Employe On Finger Rattlesnake

Young, employed local State Highway Department maintenance was bitten by a long rattlesnake while mowing the way along U. S. 290 about three miles side of the Pecos edge.

His mower had picked up a piece of wire and he took it out of the big rattler was in high grass just mowed area and end of the mower when Mr. Young down to pull out of wire the snake from the first firm left hand.

He did not see the snake until it was on his mowing machine, it ran over it and he tried to kill it. He chased the snake into some brush and was riding over it when he was hit by the snake.

Stations To Change El Paso On 8 Change-Over

Effective June 8, a new gum products brand will make its appearance in Ozona for the first time.

Shell Oil Company at date will complete switch from El Paso name gasoline to Shell company products with similar yellow and red striped Shell sign to replace the red and blue of El Paso. The change comes as a result of the repurchase by Shell of assets of the El Paso Gas Co., the distributor of El Paso Nat. Gas Co.

Two local Shell out-stations and the George Glynn Station and the Fuanbell Station, owned by the Fuanbell family, are all set to replace El Paso signs with the new Shell signs on June 8 change-over date.

Mrs. Ted White President, Woman's Club

Woman's Club to Lead Furnishing Civic Center

Mrs. Ted White, newly installed president of the Ozona Woman's Club, has adopted as the club project under her regime the furnishing of the soon-to-be built civic center in Ozona, it was revealed at the final meeting of the club and installation of officers at a luncheon Saturday at El Sombrero Cafe.

Top priority in the furnishing project will be the acquisition of a piano for the center which will be suitable for use by concert artists who might appear as a part of the community entertainment which the new center will make possible.

To kick off the civic center fund accumulation, the Woman's Club voted to transfer its Club House fund accumulation of \$221 to the Civic Center fund toward purchase of the piano.

Mrs. O. D. West, who wound up her two-year term as president, presided at the closing business session during which Mrs. Frank McMullan was re-elected to membership.

Mrs. W. T. Bradbury, civic chairman, reported the clean-up campaign is making progress and called attention to the fact that this week is the final week of the campaign and pick-up week for the county trucks which are hauling off trash free of charge. There are still some neglected vacant lots and curb areas, Mrs. Bradbury reported, but expressed hope that the campaign would be a splendid success. Litterbug stickers (Continued on Last Page)

Plans Shaping For 7th Annual Ozona Jr. Rodeo

Plans for the seventh annual Ozona Lions Club Junior Rodeo to be held July 16, 17 and 18 at the Ozona Fair Grounds, were well advanced this week as Ozona officials prepare for another big show with about two hundred contestants expected to enter.

This year's show, which is an AJAR approved rodeo, will have at least three events for each of the three age groups, both boys and girls. Lions Club officials are hoping that with the new stadium and improved facilities last year's 3,000 plus attendance mark can be broken.

Among the entertainment projects under way for the contestants and for those attending the rodeo will be an outdoor dance to be staged all three nights on the new concrete slab adjacent to the rodeo stadium.

Due in large part to the excellent planning done by Rodeo Chairman Oscar Kost and the fine help provided by Crockett County ranchers, the Ozona show has become recognized as one of the best run and best organized Junior Rodeos in the area.

Even though Ozona's facilities have been far better than found in most places for a number of years, the facilities now offered are at least as good as the best since the new stands have been erected along with a general improvement of the facilities.

Promotion work for the rodeo in Ozona will be under the direction of the Ozona Lions Club President Bill Watson. Requests for entry information should be directed to Ozona Junior Rodeo on the Ozona Chamber of Commerce.

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted to hospital since May 19th: Ronald Shaw, surgical; Mrs. Felipe Castro, surgical; Mrs. Romulo Lozano, obstetrical; Ben Butler, medical; Genelle Dennis, medical; Jennifer Lou Marley, medical; Forrest Young, accident; Mrs. Rob Miller, accident.

Patients dismissed: Mrs. Heriberto Perez and infant son, A. C. Hoover, Jerry Don Fay, Ronald Shaw, Mrs. Romulo Lozano and infant daughter, Ben Butler and Genelle Dennis.

Child Bitten Or Scratched By Cat Gets Rabies Shots

Scratched, and possibly bitten by a rabid cat, a pet at the ranch home, Jennifer Marley, 2-year-old daughter of Mr. and Mrs. Jess C. Marley of Ozona, is in the Crockett County Hospital where she is being given anti-rabies shots.

The child was at first thought to have been bitten by a dog, another household pet, and a few days later was attacked by the cat. Both animals were confined for observation and when the cat died Saturday night, the anti-rabies shots were begun at once. The animals' head was taken to Austin where laboratory tests showed it positive rabies. The dog is still being confined but has not as yet developed the dread disease.

The baby was reported yesterday to be doing well after receiving the first few shots. A series of fourteen serum injections are given to prevent rabies.

Test Canyon In Strawn producer On E. G. Baggett

Signal Oil & Gas Co., Midland, was taking four-point tests from the Canyon sand at its No. 1 E. G. Baggett, in 29-F-GC&SF, Canyon opener and recent fourth producer and location southeast and southwest extension to the Joe "T" (Strawn gas) field of Crockett County, 10 miles south of Ozona.

The following gauges were reported through perforations at 7,973 to 8,417 feet: three hours on a 4-64-inch choke, making 173,000 cubic feet per day with tubing pressure of 3,769 pounds; and seven hours through a 7-64-inch choke, making 515,000 cubic feet of gas per day, with tubing pressure of 2,400 pounds.

It was fringed May 20 from the Strawn for a calculated, absolute open flow of 11 million cubic feet of dry gas per day through perforations at 9,235 to 9,329 feet.

Southland Royalty Co., Fort Worth, will drill the No. 1-16 Todd as a location north stepout to the two-well Todd, Northeast (San Andres) field, 22 miles northwest of Ozona.

Location is 1,787 feet from the south and 467 feet from the lines of 16-10-GC&SF. Contract depth is 1,900 feet.

Joel Huff Wins Citizenship Award

Joel Huff, Ozona High School Junior, was declared winner of the Best Citizen award of the Ozona Woman's Forum for the 1963-64 school year. Joel is the son of Mr. and Mrs. J. V. Huff.

Announcement and award of the certificate was made at graduation exercises Thursday night, Mrs. Bill Giege, Forum president, presented the award.

Young Huff was one of ten nominees picked by the faculty for the honor. A secret committee selects the winner on the basis of points scored when the faculty nominates ten students for the award. The students nominees for the award are chosen on the basis of scholarship, honesty, cooperation, participation, etc.

The programs are presented free of charge as a service of Boles Home and of the church of Christ.

Sale Of Civic Center Bond Issue Paves Way For Early Construction

Ozonas Injured In Car Accident

Mr. and Mrs. Pink Beall and Mrs. Beall's sister, Miss Leta Powell, Crockett County Clerk, and the mother, Mrs. R. F. Powell, also of Ozona, were slightly bruised when the car in which they were returning to Ozona from Waco overturned in a ditch on a farm to market road west of Waco.

The quartet had gone to Waco to attend graduating exercises at Baylor University where the Bealls' son, Ronnie, received a Bachelor of Business Administration degree.

The Bealls' daughter, Mrs. Jeff George of Monahans, also received her B. A. degree from the University. She and her husband were in another car, ahead of the other group and after waiting for a time at the next town returned to find the wreck scene.

The accident happened between Valley Mills and Mosheim. Mr. Beall was driving the car belonging to Miss Powell. He failed to make a sharp curve in the FM road and the car plunged into the bar ditch, rolled over and landed on its wheels in a waterfilled slough below the road.

All four were taken to Waco where they received emergency treatment and Mr. and Mrs. Beall were hospitalized for a couple of days. Miss Powell's car was badly wrecked.

Ozona Indians Win Double Header Sun.

The Ozona Indians, with Preciliano Gomez, at the helm as manager and Geo. Ybarra as player captain, plowed under a team from Eldorado in a double header played here Sunday on the Powell field diamond.

The Indians won the first 5 to 2 and in the second opened up with the big guns to score a decisive 13 to 3 victory. The first game was played at 10 a. m. and the second at 2 p. m.

The Indians will take on some what bigger game here Sunday afternoon at 2 o'clock when they engage the Midland Colts.

Crockett county bonds in the amount of \$125,000 were sold by the Commissioners Court Monday, paving the way for early construction of a new civic center and coliseum in Ozona, a project approved by the voters in an election to decide on the bond issue held April 18.

The bonds went to the Houston firm of Underwood

Oilers Sack Up First Half Title With One Defeat

By Ernie Boyd

The Ozona Oilers clenched the first half of the Ozona Little League Championship last week when they came out on top in two run-scoring matches in a week of wild scoring and generally poor pitching.

The Oilers used their big bats and lots of speed on the base paths to outdistance the Mason Motor team last Friday night 20 to 15. Although the Mason ball club almost got dizzy watching the Oilers circle the bases they got into the spirit of the thing in the late innings and came up with a rather astounding total of 15 themselves. Donald Huff hit his third home run of the year to highlight the Oiler attack.

David Williams, the third Oiler pitcher, was the winner and Sooner Williams was the loser.

(Continued on Last Page)

T. E. Autery Found Shot To Death At Wife's Graveside

T. E. Autery Jr., 47, a resident of Sheffield, was found shot to death Sunday at the graveside of his wife. A peace justice ruled death by suicide. Autery's body was discovered about 9:30 a. m. by a passer-by. Time of death was fixed at 12:30 a. m. Sunday.

Funeral was at 3 p. m. Monday in Mother Holmes Memorial Baptist Church in Sheffield. Burial was in Sheffield Cemetery.

Survivors include a son, Eddie Autery, Rankin; a daughter, Mrs. Mike Turk of Dryden, and the mother, Mrs. T. E. Autery, Sr. of Alpine.

Brad Harris on the Job

Crime Career Of Wichita Falls Youths Brought To Sudden End After Chase And Capture Here

Thanks to the persistence of Brad Harris, son of Mr. and Mrs. Tommy Harris, and a 1964 Ozona High School graduate, the cross-country thieving spree of five Wichita Falls youths came to an abrupt end here Sunday and the youths may have been saved from possible prison terms by having their budding criminal careers suddenly halted.

Mrs. Ernest Dunlap was visiting in the Harris home, having driven her husband's pickup on the trip. Brad went out to get in his car and saw a young man jump from the Dunlap pickup with a five-gallon

Neuhaus and Co. The bonds, to be retired in ten years, will bear interest at an average rate of 3.02886 percent. After the first year, \$10,000 in bonds will be retired each year for the next two years and then \$13,000 each year for seven years, retiring the entire issue in 1974.

Commissioners will pass a "bond order" at their regular meeting June 8, making the \$125,000 issue official, and will then order the bonds printed and supporting papers submitted to the attorney general of Texas for approval.

If the attorney general finds everything in order and approves the issue, the bonds will be delivered to the bond firm and the money will be made available for actual construction.

Meanwhile, the court must secure title to the land donated by Ranchman Dick Henderson on which the center is to be located. Then it must employ an architect, prepared plans and specifications and finally to award a contract for construction of the center.

How much time this will take, County Judge Brock Jones would not guess. But in a matter of a few months the center should be complete and ready for use.

A committee of citizens representing the organized clubs of the community, initiated the movement for the civic center. Architect Jack McDermott of San Angelo volunteered his services in working with the committee to prepare preliminary plans for the center. A plan was drawn and re-drawn and finally submitted by display to the voters in connection with the bond issue campaign. The court will have this material to guide it in deciding on the final plan and style for the building.

A lot at the corner of First Street and Avenue H, across from the football stadium, has been offered by Mr. Henderson as a site for the new civic center building.

Dr. Simon Leaves To Enter Training At Dallas Parkland

Dr. and Mrs. Ralph Simon Jr., and their five daughters left Ozona Tuesday night for Mexia where the family will reside until fall while Dr. Simon enters resident training at Parkland Hospital in Dallas.

Dr. and Mrs. Simon came to Ozona ten years ago and in the years that have past since that time Dr. Simon had built up a big medical practice and he and his family had become important and popular figures on the Ozona scene.

Dr. Simon asked the Stockman to express his appreciation for the "wonderful years we have enjoyed in Ozona and for the many good friends we have learned to love. We wish all the best for Ozona."

Dr. and Mrs. Simon were honored at a going-away covered dish supper before their departure Tuesday evening at the home of Mr. and Mrs. Pleas Childress. Hosts were Mr. and Mrs. Childress, Mr. and Mrs. Lowell Littleton and Mr. and Mrs. Brooks Dozier. The Simonses slipped away after the supper to be on their way to Mexia.

HIRED HELP GIVE US HARD TIME

Washington's bureaucracy has developed a cold-war tactic — not against the enemy, but the taxpayer — which deserves a repeated bludgeoning by the press of the country.

When the bureaucracy wants appropriations for foreign aid — to Tito, Sukarno, Nehru, the UN, the Peace Corps, et al., it speaks in fearful tones of the urgent need to counter the impressive gains the Communists are making about the world. The spectre of Communism gets invoked whenever the bureaucrats are justifying requests of money for any giveaway boondoggle.

But, let some mere citizen who's not on the Federal payroll protest our spineless response to Communist agitation in Panama, in Cuba, in the Congo, in any area of the world and the Bureaucrats promptly accuse the dissenters of aiding Communism and inviting nuclear war.

The bureaucrats would have you believe that you're repelling Communist if you give money to Tito, Sukarno, et al., but charge that you are aiding Communism if you prefer to blockade Cuba, to tell Panama to restore order, or to protect American citizens in Ghana.

And whoever said you can't have it both ways, didn't know Washington.

POST OFFICE LOSES ITS ZIP

St. Louis Globe-Democrat: "The nation's post offices seem to be caught up in the confusion of President Johnson's evolving policies — in which he is promising more of everything to more people while saving them more money, too. Just about a year ago, the Senate passed a money bill carrying extra funds its sponsors said would prevent any cuts in postal service in the coming year. Back in January, Mr. Johnson summoned Postmaster General John A. Gronouski down to his ranch in Texas to discuss Post Office problems and received the promise that employment and red ink would be cut in the postal service — without impairing it. (Now) not only is postal service going from bad to worse as people pay higher postage rates than they have since the pony ex-

PEOPLE — OR PAWNS?

The mere fact that the Senate of the United States is currently debating the justification of trial by jury for certain (but not all) offenders charged with the new crime-to-be "discrimination" shows how far we have travelled down the devious road to a police state.

In treating such offenses as "contempt of court", the Civil Rights Act is itself in violation of the fundamental concepts and traditions of jurisprudence. The Senators are concerned here with no common or garden type of contempt — such as an affront to the dignity or authority of a court — but with trickery. The proponents of this bill are asking that the Congress suspended the age-old protection of the Magna Carta with respect to this particular legislation. This, it is presumed, would permit efficiency and dispatch — the bulwark of the socialist state — in meting out punishment to the large numbers of offenders that are obviously anticipated.

And while the Senators debate the granting of such accommodation to the swarm of Federal "inspectors" and lawyers who would implement civil rights snooping and enforcement, they should well consider where such a concession to absolutism will lead. If trial by jury is rejected in one area, why put up with its delays and inconvenience to prosecutors in others? If we are, by this Act, to invent new crimes and label them contempt of court in the interests of summary punishment, why not blanket the old crimes into this streamlined routine? This is the course of creeping socialism and we may be sure that power-hungry bureaucrats will press their advantage — on and on.

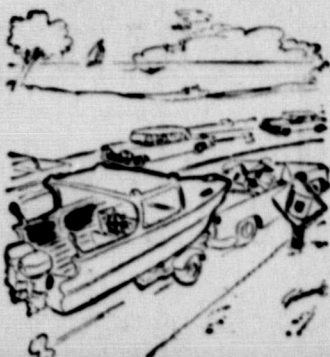

But the hypocrisy of the debate on whether "property rights or human rights" come first goes even further. Contempt of court, under the bill can only assuage injury to human rights up to the cut-off point of a \$300 fine and 45 days in jail. For big offenders, where the injury is deemed too serious for this cavalier treatment, there are other harassments —

press, they are also supposed to add postal zone numbers, even ZIP numbers to their mail to show how ultra-modern they have become."

such as cancellation of Government contracts and/or withdrawal of loans or other assistance under the various Federal programs.

Legislation that presumes to distinguish between property rights and human rights — which are held inseparable by the Constitution — is a logical curtain-raiser for dictatorship... under the age-old justification of maintaining law and order.

My Neighbors

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — State officials have begun the long parade before Gov. John Connally's budget staff and the Legislative Budget Board. From now until summer's end, more than 150 state agencies will give estimates on how much they will need to operate in the 1966-1967 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the Legislative Budget Board.

Auto Thefts — State Highway Department reveals the fact that each year about 17,000 automobiles are stolen in Texas — and 9 per cent are never found!

Until three years ago, scrapped cars — complete

with plates and negotiable ownership papers — could be purchased for \$50. But no more.

To prevent both plates and papers falling into hands of theft rings the Legislature required each salvage yard operator to remove current plates from vehicles purchased as salvage.

Veteran's Land Program — The state's veterans' land program will pay itself out without any pocket-digging by taxpayers, if the Veterans Land Board carries out its planned program of investing its reserves so they will earn interest while being held to retire bonds as they come due.

State Auditor C. H. Cavness took a long look at the program started by voters in 1946 and concluded:

Through the end of fiscal 1963, 31,732 tracts of land were bought by the board and resold to veterans. They totaled 2,771,049 acres

and cost \$216,466,134, averaging \$78 per acre.

About 4,000 of the veterans already have paid off their debt and of the 27,893 still owing the state \$150,244,291, 2,354 are delinquent on their payments.

Cavness said the number of delinquent accounts is down from fiscal 1962, when 3,283 more were outstanding.

There still is a net loss of \$1,151,035 from the "block deals" revealed during the veteran's land scandals. But it looks as though all of the original \$3,500,000 eventually will be repaid.

Screwworm Program — State and federal agencies cooperating in the southwest screwworm eradication program announced that the sterile fly drop pattern, which originates in Mission, has been extended to reach Arizona.

Between March 29 and May 2, only 31 samples were confirmed by state animal

health officials as worms, while 1,280 were classified as screwworms.

Deer Harvest — Estimated 146,315 deer "harvested" in the state during the 1967 season, Parks and Wildlife biologist Rod M... said.

Highest kill was in Gillespie County, with 7,500 bucks killed, followed by Mason County with 7,500 bucks killed. Of the estimated 57,938 deer killed, 57,938 were less deer and 57,938 bucks.

Ask Birdwatchers Aid Disease Study

College Station — Ornithologists and birdwatchers, both amateurs and professionals, are asked to be on the lookout for birds with unusual white or yellow feathers.

Their reporting, explains Wallace Klussmann, wildlife specialist for the Texas Agricultural Extension Service, will supply information needed in an investigation of migratory birds to determine whether or not they are disseminators of certain viral diseases which afflict man.

The unusual feathers are not natural. They were attached to the backs of the birds to make visual observations easy, Klussmann said. The marked birds include orchard orioles, catbirds, indigo buntings and other species. Some were released in British Honduras and others in Louisiana.

If one of the marked birds is observed, your findings, including data on location, date, habitat, weather and other facts should be reported to the Arbovirus Unit, Communicable Disease Center, Atlanta, Georgia 30333.

J.V.Sikes Memorial Fund Established At East Tex. State

Commerce, Texas — A J. V. Sikes Memorial Fund has been established at East Texas State College in tribute to the school's long-time football coach, who died Wednesday afternoon of a heart attack.

The 59-year-old Sikes, one of Texas A&M's all-time athletic greats in three sports and former head football coach at the University of Kansas, suffered the fatal attack on the college golf course and died

an hour later in the Commerce General Hospital.

Dr. Jesse J. Hawthorne, athletic director at E. T. State, announced the memorial fund. Speaking in behalf of Mrs. Sikes, who requested that donations to the fund replace flowers, Hawthorne said persons desiring to contribute could send them to: J. V. Sikes Memorial Fund, Department of Health and Physical Education, ETSC, Commerce, Texas.

Funeral services for the one-time Aggie All-American end were held in the First Methodist Church of Commerce, Friday at 2:30 p.

m. Burial was in Mount Carmel Cemetery at Wolfe City, Texas.

2 OZONANS GRADUATE FROM BAYLOR U.

James Neil Williams, son of Mr. and Mrs. Ben Williams, and Ronald Elwin Beall, son of Mr. and Mrs. Pink Beall, were among the more than 600 Baylor University students to receive degrees at the May 22 annual Spring commencement in the Heart o' Texas Coliseum in Waco.

Eddie Green, Ozona High Band Director, will spend the summer in Dallas.

MRS. SCOTT PETERS HONORED AT COFFEE

Mrs. Joe Davidson entertained a few friends last Tuesday morning with a coffee, honoring Mrs. Scott Peters of Austin. Mrs. Peters, a former resident of Ozona, is visiting here with her sisters, Mrs. Floyd Henderson and Mrs. Jake Short. About 25 friends of Mrs. Peters called during the morning.

Mr. and Mrs. John Horn and daughter, Cynthia, left early this week for Commerce where Mr. Horn will attend summer school at East Texas State.

ONE OF THE REASONS WHY MCGREGOR

IS THE ONLY CANDIDATE FOR WEST TEXANS...

COMPARE LEGISLATIVE RECORDS Qualifications & Accomplishments

MALCOLM MCGREGOR

10 years of legislative leadership. In five uninterrupted terms, McGregor became a leader in the Texas legislature, winning the respect and confidence of his colleagues and of the educational leaders of Texas.

MAJOR COMMITTEE RESPONSIBILITIES

Three of the most important committees in Austin concern (1) Taxation (2) Appropriations (3) Education. McGregor was a prominent member of ALL THREE. Because of his dedicated work, he was promoted to CHAIRMAN of the Education committee and became one of the key decision-makers in the entire state government.

SPECIAL LEADERSHIP ACCOMPLISHMENTS

His statewide reputation as a leader in educational legislation earned for McGregor an appointment to the select Hale-Aiken committee which pioneered the blueprint to modernize Texas schools (1958-59). McGregor co-authored the first Hale-Aiken educational improvement bill to become law (1959). He helped guide all subsequent Hale-Aikin improvements into law (1961-1963).

Richard White

4 years in the legislature. Served two terms, during which he sponsored no major legislation and was a member of no key committees.

MINOR COMMITTEE RESPONSIBILITIES

During his entire time as a legislator, White failed to receive a single appointment to a major House committee.

SPECIAL LEADERSHIP ACCOMPLISHMENTS

None.

HERE'S WHAT EDUCATIONAL LEADERS SAY ABOUT MCGREGOR...

Dear Malcolm:
I recall how often during TSTA's efforts to secure better schools for Texas children, better teaching salaries and a stronger retirement program for Texas teachers, I called upon you for advice, suggestions and frequently for encouragement. I am most grateful to you for your consistent and effective support of these constructive educational bills.
We will miss your leadership in the Texas legislature. . . . You have contributed much to the educational improvement in our state.
Sincerely yours,
L. P. STURGEON, Director,
Division of Public Relation,
Texas State Teachers Association.

A PROVEN LEADER

EXPERIENCED
REPRESENTATIVE

Democratic Run-Off Election June 6th

VOTE FOR

MALCOLM MCGREGOR FOR CONGRESS

(Paid Ad. purchased by McGregor for Congress Committee; Jim Gillam, Chairman)

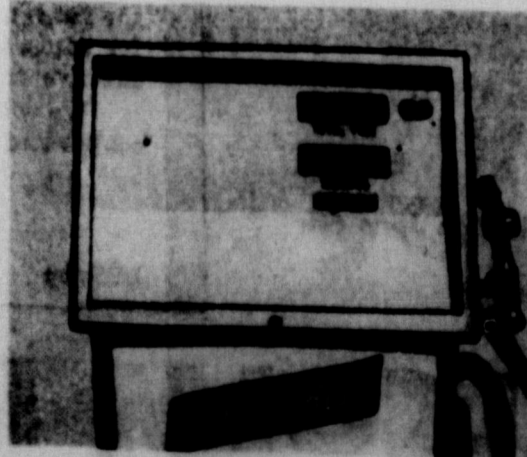

The Turner Brothers, Big Lake oilmen say...

“June 8th, we’re switching our 6 El Paso stations to Shell!”

“On Monday, June 8th, our 6 El Paso service stations in the Big Lake area will be Shell stations. We’re fixing up, painting up, polishing up these stations, getting ready to serve you better than ever.”

If you did business with us before, rest assured that we’ll be aiming to give you the same fine service. Only now, you’ll be able to fill up with Super Shell, and that’s good news for mileage-conscious motorists. So look for the bright red-and-yellow sign of the Shell going up near you.

And make it a point to stop at the clean, white pump and fill up with Super Shell for good mileage.

STATELY MANSIONS

Recognize this building? Whether you live in Yuma or Butte — or Concord or Dallas you know that this is the dome of the Capitol in Washington. And what is more, you would be able to identify the Eiffel Tower or the Taj Mahal without a second glance. All of us are attracted to and enticed by faraway places. And yet we tend to ignore and take for granted things and places of interest and beauty at our very "back door."

Our lives, too, have lofty domes and towers that we may be unaware of. We develop our physical bodies, our personalities, our talents, and we think we've done everything necessary for happy living. Yet it is a fact that unless the higher, spiritual life of man is developed also, lasting happiness is impossible. And when we live entirely on the materialistic level, we are only half alive.

Open your eyes and look to the Light. Discover your full potential by joining and supporting the church of your choice.

Congressman ED FOREMAN Reports

Socialism Enters Tax Door

Norman Thomas, former presidential candidate for the socialist party recently said that the original goals of that party have been achieved in the U. S. — that the government has taken over the direction of our economy.

Labor Secretary Wirtz reported that 1 of every 8 U. S. factory workers is employed on government work, as were more than 1/3 of all technical and professional workers. 5.3 million people, 1 out of every 13 working men and women, are paid from Washington. The Atomic Energy Commission is the nation's largest consumer of coal, electricity and water; and it owns and uses more machine tools than General Motors, Chrysler and Ford combined.

The U. S. Army is the biggest buyer of lumber, cloth, shoes, and shirts. In fact, the Defense Department just estimated the value of its property and equipment at \$171 billion, and it is adding \$6 billion per year. To do this, the Department requires more money than the entire before-tax income of all the corporations in the U. S.

Add to this the fact that the government owns one-third of the land in the country (800 million acres), 421,000 buildings and leases thousands more, and has strong controls over almost every aspect of business in the country, we must ask,

how free are we? Mussolini took only 40% of corporate profits, Hitler, only 45%, yet the U. S. takes 47% and then taxes these profits again when they are distributed to the stockholders as dividends. The government spends \$260 million a day, \$30 million on hour or more than \$500,000 a minute.

Indeed, Norman Thomas has a point; maybe — through the tax door — we've been made into a Nation of Socialists after all. For certainly at this point, it is absolutely impossible to say whether we're working for the government or the government is working for us.

The Warren Commission

Though the Chairman of the Committee investigating the death of the late President John F. Kennedy told the American people that they may never learn some of the evidence uncovered by the committee because of its sensitive nature, that committee has hired a consultant who has repeated associations with communistic front organizations. It was learned last week that Professor Norman Delich, a \$100-a-day consultant to the commission, is a leader of three organizations cited by the House Un-American Activities Committee as being communist fronts. The executive director of the investigating commission said that it was the practice of the commission to hire first and investigate later.

Mrs. Hubert Baker reviewed the latest Allan Bosworth's latest book, "Ozona Country" which was greatly enjoyed. Mrs. Floyd Henderson gave the invocation. Others present were Mrs. O. L. Sims, Mrs. John Bailey, Mrs. Roy Thompson, Mrs. J. A. Fussell, Mrs. Bailey Post, Mrs. J. W. Henderson, Jr., and a guest and former member, Mrs. Scott Peters of Austin.

LEATHER THONGS \$2.00 pair at Ozona Boot & Saddlery.

Mrs. Hurst Meinecke will be in Austin this weekend to attend the graduation of her sons, Bill and Bob, from the University of Texas.

FOR RENT — Furnished houses. Bills paid. Jim Meador. 1209 Ave. G. Phone 2-3492. 6-14tp.

DUPLICATE BRIDGE CLUB

Winners in Tues. night's Duplicate Bridge Club, meeting at the Ozona Country Club, were: First, Mrs. Jack Wilkins and Mrs. Henry Miller; second, Mr. and Mrs. Evert White; third, Mrs. Joe Pierce, and Mrs. J. M. Baggett; and fourth, Mrs. Jess Marley and Mrs. W. E. Friend, Jr.

Mr. and Mrs. Roy Killingsworth have been in Dallas since last Saturday with their son, Roy Neil, who has been critically ill at Parkland hospital. Roy Neil is a first year student at Southwestern Medical School in Dallas and was reported improved Wednesday.

FOR SALE — Residence lots in Chandler Heights and Chanderdale addition. Restricted and unrestricted home sites. Cash or terms. Call 392-3231. 51-1tc

Mr. and Mrs. G. K. Mitchell had as guests the past week-end Mr. and Mrs. N. M. Mitchell and Mr. and Mrs. N. M. Mitchell, Jr., all of Sanderson and Rev. nad Mrs. J. W. Byrd of Van Horn. They were here to attend graduation exercises.

Miss Geneva Knox and Miss Lucille Farmer have left Ozona to spend the summer in Ft. Worth. Miss Farmer was in Dallas Monday to be with Mr. and Mrs. Roy Killingsworth who have been at the bedside of her son, Roy Neil, critically ill at Parkland Hospital.

WOMEN'S GOLF ASSN.

In Ladies Golf Assn. golf play last Thursday the winners were: low net on the club trophy, Mrs. Roy Thompson; low putts on the Mitchell trophy, Mrs. Jess Marley; winning balls for the day's play were Mrs. Dempster Jones and Mrs. Jack Baggett. Other players were Mrs. Tom Mitchell, Mrs. J. M. Baggett, Mrs. Jimmy Barbee and Mrs. Mike Clayton.

COUNTRY CLUB POOL OPEN TODAY

The Ozona Country Club swimming pool, after undergoing cleaning and a new paint job, will be open to country club members beginning today, the club management announced.

Mr. and Mrs. Ron Murdock left this week for Denton where they will attend summer school at North Texas State University.

PUMPVILLE NEWS — THE HOBBY CLUB

The Hobby Club met in the home of Mrs. E. P. Bradford, with Mrs. W. A. Arledge as co-hostess. A lovely covered dish luncheon was served, each member bringing a dish. Ham and fried chicken were main course dishes.

During the business meeting, several projects were discussed, among them the annual trip. Mrs. S. H. Oakley won the door prize. A social hour followed.

Guests included Mrs. L. H. Oakley, Mrs. Claude Ditmore and Mrs. E. B. Renfro. Members includes Mmes. Dewey Word, Monk Cain, Pat Smith, Newman Billings, Jimmy Randle, W. A. Arledge, T. H. Eastman, E. P. Bradford and Andy White.

QUOTES:

We're supposed to believe that U. S. intelligence forces know exactly what is going on behind the iron curtain, but the Bobby Baker case proves we don't even know what is going on right in the Capitol Building! (Congressman Ed Foreman).

Suicide Is Tenth Leading Cause Of Death In Texas

College Station — The tenth leading cause of death in Texas last year was suicide.

This grim reminder comes from Patsy Reynolds, Extension family life education specialist at Texas A&M University.

"It's ironic in a time when we spend so much money and have made so much progress against dread diseases such as tuberculosis that suicides should outrank deaths from many of these diseases," the specialist said.

Records of the Texas

State Department show that men took their lives three times as frequently as women. Six percent of the white race were of the period from 45 to 60 years of age produced the most deaths.

These facts support national research on the subject, Miss Reynolds explains. The typical age appears to be a white male between 45 and 55, and the time of suicide appears to be between seven and o'clock on a bright Monday morning. He probably has a family, but no close friends. He may belong to a club, but the chances are he doesn't attend regularly.

Crockett Co. 4-H Judging Teams Wins Award In Concho Co. Contest

Crockett county 4-H judging teams competed in the Concho county judging contests at Paint Rock last Saturday and came home with a number of awards. The senior team of David Jacoby, Rex Bland, Hugh Coates and Jack Applewhite won the wool and mohair judging contest, placed third in grass judging and were third over-all in all contests.

The junior team of Duwain Vinson, Fred Deaton, Alton Everett and Cuatro Davidson won third place in grass and had the fourth over-all high team in all contests.

David Jacoby was third high individual in grass judging and won third high over-all award. Rex Bland was fourth high over-all individual. In addition to wool mohair and grass, the teams judged sheep and goat classes.

Sutton county had both

senior and junior high over-all judging teams of the contest. About 130 contestants competed in the judging contests. Lellee Mitchell, Diltzie Bland and Miltzi Friend also competed in the contests.

Local contestants were accompanied to Paint Rock by county agent Pete Jacoby and adult leaders Tom Everett, Mrs. Taylor Deaton, Mrs. Duwain Vinson, Charlie Boy Davidson, Bill Friend and Mr. and Mrs. G. K. Mitchell.

Other contests on schedule for the local 4-H teams are the state wool and mohair judging contest at San Angelo next Saturday, May 30; the state grass judging contest at Texas A&M on June 3; wool and mohair, grass and range judging contests at Junction on June 5 and Sonora Wool Show judging contests at Sonora on June 10.

3 Ozona Students Receive Degrees From Texas Tech

Texas Tech will confer a record number of diplomas during spring commencement exercises at 8 p. m. May 30 in Lubbock Municipal Coliseum.

Approximately 1100 students are degree candidates for the graduation ceremony, which will feature an address by Dr. Joseph Royall Smiley, president of the University of Colorado, Boulder, Colo.

Among the candidates for degrees are the following students from Ozona: School of Arts & Sciences:

Joe Warren Friend, Bachelor of Arts, Major in Spanish. Joe is the son of Mr. Joe Friend and the late Mr. Friend.

J. June Childress Bunger, Bachelor of Science in Education, major in history. She is the daughter of Mr. and Mrs. George Bunger.

School of Agriculture: Kenneth Ray Deland, Bachelor of Science in Soils. He is the son of Mr. and Mrs. Ray Deland.

Ronald Carnes, son of Mr. and Mrs. S. E. Carnes of Ozona and now serving in the U. S. Air Force, is home on leave.

Mrs. S. M. Harvieck is back home after undergoing surgery on her foot in San Antonio.

Tommy Fields, son of Mr. and Mrs. A. O. Fields and a student at Texas Tech, is home from school for a few days visit with his parents.

Gary Fife, Ozona High School Shop teacher, left this week to spend the summer at his home in Van, Texas.

WINS BULOVA WATCH

Mrs. Vicki Good Lovell, a member of the 1964 Ozona High School graduating class, won the beautiful Bulova watch offered by Baker Jewelers of Ozona in an annual contest.

Numbers corresponding to members of the graduating class are placed around the face of a spring wind clock in the store. The clock is then wound and the graduate on whose number the minute hand stops when the clock runs down is declared the winner.

Miss Jayne Cole Is Honored At Tea

Miss Jayne Cole was honored with a tea Saturday afternoon in the home of Mrs. Joe Bean.

Greeting guests at the door were Mrs. J. B. Miller, Jr., and Mrs. Bill Cavanaugh.

Receiving with Mrs. Bean in the living room were Miss Cole, her mother, Mrs. Dan Cole, Mrs. Carl Montgomery, Mrs. M. C. Couch, Mrs. Homer Wood, Mrs. Pat Wood and Mrs. Arthur Wood of Ballinger, aunts of the honoree.

Miss Marian Ross registered the guests. The tea table was laid with a white linen embroidered cloth centered with an arrangement of yellow and white gladioli and carnations in a silver epergne.

Serving were Mrs. Brent Moore, Mrs. Robert Montgomery and Mrs. Jack Aden of Uvalde. Assisting in the dining room were Miss Beverly Upham, Miss Ginger Glynn and Miss Kathy McAllister.

Miss Janet McAllister furnished background music during the tea hours.

Hostesses assisting Mrs. Bean were Mrs. Bill Cavanaugh, Mrs. J. B. Miller, Jr., Mrs. Mitchell, Mrs. George Glynn, Mrs. George Hester, Mrs. Norman Upham, Mrs. Walter Sparks, Mrs. Jack Minica, Mrs. Alberta Ross, Mrs. Huey Ingram and Mrs. Troy Williams.

CANCER SOCIETY MEMORIALS

The following memorial gifts have been received by Mrs. Glenn Sutton, chairman, for the 1964 Cancer Crusade:

Now Best Time For Aerial Spraying To Control Mesquite

By Sam Fitzhugh Area Conservationist SCS

Leaves of mesquite trees have reached the stage of growth this year to be at the point for most effective aerial spraying. A period of 40 to 90 days after the last frost is generally needed to allow maturing in size and greening in color of mesquite before they are in the best condition to be sprayed. If sprayed earlier, the chemical would not reach later growth. Spraying later would result in less effective intake of the chemical by the leaves.

This method, with its average cost of \$2.70 an acre, is one of the cheapest at the present time. While it gives only 15-20 percent rootkill, it can reduce the intake of water and plant food by the top kill of 85 percent or more. This reduction in moisture use, even in these times of low rainfall, should allow for greater grass growth than would have been the case were the mesquite not sprayed.

This fact is brought home to us when we realize that a mesquite trees uses about 2400 pounds of water per pound of dry matter produced while grass uses only from 325 to 900 pounds of water per pound of production.

Research and practical experience has shown that deferred grazing following any type of brush control will laid in benefitting the land. Deferment allows the grasses to grow, mature and make seed while competing with the weakened mesquite brush stump for moisture and plant food. Too, this grass grown in the first growing season can add greatly to the overall effectiveness of the brush control method used.

Follow-up measures in 3 to 5 years after aerial spraying are needed to further reduce the competition

MAKES DEANS LIST

John R. Jones, son of Co. Judge and Mrs. Brock Jones of Ozona, a student at Texas Tech in Lubbock, was on the Deans' honor list for the last semester at Tech. Students with no less than a B average are included on the Dean's list for outstanding scholastic achievements.

Young Jones also was recently inducted into Sigma Delta Pi, honorary Spanish language society. He plans to attend summer school at Tech this summer and will go with members of a Spanish class to Mexico City for special studies in Spanish.

Pam Jones, daughter of Mr. and Mrs. Dempster Jones of Ozona, and a student this year at Sul Ross, is home to spend the summer with her parents.

Crime —

(Continued from Page One)

The meeting was so sudden and the car going so fast that he was unable to read the license number. He pursued the car south to U. S. 290 and it turned east and beat Brad to the traffic light. At the light, Brad saw the car turn south on 10th street at the Wood-

Again Brad outfigured the bandits. He figured they would again make for a main highway and instead of pursuing them, he turned south on 163. Sure enough, he again met the speeding car head on and pursued them far enough to get the license numbers.

He hastily returned home and phoned Sheriff Billy Mills' office. A radio broadcast description of the car, the license and its occupants immediately went on the air.

Deputy Von Parker, cruising south of Ozona, heard the broadcast and in a few minutes saw the car coming his way from Ozona. He stopped the car and turned it back to Ozona.

A search of the car's trunk revealed several stolen tires and other articles which the boys had picked up along their route from Wichita Falls. They were headed for Mexico, they said.

The boys ranging in ages from 14 to 19, were jailed here until the father of one came for them. After being lectured by the local sheriff's department, by the father who came for them and, most likely, by other parents and officers along their route, the boys perhaps will be convinced that crime does not pay.

Two of the older boys had had minor brushes with the law but had not committed any major crimes. They will be investigated by officers in all towns where thefts occurred. A promise was made by the boys and their parents to return all stolen goods.

And Earnest Dunlap got back his gasoline can — and the gasoline it contained. Again, thanks to Brad Harris.

Little League —

(Continued from Page One)

In the Monday night contest, Ozona Oil ended the game in four innings by crushing Moore Oil 11 to 1 on the ten-run rule. Moore was the only team in the league to defeat Ozona Oil this season and the win for the Oilers served as some measure of revenge.

The game had been expected to be a duel between the Oilers' Donald Huff and Moore's Walter Higginbottom but the Moore's little right hander did not have his usual stuff Monday and was racked early by the hard hitting Oilers.

Moore got a split on the week's games by downing B&B 20 to 17 in a wild contest. Davidson was the winning pitcher and McBroom was the loser.

Mason Motors handed the B&B Grocers second loss of the week Monday night in a game called at the end of four on the ten-run rule. Mason winning 13 to 3. Daniels was the loser and Southard the winner. Daniels deserved a better fate than came his way, however, as most of the first eight runs scored against him came as the result of poor fielding rather than base hits.

Teachers Enjoy Barbecue Supper

Ozona teachers and their families living in the School homes on the South Side of Ozona observed their second neighborhood chicken barbecue on the occasion of the closing of the Ozona schools for the summer.

W. C. Owens barbecued the chickens and all those attending brought covered dishes for the meal held on the Owens lawn.

Following the meal, the group played bridge, dominoes, and horse shoes as entertainment for the evening.

Mr. and Mrs. J. P. Pogue will be in San Marcos this weekend to attend the graduation of their daughter, Margo, from Southwest Texas State.

Woman's Club —

(Continued from Page One)

were passed out to all members.

The club voted to change its monthly meeting dates from the fourth to third Tuesday in each month.

The service of installation for the new officers was conducted by Mrs. Taylor Word, parliamentarian. Each outgoing officer was presented a red carnation with words of gratitude for service to the club, and each new officer, as her duties were outlined, received a carnation which they, in turn, presented to the new president, Mrs. White, as a pledge of support for her coming term in office.

Mrs. West, outgoing president, was presented with an inscribed silver sandwich plate and water glass as a token of appreciation from the club. She gave each of her officers a gift of remembrance.

Mrs. White chose as her theme Philippians 4:8: "Finally, brethren, whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is anything worthy of praise, think about these things."

Other projects of the club will be donations to local fund drives, Christmas box to the State Orphanage at Corsicana, the annual clean-up and litterbug campaign, donations to District, TFWC and GFWC maintenance funds and the CARE program.

Other officers installed were: First vice president, Mrs. L. B. Cox, Jr.; recording secretary, Mrs. Stephen Perner; corresponding secretary, Mrs. Taylor Word; treasurer, Mrs. Ivy Mayfield; publicity, Mrs. Roy Killingsworth; parliamentarian, Mrs. O. D. West.

General Federation chairmen are: Conservation of natural resources, Mrs. Bailey Post; education, Mrs. J. A. Fussell; fine arts, Mrs. Charles Williams; S. Home life, Mrs. Roy Thompson; international affairs, Mrs. Joe Pierce, Jr.; public af-

airs, Mrs. B. E. Ingham, Sr.; TFWC Texas Heritage, Mrs. N. W. Graham and Mrs. Will Baggett.

Standing committees are: Program and yearbook, Mrs. L. B. Cox, Jr., Mrs. Taylor Word, Mrs. Ira Carson, Mrs. C. E. West, Mrs. O. H. Goodman, Finance and projects, Mrs. Ivy Mayfield, Mrs. J. W. Henderson, Jr., Civic, Mrs. Evert White, Press book, Mrs. Thompson, Federation counselor, Mrs. V. I. Pierce, Entertainment, Mrs. Eldred Roach, Mrs. W. T. Bradbury, Mrs. Hillery Phillips, Mrs. Hubert Baker, Mrs. Max Schneemann, Mrs. Doyle Perdue and Mrs. Frank McMullan.

Mr. and Mrs. Charles Womack and children spent several days this week visiting the Big Bend National Park. Mr. Womack will be the manager of the South swimming pool this summer.

Crockett Ranchers May Buy Land they Thought They Owned

Austin — Prices were set recently on seven tracts of state school land in West Texas, to allow those who thought they already owned it to buy it from the state.

Values were set by the state school land board, after appraisals were made by the staff. Prices apply only to the surface, with the state retaining the minerals.

Joseph B. Couch of Ozona got the right to buy a vacancy of 120.2 acres in his ranch in Crockett County at \$10 per acre.

Land was described as rough, stony mesquite hills.

Roy Henderson of Ozona, who owns the adjoining place, got permission to buy 117.8 acres of the vacancy at the same time. But the board was told the Couch

and Henderson are not agreed as to where the fence should be between them.

The other vacancy up for price-setting was a long narrow strip near U. S. 290 in Pecos County, which will be sold to Paul B. Hinyard at \$7 per acre. It was described as rough, hilly land.

The vacancy contains 37.59 acres.

The other three price-settings involved "excess acreage," where surveys revealed more land in a section than had been paid for when it was originally bought from the state.

B. C. Maxwell of Pecos got the right to buy 9.75 acres in Reeves County at \$60 per acre for the surface and \$60 for the minerals. The land was described as being adaptable to irrigation.

Walter C. Dunlap of Ozona got the right to buy 5.9 excess acres in Terrell County at \$76 per acre, \$50

CROCKETT RANCHERS MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since 1964:

Mr. and Mrs. W. B. Montgomery in memory of J. V. Sikes of Crockett, Texas — brother of T. Sikes and in memory of Mr. J. M. Cody of Texas — father of E. Cody.

Mr. and Mrs. W. T. Burby in memory of V. Sikes.

Richard Sikes, and Mrs. L. B. Sikes a student at East Texas State in Commerce, work at Harrison Station until fall.

for oil and gas and the surface; and the excess of 4.3 acres in Terrell County at \$75.50 per

PATTERNS FOR PROGRESS

RAW MATERIALS

... direct step in industrial development Many industries locate near the raw materials used by them and are seen throughout the WTU service area. One example, pictured above, is the carbon black plant of United Carbon Company at Shamrock.

This flourishing petrochemical plant has become an important addition to the economy of this Texas Panhandle town. Such development anywhere creates new jobs, brings more payrolls, and adds many other advantages such as helping to provide new schools like the one pictured left.

Again, here is a PATTERN FOR PROGRESS.

In Texas the annual value of raw materials produced is \$700 per capita, while the value added by manufacture is only \$600. Contrast this with the highly industrialized state of Ohio. There the annual value of raw materials produced is \$125 per capita, while the value added by manufacture is \$1330.

Thus, as these figures show, additional processing of raw materials is the most direct way to sound industrial development. Communities seeking new industry will find that an assessment of local raw materials is the vital first step.

WTU is proud to be a part of your community
