Out In The West, Where The Air Is Pure, The Climate Agreeable, And The People Friendly - - The Best Place On Earth To Call Home"

THURSDAY, JAN. 20, 1966 NUMBER 44

Kitty's Korner

I have known for quite some time that our town is in the line of special education classes...

It is not the policy of our school system to hold slow students back, nor should it be.

Since we are an independent school district, and cannot set up a special education program through the State with State funds...

After consulting the spring '66 look fashionwise, I am delighted. I find that after many years the long lean look is gone...

Virtually every collection shown last weekend in New York by the top designers reflect the fashion influence of the roaring '30s.

On behalf of the weaker sex, I feel compelled to say a word or two about the annual Lion's Club Football Banquet.

Congratulations to Bill and Evelyn Fagan on their 25th anniversary last week. Incidentally, Bill is the only man I know who can get into women trouble than Tom when the furniture is moved.

There are really popping in the town political scene. I don't doubt everyone is for one office or the other. I only know of one person who is definitely not running for anything.

Senator Pete Snelson

Pete Snelson Seeks New Term In State Senate

State Senator W. E. (Pete) Snelson of Midland officially announced today that he would seek re-election to a second term in the Texas Senate in the Democratic primary on May 7.

The redistricting act passed by the 59th Legislature resulted in considerable shifting of district boundaries and makes it necessary for all 31 districts to be subject to 1966 elections.

"I now represent a majority of the people placed in the new 25th district and I am delighted with the opportunity of representing all the people in all areas of the new district," said Snelson.

"I greatly appreciate the many friendships which I have already established by personal visitation in Ozona and Crockett County and I look forward to meeting many others during my person-to-person campaign."

Senator Snelson formerly represented Midland, Crane, Pecos, and Upton counties in the Texas House of Representatives and now represents a Senate District of more than one-half million West Texans in an area from Midland-Odessa to El Paso.

In the Senate, Snelson is vice chairman of the committee on Cities, Counties, and Towns; and a member of the Committees on Finance; Oil and Gas; Insurance; Water and Conservation; Agriculture and Livestock; Military and Veterans Affairs; and Legislative, Congressional and Judicial Districts.

Born into a pioneer West Texas farm and ranch family in Ward County, Snelson is now active in the business affairs of the area as a partner in Womack-Snelson Advertising Agency of Midland, Odessa and San Angelo.

Tire Tracks Lead To Arrest Of 4 Theft Suspects

Sheriff's Department officials investigated a theft at the R. L. Flowers Ranch last Thursday night, and thanks to the wet weather, the loot was recovered and the suspects arrested the next day.

Intruders cut a chain on a locked gate to gain entrance to the ranch. They took around \$150 worth of tools, filled the gasoline tank of their car and 3 five-gallon cans out of the ranch gas tank and fled.

Officers discovered tire tracks when they arrived upon the scene and took pictures. Because of deviations in two of the tires, they were able to find the car early the next day.

The four suspects were released on bond to await the action of the grand jury.

Also this week, the sheriff was notified that Robert J. Patrino, under indictment for stealing money and a pick-up from the Ranch Theatre, was being held by authorities in Phoenix, Arizona. Patrino refused to waive extradition.

It has been confirmed that Patrino, prior to his arrival in Ozona, violated parole in Pennsylvania where he was under conviction for a felony.

Mrs. Jones To Seek Election To Judge's Office

Mrs. Brock Jones, who established a "first" for Crockett county when she accepted appointment from the Commissioners Court to the post of county judge to fill out the unexpired term of her late husband, set still another first this week with her announcement as a candidate for election to the office of judge.

Mrs. Jones was born and reared in Ozona. A graduate of Ozona High School and Southern Methodist University she is the mother of three children. Brock Jr., is a law student at the University of Texas, John, who is in the insurance, real-estate and ranching business in Crockett County and Elizabeth, a student at Ozona Junior High.

She was active in Mr. Jones' real estate and insurance business, doing all his office work at their home also attending to the book work in their ranching business. Always taking an active part in civic affairs, Mrs. Jones is active in the Methodist Church, having served as Sunday School teacher and member of the official board. At present she is chairman of the Education Commission of the Church.

A member of the Woman's Forum, PTA and Crockett County Historical Society, Mrs. Jones has always been interested and involved with the youth of the community helping with Boy Scouts, Girl Scouts, 4-H, Band, FFA and other activities involving children.

"I am grateful to the Commissioners Court for the honor of serving out my husband's term in office," Mrs. Jones said in announcing her candidacy. "I have found the work most interesting and (Continued on Last Page)

J. P. Pogue, long time Ozona resident, in auto sales business here for the past 36 years, made it a contest in the Precinct 2 race for County Commissioner this week when he announced as a candidate against incumbent Rex Halydier, already a candidate for re-election.

Pogue is associated with Wooten Motor Co. here as salesman. He was for many years with pioneer Ozona Buick dealer Lee Wilson, continuing with succeeding owners of that business, dabbling some in the filling station business, but in late years returning to auto sales with the local Chevrolet, Olds, Cadillac, Pontiac agency under the ownership of Herman Knox and his successor, Charlie Wooten.

"I have been serving the public all my life," Pogue said, "and I have witnessed the growth and development of Crockett county through the years. I think I can understand the problems of all the people and if I am elected, I pledge my best efforts to serve always in the best interest of the county. I will make myself available to the people at all times and promise an open conduct of the public's business in county affairs."

"I have no axe to grind, no special group or faction of the voters is running me and I am not running against anyone. I am running for the office of County Judge.

"I assure the voters of Crockett County that I have the courage to take a stand should the need arise and I am not above asking their advice as I count them each and everyone a personal friend.

"I have been a rancher, building contractor and businessman in Crockett County for over 34 years. I feel that my acquaintances in this area and in Austin will be helpful in seeking road improvements or any other project that comes up. I will use my influence in keeping county taxes low should I be elected. However there are needs such as a geriatrics wing at the hospital and a county library which I will work toward.

"My wish is to become County Judge of all the people of the county and to conduct the office in a respectful, dignified, and businesslike manner." (Continued on Last Page)

Basil Dunlap Is Candidate For Precinct 4 Post

Basil Dunlap, Crockett County ranchman, announced this week his candidacy for Commissioner in the Precinct 4 race.

Dunlap is a native of Ozona and grew up on the ranch he now operates on the Pecos river 50 miles southwest of Ozona. He is a graduate of Ozona High School and attended Texas Tech until his enlistment in the United States Navy, serving on the west coast and the Panama Canal Zone. After his discharge from the Navy he was with the Humble Oil Wholesale Plant here for two years before accepting a position as parts manager for North Motor Co. a position he held for seven years. He was service manager there for one year.

After the death of his father in 1959 he moved to the ranch with his family and is still operating there at the present time.

Mr. and Mrs. Dunlap have two children of school age and maintain a residence in Ozona.

"I would appreciate the privilege of serving as your commissioner. With your support I will devote my time and effort in making the needs of you, the voter, my responsibility," Dunlap continued in announcing his candidacy. "Your consideration will be regarded as an honor to which I will serve to the best of my ability. I hope to contact each of you in the months prior to the Primary election and hear your viewpoints concerning the betterment of our county. Vote for your candidate on May 7, whether it be me or one of my worthy opponents."

Rainbow Futurity Film To Be Seen At 4-H Club Meet

Carl Conklin, adult leader of the 4-H Horse Club announced this week that films of the Ruidoso Rainbow Futurity will be shown in conjunction with the program on horse racing to be presented by James Chapman next Monday night at 7 at the high school auditorium.

This meeting will be held in order to organize the club and all boys and girls between the ages of 9 and 21 are eligible for membership.

It is not necessary to be a member at the present time nor have a project.

The program is open to the public and anyone interested in horse racing is cordially invited to attend. Films of the Futurity will be especially interesting to Ozona racing fans. Talent Bar, owned by P. C. Perner and trained by Chapman, was the big winner.

three-day event. Coaches and school officials will be quartered at the motels and are expected to number around 40 or 50. Miss Mildred North, who is in charge of reservations, was confident all the boys would be placed by yesterday.

Visiting teams include Big Lake, Miles, Mertzon, Rock-springs, Sonora, Norton, Iraan, Christoval, Abilene Christian, Eldorado, Van Horn, Junction, Sanderson, and Wall. Big Lake was last year's winner with Abilene Christian runner-up. Norton won the Consolation.

Large crowds are expected to be on hand to witness this year's tournament, and the fans should not be disappointed, as this year's tournament hosts a number of evenly-matched, tough, capable ball clubs.

The Ozona Lions, after a District 8-A West Zone win over Big Lake last Friday, and a win over Rankin Tues. take the court against Miles for their first game at 9 p. m. tonight. The Lions will be rated high for the championship, as well as teams such as Sonora, Big Lake, Eldorado, and Abilene Christian High School.

The Lions nipped the Owls last Friday 29-28 in a defense struggle and blasted Rankin 46-38 Tuesday. The wins gave the Ozona 5 a 3-0 record in zone competition and, for the moment, placed them in the driver's seat.

Trophies will be given for first, second, third places, and consolation. At the conclusion of the tournament, the coaches of the attending teams will select an All-Tournament team, and one outstanding individual of the tournament. A trophy will be awarded each boy who is selected on the team.

First round play will be completed in the morning, and the final contests will come on Sat. night. On Saturday evening, the Consolation Final take place at 6 p. m. the third place battle at 7:30 p. m. and the Championship game at 9 p. m.

First round matches of the tournament to take place today and tomorrow morning are Mertzon vs Big Lake; Sonora vs Norton, Ozona E vs Christoval; ACHS vs Eldorado; Van Horn vs Junction; Wall vs Sanderson; and Miles vs Ozona.

Interest High In Adult Ed Courses

In spite of inclement weather, adult education classes sponsored by the Woman's Forum were well attended Monday night.

Forty-five registered for the bridge classes, and there were 15 to 20 registrants for each of the other three classes. However, there is room for more in all classes. The only class having a limit is typing, taught by Mrs. James Dockery. It is limited to 20 students but the quota has not yet been filled. New Math taught by Roy Killingsworth, Vocabulary and Diction by Mrs. Pleas Childress and Bridge by Mrs. Jake Short all reported good attendance and a great deal of interest.

Forum members urge that everyone interested and who were not able to attend last Monday register next Monday at 7 p. m. in the class of his choice. The club hopes to make self-improvement classes for adults a yearly project, offering different courses each year.

Today the annual Ozona Invitational Basketball Tournament begins at 11:00 a. m. The citizens of Ozona look forward to this event every year when teams from near and far journey here to participate. The students are always happy to have a free day, especially after those mid-term exams. The girls find the scenery of the tournament very interesting which always increases the box office take.

Many have agreed to keep boys during the tournament. Mr. Dodder always appreciates the fine cooperation of all the Ozonians who volunteer their homes.

People of Ozona have always been excellent hosts to these guests and have shown an interest in them. This year will be no exception!

SENIORS OPERATE CONCESSION STAND

By Jacque Meadows

Each year the Senior Class operates the concession stand at the basketball tournament. Much time and effort is given to make sure it is always in operation.

The Senior Class works hard themselves but they will realize something out of their effort — a trip to Dallas. However many mothers go to much trouble to prepare food to be sold and will never receive anything for their work but a hardy thanks from the Seniors. The Seniors would like for those diligent mothers to know that all their work didn't go unappreciated because the Seniors are grateful for all their donations.

Also, the Seniors would like to thank all those who patronize the concession stand. It's these hungry fans that help to make the tourney one of the largest single money making projects of the year.

SENIORS PASS HALF-WAY MARK TO GRADUATION

By Celia Houston

For most of the Seniors, their last year in high school is half gone. The first semester has passed in a hurry and the rest of the year will be mostly down hill.

The always popular term paper now faces the Seniors as they search for the beginning subject. The fourth six weeks will be almost gone when the final copies of these masterpieces are turned in.

It seems that most Seniors are envied by underclassmen. Only Seniors are exempt from second semester finals.

Parties are given honoring the graduates. The big event is the night of commencement.

For some it is the end of their education; for others it is the beginning of the long climb to success. Many underclassmen wish it were they who were receiving their diploma.

As in the passed few years, the Seniors have chosen Dallas to be their destination May 5, 6, 7, and 8. Each senior class vows to make their trip one which Dallas will not forget. But as it may happen, the small towners are awed by the city lights and it is really a job to see all the places planned on — forget the zillions of others.

Those four glorious days on the town and all the other exciting events are worth twelve years of school.

OLD MAN WINTER BRINGS SNOW AND CHAOS TO OHS

By Connie Bradford

Time: Monday, January 17 approximately 8:30 a. m.

Place: OHS Students are sitting quietly in their classrooms when all of a sudden, it is discovered — it's snowing! A cry echoes through the classrooms as one by one the students realize that the first and perhaps the last, snow of the season is here.

Time 10:30 a. h. The snow is beginning to fall heavier. A slight uneasiness is in the school as the ground begins to disappear under the white blanket.

Time: 11:45 a. m. General chaos overtakes the students of OHS. The anticipation is great as the students think of the fifteen minutes left until they can get out in the snow.

Time: 12:00 a. m. There is mad confusion as the students rush to the doors. Once outside, none is safe from an attack by snowballs. Even those unexpected of such mischief (Coach Gerber) fall their victim (Miss Broadway) with a neat, round, hard-packed weapon of snow.

Time: 12:45 A sigh of sadness is heard as the students file back into the building. It's just three more hours until the students can go back out and play in the snow — but will it last that long?

The band played seven selections. They were: Bye, Bye Love; Bells Across the Girdiron; Days of Glory; All Through the Night; Air and March; Cotton Candy; and Alley Cat.

SPORTS

By David Lewis

The Ozona Lions nipped the Big Lake Owls 29-28 last Friday night to set their district record at 2-0 and place them first in the West Zone.

Although the Lions had a bad time of finding the range on field goals, and hit only about 20% of their shots, they played outstanding defense, which proved to be the margin of victory. Win Saunders led the Lion attack, with 3 points and 10 rebounds, followed by Pon Seahorn and Billy Carsen with 7 points each.

The Lions played the Rankin Red Devils in a District game last Tuesday night before starting play in their own tournament tonight.

The first turnout for volleyball was last Monday with more members coming out during this week. These girls will begin practicing and will later be joined by some basketball girls when basketball season is over. The volleyball team is coached by Miss Geneva Knox.

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean AUTOMATICALLY

Q. What happens to the dirt?

A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.

Q. How can it clean the racks & drip bowls?

A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.

Q. Is there any hand cleaning left to do?

A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

Q. What about safety features?

A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat protectors are UL approved.

Q. How expensive is it to operate?

A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest W.T.U. showroom.

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Questions Asked To Family's Medical Expense

Keith Blaksley, 3-year-old son of Mr. and Mrs. Lloyd Blaksley of Powell Field, is in the intensive care unit of the Methodist Hospital in Houston. Doctors there discovered that Keith has a congenital defect of the brain. Keith has undergone three rounds of brain surgery in a vain effort to correct his condition.

Friends of the Blaksleys in the Powell Field area have appealed to the Crockett County March of Dimes Chapter for financial aid to help defray medical and hospital expenses.

Mrs. Vic Montgomery, chairman of the Crockett County Chapter March of Dimes, said the daily cost for a patient in intensive care is \$85 and this does not include operation costs and doctor's fees. Realizing the total medical costs for the family would be staggering, she has appealed to the State and National March of Dimes Foundations on their behalf.

A special fund for the family has been set up at the Ozona National Bank and anyone wishing to contribute any amount is asked to do so.

Lion's Club Hears Medical Report On Child's Vision

Ozona Lion's Club received a medical report this week on the post-operative condition of Sandra Fielder, Ozona child who recently underwent surgery for crossed eyes financed by the local Lion's Club.

The surgeon reported that Sandra's eyes were very well corrected by surgery, but because of a deviation of the right eye additional surgery was a possibility. He further stated that so soon after surgery it was often impossible to evaluate the condition when the crossing is as marked as Sandra's was prior to surgery and recommended a wait of three months before going further.

TO VOTE IN 1966
YOU MUST PAY YOUR
POLL TAX BY JAN. 31

Your are reminded that a poll tax receipt is still needed to vote in the coming elections in 1966.

A person may vote for federal offices only without paying a poll tax but he must have a poll tax receipt stamped "Poll Tax Not Paid." To vote in all other elections, a person must have a poll tax, or, in case of those just reaching 21 years, an exemption. Those 60 years of age or over do not have to apply for an exemption.

Other tests of voting eligibility are that you must have been a resident of the state one year and of the county six months.

challenging. I have had to devote many hours of study to acquaint myself with the duties and demands of the office, but it has all been most interesting.

"I have yet much to learn but I look forward to the opportunity to make further study of the laws guiding the administration of county affairs and probate matters and to gaining more valuable experience in the coming year.

"I will have had a full year's actual experience as judge. I will take advantage of every seminar and conference offered to this office during this year which I feel will better qualify me for the office I am seeking."

"I feel that I have made considerable progress in familiarizing myself with the day to day duties of the office and I shall continue to devote all the time I have toward making an efficient and capable county judge. I have been grateful for the help and encouragement of my friends and of the Commissioners Court and other county officials who have been of invaluable assistance to me in carrying out the duties of the office. I shall be grateful for any consideration you give me in the coming campaign."

Mrs. Wayne West and Mrs. George Montgomery returned Saturday from visiting with friends several days in Fort Stockton.

Shell Extends Production In Mitchell Field

Second producer and a 3/4-mile north-northeast extension was assured in the JM (Ellenburger gas) field of southwest Crockett County, with the flowing of gas for 10 hours at the daily rate of 7 million cubic feet, at Shell Oil Co. No. 2 Mitchell, in 4-Q6-TCRR, 34 miles southwest of Ozona.

Flow was through a 10-64-inch choke and open hole between 12,094-13,420 feet. Tubing pressure was 4,100 pounds. Testing continued.

Third producer and a 1/4-mile southwest extension was indicated in the same with the flowing of gas for two hours at the estimated rate of 17 1/2 million cubic feet while circulating at 13,021 feet at Shell Oil Co., No. 3 Mitchell, in 2-Q6-TCRR.

The project was preparing to drill ahead on a 15,000-foot contract.

The discovery was finalized Oct. 21 for a calculated, absolute open flow of 130 million cubic feet of gas per day from open hole between 12-105-13,700 feet.

Shell will drill the No. 5 Mitchell as a 1 1/4-mile west and slightly south outpost to the discovery, 878 feet from the north and 300 feet from the west lines of 16-Q6-TCRR (Kirkpatrick on some maps). Contract depth is 17,000 feet.
