It's not help but wonder if they give it much thought they say that local officials should put a stop to drinking alcoholic beverages. Throughout the year I've heard various things about Ozona's teen-agers and if there are just a number of drinking parties that I have been out with just half the number of participants, I see how the four men of the sheriff's department at an end to it without the help of the parents and every minor has one parent and it seems to be their responsibility to exert some sort of control over their child or children. I have noticed, however, that the majority of parents tend to blame the child for their own wrong doings, which is injustice to the child as to the community. The point to bear in mind when these officers issue a ticket, the parent is out of their hands and the case goes to court. If no judgment is meted out, the parent has wasted his and the county's time.

Sheriff Mills has made a statement in another part of the edition about the problem unless it gets control from all concerned, he said he and his department are between the child and a hard rock and a hard

ma had some unusual last week Jean Paul and Michel Rocchia, from France. Johnny played host to them and gave them a tour of the Texas ranch. They are going to the U. S. on a Greyhound bus and came to Ozona after a visit with Sheryl ClCayton, didn't meet anyone in who spoke French. However, Johnny said they pretty well with their French diction. He put them on the bus for Disneyland and west last Wednesday and they seemed delighted with their visit here.

everyone who braved the Saturday to meet Dr. Deese was most impressed. He seemed to be favorably impressed with Ozona.

nce we have the finest facilities of any West Texas town, I see how the doctor and his wife have much consideration for the fact. Also the fact that Ozona has always supported three doctors should be an important factor in bringing up his mind.

It seems to be the general feeling that everyone would like to see from his presence, the hospital and the town. Let us hope that Dr. Tate doesn't over-extend on Last Page)

Juvenile Liquor Possession Cases To Be Prosecuted

Billy Mills, sheriff, announced that as of today he and his officers will file charges on any minor drinking or having intoxicating beverage in his possession.

He said that numerous cases and complaints of recurring violations involving minors with alcoholic beverages had prompted a stiffer action than had heretofore been observed by his department. "There will be no exceptions," he said. Conviction of minors drinking or in possession of alcoholic beverages carries a fine from \$1 to \$200 plus court costs. Buying alcoholic beverages for or selling to minors is punishable by a fine of from \$100 to \$200.

Record Books Of 18 Crockett 4-H Members To Dist

Eighteen Crockett County 4-H members have prepared 4-H record books for district judging which is being held on Wednesday and Thursday of this week. This is a record number of 4-H record books being entered in district competition for the county, according to county agent Pete W. Jacoby.

Five 4-H members have entered their records in the senior division and should they become district winners, their records will be entered in state competition at Texas A&M. The five senior 4-H members entering records are David Jacoby, Duwain Vinson, Jr., Janie Edgerton, Don Edgerton and Enemencia Diaz.

The thirteen junior members entering records are Fred Deaton, Kathy Williams, Steven Hubbard, Skookie Edgerton, Diana Deaton, Cyndie Whitehead, Mary Jane Martinez, Melissa Zapata, Mary Frances Martinez, Elaine Zapata, Elizabeth Zapata, Richard Reinberg and Melecio Martinez. The highest level of judging for junior 4-H records is on district basis.

The Crockett County 4-H clubs are entering four 4-H record books in programs carried on in the county in health, safety and electric. The county won district and state awards on all of these programs last year.

Flood Control Dams Workout In Weekend Rains

The Soil Conservation Service flood control dam system above Ozona built following the disastrous flood of 1954 which engulfed Ozona, got their second good workout since being built the past week-end.

Three of the six dams controlling the watershed on Johnson Draw above Ozona were filled several feet above draw-down tubes with the heavy rains of Saturday and Sunday and were "working" Sam Fitzhugh, Soil Conservation Service conservationist here, said following an inspection of the system.

Dams number 2, 4 and 5, on Boyd Baker and R. L. Flowers ranches, were working following the rains. The big dam on the Jack Holt ranch lacked some three feet of filling to the draw-down tube. All dams caught some water, of course, but only the three main stream dams were filled above the tubes to let out the flood waters gradually. The one dam on Gurley Draw, No. 7, did not fill to the tube overflow level.

The upstream dam system got its first real workout in September of 1964 when rains of up to six inches fell over the watershed. This was equal to the 1954 flood rains, but fell over a longer period than the 1954 fall. All dams on the main watershed were working for a time after the 1964 rains.

The widened and leveled stream bed through Ozona ran about two feet deep from bank to bank, a slow moving flow as it was designed by the SCS engineers. The 1964 flow was about the same but since more dams were filled and to a higher mark above the draw-down tubes, the draw continued to run longer. After two days flow, the stream fell to a slow trickle of perfectly clear water.

Stuart May Play In Oldtimer Game In Houston Dome

Byron Stuart, former professional baseball player and mainstay catcher for the Ozona Giants in days of Semi-Pro baseball here, will be at the Astrodome in Houston this weekend for the Oldtimers Game to be held at 6:30 Saturday afternoon.

Stuart spoke to Paul Dean, brother of Dizzy, by telephone earlier this week and plans are in the making for him to put in two innings. He doesn't know what position he will be playing, but assumes it will be catcher since he played that position most of his professional career.

He is working out with the Ozona Tigers and Indians each afternoon and says he expects to be in shape to go two innings if he gets the opportunity.

Stuart played professional baseball many years before retiring from active sports and settling down in Ozona.

Midway Lane Field Has Strawn Gas Producer

Third Strawn gas-distillate producer and a location south and east extension to that pay has been indicated in the Midway Lane multipay field of Crockett County with the flowing of gas at the daily rate of 274,000 cubic feet, and recovery of 190 feet of gas-cut drilling mud on a drillstem test.

Tool was open one hour on the test taken between 7,386-433 feet. Drilling continued below 7,433 feet.

Man Rescued From Flooded Draw - Cars Smashed But None Hurt Rain-Washed Week-End Accidents

General Rains Blanket Most Of West Texas Area

Ozona and surrounding territory got its share of the general rains that fell throughout Texas over the weekend. Downtown Ozona recorded 1.10 inches of rain Saturday morning and another .04 in a shower on Sunday. Johnson Draw, which runs through the center of town was impassable, except by the bridge on Hwy 290 until late Sunday afternoon.

A report of 2 inches of rain came from north of town on the divide. West of town, Sheffield received 3 inches and this amount was also recorded southeast of town on Taylor Box Draw. Ranchlands south of Ozona received up to an inch and a half of rain. The lightest amounts of moisture were to the southwest.

Coming on top of the recent rains, the latest down-pour should put ranchlands around Ozona in excellent shape for the fall. Total rainfall for August through the 14th amounted to three and a half inches approximately, the highest rainfall recorded for any month this year.

Ozona 4H Members Attend District Council Meeting

Three local 4-H members will attend the District-6 4-H Council Meeting in Fort Stockton on Wednesday and Thursday of this week. Attending are David Jacoby, chairman of the district council, Janie Edgerton and Donny Edgerton, Crockett County Delegates to the Council.

The district 4-H council will be holding its annual meeting in which plans for much of the 4-H activities during the next year in the district will be made. District council officers furnish justice 4-H activities as the district elimination contest awards program, district leadership camp and district Gold Star Banquet.

County agent and Mrs. Pete W. Jacoby will accompany the 4-H members to the district meeting.

Doctor Impressed With Prospects For Locating In Ozona

Dr. Claude Tate Jr. of Austin, visited Ozona Saturday to evaluate the prospects of moving his medical practice here. According to sources close to the doctor, it may be several months before he makes a definite decision. However, he was impressed with Ozona and the people he met here.

Around 55 Ozonans attended an impromptu "get acquainted" coffee held for the doctor at the Civic Center from 9:30 to 10:30. Dr. Tate had been held up in surgery and arrived late in a blinding rain storm, but most of those who came to the coffee stayed to meet him.

He visited the hospital, the local doctors and was shown around town by members of the hospital board. Before leaving, he expressed his appreciation for the consideration shown him by everyone he met.

25 Candidates For Places On 1966 Grid Squad

Twenty-five varsity candidates were on hand Monday when Coaches Sam Mosley and Bill Gerber issued equipment and began drills that will lead to the 1966 opening clash with the McCombs Badgers on September 9th in Ozona.

Coach Mosley, beginning his second year at OHS, was well pleased with the first three days of practice, which were devoted to wind sprints and conditioning exercises. Mosley indicated that the team would have good size but would be short in depth.

Only last week the Lions lost a 3-year letterman half-back when Senior Randy Upham moved to Jal, New Mexico. James Willmon, a 165 lb. Jr. guard candidate, up from the B-Team, underwent an appendectomy the past Tuesday.

"We may have only 20 to 22 boys on the varsity... but this group has more hustle and the best spirit of any football team I've ever seen," Coach Mosley said of his 1966 squad. Mosley indicated that some of the varsity candidates may be placed on the B-Team where they will have more opportunity to get experience.

Several of the Lions have added some pounds over the summer and the 1966 squad could produce a starting lineup averaging over 170 lbs. Last year's starting lineup scaled only 154 lbs. Lion coaches have switched Beto Ramos from guard to half-back, Wesley West from guard to tackle, and Marlin Farris from tackle to center.

Currently on the Lion varsity roster are Senior backs George Cox 165, Thomas DeHoyos 170, Derald Maney 140, Beto Ramos 176, Jack Applewhite 132, Senior linemen Oscar Flores 160-end, Dwight Childress 155-guard, Glenn Southard 158-guard, Rex Bland 165-end, Don Leech (Continued on Last Page)

Francisco went to sleep at the wheel of his 1963 Chevrolet station wagon while going up Bachelor Hill about 20 miles west of town on Hwy. 290. The car sheared off some guard posts and overturned when Johnson attempted to pull it back on the road. The car was badly damaged, but Johnson was unhurt.

In the most incredible accident of the weekend, Paul Deese, a member of the armed forces on his way to Viet Nam, attempted to pass a truck during the rain, finding the spray from the wheels of the truck blocked his visibility, he pulled back and lost control of the 1955 Buick he was driving and smashed into a concrete culvert. The car was completely demolished with pieces of it scattered in a range of around a hundred feet. Deese was found in the top part of the car unconscious. He told highway patrolman Joe Brownlee that the last thing he remembered was losing control of the car on the rain-slick highway. Deese left Ozona by bus Sunday, for his port of embarkation, with nothing more than a bump on the head. The accident occurred about 12:30 p. m. Saturday, 12 miles out on Hwy 290 west.

Officers were called out Sunday morning at 1:30 to rescue K. Wayne Thomas of McCombs, after his car was washed down Howard Draw and he escaped drowning by climbing out the window and hanging onto a tree. An oil crew heard his cries for help on their way to work about 28 miles down the Pandale road. He told officers that when he drove off into the draw, realizing the car was being swept away by the high water, he climbed out the window and hung on to a cedar bush. He said it was around 10:30 when the car was swept away.

Two accidents in town Saturday night accounted for part of the weekend damage. A truck backing out of a local service station backed into a parked truck, causing around \$50 worth of damage to the parked vehicle, according to Brownlee. Later that night a car driven by Anastario Sulis of Big Lake, hit two parked cars in front of the Hotel Ozona, damaging three vehicles.

Sunday afternoon around 6 o'clock a car-pick-up accident at 9th and Ave. G damaged a Mustang driven by Janice Lee Gordon, but left the pick-up, driven by Carl Leroy Hobson, intact. The Mustang rammed into the back of the pick-up when it made a turn.

Reserved Seat Sales For Grid Season Open Mon

Football season tickets for reserved seats go on sale Monday, August 22, for the Ozona Lions' five home games. Tickets may be purchased at the superintendent's office for the price of \$5.00 per ticket. Tickets at the gate this year will be \$1.25, so those purchasing season tickets will save \$1.25. The office will be open to those wishing to purchase tickets from 9 a. m. to 4 p. m. excluding the noon hour. You may look at the chart and choose your seats, or call and have your tickets mailed to you, according to Mrs. Bud Harrison, secretary.

WHOSE BABY? This surly looking fellow has been around these parts a long time, with time off for some schooling in a nearby city. He didn't follow in his father's footsteps, turning rancher instead, which he is today and has been for many years. He still has that same expression - but he's not really as mean as he looks. Last week's baby picture was of Dick Henderson of Ozona and Yuma, Arizona.

HIGHLIGHTS

AND SIDELIGHTS
From Your State Capitol

Austin, Texas — Heinous, inhuman, unthinkable crimes — such as those that have left a trail of blood across Texas — must be stopped, say state officials.

Gov. John Connally and Atty. Gen. Waggoner Carr both have strongly recommended changes in Texas criminal laws.

Their proposals are the result of three terrible incidents — all committed over a period of two weeks. First, the sniping episode on the University of Texas campus during which Charles J. Whitman deliberately killed 15 innocent persons and wounded three dozen more; then the malicious murder of a night watchman in Roscoe Texas, by a West Texas teenager; and finally, the grotesque murder of three youngsters in Fort Worth.

Connally said he would ask the Legislature for a law requiring a compulsory life sentence for anyone who commits murder, then is found not guilty because of insanity.

Carr concurred — adding that he plans to appear personally before the Texas House committee on revisions of the code of criminal procedure in January.

Meanwhile, the attorney has asked the governor to appoint a blue ribbon citizens committee to draft legislation for tougher laws and

stronger penalties. Up for study are:

- Stiffer penalties for crimes of violence.
- Stiffer penalties for sex crimes.
- Clarification of laws dealing with carrying arms in public.
- More effective methods of confining those who use insanity as a defense for crimes.

Both Connally and Carr made it clear they are firmly opposed to stringent laws regulating the sale of firearms.

Draft Call Increases—Texas' draft call for October is the largest since May, 1953, when the Korean war ended. State quota for October is 2,671, compared to 3,823 at the close of the fighting in Korea, according to State Selective Service Director Col. Morris S. Schwartz.

September quota also is up — from 1,585 to 1,890. National call is for 46,200.

THE TIME OF JOY

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There's happiness and ice cream all over her face! It takes so little to delight a child, and we sometimes wish that we could be satisfied as easily.

As we grow older, we acquire expensive new possessions but tire of them. We try costly new entertainments until they bore us. Even though our lives are full of small pleasures . . . the fragrance of fresh-cut grass, the soothing sound of rain, the silent beauty of stars . . . we somehow aren't really aware of them any longer. Even life itself, the greatest gift we have, can seem bleak and fruitless. What can restore our awareness of the joy and privilege of being alive?

Jesus knew about this problem, and He had the answer for all who need it. He has promised life . . . more abundant life . . . to those who will follow Him. And He will help, every step of the way.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 4-d to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 4-d to read as follows:
"Section 4-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner."
(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural

use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.
(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.
(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.
(e) No land may qualify for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.
(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional

tax. The additional tax shall equal the difference between taxes paid on payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.
(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:
"FOR the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."
"AGAINST the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."
Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the constitution and laws of this state.

NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.
SENATE JOINT RESOLUTION NO. 19 proposing an amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs, providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing an additional \$200,000,000 in bonds by the Texas Water Development Board up to two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot, and proclamation.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:
"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.
"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.
"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.
"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 additional bonds herein authorized.
"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities shall be used to pay the principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby services, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.
"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."
"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

GRA Urges Yes' Vote In Wool Referendum

The Texas Sheep and Goat Raisers' Association support a "Yes" vote in the upcoming national referendum for sheep producers September 12 to 23, said G. C. Magruder Jr., president. The referendum will decide whether producers wish to continue to support an industry promotion program which is financed by a deduction from their wool and lamb incentive payments. The deduction is to be increased 50 per cent to 1 1/2 cents a pound on wool and 7 1/2 cents per cwt. on lamb if the referendum carries.

Magruder, of Mertzton, pointed out that the competitors of wool and lamb spend hundreds of millions of dollars each year in advertising and publications into education in home economics classes at both high school and college levels. Into promotional programs designed to encourage retailers and their employees to recommend wool and lamb to their customers, into such publicity-winning campaigns as the Miss Wool Program and the Make-It-With-Wool contests.

Magruder pointed to encouraging signs in the sheep industry. Wool prices to the producer for the first six months of this year are running more than 11 per cent ahead of the first six months of 1962 - the last time a referendum was conducted. Mill consumption for apparel wool use was up 15 per cent the first four months of 1966. Lamb prices the first six months of 1966 were up 7 per cent from 1965 and 23 per cent from the average of the last four years.

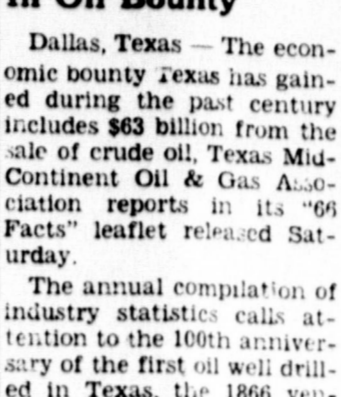

Century Brought Texas \$63 Billion In Oil Bounty

Dallas, Texas - The economic bounty Texas has gained during the past century includes \$63 billion from the sale of crude oil, Texas Mid-Continent Oil & Gas Association reports in its "66 Facts" leaflet released Saturday. The annual compilation of industry statistics calls attention to the 100th anniversary of the first oil well drilled in Texas, the 1866 venture of Lyne T. Barrett near Nacogdoches. The leaflets are distributed free through the Association's Oil Information Committee program.

In keeping with the theme, "Texas & Oil - 100 Years of Growth," the publication says Texas has produced 2.7 billion barrels of oil, 36.3 per cent of U. S. total, since Barrett's well. Another significant milestone in Texas oil history is noted: In the 100th year the total oil and gas money in the Permanent School Fund and the University of Texas Permanent Fund passed the one billion dollar mark.

Major Harrison, Viet Nam Veteran Is Rotary Speaker

Major Stephen Harrison, veteran Air Force officer, was guest speaker Tuesday at the weekly Rotary Club luncheon. Major Harrison, since his recent return from Viet Nam, has been accepting speaking engagements all over the country. Rotary members enjoyed his speech and style of delivery, and came away much better informed about our methods of teaching freedom and our way of helping teach these people the system of free enterprise.

Deeny Holden, local Viet Nam veteran who recently returned to Ozona, was a special guest at the luncheon. Deeny is the son of Mr. and Mrs. Bill Holden, and the author of some vividly descriptive letters that the Stockman was privileged to print while Deeny was on duty in Viet Nam.

Maj. Harrison is a career Air Force officer and a nephew of Bud Harrison of Ozona. He has served in all the major conflicts during and since World War II. Presently stationed in Waco, he has a wife and three children.

Crockett County Museum visitors numbered 111 this week. There were 79 visitors from out of town and 32 from Ozona.

Tourist Projects Talked at C of C Planning Session

Nineteen persons were on hand for the Chamber of Commerce meeting Monday night at the Civic Center, the majority of whom were not members. Bill Watson, president, expressed his disappointment at finding so few members present from a membership numbering 144.

C of C directors present included Dick Kirby, Mrs. S. M. Harvick, George Glynn, Bill Cooper and Sam Martinez.

An informal discussion followed with campersites, tourist attractions and industry being discussed at length. Interstate 10, which will pass through Ozona, is expected to give the town a big boost, the group was told.

The Amistad dam project was discussed at length and Watson pointed out the fact that when Val Verde County finishes the part of Hwy 163 leading to the dam in that county, the quickest and best route will be through Ozona. It was suggested that a delegation be sent to Del Rio to see if the project can be speeded up.

At present, the chamber is interested in the development of Fort Lancaster and is anxious to do everything possible to help with the

restoration in order that tourists may take full advantage of the opportunity to visit the historic old fort.

In the absence of a manager, the chamber is running a rental agency, publicizing hunting leases and answering letters from students and others who are interested in knowing more about Ozona. Since its establishment, 3 years ago last March, the chamber has sponsored three air tours and helped each year with the junior rodeo.

Watson reported that seven applications had been received for the job of manager and that one would be hired in the near future.

He discussed John Ben Sheppard's "Program of Work" written for the West Texas Chamber of Commerce and all chambers in West Texas towns.

The possibility of attracting industry to Ozona through wool was discussed. Crockett County is the second largest wool-producing county in Texas.

It was proposed to start an all-out membership drive and generate more interest in the organization. Watson pointed out the fact a chamber of commerce could do nothing on its own; the people in the organization must be active to accomplish anything worthwhile.

Before the meeting closed it was decided to have a general membership meeting at least once a month with the public invited.
