Mitchell, Outstanding In FFA — WINS EUROPEAN TOUR

Keith Mitchell, Jr., senior at Ozona High School, has been chosen member of a delegation of Future Farmers of America on a twenty-one day mission throughout Western Europe with Leichen, Vocational Instructor of Raymond-

Keith Mitchell

delegation will depart on June 12, 1964, scheduled to take part in visitations with their counterparts, as well as in numerous meetings with United States foreign government representatives.

The mission will take the Future Farmers to Scotland, France, Belgium, Austria, Hungary, Berlin, West Germany, and Italy.

The delegation in the Texas People's Republic is limited to one person and personal invitation. The entire Goodwill Mission was arranged and designed by the United States Cultural Exchange Program and the People Program.

is to promote understanding and goodwill, both for the people and the government, to tell the story during face to face meetings and to improve feelings toward the people.

of Mr. and Mrs. G. Ozona, Terrell county, has achieved one outstanding record in vocational agriculture history of the local district under the guidance of V. A. instructor here.

has served as Concho District and is currently Area II president. Area II encompasses 30 schools in a territory extending to El Paso on the west to Seminole and A-

highest award in FFA possible in Texas, the State Farmer award. Only 2 percent of FFA membership may attain this honor. Also last year he was state winner of the Texas Sheep & Goat Raisers Assn. Wool & Mohair Award, this award entitling him to an expense-paid trip to the FFA National Convention held in Kansas City last October.

Young Mitchell has won the district public speaking contest for the past three years and last year won second in Area II. He has been in FFA work throughout the four years of his high school career here and has an outstanding local record in judging, livestock work and FFA leadership. He has a fine scholastic record in school and last year was chosen for a scholarship in physics for special summer training at A&M College.

PARTNERSHIP TOURNAMENT AT COUNTRY CLUB SUN.

A best-ball partnership tournament for men and women will be held at the Ozona Country Club Sunday afternoon, March 1.

Tea off time is 1 p. m. Flights will be made up of one woman and three men to each foursome.

Jackie Neal, Native — Two Ozona Boys Meet In Roanoke, Bookshop

Two "old Ozona boys" recently met up in Roanoke, Virginia. They were Allan R. Bosworth, author of "New Country", a story of his family's wanderings through this part of Texas, and his latest, "Ozona Country", a story of early Ozona, — and Jackie Neal, a native Ozonan.

Bosworth and Neal met in a Roanoke store where Author Bosworth was autographing copies of his "Ozona Country" for customers and friends.

"I was born in Ozona", Jackie Neal said as he pushed his copy toward Bosworth for his signature.

After recovering from his shock, Bosworth asked questions. Jackie Neal was born in Ozona in 1926, he learned, the son of Mr. and Mrs. Roy Neal. He is a nephew of the late "Boss" Neal, well known Barnhart truck operator of a few years back.

Jackie now works for the Internal Revenue Service in Roanoke, said an account of the meeting of the two Ozona boys in the Roanoke Times.

Moisture Tempers Weather's Wallops

A little good with the bad was delivered during the past week by the weather man.

Some moisture accompanied the weather gyrations of the past week-end, the net total in two separate disturbances being 68 of an inch.

Part of the moisture was delivered in the form of rain, sleet and snow in a half day of severe cold, but the front passed and the skies cleared. A fall of .48 was registered in a comparatively warm rain Friday, with another light fall Monday night, delivering .2 of an inch.

Mohair Producers Seek Fund For Miss Mohair Promotion

A campaign to promote mohair through the Miss Mohair program has been launched in this area, according to Corky Schweining of Sonora, mohair promotion chairman for Crockett, Sutton, and Schleicher counties.

Committees from the Texas Sheep and Goat Raisers Assn. will be mailing letters within the next few days to individual producers and firms interested in the mohair industry asking for contributions to Miss Mohair promotion fund.

This method of building a fund is being undertaken in an effort to eliminate the necessity for candidates for the title of Miss Mohair to sell votes to raise the necessary funds.

Contributions of \$10 or more (about a year's proceeds from one goat) will be sought from individual producers and friends of the industry. Those who wish to contribute to the fund are asked to send check to Corky Schweining, Box 762, Sonora, Texas.

Club Women Attend San Angelo Institute

Six Ozona club women attended the Heart of Texas District Institute held in San Angelo at the Massie Club House Tuesday, as guests of the City Federation of Women's Clubs in San Angelo.

The district President, Mrs. A. G. Lee of DeLeon, presided. Guest speaker was Mrs. J. C. Sturges of San Angelo, member of the State Board of Literacy, who spoke on "Knowing Our Literacy Problems".

Members of the Philia Junior Woman's Club of San Angelo gave a panel on program planning. A leadership panel featured the afternoon session.

Seventy-eight club women from Cisco to Ozona were in attendance. Representing the Ozona Woman's Club were Mrs. Charles Williams, Sr., Mrs. Frank Johnson, Mrs. Taylor Word, Mrs. O. D. West, and Mrs. L. B. Cox, Jr., and from the Ozona Woman's League, Mrs. Leonard Boyd.

Open House Thurs. Feature Education Week's Observance

Public Invited To Inspect Plant, Program Of Schools

The Ozona Public Schools will observe National Education Week in Ozona next week and will have open house for parents and friends in all of the schools next Thursday it was announced by Supt. L. B. T. Sikes this week.

High School Principal J. A. Pelto has arranged for a number of local citizens to speak to various high school classes on subjects related to vocations and professions during the week and all schools will have visitation day on Thursday during which times parents and friends may visit and see just what their children are doing.

Schools will be dismissed Friday, March 6th, for the district T. S. T. A. convention which is being held in San Angelo this year.

National Education Week is observed each year with the aim of bringing the public eye to bear on the job being done in educating the nation's youth.

Ozona has good reason to be proud of its school system which rates well among the better systems in the state. The people of Crockett County have always taken pride in their schools and have been willing to pay for good education.

Figures released by both state and national educational and independent survey groups have established the fact that there is a relation between the quality of education given the child and the per child expenditure of the local district on education.

The surveys have shown that the child attending the school with the high per child expenditure will get a better education.

Texas currently ranks 28th among the states in per child expenditures and in teachers salaries but Crockett County ranks well ahead of the Texas level.

This year Ozona Public schools have been going through a period of readjustment following the loss of the radar base and a number of long time resident oil company employees whose departure left gaps in enrollment.

Despite losses, the enrollment at Ozona High school during the first half of the year was at an all-time high. South elementary also reached a high this year but Junior High and north elementary held to a level.

Ten Crockett Co. 4-H Members Have Entries In Angelo Stock Show

Ten Crockett county 4-H club members have 29 entries in the San Angelo Fat Stock Show which opens next week, March 4-8.

Quarter horse entries top the list with the following members participating: Hugh Coates, Rex Bland, Paul Poerner, Miltzi Friend, Kim Chapman and Diltzie Bland.

Keith and Lelzie Mitchell will show registered Rambouillet breeding sheep and Miltzi Friend will exhibit registered Angons Goats.

Nine head of fat show lambs will be exhibited by David Jacoby, Kenny Trude, Rex Bland and Hugh Coates.

Rex Bland has entered the calf scramble and will perform during the Saturday afternoon performance of the rodeo on March 7.

The 4-H club will enter a plant judging team in the plant identification contest on Saturday morning. The four-member team will be selected from the following members: David Jacoby, Rex Bland, Hugh Coates, Lelzie Mitchell, Larry Williams and Jack Applewhite.

ADKINSONS HAVE DAUGHTER

Mr. and Mrs. W. H. Adkinson are the parents of a daughter, Lana Kay, born in the Crockett County Hospital on February 20th. Mr. Adkinson is an employee of the Dawson Geophysical Company.

Ozonans Escape Injury When Hawaii Airliner Overshot Landing Strip

Mrs. Claude Russell and Miss Helen Henderson escaped injury last week when the Hawaiian airliner Convaair 440 overshot an air strip at General Lyman field and crashed into brush some 180 feet beyond the strip.

Three of the thirty-six passengers and three crewmen were injured but none seriously.

The \$400,000 plane was damaged extensively in the course of running through a storm fence across a landscaped area at the end of the airport, across a street, and into a strip of heavy brush.

The plane, which was just finishing a trip from Maui to Hilo, landed in a heavy shower but airline officials said weather conditions had nothing to do with the accident. The plane carried out a normal approach but then overshot some 2000 feet of the 5000 feet available on the strip and ran off the end of the field.

The plane was evacuated without incident and was left in the brush pending an investigation by the Federal government.

The accident was only the second in the airline's history, and did not break the company's record of having transported over 8,000,000 passengers in the last 35 years without a fatal accident. However, the Ozonans continued their island tour by boat, returned by ship and rail.

C of C Officers Named Membership Meet Friday Night

Troy Williams, Rancher New President At Directors Meet

Troy Williams, Crockett county ranchman, was elected president of the Ozona Chamber of Commerce at a meeting of the board of directors Wednesday.

The election of officers followed the mail ballot by which four directors who had served the first year of the Chamber's life were re-elected, this time for three-year terms. The re-elected directors were John Childress, Bill Watson, John Held and Jack Baggett.

Newly elected first vice president is J. B. Miller. Named second vice president was Woody Mason, third vice president Bill Watson and fourth vice, John Held. Jack Baggett was elected secretary and Lowell Littleton, treasurer.

Hold-over directors who have one more year to serve are Woody Mason, Gene Lilly, Oscar Kost and J. B. Miller. With two more years to serve are Dick Henderson, Lowell Littleton, Troy Williams and Joe Williams.

The Chamber will wind up its first year of existence with a general membership meeting Friday evening at the high school cafeteria at 7:30 p. m. The new officers will be introduced at this meeting and reports from various committee heads on the year's accomplishments will be heard.

Cemetery Assn. Meets With Commissioners

Ozona Cemetery Association will hold its annual meeting with members of the Commissioners Court at its March 9 meeting.

The Association meeting with the Commission will be at 1:15 p. m. All owners of lots in the cemetery are members of the Association and all are invited to the meeting.

Mrs. J. C. Montgomery of Fort Stockton is president of the Association and Miss Leta Powell, county and district clerk, is secretary.

SUFFERS FACE BURNS

G. W. (Junior) Whitley, Ozona welder, received treatment in the Crockett County hospital this week for second degree burns on his face suffered in an oil field accident. A flash explosion while welding caused the injury.

Two Seek Places On School Board In April Election

Bud Cox And Celestino Fuantoz Ask Names On Ballot

Two candidates for membership on the school board had filed with County Judge Brock Jones during the past week.

Four members of the board are to be elected at the annual trustee election April 4, and the deadline for filing for a place on the ballot is next Wednesday, March 4.

Terms of four members of the board expire this year. They are Dick Henderson, Dr. Ralph Simon, James Childress and Byron Stuart. Since Dick Henderson has moved his operations headquarters to Quemado and Dr. Simon plans to leave Ozona soon, these two will not be candidates for re-election. No announcement has come from the other two members.

Announced candidates at press time were Bud Cox and Celestino (Charlie) Fuantoz.

In a prepared statement announcing his candidacy, Bud Cox, Crockett County ranchman, said:

"As we all know, we will have two vacancies on the school board for next year as two of our board members are moving from Crockett County. I would like to make myself available as a candidate for the school board by election in the April 4 balloting.

"I love kids and am vitally interested in their activities, their development, and their education. The best that we can offer to make them able to meet life is all our obligation.

"As in all organizations, the governing board must make decisions. I believe it is the duty of every board member, no matter of what organization, to speak as he honestly feels and believes; consider the thoughts and actions of the other board members, and then as a board, make a decision on the matter.

"I won't be besting too many bushes for votes, but I will serve to the best of my ability and desire to serve the citizens of Ozona and Crockett County on the Board of Education."

Charlie Fuantoz, operator of Fuantoz El Paso Station, said that he is offering himself as a candidate in a spirit of service to the community.

"I am a member of the community and want to stay here," he said. "And I believe I can be of (Continued on Last Page)

Teacher Unit Names Delegates To State, District Conventions

The Crockett County unit of the T. S. T. A. meeting in its regular session Monday night following a general faculty meeting, elected delegates to the District II convention to be held in San Angelo late next week and to the State convention to be held in Corpus Christi next November.

The District Convention, which alternates between Brownwood and San Angelo, will open at the Central High School auditorium next Thursday night and the Ozona Public Schools will observe a holiday Friday in order that teachers may attend the Friday meetings.

The Crockett County Unit elected Miss Fern Mikeska, a teacher in North Elementary, Mrs. Warren Taliaferro, High school business teacher, and Mrs. T. J. Bailey of South Elementary, as delegates.

Frank James, principal at North Elementary, was elected as the Unit's delegate to the State Convention next fall.

DUNLAP TALKS TO LIONS

Ernest Dunlap will be the guest speaker at the Lions Club luncheon today at noon. Next week the club will hear Hilary Iglehart, presently engaged in the survey of underground water resources in Crockett County for the Texas Water Commission.

"REVOLUTIONARY"

To be against racial discrimination and racial segregation is to be on the side of the angels. But to remain silent or to stay your writing hand while a chance remains to defeat the Civil Rights Bill is to accept without a murmur the conversion of what has always been the "Land of the Free" into a police state.

Acceptance by the Senate of the so-called "civil rights" measure passed by the House would impose on all Americans — of all colors and all creeds — farmers, homeowners, banks and bankers, employers of every sort, labor unions and members as well as hotel, restaurant and theater operators, the alien shackles of dictatorship.

It would mean the end of labor unions as we have known them and the loss to the rank and file of what have come to be regarded in the past 40 years of struggle as "labor's gains." Federal Gauleiters would be empowered in the fair name of "equal employment opportunity" to reject the rights and obligations of closed shop contracts, collective bargaining, seniority and apprenticeship.

If the Civil Rights Act becomes law, the Equal Employment Opportunity Commission, which it creates, decides whether or not the work force of any or every employer is in racial "balance" with the population of the area. If, with respect to whites and Negroes, there are too many whites — Negroes must be hired or whites fired or both. Seniority is of no concern, either in hiring or firing. If the union cannot supply Negroes with

the required skills, they must be hired outside. If they are not available, unskilled Negroes must be hired and trained in the jobs that skilled whites — perhaps with high seniority — have been forced to give up. Or, the "imbalance" may be vice versa — with similar results.

If the employer fails to comply, retribution can be swift and terrible. In the case of 99 percent of employers having contracts with unions, his contract may be cancelled and his firm blacklisted.

This is but one aspect of the bill that a minority report of the House Judiciary Committee describes as being "in the most literal sense revolutionary, destructive of the very essence of life as it has been lived in this country since the adoption of our Constitution."

But, if you and enough of your countrymen write to both of your Senators, now, and tell them to vote against the Civil Rights Bill, it will be rejected.

LET JOHN DO IT

Who do you suppose that tall fellow in the stovepipe hat and the white chin whiskers is over there in Cyprus helping the British to settle what is distinctly their own mess? It's Sam, still trying to be a Boy Scout after John Bull has just thumbed his nose and said he'll not only continue trading with Cuba, but is increasing his business there. He is also, of course, trading with Red Cinha.

Sonora Caverns Praised In Ford Time Magazine

The Sonora Caverns, between Ozona and Sonora, offer visitors a spectacle of breathtaking beauty in an underground palace with huge "rooms" and many miles of still unexplored passageways.

They are featured in an article in the March issue of Ford Times magazine. Author Sandra Pounds Leary of Austin notes that although the caverns were discovered over 60 years ago, they were just recently opened to the public.

"Today," she writes, "the rooms open to the public have been named. One is called the 'Popcorn Room', for its brown ceiling covered with millions of small white formations resembling exploded popcorn kernels."

"Probably the loveliest of all rooms is that known as the 'Butterfly', Miss Leary continues. "This lavish formation in its transparent beige and golden yellow resembles the flutter of butterflies in flight."

She notes that extensive work was done on the caverns to prepare them for public view, including widening the entrance, providing steps and railings, and the arrangement of lighting effects.

"But the best part of all," she continues, "is the cavern's air conditioning system. Mother Nature keeps the entire labyrinth at a constant 70 degrees, all year round."

BACKGROUND FOR MARRIAGE

Next year George will be a civil engineer from Tech. And Meredith is studying Home Economics at State. If you were their parents, wouldn't you consider that a pretty good background for marriage? Boy with a promising profession! Girl with a sound grasp of the family budget!

But should we be so naive? What they study in college is *foreground*, not background. It equips our sons and daughters for the immediate opportunities and obligations the future presents.

The permanence of love is not rooted in engineering or economics. Designing bridges and planning menus are not keys to a lasting happy marriage.

Personal character determines the ability of a man and woman to meet the demands of sacrifice and unselfishness that marriage requires. The Church molds character as it builds faith. For character is one of the by-products of faith . . .

. . . The ability to love unselfishly is another!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

EVENTFUL WEEKEND

By Carmen Childress, Lucille Appewhite and Janis Walker
 The alarm clock rings and we lazily realize that finally the day that has been circled in red on all our calendars for months has arrived — March 7, 1964 — the day of the Ozona Invitational Track Meet and at last, the Jr.-Sr. Banquet.

We drag out of bed and hurry to the beauty shop for our 7:00 o'clock appointment. We thought it would be best to get it out of the way so we would have the rest of the day just to decorate and get ready for the track meet.

Everyone has agreed to meet at the Elementary at 9:00 to decorate, but as usual only three showed up on time. By 10:00, each had dragged in to begin the hard task of decorating the auditorium.

Unfortunately the hard work had been left up to the girls because all the boys managed to do some kind of job at the track meet.

At the morning rolls on, the task of decorating the whole ceiling dwindles down to decorating the very middle of it. (Some of the girls found out they got sick).

Things begin to take shape around noon despite the 40 ft. lads, a few decorations broken, and a few paint in everyone's fresh red.

With the auditorium decorated and ready for that night, the girls hurry over to the track field to cheer the Lions on to victory. (No, not today or the dress might be tight tonight).

Just 30 minutes in the wind and "off" with the newly styled hair — but nothing that some rollers and a can of spray net can't fix. In the middle of our dates' most important event, it dawns on us that we have forgotten his bout-

anniere. So by rushing we get our order in just before closing time.

We are beginning to realize now that the sun glasses and sun hat wouldn't have been such a bad idea, but it is too late to worry about that now.

At last when our dates arrive they meet a red lobster with sparkling red blood-shot eyes and a mother that just has to get a picture of her cute little darling all dressed up.

As we walk into the banquet, we just can't believe everybody has changed so much. It's not very often that the boys get so dressed up. We eat the delicious meal the Juniors have so carefully planned wondering all the time just what is going to be said in the prophecy Will and History. We have a lovely time, but soon we begin to feel drowsy. Then the dance starts. We are trying to look as wide awake as we can because after all, this is the Jr.-Sr. Prom! As each dance seems to become longer, we find it harder and harder to distinguish who our dancing partners are and to keep up a half-way intelligent conversation.

Finally, it's one o'clock and the announcement of the last dance is heard with joy.

Now comes the moment of confusion. Each one of us try to unravel our coat from a huge pile.

At last we're on our doorstep with just enough energy left to say "Thank you for a wonderful evening."

No rolling the hair tonight, just into bed with the whole night to sleep and dream of the confused but fun and exciting day.

MARCH 6 IS HOLIDAY

The Annual District Teachers Convention will be held March 5 and 6 in San Angelo. All teachers in District II are expected to attend this convention, and school will be turned out March 6 so that all teachers from Ozona may go. The convention is held on alternate years in San Angelo and Brownwood.

OHS STUDENTS TO APPLY FOR SPECIAL SUMMER PROGRAMS

Pete Garza, Rick Hagelstein, and Joel Huff took a series of academic aptitude tests last Saturday, February 22. Sponsored by the National Science Foundation, these tests are a prerequisite for application to the various summer programs for advanced high school students.

These programs held in several Texas colleges and universities, are for the instruction of advanced students in the various fields of science and mathematics and the introduction of students to college

life.

Only the top twenty or thirty applicants to each school are accepted for the program. Decisions of acceptance are based upon the results of these tests and the grades, character, and interests of the applicant. Ozona has sent students to these summer programs for the past two years. Penn Baggett attended the University of Houston being accepted in the mathematics program, two years ago, and Keith Mitchell was accepted in the physics program at Texas A&M last year.

DISTRICT ADMINISTRATORS HOLD MEETING

By Lucille Childress
 A meeting of the School Administrators of District II was held last night in San Angelo. The Ozona Public Schools principals and superintendent were present. The presiding chairman was Ozona's Superintendent, Mr. L. B. T. Sikes. The main topic discussed was "School Policy".

The district administrators meet six times a year; this meeting being the first of this semester.

OHS "EX" VISIT HOME

Last week Art Kyle, an ex-student of OHS, visited home for the weekend. Art Kyle son of Mr. and Mrs. Arthur Kyle, brought his roommate Doug Dyer, a golfer from Houston home with him.

LIONS TO TRAVEL TO COMANCHE RELAYS

This week the Ozona Lions Track team is scheduled to run in the Comanche Relays held in Ft. Stockton. The prevailing bad weather may deprive the Lions from enough practice time to enter the meet, however without bad weather, they should have substantial time to prepare for the meet.

This year the Lions are to attend six scheduled meets. The Ozona Invitational track meet is to be held March the 7th.

JR.-SR. BANQUET NEXT SATURDAY

The Jr.-Sr. Banquet will be given by the Jr. class in honor of the Seniors of 1964 next Saturday night in the North Elementary Auditorium. The program will include the Senior classic Prophecy given by Mrs. Joel Huff and David Childress. This is followed by the History given by Janie Gilliam and Shirley Wagner. Next, is the Seniors "Will" to the Juniors which will be given by Kay Noelle and Bryan Montgomery.

Following the banquet will be a dance that all High School students and their dates are cordially invited to attend.

OHS INVITES SPEAKERS FOR PUBLIC SCHOOL WEEK

By George Kyle

Next week is Public School Week. During this week some teachers will ask members of the community to speak to their classes. These speeches are to be about Local and national job opportunities, the choice of colleges and courses of study and the importance of education when seeking a job.

Some of the speakers for various classes will be; for physics and chemistry, Mr. Henry Miller; for American history and civics; Mr. Brock Jones and Mr. Dixon Mahon, for biology; Mr. James McMullen; for Spanish, Mrs. Capp West; for H. E., Joe Kreklow and a lecture from the Shannon School for Nurses; and for agriculture, Mr. James McMullan.

VOLLEYBALL TEAM TRAVELS TO FORT STOCKTON

The girls volleyball game was canceled last Thursday due to Miss Knox being out of town. The girls will travel to Ft. Stockton tomorrow night, where the A and B teams will play. The third of March, the teams will play Iraan here. It is their first district game.

BEATLES AT TWIRP DANCE??

By Vicki Appewhite

Friday night at the Twirp Dance those attending were honored by the presence of three unknown Beatles. Unfortunately, they were so tired from their many appearances and travels that they were unable to entertain and just enjoyed listening to records, which were mostly western because Bryan had control of the record player.

Almost everyone was satisfied with the dance except maybe the boys. The student council was pleased because they received \$26 from the dance the girls were pleased because they were able to dance to their hearts' content; however, the poor boys, who weren't used to dancing so much were completely exhausted.

The Beatles must have gotten tired of signing autographs because by the end of the dance they disguised themselves to look like plain old David, Hughie and Drake.

EIGHTEEN TEAMS TO COMPETE IN OZONA INVITATIONAL TRACK MEET

By Scott Mahon

The annual Ozona Invitational Track Meet will begin Saturday March 7th with the preliminaries starting at 10:00 a. m. The teams entering the meet will include Big Lake, Iraan, Rankin, Eldorado, Sanderson, Sonora, Bandera, Rock-springs, Menard, Miles, Garden City, Sterling City, Marathon, Eden, Robert Lee, Bronte, Christoval and of course Ozona.

Fred Salling, superintendent of the Miles Schools, will be the starter for all races this year. Trophies will be awarded to the first and second place teams and an individual trophy for the high point man will also be awarded. All medals and trophies will be presented by the Ozona Track Queen and her court who are yet to be revealed. All preliminaries will end by 12:00 and then at 2:00 p. m. the finals for all events will begin.

The stronger teams to look for will be Ozona, Sonora, Eldorado, and Menard. Coach Womack, head coach of the Ozona track team, is expecting his own team to break some of the Ozona team records. Womack has said that records for the mile run, half mile run, discus, and pole vault set by previous Ozona teams should fall to the 1964 track team in the Ozona meet this year. The teams in the Ozona meet this year will be of equal strength and should provide exciting competition for the championship.

OZONA HOSTS HOSPITAL OFFICIALS

On March 3rd, Ozona High School will be host to officials from the Shannon Hospital in San Angelo. They will give lectures in the Homemaking Department for all Senior girls interested in nurse's training.

STUDENTS FACE SIX WEEKS EXAMS

O. H. S. students are now in the midst of taking their six weeks tests, and will be taking tests through tomorrow's sixth period. There are only two more six weeks left of this school year.

Accurate and Complete RANCH RECORDS Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

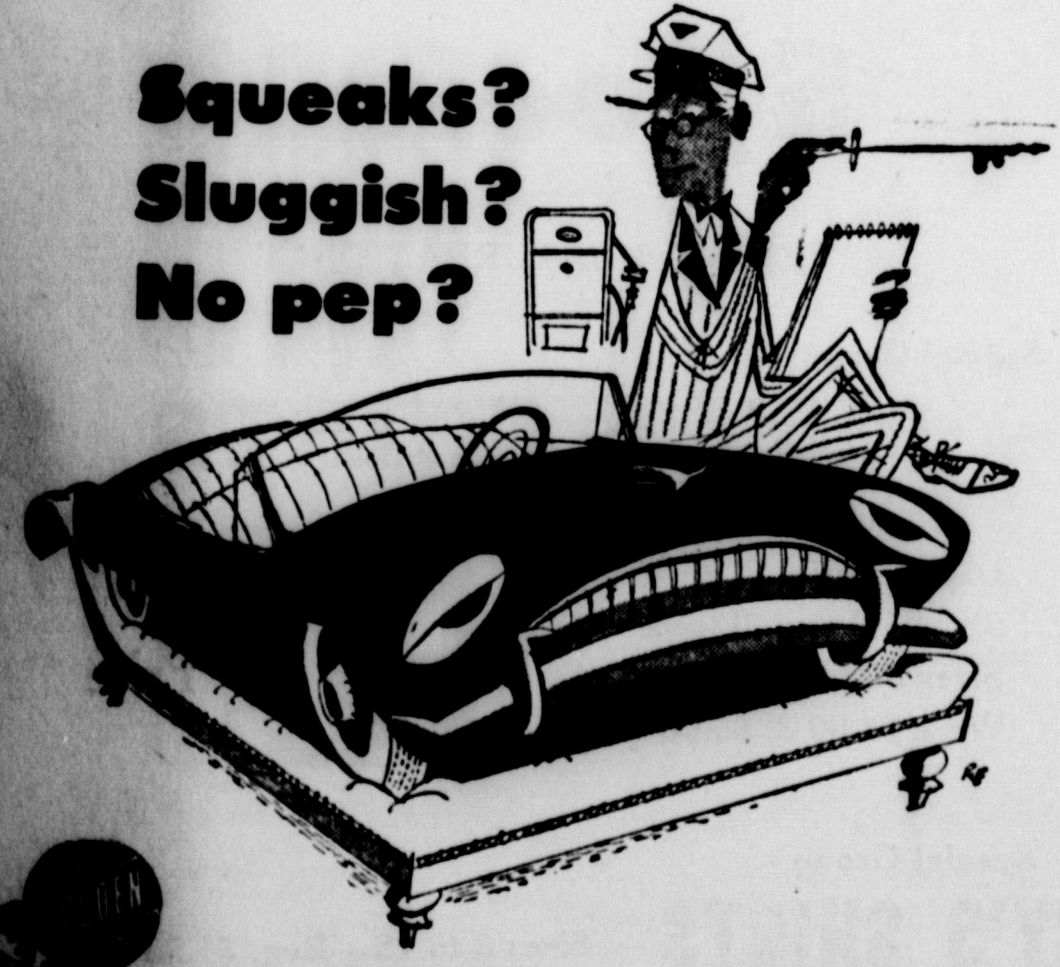

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — Congressional redistricting is the prime topic of conversation at the state capitol.

U. S. Supreme Court shook up officials with a landmark ruling in Georgia's apportionment case. Court proclaimed that congressional districts must be as nearly equal in population as is feasible. On October 19 a federal court in Houston held essentially the same thing in a Texas case. It declared that unless the state Legislature straightens out present unequal districts immediately, all Texas congressmen must run at large.

Texas congressmen, state legislators and top state officials are keeping their fingers crossed, as they await the Supreme Court's final decision in the Texas appeal. Main hope is that the court will delay the requirement of at-large elections this year and leave present districts intact since the election process already is under way. This would give the Legislature a chance to draft a redistricting bill in regular session next year.

These principal developments followed the Georgia case decision:

1. Attorney General Waggoner Carr filed a new brief asking a full hearing of the Texas appeal. He argued that "indescribable chaos and confusion" would result from statewide election of congressmen this year.
2. Gov. John Connally requested a study of redistricting by Texas Legislative Council. Such a study would necessarily include drafting of model bills. (Equal population for Texas' 23 districts would call for 416,000 in each.)
3. Texas congressmen themselves launched plans for special federal legislation to preserve present districts until the regular legislative session in 1965.

Governor Connally has made clear that if the Supreme Court affirms the Houston court ruling, he will call a special session immediately to try and bring some order out of the "indescribable chaos" referred to in Carr's brief. Whether the Legislature would pass a suitable redistricting bill in a special session is a serious question.

Redistricting issue definitely is going to figure in the governor's race. Connally already has been criticized for not calling the legislators in to work on the problem months ago. Issue also will be raised in some district contests as challengers charge incumbent legislators with failure to handle the matter in the regular session last year.

New Highway Maps Out—Brand new colorol 1964 official Texas highway maps now are available on request.

Texas Highway Department has made every effort to produce a more readable and convenient map. Type faces are bolder and the national standard system of highway symbols has been followed in nearly all instances. Almost 7,000 miles of farm-to-market roads were deleted because of increasing complexity of the Texas highway system. Communities of less than 250 are not shown.

New map includes Ranch Road No. 1. It's the four-mile loop in Gillespie County leading from U. S. 290 to the ranch home of President Lyndon Johnson.

Free maps may be obtained from the Travel and Information Division of the Highway Department.

Oil Allowable — Railroad Commission ordered prorated oil wells to continue on a 25 per cent of capacity allowable in March. But even though February production at 29 per cent averaged an estimated 2,557,662 daily production, and although March will contain two more days than the 29-day February, production will be less.

Commission's Staff predicted production will be down about 6,000 barrels a day. Reason, according to some members of the oil industry, is that increased production from new wells is more than offset by under production from old wells.

Garner Park Safe — Executive Director J. Weldon Watson of the State Parks and Wildlife Department dispelled the rumors that Garner State Park at Uvalde will be closed. He said Garner is the most-used in the state parks system, and there is no thought of closing it.

Parks and Wildlife Commission announced that plans and specifications are being developed for extensive improvements at Davis Mountains State Park.

New Officers Named For Community Center

New officers for the year were elected by the Board of Directors of the Ozona Community Center meeting last Thursday afternoon.

LADIES GOLF ASSOCIATION

The monthly luncheon was held Thursday by the Ladies Golf Association. Hostess for the luncheon was Mrs. Gene Williams.

The luncheon table was centered with a cherry tree with miniature hatchets around it, carrying out the George Washington theme.

In golf play, the balls for the days play were won by Mrs. Dempster Jones and Mrs. Jack Baggett.

Low net on the club trophy went to Mrs. Tom Mitchell. Others playing were Mrs. Jimmy Barbee, Mrs. Roy Thompson, Mrs. Byron Stuart, Mrs. Mike Clayton and Mrs. Joe Pierce, Jr.

The bridge hostess for the afternoon was Mrs. J. B. Parker. Winning high was Mrs. Parker, second high Mrs. V. I. Pierce, the slam winner was Mrs. Hugh Childress, Jr., and the cut went to Mrs. Carl North, winning low Mrs. Joe Clayton.

Others attending were Mrs. Byron Williams, Mrs. Early Baggett, Mrs. Ashby McMullan, Mrs. John Childress, Mrs. Jack Williams, Mrs. Sherman Taylor, Mrs. Jake Short, Mrs. Brock Jones, Mrs. Dempster Jones, Mrs. P. C. Perner, Mrs. Clay Adams, Mrs. Evert White, Mrs. Joe Pierce, Jr., and Mrs. Eddie Bower of Dallas.

Success Noted At End First Two Years For Screwworm Eradication

Mission, Tex. — The screwworm eradication program has just completed its second full year of operation on a highly successful note, and even more favorable results are expected in the year ahead.

Only one screwworm infestation has been reported in the five-state eradication area since January 1.

The massive eradication project, which involves the release of millions of sexually-sterile flies that disrupt the insect's reproductive capability, was begun on February 14, 1962.

Since then, more than eight billion screwworm flies, reared in a huge plant near Mission and sterilized through exposure to an atomic energy source, have been released by airplanes in screwworm-infested areas of the Southwest. This technique, along with preventive measures used by farmers and ranchers, has reduced screwworm incidence by more than 99 percent, entomologists say.

With the decrease in infestations in the United States, eradication workers are turning their attention to activities along the border between the U. S. and Mexico. A large portion of the sterile flies will be dispersed in a strip along the border extending from the Gulf of Mexico to a point below the state Arizona. This barrier is to prevent fertile screwworm flies migrating out of Mexico and reinfesting the Southwest.

Although screwworm infestations have become a rare occurrence in Texas, eradication workers insist that it is still important for livestock producers to be alert for screwworms in their livestock.

Indian Music Is Featured In Program Of Music Club Meet

Ozona Music Club met in the home of Mrs. Q. A. Brentz Thursday with Miss Roberta Lawrence as co-hostess.

After a short business meeting, a program on the music of the American Indian. Miss Vicki Lynn Montgomery played "Indian Summer" and Miss Grace Ann Tabb played "Lullaby of a Lambkin." Kathy Lynn Russell played "Indian Legend" and Mrs. H. M. Phillips, Jr., "Slumber Music for an Indian Child." The record "Indian Suite" was enjoyed and the

hymn of the month was sung by the group.

Others present were Meses. Max Brown, Ottis Pridemore, R. A. Harrell, Roy Killingsworth, Geo. Russell, Jr., Ted White, Rudolph Oehler, Thad Tubb, Beecher Montgomery and Miss Cleona Quiett and Susan Russell.

JUNIOR SPROUTS MEET

Junior Sprouts Garden Club members met at the home of Mrs. Lawrence James last Thursday. The meeting was directed by Mrs. Bailey Post, sponsor. Mechanics of flower arranging were named by members in answer to roll call. Refreshments were served by Grace Ann Tabb.

Mrs. Post showed the girls some of the different materials used in flower arranging. After the instruction, members made simple arrangements in the vases they had brought.

UNIQUE BEARD

"Most unique beard" on the campus at Wayland Baptist College in Plainview is one worn by Bill Williams, son of Mr. and Mrs. Troy Williams of Ozona. The inauguration was made in a judgment of campus beards in connection with homecoming activities at the school. Williams, a freshman majoring in physics, was presented a trophy during halftime activities at the homecoming basketball game.

WEDDING — Mr. and Mrs. Bill Friend announce the engagement of their daughter, Nancy, to Kenneth Wendland, son of Mr. and Mrs. C. Wendland of Miles, Texas. The couple plan to exchange in the Ozona Methodist Church June 26. Nancy, Miss Mohair '63, and also queen of the Texas Appaloosa Horse Club, crown-queen in San Antonio last week. She and her fiance are attending Southwest State Teachers College in San Marcos.

Deer Spotted In West Crockett; Miller Well

Geo Corp., Fort Worth, will drill a 8,500-foot wildcat in Crockett county, 8 1/2 miles southeast of the Tippet multipay field, No. 1 J. W. Robbins. The well is 560 feet from the east and 1,880 feet from the east of Nancy Everett No. 24, 1978.

1 1/2 miles east and slight-north of Jake L. Hamon No. 1, an 8,432-foot Ellenburger, abandoned Sept. 19. A small amount of oil was produced on a test of the Ellenburger a test of the Devonian between 6,612-70 feet recovered 26 feet of heavily oil and mud, 25 to 30 per cent oil. The American Petrofina Co. of Texas, Spring, has plugged back to get perforated from 3,314 feet and was preparing to produce and test at the No.

1-D Roy Miller, 1-J-GC&SF deep failure, eight miles southwest of Ozona and 3/4-mile west-northwest of 3,200-foot production in the Re-foil multipay field of Crockett County.

Slated as a 10,200-foot Ellenburger wildcat, it was drilled to 10,039 feet and tested the Canyon sand unsuccessfully through perforation at 6,008 to 6,584 feet.

GLYNS HONORED

some service to it. I am not unhappy with any member of the board or with any of its decisions in the past. I want to be a good citizen and if I can be of service I want to help in any way I can.

"I am, of course, vitally interested in the schools. I have a 4-year-old daughter and I want the best for her as well as for every other child in the community. I own my home and have my business here. I am as vitally interested as the next one in preserving the good things of our community and if my services can be of benefit to the schools I will be happy to serve on the school board. I am proud of this community and I feel an obligation to give of my time in its service if it be needed."

be a real threat to the district title in that event. Garza is a slow developer but should be ready for some top efforts before the district meet.

In the half mile, the Lions will have two boys who are doing very well thus far. Raymond Sanchez was a point winner and ran a strong 880 in the district meet last year and looks to improve this season and Mike Prater, a new member of the squad who moved here from Brady last year, is going to make the Lions a hand from all appearances.

The Lions will have some broad jumpers in Richard Vargas, David Childress and Leroy Cooper and Pete Garza and Leroy have both placed in the high jump last season.

The over all strength of the squad is good except for the 100 and it could be that the Lions will be a threat to the district crown by the time that event comes around.

Kenneth Perdue, former Ozonan, son of Mr. and Mrs. Doyle Perdue of Ozona, won a "best speech award" at the conclusion of a recent Dale Carnegie course in Tyler, Texas. Mr. Perdue is proprietor of a Phillips 66 service station in Tyler.

Mr. and Mrs. Bill Grimmer are here from Winfield, Iowa, visiting relatives this week.

Carl Conklin To Represent District At National 4H Leader Forum in Washington

Carl Conklin, young Crockett county ranchman and 4-H adult leader, has been selected to represent Extension Service District 6 at the National 4-H Leader Forum in Washington, D. C., April 6-11. Mr. Conklin was recommended to the district selection committee by county agent Pete Jacoby. Mrs. Bill Pinnell of Andrews, Texas, was selected from women 4-H adult leaders to represent the district.

Each of the twelve Extension Districts in Texas will have one man and one woman 4-H adult leader representing their district in Washington at the National 4-H Leader Forum. The district delegates were selected from names submitted from counties within each district with each county eligible to submit the name of one man and one woman 4-H adult leader.

This program is sponsored by the Texas 4-H Foundation to the purpose of providing nationally trained 4-H leaders to assist with 4-H club work in Texas. The selected group of 4-H adult leaders will receive an all-expense paid trip from Texas A&M University at College Station to Washington and return to College Station.

Qualifications considered by the district selection committees in their selection of 4-H adult leaders to represent the districts were experience and knowledge of 4-H club work on the county, district and state levels and the ability to think clearly and speak distinctly before the people in the county and to larger groups in the state.

These leaders will be expected to attend and assist with the 4-H Adult Leader Forum in Texas in December and to assist with 4-H leader work-shops in their districts.

Mr. Conklin was an outstanding 4-H member in the county for nine years during the period of 1949 to 1957. He graduated from Ozona High School in 1957 and received a B. S. Degree in Agriculture from Texas A&M in 1961.

Some of the honors achieved by Mr. Conklin as a 4-H club member consisted of serving as 4-H club president for three years, chairman of the District 4-H Council, Co-chairman for Publicity on the State 4-H Council, winner of

the J. T. Rutherford Achievement Award, winner of the Mother Davidson Memorial Award, state winner of the Danforth Foundation Award and scholarship to a two-weeks trip to Michigan to attend a 4-H Youth Leadership Camp, a member of three state winning judging teams and winner of many high individual judging awards on district and state levels. He also exhibited a number of prize winning livestock at county and statewide livestock shows.

The National 4-H Leader Forum will be held at the National 4-H Club Center in Washington, D. C., while in Washington, the group will take field trips to such noted places as the Washington Monument, Jefferson Memorial, Lincoln Memorial, Tombs of the Unknowns, Iwo Jima Statue, the National Archives, Smithsonian Institution, National Gallery of Art,

Sells Bros. Circus To Show Here Mar. 10

Carrying on in the great American tradition of the tented circus, the famous Sells Bros. 3 Ring Circus will play in Ozona on Tuesday, March 10th, for two performances 6:00 p. m. and 8:00 p. m. on the County Lot south of the Little League Park. The circus will exhibit for one day only. It is appearing under auspices of the South Side Lions Club.

"The oldest and proudest name in the circus world," the Sells Bros. had their first circus in 1872 and the name lives on even now. 90 years have passed, hundreds of circuses have come and gone, but the management of Sells Bros. long ago discovered that in order to endure, a circus must keep faith with the American Public. This season, Sells Bros. again groves why it is the favorite of the public with more and better of everything that has come to be associated with a genuine 3 Ring Circus. . . a genuine, traditional tented circus. With over 30 feature acts in all

3 rings, Sells Bros. 3 Ring Circus bring a full 90 minutes of and aerial entertainment to see. They present in succession, jugglers, tumblers, acrobats, death-defying wire-walking wonders, and of trained animal acts, dogs, ponies, monkeys, zebras, bears, high school bare-back riders and tons of performing elephants, so featuring many strange and usual wild animals, jungle from every land and clime.
