Undershower Drops 1.6 Rain; Cuts Damage

Windy and windy and thunderstorm struck with vicious intensity about two o'clock Wednesday afternoon and in an hour's time dumped a deluge of 1.6 inches of rain, pinpointed lightning strikes in the city, overturned a house, and sent persons to the hospital treatment of injuries sustained when flying tin on the roof of Powell grandstand struck a car.

Helen Hayes, daughter of Mr. and Mrs. Jerry Sikes, suffered a deep cut on her arm and shoulder received first aid treatment at the Crockett County Hospital. Mr. and Mrs. Sikes and their three children, Helen, Mary Jo and Peggy, were riding in a car while the storm raged under way and as they left the grandstand, a tin on the roof was blown against their station wagon, knocking out most of the glass and injuring several people. Other members of the family escaped without injury.

Powell Field grandstand was completely roofed in by the wind blast, the tin tearing away tin and leaving only the posts and timbers. The deluge, which made it difficult to see out of streets and ran down the street, was accompanied by a nerve-racking display of lightning and thunder. Several lightning strikes destroyed various parts of town made but so far as is known no property was damaged.

Roof Burned In Ice Station Friday

Richard Sikes, son of Mr. and Mrs. L. B. T. Sikes, was painfully burned Friday when a radiator on his over heated car spewed scalding water into his eyes, who is a student at Texas State in Commerce, is working for Harco's Gulf station this summer, and had carefully removed the cap on the radiator without any apparent overflow, but after the radiator was off Sikes peered into the opening to see if the water level was the radiator suddenly erupted.

Sikes was rushed to the Crockett County Hospital where he was treated and released after one-day stay. Sikes and young Sikes were confined to face and young Sikes were treated to work this week.

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted to hospital since June 16th:
Mrs. J. K. Sparks, medical; Karen Moody, medical; Richard Sikes, accident; Stanley Najjar, Jr., obstetrical; Molly Womack, medical; Grant Hickman, medical; Mrs. Fred Hickman, medical; Joe Couch, medical; Emmett Lowell, medical; Miss Wanda Watson, medical; and Clara Sikes, surgical.

Patients dismissed: Mrs. Brown, Earl E. Johnson, Borrego, Kathleen Brigg, Mrs. J. K. Sikes, Karen Moody, Richard Sikes and Joe Couch.

Several sugar maples grow in Ozona.

Sterling Girl Is Miss Wool - Cheryl Clayton Runner-Up For Miss Wool Of Texas

Miss Cheryl Clayton, daughter of Mr. and Mrs. Joe Clayton of Ozona, was chosen first runner-up in the Miss Wool of Texas contest held in Odessa last week as Lydia Allen, of Sterling City, was chosen Miss Wool of Texas.

Cecilia Young, of Sonora, was second alternate and Penny Ann Owens of Ft. Stockton was presented the Miss Friendship award.

Selections were made at the Miss Wool Pageant held at the Ector High School Auditorium Saturday night before a near capacity house.

Activities for the 13 girls entered began last Thursday morning, with a heavy schedule of parties, dinners, public appearances, fittings and rehearsals before the final show Saturday night.

The new Miss Wool of Texas is the daughter of a ranch family from Sterling City, and graduated this spring from Stephens College in Missouri, where she majored in fashion and retailing.

Lions Asked To Enter July Rodeo

Young rodeo performers were advised this week that entry blanks are now available at the Ozona Boot & Saddlery or at the Ozona Chamber of Commerce. Officials urged those who plan to enter this year's rodeo July 16, 17, and 18 to do so as soon as possible.

Lions Club rodeo officials also ask local citizens who will have space available in their horse pens during the rodeo and who would be willing to let visitors use such space, to get in touch with Mrs. R. L. Bland as soon as possible.

Crockett Strike Opens Canyon In Strawn Field

Crockett County gained a discovery, a confirmer was completed, an extension was indicated to one field and an outpost slated to another.

The Joe "T" (Strawn) field of Crockett County gained its second pay, the Canyon sand, with dual completion of Signal Oil & Gas Co. No. 1 E. G. Baggett, recent third Strawn producer and location southeast and southwest extension to that pay, 10 miles south of Ozona.

It was finalized for a calculated, absolute open flow of 1.6 million cubic feet of dry gas per day through perforations at 7,973 to 8,417 feet, which had been acidized with 2,000 gallons and fractured with 40,000 gallons and 43,000 pounds.

It was finalized May 20 from the Strawn for a calculated, absolute open flow of 11 million cubic feet of dry gas per day through perforations at 9,235 to 9,329 feet.

Total depth is 9,430 feet. (Continued on Last Page)

The new Miss Wool will make some 75 fashion appearances throughout the state this fall. She received a 62-piece woolen wardrobe the use of a new car and a one-year college scholarship, plus the trophy.

Miss Clayton will be a Sophomore at S. M. U. next fall and is a graduate of Ozona High School and like Miss Allen is from a ranching family.

Ozonans who watched the news programs on the Odessa Station, or the noon show last Friday from Midland, found that the cameramen had taken numerous shots of Cheryl and other contestants, as well as several interviews.

This year's show marked the first time the Miss Wool contest had been held outside of San Angelo and its success in Odessa might be an indication that it will be held there again next year. The Ector Auditorium was filled to near capacity for the show Saturday night.

Two Wildcats, Re-Entry Slated In Crockett Co.

Brandywine Oil Co., Midland, will drill an 8,200-foot wildcat in Crockett County, 13 1/2 miles north of Ozona, 3/4-mile northeast of the Ellenburger opener of the depleted Ozona, North (Ellenburger) field and five miles west and slightly north of the one-well Buckhorn (Ellenburger gas) field. It is the No. 1 W. E. West.

Location is 1,980 feet from the south and west lines of 22-AB-GC&SF. Ground elevation is 2,558 feet.

The Ellenburger opener, Pan American Petroleum Corp. No. 1 West was finalized Nov. 15, 1954 for 256 barrels of oil through a 16-64-inch hecke and perforations between 8,072-88 feet. It became depleted and was re-entered in 1957 and tested unsuccessfully through Pennsylvanian and Permian perforations.

The upper Pennsylvanian opener, Pan American's No. 2 West, a depleted Ellenburger producer, was finalized June 12, 1955 for 182 barrels of oil through a 14-64-inch choke and perforations between 5,934-45 feet.

Texaco Inc., Midland, will drill the No. 1-C E. Davidson, an 8,850-foot Ellenburger wildcat in Crockett County, six miles southeast of Ozona, 3/4-mile east-southeast of Ellenburger gas production in the Ozona, East multipay oil and gas field and five miles west-southwest of the two-well Clayton Ranch (Ellenburger gas-distillate) field, but separated by failures.

Location is 660 feet from the north and west lines of 5-KL-GC&SF.

I. W. Lovelady, Odessa, No. 1 Todd, in 55-UV-GC&SF, Crockett County re-entry operation, 24 miles northwest of Ozona and 1/4-mile south of Grayburg gas production in the Donham field, swabbed 10 barrels of acid water with a good show of gas in 10 hours through Wolfcamp perforations between 6,819 - 995 (Continued on Page Three)

Civic Center Bonds May Be Approved Soon

The \$125,000 bond issue approved by Crockett county voters more than two months ago, is finally about to reach the stage of final approval by the Attorney General's department and the Commissioners Court of Crockett county may then launch its first move toward actual construction of the much needed coliseum-auditorium or civic center.

The bonds, approved by voters April 18, have about traversed the long process of formal orders by the county Commissioners Court, advertising their sale and sale of the bonds, their printing and then approval by the Attorney General, after which, proceeds from their sale will become available for expenditure.

The bonds were sold May 5 to Underwood Neuhaus Co. of Houston at an average interest rate of 3.02886 percent, the issue to be retired in ten years.

Meanwhile, a lot of preliminaries are yet to be completed by the Commissioners Court before an actual construction contract can be awarded.

Dick Henderson, Crockett county ranchman and public spirited citizen, has offered to donate the site for the center at the corner of First Street and Avenue H, across the street north from the football stadium, and formal signing of a deed to the land to the county is expected to be completed in the next few days.

Hiring of an architect to draw plans and specifications is next in the process and this the court is expected to consider soon. Jack McDermott, San Angelo architect, worked with the citizen committee which studied Ozona's need for a civic center and launched the move which led to the approval of the bond by voters. Mr. McDermott drew preliminary plans which met the approval of the committee after study and alterations and this plan, along with any which may be submitted by others, will be available for the court's study.

Mrs. Boyd Baker, chairman of the civic center committee, which was made up of representatives from the various civic groups in Ozona, expressed hope that the coliseum can be completed by early fall.

Country Club Annual July 4 Membership Tourney Planned

The Ozona Country Club will stage its annual July 4th Golf Tournament and barbecue next week for its members.

The tourney will have four divisions one of which the women's will be held on Friday July 3rd.

The boys' tournament will be divided into two divisions with boys below their sophomore year in one group and those through high school in the other.

The men's division will have 27 holes of medal play, all of which will be staged on the fourth.

Plans for the day's entertainment are not yet completed but will be so in the next few days, according to club officials.

Mrs. John Griffin and children are here from Andrews for a visit this week with her parents, Mr. and Mrs. A. O. Fields.

Immunization of Pets Scheduled Following Rabies Outbreak Here

Quarter Horse Assn. Meet And Show Set Here

What is described as an "old fashioned membership meeting" and "friendly horse show" will be held by the Quarter Horse Association of West Texas in Ozona Saturday, July 11, Bud Cox, a member of the Association, announced here this week.

The horse show will be open to members of the Association only and a unique feature of the show will be the method of judging. An individual will be picked to make the first judging decision. Then each winner in turn will judge the next class, and so on through the show.

In addition to a full slate of halter classes, to be judged during the morning, there will be performance classes and matched team typing and matched calf roping for Association members only during the afternoon. There will be a barbecue dinner for all local and visiting members at the noon hour.

The show and barbecue dinner will be held at the fair grounds park here.

Following the show and afternoon performances, the Association's board of directors will meet during the evening. The racing committee and the sales committee will also meet at night.

(Continued on Page Three)

Crockett Delegates Report On State G. O. P. Convention

Delegates from the 16th Congressional District at the recent state Republican Party convention in Dallas were enthusiastic supporters of Senator Barry Goldwater of Arizona as the party's nominee for president, and for Congressman Ed Foreman, incumbent 16th District Representative in the national Congress. Mr. and Mrs. John Lee Henderson, who attended the convention as delegates from Crockett County, report.

"It was all Goldwater," Mrs. Henderson said in describing the sentiment of the convention. Congressman Foreman, she said, was one of the big hits of the convention when he delivered an address before the delegates. He was the only figure, besides Goldwater, to receive an enthusiastic demonstration when he was introduced, she reported.

Delegates named from the 16th District to the National convention were Rudy Juedeman of Odessa and Thad Smith of El Paso. Delegates at large will be Ed Foreman and Rea Nesmith of El Paso.

CROCKETT CO. HOSPITAL MEMORIAL FUND

Office supplies at the Stockman office.

Nearly a dozen people in Ozona are now or have been taking shots for the prevention of rabies, due to exposures in an outbreak of the dread disease in the area in the last few weeks.

At least three positive cases of rabies in or near Ozona have been identified in the last few weeks, with two cats and one dog having been found with the disease.

F. B. Urges Feds To Take Over Finance Screwworm Program

Waco — Texas Farm Bureau President C. H. DeHoney said federal funds for screwworm eradication should be increased from \$2.75 million to \$5 million annually, without a matching requirement, since the program is now international in scope.

The American Farm Bureau Federation board of directors has added its support to the program by requesting such an increase, DeHoney said. The TFB leader, a member of the AFBF board, has long been active in the eradication campaign, having served as chairman of the group which established the Southwest Animal Health Research Foundation to fight the screwworm.

Since the southwest eradication program began more than two years ago, the campaign has been termed "fully effective." Program officials now propose establishment of a buffer zone of several hundred miles in Mexico to prevent reinfestation. Cost of this is estimated at about \$5.5 annually.

DUPLICATE BRIDGE

Winners in Tuesday night's Ozona Duplicate Bridge Club play were:

A tie for first place between Mrs. Wilma Hayes and Dr. W. B. Robertson, and Mrs. Jake Short and Mrs. Robert Cox; third place, Mrs. Pete North and Mrs. John B. Hemphill; fourth place, Mr. and Mrs. Evart White, and fifth, Mrs. Jack Wilkins and Mrs. J. T. Dockery.

Wildcat Shows Oil; Gas Production In Ozona Extended

Jack N. Blair, L. R. French Jr., and BTA Oil Producers, Midland, No. 1 Shannon Estate, in 36-1-GC&SF, Crockett County Ellenburger wildcat, 14 miles east of Iran and 1 1/2 miles southeast of the Escondido (lower Pennsylvanian and Fusselman) field, has indicated production in the Fusselman with the recovery of 200 feet of heavily oil and gas-cut mud on a drillstem test.

Tool was open 1 1/2 hours on the test taken between 8,651-671 feet. Flowing pressure was 13-53 pounds; 30-minute initial and final shut-in pressure, 2,473 and 1,343 pounds, respectively.

Drilling continued below 9,025 feet in lime and shale on a 9,500-foot contract.

Pan American Petroleum Corp. No. 1 E. H. Chandler, in 25-OP-GC&SF, 3 1/2-mile south extension to oil production in the Ozona Northwest (Canyon oil and gas-field) of Crockett County (Continued on Last Page)

State health authorities advised local officials this week, that a large number of positive cases were being found in the area southwest to east of San Angelo among both domestic and wild animals.

Through arrangements made by Pete Jacoby, County Agent, a veterinarian, Dr. Joe David Ross of Sonora, will be in Ozona at the Vocational Agriculture building at Ozona High School at 10 a. m. Friday morning to vaccinate animals for rabies.

Rabies shots can protect animals up to three years, and owners are advised of the danger present in unprotected animals.

The shots which are normally \$3.00 will be given for \$2.00 to all who bring their animals to the Vocational Ag building. The building is located just east of the tennis courts, the first building on the right going up Rugged Road.

A large number of unvaccinated pets are now present in Ozona, which if infected could be dangerous particularly to children. Owners of pets were being cautioned about the danger or rabies by health officials this week and urged to take advantage of the opportunity to have them immunized Friday.

Last Half LL Title On Line In Game Tonite

By Ernie Boyd

The second half Little League title will be on the line tonight, when the Moore Oilers, leading in the second half chase, meet the Ozona Oilers, first half champions and now challenger for the second half lead.

Moore Oil went into the week's play with a two-game lead but had a rough week of it, as the tail enders took dead aim at the leaders and dumped them once and narrowly missed the other time.

Last Thursday Moore met Mason and it took two runs scored on a wild pitch and a wild throw with two outs and two strikes on the final batter to give them a 10 to 9 win over the stubborn Motor Co. lads.

Guy Hester picked up a single, a double, and a home run to lead Mason to the near upset with the homer tying the score in the bottom of the fifth. It came with one man on.

Arturo Torres, even though hit hard, picked up the win for Moore Oil in a relief job, while Glyn Southard got the loss, also in a relief role.

Monday night, the Moore team ran afoul the B&B Grocers, and although they scored 19 runs, they never were very close to the Grocers except in the third inning when they tied the score at 5 and 5 and brought in Mike Womack to pitch for the Grocers.

B&B jumped all over Moore for four runs in the fourth and three more in the fifth while Mason got one in the fourth and four in the fifth before being retired in order in the sixth. Ozona Oil pulled to within one game of Moore but (Continued on Last Page)

BLACK WEDNESDAY

"June 10 is certain to be recorded in history as 'Black Wednesday,'" writes Washington Correspondent McLellan Smith editorially in the Delaware State News of Dover, Del.

"For it was on that date the august United States Senate, by invocation of cloture to limit debate on the so-called Civil Rights bill, took a long stride toward the police state, carrying out large chunks of our individual rights and liberties, with Washington bureaucrats, supported by the Department of Justice, regulating much of our private lives.

"When the measure finally becomes law," continues Mr. Smith "thousands of US Marshalls plus other thousands of troops will be needed to enforce its provisions that are obnoxious to a vast majority of our citizens. We stand firmly behind the principle that all citizens are entitled to the full and unhindered enjoyment of their constitutional rights, but we rebel at the proposition that some citizens are entitled to preferential treatment under the law, with more rights than others.

"It is our solid conviction that if the people of all 50 States had been given the opportunity to express their views in a national referendum, they would have turned thumbs down on the legislative monstrosity that is mistakenly called a Civil Rights bill which, in fact, will prove to be an 'Evil Rights' measure. This misnamed force legislation protects no civil rights not already protected by law, but instead creates extraordinary rights for some, at the same time extending Federal control over the liberties and property of everyone.

"Besides making private property meaningless and installing the Federal government as the senior partner in practically every business in the nation, this new law will confer such vast power upon the Attorney General that he could tell people how to run their affairs and jail them if they do not comply.

"When we deal with individual liberty and property rights, there is no area for compromise nor for force legislation; ergo, Wednesday, June 10, in our calendar was Black Wednesday, and time will prove us correct."

And, at the risk of what should be a highly superfluous postscript, we are tempted to add: Don't say we didn't warn you!

CAN'T SPEND OURSELVES RICH

In support of its demand for continuing foreign aid on the grand scale, the Administration says aid money returns to buy our goods, thus alleviates unemployment, boosts exports strengthens the US economy. Too bad it ain't so.

"So far as the impact on the US economy is concerned," says General Bonner Fellers, national chairman of the Citizens Foreign Aid Committee (which is for American taxpayers and against aid), "foreign aid in the form of US produced commodities might just as well be paid for by American taxpayers, then dumped into the Atlantic and Pacific. Foreign aid is a great leveling process, which drains wealth from industrious and prosperous peoples and bestows it upon the emerging and less prosperous. In effect, it is global socialism."

And besides, there's \$6.2 billion in the pipelines, unspent! Why appropriate more?

SPEAKING OF FIGHTS, WHAT ABOUT THIS ONE?

NO ME-TOO MAINSTREAM

Governor Nelson Rockefeller, in the first burst of political generosity of his career, has offered his support to Pennsylvania's off-again, on-again, gone-again Governor Scranton in his apparently self-propelled Stop Goldwater movement.

While Governor Rockefeller did not go so far as to offer his delegates, too, he did offer some advice to the GOP. "The hour is late," he said informatively, and added, "but if all leaders in the moderate mainstream of the Republican Party will unite upon a platform and upon Governor Scranton as the candidate, the moderate cause can still be won."

It should, perhaps, be explained that "moderate" is the new designation that the liberal and or "middle-of-the-road" contingent of Republicanism have decided on as more appealing to the party membership-at-large which is beginning to rally to the hope of leadership that is more concerned with the revitalization of the United States than with its "image" in the UN, or

When the Republican Republicans become sufficiently annoyed, it will be time for the moderate (or liberal, or middle-of-the-road) Republicans to do the compromising that has been demanded of the forthright Arizonan.

FREE PRESS IN ACTION

Alex Washburn, publisher of the Hope, Arkansas, Star, opposes the construction of a \$500,000 federal building for a new post office in his town. According to the plan under which the Post Office Department operates, post offices around the country are to be replaced every 50 years. It makes no sense in Mr. Washburn's view to tear down the present three-story brick and frame building which serves the city of some 8,000 people adequately just because it was built in 1912.

What concerns Mr. Washburn is that Hope, Arkansas is just one of thousands of similar communities around the country which, though prosperous enough, have not experienced marked growth or material change in many years. To arbitrarily replace postal facilities in each community would be outlandishly costly. He states correctly that "... the government has an obligation much greater than the 50-year rule of bureaucrats — the obligation to keep itself solvent so our country can defend itself in time of war and honor its social security pledges in time of peace."

The Star's slogan is: "The tragedy of the people is — We start off with a country, and wind up with a government." The kind of leader-

ship provided by this newspaper can avert such a tragedy.

Mr. and Mrs. Van Miller have returned to Ozona following a wedding trip that took them to New Orleans and Colorado.

Coffee Honors Two June Brides-To-Be

Miss Gwynel Walker and
 Miss Nancy Friend, June
 brides to be, were honored
 at a coffee last Tuesday
 morning by Mrs. Joe Pierce,
 Jr., and Mrs. Joe Pierce,
 IV.

An arrangement of sum-
 mer garden flowers of pink
 and white centered the cof-
 fee table.

Each guest brought re-
 cipes for the honorees, and
 these were placed in loose
 leaf recipe books and pre-
 sented by the hostesses. Cor-
 sages of small felt hats
 holding thimble, needle,
 thread and pins to use in
 traveling were pinned on
 each honoree.

A travel contest was held
 the winner being Miss Ro-
 bin Jones.

SON TO JOE PERRYS

Mr. and Mrs. Joe Perry of
 New Orleans are the par-
 ents of a son born Friday,
 June 19. The baby weighed
 8 pounds one ounce and has
 been named Scott Hilton
 Perry. The Perrys have two
 other children, Leigh 4, and
 John 2. Mr. Perry is the son
 of Mrs. Gertrude Perry of
 Ozona. The other grand-
 parents are Mr. and Mrs.
 Herman Hardy of Amarillo.

The Stockman received a
 note from Mrs. Janie B.
 Hull, long time Ozona resi-
 dent, who retired from the
 Ozona School system two
 years ago, changing her ad-
 dress from Austin, Texas, to
 Rockville, Maryland. Mrs.
 Hull said, "Along with many
 others who have lived in,
 and loved Ozona and her
 people, I continue to share
 your joys and sorrows thru
 the Stockman."

In England it was unlaw-
 ful from 1666 to 1786 to
 bury a corpse in a shroud
 made of anything other
 than wool.

and I Quote

"If you spend your sum-
 mer's vacation in your own
 back yard, your friends and
 neighbors will know exactly
 what kind of a person you
 really are. Sensible and
 broke."—Cherryvale (Kan.)
 Republican.

"Women are never satis-
 fied. They are always trying
 either to put on weight,
 take it off, or rearrange it."
 —Afton (Wyo.) Independ-
 ent.

"If Patrick Henry
 thought that taxation with-
 out representation was so
 terrible, he should see it
 what it's like with all this
 modern day representa-
 tion." — Plains, (Tex.) Re-
 cord.

Six men and eighteen
 children. That's the total
 import with the establish-
 ment of the Border Patrol
 station in Ozona. The six
 patrolmen, who, with their
 families, increased Ozona's
 population by a net total of
 30, are M. M. Morrison, R.
 H. Thompson, C. R. Stroope,
 E. W. Melton, James L.
 Weant and J. W. Thompson.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman June 27, 1935

Holding installation ceremonies at the Tuesday luncheon period, the Lions Club invested twelve members into offices and the incoming president named several committees for administrative work and Club activity. Dr. W. A. Grandy, recently presented by Lions International with a master key for distinguished service, was installed as president succeeding Royce Smith. Other members invested into office were John Pettit, secretary; treasurer, Jim Miller; first vice president, Hugh Childress; second vice president, Evert White; third vice president, Richard Flowers; Lion Tamer, Charlie Butler; Tail Twister, Directors were Royce Smith, Rev. R. A. Taylor, Dr. Sellers Moore, M. Wilkinson and Ben Lemmons.

—30 years ago— J. W. Owens, Crockett Co. breeder of registered Rambouillet sheep, last week sold a fine stud ram to Virgil Powell of Sutton County. The ram brought \$450.00.

—30 years ago— Ozona's Giants, tailenders in the first half of Permian Basin competition, but potentially dangerous contenders in the second half gallop, will start their second half schedule on the home lot next Sunday afternoon in a double-header tangle with the newest entry in the league, the 1935 edition of the San Angelo Sheep Herders.

—30 years ago— Attention! All you racing horned frog trainers. Its time to clean out the stables, dust off the colors and saddle up for a few workouts. Competition is going to be keen here next Thursday afternoon, July 4th in the race of the century—a horn frog sprinting events being arranged by the

Lions Club. A fat purse of \$50.00 in cash money is to be the prize for the owner whose frog noses under the wire ahead of the field in that pace-setting contest.

—30 years ago— Mrs. H. H. Carden is here from her home in Belton for a visit with her parents, Mr. and Mrs. Ralph Watson.

—30 years ago— Mr. and Mrs. Lowell Littleton are occupying the W. E. West home this summer.

—30 years ago— Mr. and Mrs. T. A. Kincaid, Sr., and Mr. and Mrs. W. E. Friend, Jr., and their daughter, Rosalie, will leave in the next few days for an extended trip through California.

—30 years ago— Service was inaugurated last week on a new through truck line between San Antonio and Ozona. The Ponton Truck Line of Junction has secured a Railroad Commission permit to extend its line from Junction into Ozona, making two regular scheduled trips a week.

—30 years ago— Signs are being made by the Hotel Ozona management which are to be placed at vantage points on the highways leading to Ozona.

—30 years ago— Mrs. J. O. Lusby is spending the week in Merkel visiting her mother.

—30 years ago— Jimmy Slaylock, manager of the Hotel Ozona, was a visitor in San Angelo Tuesday.

—30 years ago— Entertaining with bridge Saturday afternoon, Mrs. Joe Oberkampff was hostess to several friends. Those present were Mrs. Scott Peters, Mrs. Roy Henderson, Mrs. Jim Miller, Mrs. Geo. Montgomery, Mrs. Johnnie Henderson, Mrs. Judge Montgomery, Mrs. Ben Robertson, and Mrs. W. E. Smith.

—30 years ago— Miss Mary Williams, daughter of Mrs. Charles Williams, will leave this week for Kerrville to attend the Methodist Young Peoples Assembly in session there the coming week.

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — U. S. Supreme Court's decision ordering both houses of state legislatures be selected on strict population basis will have a far-reaching effect on the Texas Legislature, particularly the Senate.

In the upper house, no county presently is entitled, by the Texas Constitution, to more than one senator. Lt. Gov. Preston Smith noted that under the new ruling five of the heaviest populated counties would be entitled to 12 of the 31 state senate seats, leaving 19 senators for the other 249 counties. This would create some senatorial districts 300 miles wide. Senate districts now vary from 147,454 to 1,200,000 population.

"The high court's laudable aim of equal representation for all citizens cannot be maintained in such circumstances," the lieutenant governor said. "Equality will be theoretical only. No senator could serve such a great area as adequately as three or four senators (or even one) can serve a single county."

Lt. Gov. Smith promised to ask other lieutenant governors to petition Congress for a review and "practical relief." A similar resolution may be brought before presiding officers of House of Representatives by Texas House Speaker Byron Tunnel. However, it is doubtful how Congress could intervene except by submitting a constitutional amendment spelling out authority for states to have real bicameral (two-house) legislatures if they want to.

A Texas legislative committee already is at work determining how best to comply with a prior Supreme Court decision ordering

—30 years ago— Mr. and Mrs. W. N. Hannah have moved into the Vernon Cox home.

GOLIAD — Presidio La Bahia, where the Goliad Declaration of Independence was drawn in 1835. Sunday mass is still celebrated here. Nearby is a monument to Col. Fannin and his men who were massacred in 1836.

congressional districts be formed on the basis of population only. Its work may be expanded to include a look at legislative districts as well.

Oil Production Rolled Back — July oil production will be cut back to the lowest level since March, 1963, by order of Texas Railroad Commission.

In response to purchasing forecasts by 13 major companies, the Commission set July maximum production at 27 per cent potential, or 2,788,685 barrels daily, compared with the present 2,845,571 barrels.

Presidents of five Texas producers associations declared the decision, "regrettable", and said it would hamper attempts to get the U. S. Congress to effect a "very substantial reduction" in oil imports.

Tax Revision Recommended — Texas Research League proposes the state's unemployment compensation tax on employers be more closely related to benefits paid former employees.

Benefit payments to unemployed have exceeded revenue for revenue for five of the last six years, a League study for Texas Employment Commission shows.

School Ruling — School boards have the right to

make rules about students' clothing, State Education Commissioner J. W. Edgar in an appeal against an Andrews school board policy.

Mrs. Kenneth King of Andrews made the appeal which led to the ruling. Mrs. King contended that her third grade daughter, Vickie, should wear trousers to school to protect her health.

In upholding the school board, however, Edgar advised that the policy be clarified, and that clear provisions be adopted so the clothing regulation could be suspended for a student whose doctor prescribed trousers for medical reasons.

Mrs. W. A. Adams of Ft. Stockton, who recently underwent surgery in Fort Stockton, is undergoing further treatment in Odessa and is reported to be doing well. Mrs. Adams is a former Ozonan and the mother-in-law of Mrs. Clay Adams of Ozona.

Penn and Mark Baggett, both of whom are in summer school at Texas A&M this summer, were home for a weekend visit with their parents, Mr. and Mrs. Bill Baggett of Ozona, last week end.

Congressman ED FOREMAN Reports

Senate Passage of Civil Rights Bill

Unquestionably, this legislation will affect more people, more personally and more deeply than any other previous legislation. Civil rights emerge from civil responsibilities... such problems can, must, and will be solved first in the hearts and minds of men, not by more new federal laws.

Although we may not agree with all the provisions of this legislation, the American people have learned to live within the law. Some of the Civil Rights regulations may have to be amended in the next session of Congress, but I hope that those who care about our country and its welfare will refrain from defying this legislation — or for that matter — any law of the land. In our great country, it is inherent on each citizen to abide by the law as it is until it can either be changed by legal means.

or confirmed as such. If it cannot be confirmed, I would expect responsible citizens to make the best possible use of which is legal.

IT TAKES MORE THAN ONE to learn... grow... achieve

In Russia there are no 4-H Clubs to teach boys and girls a better way of life and work; no agricultural extension service to show better methods for raising crops and livestock; no specialists to help improve homemaking skills; no business men to support this "massive, informal, educational program" which includes 4-H.

However, Premier Khrushchev did learn something about the Cooperative Extension Service during his visit to the U.S. In a Pravda article, Khrushchev revealed a "secret" to the Russian people. He admitted that certain extension practices were "borrowed" when the Soviet agricultural system was overhauled recently.

Extension Service
"I have in mind," he said, "the introduction of scientific achievements. In the United States of America a farmer's service exists under the universities and colleges. The agents meet with the farmers and persuade them to introduce this or that method, help them in organization of production and furnish them with plans."

He got most of the extension pictures, but apparently missed the role of extension for the last 50 years in developing the 4-H Club program.

In the early days of 4-H, the trained extension agents worked with the children of farm families. The plan provided the wedge that opened the door for the agents to reach the farmers and their wives.

No Free Enterprise
It has been suggested that Khrushchev might further improve farming under communism if he also had initiated a program for youth patterned after the 4-H Clubs. Seventy other foreign countries have. But Russia lacks the incentive and backing provided by private enterprise.

U.S. industry has backed 4-H work right from the beginning. It provides technical know-how, financial aid and recognition. More than 55 leading business firms cooperate with the extension service and the National 4-H Service Committee in sponsoring individual projects.

Today there are at least three dozen areas of 4-H Club work. Some of the newer programs and their sponsors are: Photography, Eastman Kodak; Con-

servation, John Deere; Foods-Nutrition, General Foods; Alumni Recognition, Olin Mathieson; Dog Care and Training, Ralston-Purina.

Fifty years ago there were only a few projects: growing tomatoes and canning them; growing corn and raising pigs to eat the corn.

Long-Time Support
Sponsors that have supported 4-H for 20 or more years are: Armour and Company; Santa Fe Railway; Burlington Railroad; Milwaukee Railroad; Chicago & North Western Railway; Coats & Clark; Conrad Hilton Hotel; Cudahy Packing Company; Firestone; Illinois Central Railroad; International Harvester; Kerr Glass; Livestock Conservation Incorporated; Montgomery Ward; Sears-Roebuck Foundation; Westinghouse Educational Foundation; Wilson & Co.; Standard Oil (Ohio); General Motors; American Oil Foundation.

Collectively they make the National 4-H Club Congress possible. One of the most coveted awards for a 4-H'er is the congress trip given to one boy or girl per state in a specific program. Altogether about 1,000 young people from 50 states travel to Chicago each fall to participate in this educational event.

FIVE BEAUTIFUL BUYS AND ONE GREAT PLACE TO BUY

(NOW at your Chevrolet dealer's)

Waited till now for that new Chevrolet? You've struck it rich, because right now it's "Trade 'N' Travel Time" at your Chevrolet dealer's.

Check him on these five beautiful buys:

- 1—The luxurious Jet-smooth Chevrolet.
- 2—The fun-loving Chevelle.
- 3—Chevy II, economical too.

OZONA - TEXAS

What a shot! Photographers love to find a scene like this. Flowing water . . . a background of trees . . . a church spire in the distance . . . these always make an outstanding picture.

Wherever we travel we see Christian churches in harmonious settings, and there's a tendency to think of them as "part of the scenery."

But what an important part they are! Every one is a House of God, dedicated to His service. Every one is a community focal point, helping in a thousand ways to broaden and beautify the lives of its members. And every one is a vital link in the shining chain of Christian belief that stretches around the world.

Not far from where you live, there's a church that could give your life a new dimension. Whatever doubts and fears you may have, bring them to God in His House. You can rely on His promise that He will not leave you comfortless.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

lary and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TIPS FOR OUTDOORSMEN

by Vern Santos

Protecting Rod Handles
To prevent cork handles on fishing rods from drying out and splitting, coat the cork with glycerine before putting your rods in lay-away for any length of time. The liquid easily will wash away and your rod handle will be good as new.

Chain As Sinkers
A piece of chain of several links makes a practically no-sag sinker for rock fishing. Use as many links as are needed for the correct weight.

Magnet Hook Holder
A small magnet in your tackle box makes a neat holder for fishing hooks. It prevents them from rattling or spilling and keeps them right handy.

Keep Worms Alive
Worms can be kept crawling and lively until it's time to put them to work if you keep them in a container filled with peat moss instead of dirt.

Plastic Protector
A 9x12 piece of plastic makes a vital contribution to your camping gear. It can be used as a lean-to shelter, put underneath sleeping bags, or used to cover food left on the table.

Fast Draw Aid
A mixture of graphite powder and vaseline rubbed inside a pistol holster makes it much easier to remove your handgun. Should be a big help to the fast-draw artist, too.

Floating Fish Stringer
Even had a stringer of fish slip from your grasp and sink from sight? Sickening sensation isn't it? A good preventative is to add a float to the stringer. Then should it break loose or slip from your hand, there's no problem in recovering it.

Improved Gun Cleaner
A first-rate gun cleaning rod can be improvised from a piece of flexible cable with pipe cleaners wrapped around it. An old speedometer cable will do.

Salt Box Bait Box
A one-pound salt box makes a perfect container for carrying crickets and grasshoppers. Punch in a few breathing holes, pull out the spout and slip in

the insects. When you are ready to fish, open up the spout and drop 'em out, one at a time.

Wire Brush Scaler
To aid in scaling fish, use a painter's steel wire brush instead of a knife. Even when fish are dried, the scales come right off.

Use Safety Tape
If you use the same jacket for hunting both deer and ducks, you've got a problem.

Wear a red or yellow jacket and you'll spook ducks two miles away. Wear an olive-drab one and you're apt to get blasted by a cross-eyed deer hunter.

Here's the solution: Buy the olive-drab jacket for duck hunting, then when you go after deer, mark the back and sleeves with industrial adhesive tape.

These stripes of bright yellow will distinguish you from the deer.

Casting Practice
Got an old hula hoop lying around the house? It makes a perfect casting target, floating in a swimming pool.

Wrap Pork Rinds in Foil
Here's a way to carry pork rind without having any bottles to break. Simply place some pork rinds in petroleum jelly and wrap in aluminum foil. There's nothing to spill and a lot less weight to lug around.

Cuts Line With Staples
To snip off your monofilament line simply take out

OUTBOARD MOTOR SAFETY SUGGESTIONS

your cigarette lighter, insert the line toward the hinge, close the case cover and give the line a short tug toward the hinge. Works better than a knife.

Solid Tent Anchor
To anchor your tent on soft ground, get a log about the length of the tent, fasten the log about a foot in the ground. It will hold even in a stiff breeze.

Night Fishing Hint
When night fishing from a boat, put an extra light in the opposite end of the boat, away from the light you're using. The extra light will attract bugs and keep them from buzzing around your face.

Poker Chips Call Squirrels
A couple of poker chips rubbed together makes a dandy squirrel call. The

strange noise will cause the curious bushytail to take a minute to look around, giving you time to shoot.

My Neighbors

"Ah—there's a cheery group with plenty of refreshments—Range East 46... North 62... Let's go!"

Foreman Measure Curb Beef Imports Wins Wide Approval

The nation's independent business proprietors strongly support the move to protect American meat producers from foreign imports. C. Wilson Harder, president of the National Federation of Independent Business reports.

His statement was made following the results of a nationwide poll on a bill now before the Congress by Rep. Edgar Foreman (Texas) which would control meat imports. The nationwide vote shows 74% in favor, 21% opposed, with 5% undecided on H. R. 10644.

The bill introduced by Rep. Foreman would set a quota of 855 million pounds with provision to increase the amount permitted to be shipped into the country whenever such increases did not threaten to result in depressed meat prices to American producers.

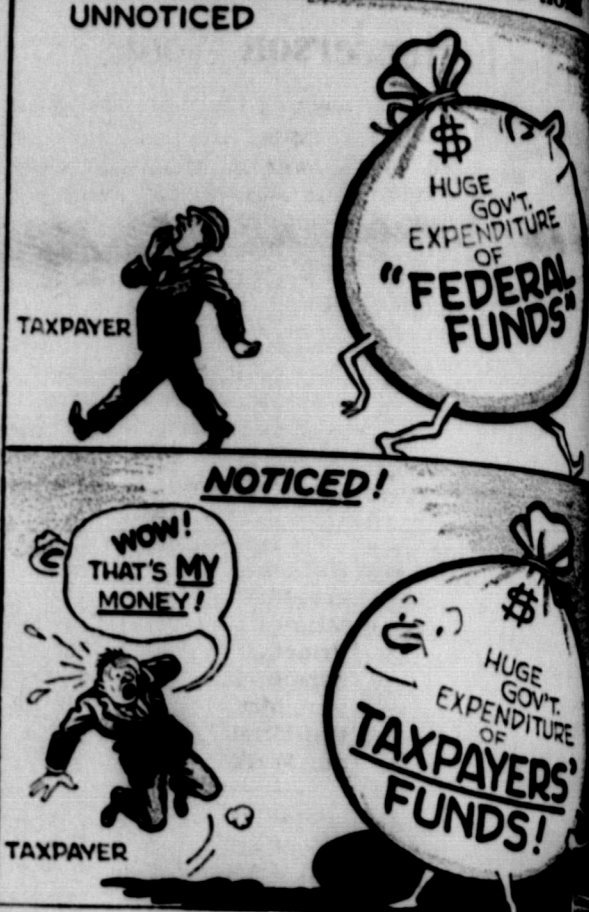

Imports of beef, lamb and veal from foreign countries, principally Australia, New Zealand and Ireland have reached 11% of the domestic meat consumption.

The vote was taken before British news services reported that the outbreak of the typhoid fever epidemic in Scotland may have originated with meat products imported from South America.

Mr. Harder states that the independent businessmen's vote was based on the premise that any imports that hurt any segment of the domestic economy have a damaging effect on the entire economy.

Galveston, Texas, is located on an island connected to the mainland by two causeways.

Women's Golf Assn. In Monthly Lunch

The monthly luncheon was held at the Country Club last Thursday by the Women's Golf Association. Luncheon hostess was Mrs. Marshall Montgomery. In golf play, low net on the club trophy and blind bogey for the day's play were won by Mrs. Jimmy Barbee. Low putts on the Mitchell trophy was won by Mrs. Jack Baggett.

The bridge hostess was Mrs. Byron Williams. Mrs. Marshall Montgomery and Mrs. Carl North tied for high score and the cut went to Mrs. Henry Miller.

Others participating in the day's play were Mrs.

Pete Jacoby, Mrs. Dempsey Jones, Mrs. Gene Williams, Mrs. Arthur Kyle, Mrs. Gene Mills, Mrs. Jack Wilkins, Mrs. Jack McMullan, Mrs. Jack Williams, Mrs. Tom Ed Montgomery, Mrs. Early Baggett, Mrs. George Bunker, Mrs. John Childress, Mrs. Clayton, Mrs. Joe Cook, Mrs. Brock Jones, Mrs. Ed Moore, Mrs. J. B. Pitzer, Mrs. V. I. Pierce, Mrs. Lynn Sherrill, Mrs. Joe Pierre, Mrs. Sherman Taylor, Mrs. Jake Short.

Jim Williams, son of Ben and Mrs. Ben Williams is a spring graduate of Baylor University, is working as a claims adjuster for an insurance company in Dallas.

Democratic freedom was fine for colonial America but what will we have in 1976?

THE PEOPLE WANT TO KNOW—government grows too fast

Democratic government everywhere tends to grow in size, cost, and complexity out of proportion to the population and the needs of the people. Big Government in village, city, state, or nation is simply too many people on the public payroll. A simple government of the people, for the people, and by the people grows, if unchecked, into vast, leech-like, ever-expanding bureaucracies that undertake to restrict or regulate every activity of the people.

Letters to the Editor

To the Editor:

Senator Richard Russell of Georgia has offered the only sensible plan for submitting the so-called Civil Rights Bill. He suggested a referendum through which the American people could vote their wishes in November. This makes sense! Our public servants are elected by us and sent to Washington to do our bidding. When they fail to do so, they are opposing their own constituents. They have forgotten that we hire them and can also fire them at the polls.

Every American citizen should write his Senators. Today and protest this dictatorial edict, denying him a decision! Demand that they reverse this thoughtless act, allowing their constituents their just right of freedom of choice!

Maisie Turner Waters

Office supplies at the Stockman office.

Mr. and Mrs. Nick Nicholas and daughters, Ruthella and Jennifer, have just returned from a vacation trip which took them to Arkansas, Missouri, Kansas and Nebraska. Nick reported that he arrived in each state just as the floods came and Wednesday it looked like he brought some of it home.

Mr. and Mrs. Leroy Eastin of Edinburg, Texas, were visitors with Mr. and Mrs. Billy Mills last Friday. Mr. Eastin is Chief of Police in Edinburg.

Karen Moody, daughter of Mr. and Mrs. Foy Moody, has been moved from Crockett County Hospital to Shannon Hospital in San Angelo and is reported to be still quite ill.

Mr. and Mrs. Robert Woolam and daughter Linda were visitors in Ozona this week. The Woolams who formerly lived in Ozona now reside in Jacksonville, Florida.

Mrs. J. A. Pelto, is in Omaha, Nebraska, with her brother Ted Del Montel, who is seriously ill. Mr. Pelto and the children have gone on to Virginia, Minnesota, where they will spend the summer before returning to Ozona in mid-August.

Reports from Dallas are that Roy Neil Killingsworth has had a relapse of his previous illness and is undergoing further treatment for the malady. At last report, Roy Neil was doing well but was suffering from a cold.

Miss Nonie Conklin, daughter of Mrs. Bill Conklin, is in school at the University of Colorado in Boulder, Colorado, this summer.

Miss Lucille Childress and Miss Jackie Meadows have returned to Ozona following two weeks at Ridgecrest, N. Carolina, Baptist encampment.

Miss Lynn Cox, daughter of Mr. and Mrs. Bud Cox of Ozona, left Tuesday for Jacksonville, Florida, where she will spend a week with Miss Linda Woolam, formerly of Ozona.

FOUND — Turquoise parakeet, owner please call 392-3288.

Miss Robin Jones is spending this week in Galveston, the guest of her College room mate, Miss Carol McClain.

Miss Gracie Chandler has returned from a visit in Beaumont with friends and the ranch at Sutherland Springs.

Accurate and Complete

RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Easy To Keep - Complete Record - In 1 Volume

THE STOCKMAN RANCH RECORD BOOK

Fall in love with your car again.

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today—and find out for yourself that we mean all we say!

Crockett Strikes

(Continued from Page One)

where 4-1/2-inch casing was set.

Location is 660 feet from the north and 876 feet from the east lines of 29-F-GC-&SF.

Nearest Canyon gas production is 8 1/2 miles to the west at the recent Canyon pay opener in the Hunt-Baggett (Strawn gas) field. It is also 10 miles southeast of Canyon gas production in the Ozona, Southwest multipay gas field and the same distance south-south east of Canyon gas production in the Ozona, East multipay oil and gas field.

The Todd, Northeast (San Andres) field of Crockett County gained its fourth producer and a one-location north extension with completion of Southland Royalty Co. of Fort Worth No. 1-16 Todd, 22 miles northwest of Ozona.

Potential was based on an actual 12-hour flow of 99 barrels of 29.9 gravity oil, with gas-oil ratio 964-1 through a 20-64-inch choke and perforations at 1,768 to 1,844 feet.

Tubing pressure was 170 pounds with packer on the casing.

Drilled to a total depth of 2,032 feet with 4 1/2-inch casing set at that depth.

Location is 1,787 feet from the south and 467 feet from the east lines of 16-10-GC-&SF.

A 3/4-mile south and slightly west extension to Canyon sand oil production virtually was assured in the Ozona, Northwest (Canyon oil and gas) field with the swabbing and flowing of 36 barrels of 40.2 gravity oil, along with an estimated 90 barrels of load, at Pan American Petroleum Corp. No. 1 E. H. Chandler, in 25-OP-GC&SF, one mile west of Ozona and 3/4-mile east of gas production.

Testing continued thru perforations between 6,535-6,783 feet with 1,322 barrels of load water remaining to recover.

The Atlantic Refining Co. Midland, will drill the No. 1 R. Heibing as a 1 1/2-mile southeast outpost to Canyon sand gas production on the west side of the Ozona, East multipay oil and gas field of Crockett County, four miles southwest of Ozona.

Location is 660 feet from the north and 2,180.5 feet from the east lines of 15-QR-TTRR. Contract depth is 6,800 feet.

DALLAS' BIG 'MAIN PLACE' PROJECT

Located in the center of downtown Dallas, the model above shows the three major buildings which will be constructed in several stages on the ten-acre Main Place site. Estimated to cost \$120,000,000, the first stage will be the 34-story, \$41,000,000 office building in the center of the picture. Later phases will include the massive second office building on the left, which will straddle Main Street, and on the right, a large department store with a 400-room motel on top. The development is actually one big, ten-acre "super block" tied together with outdoor plazas for pedestrian traffic 15 feet below ground level.

Last Half LL —

(Continued from Page One)

had plenty of trouble staying off an upset Monday night.

The defending League champions clobbered B&B 11 to 6 last Thursday, nearly ending the game in four

innings. Ozona Oil led 11 to 1 going into the bottom of the fourth but B & B picked up 5 runs in that half to run the ball game out its regular distance, even though they could not score again in the contest. Monday night, the story was a different one, and the Mason team made its sec-

ond big effort at an upset within the week and came very close, only to be foiled for the second straight time.

Guy Hester pitched super ball for the Motor Co. and had a one-hitter thru the six innings he worked, but four hit batsmen, a few wild pitches, and three bad throws at third base, gave the Ozona Oiler team four runs and the game was tied at 5 all at the end of regulation play.

The game opened with Gregory Stuart on the hill for Ozona Oil, opposing Hester and at the end of three frames when Stuart retired in favor of Donald Huff, Ozona Oil had a 3 to 1 lead, but Huff experienced a good bit of wildness and the Motor team went ahead in the fifth 4 to 3.

The Oilers bounced back to tie the score in the fifth when a hit batsman stole second, went to third on an

infield out and scored on a wild pitch.

Neither team was able to get an advantage in the sixth as both teams scored one run, but Mason failed to score in the top of the seventh and a walk a double and an infield out got home the deciding run in the last half of the extra frame.

David Williams, who relieved Huff in the seventh, took the win while Sooner Williams, who relieved Hester, was the loser.

Among those who did exceptionally well in the two games Monday night, but who were not mentioned in the game stories were Jim Montgomery of Mason Motors, Walter Higgenbottom of Moore Oil, and David Huff of Ozona Oil, whose exceptional defensive play around first choked off several Mason threats.

Phones news to The Stockman.

Wildcats Shows —

(Continued from Page One)

one mile west of Ozona, flowed 187 barrels of new oil and 90 barrels of load water in 24 hours.

Flow was through a 20-64-inch choke and perforations between 6,535-6,783 feet. Gas-oil ratio was 1,755-1.

Testing continued.

A west extension Canyon sand area of the Ozona, East multipay oil and gas field of Crockett County gained its third producer and a location northeast extension with completion of Delfern Oil Co. No. 1 C. W. Meadows, et al, two miles southwest of Ozona.

It was finalized for a calculated, absolute open flow of 8 million cubic feet of gas per day, with gas-liquid ratio of 35,400-1. Gravity of the liquid was 66.7 degrees. Production was through

perforations between 6,436 feet in 5 1/2-inch casing set at 6,548 feet.

Location is 1,110 feet from the south and 1,400 feet from the east lines of 5-QR-D&SE.

Mrs. David Sweitzer and two children, Jana and Lee, spent several days here last week visiting her parents, Mr. and Mrs. Walter Austine.
