found inside her clothes.

At an inquest conducted by Justice of the Peace A. O. Fields, investigating officers revealed a note in Mrs. Doll's handwriting which gave instructions for her funeral, how she was to be dressed, etc. A suitcase was found packed and her clothing arranged. Mrs. Doll had been in ill health in recent years.

Mr. Collett said that Mrs. Doll came into his store about mid-morning and purchased the .22 pistol. She tld him she had seen prowlers around but that she did not want to shoot anybody "just to make a noise." For the purpose, Mr. Collett selected a box of .22 short She asked him to show her how to load the gun, which

## A Community Survey can chart the road to community development

Community development is one of the fastest growing activities in America today. Many communities, both large and small, are attacking the problems with new vigor and vitality.

While there is no easy road to success, no simple formula to follow, one thing is certain . . . a community must start with a thoughtfully planned and soundly developed Community Survey. It assesses and evaluates both favorable and unfavorable economic and civic factors which affect community growth, and discloses factors which can be used to solicit new business and industry.

To be fully effective it must be a continuing study, since conditions change as economic handicaps are eliminated and economic advantages multiply. The survey has the added value of helping to clarify a community's aims and objectives in the field of improvement, growth and development.

Such a community survey then becomes the PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a continuing community survey for economic development. This service is available on request through your WTU local manager.

# Faith's Challenge

There is something very special about a boy and his dog. The dog so obviously wants nothing more than to devote his life to his small master. He takes his boy on faith . . . and, inevitably, the boy lives up to it.

For faith creates a challenge. If someone believes something good of you, you find yourself eager to measure up to that standard.

God looks for the best in all of us. Regardless of what may have happened yesterday we are, today, welcome in His Church. He has faith in us. Should we have less than faith in Him?

THE CHURCH FOR ALL...

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation (4) For the sake of the church itself, which needs his name to go to church regularly and read your Bible daily

steering wheel column at an to guests. auto junk car lot. He trimmed both ends off smoth, then capped each opening with a small can top. It made a strong yet light fishing rod case.

#### Crossing Barbed Fences

Anglers who fish running streams usually do a lot of fence crossing. Most fences are of barbed wire that can tear holes in britches and rubber boots. Carry with you, tucked through your belt, a yard long, foot wide strip of canvas to lay over any barbed wire you may have to cross.

#### Don't Give Up First Time

Fish have pretty good memories. But usually one must be hooked five or six times for the experience to register.

So, when you lose a lunker after a battle, don't give up and move on. Try the same spot again and again. The lunker may take your lure when you least expect

#### Extra Fuel Tank

It's important on outboard cruises to obtain the best miles per gallon of fuel. So, adjust your speed for minimum gas consumption.

Then to prevent trouble nd inconvenience, carry an extra fuel tank, as insurnce, to be used only in an
