### OIL WELL DRILLING MAY SOME DAY LEAD TO RE-DISCOVERY OF COUNTY'S LOST DIAMOND MINE

Crockett County has had its share of tall tales and legends in the past 75 years of its existence and looking through them brings to light the fact that Creckett County, too, boasts of a lost treasure. For the Diamond Jubilee celebration, what could possibly be more fitting than a story about a lost diamond mine, that goes something like this.

It seems that around the year 1906 or therebouts, one Bob Metcalf owned the propert that is now the Miller ranch southwest of Ozona, and it was in trying to drill a well on this ranch that the black diamonds, or something wonderfully like them, were encountered.

These stones were excessively hard and a diamond

drill was powerless to penetrace the strata in which they were encountered. It was thought, at the time, that even if not real black Sonora Broncos diamonds which seemed too diamonds which seemed too good to hope for, the stones would be valuable for tipping drills, and for other commercial purposes.

The samples brought to town by Mr. Metca!f were sent away for analysis and were lost. At the time of the find, unable to go farther with his drilling, Metcalf closed the hole, and subsequently was never able to relocate it.

There the tale of the Black Diamond Mine ends, but who knows, with so much oil activity, it could be uncovered again some day soon.

#### CROCKETT CO. OWES SENATOR HARDEMAN A DEBT OF GRATITUDE

Aside from the fact that he is perhaps the most powerful man in the state government at Austin next to the governor himself, Sen. Dorsey B. Hardeman of San Angelo, veteran 25th district representative in the upper chamber of the state legislature for many years, deserves to be re-elected to that post by the voters of this district because of his faithful service to the district and to the State as a whole.

Senator Hardeman voted for the Texas Right to Work law and supported retention of Taft-Hartley act's 14-B. He voted to outlaw the Communist party. He supported and bridge was held at the state's permanent school Mrs. Jack Baggett. fund. He co-authored the In golf play, low net on

Winged steeds riding to heavy music . . . . pioneers in the wilderness . . . . castles on the cliffs . . . boating at high speeds.

Look at the magic that enables the lake to mirror the rocky mountain peak and the heavens! The vastness and stillness of the scene sets my mind to wondering about time and space and things I will never understand.

But in standing here and wondering so, I feel like I've been near God.

#### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
