SHOPPING FOR A LOAN

on your farm or ranch?

You are wise to do so and we welcome the comparison that to will find in your shopping.

Texas farmers and ranchers have used over \$900 million in Federal Land Bank loans. They find this loan suits them bed and we think you will too.

For example — on a Land Bank loan you get long terms-I to 40 years - and a reasonable interest rate with full prepay ment privileges. We have no fees, make no charges, and that are many other good features about a Land Bank loan. May have the opportunity to tell you about them?

Without any obligation come in and let me show you how these and the many other good features of a Land Bank loan will su your credit needs.

Accurate and Complete

RANGH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations

Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

THE STOCKMAN RANCH RECORD BOOK

"For tomorrow and its needs, I do not pray. Keep me, teach me, guide me, Lord, just for today.

These well-known lines should hold a special meaning for each of us. We should live each day as if it were our last day on earth. Our task in this world is not to see what great things can be accomplished in the future, but our task is to achieve that greatness today which will be the hope of tomorrow.

Not only in our school work and extra-curricular activities, but also in everyday contacts with those around us, we should be the type of person who exemplifies the best qualities of mankind. Everyone we meet should be treated with the same respect and dignity that we expect others to show toward us.

We cannot expect to do something earth-shattering everyday of our lives. However, to say a friendly word the head with a stapler in of cheer to a depressed person or to smile when we feel like blowing the top off | Karen were sore Monday! the world would each be an measurable value.

The good things in this world make life worth livlive life to its fullest extent, try to finish the job you bout the future will take care of

SENIORS MAY LOOK FORWARD TO TEST EXEMPTIONS

Lynda Miller

This is the time of year Seniors not only should be have Jolly Green Giant feet thinking about graduating Mary Jane Dunlap, Senior and final exams but being exempt. When a Senior is exempt, he doesn't have to Yvonne Martinez, Senior take his final semester test in one or more of his cours- tately. Could this be Mr.

Each teacher decides Margene Robinson, Senior what the exempt mark is for his course.

> It makes it easier on a Senior to be exempt because of the last minute plans and all the parties he may go to. Also, the finals closely follow the annual Senior Trip. And there's no guarantee a final will be passed!

STUDENT COUNCIL REPRESENTATIVES ELECTED LAST WEEK

Last Wednesday speeches were given by candidates for representatives to the Student Council.

Thursday the students of OHS voted. The results are one out). as follows: Freshman class, Randal Clepper and Judy Barber: Sophomore class, Duane Childress and Peggy Hagelstein; Junior class, Randy Upham and Ester end! Williams; Senior class, San-Malibu ly Stokes and Donna Moore. hese will serve during the 965-1966 school year.

NEW FROM

* EQUAL PAYMENT PLAN

For WTU residential customers

is the new approach to a timetried method of bill paying. Each month you pay one-twelfth of your annual electric service charge. West Texas Utilities Co. makes an estimate of your total electric use for one year, based on your past record, or, with new accounts, records of similar requirements. They divide the total into 12 equal, even-dollar payments. Monthly and yearly review of your account keeps the estimate as close to the actual metered usage as possible. If this review shows a material change in your use of electric service...up or down, due to unusual weather or the addition of some major appliance...you will be notified that a change of estimate is in order. Your 12th payment will be adjusted to balance your account for the Equal Payment Plan Year.

Equalize your monthly payments for electric service now. Visit your WTU office for the complete details.

Strange sight? Not really! We're getting used to seeing pictures of our own earth. We're getting used to the concept of a universe instead of a world. We can believe that the moon's soon to become a landing place.

Does this familiarity with space - does our thrust into the physical unknown - make the basic facts of life and death any simpler to us? Certainly not! Man is in a peculiar position, today. The more he explores, the more vast he finds what lies ahead of him. The more he learns, the more he discovers how infinitely much there is to know.

More than ever before, man realizes how great the hand of God has been in fashioning this world, this universe, we live in. That's why people everywhere - including scientists, astronauts, space pioneers - are men of religious conviction. Go to church this Sunday, and see for yourself.

Monday

2:5-8

ALL FOR THE CHURCH The Church is the greatest

THE CHURCH FOR ALL

factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his chil dren's sake. (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Congressman White Offers To Help In Lancaster Project

Congressman Richard C White, in a letter to Mrs. R. A. Harrell, chairman of the Crockett County Historical Survey Committee, expressed his interest in the program of the committee and especially its interest in the preservation and possible restoration of Fort Lancaster in west Crockett county

The Congressman sent a brief history of the fort, taken from war department records, and declared he is greatly interested in the preservation of the site.

Congressman White pointed out that he was chairman of the El Paso County Historical Survey Committee and was president of the El Paso County Historical Society.

"Thus you can see I have more than a normal interest in your project and will do anything I can to help,' the Congressman wrote.
