## Del Huff Is Semifinalist In National Merit

Del Huff, senior in Ozona High School and a son of Mr. and Mrs. R. V. Huff of Ozona, became the first Ozona High School student to reach the semifinals in the National Merit Scholarship competition, announced this week by School Principal J. A. Huff, who participates in athletics, is a member of the football team and outstanding scholastically, is among 14,000 seniors throughout the country who attained Semifinalist status. The Semifinalists are composed of the high-scoring students in each state on tests given last year. Each now moves a step closer to winning a year Merit Scholarship to the college of his choice. Tests were given orally to nearly a half million students.

Young Huff scored 149, a high score in Texas. He was among only 62 out of a total of 690 Semifinalists in Texas, to be that or a higher figure.

In past years about 98 percent of the Semifinalists become finalists. All finalists receive Certificates of Merit in recognition of outstanding performance in the program. As finalists, the students will be eligible for scholarship awards sponsored by the program and about 250 business corporations. The program is designed to cover and encourage especially bright pupils.

The Semifinalists, the Corporation sends their names to all regionally accredited colleges and universities and to other scholarship-granting agencies and financial aid sources. Ozona came closest to winning a Semifinalist in the Merit Scholarship program last year when Keith Schell came within one point of scoring in the mar- ch, and two other Ozona students, Johnny and Andy Elliott, were near enough to receive letters of commendation.

## Christmas Decorations For Business Section

Bill Watson of Watson's Department Store, will be in charge of the Chamber of Commerce Christmas decoration program again this year. Last year Mr. Watson and his committee worked hard on this project.

Local merchants contributed over \$2,000 to this undertaking. Many of the people of Ozona and the surrounding area were passed out to beautify the town this Christmas.

This year the committee is suggesting that individuals in the community support this project with their donations.

A \$25 check from an individual has already been given to the Chamber of Commerce. Any and all amounts are appreciated, and will be used to make Ozona one of the most beautiful towns in the state during the Christmas season.

The business houses of Ozona will be contacted during the next two weeks. Home news to Stockman

## Five Indicted, Two Sentenced In Dist. Court Session

Five indictments were returned by the Crockett county grand jury in 112th district court this week two of the men accused in the indictments were later tried in district court, pleaded guilty as charged and received prison sentences at the hands of District Judge Charles Sherrill. Indicted were Joe Arredondo, who has been held in jail at San Angelo since his arrest on a charge of possession of marijuana. He is reported here to have been released under \$1,000 bond in San Angelo.

Indicted in the same marijuana case, also on a charge of possession, was Julian Flores of Ozona. Flores pleaded guilty to the charge in district court and received a three-year sentence in the state penitentiary.

George Warner Ennis the self-proclaimed Irishman who worked for a time at Hotel Ozona here, was sentenced to two years on a charge of theft over \$50. He was accused of rifling the cash register at the Hotel in early August.

Two other indictments were returned by the jury but defendants have not been arrested and their names are withheld. One is charged with swindling by worthless checks and the other theft of oil field equipment valued at more than \$50.

## 4-H Horse Club, Rifle Club To Be Organized Here

Two new programs for 4-H members in the county will be offered soon, according to county agent Pete W. Jacoby. Adult advisory committees are working on plans for a 4-H Horse Group in which the 4-Hers will be given training in all phases of horse husbandry by trained adult leaders and outstanding horsemen in the area. The group will meet once a month for training and group activities. Carl Conklin, local ranchman and horseman, will be the adult leader for the group.

The other program is the organization of a 4-H Rifle Club in which members will receive supervised instruction by adult leaders in gun safety and rifle marksmanship. The 4-H club will have an indoor range for 22 target shooting in the Junior Livestock Show Barn. All members will be enrolled in the Junior National Rifle Association and will be eligible for awards furnished through the organization.

Current 4-H club members are recruiting charter members for both training groups. Boys and girls interested in horses and rifle shooting should contact a 4-H member or the county agent for enrollment.

Ownership of a horse or rifle are not required for membership - only interest and participation when the groups meet for training. Each group will meet in the near future.

## DUPLICATE BRIDGE

Winners in Tuesday night's play of the Ozona Duplicate Bridge Club were North-South: Mr. and Mrs. T. J. Bailey, first and Mrs. Jack Wilkins and Mrs. J. T. Dockery, second. East-West: Mr. and Mrs. Evert White, first; Mrs. Joe Pierce Jr., and Mrs. Joe Pierce, III second.

'WET' PLATFORM - Congressman Ed Foreman explains to Mrs. John Lee Henderson that he's running on a 'wet' platform - West Texas Gold-water, that is - as he stands in gushing Gurley draw in southeast Ozona Monday night after addressing a political rally in the high school auditorium. Bill Hayes, candidate for Congressman at Large, right, seems to be enjoying the affair while Joe Couch, left looks on.

## Rain Fails To Dampen Ardor Of Crowd Attending Foreman Rally

Despite rainy weather, highways closed by high water and necessarily changed plans, a good crowd of Ozonians, with a sprinkling of visitors from Sonora and Eldorado, greeted with enthusiasm this area's young Representative in the United States Congress, Ed Foreman of Odessa, and Candidate Bill Hayes of Temple, seeking the post of Congressman at Large from Texas on the Republican ticket.

Congressman Foreman and Candidate Hayes were originally scheduled to be present for a political rally in the downtown city park, but bad weather forced local arrangements committees to seek the shelter of the high school auditorium for the meeting.

Congressman Foreman, in ringing appeal, urged conservative support of his stand against the welfare stateism, socialism and

## Canyon Gas In Texaco Davidson Test Indicated

A Canyon sand discovery was indicted with the flowing of gas at the maximum daily rate of 1.5 million cubic feet at Texaco Inc., No. 1-1 C. E. Davidson, in 5-KL - GC&SF, six miles southeast of Ozona and 3 1/2 miles east and slightly south of Canyon and Ellenburger gas-condensate production in the Ozona, East multipay oil and gas field.

Tested two hours through perforations between 7,765-957 feet, it flowed gas at the daily rate of 700,000 cubic feet with casing pressure of 1,650-1,500 pounds; then tested three hours, it flowed gas at the daily rate of 1.5 million cubic feet, with casing pressure from 1,500 - 1,100 pounds. No choke was reported.

Operator was preparing to set a bridge plug and perforate at an unreported interval.

Earlier it tested through Ellenburger perforations between 8,606-36 feet. It flowed 352 barrels of load. (Continued on Last Page)

## Drouth Is Relieved By Soaking Rains Over Most Of West Texas

Drouth conditions which have prevailed throughout the year over much of Crockett Co. and throughout a great part of West Texas were relieved, at least for this fall and winter, by heavy, soaking, sometimes torrential rains, which fell over most of this West Texas ranch country during the past week.

The rains have persisted in this area without letup since last week, with Ozona and the Crockett county area south of this city, for almost the entire year in

the moisture-neglected belt and suffering from severe drouth, receiving heavy rains, ranging from the slightly more than 4 inches that have fallen in Ozona to more than a foot in the Del Rio and south of Rock-springs areas. Crockett ranch lands generally received four to six inches or more in the week of rains.

The rains throughout the area have filled rivers and flowed draws, increased water levels in West Texas lakes and filled ranchmen's water holes. But most of all, the bountiful moisture has soaked parched West Texas range lands and the continuing cool and moist weather is contributing to some fast growth of grass and weeds for livestock grazing. And if frost holds off a month, which is likely, area ranchmen will go into the winter with feed on the ground for their livestock and a chance for relief from burdensome winter-time feed bills.

Ozona's protective system of Soil Conservation Service flood control dams constructed after the disastrous flood of 1954 got their first system-wide workout in the current rains. All off the six dams north of Ozona controlling the main Johnson draw stream through Ozona became "operative" as the heavy rains in the area north and northwest of Ozona sent run-off water into the washes.

Sam Fitzhugh, conservationist with the SCS, visited some of the big dams during a lull in the rains Tuesday and found them all filled to above the draw-down tubes and all letting. (Continued on Last Page)

Larry Williams

## Rutherford 4-H Award is Won By Larry Williams

Larry Williams, Crockett county 4-H club member and son of Mr. and Mrs. Troy Williams, has been named winner of the J. T. Rutherford Achievement Trophy for outstanding 4-H achievements in Extension District - 6 the past year. In competition with other 4-H members in the 25-county district, Larry was selected as the winner by a committee of county agents in Fort Stockton last month when 4-H record books were judged on a district basis.

Larry has been a 4-H member for nine years with 4-H project demonstrations in lamb feeding, beef cattle, range and wildlife management. He has been outstanding in 4-H judging work for a number of years, winning many honors as an individual and team member.

Honors won by Larry in 4-H club work include the county showmanship award in 1962, winner of the Gold Star Award, member of state champion range judging team and state winner of the 4-H Range Management Result Demonstration, all in 1963. This year he was a member of the state champion 4-H grass judging team at Texas A&M.

Larry is a junior student and active in football and FFA work. He joins the rank of four other local 4-H members who have won this outstanding 4-H award for the county. Previous winners were Carl Conklin in 1956, Pierce Miller in 1959, Bill Jacoby in 1960, and David Jacoby in 1963.

## County Receives Bids October 12 For Civic Center

Final plans and specifications having been approved by the Crockett County Commissioners Court and the citizens citizen advisory committee, the county this week started advertising for bids from contractors for construction of the new Ozona civic center, or coliseum and auditorium.

The bids will be received until October 12 when at 2 p. m. they will be opened and read.

The plans and specifications were prepared by Architect Jack McDermitt of San Angelo. The plans were considered by the Court and committee at a meeting Monday afternoon and again Wednesday morning. With minor details ironed out and corrected, the plans were approved.

Actual construction cost for the building is expected to key well within the available funds. A bond issue in the amount of \$125,000 has been approved by the voters of Crockett county and the issue sold.

The call for bids from contractors specifies that a combined bid be submitted for general construction, electrical, plumbing, heating, ventilation and air conditioning equipment. A cashier's check in the amount of 5 percent of the bid price will be required of each bidder and the successful contractor will be required to post a 100 percent performance bond.

The civic center is to be constructed at the corner of Avenue H and First St., across from the medical building and from the football field, on land donated by Mr. and Mrs. Dick Henderson as a memorial to old timers of Crockett Co.

## Lions Expect Eagles Attack Via Air Lanes

By Ernie Boyd

The Ozona Lions will be seeking their second district 8-A win Friday night when they travel to Eldorado to meet the Eagles in a crucial district game that finds both teams undefeated in district play.

Eldorado got off to a flying start in league competition last week by trampling Junction 30 to 0, and with a stable of fleet backs, will be seeking to repeat last year's win over the Lions.

The Lions opened their league race at home by staging a strong second half rally to whip Sanderson 28 to 0, but Sanderson's speed bothered Ozona and Eldorado is, of course, even faster, which bodes trouble for Ozona's ends and corner backs.

The Lions expect to be in good shape for the game this week but both team are apt to be a bit shy of the normal preparation, since it has rained almost steadily thru Wednesday of this week, keeping both

Entered at the Post Office at Ozona, Texas, as Second Class Mail Matter under Act of Congress, March 3, 1879

Subscription Rates:  
One Year ..... \$2.00    Outside of the State ..... \$2.50

Notices of church entertainment where admission is charged, cards of thanks, resolutions of respect, and all matter not news, will be charged for at regular advertising rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected if called to the attention of the management.

CLASSIFIED RATES — 5 cents per word first insertion; 4 cents per word each additional insertion. Minimum charge 50 cents per insertion.

**Member 1964**  
**TEXAS PRESS ASSOCIATION**

**COMPARE PLATFORMS ON COMMUNISM**

There are a lot of differences in the party platform drawn up at San Francisco and at Atlantic City. For instance, on communism:

The Republican platform says: "The supreme test of America's foreign policy" is "its success in advancing freedom and justice" throughout the world. Communism is pointedly branded the enemy and "there can be no peace, there can be no security" until victory over Communism is won. The GOP document says "a dynamic strategy aimed at victory — pressing always for initiatives for freedom, rejecting always appeasement and withdrawal — reduces the risk of war."

The Democrats' platform says: "Peace should be the first concern of all government . . ." It refuses to ask let alone answer, the paramount question of our time: Why not Cold War victory? It pooh-poohs the Communist threat. In the face of blood-letting and Red terror in Vietnam, the Congo and Latin America, the Democratic platform claims "international Communism has lost its untidy and momentum."

**COUNTY BUSINESS IS WOMAN'S LEAGUE TOPIC**

What Goes On Inside the Crockett County Courthouse" was the topic for a talk by Mrs. Dick Kirby when the Ozona Woman's

League met Tuesday at the country club. Mrs. Kirby was introduced by Mrs. Buster Deaton, program chairman.

Mrs. Joe Bean, president, presided at a short business meeting. The League decided to stage its annual bazaar again this year.

Hostesses were Mrs. Geo. Bunger and Mrs. Jerry Hayes. Others attending were Mes. John Hunnicutt, Hillery Phillips, Jr., Bill Black, Perry Hubbard, Tom Ed Montgomery, Brooks Dozier and W. O. Mills, Jr.

**REFERENCE AT HAND**

Walter B. Moore, editor of the Texas Almanac, that book which contains about all the information there is about Texas, wrote a letter to Luther Walker, manager of the Ozona Chamber of Commerce, to thank the Ozona CC manager for help in compiling needed information about Ozona and the next Almanac publication. Moore asked for pictures of the new Civic Center and the gas processing plant, and closed with:

"Would it be possible for you to check with the Commissioners Court and others and give us their estimate of the population of the smaller towns in the county."

Walker dispatched a note suggesting that Mr. Moore look in the Texas Almanac and find out that Crockett county has but one town — and that's Ozona.

**Junior Sprouts Garden Club Opens Year's Activities**

The Junior Garden Club met in their first meeting of the new year at the North Elementary School Thursday Sept. 17th. Sponsor, Mrs. Bailey Post, was leader, and Mrs. Edward Strickland served as hostesses in the absence of the co-sponsor, Mrs. J. L. Barbee.

New officers are: President, Charlene Strickland; first vice pres. (Program Chm.) Sharon Barbee; second vice pres. (Flower Show Chm.) Susan Boyd; secretary - Treasurer, Pat Fitzhugh, Kathy Williams; publicity and historian, Mitzi Friend; and telephone chm. Carolyn Roumell. The theme for the programs will be "Conservation Saves the Nation," with the comprehensive study on conservation.

The yearbooks were presented by Charlene and projects discussed by leaders and members. The first study "What is Conservation?" was given by Mitzi Friend

and members.

The program, projects, and activities for the year were planned to meet National, State, District and Local Garden Club Inc. objective and at the same time help the members to meet requirements for their scout badges.

Projects and Activities are Smoke Bear coloring contest — plant cactus bed in new Memorial Park; make rock collection for flower show exhibit; flower arranging; workshops on corsage making and dish gardens; Arbor Day observance; pilgrimage to the local waterworks; litterbug parade for clean-up campaign.

Studies are Texas forest and national parks, conservation, birds, flower arranging, drying and method of preserving plant material and flowers.

Members present were Pat Fitzhugh, Susan Boyd, Carolyn Roumell, Kathy Williams, Charlene Strickland and Mitzi Friend.

**RANCH RECORD BOOKS** at The Ozona Stockman office.

**53 OHS Graduates Of Last 4 Classes Attending College**

A total of 59 Ozona High School graduates from the last four graduating classes, plus a few from earlier classes, most of whom are working on graduate degrees, have left Ozona in the past few weeks for school on about 25 different campuses.

Southwest Texas State at San Marcos holds the unofficial lead in the number of Ozona students with 8, but TCU and San Angelo College are close behind with 7 each.

Sul Ross at Alpine drew 6 Ozona students this term and A&M and North Texas State University were tied with 5 each.

The totals above are based on Ozona High School grads for only the last 4 years, and leave out a few graduate students as well as a few young people who graduated somewhere else and have now moved to Ozona.

A few years ago Texas Tech led the race in the number of students, with

Texas and Baylor high on the list, but this year Tech shows only 3, Baylor one law student and Texas none.

Figures from last spring's class show that Sul Ross and TCU tied with 3 each with San Angelo getting 2. The only other school to get more than none was Odessa Beauty School which got two. The 17 class members who had planned to attend college this fall split themselves up among 10 different schools all but one of which are in Texas.

Of the 1963 class, 11 are still in school according to best accounts. The 1962 class apparently still has 15 in school and the 1961 class has 13 students still enrolled.

Several of the class of 1960, and the class of 1959 are in school.

Due to the fact that a number of the student have married and have moved away from Ozona, it is difficult to keep a very accurate record of just where everyone is at the moment, so the Stockman will not attempt to name each pupil and where he or she is enrolled.

**Emergency Loan Program Launched Because of Drought**

Due to drought conditions Crockett County has been designated an Emergency Loan Area according to notice received from State Director of the Farmers Home Administration by Patrick F. Sullivan, county supervisor for the agency. Initial emergency loans may be made through June 30, 1965 to eligible ranchers and farmers of essential farm or ranch home operating expenses the replacement of equipment, and replacement livestock disposed of because of the drought.

The interest rate is 12 percent; repayment schedules depend upon the purposes for which funds are advanced; loans for replacement of livestock equipment may be scheduled for repayment over several years, while loans for annual recurring operating expenses are scheduled for repayment when the principal income for the year operation normally would be received.

PRESENTING *Cadillac* FOR 1965

**SO NEW! SO RIGHT! SO OBVIOUSLY CADILLAC!**

The 1965 Cadillac is the most dramatically new Cadillac in sixteen years; new from chassis to rooftop and new from start to stop. Its remarkable styling—elegant, majestic and impressive as never before—establishes it instantly as an all-time Cadillac great. And not only is it an inspiration to look at—it is a revelation to drive! The marvelous responsiveness of Turbo Hydra-Matic is now standard on all eleven models. A new concept of frame and suspension gives the car incredible steadiness and levelness of ride—even under the severest conditions of cornering and handling. And there is quiet—quiet beyond anything you imagined possible in a motor car! Cadillac's new and more spacious interiors are marvelously rich and luxurious—and include such personal options as an exclusive tilt and telescope steering wheel. Cadillac owner or Cadillac admirer—you owe yourself a journey at the wheel without delay.

You will know at once that this is—in every way—the new Standard of the World!  
SEE AND DRIVE THE NEW 1965 CADILLAC—NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALER

FRIDAY BRIDGE CLUB

Mrs. Max Schneemann
entertained the Friday
Bridge Club in her home
last week.

High score was won by
Mrs. Sherman Taylor, low,
Mrs. S. M. Harvick, and cut,
Mrs. W. T. Bradbury. Guest
high went to Mrs. Bailey
Post.

Mrs. Sherman Taylor will
be hostess to the club next
week, in her home.
Others attending were
Mrs. V. I. Pierce, Mrs. Ben
Robertson, Mrs. Henry Mill-
er, Mrs. Hudson Mayes, Mrs.
Lovella Dudley, Mrs. Jake

Short, Mrs. Eldred Roach,
Mrs. Evart White, Mrs. Joe
Davidson, Mrs. Clay Adams,
Mrs. Early Baggett, Mrs. O.
D. West, Mrs. Stephen Per-
ner, Mrs. J. M. Baggett, Mrs.
Joe Pierce, and Mrs. C. O.
Walker.

PATTERNS FOR PROGRESS
The Industrial Foundation -
Tool for Community Development

In little more than ten years Industrial Foundations have been established in
182 Texas communities. These are communities — both large and very small
— which have recognized the vital need for a community financing group
in securing new industry.
Called by various names, the Industrial Foundation is a community wide
organization with the prime objective of creating payrolls. Its functions vary
from community to community, but basically its purpose is to provide develop-
ment funds for the land, brick and mortar required for new industry.
It is one of the best ways to show favorable community attitude towards
new industry or to help finance the expansion of an existing local industry.
By having community money invested in an industry the community becomes
more interested in seeing that the industry profits and grows.
The Community Industrial Development Foundation is another PATTERN
FOR PROGRESS.
WTU's area development representatives have information about the creation
of industrial foundations. These facts are available to growth-conscious com-
munities on request through your WTU local manager.

# TIPS FOR OUTDOORSMEN

By Vernon S. Lee

There's not a fisherman alive who wouldn't love to catch a big bass.

A lunker largemouth is something special, and indeed he should be. You just don't take one every day.

But there are a select few fishermen who seem to score more consistently than others. There's probably such a person in your hometown, someone who makes it a maddening habit of bringing in the big ones. How often have you found yourself wondering what magic formula he uses??

I hate to disillusion you, but there is no magic formula, no shortcut to success.

This man has succeeded because he knows where to fish, when to fish, how to fish. And most important of all, he keeps a bait in the water more than the rest of us. If you go fishing enough and mind your ABC's of bass-fishing technique, then sooner or later that magic moment arrives. When it does, you'll never forget it.

Let's break this big-bass fishing down to the basics and take it step by step.

First, there's a matter of knowing where to fish. We all know that bass prefer some kind of cover. Perhaps around a stump or a submerged rock. They like to hang out where there is a combination of waters... shallow and deep. The shallows for feeding, the depths to retreat to for safety.

But it isn't this simple. There are some spots that are productive, some that are dead. Mostly it is a mat-

ter of moving around, trying one likely place after another until you chance upon the spot where the big ones hang out.

That is why the angler who fishes one lake regularly is going to have more success than the person who is continually changing around. You've got to stick with one area and get intimately acquainted with it.

Pretty soon you'll learn where the big ones live. And once you have learned this, half the battle is won. You'll always be throwing your baits in productive water.

Then, there is the matter of knowing when to fish.

Day in and day out, bass will hit better early in the morning, between dawn and sun-up, and again late, from sundown until dusk. Of course, there are exceptions to this, just as there are exceptions to any angling rule. But generally, you'll have your best success during these periods.

The average fisherman, who gets on the water around eight in the morning and quits in mid-afternoon, wonders why he never takes any of these big bass. Main reason, of course, is that he's fishing at the wrong time of day. The fish simply are not feeding when he is fishing.

And finally, there is the skill of knowing how to fish. This encompasses more than the average fisherman would ever imagine. It includes everything from the proper approach to the correct presentation of the bait.

The lunker fisherman comes upon the spot he intends to fish with the utmost caution. He cuts his outboard long before he reaches the spot and either approaches with the aid of a silent electrical motor or paddles. He makes doubly sure not to make any unnecessary noise, such as scraping a paddle against the boat or banging shut his tackle box.

He tosses out his bait and lets it sink deep, for he knows the big ones hang out right on the bottom. Sure, you can take them on top occasionally, but far more often you'll get the grandpa bass right off the bottom. The big-bass angler either works his bait deep, near bottom, or right on the lake floor itself.

The bait comes in slowly, the slower the better. Blue-ribbon fishermen have found it pays not to hurry. Far better to work a short stretch of shoreline thoroughly than covering a lot of water hap-hazardly. You can't hurry an old bass.

It is literally impossible to work a bait too slowly. Some fishermen spend several minutes on a single retrieve. If there is one common mistake most fishermen make in bait presentation, it is working the lure too fast.

The skilled fisherman thoroughly tests his tackle before he ever makes a cast.

If he is using a reel with a drag device, he tests it to be sure it is set neither too hard nor too soft. He checks his knots to make sure they are secure. And he tests his line to see if it is frayed or nicked. When he drives the hook into a bass, he knows what his tackle can do. He knows exactly how much pressure he can apply without something giving.

Real good fishermen do all this checking the night before they head for the lake. Then they are ready for action as soon as they reach the water bright and early the next morning.

## WOMAN'S GOLF ASSN.

The monthly luncheon of the Woman's Golf Association was held last Thursday at the Country Club.

Mrs. Clay Adams presided at the business meeting. The annual invitational Tournament for the women of this section will be held Oct. 3rd, with tee-off time 9 a. m.

Bridge will be played both morning and afternoon. Luncheon will be served at noon. Committee have been appointed by the president and invitations have been mailed to the surrounding towns.

In golf play, low net on the club trophy was won by Mrs. Tom Mitchell. Balls for the day's play went to Mrs. Dempster Jones and Mrs. Mitchell.

Bridge hostess was Mrs. Joe Clayton. Winning high

was Mrs. Evart White, second high Mrs. Jack Williams and the cut went to Mrs. J. M. Baggett.

Others participating in the games were Mrs. Jess Marley, Mrs. Jimmy Barbee, Mrs. J. A. Pelto, Mrs. Joe Pierce, Jr., Mrs. Sherman Taylor, Mrs. Tom Montgomery, Mrs. Henry Miller, Mrs. Byron Williams, Mrs. Marshall Montgomery, Mrs. John Childress, Mrs. C. O. Walker, Mrs. Mahlon Robertson, Mrs. Carl Baggett, Mrs. V. I. Pierce, Mrs. Mrs. J. B. Miller and Gene Williams.

Today is '65 Pontiac Day.  
**1965: The year of the Quick Wide-Tracks**

What do we mean by "quick"? Just this: A new-all-over Pontiac Pontiac offering a new Turbo Hydra-Matic — the silky, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power; new steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never knew cars could be so beautiful, and so keenly alert to your touch. This is your year to drive a Wide-Track—quick!

**'65 Pontiac Pontiac** How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

**'65 Pontiac Tempest** Tempest's even more of a Pontiac now, and what more could a car be than that! The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

### Foot, By Car By ater, Fishermen ke It Back Home

A party of fishermen from Ozona who went fishing on a lease on Devil's Lake for the weekend found that the water was better than they bargained for. After a long and tiring day of fishing, they returned to the camp and found that the water had risen and over water had reached the ground before they had reached the camp, paved the way home.

Two of the men, John Hunt and Savell, who ranches in Bessett county east of Ozona, were brought home by helicopter from the Air Rescue Force Base in San Angelo after they had called in to report that they were in trouble. Hunt and Savell were rescued by shortwave radio and asked help in getting home.

Other men in Hunt and Savell's party were rescued about eight miles Sunday to Baker's house where they were picked up by Al Field of Ozona, cruising in the area for two other fishing families, the Oscar and Woody Masons, who had heeded the warning of threatening clouds and made for higher ground Saturday night.

The five men, including Phillips, Bill Sealey, Ray Boyd, Sam Perdue and Larry Arledge, were rescued soon after they reached the paved road at Baker's Crossing. He took them to Juno where they had parked a pickup and they returned for their companions. Hunt and Savell had elected to stay in the fishing cabin, they said.

The two men had plenty of food and water but they found the enforced "fish-camp" somewhat uncomfortable and hooped it to Baker's Crossing, caught a ride on a truck and there they were picked up by the cop-

### Federated Clubs Great Power For Good, Says Speaker

The advantages of Federation was the topic of a talk by Mrs. J. O. Mills of San Angelo, Heart of Texas District president, Texas Federated Women's Clubs, when she was guest speaker here Saturday at the Ozona Woman's Club's Federation Tea in the home of Mrs. Evert White. Members of other federated clubs in the city were guests.

Mrs. W. R. Baggett, only active charter member of the Ozona Woman's Club, was presented a Golden Book Certificate in recognition of her long service to the club. Presentation was made by Mrs. O. D. West, immediate past president. Mrs. Baggett has been active in club work in Ozona for 54 years.

As a memorial to the late Mrs. W. E. West and Mrs. A. W. Clayton, charter members of the club, Mrs. Stephen Perner read a poem by Mrs. Hubert Baker. Mrs. L. B. Cox, introduced Mrs. T. J. Bailey and Mrs. Joe Bean, presidents of the Woman's Forum and the Woman's League.

Mrs. Ted White, president, introduced Mrs. Mills. Mrs. Mills said the purpose of Federation is to refresh the memories and to re-charge the minds of those associated with club work and to acquaint new members with its opportunities. There are 11 1/2 million women working in 15,000 clubs in the U. S. alone, Mrs. Mills said. The National Federation of Women's Clubs is today regarded as the most influential single organization of women, one of the most constructive and persuasive moral forces operating in the world today.

Assisting Mrs. White as

hostess were Mrs. Eldred Roach, Mrs. Max Schneemann, Mrs. W. T. Bradbury, Mrs. Hillery Phillips, Mrs. Hubert Baker and Mrs. Joe Pierce. Tea was served to fifty-five members and guests.

### Welcome Newcomers

New families to the community, listed at the Chamber of Commerce office in the last few days, include:

Mr. and Mrs. Ray Chamness and children, Brenda, Marsha, Ricky and David, formerly of Littlefield. Mr. Chamness is the new mechanic at James Motor Co. Church preference — Church of Christ.

Mr. and Mrs. James Cumby and daughters, Pamela and Sandra, formerly of Midland, Texas, with the Texas Department of Public Safety. Church preference — Church of Christ.

Mr. and Mrs. Joe Littlejohn and son, Gary Don, formerly of Coleman, with

Dual Drilling Company. Church preference — Baptist.

Mr. and Mrs. Jack Skains formerly of Sonora, with the Texas Highway Dept. Church preference—Church Baptist.

If you are new in town, drop by the Chamber of Commerce office, located on Highway 290 at the west edge of town. Fill out a Newcomer Slip, and give Ozona a chance to meet you through the next "Welcome Newcomer" column in the Ozona Stockman.

**GIRL SCOUT TROOP 80**

Girl Scout Troop 80 organized at its meeting last week. Officers are: Karen Cody, president; Sandra

Sands, vice president; Louise Perner, secretary; Jan North, Treasurer, and Diana Morris, reporter. Officers hold office for one month.

Mrs. Lourance Sands is troop leader with Mrs. Charlie Davidson as assistant.

The troop was split into patrols by drawing. First patrol, called the Lions, has Christy Davidson as leader.

Second patrol, the Colts, is led by Louise Perner. The Cubs chose Jan North as their leader.

Troop 80 will meet each Tuesday at the Scout House from 3:30 to 5. Troop leaders will furnish rides to the Scout house with mothers picking up if possible.

Fifth grade girls wishing to join call Mrs. Sands or come to the Scout house Tuesdays after school.

Christy Davidson was hostess. Other Scout members are Wanda Williams, Pam Bishop, Ruby Green, Kathy Brooks and Beth Brown. An all-day hike and cook-out is planned for October.

Troop 80 welcomed three new members at its meeting Sept. 22, Barbara Lamb, Cynthia Wooten and Carol Kern. Lion Patrol started on their sewing badge, with Mrs. Morris directing. The Cubs worked on knot tying with Mrs. Charlie Davidson and the Colts Patrol worked on first aid with Mrs. Lourance Sands instructing.

## Introducing Comet 1965:

**livelier, more beautiful  
sequel to the World's  
Durability Champion**

We couldn't make Comet much tougher, so we made it more beautiful. Made the outside sleeker, sportier—from every angle. Made the interiors more luxurious. Made every engine bigger, from the 200 cu.-in. "6" through the hefty new 289 cu.-in. Cyclone Super V-8 (225 hp). Made the ride even smoother, more solid and silent. The one thing not new in this racy '65 sequel is the stamina that made Comet the World's Durability Champion. You wouldn't want that to change, would you? It didn't.

**Mercury Comet**  
the world's 100,000-mile durability champion

## Announcement:

**Ford Motor Company introduces an entirely new kind of Mercury for 1965... now in the Lincoln Continental tradition**

We predict that many people seeing a 1965 Mercury for the first time will wonder: "What car is that?" Mercury is that new. The look is new. Completely. Low, sleek, beautifully proportioned. (Notice the long, low proportions of the

hood, the full-width grille, the unique front pillar lights.) The ride is new. It's smoother, solid, quieter. Inside, there's a wide selection of options for personal customizing—luxury features once reserved only for the most expensive cars. The idea behind all this newness is to bring you the most luxurious, best-riding car in its field... a Mercury that reflects the Lincoln Continental tradition. See how well the idea works—at your Mercury dealer's. No medium-price automobile has ever come so near in luxury to the high-price class.

### EDITORIAL!

By Karen Russell

Ozona High School is fortunate in having a well preserved school. Through the past years the students have been determined to make their school the best. Although it's an comparatively old school, the intentions of each student is to keep it pretty and up to par. Each one of us has a job to fulfill. This is to keep our school like its been kept in the past.

We have the opportunity to better our school for the advantages of ourselves and others to come. Only by the consideration of the students now attending the high school, can this be accomplished.

Students have been asked to treat their school with the respect it deserves.

### FOOTBALL BRINGS CRISIS TO GIRLS

In the fall young men's fancy lightly turns to thoughts of — Football! To girls this can mean disaster because every week when Thursday afternoon comes, the order goes out — "Don't touch those boys!"

If, on Friday, a girl happens to have something important to say to that special someone, she might be able to sneak him a note, or if she's lucky and the coaches are not looking she might even get a chance to talk to him while changing classes. However, chances like the second choice are few and far between.

On Friday afternoon, before assembly if anyone sees a girl mouthing something across the hall, don't

become alarmed. The poor girl hasn't lost her mind! She's merely wishing her favorite Lion good luck before Ozona meets the next opponent and it's fourth victory of the year.

### SENIORS INVITE EVERYONE TO CONCESSION

The Senior class invites you to eat supper at the Senior class concession stand on Friday nights at home games. For your patronage we will be open as early as 6:30 p. m. The Seniors also operate a concession stand on the visitors' side of the field.

We also wish to thank all the Seniors' mothers who have donated food to the concession stand.

The Senior class also operates the concession stand on Thursday nights for the B-team and Jr. high home games.

### B-TEAM EDGES SONORA

The Ozona High School B team edged Sonora in an 8 to 6 victory last Thursday night in Sonora.

The Lions made their only touchdown in the last 15 seconds of play. This win enabled the B Team to remain undefeated after tying with Eldorado the previous week.

### NEW RESOLUTION ADOPTED

Last January, the District 8-A committee adopted a new resolution which was to go into effect last Friday night. The new resolution states that any booster club or students not participating in football will not be permitted on the football field at any time before or during the game.

OHS hopes that all concerned will help the school comply with this resolution.

### CHEERLEADERS TEACH STUDENT BODY NEW YELLS

Last Wednesday, the Ozona High School cheerleaders gave an assembly and presented some of the new yells which they learned this summer to S. M. U.

Coach Pete Hickman and Sonny Cleere complimented the student body on their good school spirit, and the football boys on the fine work they have accomplished.

Yesterday for assembly, Moe Barbee showed the students some slides on some of the countries he visited this summer after receiving an invitation from the National F. F. A. Association.

### FASHIONS SEEN IN OHS

What is the vogue in OHS at the start of another school year? At the present the very latest are alligator loafers.

(Continued on Page Seven)

### EDITORIAL!

By Joel Huff

Ozona football fans may have noticed a new addition to the Lions' booster section last Friday night. The Lions' first district game marked the debut of Ozona High School's "Victory Bell".

The Victory Bell, an old school bell repainted and mounted on a small trailer, started as a project by the Student Council to boost school spirit during the games. Support and aid from Ozona merchants was so great however, that the project would have to be reclassified as a community effort. The OHS student council would especially like to express its deepest gratitude to Mason Motors, Spencer Welding, and Mr. Carl (Pete) North, without whose help the project could not have been accomplished.

The Bell will accompany the Lions to all of the football games left in the season, and will be hauled and rung by OHS students selected by the Council for the task.

### LIONS ROAR

(Continued from Page Six)  
In the recent yer as various style trends and fads have been: box purses, button down collar shirts, shifts, (girls) boots, hair bows, back combing the hair, college sweat shirts, and of course the traditional slacks on Friday.

### POINTS FOR HI SCHOOL STUDENTS

Don't get to school until 7:09 in the morning for the tardy bell won't ring until 7:10, and it will give the teacher lots of pleasure to mark you present after having marked you absent. Don't neglect to slam your locker whenever opportunity permits; there is seldom any commotion in halls, and such a light noise can't make much difference.  
Don't fail to whisper in study hall; no one goes there for study anyway.  
Don't pick up any waste paper you see lying around leave it wherever it may be, because janitors are hired to pick up scraps of paper, and the smaller the pieces, the more interesting the work.  
Don't fail to walk with a heavy tread when coming into the study hall late. This does not disturb those who already are interested in their work.  
Don't fail to deposit your gum in the fountains; the sight of it adds much to the pleasure of those who come to drink.  
Don't let anyone beat you at the cafeteria when the lunch bell rings; it's your right and privilege to get there first, even if you have to knock several other students down in the rush.  
F. S. of course, we're kidding.

### QUESTION OF THE WEEK

What is your opinion of the new dances?  
Cathy M — love em!  
Janis W — they are weird  
Mike W — We better go back to the fox-trot.  
Carey P — pretty good  
Nancy D — its different  
Kay K — They're great!  
Mary Jane D — I like em!  
Carmen C. — They are old!  
Lynn C — you need a lot of energy!  
Pon S — I don't like them  
Drake M — they're for animals!  
Barbara K — easy when you catch on!  
Cynthia M — They look funny.  
Brenda B — They are the best yet!  
Margene R — Dangerous  
Karen R — Cool!

### GOSSIP!

Grey Pitts & Mike Walters  
Will, what were you doing at school at 4:30 Friday afternoon?  
What kind of people did you get your gossip from last week, Brenda?  
Who dropped his hat during the half time show last Friday night?  
Didn't hear any clanging from the north end of the football field Friday night.  
Three guess why the gossip is so juicy this week.  
What was the lipstick doing on your shirt Friday night Sandy? Was it from eating or what?  
Lynn, whats with these dearments towards Hugh who were the skunk love Sunday night?  
Who were Ronnie M. and Mike P. with late Friday night?  
Donna, did you nearly kiss David's car Saturday night?  
Wonder who was wading in the fish pond Saturday night? How about it Esther.  
Wonder why this column is very long this week?

### ANNUAL STAFF HOLDS MEETING

The annual staff held its first meeting last Thursday night and elected its members for the 1964-65 school term.  
Members of last year's staff on the staff this year include Editor, Janis Walters, Assistant Editor, Lin-

da Leath; and members Carmen Childress, Vicki Applewhite, Margene Robinson, Judy Ingham, photographers Jerry Johnson and Steve Tallaferro.

Newly elected members Brenda Brentz, Mary Jane Dunlap, Cathy Miller, Ruthella Nicholas, Lynda Miller, Marcia Halre, Sandra Martinez, Yvonne Martinez, Tommie Ramos, Geo. Kyle, Alan Strickland, Rick Hagelstein, Mike Walters, Helen Hanes, Jacque Meadows, Donna Moore, Barbara Kirby, Vicki Lynn Montgomery, Nancy Deland, and Lynn Cox.

### LIONS TO PLAY ELDORADO

Tomorrow night the Ozona Lions will travel to Eldorado. This will be a very important game as the Eagles are considered to be one of the top teams in the district. Last week the Lions defeated the Sanderson Eagles 28-0 in their first district contest.

### OZONA LIONS WILL HAVE BONFIRE

The bonfire this year will be held October 22, at the football field. The custom every year is to have a bonfire the night before the Big Lake game, our big rival.

So please, all merchants save your boxes!!!

### FOOTBALL DANCES TO BE HELD AFTER EVERY HOME GAME

After every home game, either the cheerleaders or the twirlers sponsor a dance honoring the football boys. The dances are held at the North Elementary auditorium thirty minutes after the football games and are chaperoned by the sponsor's parents. Refreshments are served and records are played.

All high school students are welcomed to attend the dances.

### ANNUALS SHOW TRUE CHARACTER OF STUDENTS

If students are seen with a book on the floor and writing and turning the pages with their toes, no doubt there just signing the latest edition of The Lion! Excerpts from various annuals often reveal the true character of some people.

Some excerpts from the 1964 signings are: Well, your finally Big Seniors and I guess you'll stay that way unless you reduce!

A nose! a nose! a kingdom for my nose!

Maybe someday you'll be a success and then we will be proud of you!

Dear Amazon, Even though you win like an ostrich, you and your big feet will go far.

You are a real sweet girl with a sweet personality — the only trouble is that there's no demand!

I hope you have as much fun during your Sr. year as I am going to have.

Well snake, If you ever start blowing away, holler and I'll come anchor you, but please try to gain some weight.

To the ugliest, meaniest boy an earth!

Dear Girl Feet You are the stupidest, unfriendliness, ugliest person in this high school. I haven't enjoyed knowing your one but these last three years. I wish you would move away from this nice little town. Your best friend.

To a real fine head!  
To the red headed gorilla.  
Dear fat woman  
To an ugly boy with an ugly mouthful of comments. The only reason I would even write in your annual is to get revenge for what you put in my annual.

### JOKES OF THE WEEK

Who sings, plays a guitar and is a king? Elvis Parsley.  
What's green and likes kids? Art Linkletter!  
What's tall, green, and dances? Fred Asparagus.  
What's tall, yellow, and

dances with Fred Asparagus. Ginger Banana!

What's friendly and walks through walls? Casper the friendly banana.

What's round, and has a big smile? The grape that has 50 per cent fewer cavities!

What's purple end goes slam! slam! slam! A four door grape!

What's a brown, wrinkled, and rides a horse? Roy Ralsin!

What's green and lies at the bottom of the ocean? Moby Pickle!

What's green and flies through the air? Super Pickle!

### HUNTERS INQUIRE AT CC FOR LEASES

The Chamber of Commerce continues to get inquiries on deer hunting. In order to answer these letters fully, the Chamber needs the help of all Crockett County ranchers. Any rancher planning on leasing by the day or season should contact the Chamber of Commerce or Jim Carpenter and let this be known.

### New Study Methods Outlined At P. T. A.

Ozona PTA met Monday night in the high school auditorium for the opening meeting of the new school year. Devotional was by Rev. Leonard Garrett, pastor of the Methodist Church.

The budget for the year was presented and approved. A panel of teachers presented a program on Forward Moves in Education.

Mrs. Roy Killingsworth discussed the new phonics

program for elementary reading.

Miss Fern Mikeska and Mrs. Eddie Nations talked on the new math method and Foy Moody outlined changes in high school English. Quentin Brentz told of the advances in science teaching.

An interesting and varied program has been outlined for the new PTA year and all school patrons are invited to take part.

### JET PATROL MEETS

Troop 13, Jet Patrol met Thursday, September 17, in

the home of Mrs. Lawrence Janes, leader. They were shown movies of artificial respiration and later practiced on a dummy. Then the group continued work on their Halloween project. There were 10 girls present.

### SON BORN TO SONORA COUPLE HERE

Mr. and Mrs. S. O. Dunn of Sonora are the parents of a son, Samuel James, born in the Crockett County Hospital on Sept. 19. Mr. Dunn is with the U. S. Border Patrol.

## THE ROMANS MOVED RIVERS

In this age of technological wizardry never sneer at the past. The Roman engineers who designed this aqueduct in Spain were brilliant men. Skill such as theirs, more than the might of Caesar's armies, fashioned the vast civilization of the Empire.

In this age of scientific discovery never overlook the Truths long ago revealed. Christianity was born in a remote province of ancient Rome. It suffered generations of persecution until it converted even its persecutors. And when barbarians overran the Empire, our faith found a foothold in their hearts as well.

In a civilization of modern marvels the Church still raises its towers of truth. And when, next Sunday, we come with our families to worship, somewhere a congregation will be singing:

*O where are kings and empires now  
Of old that went and came?*

*But, Lord, thy Church is praying yet —  
A thousand years the same!*

## Lions Thrash Sanderson 28-0 In Dist. Opener

By Ernie Boyd

The Ozona Lions marched 80 yards with the third quarter kickoff and then proceeded to add two more touchdowns in the fourth quarter last Friday to rout a hard fighting Sanderson team 28 to 0 in both teams first district outing this season.

The Lions had scored in the first period on a 38 yard drive following a Sanderson punt, but after that and until the third period drive had been forced to hang on for dear life as the Eagles first drove to the Lions 8 and then with a fumble recovery at the 23, moved to the 18 where the Lions took over on downs as they had in the first threat.

Once again the Lion victory has to go in large part to a hard hitting defense, even though the Lions' running attack in the second half relieved them of much of their defensive duties by controlling the ball and building a comfortable lead.

Bob Amthor, Joel Huff, Rick Hagelstein, Mike Walters and Richard Vargas were the bulwarks in Ozona's front line of defense, but everyone was contributing to the effort with all they had most of the time.

Ozona's first score came early and followed what appeared for the moment to have been a costly blunder. The Lions had hammered deep into Sanderson territory and with the ball near the two, and facing third down, they elected to go outside and were swarmed for a four-yard loss, ending the threat for the moment.

The Lions rebounded quickly, however, and forced Sanderson to kick then drove 38 yards for the game's first score. Vargas put the icing on the cake when he shot over left guard from the three into the end zone. Amthor kicked the ball from placement and the Lions were in the lead.

With the end of the first quarter the Lions had to face the strong south wind and Ozona fans had many uneasy moments before the half came to an end.

The quarter began with Sanderson having taken the Lions kickoff and just moved into Ozona territory. From there the Eagles rode the swift thrusts of quarterback Tommy Weigand, and the hard runs of Truman Cates to the eight before the Lions stiffened and held for downs.

The Lions crunched out to the 23, but on third down they fumbled and Sanderson took over again. Cates got inside for four, and Weigand tried right end but found Thomas Garza blocking the way and got only one. Weigand tried the right side again on third down, but Mike Walters and Joel Huff, along with

A third Mustang model — the "2+2" fastback — joins hardtop and convertible Mustangs announced as the first of its 1965 cars by Ford Division last April. The new Mustang provides seating for four. Fold-down rear seats permit added luggage — including skis and other lengthy equipment — to be carried inside the car with driver and passenger. Functional air louvers styled into the rear roof quarter-panels provide an efficient, flow-through ventilation system for window-up driving free from wind noises and drafts in nearly all kinds of weather. Continued as standard equipment on all Mustangs are such sports and luxury features as bucket seats, molded nylon carpeting, floor mounted shift for both manual and automatic transmissions, all-vinyl interior, padded instrument panel, and full wheel covers.

The new Mustang "2+2" joins the 1965 Mustang hardtop and convertible models in Ford dealer showrooms Friday, September 25.

Pete Garza, stacked the play for a short loss and on fourth down the Eagles managed to regain only the 18.

The Lions seemed to get stage fright at this point and though they moved quickly into Eagle territory, they managed to juggle the ball on almost every play and a charging Eagles lineman knocked the ball from George Cox's hands to set up a 17 yard loss, though the Lions did regain possession of the ball.

If the Lions looked jittery at the half, Coaches Fred Hickman and Sonny Cleere seemed to have done a good job of getting them back on their feet as they fairly swept the field clear of Eagles when they took the opening kickoff and drove 80 yards for a clinching score.

George Cox, the Lions' leading ground gainer for the night, and Billy Carson, quarterback, keyed the attack, with timely runs coming from Darrel Maney and Richard Vargas.

Cox opened the assault with a 17 yard gainer and then on the next play picked up 12. Maney got 3 and then Vargas hit for 5 and picked up the first down with 7 more on the next play.

Cox continued the drive with four and Vargas broke loose for 10 to the 22 yard line. From there the Lions took four plays to score, with Vargas counting from the 2.

Darrel Maney got loose on a reverse with the aid of a fine block from Huff and the Lions had two more points and a 15 to 0 lead.

In the fourth period the Eagles showed real signs of cracking and Cox got the Lions off on a 60 yard march with first a 10 yard burst, and then an 11 yard scoring dash to end the drive. The extra point attempt was short on a sneak and the score remained 21 to 0.

The final Lion score came on a 65 yard drive, with a 17 yard run by Cox, and

of 156 yards, while Vargas had 97. Weigand had 47 to lead the way for Sanderson ground attack.

Carson hit on two of four passes for 27 yards and hit his receivers on both the other tries, only to have an alert defense break up the pass.

The Lions emerged from the contest without injury, but played without the services of halfback Randy Upham who is expected to be out for several weeks with a shoulder injury.

## Lady Golfers Of Area Invited To Annual Tourney

Invitations have been sent to a dozen or more West Texas towns inviting lady golfers and bridge players to attend the annual Ozona Ladies Golf and Bridge Assn. tournament at the Country Club Saturday, Oct. 3.

The day's festivities will begin with a coffee at 8:15 a. m. Golfers in both 9 and

18-hole flights will tee off at 9 a. m. Golfers, both local and out of town, are asked to turn in handicaps and luncheon reservations, to be served at 12 noon, to Mrs. J. L. Barbee. Prospective bridge players are asked to contact Mrs. J. B. Parker, bridge chairman. There will be morning and afternoon bridge sessions. Prizes and trophies will be awarded in both bridge and golf.

The Country golf course

has recently installed an irrigation system and planted grass in the fairways. It is expected that the course will soon compare with any in West Texas. This week's rains are expected to do more good than all the watering to date in greening up the fairways. Bill Clegg is country club president. Mr. Clay Adams is president of the Ladies Golf and Bridge Assn.

### The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Sept. 26, 1935

Two occupants of one car and the driver of another were injured in a head-on collision about 12 miles west of Ozona. Herbert O'Bannon and Bascomb Benton, San Angelo insurance men, were in one car which was in collision with a pick-up driven by Rowdy Hoover of Ozona. No one was seriously hurt.

—30 years ago— Carl Pettit is on a 150-mile drive taking 2,000 head of sheep from a ranch near

McCamey, which he has had leased in association with Will Miller, to a ranch recently acquired by Mr. Miller near Snyder. The drive is expected to take about 20 days.

—30 years ago— Miss Louise Cumble, daughter of Mr. and Mrs. A. A. Cumble of Barnhart, and Ted Atkins, manager and weigher of the OB Trap Co. in Barnhart, were married Tuesday in San Angelo.

—30 years ago— Seven Boy Scouts were promoted to Star Scouts at a court of honor here. The Scouts received Star rating were Jack Baggett, Elmer Bright, John Henderson, John Childress, Beecher Montgomery and Norman Rendall.

Choosing for their methods murder, mayhem and mutilation, vitriol, vituperation and vicious invective, "Spike" Conley and his sharp-spiked wrecking crew annexed another West Texas baseball champion-ship with doubtful honor to themselves the past week. The Oilers copped their third game in the playoff series in a 13-inning heart-breaker for the Ozona Giants here Sunday afternoon.

—30 years ago— The Ozona Lions dropped their opening pre-season mat with the Iraan Braves Saturday in Iraan by a score of 14-0.

—30 years ago— Peery Holmely, who ranches on part of the Hoover

ranch country in West Crockett county, suffered severe lacerations about the body Monday when he was pawed by his horse.

—30 years ago— T. A. Kincaid, recently sold 1100 mixed lambs to Ray Wiloughby at \$5.25 a head, October 1 delivery.

—30 years ago— Elmon Powell, who suffered rib injuries in the game with Iraan Saturday, is improved and will be able to play in the Ft. Stockton game this week-end.

—30 years ago— OZONA LODGE NO. 747 A. F. & M. Reg. meeting on 1st Mon. of mon.

## now! the beautiful shapes for '65

**Chevrolet Impala '65**  
 It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

**Cherelle Malibu '65**  
 Here's all that made Cherelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skins over the choppiest roads. Like V8 power that'll make you think we stole some of Corvete's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

**Chery II Nova '65**  
 It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chery II's marvelous mechanical efficiency now wears a debonair new look. And offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

**Corvair Corsa '65**  
 How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look, there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

See 5 beautiful shapes for '65—Chevrolet, Cherelle, Chery II, Corvair & Corvete—at your dealer's

### Sinclair Honors Employees at Dinner For Safety Record

San Angelo, Sept. 24 — Sinclair Oil & Gas Company hosted employees of its Ozona sub-district at a dinner here Wednesday night in recognition of their having worked 3,554 days without a disabling injury. The record dates from December 9, 1954. The observance was at Zentner's Steak House. Joining the sub-district employees for dinner were R. M. Koddish, Sinclair vice-president and Midland division manager; R. F. Sawyer, Midland, division production superintendent; O. W. White, Jr.,

Monahans, district production superintendent; L. O. Box, Ozona, district foreman; and Lawrence H. Bell Midland, safety engineer.

## Now on display: the most beautiful Chrysler ever built.

This is Chrysler '65. The big one that delivers. Luxury that reflects your good taste, for one thing. A fast answer to your demands, for another.

Look at it. Clean-lined. Big. Beautiful. Eighteen feet of comfort. Two tons of security. Called Chrysler.

It's easier to get into and out of. There's lots of headroom, and legroom and hiproom.

Get in and drive it. The first thing you'll notice is best described as "scorch." Model 1965 is a very quick automobile.

And there's an improvement in ride you can really feel.

One more point. A Chrysler isn't all that expensive. Seven Newport models are actually priced just a few dollars a month more than some of the most popular smaller cars.

Visit your Chrysler dealer and see them all: economical Newport; sports-bred 300; and the luxurious New Yorker. Move up to Chrysler. Model 1965. The man who sells them will make it easy.

Tune in Bob Hope and The Chrysler Theatre, Friday evenings; NCAA Football, Saturday afternoons, and the World Series—all on NBC-TV.

Drive it!

New Yorker 4-Door Hardtop

## Fall in love with your car again...

Remember how proud you were of your new car when you saw it in the showroom? We'd like to do all we can to keep that car as close to new as possible.

We know that next to your home, it's your biggest investment and therefore deserves the best care in the world. To us this means more than just keeping it supplied with top-quality gasoline and oil. It means extra service—the

kind of service that makes your car a pleasure to drive while you own it, makes it worth more when you trade it in.

Making friends with your car is our business. And making that friendship pay off for you is our job in America's competitive and progressive oil industry. So why don't you bring your car in today — and find out for yourself that we mean all we say!

### Soaking Rains - Foreman -

(Continued from Page One)

the flood waters out at a moderate rate for flood control downstream. Rain-fall of up to six inches was recorded in the watershed area and that was the amount which sent down the 1964 flood — but the fall in 1964 was in a shorter period of time.

The big dam on the Jack Holt ranch impounded the most water it has held since its construction, as did the dam on the Boyd Baker ranch, the first dam completed. All dams in the north watershed area caught enough water to raise the lake level several feet above the drawdown tubes.

Johnson draw through Ozona ran water about two feet deep its entire width following Sunday night and Monday morning's heavy rains in this immediate vicinity. Most of this water came from drainage below the flood control dams and ran down quickly. Gurley draw also ran briskly.

However, the draw continues to run a good stream of water as the flood control dams release their impounded flow gradually. Further rains threatening late yesterday may again fill the control lake and extend Johnson's active flow several days more.

### Lions Expect -

(Continued from Page One)

team pretty will indoors.

The Lions will be without the services of Soph half-back Randy Upham, who is out for at least four weeks, and is not currently with the team.

The loss of Upham leaves soph George Cox along at his position, and while Cox has shown to be one of Ozona's best runners, the platooning of Upham, who is also an able halfback, will weaken the team.

In order to help with the loss, Billy Carson is running at the halfback slot so that he will know the position should a reserve be needed. Such a move would send Kyle in at quarter where he has been splitting time with Carson this season.

In view of the wet grounds and the Lions strong showing in stopping the opponents running game this fall, the Eagles will likely go to the air, something Sanderson did not try very often last week. In expecting the air attack the Lions have spent considerable time this week on air defense.

Kickoff time is set for 8 p. m. again this week, the last Friday in September, with all games after this being set for 7:30.

The Texas Federation of Music Clubs, District 12, will hold its annual convention at the Caravan Motel in Midland on Oct. 30 and 31, hosted jointly by the Musicians' Club and the Midland Music Club.

I am doing this at my own expense trying to arouse the people of this nation to what is going on and for some help for the conservative side in stemming this tide.

Pointing out that some people accuse the conservatives, the Republicans, of being "Against" but seldom "for", Foreman continued: "It's like my Aunt Agnes who complained to her minister that her prayers were never answered. The trouble with Aunt Agnes was that she didn't recognize "no" as an answer.

"To those who say I am always against but never for anything, I am glad to give them my answer. We Republicans are FOR free enterprise, we are FOR government economy and less spending, we are FOR local medical care by local organizations and local government for those who are unable to care for themselves, we are FOR our public school system free of government control and direction through Aid to Education, we are FOR the American working man and business men spending or saving his money as he sees fit rather than federal planners spending it or throwing it away through irresponsible and wasteful foreign aid give-away."

Bill Hayes in a brief talk advocated a program of economy and less government interference in private affairs. He would limit foreign oil imports, maintain a strong military posture, would recognize a Cuban government in exile, a blockade of Cuba and would "fan the spark of freedom in American which will become the spark of glory throughout the world."

Candidate Hayes accused his opponent, Democrat Congressman at Large Joe Pool of Dallas, of turning "liberal" after running as a "conservative." It took him just five minutes to join the liberal forces, Hayes said, by voting for liberal McCormick for speaker of the House and to pack the rules committee with liberals.

Following the rally the candidates and a group of supporters were guests of Sam Martinez of El Sombrero Cafe for a Mexican Supper.

### Expanded Postal Service Planned For Christmas

Longer post office window hours, expanded delivery services and largescale extension of the Zip-coded parcel post speedup are planned for Christmas, Postmaster General John A. Gronouski has advised the local postmaster, Floyd Hokit.

Three major new steps have been taken "for the best Christmas mail service the Postal Service has ever had," the Postmaster Gen. said. These are:

Expanded post office window hours Dec. 5 to 26 as deemed necessary by the local postmaster.

A six-day week Dec. 7-31 for parcel post deliveries, instead of a five-day week.

Completion by Nov. 1 of Phase III of Zip Code parcel handling at about 130 more "sectional center" post offices (strategically located mail massing

points), providing faster delivery up to 24 hours or more for parcels with Zip Code. Phase I and II affected largest offices, about \$5 million annual receipts and from \$1 to \$5 million.

The San Angelo Section Center, mail massing point for an area which will include Ozona, goes into operation Saturday of this week, Sept. 26, Hokit announced.

Mail is scheduled to arrive from Barnhart at 9:30 a. m. The Star Route carrier going to Pandale, June and Comstock, will not leave Ozona until the Barnhart mail arrives, thus speeding up by one day the delivery of mail to those towns. All patrons on the Comstock Star Route will receive mail daily as usual but it will be approximately two hours later in the day.

Mail dispatched to San Angelo will leave Ozona at 4:30 p. m. each day instead of at 3:10 as at present. This change will become effective Saturday when the San Angelo Sectional Cent-

er becomes operative. Postmaster Hokit urges postal patrons to use Zip codes on all letters and packages wherever possible. The post office has Zip code directories available in the lobby for patron use, he said. Anyone wishing to buy a national or state director should contact the postmaster for information.

The Postmaster General said the Christmas mail service expansion is a part of a "nationwide program to bring postmasters into more responsible positions in postal management as 'real partners in providing better service at all levels.'"

Rodney Stewart, son of Mr. and Mrs. Hollis Stewart, was home for a week-end visit after a week of classes at San Angelo College where he enrolled for the new school year. Priscilla Stewart was also home for the week-end and reported that she and Ozonan Kathy Doran are enjoying the excitement of so many new students on the campus.

### Ozona Horses Win In Abilene Show

An Ozona horse, Escudido Bushwhacker, owned by Carl Conklin and P. C. Perner and shown by Conklin at the West Texas Fair in Abilene, won first in the class and reserve Grand champion stallion in the show which featured more than 100 entries in the Appaloosa stallion classes.

Escudido Bushwhacker is out of Hi Spot, a national grand champion stallion and Top Maid, a registered Perner mare.

Another Ozona Appaloosa owned and shown by Eddy Chandler, placed sixth in his class of yearling stallions. He is Bandido out of a Chandler registered mare by Golden King. The two stallions showed against a field of about 20 entries in each class.

ANTIQUE Grandfather clock with chimes; 2 French clocks and others. Small Swiss music box. Ten record. 1209 Ave. E. Phone 30-2134. See after 5 p. m.

**Buick '65 Buick**

We changed the Buick a lot this year. And you may never be the same again yourself.

We doubt you'll want to be the same. Not once you set eyes on our new Buicks. On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera. And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture.

True, there's a new high-style touch. But that's hardly all. Engineering still has the emphasis. It's a Buick tradition. So are the extras Buick spends a little extra on. Like finned brake drums that do a little better. And smoother drivelines. A tuned suspension to smooth ribcage roads. Now add Buick's Super Turbine transmissions—and you have an idea of what Buick owners have always liked about Buick. We think you'll feel the same.

Wouldn't you really rather have a Buick
