growing In 1965 . . .
An Editorial
The New Year, as all o-

Before it, is destined
to bring some changes in
community life in Ozona
a growth pattern which
accelerated the last
year or two seems destined
to continue, bringing with
it the usual complications
growing pains.

Among these complica-
tions of community growth
is the need for expanding
school facilities to meet the
need for additional class-
room space and additional
facilities throughout the
year.

Ozona has always taken
great pride in its top
noted school system, the
district's present board of
trustees is facing up to a
growing need for a build-
ing program of major propo-
sitions and has already
launched into serious study
these needs with a view
to presenting the people
with a proposal to vote
efficient bonds to carry
out its program.

A top rated architectural
and engineering firm has
been employed, on a tenta-
tive basis, to prepare preli-
minary plans and estimates
of the various building
needs, and all facets of the
district's projected growth
are being studied by board
members and school offi-
cials so that when a propo-
sition is finally ready for pre-
sentation to the people for
a vote, it will be an ade-
quate one, fashioned with a
view to providing for the
district's needs for many
years to come.

The rapid growth in en-
rollment in all grades, ele-
mentary, junior high and
high school is taxing the
classroom capacity of all
buildings - with the possi-
ble exception of the junior
high building, which was
Ozona's first high school.
This means additional
classroom space is needed
both the north and south
elementary schools and at
the high school.

In preliminary studies,
the school board has de-
termined existing a present
need to add three class-
rooms and toilet facilities
to the north elementary
school, two classroom addi-
tions to the south elemen-
tary and there is need for
several high school class-
rooms.

The board proposes as a
part of the program to build
a new high school library
building which itself would
have two new classrooms
for various uses of the stu-
dents, and, with the remo-
val of the present library
from the main high school
building, to thus provide at
least two more classrooms.
That building, the big li-
brary room possibly to be
divided into two classrooms.
The program also com-
pletes expanding the
district's teacher and admini-
strative housing facilities.

In order to provide teacher
housing units for teachers
in larger families, the
board would add a bedroom
and bath to four of the
teacher residences in south-
west Ozona, and since re-
moval of the former resi-
dence on the site of the ad-
ministration building has
been completed, a new resi-
dence for the superintendent
is contemplated.

At the football field, the
present field house is in-
adequate for expanded usage
present-day athletic and
physical education pro-
grams, and a new field
house, with adequate toilet
facilities, is planned.
These are some of the
highlights of the needs
which Ozona must meet to
continued on Last Page

Sonora Broncos Capture Rough Holiday Contest

By Ernie Boyd

The Ozona Lions dropped a rough 46 to 34 decision to the big Sonora Broncos before a good holiday crowd at Davidson Gym Tuesday night.

The game grew progressively rougher as the contest continued with few fouls being called on either team. Adding to the fury of the contest was the fact that the game remained very close until well into the second half and was not out of reach of the Lions until late in the fourth period.

Roy Glasscock, who had gone in for a bit of rough play along with almost everyone else, took a bad spill late in the contest when he attempted to drive past David Childress for a shot. The game was delayed for several minutes for first aid but Glasscock returned to action with nothing more than some bumps.

Glasscock led the Sonora team to the win with 16 points, most of which came in the second half as the fall Broncos iced the contest away. Bill Carson led the Lion attack with 14 points but was roughed up considerably in the third period and lost his shooting eye late in the game as the Broncos pulled away.

Sonora led the way but the lead was very short most of the time. The Broncos held a 12 to 9 lead at the first quarter and a last second goal at the half gave them a 22 to 18 lead at the half. At the three quarter mark, the lead stood at nine but dwindled to six at one point before Sonora pulled away.

In the B game, Coach H. O. Hoover's reserve five dumped the Sonora reserves with an easy 60 to 30. Every boy in uniform saw extensive action in the contest as Rex Bland and Pon Seahorn of the first five showed the way with 15 and 12 points respectively. Nino Perez was the leader for the Sonora team with 6 points.

Rev. Finis B. Jeffery

L'view Maidens Outpoint Ozona In Cage Matches

By Ernie Boyd

The Lakeview Maidens pulled away from a battling Ozona High School girls basketball team Monday night in Lakeview to down the local team 37 to 24.

The Ozona team, strengthened by several players who have been out recently with illness, staged a strong fight throughout the first half of the contest but the loss of two starters via the foul route and the fine play of some Lake View reserves proved too much for the Ozona girls.

Lana Kay Alford led the Ozona attack and was high scorer for the night with 15 points while the Lake View team was led by Debbie Williams with 12 and Betty Wagner with 10. Marjorie Carnes had 6 points for Ozona.

In a reserve game, the Lake View team took the measure of Ozona's reserves 39 to 24. The Lake View team got 19 points from their high scorer while Ozona matched that output with the scoring of Fannie Everett but the balance of scoring got uneven from that point on to spell defeat for Ozona.

Ozona will next see action in the Lakeview tournament following the holidays.

Rev. Jeffery To Speak Jan. 5 At Ozona Methodist

Rev. and Mrs. Finis B. Jeffery, missionaries to Korea, will be at the Ozona Methodist Church on Tuesday, January 5th, at 7:30 p. m. Rev. Leonard Garrett, pastor announced this week.

Rev. Jeffery has served as a missionary in Korea from 1953 to the present time. He organized and directed 233 Wesley Clubs; served as advisor to the Methodist Chaplains serving in the Korean army; worked as advisor with 200 Methodist Churches in six districts. His principal assignment now is with the 4,100 Methodist Class Meetings throughout Korea.

Rev. Jeffery is well known in Ozona, having served as interim pastor here for a brief time a number of years ago.

The public is cordially invited to this meeting.

Rev. Jeffery was born in Tolar, Texas, and attended schools in Dublin. He was graduated from the University of Texas and Perkins School of Theology at SMU and studied the Korean language in Yale. He served in the U. S. Air Force from 1941 to 1949, going off active duty with the rank of Major and now holds the rank of Lt. Col. in the Air Force Reserve.

The Jefferys have three children; Breck, 19, a senior at Rice University; Stephen Mark, 17, senior at Lamar High School and Leslie, 10, in the fifth grade.

CROCKETT COUNTY HOSPITAL NEWS

Patients admitted to hospital since December 21st: Mrs. Loraine Hyde, medical; Theresa Nance, medical; Mrs. Frank Carter, medical; Leon Drago, medical; Hugh Childress, Sr., medical; Mrs. C. E. Waters, medical; Francisco Fuan- toz, medical; and Mrs. Oscar Kost, medical.

Patients dismissed: Mrs. Paul Gibbs, Mrs. Jessie Conklin, Mrs. Loraine Hyde, Theresa Nance and Mrs. Frank Carter.

WAY OUT ON A LIMB - WISHING YOU AND YOURS - A HAPPY AND PROSPEROUS NEW YEAR!

Minimum Of Law Violations, Mishaps To Mar Holidays

While Ozona families observed a quiet and peaceful Christmas, with beautiful weather contributing to its enjoyment, law enforcement agencies report their business equally quiet.

Except for a few speeding tickets issued by Highway Patrolmen, and only a very few excessively inebriated individuals who came to police notice, Justice of the Peace A. O. Fields reported the week-end extremely inactive.

A hunting accident on the Larry Albers ranch near Comstock in which a San Angelo man was killed was the only accident reported. There was no bad weather to complicate driving and although the "motorcade" rate was high over the state, in this area drivers were using caution and, for the most part, keeping within speed limits.

Mr. and Mrs. Charles Thompson of Sherman and Claude Fincher and son, John, from Houston, were here to spend Christmas with Mrs. Alice Baker and other relatives.

Canyon Gas Is Discovered In V.I. Pierce Test

Texas American Oil Corp. Midland, No. 1 Victor I. Pierce, Canyon sand gas discovery 21 miles southwest of Ozona and three miles south of the three-well initial portion of the Ozona, Southeast (Canyon) gas field, was finalized for a calculated, absolute open flow of 1.87 million cubic feet of gas per day, plus 30 barrels of 63 gravity distillate per day.

Completion was through perforations at 5,566 to 6,277 feet, which had been acidized with 3,000 gallons and fractured with 55,000 gallons.

It was drilled to 6,562 feet on a 7,000-foot contract. Casing (4 1/2-inch) was set at 6,421 feet.

Location is 990 feet from (Continued on Last Page)

FOUND IN PASTURE - Fire Hydrant Leaves Street Corner Mooring

Holiday spirits and the holiday spirit combined one day this week to present a strange problem for the water department - the complete disappearance of a fire hydrant from a street corner.

The fire hydrant at the corner of Mrs. Sam Cox residence was knocked over one night, probably by a celebrating driver, during the Christmas week-end. It was seen the next morning lying near its former mooring. Because of a peculiar construction, the street corner fire hydrant, or what we used to call fireplugs, may be knocked over and broken off at a built in breakoff point which is above the valve holding back the water. Thus a broken hydrant doesn't necessarily mean a wild water flow.

All of which was well and good. But when Bill Cooper of the water department heard of the break he went by to survey the damage. To his surprise the broken off top of the hydrant, some two and a half feet of iron pipe about eight inches big, was nowhere to be found.

A day or so later, a highway patrolman and the game warden, who were searching the area for some suspected miscreants, found the missing fire hydrant several hundred yards from the highway west of Ozona along a road leading to an oil rig. Let's be charitable and call it the holiday spirit, says Bill.

MOST OF IT IN SEPT. - 15.9 Inches Of Rain For 1964 Is Below Average

Official Ozona rain gauges with one more day to go in 1964, revealed that Ozona received 15.90 inches of rain in 1964, going a bit over an inch better than 1963's mark, thanks mainly to a wet September which saw most of Crockett County get big rains and Ozona in particular get 5.47 inches.

However, the big rain story in Crockett County this year depended on where you lived. In the southern part of the county, including Ozona, to some extent, the year was one of disastrous drought. But if you lived in the north, it was a year of wonderful rains and good grazing, of course some areas more than others.

September almost matched the first six months of the year with its major contribution, which coupled with a late winter, gave dry ranch lands a chance to get up some winter feed, even in areas that had been parched all summer. In the more fortunate areas, the fall rains got the range in excellent condition for the winter.

Ozona received as much as an inch of rain in only six of the months of the year, only June, which saw 2.04, and Sept. breaking the two-inch mark.

The 1964 mark, though better than the 1963 record, was still several inches below the 19 inches which is supposed to be the average in this county.

In the last fourteen years, Crockett county has reached the 19 mark on only 5 occasions, 1954-5-58-59, and 1961. 1954 was the year of the flood, and most of that year's rain fell on June 27 and 28th, but the 1957 to '59 era was a good one with marks up to 24 inches during those years. 1961 saw the mark just edged but the rain fell right, and it was a good year.

Weather forecasts for the start of the new year are for continued mild weather, with possibility of rain, a good start if it holds but most mild winters bring little moisture.

Crockett County Names Historical Survey Committee

County Judge M. Brock Jones has announced the appointment of the Crockett County Historical Survey Committee for the county Recordation, Appreciation, Marking, Preservation and Surveys of Texas history. This is a two-year term which begins January 1st.

Chairman of the Committee is Mrs. R. A. Harrell, of Ozona. Other members for 1965-66 are Eugene Miller, Mrs. Eugene Miller, R. A. Harrell, Ira Carson, Mrs. Ira Carson, Mrs. L. B. Cox, Jr., Mrs. Fred Hagelstein, Mrs. E. H. Chandler, Mrs. W. E. Friend, Jr., Mrs. Mahlon Robertson, Mrs. Joe Clayton, Miss Leta Powell, Joe Couch and Evert White.

The RAMPS program of work is spearheaded by the Texas State Historical Survey Committee with the cooperation and implementation of all County Committees.

Judge Jones pointed out that the over-all objective (Continued on Last Page)

Highlights of the News, 1964 - -

Jan. - Jerry W. Kilgore died in jeep accident on ranch. Sonny Brock died in Big Spring. Christmas holiday weather was cold and snowy. Committee adopts plans for civic center. Claude Russell retires from ASC post. Cliff Elder takes over 35th annual cage tournament here. Val Verde and Crockett counties pledge cooperation in road project. 17th annual 4-H Livestock show held. Construction under way on \$2 million gas processing plant south of Ozona. George Senne dead of heart attack. Jose Galan killed while resisting arrest. Mrs. Asa Robertson dead. Allie Bosworth's "Ozona Country" book published.

Feb. - Red measles outbreak causes absenteeism in schools. Near record total 1,286 voters register via poll tax despite confusion. Petition being circulated for bond election on civic center construction. Two are graduated from Crockett County Hospital's Vocational Nursing classes. Political candidates begin firing salvos. Vandals pull up newly planted trees in county park. Vicki Lynn Montgomery basketball sweetheart. Keith Mitchell wins European tour as outstanding FFA member. Troy Williams named new Chamber of

Commerce president.

March - Six candidates announce for four places on school board. Melvin Leon Moyer of Ohio admits burglary of Dub's Conoco Station. Guy Davis, former Ozonan, dies in San Angelo. Vic Pierce named vice president of Texas Hereford Assn. Fire damages shop at gasoline plant. 17 area track teams entered in annual Ozona Relays. Commissioners Court agrees to order civic center bond election. Armond Hoover, Jr., injured in winch truck accident. Sam Fitzhugh returns to Ozona to become area conservationist with SCS, succeeding James Glynn, transferred. Full-time attendant hired for county museum. David Jacoby wins Mother Davidson award as outstanding 4-H member. Jerry Perry's parents of son. Highway 290 towns join in promotion program for route.

April - Wool incentive payment rate set at \$27.80 per \$100 sales. Ozona girls retain championship of own volleyball tournament. Dick Henderson announces gift of land for civic center site. J. B. Melton buried in Corsicana. \$318,927 in wool incentive checks mailed to county producers. Daughtery born to John R. Hunni-

cuts. Mrs. W. E. West, pioneer Crockett resident, died. Carl Conklin to attend 4-H Adult Leader Forum in Washington, D. C. Little Leagues kick off new season May 4. Charlie Fuan toz, James Childress, P. C. Perner and Bud Cox named to school board in election. Gasoline plant becomes operative April 15. Ozona Lions cop District 8A track title. 1,500 motor vehicles registered in the county. Seven vote margin favor civic center bonds in light votin. C of C launches drive for highway sign funds. Ozona teachers complete modern math course.

May - Keith Mitchell and Janet McAllister Ozona high school honor graduates. Crockett county Republican party plans first primary in history. Marg Smith opens beauty salon in new quarters. Ozona FFA livestock judging team qualifies to compete in state meet. Billy Mills wins sheriff's office nomination. C. O. Walker as commissioner for precinct 1. First butane gas loaded out from docks of new Ozona gas plant. United Department Stores open in Ozona. Little Leaguers open season in new park. Five miles of construction on State 163 south of Ozona authorized. Joel

Huff and Pete Garza win science and math summer scholarships. Ozona 'White Way' extended to city's edges. Joel Huff wins second in state in speech contest. Frank Childress chosen for 4-H Club European tour. 28 OHS graduates receive diplomas. Clean-up drive concludes. J. V. Sikes, brother of Ozonan, dies of heart attack. Wool market sag.

June - Forrest Young, highway department employee, bitten on finger by rattler. County sell civic center bonds, paving way for early construction. Shells stations replace El Paso in purchase deal. Mr. and Mrs. Pink Beall injured in car wreck west of Waco. Dr. Ralph Simon leaves to begin training in Parkland Hospital in Dallas. Brad Harris brings crime career of Wichita Falls youths to sudden halt here. Mrs. Ted White installed as Woman's Club president. Formal dedication of gas plant held. Eddie Green resigns as band director. Thirty-five day dry spell relieved by inch of moisture dropped by thunder storm. Dr. Noble Price opens office here. Bob West and Mrs. Ann West Simons, native Ozonans, die in airplane crash near Mason. Roger R. Dudley, Crockett (Continued on Page Five)

Election Elation

The Communist Party (of the US) is not only happy over the Presidential election, but patting itself furiously on the back in a paean of self-praise entitled "Passage to Progress" and appearing in a recent issue of The Worker.

The CP, it says, "can be rightfully proud of its correct basic analysis, its line of policy and the way it worked during the campaign. Never before were the ranks of the Party so united behind Party policy as in the election struggle."

More specifically, the manifesto declared: "November 3 represented an important people's (i. e. Communist) victory. It has made possible a massive legislative offensive."

"Without the independent activities of the labor movement (unions, that is), the Negro people, Jewish, Mexican and Puerto Rican Americans and other nationality groups this great victory would not have been possible . . ."

"The Negro people's movement is the most determined and militant force in America today . . . basis for a natural alliance between the labor and Negro people's movement. This is already in formation. It is toward this alliance that all class-conscious and militant trade unionists should work."

"A central task in helping to weld a coalition that can block the path to Gold-waterism is the building of an ever more united and ever stronger Left force in American life of Communists and non-Communists." (If they're not anti-Communists they ought to be convertible.)

As for the busy-work ahead, here are the cheres in their numerical order:

1.) End the Cold War. Win the Fight for Peaceful Coexistence and End Colonialism. 2.) End Jimcrow.

3.) End Poverty. 4.) Extend Labor's Rights. 5.) Extend Democracy Throughout the Land."

Our guide in these endeavors is, no doubt, the Soviet "people's paradise." Or, it might be if it weren't for the colonialism of the Iron Curtain, the abuse reported by African "guests", the universal poverty, the vesting of all rights in the State — which gives the voter one name to write on his ballot!

And another thing. We thought it was the Democratic Party that elected President Johnson on November 3.

You Would Think The Nation should be able to rock along for a year on a mere \$100 billion of spending money. And President Johnson is reported whitening away on the spending estimates (even during his Christmas visit to the ranch) to bring \$108 billion requested by the Government agencies for existing programs down to the

rounder and less painful figure.

But it will take more effort than turning out superfluous lights in the White House. In fact, budget-wise old Washington hands are expecting it will take all the legerdemain — shifting of spending from the new budget to the old, or to revolving trust funds; underestimating costs especially on programs Congress wants, applying unused balances instead of asking new money — and disappearing acts the experts know.

Whatever the surface figure, however, nourishment for the "Great Society" is going to be tight in there.

Mr. and Mrs. John Rainbolt and son of Commerce, Texas, were visitors with Mr. and Mrs. H. O. Hoover of Ozona this week. Mrs. Hoover is Mr. Rainbolt's sister.

REVOLT IN CONGRESS NEEDED

Star performer at the recent Philadelphia convention of the American Farm Bureau Federation was the venerable, white-haired, senior senator from Vermont, Farmer George David Aiken, who begins his 25th year at his Senate desk.

Branding the Supreme Court's "one-man, one-vote" decision on reapportionment of State legislatures an "infringement of democratic rights," the Senator demanded that his hearers "rise up on (your) hind legs and fight," and the speaker assured them that he was as soon as the doors of Congress open.

The Senator will fight, he said, for a Constitutional amendment to overturn the Court's ruling and establish the right of each State to decide for itself whether seats in both houses shall

be apportioned by population, such as was passed by the House last session, but killed in the Senate.

Allowed to stand, the decision could only result in a Congress controlled by city members and the loss to agriculture of "much of the protection and services it now receives under Federal law." "An urban-controlled Congress," he declared with unassailable logic, "would be interested in food and fiber of the highest quality at the cheapest price, regardless of how or where produced."

Legislatures representing both area and population have constituted, he said, "one of the most cogent reasons for the rapid growth and development of the U. S." And, he asked, if the Court's decision stands, "is there any reason to doubt that a move to reorganize the U. S. Senate on a population-only basis is not far off?"

We're all for the Green Mountain Statesman, along with the Farm Bureau people who endorse Constitutional protection against spreading the sidewalks over the whole State.

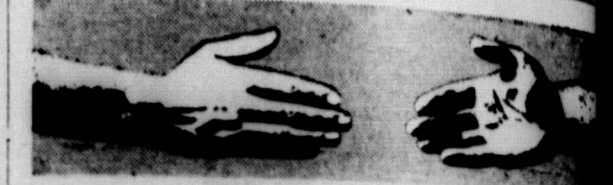

Bruce S. King of Houston, Miss Dorothy Estelle of Wharton and Mr. and Mrs. Nelson Booth and children, Ray and Tom, of Weatherford, were holiday guests of Mrs. B. B. Ingham, Sr., and her family.

DAUGHTER TO CARTERS

Mr. and Mrs. Frank H. Carter, Jr., are the parents of a daughter born Dec. 25 in the Clinic Hospital in San Angelo. The baby weighed 7 pounds, 8 ounces and has been named Kimberly Renea. Grandparents are Mr. and Mrs. Homer Good of Ozona and Mr. and Mrs. Frank H. Carter of

Wilson, North Carolina.

Mr. and Mrs. Hubert Olett had two of their children and their families to spend Christmas. The girls were Mr. and Mrs. Russell Morris and sons, Marvin and Charles from Houston, and Mr. and Mrs. Burton Lanhart and son, Buddy, from Iran.

Reed Roller Bit Co. opens branch in Ozona. Mrs. J. O. Mills of San Angelo, Heart of Texas District TFWC president, was guest speaker at a meeting of the Ozona Woman's Club here. Congressman Ed Foreman visits on campaign tour. Drouth is relieved by

soaking rains over West Texas, slightly over 4 inches here. Joel Huff is semifinalist in National Merit Scholarship competition. 4-H Horse and Rifle Clubs organized. Larry Williams win J. T. Rutherford 4-H Award.

Oct. — Welcome signs erected on highways into Ozona. Richard White, Demo candidate for U. S. Congressman, visits in Ozona. Crockett county tax valuations drop over three quarters of a million dollars. Two Ozonans use shovels to catch fish in usually dry Johnson Draw south of Ozona. Up to 16 inches of rain fell over parts of county in unprecedented ten-day spell. Crockett county production valued at \$22.6 million last year. Ozona business firms treat their customers to bargains and comedy treats in "Flea Market week - end. State Highway Department offices observe open house. P. T. A. Carnival in city park. Field day staged at Ozona Range Station. J. L. Trawick, San Angelo construction firm, low bidder on Ozona civic center project. Mary Jo Walker, Jeanene Hester and Diane

Couch hurt in car wreck. Timely rain soaks area ranch lands. Sheriff Billy Mills was waiting inside the Foxworth - Galbraith store when five Ozona teenagers broke into the place.

Nov. — Buck Bailey and wife die in New Mexico crash. Big Lake eliminates Ozona Lions from 8A contention. Antlerless deer permits are issued in Crockett county to landowners. Crockett county voters joined in the landslide vote for Democratic candidates. Dr. Franklin Spanner of Plainview preaches at Baptist revival. Hugh Coates and Diana Couch named 4-H Gold Star winners. Mrs. J. W. Owens, pioneer Crockett county resident, died. Agricultural census taking under way. Ozona picked as headquarters for State Highway Department engineering staff for work on Interstate 10. Ozona School Board studies need for expansion of facilities to take care of growing community. Contract has been awarded for construction of Shell Gas Plant to Ortleff Construction Corp. of Midland. Byron Williams named to head Crockett county con-

gressional liaison committee for Congressman-Elect Richard White.

Dec. — Christmas decorations go up in Ozona business areas. A. F. Burton, former Ozonan, dies in Hamilton. Three Ozona players named to All-District grid teams. Arthur Gordon Abel sentenced to 12 years in penitentiary on charge of burglary of local motor firm. Parent - Son banquet by FFA. Oil field theft ring believed broken with arrest of two men in Odessa, charged with thefts in Crockett county fields. Barbara Kirby wins first in Division B of the District Make-It-Yourself-With-Wool contest in Sonora. Egyptian Princess, daughter of King Farouk of Egypt, lost her cat in Ozona and gets an assist from five high school girls. GSA announces sale of Ozona Air Force station January 21. Roy Killingsworth named 1965 March of Dimes campaign chairman. George R. (Buster) Loudamy, Ozona merchant, dies in San Angelo. Dr. Edward Dyer to open office for practice of medicine in Ozona. Pete Garza picked for position on All-West Texas football team for Class A schools.

CARD OF THANKS

We wish to express our heartfelt thanks to all who were so kind, so helpful and so sympathetic on the occasion of the death of our loved one. We wish to say thanks especially to those who strengthened us with their expressions of sympathy, to those who helped by bringing food and those who sent flowers and cards and placed memorials. We are grateful to those who sat at the hospital and to the hospital staff and Dr. Price; to Rev. Brown and

Rev. Earls to Mr. Janes, and to the choir, the pallbearers and members of the Rotary Club.

ERID YOUR ROOM OF COLD SPOTS

FOR THOSE "HARD-TO-HEAT" ROOMS

A portable electric heater can change this sad picture. Imagine being this miserable when a flameless portable heater can bring you instant warmth. Electric heat makes you feel good. There are no fumes, smoke or smudge, just relaxing warmth...like the sun! Electric heat is so safe, clean and convenient. Be warm and comfortable this winter instead of cold like this poor soul. If your room is one big "cold-spot," warm up with a flameless electric portable heater. Visit your Electric Appliance Dealer today and pick from his huge display.

INSTANT MAGIC

There's magic in these sands of time, and as a child you were bewitched with endless fascination as you watched the grains sift from one glass sphere into another.

But as you grow older, the hourglass begins to have a different significance. Now you see the grains of sand as passing time—almost as if it were being snatched away from you. And there is a kind of desperation watching it go.

Why? Because never again can we recapture these minutes, hours, days!

But let's not bemoan the passing of time. Let's determine to take advantage of those grains of sand which we still cup within our hands. It's really never too late to begin again. God has revealed this important fact of life to us again and again throughout His teachings. Discover it for yourself by going to church.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Importance of Tetanus Protection Is Stressed By Health Authorities

Appearing in a recent issue of "Horticulture" a magazine for gardeners, is a timely article by Dr. Alfred L. Frechette, M. D., Commission Massachusetts Department of Public Health which stresses the importance of protection against the deadly bacillus which causes tetanus or lockjaw.

The article in part is as follows:

Are you aware that each time you handle soil you probably come into contact with the bacillus which causes tetanus (lockjaw)? If you never realized this, you have much in common with many gardeners. However, you owe it to yourself to learn the facts about a very real risk to which you may be exposed.

Because the tetanus germ (Clostridium tetani) can grow and produce its poison (toxin) only in the absence of oxygen, it is not dangerous unless it enters the skin through a break of wounds. To those persons who are not actively immunized with tetanus toxoid, this germ presents a real and serious threat, and they are subject to the whims of fate. Hundreds of cases of lockjaw have occurred and continue to occur in the United States each year — needlessly! These cases, many resulting in death, have been needless since 1933, when the tetanus toxoid immunization became available.

Lockjaw is to be feared most following deep wounds such as punctures from nails or large thorns that have been contaminated with soil, but its spores can also enter the body through superficial breaks in the skin. More than half of American tetanus cases result from minor injuries — rose thorn pricks, scratches, cuts or splinters. These minor wounds are so common they are considered inconsequential; they are not usually recognized as dangerous until it is too late.

The Massachusetts Department of Public Health, as well as other state health departments and agencies in this country, are participating in a national program aimed at all age groups to promote immunization against tetanus and other diseases. The group least immunized against tetanus is the adult population. Women and men who have not been in military service are seldom protected.

A tetanus booster every fifth year or so is recommended for those who already have received the primary series of three or four injections. In the United States, several million people have been immunized when in military service, but this protection event-

ually lapses in those who do not obtain the recommended boosters after leaving the service.

Complete and adequate active immunization against tetanus is produced by two to three injections of tetanus toxoid, each given at intervals of one month, followed by a reinforcing dose six to twelve months later. Thereafter, full immunity is maintained by an additional booster at five to ten year intervals as recommended by a physician. A person so immunized is protected in the event of minor wounds and, at most will only require a booster dose of toxoid in the event of a more serious injury.

Tetanus is a killer; be wise and see your physician for your protection, and bring your family with you.

Four Ozonans To Exhibit At Odessa Livestock Show

Four Crockett county 4-H Club members will enter the Sand Hills Hereford and Quarter Horse Show, Odessa's annual event which brings top livestock from West Texas and New Mexico, to be held Jan. 4 through 9.

Hugh Coates and David Jacoby will show three fat lambs in the junior fat lamb show to be held Wednesday.

Hugh Coates will also exhibit a 1964 stud colt in the registered quarter horse show and Rex Bland will show a 1963 quarter horse filly in the horse show.

Diltzie Bland will enter performance classes with her quarter horse gelding, P.C.P. She will show the gelding at halter and enter him in the reining, barrel racing and pole bending contests which will be a part of the big Odessa show and rodeo.

Mr. and Mrs. Allie Armentrout spent Christmas in Luling with their son-in-law and daughter, Mr. and Mrs. L. L. Patterson.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Texas Legislators will be back in Austin on January 12 to grapple with an array of problems which could keep them here throughout the summer.

Congressional and legislative redistricting, taxes and appropriations top the agenda of controversial subjects for the 59th session.

Many lawmakers feel they barely will come to grips with the redistricting issue before expiration of the regular session in May. Special sessions very likely will be necessary to settle this explosive in line with the one-man-one-vote theory laid down by court decisions.

Proposed expenditures for higher education and teacher pay raises look like top topics for debate in the spending area.

Other legislation sure to stir strong interest and hot tempers includes horse race betting, oil and gas lease pooling, water planning and development, mixed drink sales and judicial pay raises.

Crime Rate Up — Texas crime rate jumped nearly 12 per cent in 1964, says the Department of Public Safety.

Rate increased from 2,261 offenses per 100,000 population in 1962 to 2,675 this year. This fact led a committee of Texas mayors to call on Gov. John Connally for advice as to action needed. Connally promised to cooperate and urged the 10 mayors to have their city attorneys review proposed revisions in the state code of criminal procedure.

State Sales Tax — There is guarded talk in the halls of the State Capitol, by lawmakers who would rather remain anonymous for now, that the two-per-cent sales tax will be extended to cover grocery purchases when the 1965 Legislature meets.

State sales tax law passed three years ago brought in \$204,736,161 during the fiscal year which ended August 31. This tax accounted for 12 cents of every State revenue dollar.

But expected demands on State resources — to meet teachers' pay raises, improvement of higher education facilities, and upgrading of other State services — is expected to be the trig-

ger for making the sales tax applicable to groceries, heretofore exempt.

Parks Popularity Up — Park & Wildlife Director J. Weldon Watson reports that authorized State Park improvements are well ahead of schedule. Parks will be ready for what the department predicts will be the "greatest park year in history," says Watson.

State parks attendance for 1964 was 7,900,000 visitors, compared to 7,200,000 in 1963.

Texas GOP To Meet — First meeting of State Republican Executive Committee since the November general election is set for January 15-16 in Dallas.

Chairman Peter O'Donnell, Jr., said in Austin that the main purpose is to adopt a budget for 1965 and formulate "a plan of action for victory in 1966."

U. S. Sen. John Tower and State Rep. Frank Cahoon of Midland, only surviving Republican member of the Texas Legislature, will address the Dallas gathering.

Robert Lee Dam Hearing — parties for and against the Colorado River Municipal Water District's proposal to change its dam and reservoir site from Mitchell Co. to a point downstream near Robert Lee in Coke County will line up again on January 4 when the Texas Water Commission's hearing is resumed.

Application is supported by the district's members cities — Odessa, Snyder and

Big Spring. Also, by Midland and San Angelo, two cities that may buy water from the proposed reservoir, and by the West Texas Chamber of Commerce.

It is strongly opposed by Austin and the LCRA; the Highland Lakes Association, some 50 water-rights holders in Runnels County, represented by Frank Erwin Jr., of Austin; and by the Mitchell County Commissioners' Court, represented by Charles Griggs of Sweetwater.

Mrs. Frankie Jones spent her Christmas holidays in Llano with her son, Jody and his wife and daughter.

OZONA - TEXAS

The News Reel

A re-run of "The Ozona Story" gleaned from the files of The Ozona Stockman. From The Stockman, Jan. 2, 1936

Crockett county and the entire livestock producing area of West Texas can bank 1935 for at least one thing — it brought bountiful rains to the entire section when rain and plenty of it was all that could save the country from its residents knew not what. (This was still in the middle of the depression.) The year's total registered 27.3 inches.

—30 years ago— Surrounded by their six children, their husbands and wives and ten grandchildren and their husbands and wives, Mr. and Mrs. Jones Miller, pioneer Crockett county ranch couple, celebrated their 58th wedding anniversary and Mr. Miller's 78th birthday with a big family dinner at the Miller home New Years day.

—30 years ago— A collection of 75 volumes composed mostly of classics, has been presented to the Ozona School library by Mrs. A. P. Holman of San Angelo.

—30 years ago— Texas launched its 100th birthday celebration yesterday on the gridirons east and west. In the west, Texans fared poorly, SMU's Mustangs losing 7-0 to the Stanford University Indians in the Rose Bowl. In the Sugar Bowl in New Orleans, T. C. U.'s Horned Frogs eked out a 3 to 2 victory over Louisiana State under a whipping Louisiana sky.

—30 years ago— Fight nature with nature is the slogan of a new enterprise which has as its object the elimination of the prickly pear from West Texas range lands. Under sponsorship of a group of Crockett county ranchers, two species of insects are being imported to the cactus infested areas of this county to feed on and destroy the plant after the fashion of a similar campaign carried out in Australia a few years ago. These insects, one a grub and the other a beetle, are being imported into Crockett county at the rate of approximately 1,000 a week with around 6,000 already "planted" south of Ozona.

—30 years ago— A Ford coupe driven by Fats Alford was almost completely demolished when it crashed into a bridge on the highway west of Ozona. Alford suffered

severe facial cuts and bruises and his chest was badly bruised.

—30 years ago— Oscar Kost, boot and shoe maker at Jones Saddlery, has started construction on a five-room house on a lot adjoining the home of Mrs. Kost's parents, Mr. and Mrs. Fleet Coates.

—30 years ago— Marbury Morrison, Jr., 8-year-old son of Mr. and Mrs. Marbury Morrison underwent a double mastoid operation in a San Angelo hospital last week.

—30 years ago— Vice pres. John Nance

Garner, back from his junket to the Phillipines, looks forward to the day when he can retired to his beloved Texas and devote all his time to hunting and fishing, probably in 1940. With that end in view, he recently purchased the 6,000 acre Carla ranch in Dimmit county, long owned by Mrs. Colon Schett of Cincinnati. Deer abound on the ranch.

—30 years ago— Mr. and Mrs. J. B. Miller spent Christmas with Mrs. Miller's parents, Mr. and Mrs. H. O. Word on their ranch in Blanco county.

Shannon Field Gets Extension; Kincaid Gasser

The Escondido multipay field of Crockett County gained its third Ellenburger producer and a 1/2-mile east extension to that pay with dual completion of Continental Oil Co. No. 2-8 J. M. Shannon, Fusselman producer, 14 1/2 miles northeast of Iraan.

It was finalized for a daily flowing potential of 263 barrels of 40.2 gravity oil, plus 27 per cent water, with gas-oil ratio of 46-1. Production was through a 2-inch choke and perforations at 9,254-257 feet; 9,260-264 feet; and 9,294-9,303 feet, which had been acidized with 10,500 gallons.

Top of pay was picked at 9,252 feet on elevation of 2,759 feet. Total depth is 9,450 feet, where 5 1/2-inch casing was set.

It was finalized Sept. 14 from the Fusselman for 257 barrels of 48.2 gravity oil plus 8.9 per cent water, through a 20-64-inch choke and perforations between at 8,824-36 feet.

Location is 712.5 feet from the south and 1,950.9 feet from the east lines of 8-2-GC&SF.

Humble Oil & Refining Co., No. 2-D Cox, in 5-QR-D&SE, 3/4-mile north and very slightly west extension to Canyon sand production in the Ozona, East multipay field of Crockett County, three miles southwest of Ozona, flowed 36 barrels of condensate and four barrels of water in 24 hours, plus gas at the daily rate of 3.9 million cubic feet.

Flow was through a 1 1/2-inch choke and perforations between 6,211 - 257 feet. Testing continued.

Texaco Inc. No. 3 A R. Kincaid Trust, Canyon sand gas producer in the Ozona, East multipay field of Crockett County, two miles south of Ozona, was finalized for a calculated, absolute open flow of 4.4 million cubic feet of gas per day.

Production was through perforations at 6,092-6,226 feet, which had been acidized with 2,000 gallons and fractured with 75,000 gallons and 100,000 pounds of sand.

Location is 560 feet from the north and 375 feet from the east lines of 4-MN-GC&SF.

Canyon Gas —

(Continued from Page One)

the north and 1,090 feet from the east lines of 102-WC-Chris Engle.

The Atlantic Refining Co. will drill the No. 1-27 Ruby Helbing as a 3 1/4-mile southwest outpost to Canyon sand gas production in the Ozona, East multipay oil and gas field of Crockett County, seven miles southwest of Ozona and 1 1/2-mile east of Canyon pro-

duction in the Ozona, Southwest multipay field.

Location is 720 feet from the north and 1,320 feet from the west lines of 27-QR-EL&RR. Contract depth is 7,200 feet.

Pan American Petroleum Corp. will drill the No. 5 E. H. Chandler as a 3/4-mile northeast outpost to Canyon sand gas production in the Ozona, Northwest multipay field of Cro-

ckett County, one mile west of Ozona.

Location is 2,320 feet from the north and 1,937 feet from the east lines of 25-OP-GC&SF. Contract depth is 7,100 feet.

of the Committee's work is the development of the county's history as a tourist attraction by working with local cooperating tourist-related organizations and for the preserving of this history for future generations.

In accordance with a pro-

clamation issued by Governor John Connally naming January 10-16 as See and Save Texas History Week, Judge Jones has called a meeting of the Committee for January 16th to issue plans for the coming term.

"The RAMPS program for Texas affords the possibilities of increased tourist business and travel to assist the economy in every county which works to carry out

these objectives," Judge Jones went on to say. "Our new committee is qualified to handle this important work for us with the help and support of our county."

Mr. and Mrs. J. M. Murdock of Marietta, Georgia, parents of Ron Murdock of Ozona, were here last week visiting their son and his wife.

Growing in 1965

(Continued from Page One)

keep its school system adequate to provide for a growing population, and voters will probably be asked sometime in the early spring to pass judgment on the expansion plans to be presented by the school board.
