## Hoover Victim Surgery

Hoover was a native Crockett county and son of the earliest of pioneer families to settle in Texas. His parents, Mr. and Mrs. W. P. Hoover, came to Crockett county in 1880, where they raised a herd of cattle, the same herd grazed in the Pecos valley. As his herd grew Mr. Hoover added land holdings until he had accumulated more than 100 sections of land. Hoover spent his life ranching on his same vast holdings accumulated by the Hoover family over the years. He was engaged in locating a new fence when he fell from a ledge in February and suffered injuries which indirectly contributed to his death.

## Ozonia Junior High Track Team Wins Meet At Eldorado

The Ozonia Junior High Track team won the practice meet held in Eldorado last Thursday with 62 points. The weather was bad everywhere, but seemed worse there.

All times were slow. The events won by Ozonia were as follows:

440 Relay (Sanchez, Apple, Clepper, Pagan) 54.2  
330 Yard Dash (Fleet Coates) 42.9 seconds.

100 Yard Dash (Humberto Diaz) 11.9 seconds.

100 Low Hurdles (Humberto Diaz) 12.6 seconds.

660 Yard Run (Heberto Vargas) 1:49.6 minutes and seconds.

880 Yard Relay (Pagan, Coates, Clepper, Diaz) unrecorded.

Broad Jump (Humberto Diaz) 16'10".

Shot (Marlin Farris) 38'3" - second place.

In the seventh grade division, Frankie Garza won first in the shot put and Mike Haire won the low hurdles with a time of 15.0 and the 100 yard dash with a time of 13.5.

Ozonia's seventh grade team made 33 points while Eldorado's had 53.

## Ozonia Drug Announces Quit Business Sale

Elsewhere in this issue of the Stockman is a page ad announcing a "quitting business" sale of the Ozonia Drug Store stock.

Gordon G. Aikman, owner and pharmacist, gave ill health as the reason for his decision to sell out the store's stock and quit business.

Details of the sale, with a list of some of the bargain prices, may be found in the firm's ad on page 6 of this issue.

## Crockett Voters Approve School Building Bonds

Property taxpaying voters of Crockett county Saturday approved by a margin of better than two to one the \$320,000 school improvement bond issue.

The total vote was 246 for to 171 against. The election was held in three boxes in the county, at the courthouse in Ozonia, at Powell Field and at the West Texas Utilities Co. power plant near McCamey, in the northwest corner of the county. However, there were no eligible voters at the power plant and only six votes at Powell Field, five for the issue and one against.

A Houston architectural and engineering firm, employed on a tentative basis by the school board, has been notified of approval of the bonds and are preparing plans for the proposed new construction called for in the issue.

Meanwhile, County Judge Brock Jones as ex-officio county superintendent, will be charged with the duty of printing and marketing the bonds, thus clearing the way for construction to begin.

New construction contemplated, and the architect's estimate of the cost is as follows:

High School Library and two classrooms, \$90,000.

South Elementary, two classrooms and restrooms, \$25,000.

North Elementary, three classrooms, and restrooms, \$45,000.

Field House at the athletic field, \$28,000.

Superintendent's residence, \$30,000.

Teacherages, addition of three bedrooms and bath to four units, \$15,000.

## \$177,255 DISTRIBUTED - Crockett Wool Producers Get Incentive Pay

The Crockett County AS-CA office began the distribution this morning of checks representing incentive payment on the 1964 marketing year to wool growers of Crockett county, based on the recently announced 16.5 percent of the amount received for wool during the year by the year by the growers.

This percentage figure represents the amount necessary to bring the national average price of wool to the support level pegged at 62 cents per pound. The national average price for shown wool was determined at 53.2 cents per pound.

A total of 153 shorn wool producers will receive \$177,255.53 in incentive payments. This amount is divided \$151,018.34 to producers of shorn wool and \$26,237.19 going to producers and marketers of unshorn lambs. Only 136 of the number of producers received lamb credit.

The above amounts represent the net to be received by the growers. Before these figures were reached, a total of \$24,345.97 had been deducted to go into the producer-financed wool and lamb promotion conducted nationally.

Crockett county producers sold a total of 2,013,149 pounds of shorn wool and 8,773,021 pounds live-weight of lambs.

The incentive rate this year represents a sharp drop from the payment made by the government last year when the percentage was determined at 27.8 percent. Strangely, the Crockett county producers' average price received for wool varied by a small amount between the two years. The county average price for 1963 was 50.9 cents a pound (Continued on Last Page)

Mrs. Boyd Baker, who served as vice president from the tri-county area, was elevated to the presidency of the Sixth District, Texas Congress of Parents and Teachers, at the 44th annual District Conference held here Tuesday and Wednesday at the high school auditorium.

Mrs. Baker succeeds Mrs. Arlice A. Brooks of San Angelo. She will serve a three-year term in the office.

Roy Killingsworth, Ozonia Junior High principal, was elected a vice president from the Crockett, Schleicher, Sutton county area.

Other officers elected at the closing session of the Conference were: Mrs. Herbert Fields of Sonora, corresponding secretary; Mrs. Henry Manns, Lakeview,

San Angelo, recording secretary; and vice presidents, Mrs. Norbin Taylor, Del Rio; Mrs. Edward Neill, San Angelo; Mrs. A. E. Fife, Junction.

With nearly 200 delegates and members attending, the annual Conference was devoted to the theme, "We, the P. T. A. - Participate in the Community Story."

The Ozonia school board entertained with a dinner for district officers Tuesday night at the school cafeteria. Other pre-conference activities included a District board meeting at 1:30 Tuesday afternoon in the 290 Cafe dining room.

The Conference got underway with registration of delegates starting at 8:30 Wednesday morning, with a coffee from 8:30 to 9:20 for all delegates, courtesy of the Tri-County Council.

First general session of the Conference got underway at 9:30 a. m. Invocation was by the Rev. Leonard Garrett, pastor of the Ozonia Methodist Church. L. B. T. Sikes, superintendent of Ozonia schools, and Mrs. Joe Couch, Ozonia P. T. A. President, welcomed the visitors. Mrs. Edward Neill responded for the delegates.

Reports of Conference committees were heard and the keynote address was delivered by Mrs. John F. Weinzierl, State Vice President, from Riverside, Texas. Her topic was "The P. T. A. - Vision and Projection."

A panel discussion of the Conference theme, with Mrs. Bill Leadbetter of Donna, Texas, State Youth Protection Chairman, as moderator, wound up the morning session. Members of the panel were Mrs. Weinzierl, Mrs. Ed F. Meador of Eldorado, Rev. Max Brown of Ozonia, and Lloyd V. Matson of San Angelo.

The afternoon general session was a workshop with Mrs. Arlice Brooks, District president, presiding. The new officers were installed by Mrs. Weinzierl. The District has been invited to hold its conference next year in Del Rio.

## Religious Play To Be Presented Here Sun. Night

The Chancel Players, a religious drama group from Big Lake, will present P. W. Turner's "Christ in the Concrete City", in the sanctuary of the Ozonia Methodist Church next Sunday evening, April 4, starting at 7:30 p. m. Rev. Leonard Garrett, pastor of the local church announced that the Big Lake group had accepted the church's invitation to bring the production here.

The Chancel Players are a unique group in this part of southwest Texas. Rev. Garrett said Composed of high school youths, the group is directed by Mike Dendy, English and speech instructor at Reagan County High School. Mr. Dendy has acted professionally and has directed theaters throughout several southern states. He has done graduate work at Baylor Theater and at Dallas Theater and at Dallas Theater Center before his appointment to the Big Lake school system.

## In 4-H Favorites Foods Show -

# Judges Praise Quality Of Foods Exhibits

Top winners in the first annual Crockett County 4-H Favorite Foods Show, held last Saturday in the North Elementary Auditorium were Lelie Mitchell, daughter of Mr. and Mrs. G. K. Mitchell; Viola Borrego, daughter of Mr. and Mrs. Placido Borrego; Melissa Zapata, daughter of Mr. and Mrs. Pete Zapata and Ene-mencia Diaz, daughter of Mr. and Mrs. Lucia Diaz. The senior division winners were Miss Mitchell with an entry of individual lamb pizza and Miss Borrego with an entry of apricot cooler. In the junior division Miss Zapata had an entry of peanut butter cookies and Miss Diaz's entry was Mexican chocolate.

Runner-up in the senior division were Armandina Vargas and Emma Maskill, while junior runner-up were Mary Frances Martinez and Richard Reinberg.

Awards for the show were furnished by the Southwest Texas Electrical Co-operative and presented to the winners by Mr. and Mrs.

R. A. Harrell. The three top winners in both senior and junior divisions received rosettes and all 4-H members with entries in the show received ribbons. Those receiving blue ribbon awards scored 90 or more points, 80 to 89 scores received red ribbons and below 80 points received white ribbons.

The quality of exhibits and knowledge of nutrition by the 4-H members was extremely high for a county having its first foods show, according to Mrs. Roberta Johnson, District Home Demonstration Agent. Of the 62 food entries in the show, 29 received blue ribbons, 24-red ribbons and 8 white ribbons.

Credit for the training received by the 4-H members goes to 4-H adult leaders who have attended adult leader workshops and have been working with the 4-H members almost daily since last fall. The following 4-H adult leaders worked with food groups of the Tejas and Limazona 4-H

clubs: Miss Dorothy Price, Miss Ethel Wolf, Mrs. James Burnett, Mrs. Joe Galvan, Mrs. Arturo Torres, Mrs. Napoleon Vitela, Mrs. Pete Zapata, Mrs. A. S. Lock, Mrs. Jesus Castro, Mrs. Joe Tom Davidson, Mrs. Sam Martinez and Maria Valadez.

**More Restoration Work Authorized At Fort Davis**

Congressman Richard C. White announced today that the National Park Service has awarded a contract for the restoration of building H-B 20 at Fort Davis National Historical Site. H-B 20 is an old barracks building at the famed Civil War post and will be restored to serve as the Visitors Center and Administration Building. When Fort Davis was re-established after the Civil War, permanent buildings were constructed and continued to serve until 1891, when the post was finally abandoned.

The new visitors center will be restored to the appearance of the 19th century period. It will be modernized only to the extent of modern plumbing, heating and lighting.

A contract for the restoration was awarded to the Guidemann Construction and Engineering Company of El Paso. Last year, 86,000 visitors registered at the present visitors center. The number is expected to increase as the new facilities are provided.

**Curley Hays, SWC Official, Speaks At Rotary Meet**

Curley Hays, popular Southwest Conference football and basketball official, was guest speaker at the Tuesday meeting of the Ozona Rotary Club.

Rotarians and their guests were fascinated by Curley's description of the inside workings of the television broadcast of football games. Officials must go through several hours of briefings before the game, Hays said, and must learn a set of signals that would confound an ordinary college quarterback.

A broadcast official wearing a white coat, strolls up and down the sideline, wearing headphones and in touch with the broadcast booth, and this fellow signals the official when to call time out for commercials, how long to stall, and receives information from the officials on the nature of all penalty calls, etc. It's quite a complicated bit of doing, the speaker said, and quite an expensive one, a single football game costing the sponsors nearly a quarter million dollars.

Location is 1,050 feet from the east and 1,250 feet from the north lines of the south half of 88-1-I&GN. Elevation is 2,228 feet.

It is also 1¾ miles north of a north extension area of the Toborg field of Pecos County, producing from the Cretaceous.

The No. 1-88 Carpenter, same section, at the latest report was testing the Gray-

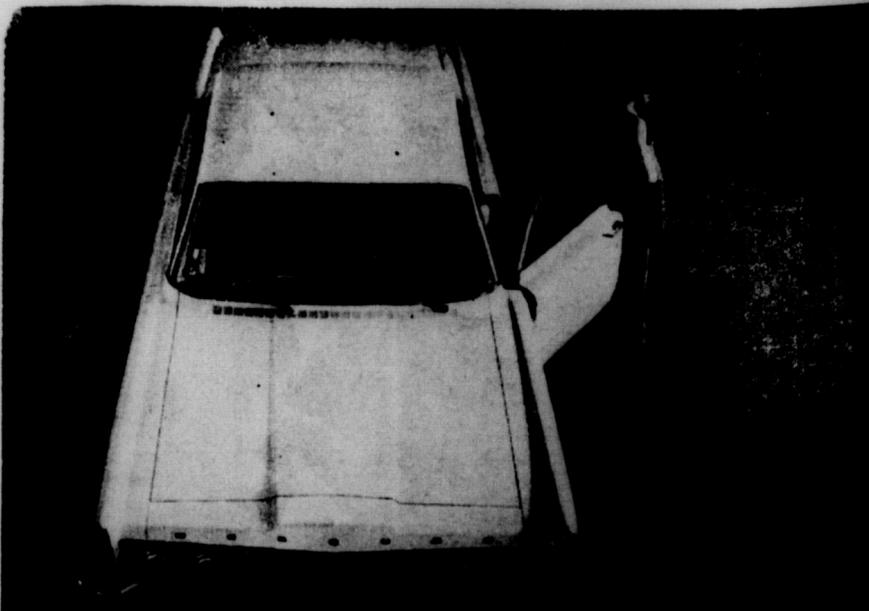

burg through perforations between 1,181-46 feet. The Atlantic Refining Co. No. 1-27 Ruby Helms, 27-QR-EL&RR, 1½ miles east of Canyon, is producing in the Cretaceous. Southwest multipay oil and gas field of Crockett County, seven miles southwest of Ozona, flowed four barrels of distillate in 24 hours plus gas at the daily rate of 140,000 cubic feet. Flow was through a 64-inch choke and perforations between 4,585-84 feet. Testing continued with 676 barrels of load remaining to recover. The project was drilled a 3¼ miles southeast post to Canyon and production in the East multipay oil and gas field. Home Craft Fire Protection Chests at Stockman

**Only she can tell you what a feed is really worth**

Not in words, of course. But in dollars-and-cents return on your investment. If you feed a cheap supplement, your results may not be what you expect. Feed MoorMan's and reports of good results are much more likely to come through loud and clear. A beef cow has no interest in the price per ton you pay for part of her ration you buy to feed with grain or roughage. She has a steer, a hog, a dairy cow, a lamb or a hen. But they can't tell you in results about total feed cost. What makes the difference with MoorMan's? Two main things: 1. What's put into each Mintrate-9 and Franchise-9 ingredients proved to be needed by years of research. 2. What's left out: You don't buy back grain or grain. Feeds loaded with bran, midds and mill screenings can add 10 per ton—but they can't help keep your total feed cost low. Let's do some feed-figuring soon. Your MoorMan Man.

### Press Wins In S. A.; To Iran

Ernie Boyd

Track mentor Chick and assistant Son- were pondering how they best use the talents of star David Childress as the Ozona team enters the Iran relay last practice before the district meet next Friday.

Childress took first place in the 100 and second in the 200 at the district meet. He was also second in the 400 and fourth in the 800. In the 1600 he was fifth and in the 3200 he was sixth.

Childress got his best start early in the season winning the shot heave of 52'2" but again experienced with the discus as to place. The 440 relay also turned out to be the best of the season when they cracked the record with a 44.3. Billy Carson got the Lions' other point with a leap of 11 feet in the pole vault.

The mile relay is where the problem is posed, with Huff, Deroid Maney and George Cox, the Lions now using freshman Er-

nest Vargas, who responded well in San Angelo. The Lions have a good mile relay but with David Childress running a leg they could win first or second and without him they will likely come in third behind Sanderson and Rankin, the latter of whom has beaten Sanderson twice.

Childress can enter but three running events and that would be the 440 relay where the Lions will have a good chance of winning, and the high and low hurdles which he can most likely win (field events do not count in this up to a point).

Childress, in winning a hurdle event, can get 10 points which offsets the drop to third in the mile relay by two points if everything goes according to form, something that does not often happen.

George Parker, who had a good start, is still hampered by injury and has seen little action this year. He still might be able to pick up some points week after next and every little bit helps as witness last year's late arrival of Mike Walters whose points in the 100 and 220 gave the Lions the title.

The Lions get a good mile effort from Maggie Galindo in San Angelo and even though he finished in sixth, one place below the point position, a like effort in Ozona next week might well be good enough for a second or third place.

Billy Carson got the Lions' other point with a leap of 11 feet in the pole vault. Carson in getting a point was edged by Sanderson's Tommy Weigand but Carson has also beaten his Sanderson opponent on several occasions and it is hoped he can repeat the stunt here next week.

The Lions have not had a good look at either Iran or Rankin and both are to be heard from in the district meet. With nine teams competing for honors, they are going to be spread thinner and earned harder this year. At the same time, it will take fewer points to win. All in all it should be the best meet we have had in Ozona's track history, at least it could be.

#### NOTICE

I have been told that some of my friends may write me in for the school board. I want to assure all that I am not a candidate and can not serve if I should be elected because of the press of personal affairs. Thank you.

### Hoover —

(Continued from Page One)

family and employees would not become alarmed at his absence until dark, Mr. Hoover carefully prepared to make a signal fire from one match he had in his pocket and one dry sotol stalk on the ledge with him, plus the added fuel from a letter which he had in his pocket and which he crumpled to make his chances better to start a blaze with his one match. The signal fire was seen from the ranch and rescue operations begun, to be accomplished after some three hours of effort by a number of volunteers.

Had he seen fit to choose such a career, Armond Hoover could have been a howling success as a comedian on stage or screen. His deep-voiced drawl and hilariously funny stories have been a delight to his friends for many years.

He was born Feb. 18, 1898, in Ozona, the youngest of 13 children of the pioneer ranch family. During World War I he spent two years working in the shipyards in Virginia, returning after the war to spend the rest of his life on the ranch of his birth. He married the former Miss Almada Matthews November 22, 1921, in Del Rio.

Surviving are the widow; one son, Armond B. Hoover, Jr., of Ozona; two brothers, Arthur and Bill Hoover of Ozona; one sister, Mrs. Myrtle Mitchell of Ozona; two grandchildren, and a number of nieces and nephews.

### Religious Play —

(Continued from Page One)

Members of the player group are Bob Daugherty, Pam Daugherty, Phil Arms, Bill Barnes, Tina Goertz and Brenda Nunn. Technical directors of the production are Enoch Estes and Bill Arms; make-up mistress is Loy Rogers. Book holder for the Sunday performance will be Jopie McReavy.

The play itself is an eloquently written drama, published by the Religious Drama Society of Great Britain. Told in concrete contemporary terms, the play unfolds the story of the Passion through the eyes of Biblical characters as well as through concepts of our contemporaries. The Chancel Players make great use of movement and abstract sounds. No historical costuming is used nor, for that matter, no scenery or special effects are used in the presentation. The sanctuary becomes the stage. "Despite the youthfulness of the group, the assembled talents and hard work have produced a fine play," Rev. Garrett said. He extends a

### Best Times Posted By Ozona 7th-8th Graders At Crane

The Crane Invitational Track Meet for 7th and 8th graders boys was run on a miserably cold day. It began at about 3:30 in the afternoon and finished "as soon as possible." The recordings, however, for Ozona Junior High were some of the best this season.

Humberto Diaz won first in the 120 low hurdles with a time of 15.0 seconds. Catarino Cervantez won first in the 160 yard dash with 11.3 seconds, and he also won the broad jump with a leap of 17'8". Randal Clepper jumped 5'2" to get a 3rd place in the high jump and Fleet Coates won a third place in the 330 yard dash with a time of 42.2 seconds. Marlin Farris put the shot 42'6" to place 3rd in the shot and the 440 relay (Pagan, Coates, Clepper, and Diaz) won third with a time of 50.9 seconds.

Heverto Vargas and Randal Clepper, in the 8th grade with Mike Haire in the seventh each won his heat in the preliminaries, but did not get into the finals. Vargas won his heat in the 330 yard dash, Clepper and Haire won their heats in the hurdles.

### Fund Drive Seeks To Save Screwworm Eradication Fight

Mission, March — Texas farmers and ranchers are in the midst of an intensive campaign to raise \$300,000 to stave off possible shutdown of the screwworm eradication program.

The drive, led by the Southwest Animal Health Research Foundation and conducted by animal health committees organized in each county, will continue through April 12, at which time Foundation officials hope to have sufficient funds to pry loose the State and Federal funds needed to operate the program during April, May and June.

Of the estimated \$1.1 million required to operate during the critical spring months, \$250,000 has already been appropriated by the Texas Legislature, while Congress is considering a request for \$550,000. Producer funds are needed to complete the package. Foundation spokesmen pointed out, since the government funds cannot be spent unless they are matched.

The funds are needed to operate a barrier of live, sexually-sterile flies along the international boundary to keep fertile insects from Mexico from reinfesting the Southwestern United States where screwworms have been eradicated. Sterile flies that mate with fertile screwworms prevent production of offspring. An average of 100 million of the plant-reared flies will be needed each week for aerial distribution along the coasts of Mexico and along rivers and other favorable routes followed by migrating screwworms. This will cost approximately \$12,000 a day.

Lack of sufficient funds to maintain an adequate level of operation could permit native screwworms to re-enter the U. S. unchal-

lenged, jeopardizing gains achieved since the eradication program began three years ago.

Congress also has under consideration a U. S. Department of Agriculture request for \$5 million which, if approved, would make maintenance of the barrier a Federal responsibility beginning July 1.

## TO STEAL OR NOT TO STEAL: THAT IS THE QUESTION

By Yvonne Martinez

When a student was accused of passing off someone else's work as his own, he stated, "That's they way the mop flops. Besides everybody does it." Few students realize that there is actually a term for this sort of literary theft — "plagiarism".

Plagiarism has been practiced almost since the beginning of time.

Plagiarism does not necessarily pertain to authors or just someone else. Although we may fail to realize it, some of us plagiarize almost everyday. Some students may have a little trouble writing themes and turn to the encyclopedia for help. Even in conversations, some of us repeat someone else's ideas without contributing due credit.

The question is, should we give credit where credit is due, or should we pass such original literary words as our own? "That is the question," spoken by — uh Whom?!

## JR.-SR. BANQUET TO BE GIVEN SATURDAY NITE IN CIVIC CENTER

By Mary Jane Dunlap

The Junior Senior Banquet will be given Saturday, April 3, at the Ozona Civic Center.

The banquet, which will begin at 7:00 p. m. will be followed by a dance, which will begin at 9:00 p. m. The Rhythm Masters will play for the dance.

The banquet, given by the Junior Class in honor of the Senior Class, will be attended only by members of the Junior and Senior class of OHS, and by the faculty members of OHS. All OHS students and their dates are invited to attend the dance.

Ronnie Mason, Junior Class president, will give the welcome to the Senior class. Mike Walters, Senior Class president, will give the response. Mike Prater and David Lewis will read the prophecy. Janis Walker and Carmen Childress will give the class history. Brenda Brentz, Cathy Miller, and Hugh Coates will read the class will.

## OHS STUDENTS LOOK FORWARD TO LAST HOLIDAY

AH! Easter is almost here and so is a much-needed five-day holiday for OHS students. As usual, students are already making plans for the holidays. Some are going fishing, some are going camping, and some are just going. This five-day Easter holiday, unfortunately, will be the last of the holidays before the end of this school year. School will be dismissed on Wednesday, April 14 at 2:40 with the 7th period being omitted. Classes will resume on Tuesday, April 20.

## OZONA HOSTS LITERARY EVENTS

By Cathy Miller

"An educated man is one who knows where to find what he does not know." Who said this statement is a big mystery. However, if someone is wondering where to find out something he does not know, he might come to OHS on Thursday, April 11, when the Interscholastic League literary events will be held for District 8-A.

As this is the second year in a row Ozona played host,

Mr. Pelto is quite experienced at getting things organized. He doesn't mind at all that there are 300 extra students roaming the halls disrupting the whole school. He doesn't mind "the Brins" of OHS missing classes, as long as they're entered in events. Mr. Pelto might become a little suspicious if some aggressive student is gone the whole day.

Mrs. Armentrout doesn't mind feeding 300 extra students either. She might lose her appetite looking at all that food. She might even get sick!

The students really don't mind all the new faces. The girls look like they stepped out of a beauty shop and the boys — well the boys look decent!

The day will at least give many people a chance to meet new friends — everyone wants to be friends with the other towns, especially Big Lake. Being friends with Ozona, wouldn't hurt the Owls any!

## STUDENTS ATTEND CAREER DAY

Yesterday several members of OHS went to "Career Day" at San Angelo College. This event was sponsored by the Altrusa Club of San Angelo.

The students were lectured, in the morning by Curley Hayes, and Wednesday afternoon they talked with San Angelo citizens about careers.

## SENIORS' FEELINGS

By S. Martinez

With only eight more weeks of school left, OHS students are eagerly looking forward to the end of the school. The Seniors, however, have a different attitude about the end of this semester. For them, it is not only the end of another year, but the end of their high school days.

Although the Seniors may be showered with suppers and parties, they cannot forget that this is their last year as an OHS student and that next year, all the Senior "crowd" will be separated.

While the Freshmen are singing "Don't despair, summer's in the air" the Seniors cannot help but get a sad feeling to know that they will never walk through the OHS halls as a student again.

## GOSSIP!

By Lynda Miller

Cynthia M. where were you when your date came to pick you up Saturday night? At a party?

What did Margie do Friday night?

Mary Jane you really looked cute in Mr. Moody's tie Friday afternoon.

Hughie and Mike P. what were you two doing out so late Saturday night?

Patty W. it seems as if you had company this week end.

Why was Diane so sad Thursday?

It seems as if Linda L. had a good looking boy vis-

iting her this last week-end. Mike P. did you finally learn how to spell those words you had to write 600 times a-piece.

Congratulations to the Ozona track team for doing such a good job in San Angelo.

It seems as though Bobby A. can really shake a boy when he dances.

Congratulations to Miss North on her new library! How do you feel Bobby A. after the good cake Ruth Ella made you for your birthday?

Rex B. why didn't you want to come to school Monday?

Whose birthday was celebrated with a picnic Sunday afternoon.

Rick H. your new car sure is pretty!

Whats this about Scottie H. leaving Ozona?

## OHS BAND TO PARTICIPATE IN CONTEST APRIL 10

The OHS Band will go to Abilene Saturday, April 10, to participate in Interscholastic League Concert and Sight Reading Contests.

The OHS Band will be the last band to play and they will play at 5:10 p. m. They will play three selections which are Brighton Beach, Legende, and Irish Folk Song Suite.

## QUESTION OF THE WEEK

By Janis Walker

Do you think it is necessary for a boy to buy his date a corsage for the Jr.-Sr. dance?

Ronnie — Whose got a date?

Jack — Yes, but only if my mother buys it.

Donna — Yes, unless he wants to give her bitter-wood!

Janie — No, unless he wants to be killed.

Win — Yes, because mother makes more money to give to me!

Sandy — What's a corsage?

Janet — Only if you get a \$10.00 one.

David J. — As long as it costs less than 10c.

Derold — It all depends on who the girl is!

## OZONA LIONS ATTEND SAN ANGELO RELAYS

By Carey Pitts

The Ozona Lions attended the San Angelo Relays last Friday and Saturday where they placed fourth with 2A teams placing first, second, and third.

David Childress was high point man for the Lions, placing first in the 120 yard high hurdles, second in the 180 yard low hurdles, and fifth in the broad jump. Childress was also on the 440 yard relay team, which placed fourth, along with Mike Walters, George Cox, and Beto Ramos.

Gary Pagan won the shot put throw with a 54 ft. plus blast. This is the second time this year that Gary a senior, has broken school

## THE TANGLED WEB GIVES PERFORMANCE IN SAN ANGELO

The one-act play "The Tangled Web" was presented at 7:30 a. m. for contest. Although the play did not win, it did receive some favorable criticism.

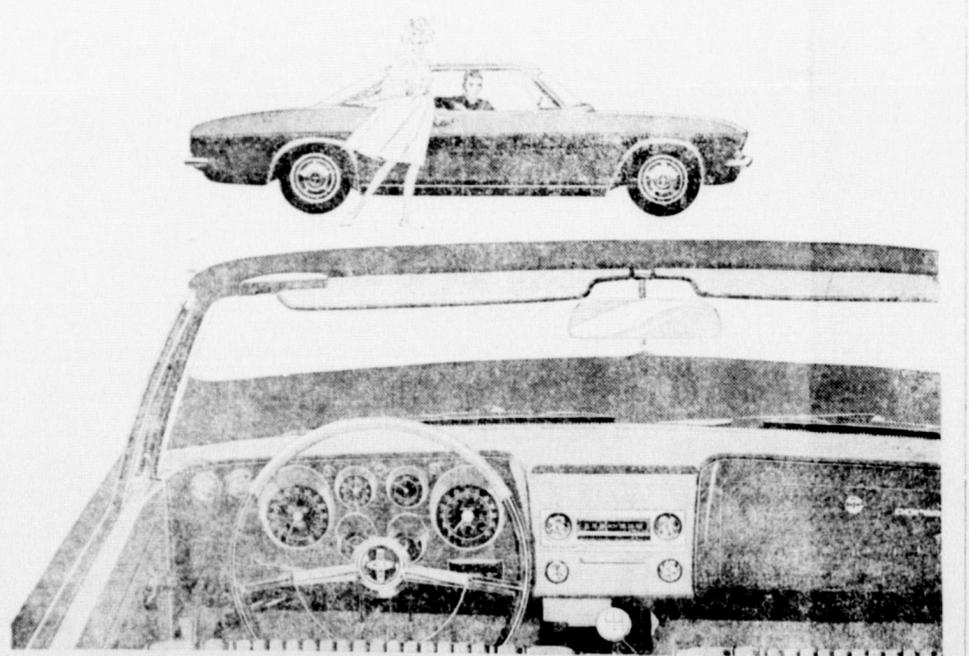

Winning 1st place in contest was Menards High and 2nd place went to Junction High. Both schools presented "The Ugly Duckling".

### The News Reel

A re-run of "The Ozona Story" gleaned from the files of The Ozona Stockman.

**From The Stockman, April 2, 1936**

Ozona's new fire engine, manned by Fire Chief Joe Smith, and his crew, got its first workout last night carrying water to the water works. A grass fire started from the exhaust of one of the big oil burning engines that operate the pumping equipment of the Ozona Water Works, had gained considerable headway when the fire equipment arrived, but it was quickly quenched.

Another in the long list of misfortunes that have plagued the trail of Sheriff W. S. Willis in recent months descended on the sheriff Monday night when his car crashed into the rear of a parked car in front of the Pleas Childress home. The accelerator on the she-

riff's car jammed and when he reached down with his hand to loosen it, his car crashed into the parked car.

## Beyond the Blossoms

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When the buds burst into fragile flower, and their breath is everywhere, and a warming breeze caresses the cold, damp earth . . . this is more than Spring. This is the time of Promise.

For these same festive branches shall lift a precious burden of fruit when the red-gold mantle of harvest falls across the land.

When human souls awaken to the reveille of faith, and hymns and prayers fill the arches of heaven, and the warmth of an ageless hope reaches from heart to heart . . . this is more than Lent.

For the faith which blossoms today will bear its own precious fruit. Love! Joy! Peace! The harvest of souls like yours and mine is beginning anew to grow.

James Kay, the former Charlotte Johnigan, daughter of Mr. and Mrs. J. W. Johnigan of Ozona, was one of the models at a Spring fashion show staged by wives of commissioned officers at Dyess Air Force Base in Arizona recently. The show was staged at the base NCO club. Mrs. Kay is shown above in one of the sport outfits she modeled.

**Ozona Service Man Has Part In Alaska Production**

Pfc. Douglas Stuart, son of Mr. and Mrs. Byron Stuart of Ozona, stationed at Ft. Wainwright, Fairbanks, Alaska, has written and has been made assistant supervisor in the Freight Division of the Transportation Dept. at the base. He is also getting some college work behind him while he serves Uncle Sam, taking advantage of the University of Alaska's year round program of teaching at Ft. Wainwright.

Alaska is beautiful this time of year, Douglas writes. The snow has melted and the weather is springlike.

The Ozona service man participated in the Miss Fairbanks beauty pageant Saturday night, March 27, with the Vern Brock Dancers at Hering auditorium. Brock, director and professional dancer, now with the Special Services at Ft. Wainwright, staged the specialty number which included seven men from the post and twenty girls. "Sand of the Orient" was the theme, the dancers in East Indian and Japanese costumes.

The same group of dancers will participate in the Miss Alaska contest to be held April 10.

**HIGHLIGHTS AND SIDELIGHTS From Your State Capitol**

Austin, Texas — Farmers, especially those living near large cities, would get a big tax break under a constitutional amendment now pending in a House committee.

Bill by Rep. W. T. (Bill) Dungan of McKinney, calls for farm land being used for agricultural purposes to be taxed on its productive capacity, instead of its market value.

Witnesses testifying before the House Constitutional Amendments Committee said that in some cases taxes exceed the dollar-yield of the land being used for farming or ranching. In those cases, pressure to sell the land for residential or commercial development virtually is impossible to resist.

**Student Loans** — Texas students from junior college to graduate school level would be able to get state-financed loans to pay for their educations under a proposed constitutional amendment due to go to voters in November.

Senate approved the measure by Rep. George Hinson of Mineola to set up a \$75,000,000 bond-supported loan fund.

**Longer Trucks Permitted** — Larger trucks, twin trailer trucks and three unit combinations soon may be traveling Texas highways.

A bill passed and sent to the governor will extend maximum length of single trucks from 35 to 49 feet and tractor-trailer maximums from 50 to 55 feet.

Three-unit combinations up to 65 feet long, now not allowed, will be permitted on Texas highways.

**Drinking Hour Changes** — Bars would stay open later and liquor stores close earlier under a House Liquor Regulations Committee recommendation.

Committee okayed a bill by Rep. Dick McKissack of Dallas to extend beer-drinking hours to 2 a. m. seven days a week and make beer available at noon instead of 1 p. m. on Sundays.

Also approved was a bill by Rep. L. Dewitt Hale of Corpus Christi to close package stores at 8 p. m. instead of 10 p. m. Exception would be hotel room service which would be permitted until 10 p. m.

Hale said his bill would help curb liquor store burglaries by closing during hours when most holdups occur.

Committee also heard testimony on a bill regulating liquor sales to minors. It places the burden of responsibility on the purchaser rather than on the seller. Bill calls for Texas Liquor Control Board identification cards for persons age 21 and over.

Retailer could require that cards be shown before making a sale. Misuse of identification cards or misrepresentation in acquiring them would subject purchaser to fine and jail term.

**Car Property Tax Boosted** — Auto owners would have to show proof that they have paid their vehicle property taxes before they could get license plates under a bill approved by the House Revenue and Tax Committee.

Bill by Rep. John Traeger of Seguin, familiar to legislators from past sessions, now is on House calendar for debate.

**HELP WANTED** — **NEEDED AT ONCE** — Full or part time man or woman to serve Watkins customers in Ozona. Good income. No investment. Set your own hours. Write C. R. Rubie, Dept. M-4, P. O. Box No. 2447, Memphis, Tennessee.

**Growers Asked To Give Again To Worm Fund**

Crockett County livestock producers are again being solicited to give to the screwworm eradication fund — this time in the hope that it will be the last producer-financed part of the program.

A fund of \$300,000 is needed from producers of the state to be added to an emergency state appropriation to match federal funds, also an emergency appropriation, to finance the program until the federal government takes over the continuation of the program at the beginning of the new fiscal year in June.

It has been estimated that \$1,000,000 in emergency funds will be needed for the interim financing — to be mainly to maintain the barrier between the U. S. and Mexico and to stamp out any sporadic outbreaks of screwworm which may occur in the southwest. USDA has asked Congress for the money to maintain the program in its entirety after July 1.

Ranchers are being asked to figure this final contribution on the basis of 10 cents per head for horses

an dentle and 2 cents per head on sheep and goats. County Agent Pete W. Jacoby, acting for the county screwworm committee, has mailed letters to producers explaining the need. County committees have been asked to complete their collection by April 12.

Ranchers will help the committee by voluntarily turning in their contributions to the Ozona National Bank, to the Ranch Feed & Supply Co., the Ozona Wool & Mohair Co. or to any of the following individuals, Pete Jacoby, R. A. Harrell, W. E. Friend, Jr., Frank McMullan, James Childress, Joe Tom Davidson or W. W. West.

**School Bond**

(Continued from Page One)

Other expenditures, including improvements to the lighting system at the football field, repainting and refinishing of several buildings, were listed as follows:

Lighting football field, \$12,000.

Paint and recondition Davidson gym, \$6,000.

Paint exterior trim of Ozona High School, \$2,500.

Repair restrooms in Junior High Building, \$6,000.

New draperies for the high school, South Elementary and North Elementary \$7,000.

Furnishings and equipment, \$15,500.

As soon as the bonds are approved and sold, school officials hope to get started on the repair work and other projects that do not require architect's planning. Bids will be called for on all of these undertakings as they are ready for execution, officials hoping to have all such work completed before the opening of schools next fall.

While the past year the county average was 51.9 cents. Last year the national average was 47.8 cents while this year the national average was 53.2 cents.

While in previous years, two checks have been issued to each eligible grower, one for the shorn wool and the other for the unshorn lambs sold. This year the checks will be combined into one, Cliff Elder, office manager of the ASCS office here, announced.

Growers will be able to pick up their checks at the ASCS office today or anytime thereafter, Mr. Elder said.
