Ranchers Weigh Gains vs Losses As Record Snow Covers W. Texas

Ozona FFA Tops In Judging At Odessa Contest

Ozona FFA was over-all high point team at the Odessa invitational livestock judging contest last Saturday.

The team scored 1,134 points to top thirty West Texas schools in competition. Fred Chandler was over-all high individual of the contest and Rex Bland ranked ninth from a field of approximately 140 boys. Chandler scored 404 points from a possible 420 and Bland scored 380. The third Ozona team member was Dwight Childress with 350 points. Fred Chandler also tied with two other boys in swine judging for top honors with a perfect score in that division.

Other Ozona FFA members judging as alternates were Bill Everett, Gary Elmore, David Cooke, Wesley West, David North, Larry Don Webb, Dennis Douglas and Buddy Couch.

Second place team was Midland FFA with 1,105 and third was Imperial FFA with 1,088 points.

Kids were delighted but West Texas ranchmen were viewing with mixed emotions the record snowfall which blanketed Crockett county and a wide swath of West Texas Monday night and Tuesday and produced a giant deep-freeze as the mercury plunged to a new low of 8 degrees by Wednesday morning.

Ozona residents awoke Tuesday morning to find the ground covered with a snow

blanket some three to four inches thick and snow still falling intermittently.

As the day wore on the snow increased in volume, with the temperature moderating somewhat. An all-day snowfall, with big, juicy flakes producing a maximum of moisture brought the total snow blanket here to an estimated 8 to 10 inches and producing better than an inch of moisture to soak dry West Texas ranch lands.

C. C. (Mitch) Michel

Michel Speaker At Annual C of C Banquet Tonight

Highlight of the 2nd Annual Chamber of Commerce banquet held tonight at the Civic Center will be C. C. "Mitch" Michel, guest speaker.

Michel is a 33-year veteran of the oil and gas well service business and is assistant to the regional manager of Byron Jackson, Inc. He is assigned to the Midland region, which embraces all of West Texas and South-eastern New Mexico.

Having lived in many cities of the Permian Basin, "Mitch" has a wide circle of acquaintances both in and out of the oil industry. He came to West Texas in 1938 and has been a West Texan ever since.

A long time hard worker in civic affairs, Michel has been service in many organizations. He has served as president of the Odessa Downtown Lions Club, public relations director and deputy district governor of Lions International District 2-13, is presently Roving Ambassador of Lionism in the District. He is a past boss of the nationally renowned Odessa Chuck Wagon Gang.

Michel and his wife, reside with their two daughters in Odessa.

Bill Watson, president of the local Chamber of Commerce, will be master of ceremonies and will introduce other C of C officers for this year.

While counting the blessing of the bountiful moisture to produce Spring range growth, ranchmen who had fresh shorn goats or were in process of lambing were calculating possible livestock losses against the gain of range moisture. Heavy losses among freshly shorn goats were expected where the animals did not have access to cover, caves, sheds, etc. Some losses were reported, too, in newborn lambs, although such losses might be confined to lambs arriving at the height of the storm or born to weak ewes.

Crockett County Sheriff Billy Mills reported his department was kept busy around the clock Tuesday and Tuesday night assisting motorists who were stranded on the highways because of the ice and snow. The Highway maintenance department, under Superintendent Scottie Houston, also had a busy two days as crews were kept constantly on the move plowing snow from the highways, sanding ice bridges and hills and also assisting stranded motorists on occasion.

Local officers, however, reported a minimum of accidents considering the hazardous condition of the streets and highways. Only a few minor skids and bumps were reported to officers as motorists buckled down to the task of "keeping 'er straight" in spite of the tendency to find yourself headed back the way you came.

The sky remained overcast all day Tuesday and the snow continued until near nightfall. With the coming of night, the skies cleared and the bitter cold settled down to push the thermometer to a new reported low of 8 degrees Wednesday morning. A bright sun all day yesterday produced some thawing, especially on the streets and highways, but the snow remains a complete cover on most lawns and hillsides.

The family moved to Ozona while she was a small child and she was married to Charles Williams Gurley here in 1912. Mr. Gurley died in 1939.

Worker Receives 7,200 Volts In Pole Line Mishap

Alfred Johnson, a lineman with a contract crew working here for the West Texas Utilities Co., was saved by mouth-to-mouth resuscitation administered by fellow workers when he received 7,200-volt charge in an accident last Thursday afternoon.

Johnson received the charge from a primary circuit when shooting wires he was holding were blown into the primary after detonating a dynamite charge in a post hole.

Johnson was employed by Keeling Construction Co. of San Angelo, here doing some line work for the WTU. After fellow workers had revived Johnson, he was rushed to Crockett County Hospital for treatment. He suffered severe burns on his feet and hands and spots on his back. He is reported well on the road to recovery.

The Halls moved from Ozona to Michigan in 1963.

Ozona Judge Has Conference With Expert On Probate

While attending the A&M Conference of County Judges and Commissioners last week Mrs. Brock Jones, Crockett County Judge, took advantage of an opportunity to expand her knowledge of probate matters and juvenile cases when she had a private conference of several hours duration with Judge A. C. Arnold of Brazoria county, considered one of the state's outstanding authorities on these matters.

Judge Arnold conducted a panel on probate laws at a conference of county judge some years ago which was attended by the late Judge Brock Jones and Mrs. Jones said that she was glad of the opportunity to meet with Judge Arnold and get his answers to questions concerning the county judge's duties in probate matters and in juvenile hearings.

Recipe of the Week

From Kitty's Kitchen

Chicken Tetrazzini

4 tablespoons butter
4 Tablespoons flour
1 teas. salt
1/4 teas white pepper
1/8 teas nutmeg
2 cups chicken broth
1 cup light cream
1/2 cup sherry
1 lb. spaghetti, cooked
1/2 lb sauteed mushrooms
2 1/2 cups cooked chicken (cut in matchstick slices)
1/4 cup freshly grated parmesan (dried may be used)
Paprika

Melt butter and blend in flour, salt, pepper and nutmeg. Gradually stir in chicken broth. Cook over low heat, stirring constantly, until thickened. Add cream and sherry then heat just to boiling. Mix half the sauce with cooked spaghetti. Add half the mushrooms. Place in a greased open baker, making a hole in the center by pushing some of the spaghetti

up the sides of the casserole. Mix chicken with remaining sauce and mushrooms. Pour into center of casserole.

Sprinkle with cheese and paprika. Bake at 375 degrees 20 to 25 minutes or until top is browned and sauce bubbles. Serves 8 to 10.

This recipe came to me by way of Ann McMullan's kitchen and it is without doubt the best recipe I have ever tried for chicken tetrazzini.

Owls Capture Dist. And Bi-Dist. Titles; In Regional Play

The Big Lake Owls cut down the Sonora Broncos last Friday night to capture the District 8-A cage championship for the 3rd year in a row. Tuesday night, the Owls added bi-district laurels when they stopped Canutillo 56-33 in Van Horn, advancing to regional play this week-end in Lubbock.

In the 56-48 win over Sonora, the Owls jumped off to a 13-2 lead in the first quarter and were never really pressed throughout the game, although the Broncos

did draw to within 3 points at one time.

In both the District championship game and the Bi-district tussles, the Owls relied on their high scoring Richard McCreavy and the rebounding of husky 6'-2" Don Childs.

Pumpville News

Mrs. Andy White, Reporter

The Pumpville Hobby Club met in the club house last week for the first meeting of the year. Hostesses for a lovely Valentine dinner were Mrs. E. P. Bradford and Mrs. Newman Billings.

A Valentine decor was carried out in the table decorations with a wishing well as the centerpiece and heart shaped candies placed at each end. Dinner guests were E. P. Bradford and Andy White.

Members sewed, crocheted and visited during the after dinner period and before the business meeting.

Mrs. Andy White called a meeting to order, and members repeated the club's motto and answered questions with a quotation.

Donations were given to the Cancer Fund in memory of Mrs. Earl Davenport to the Sunny Glynn Ogle Home in memory of Susie Montgomery.

The club made plans to visit the Eldorado Mills sometime in April.

A box of cookies was given to the Baptist Church Home, an annual club project. Mrs. W. H. Dodd presented with a set of bowling bowls and welcomed a new member of the club. The door prize, a box of occasion cards, was won by Mrs. Jimmy Randle.

Secret Pal names were drawn for the coming month period.

EDITORIAL

Some people have probably wondered why three out of four of the district play-offs have been held in Ozona. Perhaps there really should not be much wonder.

Ozona is in an excellent position for the play-offs, being almost in the center of the district. It is easy to reach and has adequate facilities for the games.

This honor could be taken as a tribute to the Davidson Memorial Gymnasium Ozona High School is proud to have been honored in this manner.

CARSON, COX, PARKER AND MANEY ELECTED TRACK CAPTAINS

By Pon Seahorn

The co-captains serving for the 1966 Ozona Track team are Billy Carson, Geo. Parker, Geo. Cox and Derold Maney.

Billy, a Senior, served as football and basketball captain also this year. He placed fifth in state last year in pole vaulting.

Parker, another Senior, ran on relay teams last year and competed in the regional met. He is expected to help the Lions this year with his hurdling ability.

A Junior captain, Cox is a sprinter and runs on the relay teams. Last year, Geo. was one of the best sprinters in the district.

Derold, also a Junior, is a relay man. Last year he ran on the 880 relay and mile relay teams.

 Making snow ice cream in H. E.

Missing the wastebasket and Coach Gerber catching you.

Getting to the post office before your parents get your failing slips.

Not getting caught with cheat notes.

Getting all volleyball serves over so you won't have to run 10 laps.

Getting your research paper written and then getting an A.

Being hit in the face with a snowball and taking pneumonia.

Ripping out a seam in H. E. about 7 times.

Living out in the country or on a hill when it snows.

GOSSIP

Did three sophomore girls get stranded out at Peggy's ranch Sunday?

What senior girl wore long underwear to school Tuesday?

Miss Daniels, are you really in love with the Big Lake referee?

Randy, did you have a 5'6" green-eyed, brown-haired problem at noon Tuesday?

Why are all the girls coming into school looking like mud-puppies, with snow instead of mud?

Did Ronnie M. get second and third periods mixed up Tuesday?

Jacque and Marsha M., did you hear funny noises one night last week-end?

Celia H., do you have a mania for going barefooted in journalism?

Marilee S., is that horse you were riding Sunday trained to let Indians shoot under him?

With all the snow, the theme song this week must be "Three Boots Are Made For Walking".

Fannie E., have you been having to use an extra amount of make-up lately?

PRISONERS PRESENT ASSEMBLY

By Lana Kay Alford

Four Huntsville inmates voluntarily presented an assembly to Ozona High, Junior High, and guests, Tuesday, February 22nd.

The program, "Operation Teen-ager," consisted of an introduction, each of the men's stories, and a conclusion. The group's supervisor, Charles Lovall, introduced the group, its purpose, and asked that no pictures be taken nor recordings made because the men must remain unanimous.

Each man gave a short

summary of his life, and although he was not candid in his reason for being in prison, one could use his imagination to determine the reason.

The men, whose prison terms total 181 years, come from all walks of life. One was the son of a minister, one a member of a family of nine and one from a wealthy family.

These men have learned their lessons of life the hard way, and are using "Operation Teen-ager" as a means of trying to encourage young people to take the right road of life.

BUICK 1,000,000 SWEEPSTAKES

WIN \$2332

Play the nation's newest numbers game. Check your car's registration number. It could be worth \$2332 cash to you. (\$2332 also happens to be the price of a new Buick Special*. Isn't that a coincidence?)

HERE'S HOW IT WORKS: Check that car registration of yours. If the first symbols of your vehicle identification number on it match up with one of those listed at the right, you might have won yourself \$2,332 cash. No slogan to invent, no puzzle to solve. To find out for sure if you won, just pop down to your nearest Buick dealer. He's got a list of complete winning numbers posted. (No, you don't have to own a Buick to have a winning number.) If your complete vehicle identification number appears on this list—you're in the money.

QUESTION OF THE WEEK
By David Lewis

What if the snow never stopped?
Lynn C — I guess we'd

be coming to school even if the building were covered.
George P — I'd build a snow woman, etc.
Pon S — I'd dig a tunnel of love.

Jacquie T. — Rex can't get down his hill so I'd flirt.
Lana A. — I wouldn't get to see Randy?
Pam S — I'd never get to come to town.

Beverly U — That would be great I could sleep all day
Ginger W. — Then we wouldn't have to go to school.
Kathy P — We could have a good time building snowmen.

George C — At least we would never run out of snowballs.
Barbara K — We'd have snow ice cream every day in H. E.

Peggy H — I wouldn't need a skate board to slide down my driveway.
Bonnie C — I'd put runners on my little red Ford.
Wins S — I'd pretend to be a snowman.

Beverly L — I'd get a job pushing snow.
Sharon — I'd slide everywhere, since I'm so chubby.

A Great Leader Still Leads

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It has been said that a man is tallest when he is on his knees. The familiar picture of George Washington kneeling in prayer at Valley Forge reminds us that the "Father of our Country" was a man who walked close to God and who taught his soldiers to pray.

Washington recognized that human frailty is not a sign of weakness — that it is the first step toward finding the needed strength. To call upon God for the resources we lack is to supply our deepest want.

The example of our first President still points men to God. Just as George Washington found God's strength available, so do men in our time when they call upon Him in faith. Discover Him in your own life. Worship God in your church next Sunday.

125 Functions In Civic Center Since April Completion

Since the Ozona auditorium-coliseum (civic center) opened on April 4, 1965, there have been a total of 125 functions in the building, a report for the year's operations presented to the Commissioners Court by the center's board of directors revealed.

Of the number of functions in the center, 60 were of a civic nature for which no charge was made, the balance being private parties and meetings.

From funds remaining in the original budget for furnishing the coliseum the board has purchased a ping pong table for use of patrons and this week was installing and automatic dishwasher in the kitchen. The dishwasher is of small capacity but uses chorine for disinfectant rather than heat and time and its washing cycle is from five to six minutes, making it possible to wash a large number of dishes in as short a time as in a commercial size washer.

The Ozona Garden Club has planted seven trees and grass on the center's grounds the board reported. Mrs. Joe Pierce, Jr., is chairman of the board and Mrs. Celia Conway is manager.

na Beth Davidson's last Friday night provided fun for everyone. Out of 16 women in costume, there were only two duplications, two folk singers and two cow girls. I won't mention any names but the suppressed desires ran from cheer leader to brain surgeon and they were all dressed to fit the part.
