Crockett Co. Hospital To Stay Out Medicare Program 'At This Time'

Members of the Crockett County Hospital Board of Directors, in a called meeting Monday evening at the civic center, voted unanimously against entering the hospital in the Medicare program at this time. The board meeting was called to consider the signing of a contract with the Social Security Agency to take care of patients under the Medicare program.

The law creating the Medicare program leaves the decision up to each individual hospital as to whether or not it participates in the program. A news release from the San Angelo office of the Social Security System carried in last week's Stockman, declared the Crockett County Hospital as one of 14 hospitals in the 13-county San Angelo area listed as "eligible under the Civil Rights Act of 1964 to participate in Medicare."

Hospital officials and board members declined to elaborate on the announcement that the board had "voted unanimously not to have the hospital enter the Medicare program at the present."

Board members present for the meeting were Nat Read, president; Mrs. James Burnett, secretary; Mrs. Fred Hagelstein, L. D. Kirby and Bud Hoover. Absent was W. O. Reeves, vice president of the board.

Others present were Drs. E. L. Dyers, Lloyd H. Sherrill and Joe B. Logan, and Hospital Administrator Norman Olson.

Special invited guests were Dick Kirby, county auditor, who explained the reimbursement policies of Medicare, and Fred Chandler, county attorney, who explained the law of the contract.

Area Historians Convene here Sat Dedicate Marker

Approximately sixty visitors were added to the Diamond Jubilee celebration week crowd Saturday when the Permian Basin Historical Society held its convention in Ozona, and at the same time ceremonies of dedication were arranged for the installation of interpretive plaques on three Medallion buildings in Ozona.

John Ben Shepperd of Odessa, chairman of the Texas Historical Survey Committee, and president of the Permian Basin Historical Society, presided at the afternoon meeting at the civic center. Featured speaker was Dr. Grover Cleveland Ramsey of Austin who spoke on old Camp Melvin in northwest Crockett county.

During the morning, plaques were dedicated on the Crockett County jail, the courthouse and the Ozona National Bank building. State Senator Dorsey B. Hardeman dedicated the plaque at the jail; State Representative elect Hilary B. Doran, Jr., of Del Rio dedicated the courthouse plaque and Representative Gene Hendryx of Alpine dedicated the bank building plaque.

But the outstanding event for the historians was the presentation of a Texas Award for Historical Preservation.

Street Dancing Grand Finale Of Jubilee Festival

Winding up with a street dance in front of the gym, with crowds packing the area of two blocks square plus the tennis court, following the final performance of the historical pageant at the football field, and a mile-long parade earlier in the afternoon, Ozonans and their guests ended a week of celebration of Crockett County's 75th anniversary.

The week had begun the Saturday night before with a Queen's ball at the civic center when Miss Esther Williams was crowned Diamond Jubilee queen. It had progressed through union church services Sunday evening at the football field, merchants ballyhoo Monday and Tuesday, youth activities Tuesday and Wednesday, style shows, cooking schools, class reunions and all kinds of activities through the week.

An Ohio firm, the Rogers Company, employed to stage and direct a historical pageant, presented its version of a Crockett county historical pageant at the football field the final four nights of the week. Some 200 or more local men, women and children took part in the pageant, presented in a pantomime.

Mitchell Quits As Manager Of Ozona C. of C.

Kenneth Mitchell, manager of the Ozona Chamber of Commerce for the past three months, has resigned effective July 1.

Mitchell has accepted a position as head football coach and athletic director of Robert Lee High School where Mrs. Mitchell will also teach.

He will enter Southwest Texas State at San Marcos July 12 for the summer school session and then move with his family to Robert Lee.

The Chamber of Commerce has no one in mind for the job at the present time, according to Bill Watson, Chamber president.

Charley Coates Laid To Rest In Service Saturday

Funeral services for Charles Edward Coates, 72, were held Saturday afternoon at 4 o'clock from the First Methodist Church with Rev. Leonard Garrett, pastor, conducting services. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

Mr. Coates died at 8:15 p. m. Thursday, June 16, in Shannon Hospital in San Angelo where he had been a patient three weeks.

Mr. Coates was born in Ozona on July 5, 1893, the first boy born in the county after it was organized. His mother and father, Mr. and Mrs. W. F. Coates, came to this part of Texas in 1890 in a covered wagon and took up ranching north of Ozona, one of the oldest pioneer families in Crockett county.

Mr. Coates was a veteran of World War I. He enlisted in June of 1918 and trained in Georgia until his discharge June 11, 1919. Returning to Ozona, he married Miss Ora Taylor in August of 1919, the couple moving to the Howard Well ranch south of Ozona in 1920. Four sons were born to the couple, two of them, Charles, Jr., and Bobby, dying in childhood.

Before his marriage, Mr. Coates kept books for his father's leather business after attending Waco Business College.

In 1950 Mr. Coates sold the Crockett county ranch to Ira Carson and bought a ranch near Hugo, Colo., and moved there with his family. Mr. Coates and his sons operated the Colorado ranch until 1960 when he retired from active management and with Mrs. Coates returned to Ozona to make their home. He had been a member of the Masonic lodge since 1918 and of the Methodist church for 63 years.

Survivors include his wife; two sons, Lloyd and Jack Coates, both of Hugo, Colo.; a brother, Ford Coates of Ft. Stockton; two sisters, Miss Dolly Coates of Ozona and Mrs. Clark Barton of Ozona. Pallbearers were Phillip Schneemann, P. C. Coates, Eddie Bower, Taylor Deaton, Bud Coates, Oscar Kost, Roy Coates, Tommy Harris, and Bill Coates of Ft. Stockton.

Ozona National Employs Architect To Plan New Modern Bank Building

The second step in its plan to erect a modern banking house in Ozona, the Ozona National Bank this week employed an architect to begin preparation of plans for the structure to replace the 61-year-old building now housing Ozona's only financial institution.

The bank directors recently completed successful negotiations for purchase of the Lee Wilson garage building and lot on the corner of

Three Hurt When Car Overtuns On Rain-Slick Hiway

An automobile wreck at 6:25 Saturday morning, 17 miles west of Ozona on Highway 290 sent three women to the emergency room of the Crockett County Hospital and was directly responsible for another smash-up that occurred only two minutes later.

The first mishap occurred when a 1966 Ford driven by Margarethe Abaham of Miami Beach ran off the road and turned over after she lost control on the rain-slick highway. She was accompanied by Laury Rammelkamp of New York City and Annarose Kiss of Miami Beach. All three women were taken to the emergency room of Crockett County Hospital, treated for cuts and bruises and released. The automobile was badly damaged.

The second mishap occurred only two minutes later at the same location after Tony James Emmitt and his wife of Dickinson stopped their 1959 Ford on the shoulder of the highway to offer their assistance. A 1959 Plymouth driven by L. D. Butler of Wharton topped a hill, and skidded into the Emmitt vehicle when Butler applied his brakes. Butler was accompanied by his wife and daughter, Nancy, and an exchange student from Paris France, Chris Lahitette. None of the occupants were hurt.

Antiques And Heirlooms Show Proves Popular

One of the most popular spots in downtown Ozona during the celebration week was the elaborate display of antiques and heirlooms arranged in the Tom Harris building between Ozona Dress Shop and the Baggett Agency.

Heirlooms brought family heirlooms, pictures, antique furniture, crystal, pottery and handwork to display during the week.

Several of the wedding gifts of Mr. and Mrs. Pon Seahorn, married in 1907, were on display, with the original gift cards of the donors still in them. An ancient Bible of the J. W. Friend family was another interesting display.

A hand-made trunk, which Max Schneemann's father brought with him from Germany and which he pawned in London and later redeemed after reaching the United States, was among the fascinating items displayed. A quilt made by the Woman's Missionary Society of the Methodist Church, with names of members and their families embroidered in squares forming the pieced cover had been raffled as a money raising stunt was loaned by its purchaser, Paul Perner. He paid \$100 for the curio.

A hand powered shearing machine, of uncertain vintage, was loaned by Joe Rebelez, along with an old fashioned lamp.

A scrap book, kept by Mrs. John Young for many years, and containing clippings of newspaper accounts and pictures of every wedding in Ozona for many years back, plus some other interesting clippings, was one of the more interesting displays.

A nightgown found in a trunk belonging to the late Mrs. Pon Seahorn, together with the catalogue of the National Cloak and Suit Company of Chicago from which it was ordered (price \$1.97); silver brought from England by the grandparents of Mrs. Sherman Taylor; old chairs from an early era in the Crockett county.

Ozona 4-H Team Wins Natl. Wool Judging Title

The Crockett County 4-H Wool Judging Team was named National Champions in wool judging last week at Sonora when they nosed out a Larimer County 4-H Team from Fort Collins, Colorado, by one point, 1526 to 1525.

This was the sixth year that a National 4-H Wool Judging Contest has been held in connection with the Sonora Wool Show. Three of the Crockett county team members placed in the top ten high individuals; Steve Taliaferro, 2nd high individual; Jesse Deaton, 3rd high individual; Duwain Vinson, 8th high individual; and Donny Elgerton completed the team roster.

Placing third in the contest was a Sutton county team, who won the state wool & mohair judging contest three weeks ago and were the favorites to win the National. Out-of-state teams furnished strong competition to Texas teams as the Niobrara County, Wyoming, team placed 4th and a team from Chaves County, New Mexico, placed 5th in the contest.

Training the National champion team was county agent Pete W. Jacoby, assisted by Jimmy Davee, Jim Carpenter, Billie Rose Whitehead and Tom Everitt.

WHOSE BABY? This little eager beaver is a native of Crockett county and an Ozona business man. You should recognize him if you've looked closely at the picture. His face hasn't changed much — he's some wider and a little longer. (Last week's picture was of June Perner Henderson (Mrs. Roy Henderson).)

Finally have our new pressing system set up, thanks to the originators of zip code. If you are not getting two, we would appreciate your letting us know. Also when ordering a subscription or renewal it will be a big help if you let us know if you live out of town so we can add your zip code. This is probably all in all. We fully expect to do it over again when in a while of years they decide to give everybody a number of a name.

In the way, we are going to continue with our "guess the picture is feature". We have had so much comment and interest that we decided to continue it through the Jubilee year, so the pictures coming. We also interested in old records, so if you have any, let them by.

The new museum sign certainly added a lot to the museum. Tommy Chandler was sensible and it's most attractive. It seems that there are many visitors stopping. Don't know if it's the sign or the tourist season.

Well, the big celebration is over and everyone is excited. I might, add, I've never seen so many white faces in my life. It's really something what shaving off a beard will do for a fellow. Ozona has been pretty good this week after all of last week's activities, but even seemed to enjoy ourselves and the class reunion were most successful. Went to the pageant the night and there seemed to be more cast than audience, but the crowds lined up each night, according to officials. Alma Oberroach was the hit of the show in her role as "Anny," and she really made the cow too. If you believe it, just ask her. We haven't been informed of the financial outcome, but we have a hunch if the thing made money we would have been among the to know about it.

That was left Sunday evening of the well attended street dance held in front of the high school gym Saturday night was a lot of lit and one lone man in a white shirt sitting on the ground blinking his eyes and holding his head. It made wonder if his friends started to count heads when started home in the wee hours, or if they were able.

— k k —

Don't know if anyone has noticed it but me, Ozona has more stop sign and less that stop at them than there else in the world. When I first moved to Ozona going on seven years ago I soon learned to stop at an intersection if a car coming whether I had right-of-way or not. Sometimes I've been glad since the car that was used to stop just zoomed right on through with the driver looking neither right or left.

POVERTY COMMUNIQUES

For those who are wondering if we can expect victory or at least a negotiated peace in the war on poverty, we can only advise patience. And a strong stomach.

In Fort Lauderdale, Florida, 16 boys were persuaded to defect from the other side of the tracks and wear tuxedos to a high school function, courtesy of Sargent Shriver's Office of Economic Opportunity, with the taxpayers picking up a \$290 tab. However, there may be some subtle symbolism here and hope for the future. If poor boys can get used to wearing tuxes they may be influenced to become capitalists. Some time they may even be able to contribute to \$100-a-plate political dinners.

Thanks to OEO, wages are going up. At least in the OEO. A welding instructor worth \$3,200 on one payroll became worth \$9,780 when placed on the OEO payroll. A physical education instructor who had earned \$4,600 found he could command \$9,480 as a poverty warrior. Teachers are being purged away from dollar-conscious school districts at Great Society salaries that are usually twice what they had earned.

There's more than money involved, too. Some of Shriver's happy warriors are showing a dedication to duty that is not just outstanding but downright stupifying. An OEO official was invited to address a graduating class of Head Start scholars, non-pets aged 5 and 6. The class was located 200 miles away—a trip that would have taken a few hours of the official's valuable time had he elected to travel by bus or car. Conscious of the importance of his mission he chartered a twin-engine plane to get to the kindergarten about to be graduated in a hazy, extremist world. For such gallantry in action, we trust that Sargent Shriver will award this intrepid traveler the Bobby Kennedy Award, sold brass.

On lower echelons, too, the Poverty Corps is shaping up. Certainly the troops are developing the same attitude towards ordinary taxpayers as their bureaucratic superiors. Not long ago a mob of Job Corps enrollees armed with clubs and rocks stormed into New Bedford, Mass., to go battle with teenagers there.

Police action averted serious bloodshed but a request from the townspeople that the camp be closed got this reply from the All-Highest, Sargent Shriver: "Job Corps has no intention of leaving Fort Rodman."

There's one Sargent who'll never retreat.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Auto insurance rates in Texas may rise an average of \$2.11 a year per motorist.

State Insurance Board is testing testimony given at a public hearing on rates last week. Decision probably will be announced soon, since new rates usually are effective August 1.

Look for these rate changes if the Board follows staff recommendations.

Liability (bodily injury and property damage) up 11.9 per cent.

Private passenger \$50 deductible collision, up 24 per cent.

Full comprehensive coverage, up 0.3 per cent.

Private passenger \$50 deductible, comprehensive coverage, up 17.7 per cent.

Rates, of course, will vary widely among 26 rating districts.

Among strong recommendations to the Board were:

A driving record classification plan to reward the safe driver with lower rates and hit the "bad" driver with higher premiums.

A more flexible rate schedule for drivers under age 25 — with highest rates for young males of 17.

A private passenger classification plan to produce a lower rate for drivers with less exposure to accident conditions.

A means by which a driver in the "assigned risk plan" could purchase additional coverage over normal \$10,000-\$20,000 limits.

Oil Production Reduced — Because of gloomy testimony and statistics, the Texas Railroad Commission again has reduced Texas oil production after a statewide prorotation hearing.

July order will hold prorated wells to 33.3 per cent of total ability to produce.

This is down 1.2 per cent from June's rate and 1.7 per cent below the April high of 35 per cent.

A recalculation of the actual oil production resulting from the July cutback produced an estimate that it will be 2,734,835 barrels a calendar day from allowables of 3,118,042 barrels a day.

Translated into actual barrels of oil in the pipelines, the new production figure is below the 2,749,135 the wells produced in January.

Mrs. Joe Pierce is visiting friends and relatives in Bay City this week.

Mr. and Mrs. Wilson Rink and children, Tracy, Windy and Lyle, of San Angelo were Jubilee week guests in the home of Mr. and Mrs. Michael Miller. Mr. Rink is a brother of Mrs. Miller.

Ozona Community Center Kiddie Klub has accepted a gift from Mrs. Joe Pierce, Jr., given in memory of Shauna Montgomery.

Martha Simon of Dallas is visiting Georganne James.

Mr. and Mrs. B. E. Cleere and children, Kirk and Penny, were the guests of the J. B. Millers over the weekend for the Diamond Jubilee celebration. Sonny was one of the narrators for the Pageant.

Mr. and Mrs. Van Miller had as guests in their home last week, Mrs. Miller's parents, Mr. and Mrs. G. W. Smith of San Marcos. The Smiths are former Ozona residents.

Mrs. Monroe Baggett entertained all her daughters and their families during Jubilee week. Here for the week were Mrs. N. E. Smith and son, Mike, of Lamar, Colo.; Mr. and Mrs. J. B. Pace of Austin and Mr. and Mrs. Hiram S. Brown and son, Steen also of Austin.

Resolution and Order
By the Board of Directors of Crockett County Water Control and Improvement District No. 1 calling an election upon the question of ratifying the annexation of certain territory to said district, and upon the question of the assumption by said added territory of its proportion of the outstanding bonded indebtedness of said District.

NEW PERSPECTIVE

She went up and up. "Again, Daddy,
again," until from her great height she
looked down on a strangely distorted scene.
Daddy was different from the top. Mommy
was little and far away. Even the familiar
old tree had hidden its friendly trunk and
she caught her breath with a thrill of the
unknown. I saw her expression change and
suddenly there was a cry tinged with fear,
"Don't Daddy!"

I dropped back while the swing slowed
down. She tumbled out of the swing into
my arms and I realized that there was a

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of
character and good citizenship. It is a storehouse of spiritual
values. Without a strong Church, neither democracy nor civiliza-
tion can survive. There are four sound reasons why every
person should attend services regularly and support the Church.
They are: (1) For his own sake. (2) For his children's sake.
(3) For the sake of his community and nation. (4) For the sake
of the Church itself, which needs his moral and material support.
Plan to go to church regularly and read your Bible daily.

Little League Launches Second Half Schedule

In Little League play last Monday night, the Flying W Ranchers were thoroughly thrashed by the B & B Grocers 18-6. The first-half champion Ranchers looked like anything but champions as a week's lay-off from practice and a game lost during Jubilee activities put a crimp in their style. The up and coming Grocers, who practiced daily during the jubilee celebration, were a little on the lucky side also, as the Rancher pitchers managed to walk in several runs. It was a record for walks and actually very few hits were counted as the Ranchers made error after error.

B & B scored 3 runs in the top of the first inning and the Ranchers came on in the bottom to go ahead 4-3 with Jim Montgomery slamming one over the center-field fence. However, the remainder of the game belonged to the B & B crew as the Ranchers scored only 2 more runs.

Pete Ybarra started for B & B and was relieved by Billie Joe Pierce. Mike Jenkins started for the Ranchers, was relieved by Jose Martinez

who in turn was relieved by Jeffrey Stuart.

In the second game, Moore Oil gave Ozona Oil a run for its money, losing by only 1 run. Ozona Oil won 4-3.

Ned Stephens was the losing pitcher and Oscar Najar the winner.

Tonight Flying W Ranchers will take on Moore Oil and Ozona Oil will play B & B. The first game will begin at 6:30 throughout the second half of play.

Minor League games start at 5:30 each Tuesday and Friday.

Misses Karen and Melody Russell of Barnhart and San Angelo were guests in the home of Mr. and Mrs. Leon Robinson for the Diamond Jubilee, leaving Sunday for Dallas for a round the world trip. They will return Aug. 3.

The Russell sisters are daughters of Mrs. Gene Linticum of Barnhart.

Also guests in the Robinson home were Miss Jann Paulk from Hobbs, New Mexico, and Miss Vicky Moore from Midland, Texas.

PENGUIN-DOWN DRI-DIE

Versatile Dust Developed by Scientists

Researchers have discovered a new method of protecting houses and apartments against roaches and a hundred other insects for the lifetime of the occupants.

Professors of entomology said that a new dust called "Amorphous Silica Gel" has been developed that is harmless to humans and animals, but lethal to roaches, cockroaches, silverfish and a hundred other insects. The dust literally dries the insects to death by removing a protective wax on their bodies and causing death through evaporation of body moisture.

Once applied, it can last indefinitely without losing its ability to kill pests.

Homer in Twelfth Spells Defeat For Ozona Tiger Nine

The Ozona Tigers lost a heartbreaker in the 12th inning here Sunday afternoon to the veteran Ballinger Indians after tying the score in the sixth and holding the visitors in check while they tried for a winning tally.

The Indians had scored two in the fourth but the Tigers tied it up in the sixth when Lionel Munoz slammed out a two bagger to score B. B. and Rudy Martinez.

The Indians were at bat in the top of the twelfth and Rudy Martinez, who had pitched the distance for the Tigers, laid one in that was to the liking of the Indian's top slugger, Clyde Escobar, and the ball sailed over the field lights for a home run. The Tigers were unable to score in their half of the ninth and the ball game went to the visitors 3-2.

The next engagement for the Tigers will be on the Powell Field diamond Saturday night of this week and Sunday travel to Miles for an afternoon game.

Mr. Farmer —
Mr. Rancher:

Too many short term debts can cripple your total credit program, tie up operating capital and cause you to miss opportunities that require immediate funds. For these reasons, it can pay you to consolidate your short-term obligations with a long-term, low cost Land Bank loan on your farm or on your ranch.
