## Social Worker Lays Challenge Before Rotary

### Miss Mary Riddle Calls For Cooperation In Settlement Work

Citizenship training, development of character and betterment of social, health and moral standards among peoples in the Latin-American settlement here through the work of the Community Center was described by Miss Mary Riddle, stewardess in charge of the settlement work, in an address before members of the Rotary Club at its luncheon Tuesday noon at Kendall's Drive Inn.

Miss Riddle's talk was in the nature of an appeal for intelligent cooperation from the American people and a sympathetic understanding of the problems faced by the Latin-American race in their community and family life. The social development of these people is of direct concern to those who live this side of the draw, Miss Riddle declared, and she said that the Rotary Club, as a club and as individual members, has a great opportunity for service in taking the lead in the work of betterment of the Mexican people who live in the community.

Miss Riddle recalled that young Mexicans had been steered from embracing the Communist doctrine, preached to them through floods of literature, through leadership and training provided by the Community Center program, and pointed out instances of individuals who were turned from incorrigibles into useful, interested citizens by sympathetic understanding and a program of training in which they had opportunity to share. She called on Americans to protect their own interests and the democratic way by joining in this program of making good American citizens out of potential un-American elements.

Two visiting Rotarians from San Angelo were present for the meeting. They were Dick Wagner and Pat Petway. Other guests of the club were Bill Littleton, Harry K. Smith and Marvin Rape.

Marvin Rape, a student at the Texas University School of Medicine in Galveston, who was a guest of his father, I. G. Rape, brought to the club a reminder of the serious view being taken by the government of the present emergency. The School of Medicine, he said, has answered the government's plea for trained doctors by continuing the school through the summer months, with a view to graduating the next class of doctors six months ahead of schedule. Under this plan, young Rape, who will return the end of this week to the classrooms, will be graduated in December of next year instead of the following June.

## Ask Volunteers In Clean-Up Of Cemetery Plot

### Saturday, June 14, Designated "Cemetery Day" In Ozona

Saturday, June 14, has been designated as "Cemetery Day" in Ozona, and on that day officers and members of the Cemetery Association hope for a community-wide turn-out of hoe and rake talent for a general clean-up of the Cedar Hill Cemetery.

Decision on the date and plans for the clean-up drive was reached at a meeting of officers of the association early this week, according to announcement of Mrs. Floyd Henderson, president of the association.

As most householders of Ozona know, the recent frequent and abundant rains have caused grass and weeds to grow so rapidly that it is almost impossible to control

## British Captives of Nazis in Africa

This picture, taken somewhere in Africa, shows a group of British soldiers fresh from the fighting lines of the see-saw battle of the dark continent. They are shown in the prison camp to which they were removed after their capture by the successful Nazi and Italian forces.

## Zero Hour Approaching For Citizens To Go Over Top With Pictures Of Old-Timers And Scenes For Special Edition

Little time remains for persons having old-timer pictures in their possession to get them in for publication in the Stockman's 50th Anniversary Historical Edition. The zero hour is fast approaching. Today, many citizens have sent in pictures of their families or individuals as they appeared many years ago. Others have sent in pictures of interest such as scenes about town, ranching activities and the like.

Editors of this special edition of The Stockman are attempting to present a complete word and picture portrayal of the county's

growth and development. To do this the cooperation of residents of Crockett, both pioneers and late-comers has been urgently requested. Information on the family histories of the early settlers is needed to complete the store of information which has been assembled. Old-timer yarns and tales would add to the interesting description of pioneer life in these parts soon after Crockett County was founded.

For those who are not fully aware of just what The Stockman is planning for this 50th Anniversary (Continued On Page Four)

## Begin Drive To Raise Crockett Co. USO Quota

### Welfare Centers For US Armed Forces To Be Provided

Organization of local forces for raising this county's assigned quota in the United Service Organizations' nation-wide campaign for a \$10,000,000 fund to provide recreational and welfare centers for soldiers, sailors and marines of the United States and young men and women workers in defense industries is to be perfected within the next few days.

This is the announcement of Scott Peters, who has accepted the Crockett County chairmanship of the USO drive. A quota of \$414 has been set by the state chairman, E. B. Germany, for Crockett County, the county quotas throughout the state having been fixed on the basis of 16 cents per capita.

The USO drive is to finance the common program of six recognized welfare agencies in providing welfare, recreational and moral guidance centers near military posts and naval training bases and defense production centers. The drive has arisen out of the need for clean, decent places to which soldiers, sailors and young defense workers can go in their off time, places outside the military reservation or base.

Through its 360 service units, the USO will supply to members of the armed forces and defense workers, both men and women, a center or clubhouse where they can get friendly and wholesome contacts between persons in military and civilian life, organization of social events and actual home guidance on personal problems, clubhouse accommodations, educational and cultural services

(Continued On Page Five)

## Total Rainfall 10 Days Of June To 5.25 Inches

### Fall This Week Brings 1941 Total To Date To 18.45 Inches

A torrential downpour of rain, which lasted less than an hour early Tuesday morning, brought another 1.4 inches of moisture in Ozona, the rain gauge at Joe Oberkamp's store indicated. Another shower late Monday afternoon registered .11 of an inch for a total of 1.51 inches in the 12-hour period.

According to records of rainfall kept from the gauge here, the first five months of 1941 and the first ten days of June have brought a total rainfall of nearly 2 1/2 inches more than the average annual rainfall for Crockett County. The total fall for the year, through the fall of Tuesday morning, is 18.45 inches, against an average annual fall of 16 inches as recorded by the Texas Almanac.

Seven different entries in the month of April gives that month leadership in the frequency of rainfall, but the first ten days of June have already established this month as the rainiest from the standpoint of quantity of moisture. So far this month has contributed 5.25 inches of rain, to 4.1 in April. However, no month in 1941 has been even close to dry, January having brought a little over two inches, February over an inch and a half, March 3.3 inches, and May 2.14 inches.

While the abundant rains have brought about the most luxuriant growth of weeds and grass in the memory of many residents, the blessings are not without some bitters. An early and reportedly severe scourge of stomach worms has held the attention of ranch-

(Continued on Page Eight)

## Dick Lee McDonald Reaches 15th Day Of Unconsciousness

Today marks the fifteenth day since a horse fell with young Dick Lee McDonald, son of Mr. and Mrs. Bryan McDonald, on the Davidson ranch east of Ozona and the youngster still lies unconscious in a San Angelo hospital, with reports from his bedside yesterday indicating but little noticeable change in his condition.

Relatives returning yesterday from his bedside reported that a brain specialist had been summoned from Dallas to examine the boy and would arrive there sometime this week. The child opened his eyes for the first time early this week but failed to rally further. Attending physicians, however, still were confident that the condition caused by injuries suffered in the fall would eventually clear and that he would recover.

## Hike Values Of Oil Properties By Half Million

### Heaviest Raises Made By First Meet Equalization Board

When the Commissioners Court adjourned the regular June session Monday and met as the first Board of Equalization, valuations of properties for tax purposes in this county were given a temporary hike of approximately a half million dollars.

Values were raised on a total of 54 firms and individuals, mostly oil companies, pipelines, royalty holders and land owners in developed oil areas. Each rendition was scrutinized by the Board from the assessor's rolls, and raises of from \$10 to \$80,000 were made in the valuations placed originally by the owners of the property involved. Approximately \$1,500,000 of values are involved in holding of the 54 taxpayers raised.

The J. M. Shannon estate, owning over 200 sections of land in the northern part of Crockett County, came in for the biggest hike in values, due to improvements, oil development and leasing recently. The taxable values of the Shannon properties was raised from \$193,710.00 to \$273,725.00.

Perhaps the most spectacular raise made was that on holdings of the Midstates Oil Corp., whose declared rendition of \$24 was hiked to \$50,020. Other raises of \$41,000, \$35,000, \$33,000, \$30,000 and lesser amounts were made.

Notices are being mailed to the 54 firms and individuals and notice is being given them through official publication of the board's action in this week's Stockman. The Court will meet as a final board of equalization on August 11, at which time those affected by the raise in values will be given hearing and an opportunity to show cause why the values should not stand as raised.

## Street And Alley Obstructions Are Ordered Cleared

A neighborhood controversy over alley obstructions reverberated in the Commissioners Court room this week when the court passed an order directing that "all alleys and streets now closed by obstructions be opened for traffic and such obstructions removed at once." The court "further ordered that anyone owning or maintaining such obstructions remove the same within ten days and in default, the road overseer for Precinct No. 1 shall proceed without help of the constabulary to remove such obstructions and open same for traffic."

The court's minute observed that "this is the second time it has been ordered to open for traffic the alleys running from Fourth to Fifth streets along the east side of Block 62."

## Testifies

Mary Spargo, before Dies committee in Washington, testifies that 150 government employees attended an American peace mobilization in New York as official delegates. She said these employees have been supporting the Communistic APM.

## Pecos Bridge Joint Project Two Counties

### Access To Soma Field Object Plan To Be Talked At Meet

Representatives of Crockett and Pecos Counties will meet on the Pecos River next Saturday to discuss plans for a bridge across the river at some point to be selected and to be constructed jointly by the two counties.

A committee from the Crockett County Commissioners Court, composed of Commissioners J. W. Owens, E. R. Kinser and Rob Miller, was given plenary powers by the court in session here Monday to act for this county in the bridge construction project. The committee will meet with representatives of Pecos County at the river Saturday.

The committee was directed to contact engineers of the Austin Bridge Co. and to advise with them in the type of bridge best suited to the stream and the site selected.

It is proposed that the two counties join in construction of a bridge across the stream in the vicinity of Iraan to provide easy access from that direction to the new Soma oil field on the Noelke and adjoining ranches on the extreme western edge of Crockett County. There is at present a causeway across the river, but the present high water in the river has made it impossible to cross for the past ten days.

## Ozonans Plan To Attend Church Of Christ Encampment

A number of Ozona members of the Church of Christ will participate in the Church of Christ encampment to be held on the Chas. Chandler ranch south of Sheffield starting June 23 and continuing through June 27.

W. D. Black, former minister of the Ozona Church, will be the preacher and song services are to be led by Ross Hufstедler of Ozona. A quartet composed of Neal Hannah, Ross Hufstедler, M. E. Corbell and James D. Moss, all of Ozona, will sing for the encampment services the opening day, according to present plans. Churches of Ozona, Sheffield, Sanderson and Iraan are cooperating in the encampment.

Mr. and Mrs. Carl Colwick have as their guest 12-year-old Sam Watts of Stephenville.

## 64 Enrolled In Vacation School Baptist Church

### Daily Classes Being Attended By Large Group Children

With an enrollment of 64 pupils and faculty members, the third annual Vacation Bible School of the First Baptist Church got under way Monday morning after a Preparation Day program Saturday. The Saturday program was an enrollment and "get acquainted" gathering, which also featured a parade through town of pupils and workers in cars bearing banners announcing the school.

Regular work began at 9 o'clock Monday morning, with pupils divided into three departments, Junior, Beginners and Primary. General officers for the school include the following: Rev. Clyde Childers, principal; Mrs. Winston Cozby, pianist; Mrs. Leslie Nance, secretary; and Mrs. Ben Williams and Mrs. J. P. Pogue, refreshments.

The Junior Department has for its study subject "Finding Out What Jesus Expects of Us." Workers serving this department are Supt., Mrs. Clyde Childers; story telling, Miss Margaret Butler; handwork, Mrs. R. J. Adams; Bible drill, Mrs. George Bean. Pupils enrolled include Joe Perry, Raymond Atkins, Ralph McCaleb, Billy Gene Hill, Leon Arkins, J. D. Pharr, Pierce Reese, Alvin McCaleb, Marshall Sweeten, Thomas Hill, Joe Corbell, Doris Bean, Patricia Mears, Joyce Dowdy, Mildred Porter, Lorraine Mears, Doris Busby, Peggy Jeffries and Joy Hubbard.

Workers in the Primary Department are, Supt., Mrs. S. L. Butler; teachers, Mrs. Lloyd Johnson, Vera McCaleb, Louise Bean, and Rozelle Pharr. Pupils enrolled include Mildred McCaleb, Marilyn Hubbard, Barbara Ann Speers, LaFerne Nance, Cleta Joyce Terry, Nola Bell Mears, Gussie Ruth Sparks, Wanell Word, Dorothy Stevens, Mack Cozby, Bobbie Lane Holdeier, Norris Pogue, and Claude Hill, Jr. The subject for the department's study is "Learn" (Continued on Last Page)

## TSGR Auxiliary Sponsors Drive For British Aid

### "Blankets For Britain" Move Seeks Wool From Growers

A campaign for Texas wool to be used in making blankets for British War relief, sponsored in Texas by Mrs. Sue Noelke Houser of San Angelo, has received the endorsement of the Woman's Auxiliary of the Texas Sheep and Goat Raisers' Association.

Mrs. H. C. Noelke, San Angelo, president of the Auxiliary, is heading the drive, the organization having voted at its recent meeting in Junction to co-operate in the "Blankets for Britain" campaign previously launched.

"I am asking that each and every member of the auxiliary do her part in her community to see that wool reaches the nearest warehouse, keeping the name of the donor (not the amount) and sending a report to the auxiliary," Mrs. Noelke wrote.

"This campaign is an appeal to the Texas wool growers for wool to be used in making blankets for British War Relief. The Sunset Motor Lines, Alamo Freight Lines and the Central Freight Lines will transport this wool from the warehouses to the scouring plant and then to the woolen mills without charge. Any quantity or quality of wool is acceptable including black wool or buck's wool.

"We are expecting enthusiastic co-operation from every one and hope to have very gratifying reports."

Notices of church entertainments where admission is charged, cards of thanks, resolutions of respect and all matter not news, will be charged for at regular advertising rates.

THURSDAY, JUNE 12, 1941

NO TIME TO CHANGE

Modern war has two distinct phases. One is military. The other is economic. And the deciding weapon in either case will be the belligerent powers' natural resources.

The United States is singularly blessed by nature with the principal natural resources—metals, petroleum, coal, water-power. Second, and equally important, under the private enterprise system we have developed these natural resources to an extent unrivaled anywhere else on earth.

There are those who would now use "national defense" as an excuse to have the government develop our natural resources—who would, in a word, socialize them.

THE POCKETBOOK of KNOWLEDGE BY TOPPS

Illustrated advertisement for 'The Pocketbook of Knowledge' by Topps, featuring various diagrams and text about defense programs, coal tar, and historical events.

Spring Birds Over the Balkans

natural resources' productive use will cooperate to the limit with government now and in the future. They will show the world that a free America, working under a free enterprise system, is stronger than dictatorship, and that free men will out-produce slaves.

GRABBING THE MOON

German scientists hope in a few years' time to reach the moon in a huge rocket. The landing party will infiltrate over the lunar border disguised as tourists before taking possession in the name of the Reich.—Punch (London).

BACK TO TRADITION

Calendar-reform is given a new set-back by a survey which discloses that business last Christmas was no better despite Roosevelt's earlier Thanksgiving.—Davenport Times.

TRY TREE-BARK

Dental scientists say we should eat what our remote ancestors ate to get good teeth. The trouble is it's so darned hard to run out and bag a dinosaur for dinner nowadays.—Los Angeles Times.

THIS BUSINESS OF Living

BY SUSAN THAYER

Why Women And Industry Are Partners!

"I think after all the American way of life means more to us home making women than it does to any other group of people," said the woman.

"Not more than it does to the men and women in industry," answered the man, fully aware of the importance of our kind of democracy to the free functioning of industry.

"But it gives us a chance to realize all our basic aspirations," the woman went on.

"And what are these aspirations?" he asked.

"There are five of them: We want—

- to create happiness, comfortable homes
-to bring up children who will be able to build for themselves in freedom a still better world tomorrow
-to contribute to community and social betterment through individual action and group participation
-to defend, particularly in these dark days, the cherished traditions of the American way of life, and
-to insure a life of freedom for ourselves and our families.

"Now let me see if I can sum up industry's ambitions which can only be realized in a country like this.

"First of all, at this time industry's objective is:

- to build swiftly the sinews of national defense so that our institutions of freedom may be preserved.

"After that its objectives are:
-to build an even higher standard of living for Americans
-to keep open the door of opportunity and through science and research, to create ever wider horizons
-to provide more jobs with higher purchasing power."

By this time the woman had put down her knitting and was leaning forward eagerly. "But don't you see," she asked, "that it's the same thing we're after? In the long run what we both want is the welfare of the individual. That is the real reason you are seeking for a higher standard of living, and the real reason we want to build happier homes."

"I see," he nodded. "So after all, shall we say that we are partners—you women at home and we people in industry?"

"Yes," said the woman, "with preservation of the American way of life—which means everything to the individual—our one objective!"

HANDWRITING ON THE WALL

Certain labor leaders in the United States today set themselves and their demands above the welfare and safety of the nation.

To enforce their demands, whatever they happen to be, they do not hesitate to imperil the lives, not only of the workers themselves, but of every man, woman and child in our country.

Standing behind the cloak of freedom which they enjoy in this land, they are deliberately pursuing a course which may well destroy that freedom, and destroy with it the labor movement they prostitute for financial gain and power.

They dictate to government as well as to industry and the worker. There is only force that can control them—public opinion, which eventually controls government.

The welfare of the public is today threatened on all sides by rule or ruin labor leadership.

First, our national defense is at stake.

Second, the nation's supply of point by strikes and threatened strikes.

Third, farm production is discouraged through increased costs the farmer cannot meet.

Fourth, the railroad workers now go the defense workers and the coal miners one better and demand a 30 per cent increase in basic wages which, if granted, would boost living costs that the

vicious circle of strikes would start all over again.

The development of little dictatorships was practiced in foreign lands until helpless people accepted a total political dictatorship which finally destroyed personal liberty and labor liberty as well.

Labor must realize that when the safety of the nation is in jeopardy, anything can happen. If the people are driven too far, they will be forced to demand a government dictatorship that will end labor dictatorship. And if that happens, the eventual result will be the destruction of the kind of freedom we have all enjoyed.

SHERMAN SAID IT

Strawberries are 29 cents per berry in London. Oh, to be in England, with a carload from Arkansas.—Arkansas Gazette.

"ARE PARENTS PEOPLE?"

Life is hard at 15. It is so unfair of your parents to humiliate you by being so imperfect.—Portland (Me.) Express.

Average dividends earned by the petroleum industry for the past nineteen years have been slightly over 2 per cent a year.

Texas oil producers pay more in State and local oil taxes than the producers of all of the seven next largest oil-producing States combined.

How WE serve

YOU may wonder how this bank is contributing to national defense. We are doing our part in every way we can. For example:

- ★ WE LEND for defense and other sound purposes whenever possible.
★ WE HELP RAISE FUNDS for defense by acting as an agent for the sale of U. S. Defense Bonds.
★ WE ENCOURAGE THRIFT which is the very foundation of a strong America.
★ WE DISCOURAGE NEEDLESS BORROWING as inflationary and detrimental to the defense program.

Other opportunities to serve will develop with time and we will be ready to grasp them.

Ozona National Bank

OZONA

TEXAS

A WARNING to Ranchmen!!

It has come to my attention that certain persons are going about the ranches of Crockett County representing themselves as agents for Mike Couch, seeking to buy dead wool, sacks, cattle and other things.

I am hereby notifying all persons that I have no representatives in the field, and unless you have previously been notified by me in person, you may be certain that anyone thus representing themselves are imposters, probably planning to steal something from your ranch, and should be escorted from the pasture. If you have something to sell and will notify me or bring it here, I will be glad to make an offer, but I have no buyers in the field.

### Side Glances on Texas History

By Charles O. Hucker  
University of Texas Library

#### AN OLD-TIME TOURIST IS SHOCKED AND ENCHANTED

"You should come here and see all this for yourself—to describe it adequately is utterly out of the question."

Many are the praises that have been written of Texas, but few can surpass that written about a century ago now by Gilbert Hathaway of LaPorte, Indiana, who came to the conclusion quoted above. It is from his essay on "Travels in the South-West," published at Detroit in 1858 in a volume of "Travels in the Two Hemispheres," one of hundreds of rare old books in the Texas Collection of the University of Texas Library.

For Mr. Hathaway, who wrote letters to magazines about his travels, Texas was new and strange and wonderful. It was the fabulous Texas of a century ago—a land of prairies that flowed away unbroken as far as you could see, of ranchmen in the wilderness storing up fortunes almost without turning a hand, of tall tales that you could believe, of Indians, gunmen and quaint customs. All strange and wonderful.

The quaint customs — they struck him first. "A man traveling in this country," he warned, "must not be scrupulous about what he sits on, or what he eats, or in what kind of bed he sleeps," and he spoke from experience. For it seems he was at one time staying with a gentleman in Waxahachie who when night came on ingeniously informed him he might sleep in a bed in the corner with a certain "Mr. B."

#### HE GETS HIS BED

Now Mr. Hathaway, being a newcomer, was shocked at the idea and replied he would rather sleep on the floor. "This being said in the presence of Mr. B.," he wrote, that gentleman promptly retorted "that when I had been in Texas a little longer I would get accustomed to the thing and care not who I slept with." Mr. Hathaway, however, finally got his single bed and later learned that the host had already assured Mr. B. that the stranger was all right, "not for once dreaming that I could have any objection to him."

From Waxahachie Mr. Hathaway traveled twenty miles into the interior without seeing a house or a decent tree; there was nothing but tall waving grass and a few "nex-keet" trees. Finally he came upon the home of a "cattle grower" and was entranced with the life he found there.

### Celebrating Flag Day in Hawaii

Hope of reaching statehood some day was the fundamental thought in Hawaii's flag day festivities. At Waikiki, Honolulu, anti-aircraft artillery man Winkler and naval air station man Nash conduct a private parade of their own with Emmaline Correa, left, and Lolita Kabele.

#### Behind The Scenes In American Business

By John Craddock

NEW YORK, June 11—STEP-PING ALONG—Retail business still zooming, with nation's department store sales 14 per cent ahead of last year for the first five months of 1941. . . . Total employment in the United States hit an all-time high of 59,150,000 in April, reports the National Industrial Conference Board — and at the same time unemployment dropped to 5,412,000, which is the lowest for any April since 1930. . . . Defense industry had several pieces of good news: Production of aircraft engines in May is figured at 3,500 units, about 1,100 more than the January total. . . . Lockheed claims all-time American record for first five months of this year, building and delivering \$45,871,500 worth of planes, more than it produced in the whole year of 1940. . . . General Electric has completed the turbine for the battleship South Dakota, and it's being launched more than a month ahead of schedule. . . . Equipment for another battle-wagon, the Massachusetts, is 10 weeks ahead of schedule. . . . And the public bought \$441,782,000 worth of defense savings bonds and stamps in May, first month they were on sale.

"RECESSITIES" — Words are born (or, like Topsy, just grow) when new conditions seem to demand them. "Loudspeaker" is one. "Airsick" and "columnist" are others. Even "give." Now, in the aluminum industry, a new word has been coined which you may be hearing more and more. It's "recessities" — substitutes that civilian industries are patriotically seeking, even though they don't quite fit the bill, to replace materials now under defense priorities during the RECESS until producers can again catch up with combined defense and civilian demand. Aluminum Company of America reports that peacetime America, from 1930 to 1938, could find use for only 14 million pounds of aluminum a month, and that in busy 1939 the company had to make only 27 million pounds a month to satisfy civilian needs. Suddenly defense needs alone became 40 million pounds a month and are soon expected to go to 50 and beyond. The company is rushing to completion a self-financed \$200,000,000 national defense expansion program. Even so, civilians will have to continue finding "recessities" as long as defense needs require all or most of the nation's aluminum.

LAUGHING IT OFF—The 21st annual edition of the Bawl Street Journal is out. Published by the New York Bond Club, it burlesques Wall Street, kidding profound fiscal phrases. Theme song of this year's edition is "There'll Always Be a Wall Street." Other headlines: Stock Exchange Floor Offered New York City for Use as Aquarium. . . . Sears-Roebuck to handle sale of U. S. Bonds exclusively. One brokerage firm advertises: "If any of our employees want to drive army tanks, we won't stand in their way." Another advertises "baby blondes."

THINGS TO WATCH FOR — A pocket-size frame for holding "transparencies" (the film of color-photos) so that you can get a

good, illuminated look at them without using projector and screen—a tiny battery lights up the view at the touch of a button. . . . Among things to listen for are "theme-song" tunes in commercial truck horns, tootling the first bars of popular or classic melodies — the Sparton line alone now has no less than 150 different recognizable themes, mainly of tunes which have some symbolic connection with the business of the tootling truck. . . . Available for hospitals, or anyone bedfast, are bent "soda straws" made of plastic to make sipping easier. . . . Another new plastics item is colored furniture casters, available in bright pastels for striking decorative effect or in wood colors from dark walnut to modern "blond" woods, to match the pieces they support. . . . A new step in the providing of "ready-to-serve" foods is the packaging of layer cake in "ready-cut" form, with eight sections, cardboard dividers between. . . . Vitamin pill dispensers, placed

near water coolers in plants and offices, for free use of employees.

POST-WAR TRADE—Bernard M. Baruch, famous head of War Industries Board in World War I, says United States can undersell totalitarian countries in world trade after the war, even if Germany wins control of European

continent. His three-point program to make this possible: We must (1) maintain a low price structure throughout this war; (2) develop quality and economy in mass-production industries; (3) build military defenses. Fears concerning Germany's economic prowess and cheap labor are exaggerated, he says.

## Just give it Air — and it'll give you Action

MAYBE you didn't know that an efficient gas mixture for your car has about 9,000 parts of air by volume for every one part of gasoline.

That being so, you can see how important air-handling capacity is to your power plant.

Take this stunning Buick FIREBALL straight-eight, with Compound Carburetion! stepping up its horsepower.

Ordinarily, this engine purrs along sweetly with only one of its two carburetors functioning.

But step down on the gas treadle and what happens?

A second carburetor opens up. Doubles the air-handling capacity. Steps up power, lift, life, action. You

go swooshing off like a scared boy with a bee behind him.

Would feeding more gas accomplish the same result?

After a fashion, yes — but why be spendthrift? Why feed your engine gasoline when what it wants is air?

Why not enjoy power as you want it and when you want it — plus gas economy that runs as high as 10% to 15% over last year's Buicks?

For that matter — why get less room, less style, less comfort, less value than Buick offers at such little prices?

See your nearest Buick dealer now — and at least get the delivered figures.

**\$930**

for the Business Coupe (illustrated above) including Compound Carburetion,

delivered at Flint, Mich. State tax, optional equipment and accessories — extra. Prices and specifications subject to change without notice.

[Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

### The Stockman Pulpit

By JAMES D. MOSS  
Minister the Church of Christ

Man is not a machine. He can make machines and operate them successfully. Man is a being created in the image of God. Genesis 1:27. God did not care to make a machine but He wanted a creation that could glorify Him. So He made man.

We are created in the image of God morally, intellectually, and vocationally. Somebody has said that nothing creates such a commotion as a thinker turned loose in the world. Men can think thoughts like God; they can choose like God; and they can love like God. Of course not to the same degree as God can they do these things; but in a limited manner. In His image.

Man then has the power to do good or evil, the power of choice. God does not make men serve Him. If He did so He would have a machine. There would be no glory in that. Man can make machines.

This might serve to answer our question. Why doesn't God do something about the world? God is doing all He can. I do not mean to limit God but this is His will. Men have failed, not God. He is ready. He has always been ready. Do we not remember how he plead with Israel to turn from evil and follow Him? De we not still hear Christ as he pleads with Jerusalem to repent and accept Him? But He did not force the people. God has never done that. He pleads with them. He does not want forced action. This would make man a

machine and there would not be the creature like God. God's actions depend on what man does. This explains why so many times in the Old Testament it is said "God repented" or He changed His plan about the people. He told Moses He was going to destroy Israel. Moses fell upon his face and plead for the people and God changed His mind. God changed His plans because the people changed. There is one thing hard for God to do. It is hard for God to save the people He created. He has offered the greatest rewards for service. He has tried to win them by His love. He has shown the depth of this love by the sacrifice of His Son. He has proven again and again that the way of true happiness is by His law. All day long He holds out His hands to a disobedient and gainsaying people and they will not. Why doesn't God do something? He is ready but what about you?

### Stockton Expecting Record Crowds For '41 Water Carnival

FORT STOCKTON, June 11 — With elimination contests held in a score of West Texas cities and towns within the last week to select official entrants for those communities in the Fort Stockton Water Carnival and all-Southwestern Bathing Revue here this weekend, all signs point to an outstanding show from every standpoint, with record-breaking attendance anticipated from all parts of the Southwest.

With dozens of the Southwest's most beautiful girls to compete here Friday and Saturday, the Beauty Revue will be but one of the many outstanding entertainment features of the 1941 Water Carnival.

Final rehearsals are underway this week on the spectacular over-water and in-the-water presentation of "The Aquacade of Comanche Springs," in which a local cast of 150 persons will appear in a professionally directed and costumed spectacle which combines humor and moments of rare beauty.

Firemen from the entire Permian Basin will stage a big convention here on Saturday, with addresses by Senator H. L. Winfield of Fort Stockton, State Railroad Commissioner Olin Culberson, and Chief Frank Williams of the A. & M. College Firemen's short course.

Amateur Water sports, a free street parade Friday afternoon, and dances on Friday and Saturday nights will add variety to the entertainment.

### Economic Advisor

Isadore Lubin, commissioner of labor statistics, who has been called in by President Roosevelt as his economic advisor on the \$7,000,000,000 lend-lease program

old-time scenes, pictures of individuals and family groups, churches, schools, public buildings, business houses, beautiful homes in Ozona and aerial views. Again, it is called to the attention of the public that this Historical Edition of the Stockman will be an elaborate and complete representation of their county, one of historical value and one which most people will want to preserve.

### Defense Savings Radio Programs To Start July 2

AUSTIN — Administrator Scofield advises that he has been notified by the Defense Savings Staff in Washington that a series of thirteen coast-to-coast broadcasts in support of the National Defense Savings Program will be started Wednesday evening, July 2.

The radio hour from 7 to 8 p. m. Central Standard Time, on the Columbia Broadcasting System has been contributed to the program by the sponsors of Fred Allen's "Star Theatre" for the thirteen weeks of his vacation.

The radio programs, designed to further the sale of Defense Savings Bonds and Stamps, will consist of variety entertainment with a number of radio stars appearing as guest entertainers.

### Zero Hour—

(Continued from Page One)

sary edition, a brief summary is herewith given; the issue is scheduled to be off the press the latter part of July. The edition will be 60 pages or more of reading matter and advertising, the advertising to be of a special nature and signaling the spirit and enterprise of the pioneers and the progressiveness of Crockett County and its citizens all the way down through these years.

The news columns will carry feature articles covering every phase of the country's origin and development; high-lights in the news over the 50 year period; factual write-ups on business establishments, family histories, biographical sketches of community leaders, reports on club organizations, civic improvements and news stories covering all tangible factors playing a part in the county's growth, featuring, of course, the ranching and livestock industries. There will be pictures galore;

# FIRESTONE TIRES WIN AGAIN

## IN 500-MILE INDIANAPOLIS RACE

MAURI ROSE, Co-Winner With Floyd Davis in the 500-Mile Indianapolis Race May 30th. Averaged 115.117 Miles per Hour on Firestone Gum-Dipped Tires Without a Tire Change or Tire Trouble of Any Kind.

FLASHING down the straightaways at speeds as high as 160 miles an hour, Mauri Rose streaked to victory in the 1941 Indianapolis Sweepstakes without a tire change. 500 miles of grinding, pounding, torturing speed — and not one tire failed! Here's proof of safety — proof of blowout protection — proof of endurance — proof of tire superiority backed not merely by claims, but by PERFORMANCE! For 22 consecutive years all the winning drivers in this great classic of speed and endurance have driven to victory on Firestone Tires. Why? Because race drivers know that their very lives depend upon the safety of their tires. They have made it their business to know how tires are built. And they know that the patented construction features found only in Firestone Tires provide the extra strength and durability necessary to safety and victory!

The same super-safety and dependability that are built into Firestone Tires for the speedway are also built into the new Safti-Sured Firestone Deluxe Champion Tires for the highway. Both are Safti-Sured against blowouts by the patented Safety-Lock Gum-Dipped cord body. Both are Safti-Sured for longer wear by the exclusive new Vitamic rubber compound. Profit by the experience of famous race drivers. Equip your car today with a set of these new Firestone DeLuxe Champion Tires — the world's first and only tires that are Safti-Sured.

MRS. E. A. CRISMAN, Editor PHONE 210

## George Montgomery Home Scene Of Gift Shower In Honor Of Miss Totsy Robison

Mrs. George Montgomery, Mrs. George Vic Montgomery and Mrs. John Shepperson, of San Angelo, entertained Tuesday afternoon with a tea and miscellaneous shower from 4 until 6 o'clock at the home of Mrs. George Montgomery, honoring Miss Totsy Robison, whose marriage to Fred Hagelstein will be held June 17 at the Church of Christ.

Receiving with the hostesses and honoree were Mrs. P. T. Robison, Mrs. C. O. Walker, of Lueders, mother and sister of the bride-elect, Mrs. Mamie Hagelstein, Mrs. Donald McKenzie and Miss Mary Louise Hagelstein of San Angelo, mother and sisters of the groom and Mrs. Ele Hagelstein.

Mrs. Scott Peters and Mrs. Bright Baggett presided at the punch bowl the first hour and Mrs. Massie West and Mrs. Alvin Harrell the second hour. Assisting at the refreshment table where punch and cake were served were Mrs. J. B. Miller, Mrs. Jake Miller, Mrs. George Bunker, and Mrs. Miller Robison of Sanderson.

Mrs. John Shepperson, Mrs. Rose Thallbury, of Marlin, and Mrs. John G. Shepperson, Sr., supervised the gift room.

The table, where Mrs. Paul M. Hallcomb, Jr. presided at the bride's book, was decorated with a mirror which reflected a garden wedding scene. The miniature bride and groom were standing at

an open gate underneath an arch, which was covered with lady slippers and primroses. Sixty guests signed the book during the two hour reception.

Flowers decorated the reception suite. A large bowl of gardenias centered the coffee table and white baskets of shasta daisies were placed around the room. The tea table was laid with a white lace cloth, centered with a bowl of white and pink magnolia blossoms and flanked with three graduating white tapers in silver candelabra. The buffet held urns of white and yellow gladiolus at each end. Several parties have been planned to honor the bride elect. Mrs. Ele Hagelstein will entertain with a luncheon Thursday noon at Rendall's Drive Inn and Mrs. Bert Couch will honor Miss Robison Saturday.

## Nuptial Couple Honored At Party

Mr. and Mrs. Ralph Jones entertained the Las Amigas Club Tuesday evening at Rendall's Drive Inn with a buffet supper honoring Miss Totsy Robison and her fiancé, Fred Hagelstein. Roses, tiger lilies, and pomegranates decorated the room. Sapper was served to the honorees, Mr. and Mrs. C. J. Van Zandt, Mr. and Mrs. Dempster Jones, Mr. and Mrs. A. O. Fields, Mr. and Mrs. Bill Baggett, Mr. and Mrs. Arthur Kyle, Mr. and Mrs. Bill Littleton, Mr. and Mrs. Rex Russell, Mr. and Mrs. Richard Flowers, Miss Mildred North, Dr. G. L. Nesrsta, and Mr. and Mrs. C. O. Walker of Lueders.

Mr. and Mrs. Richard Flowers won the award for high score, and Mr. and Mrs. Bill Baggett won the bingo game. Low score prize was awarded to Mr. and Mrs. Dempster Jones.

Joe Whatley of Dallas is in Ozona visiting his mother, Mrs. J. S. Whatley.

Mr. and Mrs. C. J. Van Zandt are spending this week-end in DeLeon.

## Mrs. Luther Parker Honored With Gift Shower And Party

Mrs. Ross Huffstедler, Mrs. Ernest Dunlap, and Mrs. Sam Beasley were hostesses at a miscellaneous shower at Rendall's Drive Inn from 3 to 5 o'clock Thursday afternoon honoring Mrs. Luther Parker, recent bride, the former Merle Luther.

Mrs. Ross Huffstедler and Mrs. Ernest Dunlap greeted the guests as they arrived and Mrs. C. C. Luther, mother of the bride, presided at the bride's book.

White and yellow were the colors carried out in the decorations. White shasta daisies were arranged in vases around the room and a long table centered with a large punch bowl was covered with colored daisies.

Square white cakes and lemonade were served to guests as they arrived during the two hour reception. Those signing the bride's book were Mrs. Andy Nelson, Mrs. Sid Schwalbe, Mrs. Boyd Lovelace, Mrs. Joe Patiek, Mrs. H. T. Rutledge, Mrs. M. A. Rynnion, Mrs. Frankie Jones, Mrs. J. A. Sparks, Miss Dollie Cooke, Mrs. Rollie Parker, Mrs. P. T. Robison, Mrs. Neal Hannah, Mrs. Clyde Childers, Mrs. N. E. Rendall, Mrs. Sam Houston, Mrs. Mae Gray, Mrs. E. C. Parker, Mrs. C. C. Luther, and Misses Mary Faye Lucas, Dorothy Capps, Norma Lovelace, Alta Marie Trout, Florence Luther, Mona Deland, Callye Capps, Kozelle Pharr, and Mertis Luther.

## Mrs. Ray Dunlap Forty-Two Hostess

Mrs. Ray Dunlap was hostess to friends at a forty-two party Friday afternoon at Rendall's Drive Inn. Mrs. Lloyd Johnson won high score prize and Mrs. M. A. Rynnion won the award for second high score. Traveling prize went to Mrs. Dick Adams.

Apple pie a la mode and iced tea were served to Mrs. M. A. Rynnion, Mrs. Harlan Townley, Mrs. Lloyd Johnson, Mrs. Leslie Nance, Mrs. Dick Adams, Mrs. Pink Beall and Mrs. J. P. Pogue.

## WEDDING PLANS ANNOUNCED

Announcement has been made in Midland of the approaching marriage of Miss Algerene Feeler, daughter of Mr. and Mrs. J. E. Feeler of Midland, to Conley Cox of Ozona, a son of Mr. and Mrs. Sam Cox. The wedding is to take place Saturday, June 21, in the First Methodist Church in Midland.

## WORKERS CONFERENCE

Rev. and Mrs. Clyde Childers, Mr. and Mrs. Raymond Stewart, Mr. and Mrs. Ernest Dunlap, Mrs. A. C. Hoover and Miss Maybelle Taylor are among Ozona members of the Baptist Church attending a Workers Conference of the Pecos Valley Association held in Sheffield Tuesday. A barbecue dinner was served the visitors at the noon hour.

Mr. and Mrs. W. P. Bellino and children were in San Antonio over the week-end.

**Wednesday, June 18—**  
Wedding of Miss Totsy Robison to Fred Hagelstein to be held at 10 o'clock at the Church of Christ.

## Freed

Princess Stephanie Hohenlohe, who had been held for deportation in San Francisco, with Maj. L. B. Schofield, U. S. immigration service head, who announced her release.

## BAPTIST CIRCLE MEETS

Mrs. R. J. Adams was hostess when the Annie Sallee Circle of the Baptist Woman's Missionary Union met at her home Wednesday afternoon for a Bible study. Present were Mrs. Charles Powell, Mrs. Leslie Nance, Mrs. J. P. Pogue, Mrs. Joe Keeton, Mrs. Lloyd Johnson, Mrs. Cleophus Cooke, Mrs. Pink Beall, and Mrs. Ben Williams.

The circle will meet next Wednesday at the home of Mrs. Pink Beall.

Maurice Cox, son of Mr. and Mrs. J. M. Cox of Midland, former Ozona resident, is spending the week here with Joe Bean, son of Mr. and Mrs. George Bean. Joe spent last week in Midland visiting in the Cox home and Maurice accompanied him home Sunday.

Jess Sapp was assessed a fine of \$50 and costs in Justice court here Monday on his plea of guilty to a charge of possessing intoxicating liquors for the purpose of sale, brought by Sheriff W. S. Willis.

Mrs. A. E. Deland left Thursday morning for Jal, New Mex., for a visit with her niece and nephew, Mr. and Mrs. Bob Neal. They are planning to spend several days vacationing in Arizona and New Mexico.

Mr. and Mrs. M. C. Moss of Lingleville, Texas, spent last week in Ozona visiting their son, James D. Moss, minister of the Church of Christ, and family.

## New Officers Named For Masonic Order

New officers were elected by the Ozona Masonic Lodge at its June meeting. New heads of the order are R. C. Moore, Worshipful Master; Oscar Kost, Senior Warden; C. J. Van Zandt, Junior Warden; Guinn Coruthers, Senior Deacon; Hubert Baker, Junior Deacon; S. L. Butler, Senior Steward; N. E. Rendall, Junior Steward; Rex Russell, Secretary.

The new officers will be installed at the first regular meeting in July, Monday evening, July 7.

## COUNTY BILLS PAID

The following bills were approved and ordered paid by the Commissioners court in session Monday: C. C. Luther, \$126.29; Foxworth-Galbraith Lumber Co., \$208.59; Powell Service Station, \$14.39; North Motor Co., \$63.30; Miller Firestone Service, \$2.80; Taliaferro Garage, \$13.11; Wm. K. Holt Machinery Co., \$55.48; Reynolds Welding and Radiator Shop, \$2.00; Joe Oberkamp, \$242.53; San Angelo Welders Supply Co., \$25.53; Humble Oil & Refining Co., \$31.35; Smith Drug Co., \$21.64; Holcombe - Blanton Printery, \$17.60; Joe Patrick Electrical Shop, \$9.25; Hill Printing & Stationery Co., \$11.11; Royal Typewriter Co., \$97.80; Steek Co., \$14.26; Geo. D. Barnard Stationery Co., \$86.54; Shannon Hospital, \$58.46.

Mr. and Mrs. E. C. Autry of Uvalde were guests of Mr. and Mrs. E. A. Crisman Saturday and Sunday. The Autrys were returning from San Luis Obispo, Cal., where they had been visiting Mrs. Autry's parents, Major and Mrs. Kersh.

"Sea Hawk," Errol Flynn's Newest Cinematic Adventure, At Ozona Theatre Tuesday

"The Sea Hawk," Errol Flynn's newest assignment to cinematic adventure, in which he is seen as the daring captain of a buccaneer ship will be shown at the Ozona Theatre one day only, Tuesday, June 17. His lovely new leading lady in the picture is Brenda Marshall, and Flora Robson, Donald Crisp, Alan Hale, Claude Rains, William Lundigan and Una O'Connor are prominent in the supporting cast of thousands.

Rife with dramatic incidents, "The Sea Hawk" is a thrilling saga of the seven seas, with Flynn as Geoffrey Thrope, most feared of the privateers of Queen Elizabeth's day. In order to swell the treasury of their country and satisfy their own lust for adventure, Thrope and other "sea hawks" of the day would sail the seas, hunting for enemy ships to loot and plunder. Thrope is secretly favored by the Queen, but he has an unrelenting enemy in the Chancellor of the court, who is in league with the Queen's foreign enemies. Henry Daniell portrays this character. The final duel between the two provides one of the most thrilling film finales ever filmed.

Michael Curtiz, master of the stirring action picture, directed from script by Howard Koch and Seton I. Miller.

Charlie Wiley came by the other day and invited me to sample the first watermelon out of a late patch he was growing up against the mountain.

"How do you know they're ripe yet?" I asked.

He slapped his leg and laughed uproariously. "That's easy," he said. "I headed for the patch this morning to investigate. Took along those two pups, Sandy and Roscoe. They struck a hot trail in the patch before I got there. Run it to the creek and bayed up a big elm. Know what they'd breed? Cicero Evers' kid, Ike. Setting in the highest fork, he was, boogered out of a year's growth.

"When you catch a neighbor kid fooling around a watermelon patch, you can bet all you can beg, borrow, or steal that them melons is ready to eat!"

Some people tell about ripe watermelons by examining the little "quirks" on the vine. If the vine is green and the curl next to the melon is dead and shriveled, that melon is usually ready to be toted home and put in the horse trough for cooling. Some people go by thumping. If the melon goes "plunk" when you thump her, she's ready for busting. If she say

New Texas Almanac Is Storehouse Of Facts About State

A book of 576 pages, The Texas Almanac for 1941-42, just off the press, is the largest volume in the long history of this biennial publication of The Dallas Morning News. A number of new features are included in addition to the usual chapters and statistical tables on such topics as agriculture, industry, population, history, soil and water resources, weather, minerals, manufacturing, transportation, wholesaling and retailing, government, education and civic affairs.

Has Texas really had more than six flags? How has the relationship of rural and urban population changed since 1930? When were the tapir, sabre-toothed tiger and camel found in Texas? Who was Governor in 1893? What facilities has MacKenzie State Park at Lubbock? Who won the Dixie Series in 1931? What are the total retail sales of Brady, Texas? These are typical of the wide variety of questions that can be answered from the pages of the new book.

New census figures on population, manufacturing, agriculture, wholesale and retail trade and service businesses are included. The historical chapter has been supplemented by a number of supplementary topics including a long list of Texas historical landmarks. There are especially completed chapters on highways and parks in anticipation of increased tourist trade in Texas during the next two years. The usual large folded maps, showing railroads and highways respectively, have been brought up to date, and there is an individual map of each of the 254 counties of Texas accompanying the county articles. New developments in Texas, including the defense industries, chemurgy, conservation programs, changes in farm and farm tenantry, aviation, new army and navy camps and posts, and political activities are covered. There are more than 50,000 separate and distinct facts about Texas in this Encyclopedia of Texas.

"plink," better let the sun shine on her back a few days longer. A "brown back and yellow belly" usually signifies a ripe melon.

Papa could always tell when his melons were ripe by examining the legs and arms of me and my kid brother. Somehow, we never could keep the juice from collecting dirt on our limbs.

Laughing Jim Allen took a wagon load of watermelons to town the other day. But sales were slow. Everybody else had watermelons at home, and who wants to pay out good money for melons when they have them at home.

Jim sat around his wagon all day, when about sunset unloaded them in a huge pile on the town square and started driving off. Henry Wike stopped him.

"Hay, Jim!" Wike called. "Better not leave them melons there overnight. Somebody'll swipe 'em, sure!"

"Ha-ha-ha-ha!" laughed Jim. "That's all right about how many they swipe. But if I show up here in the morning and find that somebody's added any melons to

BALL SEASON HERE—

Water ball, we mean, or had you noticed the ball? Lovely Louise Renfro of San Angelo, winner of the coveted title of "Miss Southwest" at the 1940 Fort Stockton Water Carnival, keeps in trim with a Water Ball as she eagerly awaits—along with us—the date for the 1941 Carnival—June 13, 14 and 15. Louise plans to attend as the guest of honor, witness the choosing of her successor; see the "Aquacade of Comanche Spring" and enjoy the dances. In fact, we'll all be there.

that pile, there's sure going to be a mess of trouble stirred up around this town!"

\*\*\*

The only man who considers watermelon snitching a crime is the man who owns the patch.

\*\*\*

Abe Fleming used to raise watermelons and he always considered the snitching of them a crime and a personal insult.

Abe got to losing some melons one time. On a dark night he armed himself with his shotgun and sat guard on his patch, sitting with his back against a stump for support.

Abe sat there for hours. No thief showed up. Finally he dropped off to sleep. He awoke when a neighbor kid busted a melon across his head, thinking he was using the stump.

Abe yelled. The shotgun roared. The kid yelled, and cut for cover. He ran into a barbed wire fence and cut his mouth an inch wider on either side.

Abe wanted to sue the kid's papa for this kid's melon-snitching. The kid's papa wanted to sue Abe for getting his kid cut up so bad. But each one was afraid to bring the suit into court, on account of the fact that it might boomerang. So the thing was dropped. The kid was pretty satisfied, anyhow. Now he could get more watermelon into his mouth than ever.

JAVELINA INVADES TOWN

A large javelina boar caused considerable commotion, but paid with his life for daring to invade Sonora, Texas, recently, according to word received by the Game Department office. The javelina strolled into a yard in Sonora and cornered the dogs and just about everything else in sight. The lady of the house, threatened by the big boar when she attempted to go into the yard, called a neighbor, who shot the javelina.

Invasion of "civilization" by javelinas is very rare, but one was found on the streets of Houston about a year ago. However, it was eventually discovered that that peccary had been a pet which had escaped from its pen.

"PALS" DURING EMERGENCY

Denizens of the wild such as owls, raccoons and opossums do not generally seek each others company, but a member of each of those species were rather pally recently! William E. Davis of Houston reports that he saw a log floating down a stream during a recent heavy flood and riding side by side were a hoot owl, a raccoon and an opossum.

The expenses of Texas State government has trebled within the past fifteen years.

AFTER 27 YEARS . . .

"God knows I wanted peace," said Hitler, and it is almost time for somebody to reprint "Kaiser & Co.," better known as "Meinself und Gott."—F. P. A., in New York Post.

Twenty-four states of the United States, or half of those in the Nation, now produce oil.

STAR LIFELINES

Laraine Day

Long Beach, California, lies less than an hour by motor from Hollywood, but Laraine Day, youthful descendant of a famous Mormon leader, took seven years to make the trip by a process of determined effort.

Miss Day, who is again seen in her popular role of Lew Ayres' nurse-sweetheart in "The People vs. Dr. Kildare," arrived in Long Beach from Salt Lake City in 1931. Late in December of 1938 she signed a contract with Metro-Goldwyn-Mayer and was cast in the feminine lead with Wallace Beery in "Sergeant Madden." The story of that progress provides an interesting account of tireless determination and unrelenting effort.

Miss Day had excellent training in the Long Beach Players' Guild, almost as soon as the family moved to the city. She was coached in a succession of roles by Elias Day, and finally won a place in a road company of the play "Conflict," which took her back to Salt Lake City and along the Pacific Coast. In 1936, through an agent who observed her in Guild plays, the actress was cast in a minor

role in a picture called "Scandal Sheet." Nothing further happened in films and she returned to the Long Beach Guild for additional stage work. Then, in swift succession, she won feminine leads opposite George O'Brien in "Border G-Men," "The Painted Desert" and "The Arizona Legend." And again came a period of film inactivity and a return to Long Beach.

It was not until an M-G-M casting director picked out Miss Day for the feminine lead in "Sergeant Madden" that her first big dramatic opportunity presented itself. She was given the role of Mary Kildare in the first of the "Dr. Kildare" series, and has played that role in each of the successive pictures of the series. Other outstanding work followed in "My Son, My Son," "Foreign Correspondent," "The Bad Man," in which she was reunited with Beery, and "The Trial of Mary Dugan."

Miss Day is five feet five inches tall and weighs 112 pounds. Athletics hold no attraction for her and her choice of a vacation, she says, is the "year round kind." She admits to indolence in all respects save her work.

Convicted Men May Now Be Inducted To Army Through Draft

Induction of many registrants who have been barred from military training because of statutory law violations is now possible because of a revision of Selective Service Regulations resulting from modification of Army requirements for recruitment.

The revision of the regulations, General J. Watt Page, state selective service director, said today, removes the sweeping disqualifications of all men who had been convicted on an offense which the laws of the jurisdiction in which it occurred defined as a felony. Instead, he said, debarment as felons is limited to perpetrators of certain "heinous" crimes and habitual criminals.

Advising the local boards of Texas of this revision, General Page hailed it as just and timely. He said:

"This will enable many patriotic young Americans who had been debarred because of some youthful misstep to serve their nation in the ranks of its armed defenders. It is timely for that reason in view of the national emergency, and it is just also in that it makes a proper discrimination between offenses that are merely violations of statutory law and crimes which denote moral turpitude. It bars the criminal but it opens the door to the man who has atoned for and repented of an offense against society that is not generally accepted as a felony."

To prevent pancakes from smoking or sticking to the iron while cooking, rub grid-iron with a small bag of salt.

### Crete Capital, Scene of Weird Battle

In the Nazi invasion of the Greek island of Crete the Nazis used gliders as troop carriers for the first time, although they have experimented with them long before the current war. Above is shown Canea, capital of Crete, defended by Greek-British forces, which was one of the principal objectives of Nazi attack. A Nazi amphibian glider troop carrier of the type used is shown in inset.

The nature of the Plaintiff's demand being as follows, to-wit: That prior to the 3rd day of March, 1934, Plaintiff discovered a large area of unsurveyed and unappropriated State Land in Crockett County, Texas. The Plaintiff caused this land to be surveyed, and, on the 3rd day of March, 1934, he filed in the Surveyor's Records of Crockett County, Texas, an Application for Survey to Purchase said land, follows: "To J. A. Simpson Licensed State Land Surveyor of Tom Green County, Texas. By virtue of an Act approved May 29, 1931, I hereby apply for a survey of the following described area believed to be unsurveyed land belonging to the Public Free School Fund, with a view to the purchase of the same under said Act. Situated in Crockett County, Texas, about 28 miles N. W. from the County Site. Said tract is bounded as follows: On the North by Robt. Young Sur. 12, Surs. 35 and 18, GC&SF RR Co., Blk. 1, Surs. 32, T. C. Ry. Co., Sur. 3, D&SE RR Co., E. Wingram Sur. 11, John Small Sur. 12, Blk. Q and Surs. 1 Brooks and Burleson, Blk. FF. On the South by Sur. 8, GC&SF RR Co., Blk. Q, Surs. 24 & 18, GC&SF RR Co., Blk. 1, Sur. 4, Brooks & Burleson, Blk. FF and Surs. 1 & 2, GC&SF RR Co., Cert. 4-846. On the West by H. Schmidt Sur. 56, Surs. 8 & 1 GC&SF RR Co., Blk. 2, Surs. 35, 34, 29, 28, 24, 23, 18, 16, 11, 10 & 5, GC&SF RR Co., Blk. 1. On the East by Surs. 20, 17, 16 & 1, EL&RR RR Co., Blk. Q, Sur. 13, John Gibson, Sur. 8, GC&SF RR Co., Sur. 32, T. C. Ry. Co., Blk. Q, E. Wingram Sur. 11, John Small Sur. 12, J. H. Edwards Sur. 6, J. M. Grigsby Sur. 5, and Surs. 4, 3, 2, & 1, Brooks & Burleson Blk. FF. 'EVERETT T. LEAR' Applicant P. O. San Angelo, Texas." Said Application was filed by J. A. Simpson, Licensed State Land Surveyor, and recorded in Volume 4, page 85, in the Surveyors' Records of Crockett County, Texas, on the 3rd day of March, 1934. Said application was duly transmitted to the General Land Office of the State of Texas and filed by J. H. Walker, Land Commissioner, on June 29, 1934. The Plaintiff employed J. A. Simpson of San Angelo, Texas, who was at said time and is now a Licensed State Land Surveyor, to survey the land covered by said Application for Survey to Purchase and, on June 28, 1934, said Surveyor filed and recorded in the Surveyor's Records of Crockett County, Texas, three sets of field notes covering said unsurveyed and unappropriated State Land, in three separate tracts, the first tract, designated as Survey No. 1, being described as follows: "Beginning at a stake the N. E. corner of Survey No. 8, GC&SF RR Co., Blk. Q, and S. W. corner of J. H. Gibson Survey No. 13, Blk. Q. Thence with the West lines of Surveys 13, 16, 17 and 20 Blk. Q, North 7690 varas to a stake in the South line of the Robert Young Survey No. 12 and the NW Corner of Survey No. 20, EL&RR RR Co., Blk. Q. Thence with the South line of Robert Young Survey No. 12, West 1842.6 varas to a stake; Thence with the East line of Surveys No. 50, 8, 1 and 35, South 2 degrees 00' East 7695 varas to a stake in the North line of Survey No. 8, GC&SF RR Co., Blk. Q. Thence East 1577.8 varas to the place of beginning." The Second Tract, designated as Survey No. 2, for which field notes were filed by said Surveyor, on the 28th day of June, 1934, is designated as follows: "Beginning at an old stone mound the NE Corner of Survey No. 34, and the SW Corner of Survey No. 35, GC&SF RR Co., Blk. 1; Thence with the East line of Surveys 34, 29 and 28, South 2 degrees 00' E 5801 varas to an old stone mound the SE Corner of Survey No. 28 and NW Corner of Sur-

vey No. 24; Thence North 88 degrees 00' East 1900 varas to the NE corner of Survey No. 24; Thence with the East line of Surveys 24 and 23, South 2 degrees 00' East 3828 varas to the NE Corner of Survey No. 17 and N. W. Corner of Survey No. 18; Thence North 88 degrees 00' East 1900 varas to the NE corner of Survey No. 18; Thence with the East line of Survey No. 18, South 2 degrees 00' East 1775.6 varas to a stake in the North line of Survey No. 4, Blk. FF, Brooks and Burleson; Thence East 1179.4 varas to the NE Corner of Survey No. 4, in the West line of J. H. Edwards Survey No. 6; Thence with the West line of Survey No. 6, North 1900 varas to the SE Corner of John Small Survey No. 12; Thence with the South line of John Small Sur. 12 and E. Wingram Sur. 11, West 1900 varas to the SW Corner of the West line; Thence with the West line of Sur. 11 and EL&RR RR Co. Sur. No. 1, North 3800 varas to a stake in the South line of D&SE RR Co. Sur. 3; Thence with the South line of Sur. 3, and T. C. Ry. Co. Sur. 32, West 1900 varas to the SW corner of Survey 32; Thence with the West line of Survey 32 and Sur. 8, GC&SF RR Co. North 5620 varas to a stake in the South line of Survey 35; Thence S 88 degrees 00' W 1574.8 varas to the place of beginning." The Third tract, designated as Survey No. 3, for which said Surveyor filed Field Notes in Crockett County, Texas, on June 28, 1934, is described as follows: "Beginning at the NE Corner of Survey No. 16 and the SW corner of Survey No. 18, GC&SF RR Co., Blk. 1; Thence with the East line of Surveys 16, 11, 10 and 5, Blk. 1, South 2 degrees 00' East 7632.5 varas to the SE Corner of Sur. 5, and the NW corner of Sur. 1; Thence with the North line of Surveys 1 and 2 GC&SF RR Co. N 88 degrees E 2809 varas; Thence North 119.4 varas to the SE Corner of Sur. 1, Blk. FF, Brooks and Burleson; Thence with the South line of Sur. 1, West 1900 varas to its SW Corner; Thence with the West line of Surveys 1, 2, 3 and 4, Blk. FF, North 7450.4 varas to a stake in the South line of Survey 18; Thence South 88 degrees 00' West 1174.6 varas to the place of beginning." The three sets of field notes above described, covering Surveys Nos. 1, 2, and 3, respectively, were filed by the Plaintiff in the General Land Office of the State of Texas on June 29, 1934. By reason of the Application for Survey to Purchase and the Survey and Field Notes duly filed by the Plaintiff in Crockett County, Texas, and in the General Land Office in Austin, Texas, as above set out, the Plaintiff became and is entitled to purchase said land at its reasonable value, exclusive of any value that may be attributed to the minerals contained in said land, and this suit is brought under the authority of the Statutes of the State of Texas, now in effect, pertaining to such matters, of fixing the Plaintiff's right to purchase said land. The various Defendants named herein own or claim lands or interests in lands which border upon the areas cov-

ered by the three sets of Field Notes, hereinabove set out, and there is a conflict between the boundaries claimed by said Defendants and the boundaries set out by said Field Notes, so that Defendants are brought into this lawsuit, as required by the Statutes of the State of Texas, for the purpose of determining the correct boundaries of the areas that the Plaintiff has applied to purchase, and for the purpose of determining the existence of said areas as unsurveyed and unappropriated State School Land. The Plaintiff states that the Field Notes above set out correctly mark the boundaries of the unappropriated State School Land that the Plaintiff has applied to purchase and that he is entitled to a judgment against all of the Defendants herein, fixing the boundaries of State Lands herein set out and decreeing that he, the Plaintiff, has the right to purchase said land from the State.

WHEREFORE, Some of the Defendants and the Attorney General of the State of Texas having been heretofore served herein, the Plaintiff asks that as to those Defendants who have not been served herein, Citations issue herein to all of the Defendants residing in Texas, and that Notices to serve non-residents issue herein, as required by law, and for Citation by Publication as to those Defendants who are non-residents of the State of Texas or whose residences are unknown, and to the unknown heirs, devisees, and personal representatives of such parties, and that upon final hearing hereof, the Plaintiff have a Judgment fixing the boundaries of the area of unsurveyed State School Land, in accordance with the several sets of field notes herein pleaded, and adjudging the right of the Plaintiff as against all of the Defendants to purchase said land from the State, for costs of Court, and for general and special relief.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Ozona, Texas, this, the 3rd day of June, A. D. 1941.

(SEAL) GEO. RUSSELL, Clerk District Court Crockett County, Texas. Issued the 3rd day of June, A. D. 1941.

GEO. RUSSELL, Clerk District Court, Crockett County Texas. 9-4tc

**THE STATE OF TEXAS**  
**COUNTY OF CROCKETT**  
 To those indebted to, or holding claims against the estate of C. B. Hudspeth, deceased: The undersigned having been duly appointed administrator of the estate of C. B. Hudspeth, deceased, late of Val Verde County, Texas, by Charles E. Davidson, County Judge of Crockett County, Texas, on the 7th day of April, A. D., 1941, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence on his ranch in Crockett County, Texas, where he receives his mail, This 5th day of June, A. D., 1941.

CLAUDE B. HUDSPETH, JR., Administrator of the estate of C. B. Hudspeth, deceased. 10-4tc

**NAZI "PEACE" MOVES**  
 The "concerted campaign" in the Paris newspapers urging mediation by the United States is of course inspired from Berlin. The journals in question have no independent existence and, besides, are censored by the Nazi rulers of occupied France. The purpose only may be guessed at; yet only two guesses are admissible. Either the purpose is to divide and confuse the American and British peoples, according to the well-known Nazi technic. Or it is actually to invite American mediation to bring hostilities to at least a temporary halt. If the latter is the true purpose, as it obviously well may be, the outcome is fairly evident. It is unlikely the Washington Government will make any move of the kind suggested without the approval of the British government. And the British government is unlikely to approve anything of the sort at this time. A peace effort at this time would find Germany victorious on all fronts, the British as universally on the defensive.—Detroit News.

MARCH OF TIME  
MAT MEN

Mauri Rose, co-winner with Floyd Davis of the 1941 Indianapolis 500-mile race, is pictured above in the American-built car which he drove to his first speedway victory. His car forced out of the race at the 155-mile mark, Rose took the wheel of the car which was being driven by Floyd Davis, and took it from 15th place to first place, averaging 115.117 miles per hour on the same set of Firestone Tires that were on the car when the race began.

parasites. The rank growth of grass and weeds has led to rapid infestation of animals. Screw worms are also giving trouble and ranchmen report rattle snakes more numerous this year than in many past.

If silver, after it is cleaned, is rubbed with a piece of lemon and then washed and well dried, it acquires an extra brilliancy, and will keep clean longer than with ordinary cleaning.

Approximately one-sixth the population of Texas depends upon the petroleum industry for their entire living.

While Texas has produced over six and one-half billion barrels of oil so far, it still has at least ten billion barrels more which is unproduced.

**Ask Volunteers—**

(Continued from Page One)

them. This has been the situation at the burial plot, officers of the association declare, and the one man employed regularly at the cemetery has been unable to cope with the rank and growth of vegetation.

The Cemetery Association is without funds to employ additional help in keeping the plot in presentable condition and has issued an appeal to Ozonans to turn out on Cemetery Day for a general clean-up of the area.

"We invite you to come, bring what you can and help all you can," Mrs. Henderson announced. "We need hoes, rakes, lawn mowers, wheelbarrows, and one or two trucks. We ask everyone who owns

a lot to see to it that it is cared for and every one who is financially able is asked to put one man to work for one day. We believe that if this is done and the people respond to this appeal in a spirit of public helpfulness that the cemetery can be put in good condition so that the caretaker will be able to keep it that way."

At 10 o'clock on Saturday morning a business meeting of officers and members of the association and all others interested will be held under the trees on the southeast side of the cemetery. Mrs. Henderson announced. All interested persons are urgently requested to attend.

ing to Be Like Jesus."

The topic of study in the Beginners' Department is "Learning About God's Love and Care." The workers are, Supt., Mrs. Claude Hill, and teachers, Mrs. Roy Keith, Mrs. Al Fields and Marie Williams. Pupils are Carl Wayne Terry, Jeanie Word, Frances Jean Miears, Doris Pharr, Bobby Fields, Shirley Ann Kost, Joan Hutchins, Charles Keith and Harry Warner.

The daily program begins at 9 o'clock each morning with a 30 minute joint service in the auditorium which is presided over by the principal, Rev. Childers. From that meeting, the children go to their respective departments for stories and Bible drills until 10:15 at which time they leave the department for 15 minutes recess, during which they enjoy refreshments. At 10:30 they return to their departments for notebook work, handwork and other studies. Pupils are dismissed at 11:30.

The school will continue for another week and all children between the ages of 4 and 12 are invited to attend. Parents are invited to visit any morning and observe the school in session.

**NOTICE**

NOTICE OF THE FINAL BOARD OF EQUALIZATION

YOU ARE HEREBY NOTIFIED, that the Board of Equalization has raised the valuation of the following renditions:

- The Atlantic Refining Company from \$2,115.00 to \$5,530.00.

(SEAL) GEO. RUSSELL, County Clerk, Crockett County, Texas. 16-22

**RENT RECEIPTS WILL NOT BUY YOU A HOME**

If you are paying \$25 a month rent, you can afford a new, modern home of your own. Under the new FHA plan, the \$25 per month will cover your payment on a home loan, interest charges, taxes and all service charges. Come in today and let us help you plan a home of your own.

**FOXWORTH-GALBRAITH Lumber Company**

**NEW DRIVERS LICENSE LAW**

Will be applied soon by the Highway Patrol. Will your eyesight pass the test? See Dr. Fred R. Baker, optometrist. Get a FREE examination and find out if your vision is defective. Our glasses will correct it so that you will pass the requirements for drivers' license or Government military service. Dr. Baker will be at Hotel Ozona Monday, June 16th, only. So—

See Baker and See Better

**NO, LADY!**

We told the woman who asked if advertising increased the cost of things she bought!

The Coca Cola Co. the world's largest advertiser, spends ONE CENT for advertising for every 67 glasses sold!

Advertising Lowers The Cost Of Any article because it creates mass demand — resulting in mass production!

the favorite of well-known demonstrators and millions of housewives who know from experience they can depend upon the high-quality and efficiency of

**KC BAKING POWDER**
