## Loner Suicide Is Buried Here; Brother Attends

Graveside services for Joe Kapuscinski held Monday at 2 p. m. in Cedar Hill Cemetery with Rev. Max Brown officiating, ended the mystery surrounding an unidentified man found dead in his car west of town and ruled suicide by Justice of the Peace Al Fields just two weeks ago today.

After officers had failed to established identity by all other means, a fingerprint check with the FBI revealed the man's name and birthplace, Stanley, Wisconsin. In checking with the sheriff's department in Stanley, Deputy Sheriff Levon Parker discovered that Kapuscinski had a sister living in Fargo, N. D. A telephone call to the sister put officials in touch with a brother Marion Kapus of Coco Beach, Fla.

Kapus, who last saw his brother in 1938, arrived in Ozona Monday night with his wife and made arrangements for the services. He said the family had neither seen nor heard from his brother in almost 30 years.

## 117 Register In Crockett County For Free Vote

A total of 117 voters registered during the 15-day free registration period specified in a federal court order which abolished the poll tax as a voting requirement in Texas, according to Mrs. Gertrude Perry, office deputy. This total was greater than officials had anticipated since only 18 had registered a week before the March 17 deadline.

The tax office was kept open last Thursday until around 12 midnight for the purpose of registering last minute voters. Mrs. Perry said that only one voter registered after 5 p. m., the regular closing time.

Pictures were taken twice daily of registrants in accordance with a request from the state attorney general's office in order that the state might show that there was ample personnel and opportunity for everyone who wished to register.

Crockett County, being one picked by the U. S. Department of Justice for spot checks on registration, played host to FBI agents who monitored registration. The office was also visited on one occasion by an assistant attorney general of Austin, Robert Owen, a former county attorney here in Crockett County. For awhile it looked as if federal and state officials might out-number voting registrants.

Everyone concerned seemed to feel that every person in the county of voting age had been notified well in advance of the free registration period and had an opportunity to register if they desired to do so.

## Week Of Apr. 4 Designated As Clean-Up Week

At a recent meeting of the Crockett County Commissioners Court, the week of April 4 was designated as Annual Clean-up Week here in Ozona.

The county, in cooperation with Civic Clubs, sponsors this annual event which enable Ozona residents to have all trash and unwanted items removed from their property free of charge.

All refuse should be placed on a curb near the street so that it may be placed in a truck with the least trouble. Trucks will make pickups daily and there will be no need to call.

## DRIVE CHAIRMAN

Mrs. Q. A. Brentz has accepted the task of heading the annual Red Cross Fund Drive, Bill Cooper, chapter chairman, announced this week.

Mrs. Brentz has called a meeting of drive workers at the HiWay Cafe at 2 o'clock Sunday afternoon for the start of a house-to-house canvass on behalf of the Red Cross. All volunteer workers are urged to be on hand for the start of the drive.

## April 1 Deadline For Motor Vehicle 1966 Registration

Crockett County motor vehicle owners were reminded this week of the April 1 deadline for registering motor vehicles and obtaining license plates.

Mrs. Gertrude Perry, deputy tax assessor, urged that everyone who has not already done so come for license plates as soon as possible and avoid the last minute rush. She also reminded motorists to bring their certificates of title and 1965 license receipts, a requirement for the purchase of 1966 license. She estimates that about half of the county's vehicles have been registered to date.

The tax office will be open until 7 p. m. on April 1. Those buying licenses on April 2 will be required to pay a penalty.

## Ozonia Junior Hi Track Team Enters Big Meet At Crane

Coach Bill Lewis took his Jr. High track team to Crane last Saturday where they participated in one of the largest Jr. high meets in this part of Texas. The team consisted of 12 eighth graders and 12 seventh graders.

It was a perfect day for a track meet and Lewis felt his team did exceptionally well considering the competition. David Pagan, seventh grader, won a second place medal in the discus event with another seventh grader, Gregory Stuart, taking a fourth in the same event. Tony Cullens, an eighth grader, took a third place in the high jump event. Several of the boys came in fourth, fifth and sixth in some of the events. The seventh grade chalked up 17 points with the eighth grade receiving 7 points.

Crane won the meet for seventh grade events and McCamey won the eighth grade division.

Stuart, one of the fastest boys on the Jr. high team, came up lame early in the meet and was unable to participate in the running events.

## Second Producer For Holt Ranch Ellenburger Field

Second producer and a 1/4-mile west extension was assured to the Holt Ranch (Ellenburger) field of Crockett County with the flowing of 236 barrels of new oil, along with 36 barrels of load oil and 48 barrels of load water, in 17 hours at McFarland Corp., Midland, No. 2-14 Holt, in 14-OP-GC&SF, nine miles north of Ozonia.

Operator acidized through perforations between 7,854-93 feet with 500 gallons and swabbed back the load. Re-acidized with 10,000 gallons, it flowed the above gauge through a 24-64-inch choke with tubing pressure of 175-325 pounds.

Testing continued.

The discovery, the firm's No. 1-14 Holt, was finalized July 13, 1965, for 130.05 barrels of oil, plus 5 per cent water, through an 18-64-inch choke and perforations between 7,873-897 feet.

#### \$10,000 FOR YOUR PIGGYBANK

No. we're not offering you that much for it. We just want to warn you that it may cost you that much to keep change in it, if a bill now before the Congress is passed. Introduced in the Senate last session the bill, S2036, would provide that: "Whoever accumulates coins of the United States in excess of the reasonable demands of business, home, or personal use shall be fined not more than \$10,000 or imprisoned not more than one year, or both." Rare coin collections would be excluded but, on the other hand, Federal officials would decide which coins are rare. Beyond that, the bill says that "Whoever buys or sells any coin of the United States... at a price in excess of their monetary value," or melts a silver coin, also would be subject to the \$10,000 fine and imprisonment.

We're not at all surprised by this proposal. Something like it was bound to follow the removal of silver from our coinage, just as private citizens were forbidden to possess gold coins (or bullion) after our money was taken off the gold standard back in the 1930's. Trouble is, we don't know whether to laugh about it, or cry. The very fact that such a bill is proposed demonstrates that the money crisis of our country has reached a desperate stage. Yet we find some amusement in the fact that only a few months ago we were being assured, by government officials and others, that removal of silver from our coins really made no difference in their value and wouldn't lead to denial of a person's right to possess silver.

We are a bit amused, too, that the bill specifies silver coins when it comes to melting, but seems otherwise to apply to all coins. We doubt that many people would be tempted to melt one of those nickel-plated copper slugs, and we feel sure the bill's sponsors aren't worried that people will hear that kind of coin, either.

Yet along with our sad amusement, we admit we're a little puzzled. A Treasury Department official recently stated that the profit from minting silverless coins has already reduced the current budget deficit by more than 2 billion dollars, and that in the next two years those

## OHS OUTLOOK ON SPORTS

By Lynn Cox

Spring has hit OHS with a full force of warm-weather sports. Each afternoon after school, the track and golf boys, the tennis team, and the volleyball girls practice. This past week saw the Lions' tracksters travel to the Eldorado meet where bad luck seemed to be Ozona's only companion. However, the San Angelo meet held tomorrow and Saturday will see the Lions swing into full action again. The freshmen team, under Coach Gerber, went to Ft. Stockton to enter a special "fish" meet. There the boys pulled in third behind Andrews and Monahan as Randal Clepper captured two firsts in high hurdles and the high jump. Beto Diaz took second in the 100 yd. dash as did the sprint relay which consists of Kirk Boyd, Fleet Coates, Catarino Cervantez, and Diaz. Helping to total the 67½ points were thirds and fourths turned in by other squad members.

Coach Dozier's golf team, made of David Jacoby, Win Saunders, Steve Taliaferro, Duane Childress, and Bob Nations, played at the Brady Tournament last Saturday. Although they placed fifth, Ozona beat all other District 8-A contenders there. Low man was Jacoby with 79, followed by Saunders and Taliaferro with 80, Childress with 84, and Nations with 88.

Last Friday the volleyball teams traveled to Crane, who was last year's 2-A volleyball champions. Both the B team and the varsity were beaten. Ozona played host to Big Lake last Tuesday and will do likewise for Sonora tomorrow night.

Seen every afternoon at the tennis courts are those participating on Mr. Brentz's tennis team. Their first engagement will be in Junction at the Junior and Senior meets held on different days.

## ONE-ACT PLAYS CASTS CHOSEN

By Celia Houston

Parts have been cast for the Junior-Senior Plays to be held Thursday and Friday, April 28th and 29th. The customary three-act play has been altered, with three one-act plays being presented this year.

"French Toast" is the whimsical story of Stoney Jones, played by Sandy Stokes, getting caught in a mix-up the day before his wedding. The humorous scene between his fiancée, Nancy, played by Donna Moore, and the unknown intruding French girl, Nanette, played by Celia Houston, put Stoney in an amusing predicament. Also appearing in the play are Drake McKinney, portraying Charlie Brown; Barbara Kirby as Nancy's mother, Mrs. Smith; Cynthia Mahon as Nanette's mother, Madame de Tour; Barbara Jones and Mary Olson as wedding-party guests.

The second play, "Shock of His Life", involves the mis-interpretation of a note. Son Wilbur, played by Jack Applewhite, jots down a message for his father, Mr. Maxwell, played by Larry Don Montoya, from the doctor concerning Mr. Maxwell's yearly checkup. A note left previously by the local market, relates the low supply of beef hearts. At the same time, the school doctor leaves a message concerning Betty Lou, played by Marsha Moore and her cough. Mr. Maxwell really has a terrible time deciding how to relate the sad news of his short hours remaining on earth to the rest of the family. Jill Applewhite appears as Connie, the older Maxwell daughter. Mrs. Maxwell is portrayed by Novella Thomas, and Danny Maness appears as Wilbur's pal, Hercules.

The final play is entitled

"The Ugly Duckling." This play will be entered in Interscholastic League competition, March 29. The royal family, consisting of King Frank Welch, Queen Jacque Meadows, and the ugly duckling Princes Camilla, Vicki Montgomery, present a mix-up in characters as the lady-in-waiting to the Princess, Lynn Cox as Dulcibella and Carlo, played by Pon Seahorn, impersonate the members of the approaching wedding of Princess Camilla and Prince Simon, played by David Lewis. Ronnie Mason portrays the Chancellor of the King's court.

## BELLAMAH TO HOLD BAND DAY CLINIC

By Lana Alford

Mr. Bellamah, Mr. Sanders, OHS band director, remarked, "He is a much sought after Texas Interscholastic League judge and band clinician."

## MIKE PRATER TO ATTEND TEXAS TECH

Since that time he has been active in school events, especially athletics, having participated in football and track for three years. Mike was also vice-president of the junior class and has been in 4-H for two years. He was president of the Young Racer's Association, which possibly explains his outside interests which include racing and chasing. Mike plans to enter Texas Tech this summer, majoring in engineering.

# WHAT DOES HE SEE ?

What a birthday present! Young Dan can see all sorts of things with that telescope that are invisible to the naked eye. The sky, with its stars and its moon, seems so much closer.

Yet, there is still so much that remains unseen. The best instruments man can make are insignificant when measured against the scope and depth of God's universe.

That's where *faith* comes in. We know that there are other galaxies that can't be seen through even the most powerful of telescopes. And we know, too, that *faith*, though invisible, is the greatest power of all.

If *faith* is something that doesn't quite come across to you, the Church is the best place in the world to help you solve its mystery. If *faith* is already yours—what better way is there to reaffirm it than by going to church this Sunday?

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**WASHINGTON NEWSLETTER**

By Congressman O. C. Fisher

Texas is getting a taste of the wrath of federal power, stemming from the voter registration law enacted by the Congress last year. Under that law, which applies to only a handful of states, while exempting all the others, the Attorney General may — at his discretion — send federal registrars into these few states, take over election procedures, conduct the election, disregard state laws, count the ballots, and virtually ignore local election officials.

The Attorney General, making use of this power, recently pointed his big guns at Texas, and ordered a bunch of FBI agents to snoop on county tax collectors who were engaged in allowing citizens to register for voting.

Actually, by and large, Texas has one of the cleanest state records in the nation so far as allowing qualified citizens to vote is concerned. But by sending the FBI in, the Attorney General left the impression with the nation that something crooked was about to be pulled in Texas, and all the power of the federal government had to intervene to prevent it.

Under the strained voter registration law, enacted last year chiefly in response to the demand of Martin Luther King, all literacy tests for voting in the South were suspended, while allowing such tests to continue elsewhere. In that respect, it brings back memories of Reconstruction Days. And, as expected, the subservient Supreme Court recently upheld this discriminatory measure.

Perhaps the Attorney General would do well to leave Texas alone and spend that time and effort in running herd on some election irregularities often reported in machine-controlled places like Chicago, New York, and a good many others.

**PROCLAMATION DIAMOND JUBILEE BROTHERS OF THE BRUSH**

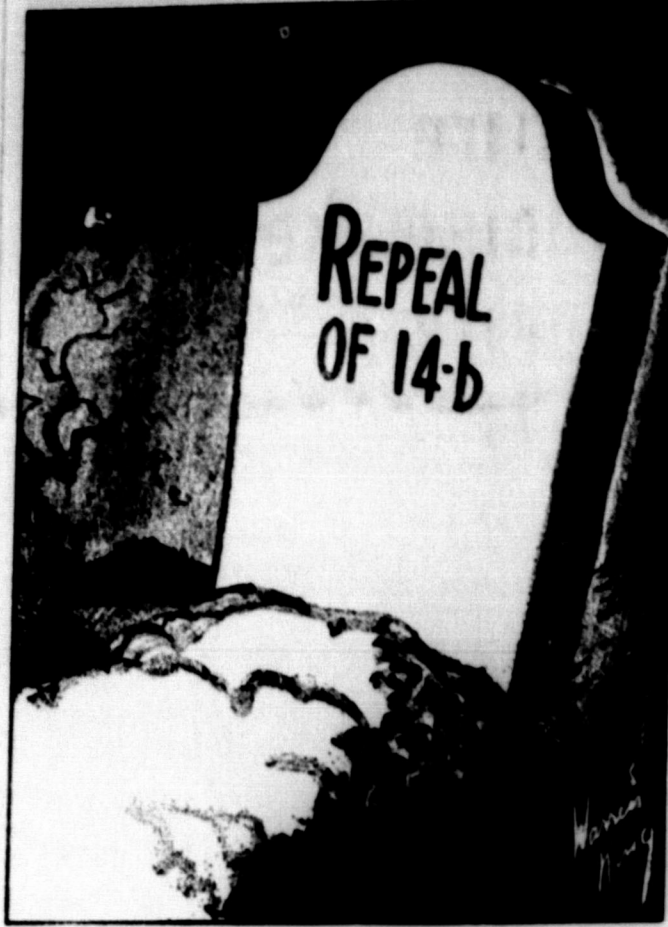

The officials and many working committees of the Ozona Celebration Association have eagerly requested this official memorandum.

Whereas: The good men of the Ozona area have so nobly sprouted bushy, hairy outgrowths in commemoration of the 75th Anniversary of Crockett County which festive jubilation will take place from June 11 to June 18.

Whereas: The feminine citizenry of this area has been permitted to enjoy "almost" absolute freedom.

Therefore, as Judge of

**REST IN PEACE**

Crockett County, I do hereby proclaim that in memory of their great grandfathers that all members of the male sex working or residing within the confines of the city of Ozona and any rural area are hereby requested that from this date until June 18, 1966 they shall refrain from shaving. This to be interpreted so that some type of fuzzy growth be present on or about the face. And also accompanying the various types of beards a membership pin and certificate will be obtained by all males in Ozona and surrounding areas. This will then enable all males to become official Brothers of the Brush of the Ozona Diamond Jubilee Celebration.

To those Male residents of Ozona and Crockett County who dare rebel against the proclamation on this page and refuse to join their fellow beard growers will be commanded to obtain an official Celebration Shaver's Permit. This will enable those without fuzz to conduct their regular business with the minimum of activity from the Diamond Jubilee Sheriffs and Kangaroo Kourts.

It is further suggested that these provisions shall be enforced by the aforementioned Sheriffs and Kangaroo Kourts, who will be at times dressed in readily recognizable uniforms and at other times in secret, but not as officers or agents of the county.

Let it be known, that those who evade this proclamation and its contents shall be turned over to the Kangaroo Kourt to be sentenced and punishment carried out in accordance with the magnitude of their offenses. This suggestion is issued to encourage the cooperation in this undertaking such as Crockett County rightfully deserves.

Given under my hand and seal.  
Signed: Bernice Bailey Jones,  
County Judge, Crockett County, Texas.
