused to cooperate with the point-happy visitors and stalled the ball in the backcourt from time to time, slowing the pace of the opposition point parade.

4-H Club Prepares For January Show; May Form Rifle Club

Crockett 4-H Club met Monday evening at the North Elementary School with 28 members and 11 adults present.

Paul Perner, president, presided. Pete Jacoby, County Agent, exhibited some past and future trophies, discussed showmanship, and preparation of animals for exhibit at the local show which will be held on Jan. 25.

The organization of a Rifle Club is under consideration. Members not having jackets and desiring same were requested to contact Mrs. Spot Farend.

LESLIE BRENT MOORE, JR.

Mr. and Mrs. Brent Moore of Austin are the parents of a son born Sunday in an Austin hospital. The baby has been named Leslie Brent Moore, Jr. He is the grandson of Mr. and Mrs. Buddy Moore and of Mr. and Mrs. Woody Mason, all of Ozona.

Construction of a long-needed civic center building for Ozona loomed a bit closer Monday when a citizens committee, composed of representatives from all civic organizations in the city, approved architect's tentative plans as suitable for Ozona's needs and planned early action toward bringing about a vote on a bond issue for its construction.

Working with the committee and preparing floor plans and perspective and rough estimates of costs, Jack McDermitt, San Angelo architect, presented floor plans

and landscape drawings, based on committee suggestions, at a second meeting of the committee Monday afternoon in the Chamber of Commerce building.

The plans were approved by the committee and the committee plans to meet next week with the Commissioners Court to discuss the proposed building project and to advise with members of the court on procedures relative to submitting the civic center to the people for approval of a bond issue for its construction.

A rough estimate of construction cost submitted by Mr. McDermitt placed the actual construction at around \$100,000, and committee members came to a tentative agreement to seek a bond issue of \$125,000 which they believe will be adequate to build the building, including heating and cooling, landscape its grounds and furnish the kitchen, stage, provide drapes and needed furnishings for maximum use by the public.

The citizens committee is composed of Mrs. Boyd Baker, president of the Ozona P. T. A., chairman; Mrs. Max Schneemann, president of the Ozona Garden Club; Mrs. O. D. West, president of Ozona Woman's Club; Mrs. Leonard Boyd, president of Ozona Woman's League; Mrs. Bill Clegg, president of the Woman's Forum; Mrs. Orla Pridemore, president of the Ozona Music Club; Joe Couch, president, and Mrs. R. A. Harrell, vice president, Crockett County Historical Society; Oscar Kost, president, and Evert White, member, Ozona Chamber of Commerce.

The proposed civic center building, where all kinds of public meetings, conventions, entertainments, club meetings, family gatherings or private parties might be held, is to be located on the sloping hillside at the southside of the new county memorial fair park, site for Ozona's community entertainments (the annual fair, livestock show and rodeos) since the earlier 1920's.

It will be of permanent type construction, or brick, tile and stone, will provide around 10,000 square feet of floor space, a large auditorium or convention hall, with stage and dressing rooms; a large and well equipped kitchen for serving banquets, parties and club meetings; two smaller party rooms, one of which may be divided into two rooms by a partition, where three meetings can be under way simultaneously; storage facilities, an entrance foyer, check room and office or ticket booth.

The facility, if approved by the people, will be under the direction and management of the county, with probably a board of directors to handle details of its management. A permanent employee responsible for maintenance and for cleaning up after use and managing details of its use by the public, will probably be sought. The building and its quarters will be open to the public under rules to be laid down by the board of directors and management personnel.

When discussions have been pursued further and full agreement on building details is reached, petition will be presented to the Commissioners Court asking for an election to decide on the issuance of the necessary bond for construction of the civic center. County officials have assured committee members that the issue can be floated with no increase in county taxes.

Reserves Pull Out Victory In Final Minute Cage Spurt

Ozona reserves came in late in the fourth period Tuesday night and built up a three-point lead to give the Lions a 34 to 31 win over the McCamey Badgers in a loosely played basketball game.

So close was the ball game that eighteen straight shots in the second and third periods either changed the lead or tied up the game as both teams lost the ball on a multitude of mistakes between each successful effort.

The Lions tallied but 6 points in the opening quarter and could have been far behind except for the Badgers' frequent fouling which resulted in a 10 to six lead for the visitors in the first period.

The Lions showed about their only sustained signs of life during the contest in the second period when they hit for 15 points mostly by co-captain Leroy Cooper to lead at the half 21 to 19.

The spirit of the second quarter seemed to have been lost at the half and the visitors took the lead (Continued on Last Page)

Teams Line Up For 33rd Annual Ozona Tournament

Big Lake Strong Favorite; Wall or ACCHS Consolation Pick

By Ernie Boyd

Fourteen teams will be on hand next weekend for the 33rd annual Ozona Invitational Basketball tournament slated to get under way at 1 p. m. Thursday afternoon.

The Big Lake Owls, winner of their own tourney last week, will be heavy favorites to cop the Ozona title. This in spite of the fact that in recent years the Owls have had some of the same difficulty in the Lion tournaments that the Lions have long experienced in the Owl tourney, that of playing sub-level basketball.

The Owls, even tough not too highly favored, lost to Miles last year in a fine ball game that was not particularly an upset since the Miles team distinguished itself last season.

This year, however, there does not appear to be a team, with the possible exception of Eldorado, who on a normal day might beat the Owls.

The opening afternoon and night card of play will find Wall and ACCHS starting action and the loser of this game could be a strong threat for the consolation title.

At 2:30 p. m. the Sanderson Eagles will meet the Christoval Hawks with the Ozona B and Miles team slated to begin at 4 p. m. (Continued on Last Page)

"It was a Highlight of My Life"

Hero of 1954 Flood Revisits Ozona

Quite by accident, Rae E. Richerson, now of Lompoc, Calif., became a hero to a lot of people of Ozona in the early morning hours of June 28, 1954.

That was when the raging flood waters of Johnson Draw swept over Ozona after torrential rains had water shed, triggered by the gulf storm, Alice, resulting in the death in Ozona, the destruction and damage of more than 300 Ozona homes and total property damage here and downstream of an estimated 12 million dollars.

Richerson revisited the scene of what he conservatively described as "a highlight of my life" Saturday night and Sunday and while he visited one of the families he rescued — Mrs. J. P. Pogue and her two children, Norris and Marjorie — Mr. Pogue was riding out the town atop the Ozona Oil Co. station across town).

Seeing a big inboard motorboat and his car, Richerson was on his way to California that night when he stopped here when the rain came so heavy that visibility was poor and he feared an accident with the towing boat. When he was unable to get a room in a motel when he reached Ozona at about 10 p. m., Richerson and his car and boat near the town park and sat in his car as the rain poured. He dropped off to sleep and was awakened someone pounding on his car and shining a flashlight. He was then Deputy Sheriff Bill-

RESCUED AND RESCUER — Margo Pogue was just 12 years old when Rae E. Richerson, just passing through with a powerful motorboat in tow, plucked her and her mother and brother from the raging flood waters of Johnson Draw the morning of June 28, 1954. Richerson, with Scott Hickman, Ozona teenager, riding in the bow, rescued more than a dozen Ozonans stranded on housetops and fence posts in the raging torrent. Visiting here Sunday for the first time since the flood, Richerson renewed some acquaintances, including the Pogue family. Pictured is Margo and Richerson in the Pogue living room.

Bill Mills, now sheriff, and Mills recalled, when Mills told him they wanted his boat.

"I told him it would be impossible, since it had no gasoline and all my things were in it, and besides how could we get it into the water since it weighed nearly a ton." (Continued on Last Page)

A PLACE FOR THE AX

The President is reportedly giving serious thought to placing before Congress a proposal aimed at terminating government programs that have outlived their usefulness. The proposal would amount to a budget control device which would subject government programs to intensive review by a commission once every five years.

According to newspaper reports: "In his budget message, President Johnson is expected to try to convince the economy-minded Congress that the price of needed new programs is the abandonment of outmoded ones." The President's idea is an excellent one and, hopefully, it will be carried into action.

One of the first programs which should be considered for abandonment is the Rural Electrification Administration.

REA was established during the thirties to bring electricity to our nation's farms. It has now fulfilled that purpose. Some 98 percent of the nation's farms thanks to REA and the investor-owned electric utility industry efforts now enjoy the blessings of electricity.

Still REA lingers on and is coming to Congress each year for increasing budget appropriations. This money is lent to rural electric co-ops who pay almost no taxes at all at two percent interest while the government pays four percent interest on money it borrows and is used primarily to allow these co-ops to compete unfairly with taxpayer-owned utilities.

Today, five of every six new customers of REA co-ops are non-farm consumers, and this year

REA is seeking a record \$425 million appropriation. Instead of granting this appropriation, why not have Congress take this money and put it to good use in the current battle against poverty within the nation?

REA has done its job. The co-ops by and large, can support themselves. Let's scrap REA and put the tax dollars now wasted in needless competition to work in a worthy cause.

Two Years of College for All of Public Expense, with travel and living allowances added for those away from home, is the latest crusade to be launched by the National Education Association (the teachers' union).

But why stop there? If Johnny can't read when he gets to college, two years won't help much. And besides, we mustn't discriminate. Some of our boys (and girls, too) are making Ph. D. Why shouldn't they all?

Oil Income Trest — Texas oil income will be drastically reduced unless the Federal Power Commission sets an adequate price for the Texas Gulf Coast and the Hugoton-Anadarko and the Texas Panhandle. Attorney General Carr contends that the state has filed a petition to increase in price hearings ordered by the FPC to determine reasonable prices for sale of natural gas in these areas.

Hay Filed — Carr has filed briefs requesting that the price of all gas in the Permian Basin area at 21 cents per cubic foot. The FPC staff sought a nine percent MCF rate for casinghead gas and 3.7 cents MCF for gas wellhead gas.

Attorney General noted in his report that Texas levied a 7 percent occupation tax based on the value of the gas at the wellhead to help support state government.

Also pointed out that the Utility of Texas system owns more than 4,700,000 acres of land in the Permian Basin area. Bonus and royalty income from these areas goes to the permanent fund for Texas education. More than 18,000,000 acres of state land are involved in the Gulf Coast area.

Program "Ineffective" — Carr pointed out structural deficiencies in the history oil import program and rendered it "both ineffective and politically inappropriate," according to a Texas representative at the Sixth World Petroleum Conference.

W. O. MILLS Conservation Contractor 392-2511
 CEDAR PUSHING \$4.00 — \$6.00 per acre
 MESQUITE DOZING \$3.00 — \$5.00 per acre
 MIXED BRUSH \$8.00 — \$10.00 acre
 CHAINING \$2.00 per acre
 TANK CLEANING ROAD BUILDING RIGHT-OF-WAY \$10.00 per hour

Sen. Charles Herring of Austin so concluded in his report to Gov. John Connally.

The time has arrived, Herring stated, "for a comprehensive review of the program, leading toward the evolving of a whole new approach."

The Senator found "evidence of a serious monopoly trend within the petroleum industry" and no basis for assuming that corrective forces "will emerge from within the industry itself."

Herring said Texas is suffering "grave economic damage" from its attempts to balance supply with effective demand and to "serve as a balance wheel to world oversupply."

Hay Freight Hike Sought — Although the hay shortage has shoved prices up to double the normal, hard-pressed Texas ranchers and dairymen may have another cost increase in sight.

Railroad Commission already has been asked by the Livestock Carriers Association of Texas to increase truck freight rates on hay and cottonseed hulls.

A hearing on the application has been set by the Commission's rate division for January 20. In some cases this would mean a rate increase of more than 100 per cent.

Rain-Making — John Carr, hydrologist for the Texas Water Commission, has been making local talks on what other states have done about legislation on rain-making.

A major in the Air Force Weather Service, Carr has been gathering information on rain-making and hurricane-breaking as it applies to the Texas climate.

State School Meeting Set — Board for State Hospitals and Special School's Site Selections Committee will meet January 13 to discuss site proposals for locating a newly authorized West Texas School for the mentally-retarded. The school, to be located somewhere "West of the 100th Meridian" has been offered a "home" by many West Texas communities, including Ozona, El Paso, Lubbock, Plainview and others. All the cities are involved in ardent community campaigns for the industrial stimulation brought about by such an institution.

Arbor Day Set — Governor Connally has proclaimed January 17 as Arbor Day in Texas. In a special observance, the Texas Forestry Association will plant several pecan seedlings on the Capitol grounds.

The pecan is the State Tree of Texas.

Leon and Leroy Drago were home over the holidays.

through an 11-64-inch choke and for 262 barrels of 45.8 gravity oil, through an 11-64-inch choke and perforations between 8,582-577

Eastland Drilling Co., Odessa, No. 1 J. S. Todd, in 4-YZ-EL&RR, re-entered shallow wildcat failure, 20 miles northwest of Ozona recovered oil on one test in the Strawn and oil and salt water on another.

Recovery was one pint of oil and 170 feet of slightly oil-cut mud on a two-hour drillstem test between 7,058-80 feet.

Recovery was 240 feet of mud-cut oil, estimated to be 95 per cent oil; 630 feet of heavily oil and gas-cut mud, estimated to be 50 per cent oil, and 480 feet of salt water on a two-hour test between 7,058-7,120 feet. Gas surfaced in 10 minutes, rated at 50,000 cubic feet daily.

The project was bottomed at 7,120 feet, waiting on orders. Originally drilled by the same operator to 2,078 feet, it was plugged July 26, 1963.

The Tippett multipay field gained its second lower Leonard producer and a 1,693-foot, east-south-east extension to that pay with re-completion of Gulf Oil Corp. No. 1 J. B. Mayberry, 10 1/2 miles southeast of McCamey, for a daily pumping potential of 24.55 barrels of 40.2 gravity oil, with gas-oil ratio of 1,792-1. Gas volume was a the daily rate of 44,000 cubic feet.

Production was through perforations between 5,077-177 feet, which had been fractured with 15,000 gallons and acidized with 1,500 gallons.

Original completion was from the field pay Wolfcamp, in 1947.

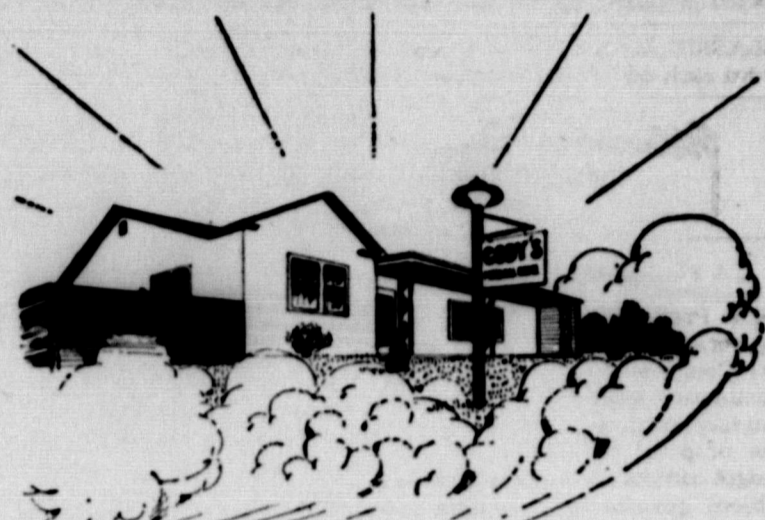

Location is 330 feet from the northeast and southeast lines of 39-31-H&TC.

The discovery, the firm's No. 2 Mayberry, was finished Jan. 9, 1963 for 188 barrels of 38.6 gravity oil through a 24-64-inch choke and

perforations between 5,067-005 feet.

Humble Oil & Refining Co., was waiting on cement after setting 2 3/4-inch casing at 8,626 feet from completion attempt in the Strawn at the No. 1-CV State University, in 19-33-University, Wildcat, 21 miles west-southwest of Ozona and three miles south-southeast of the one-well Howard's Creek (Canyon sand gas) field.

Drilling to 10,235 feet, it was plugged back to 8,654 feet. Tests between 9,681-10,036 feet recovered only mud.

who's doing the dishes tonight?

That's a silly question. I take it for granted you are, mom. Do you know that it's been proven the average woman puts in over sixty 8-hour working days per year in hand-washing dishes? ... time that you can put to far better use.

An automatic dishwasher is the answer to your dishwashing chore. It will save you more than half of your after-meal cleanup time, and keep the kitchen neat and clean after between meal snacks. As sure as I'm Reddy Kilowatt, you'll have to admit that continuing to do the dishes by hand is about as pointless as laundering the clothes by hand.

Stop in or call your local appliance dealer.

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you — on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines — all the way up to a twin-carb high-compression 425-hp V8 — and four transmissions, including a finely honed 4-speed stick shift.

And underlying it all — a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.

Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them.

And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet. *Optional at extra cost*

In contrast to previous years, the Lion's Roar Staff will be composed entirely of volunteer members. This is in view of the fact that there is no journalism department in OHS this year.

EDITORIAL

By Joel Bluff

As mid-term exams approach, we realize how quickly time passes. It seems only yesterday that we began a new school year at OHS.

Probably the great majority of us began this school year with a determination to study hard and make good grades. With half of the year practically gone, we can compare our academic progress to the goal we set earlier. Some of us will find ourselves greatly lacking.

Mid-term exams provide an opportunity to re-evaluate ourselves somewhat. Do many of the grades on these exams will determine whether they will pass or fail a course.

Unfortunately most of those who have lagged behind thus far will not study now. However, only we as individuals can answer this question of whether we will take advantage of the opportunities afforded us, or pass them by need to be reclaimed.

OFFICER CANDIDATES FOR STUDENT COUNCIL PICKED

Candidates for Student Council

officers were selected last Monday during a meeting of the Student Council.

Nominees for the office of president are Rick Hagelstein and Joel Bluff. Selected as candidates for vice president are Mike Barber and Ronnie Mason. Chosen to run for secretary-treasurer are Vicki Applewhite and Lynn Cox.

Campaign speeches of these candidates are scheduled for Wednesday, January 23 with the voting taking Thursday.

The following Wednesday Eighth Grade, Freshman, Sophomore, and Junior classes will nominate candidates for class representatives. Their campaign speeches are scheduled for February 3, with the voting taking place the next day.

Candidates for officers are selected by the Council and are voted on by the entire school. Nominees for representatives are selected by respective classes and are elected by the student body, also.

NEW YEAR'S RESOLUTIONS

By Lucille Childress

Bill Groves: To have as many kisses as possible.

Bob A. Be good for a while in 8th period.

Edith: To get home on time. Pat S. Try not to work as hard. David L. Bring my algebra average up to 81.

Drake McKinney: to quit picking on Tommy Franklin.

Dorothy K. Promise never to wear my cowboy boots again to school.

Mike W. To go see my man and son.

Jack A. To pass algebra.

Other resolutions were in a line such as trying to stay out of trouble, try to stay home at least once a week, to stamp out Elephant jokes, trying to be nice to their cars or perhaps just to grow up or be sweeter.

Two persons asked this question refused to answer on the grounds that they would then have to live up to them!

RUMMAGE SALE

The Junior class will sponsor a Rummage Sale Saturday in the building next to Meisner's Grocery Store. The sale will begin at 8:00 a. m. and will last throughout the day. The class has a large variety of "things" and is sure you will find everything you need.

If you have rummage you would like to donate please call Mr. Leath at 282-2066 or contact any Junior, and they would be glad to pick it up.

SEMESTER EXAMS TO BE HELD NEXT WEEK

Final exams will be held in OHS next week. The schedule is:

Tuesday, 8th period from 12-45-2:15.

Wednesday: 2nd period from 8:30-9:45; 4th period from 10:00-11:20; 5th period from 12-45-2:15.

Thursday: 1st period from 8:10-9:45; 2nd period from 10:00-11:30; 7th period from 12-45-2:15.

Students have been requested not to come to school unless they have a test. There will be short breaks between each test.

NEXT THURSDAY MARKS START OF OZONA TOURNEY

One o'clock next Thurs. marks the beginning of the 33rd Ozona Invitational Basketball Tournament. This year 14 teams will vie for the first place trophy.

These teams include Big Lake, Sonora, Ozona 'B' team, Miles, Eldorado, Rockspings, Iraan, Wall, Kinzie, ACHS, Christoval, Sanderson, Mertzon and the Ozona 'A' team. Big Lake will be favored as tourney champs, but competition should come from Eldorado, ACHS and of course, Ozona.

The tourney will last Thursday, Friday, and Saturday, with the game for consolation being played at 4:00 Friday, third place at 7:30 and the championship game to be played at 9:00.

Of previous visitors, many feel that the Ozona Tournament, although not the biggest, is the best in West Texas.

NEW STUDENTS IN OHS

Two new students have arrived in OHS during the past few days. Mrs. Neva Ramsey comes to us from Farmington, New Mexico, and she is a Junior. Robert Serris, who comes from Crystal City, is a Freshman.

ALL-REGIONAL BAND TRYOUTS

This coming Saturday, January 11, in Abilene will be the time and place for the all-regional Band tryouts. The two who will be representing Ozona are Doye Lovell and Shirley Wagner.

SCHOLARSHIP TEST GIVEN AT OZONA HIGH SCHOOL

The National Merit Scholarship Qualifying Test will be given in Ozona, March 14. This test is for all Juniors that want to take it. It is given for the purpose of winning a four year scholarship, but it also shows what a student is strongest and weakest in.

The test is 2 hours and 50 minutes long. It covers the following topics, English, Mathematics, social studies, natural science, and word usage.

Last year the cutting off point, to go to the semi-finals, was 143. Keith Mitchell scored 142 and Andie Elliott scored 137.

The price for this test is \$1.00.

SENIORS TO TAKE ENTRANCE EXAM

The A. C. T. Test, which is one of two tests required to take before entering college, will be given to all Seniors, who wish to take it February 15 at 8:00 in the Library. The fee is \$4.00 and is to be sent to Waco, Texas.

Some of the colleges requiring the A. C. T. tests are A. C. C., Baylor, East Texas, Hardin-Simmons, McMurry, North Texas, San Angelo, and Sul Ross.

ACTORS START PRACTICE

The cast of "Men are Like Street Cars" began practice Monday. The play, directed by Mr. Leath, will be given later on in the year.

GOSSIP

Seems like some of the Junior

girls had quite a bit of excitement New Years Eve.

What Senior boy keeps getting mysterious notes?

Wonder why Brenda went to Mississippi over the holidays?

What kind of affairs are taking place behind Mr. Moody's door?

I hear the Student Council might get a Victory Bell for OHS.

LATE LETTER TO SANTA

By Suzanne Lewis

Oh Mr. Wilson who lives next door says I won't get presents from you anywonder. Just a stocking of switches an' all that stuff. An' he says you won't bring nothin' for Buff!

Santy Claus, I been tryin' awful hard. I even sent Margaret a Christmas card. But, Santy, I know you'll stop at our chumblery here. Cause I put Mr. Wilson's flowers on the roof for your reindeer.

Dennis Mitchell
Yours Truly.

STUDENT COUNCIL TO SPONSOR TWIRP DANCE

The Student Council will sponsor another Twirp Dance February 21 in the North Elementary Auditorium. The rules will be the same as the last dance, except that it will be a Twirp Night dance. Twirp Week. If this dance is successful we may have it throughout the year.

THE "IMPORTANT EVENT" OF THE COMING WEEK

By Richard Ross

The end of next week will see the beginning of the large basketball tournament which will be held in the gymnasium of the High School. Certainly one of the best of the benefits of the school from the feminine standpoint will be the many non-local girls who will visit Ozona.

The girls, who seem anxious to work at the moment stand about this time of the year. (Continued on Page 10)

THE NEW YEAR

The Christmas tree is stripped of its bangles and glitter—
 Been thrown out — and there it lies —
 The Yuletide wrappings so gay and colorful
 No longer hold a surprise.

The Christmas season is past for another year —
 The New Year has just begun —
 When we reflect over the year that is past and gone —
 What have we accomplished — what have we done?

Do we really appreciate the privileges we have —
 Of living in this land of the free?
 Do we consider the confidence our merchants have
 shown
 By extending credit to you and to me?

Let's keep this wonderful American way of life —
 By striving to do our best —
 To buy wisely — pay promptly by the 10th of the month —
 That's something we'll never regret.

So may the New Year bring blessings and bright opportunities
 To each as you work in your place —
 Whether at home, the store, the shop or the office —
 For these are God-given things by His grace.

NOTHING IS IMPOSSIBLE

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Never has the future seemed more exciting . . . or more disturbing! Today we dream of flights to far stars; about intelligent life on other planets. We look at our own earth with clear eyes, and discuss the possibility of world brotherhood, world government, world peace.

Are these things going to happen? We don't know. But we do know that nothing is impossible.

In fact, Jesus tells us that all things are possible with God. He wants us to understand that God is infinite power, as well as infinite love. The foolishness of men cannot affect God's plans for the universe, or His love for each one of us.

Faith is what we need . . . faith in the certainties upon which the Christian Church is founded. When we put our lives in God's hands, there is no need to view the future with doubt or dread. All will be well.

ways manage to cleverly sandwich in their visits with these weary players while on duty there.

These out-of-town boys seem to have some special charm. Despite the fact that they are without a car, they are still the preference of many Ozona girls. This situation can be described quite vividly by some Ozona basketball boys who affect disgust when their girlfriends find new heroes immediately following an important game.

When these newly found boy friends return home, the girls can only look forward to other games, but some of the local boys' attitude may vary as they realize that the term "basketball rival" may have a double meaning.

HOUSING ASKED

The Ozona Basketball Tournament will begin January 16. Those interested in housing boys for the rights of January 16 and 17 are asked to notify Miss North at 392-2433 or any of the cheerleaders. They are Vicki Applewhite at 392-2782, Carmen Childress at 392-3172, Janie Gilliam at 392-2147, Vicki Montgomery at 392-3153, and Lynn Cox at 392-3001. Those keeping boys are under no obligation to feed them.

FARMERS' FILING REQUIREMENTS

Farmers earning at least two-thirds of their 1963 gross income from agriculture should file their estimated 1963 Federal income tax returns, Forms 1040-ES, on or before Wednesday, January 15, 1964, according to Ellis Campbell, Jr., District Director of Internal Revenue in Dallas. However, such estimate need not be filed if the farmer files his final return on Form 1040 and pays in full any tax due by February 17, 1964.

"Farmer's Tax Guide," which furnishes more detailed information on this subject, is available upon request from the Internal

Revenue Service.

and Qualify yourself to vote in 1964. Since state voters rejected the proposed amendment that would have abolished the poll tax, you will need a valid poll tax receipt next year to vote in the Democratic or Republican primaries, elections for school trustees or a ny special elections that might be called. People over 60 years of age in this county do not have to have an exemption; 21-year-olds can get their exemption now or in anticipation they will be 21. They must have the exemption 30 days before any election they wish to vote in. Deadline for paying your poll tax is January 31, 1964.

"We've got gasoline and we've 15 men up here at the fire station who'll carry it to the water," Mills replied.

And so began a weird adventure for a passing traveler who was plunged into the vortex of one of the greatest disasters of West Texas history.

The boat was a powerful inboard motor of 325 horsepower, but even with such power it was difficult to hold the boat against the current — Richerson estimated the current at 25 to 30 miles per hour.

With Scott Hickman, teenage son of Rev and Mrs. Troy Hickman, in the bow, Richerson and his boat and young Hickman pulled several men, women and children from the flood waters saving their lives in many instances, and in all cases rescuing them from the terror of uncontrolled flood waters in the black of night.

Richerson remembered the Pogue family "because she had such a fine sense of humor in the face of all that was happening" and he remembered the harrowing rescue of a woman and a small baby who were clinging to a fence post.

The first time around, they got the baby and the next time, pushing the boat upstream, Richerson stalled the vessel momentarily and called to the woman to jump. But so gripped with terror was she that she froze to the fence post.

"The next time around — we

had to go around the block to get back — I shoved the boat into the current with the bow as close to her as possible. I could only hold it a few seconds against the current and I yelled to her to jump. This time she did and we got her into the boat. That lady would surely have drowned, I believe."

Richerson was graduated in 1952 from the U. S. Naval Academy at Annapolis. He did not get a commission in the Navy, however, because of a back condition that had developed and returned for a year's study at the University of Texas in Austin. He is now employed, he said, with Lockheed Aircraft Corp., and lives at 1300 E. Cypress, in Lompo, Calif.

"I just wanted to come back to see Ozona after the flood. Do you know, the people here sent me a check for \$325 to cover the damage to my boat. It was considerably damaged by being slammed around by the flood water and we ground the propeller completely off. Every time we landed people the prop ground into the pavement."

The Stockman carried a picture of Richerson's boat where it finally came to rest in the middle of the street on Avenue E just north of the high school.

Tournament —

(Continued from Page One)

In the first night session beginning at 8 p. m., Irasn will meet Mozelle, at 7:30 Sonora will meet Big Lake, and at 9 p. m. the Lions will meet Mertzon.

School will be dismissed Friday as the tourney gets up full steam with three sessions, morning, afternoon and night with the finals and semi-finals slated to take place Saturday.

One expected improvement for those attending the tournament this year will be the enlarged parking area adjacent to the Davidson Gym.

Tickets for the entire tourney will be on sale at the Administration building this week and at the gate for the first two sessions of the tournament.

Coch Brooks Dozier is tournament director and Miss Mildred North and a group of student helpers are in charge of housing and assignment.

midway of the third period, and at one point went three points up before the Lions came back to tie up the score.

With three minutes left, Coach Dozier decided he had seen enough of his regulars and sent in five new faces, who, though they made only three points, managed to blank the visitors and win the game. Dude Melton's free throw gave the Lions the lead and with 59 seconds to go Richard Vargas hit a long set shot to clinch the contest.

The McCamey B team had too much savvy for the Lion reserves as they won rather handily 47 to 36, and the Ozona freshmen did not find the McCamey fresh much competition, swamping the Badger first year crew 47 to 26.

Big Lake Wins Own Tourney; Ozona Won 1 Lost 1 And Were Out

The Reagan County Owls displayed some stellar basketball Saturday night as they whipped the Crane Cranes 64 to 44 to capture the championship of their own tournament.

The Owls, led by the brilliant shooting and rebounding of Alton Wilburn, chosen the tourney's most outstanding player, the Owls turned what had been a very close game through three quarters into a rout.

Crane is the only team to post a win over the Owls this season, and with a big, fine looking squad of boys, put up a game battle until the final period when Wilburn and Johnny Howard, another fine ball player, put the game away with a dazzling display of shooting from all angles and distances.

The Ozona Lions won their first encounter in the big 24 team meet by downing a good Garden City five 50 to 39. The Lions led all the way, but after taking a rather

commanding 23 to 11 lead at half, relaxed and the Garden City crew pulled up to within six points in the last quarter to win 39 to 39.

David Childress led the attack with 14 points followed by Leroy Cooper with 10 and Mahon and Rodney Stewart with 8 each.

Mahon was injured in the second period and was lost to the team for at least a week.

On Friday night the Lions won on the hot-shooting Colorado team and dropped a 75 to 55 decision to the taller and more accurate Wolves.

Colorado City had three break into double figures as G. rettet led the attack with 24. Kay had 21 and Fox picked up 20.

The Lions were not left out of the cold even though they did not match the Wolves. Leroy Cooper hit for 19, Rodney Stewart had 16 and David Childress had 14.

The win and the loss left the Lions with a record of 8 wins and three losses thus far this year.
