Congressman ED FOREMAN Reports

One hundred and eighty seven years ago, George Washington issued his famous order, "Put only Americans on guard tonight." It was during one of the most crucial stages of the Revolutionary War. His Army was in a critical situation, surrounded by the enemy and in danger of being destroyed.

Washington's ragged militia was composed of two distinct elements; One, a hard core of citizen-soldiers fighting for their homes, their freedom and their families; the other, foreign volunteer groups whose reasons for enlisting were less fundamental, less deeply rooted in a desire for independence from Great Britain.

In this moment of utmost danger, General Washington felt that only soldiers he could trust completely and without reservation were Americans. The farmers and small shopkeepers and craftsmen that made up this part of his Army might not know as much about military techniques — might not be able to shoot quite as straight as the foreign regulars; but they had the most at stake, the most to lose! They were thinking straighter.

Today is America's time of greatest crisis since Pearl Harbor. Wanted, and so very desperately needed in America today, stout-hearted men and women who are not ashamed of America, our flag and our heritage. Wanted, Americans who know, understand and appreciate freedom. Yes, never before in history has that famous order been needed to be enforced so much as it is today, put only Americans on guard tonight.

People over 60 years of age in this county do not have to have an exemption; 21-year-olds can get their exemption now or in anticipation they will be 21. They must have the exemption 30 days before any election they wish to vote in. Deadline for paying your poll tax is January 31, 1964.

THERE IT GOES WINNING MORE HEARTS AGAIN!

Every time a Cadillac goes by, it seems someone falls in love with it.

Last year, for instance, more people moved up to Cadillac than ever before in history. And the way 1964 is starting off, Cadillac is going to attract more owners than even its beguiling predecessor. Why? We think the answer is easy.

Each year Cadillac simply lengthens its margin of product leadership—by introducing advancements and improvements that are entirely its own.

In 1964, for example, we've combined the heater and air conditioner in a single unit—with a single control. You set the thermostat at your favorite temperature just like you do at home—and the interior of the car holds it winter and summer. We call it Comfort Control®.

Then there's Cadillac's new Twilight Sentinel®. When it's time to turn on the lights, they switch on automatically . . . and then turn off when sufficient daylight returns. And in the evening, the headlights can be set to light your path from car to doorway and then turn off automatically after you have entered the house.

There's a lot more about the 1964 Cadillac just as new and just as exciting. Take performance, for example.

There's the exciting new 360 h.p. engine—the most powerful in Cadillac history—combined with the smoothness of an improved Hydra-Matic or the completely new Turbo Hydra-Matic transmission.

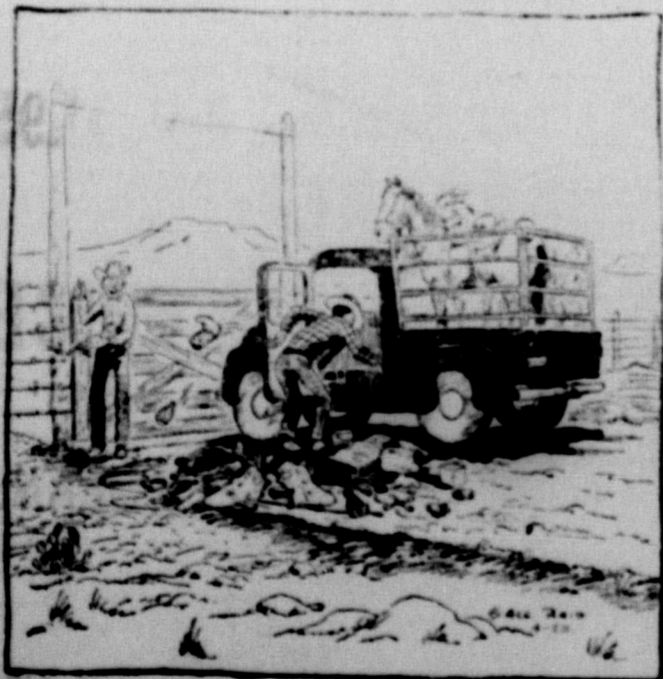

Give in to your heart and get behind the wheel. Let your authorized Cadillac dealer introduce you to America's most desired motor car.

HEY!

MY PICTURE'S IN THE PAPER

Sure it is! And you're looking at it right now.

Most people get their pictures in the paper because they've done something. But not I!

I haven't done anything. Not yet, that is . . .

But one of these days I'm going to do lots of things. Big things. Great things. Why, I might even be President of the United States some day.

Want to know why my picture's in the paper?

Because I'm one of millions of youngsters who needs to grow up with faith, fortitude, character.

And we boys and girls want you to come to Church next Sunday — and to bring us with you.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tournament —

(Continued from Page One)

In the top bracket it would appear that Ozona fans will get to see a re-match of the Big Lake Eldorado game on Saturday afternoon if both teams play up to their ability and neither meets upset.

Coach Brooks Dozier, who is a tourney director, will likely start at forwards, David Childress, the post and co-captains Leroy Cooper and Rodney Stewart at guards.

The Lions do not have a single six footer but for the most part have gotten good team play and considerable scoring punch from four of the starters as well as some much needed points from the fifth man at times.

FOR SALE — Bel-Air Chevrolet. Excellent condition. Air conditioning, power brakes, steering, automatic transmission. Ray Gorman.
