Traffic Safety Is Forum Topic

The Ozona Woman's Forum met in the home of Mrs. Joe Clayton, Tuesday with Mrs. John Coates assisting hostess.

The Club president, Mrs. T. J. Bailey, presided over a business session preceding the program.

Mrs. Lloyd Sherrill, as program leader, spoke on "Freeway Driving" and Mrs. James Childress discussed "We Learn More About Safety on Our Highways."

Mrs. Fred Hagelstein, Mrs. Marshall Montgomery and Mrs. P. L. Childress were appointed as a special committee to investigate the purchase of a bulletin board to be put in the City Park.

A committee of Mrs. James Childress as chairman and Mrs. W. H. Whitaker, and Mrs. Lowell Littleton was appointed to investigate details on Student Loan Fund.

After the meeting a salad plate was served to Mmes. W. R. Baggett, Jr., T. J. Bailey, James Childress, P. L. Childress, Fred Hagelstein, B. B. Pauley Petroleum Joins \$100 Million California Project

Vinnell Constructors and Pauley Petroleum Inc. will participate jointly in a new \$100,000,000 planned community in the Kellogg Hill area to be known as Via Verde, it was announced today by A. S. Vinnell, president, and Edwin W. Pauley, chairman of the board, of the respective companies.

Operator for the joint venture is Vinnell, which shares an equal interest with Pauley Petroleum.

Located immediately north of the San Bernardino Freeway and adjacent to the Puddingstone lake and recreational area, the 1,262-acre project is financed by The Prudential Insurance Company of America.

Ground breaking is scheduled within a few weeks. The new development will be the first diversified venture for Pauley Petroleum, independent oil company.

Los Angeles-based Vinnell, which built Dodger Stadium, is a construction company with world-wide operations.

Pauley Petroleum is one of the developers of the Ozona area gas fields and is one of the principal owners of the Ozona Gas Processing plant, two miles south of Ozona.

National 4-H Club Week Observed

College Station-National 4-H Club Week will be observed Sept. 26, through October 3 and about 84,000 boys and girls throughout Texas will boast the theme, "4-H: Learning for Living."

This year's observance also marks the 50th anniversary of legislation that made 4-H Clubs a part of the educational program of land grant colleges and universities.

Since 1914, when the Smith-Lever Act authorized the Cooperative Extension Service, the 4-H Club movement has spread across the nation and 72 counties, with more than 2 1/2 million members active in 4-H work in every state and Puerto Rico. Latest figures show 48 percent of members coming from farm homes, 31 percent from rural non-farm homes and 21 percent from urban homes. All backgrounds and levels of living are represented.

Stockmen Warned Of Fall Danger of Screwworm Cases

Mission - Texas farmers and ranchers should take special precautions in handling their livestock during the coming weeks to prevent new attacks by the screwworm fly.

Stepped-up vigilance by livestock producers is important, not only to protect their animals from becoming infested, but also because an impending shortage of funds for the screwworm eradication program may limit emergency control measures that can be taken.

Eradication authorities pointed out that in past years, the livestock pest has always made large, rapid gains during the fall months when wet, cool weather is extremely favorable for insect development, and an increase in livestock management practices produces an abundance of wounds attractive to the insect.

Infestations have been rare this summer, with only two dozen cases reported by livestock producers in Texas. Only one case was detected during August.

Eradication officials warned, however, that the screwworm fly can migrate great distances when conditions are favorable and failure of stockmen to be alert to the danger could result in a sudden explosion of cases.

Infestations detected, treated and reported during the early stages of development can be quickly and easily controlled, officials said.

Eradication activities may have to be reduced because of recent action by Congress intruding a budget request for \$5 million to carry the program through the current fiscal year. On-

Girl Scout Troop Organizes Patrols

Troop 121, Girl Scouts, with Mrs. Mike Miller and Mrs. Bob Childress as leaders, had their second Cadette meeting Monday.

The troop divided into patrols and elected patrol officers. One patrol named Johnette Dozier as patrol leader, Jeanne Read as assistant leader, Diana Deaton, secretary, Sallie James, treasurer, Vicky Walker, transportation and finance, and Maria Barbee, first aid.

The other patrol elected Becky Bland, patrol leader; Elizabeth Jones, assistant patrol leader; Judy McAllister, secretary; Connie Ellis, treasurer; Cathy Williams, transportation and finance and Sherry Saunders, first aid.

One patrol is learning to tie knots and the other to build fires. Each will teach the other what they have learned.

The troop plans to participate in the San Angelo Camporee Oct. 24 and 25, plan a Halloween party along with the sixth graders, and about three other parties are planned during the year.

District President Music Club Speaker

Ozona Music Club met last Thursday at a dinner in the home of Mrs. R. A. Harrell to honor Mrs. J. S. Knauer of Midland, District president.

Members answered roll call by recalling what music had been heard during the summer.

Mrs. Q. A. Brentz, president, welcomed members and guests and introduced Mrs. Knauer. Mrs. Knauer gave news of District activities and reviewed the history of the Music Federation.

Mrs. Joe Pierce, IV, presented the yearbooks and reviewed the year's program.

The club approved a resolution expressing appreciation for the contribution of the late Miss Wanda

ly \$2.75 million will be made available by the federal government, and \$2.5 million of this cannot be spent unless it is matched by non-federal money.

New Officers For W.M.U. Installed

New officers for the First Baptist W. M. U. were installed Wednesday night in a service at the church.

Mrs. Bill Cavanaugh was program leader and introduced the program. Rev. Max Brown, pastor, presented the devotional and led in prayer.

The installation theme was "What's in a Name". As each officer was installed

Watson to the club through the years and voted to make a contribution to the Federation Fine Arts fund in her memory.

Hostesses for the evening were Mrs. Harrell, Mrs. J. W. Howell and Mrs. Joe Pierce, IV.

### EDITORIAL

By Carey Pitts

Today, during the era of mass communication and transportation — which make the world seem smaller — current events become more and more important to us in our daily life.

Democracy, the basic political concept of our nation, depends upon the people being well-informed, because the powers of this democratic government come from the people and can succeed only when backed by an active, well-informed people.

An intelligent, well-read man is recognized by his knowledge of current events. The topic of many of our daily conversations is based on current events.

Current events are important to us as Americans and on the basic level as individuals.

### VICTORY BELL TOLLS AT ELDORADO

By Marcia Haire

The Victory Bell traveled to Eldorado Friday night where it had two occasions to ring. The bell rang first when Richard Vargas carried the ball over for the touchdown in the first quarter. It rang again in the fourth quarter when George Cox made the second and last touchdown in the fourth quarter. Neither conversion attempts were good.

Well, Donna and Barbara, ring the bell loud and long at every chance.

### QUESTION OF THE WEEK

By Lynda Miller

How does rain affect you?

Barbara K. — Makes my hair straight!  
 Cary P. — I Can't do anything.  
 Helen K. — It's messy.  
 Ruthella N. — Dreary.  
 Celia H. — Sad  
 Randy U. — Makes my arm hurt.  
 Sharon J. — Makes me sleepy.  
 Esther W. — It's bad on my pickup.  
 Lelcee M. — Gets my feet wet.  
 Judy I. — Makes me feel happy.  
 Bettye H. — Makes my hair straight.  
 Dwight C. — I don't know.  
 Peggy H. — Gets me wet.

Robleen M. — Guess I'll have to learn how to swim.  
 Linda L. — It's alright when you are inside.

### AND THE RAINS CAME!

By Cathy Miller

On Saturday night of September nineteenth, an unusual and different occurred in Ozona — It Rained! To people in West Texas this is a blessing, but when it continues for a week, a person begins to wonder if Noah should be called on to bring his ark.

Monday morning students had to run into the building. However, their efforts to avoid a soaking were in vain, for teachers greeted a group that looked more like drowned rats than pupils.

To the football players it looked as if they were going to have a little rest. Our coaches had different ideas because the boys practiced Monday, Tuesday, Wednesday, and Thursday. Luckily they're all strong healthy, "All-American" boys or there might be a few cases of pneumonia at the hospital!

Looking at the girls' side of the picture things were even worse. If your hair is naturally curly it becomes so curly it frizzes, and if it's naturally straight it goes straighter! You can't win for losing! Going back and forth from the Home Economics building your socks and clothes get soaked as thirty girls try to crowd under one umbrella.

Going home from school the picture becomes even bleaker. The draws are flooded, so to go across town everyone has to use the bridge which results in a traffic jam and a few banged fenders. Those students who live out of town and don't know how to swim have to stay at a friend's house. If a person didn't come prepared to stay overnight, things get a little rough!

As a person looks back over last week's his reminded of the song — Rain, rain go away, come again someother day! Only in Ozona's case, it kept coming, and coming, and coming!

### FAILING SLIPS ARE MAILED

Failing slips were mailed out on Wednesday, September 23, to the parents of those students who are failing or nearing failing with 70 and 71 averages.

These slips serve as warnings to students that they have three more weeks to prevent from failing.

### RAIN KEEPS OHS BAND FROM MARCHING

For the first time in recent years, the OHS band did not march during the halftime last Friday night. Since the band had no opportunity to practice marching during the week because of continuous rain,

Mr. Sanders thought it best not to march. The OHS band wore white shirts and blue jeans instead of their regular band uniforms.

The Eldorado band did not wear their band uniforms nor march either. The two bands alternated playing various songs during the half while the twirlers performed.

### SENIORS HAVE PICTURES TAKEN

Seniors had their pictures made last Friday morning in the high school auditorium.

At the end of school, the studio will send a framed picture of the class to hang in the hall and each student purchasing a picture will receive a composite picture of the class.

The studio, located in Colorado, offered a variety of six poses for the student to pick from. The price range according to the type picture chosen.

### FROM THE LIONS' DEN

By Joel Huff

Ozona is still undefeated and untied. With their 12-0 win over the speedy Eldorado Eagles, the Lions kept their record clean, but it appears that their record was the only thing kept clean during last Friday night's game. Both teams were so muddy by the end of the game that it is rumored that one of the Lion cheerleaders ran onto the field after the game, grabbed a player, and hugged and kissed him before she

discovered that he wasn't even from Ozona. The Lions host Junction tomorrow night.

One can't help but notice the support given to the Lions this year by the students and townspeople. Even long distances and bad weather don't seem to hinder Ozona fans from backing their team. The general consensus of opinion seems to be that this year is going to be a great one for Ozona, and in view of the enthusiasm shown by the team, the student body, and the town in general,

opponents might do well to be on guard.

Turning to baseball, both the American and National League pennant races are closer than ever, although in the American League, the Yankees seem to have done it again. In a short time the nation's attention will once again be focused on that great sporting event, the World Series.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## GROWING TOGETHER

"God's garden" . . . those were St. Paul's words to describe the early Christian fellowship. From its mighty seed of revealed truth, the Church has grown and flourished . . . spreading into many lands, developing in many ways, but always linked by oneness in Christ.

World-wide Communion Sunday is a day of spiritual renewal for Christians of every creed. It is a time to remember our brothers in all lands, and to pray that our differences may be transcended by the power of the Holy Spirit working among us. It is a call to greater effort, greater personal participation, so that by our example all men may be led to know Jesus as their Saviour.

The Church needs the support of every Christian on this meaningful occasion. Decide now that you and your family will be present at the Lord's Table.

**SERVES TAIWANESE MEAL TO GIRES**

Ten guests, including  
girls who will be promoted  
into the Intermediate Girls  
Auxiliary, and the new  
counselor, Mrs. Bill Cavan-  
augh, were present Wed-  
nesday evening when a Tai-  
wanese meal was served by  
Bonnie Glynn in fellowship  
hall at the First Baptist  
Church.

As a requirement in pass-  
ing her Queen-with-a-  
Scepter Step in the mis-  
sionary organization, Bon-  
nie acquired a recipe for  
the national dish of Tai-  
wan from Miss Lola Mae  
Daniel. The dish contained  
rice, pork and scrambled  
eggs as its main ingredi-  
ents. With this, melon  
cubes and hot tea were  
served, both being abund-  
ant in Taiwan. Cake and  
jello were on the menu as  
dessert. The event was in  
observance of Miss Daniel's  
birthday. She is a former  
Ozona teacher, now serving  
as a missionary in Taiwan.

**Lions Outlog —**  
(Continued from Page One)

a freshman end, who had a good night otherwise, got off a poor kick that sailed out of bounds only 6 yards up the field.

Ozona fans were ready for the kill but the Eagles had other ideas and the Lions got nowhere and had to kick. In fact, the Lions did not make another first down in the first half and Ozona fans began seeing visions of defeat as the Eagles picked up four first downs in the second period and once marched inside the Lions 15 before a determined Lion forward wall, led by big Buddy Farris, threw them back.

The Lions came back from the half with a little improved offense and drove to the Eagles 5 where they had a first down but could not go and gave up the ball on the three.

Eldorado almost scored from there as Ronnie Griffin, state class A dash champion, broke over tackle and raced out to the 20 where the last Lion, Joel Huff, made a diving stop. In reality, George Cox had driven Griffin out of bounds a few yards back but that decision was not announced prior to the termination of the play, so the fans nor the players knew it at the time.

Eldorado made another menacing gesture in the third period when the Lions fumbled on their own 30, but two plays later Bud Harris stormed through and knocked Griffin off a loose ball and recovered it for the Lions.

With the introduction of the Eagles' air game came a new appreciation for the role played by Pon Seahorn. The Ozona halfback was under everything the Eagles threw, deep or shallow and though he may have missed a few that he could have caught, he gave the Eagles no chance to catch one as the Lion forwards put a devastating rush on the Eagles passers.

The final Lion tally came as a result of the desperate Eagle tries. They attempted a fourth down pass and lost 20 yards on the play, although it was completed in the flat behind the line of scrimmage by only a few yards.

The Lions took over on the Eagles 33 and on the first play Carson, who did a fine job all night, faked wide and gave to Cox up the middle and the soph halfback raced over untouched. The try to run the extra points over failed to get back to the line of scrimmage.

The Lions, in racking up their fourth win against no losses this year, did not look or hit as sharply as they have been hitting at times this year, but it could have been that the wet field and the early touchdown which made it appear the Lions were going to win easily had something to do with the appearance.

No doubt one of the major factors was the improved opposition, since Eldorado, with its fleet backs and good sized defensive corps, looked capable of beating anyone given the right opportunity.

Most notable among the Lion defenders last Friday night was Buddy Farris who played the best game of his career. Farris, who has been used only sparingly the last two weeks, had a field day in the Eldorado backfield but of course got plenty of help particularly from Pete Garza and Larry Williams along with Bob Anthor. It is hard to fault a defense which did not allow a point, so it would have to be said that the defense was good regardless of how it compared to other nights.

In the backfield, Bill Carson had his best night of the year, and in addition to playing well at quarterback he did a fine job of kicking for the Lions in the absence of George Kyle, Car-

son kicked 7 times for a 40 yard average, which is very good.

George Cox and Richard Vargas once again carried the bulk of the running load but Darrel Maney made several fine runs to help along and his 13-yard scamper in the first quarter got the Lions off on their first touchdown drive.

George Cox had 89 yards rushing on 14 carries and Richard Vargas had 54 on 16 tries. Eldorado's Ronnie Griffin had 88 yards on 19 tries but no other Eagle ball carrier managed more than 15 and one had a minus 28.

George Kyle missed the game with an ankle injury and Richard Vargas was extensively bruised and may be held out this week unless he improves rapidly.

eligible landowners can vote and should do so since they have an interest in their soil conservation district, says the county agent.

Mr. Jacoby points out that soil conservation districts are political subdivisions of the State of Texas and by law are charged with the responsibility of carrying out a soil and water conservation program in their district. Through them such items as technical service, equipment, leadership in small watershed projects and many other services are provided to cooperating landowners.

Following the election, a tour will be made of the flood control dams above Ozona. Everyone interested in seeing the dams is invited to go on the tour, leaving about 2:30 p. m.

fortunate enough to have producing wells on their property create a "crop" worth about \$2.8 million annually. These and other farmers and ranchers who have leased acreage for exploration receive additional rental and bonus payments, but sufficient current data is not available for measuring the amount.

Oil and gas operators invested an estimated \$9 million in Crockett County last year in the search for new fields and in the development of zones where production has been found. The Oil and Gas Journal reports that 109 wells were drilled in the county in 1963, resulting in 46 oil wells, 25 gas wells, and 38 dry holes.

Drilling operations included 31 wildcat wells in which operators hunted oil in new territory or at new depths. About \$3.2 million of the drilling expenditures was lost to dry holes, the Association estimated. Approximately \$26,000 was spent to conduct seismic explorations mapping underground formations which might contain oil.

Petroleum industry payrolls contribute about \$1 million a year to the county, according to Texas Employment Commission records. They show about 160 persons directly employed in oil and gas operations.

The state government's financial interest in Crockett County operations is

measured by the \$1.1 million a year which the operators and royalty owners provide the state government in production taxes. These payments are in addition to those paid to local units of government and schools as property taxes.

Among the county's industrial operations is the processing of oil and gas. Two natural gasoline plants are operated to recover butane, propane, natural gasoline and other liquids from natural gas. They have a capacity of 35 million cubic feet a day.

**Former Commander Regrets Ozona AFB Not To Be Utilized**

Memories of some fine friends who served during the time the Ozona Radar Station was operational was revived with receipt of a note from Lieutenant Col. William C. Bowman, (US-AF Ret.) who as Major Bowman last commander of the base, pushed the switch which brought to a halt the circling and nodding radar screens that were keeping watch on aircraft moving in skies over Texas and northern Mexico.

"We thoroughly enjoy reading the Stockman each week and keeping abreast of goings on in a community which we appreciated so much," Col. Bowman wrote. "Although we are now settled in our home state (Kentucky) we often think about and conse-

quently miss the warm hospitality of Ozona and Crockett County.

"Our son, Bill, is doing well at the Air Force Academy and still keeps up to date on his favorite town and many friends through the Ozona Stockman, which we forward to him. Regards to all."

And Colonel Bowman adds a P. S.

efforts to utilize the Air Base for a state school were not fruitful. I personally think they are making a grave mistake in passing up this excellent facility. As one who is thoroughly familiar with the true value of this fine property, I feel that it is shameful that it cannot be used in a manner that would be beneficial to the state as well as the community."

Lt. Col. Bowman's address is 925 Stanley St., Hopkinsville, Kentucky.
