## Mitchell Field Hangs Up New Record Gasser

A Crockett County explorer has been completed, making the well the largest gas producer in District 7-C of the Permian Basin of West Texas. The well has recorded a district record yield of gas from the Ellenburger formation.

The prospector, Shell Oil Co.'s No. 11-1-A Mitchell, is 1 1/2 miles south of the J. M. (Ellenburger Dry Gas) Pool, 36 miles southwest of Ozona in extreme southwest Crockett County. The well registered a calculated absolute open flow potential of 850 million cubic feet of gas daily. The production is from perforations between 13,168 feet and 13,494 feet which had been injected with 35,000 gallons of acid and from perforations extending from 14,041 feet to 14,503 feet after acidizing with 24,000 gallons.

Location is 2,550 feet from north and 2,410 feet from east lines of Section 11, Blk. Q-3, TCRS Survey.

The venture drilled to 14,582 feet and set a 4 1/2 inch

liner from 10,727 feet to 14,580 feet with the hole being plugged back to 14,532 feet.

The calculated absolute open flow was based on a series of four-point checks the operator had taken during recent days.

The big gasser is believed to be the largest volume producer ever completed in District 7-C, and is said to be the next to the largest volume producer ever in the Permian Basin.

The largest Permian gas producer is the Phillips Petroleum Co.'s No. 2 Puckett in Pecos County (District 8), completed in December 1966 for 2.5 billion cubic feet of gas per day.

Up until now, the top producers in District 7-C have been the H. L. Hunt No. 1-9 University, also in Crockett County, completed in October, 1963, for 770 million cubic feet per day, and the Holland Oil Co.'s No. 1 Marlon Hays, completed in August 1961 for 250 million cubic feet daily.

## Plans For Tenth Annual Jr Rodeo In Final Stages

Plans are underway and last minute preparations being made for the 10th Annual Junior Rodeo, sponsored by the Lions' Club. The festivities will kick off with a downtown parade at 4:30 next Thursday afternoon, first day of the three-day event.

Entry applications have been coming in daily at a little above average rate. Officials anticipate one of the largest junior rodeos ever held. Trophy Buckles will be awarded to average winners in all events, with a trophy presented for best all around performance. All entry fee money will be paid back in day money and finals. Entries close midnight, Monday, July 24.

This year's rodeo queen will be selected from a group of young ladies chosen by the various civic clubs in Ozona. Selection will be made by popular ballot. Each paid ticket holder will vote for his selection.

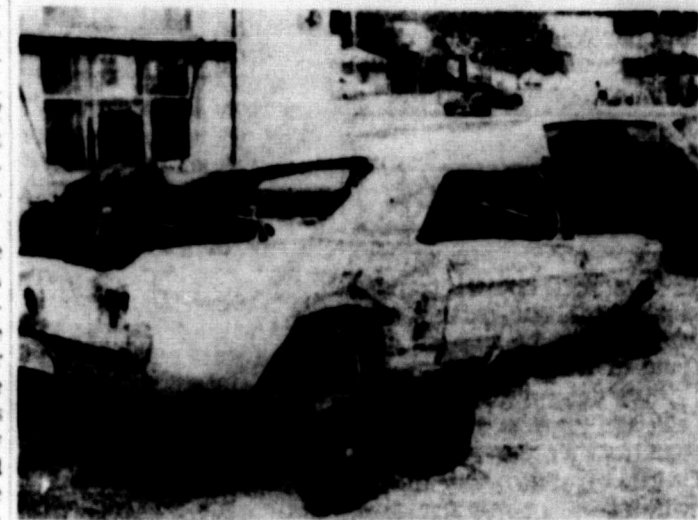

The "Grand Entry" will be held promptly at 7:45 each of the three nights, with contests to follow.

Bill Watson is general chairman of the rodeo this year. The rodeo committee consists of Bud Cox, arena director, Oscar Kost, Charlie Davidson and Sonny Bailey. Doyle Elmore is chairman of the parade committee. Jim Marks heads up the program and dance committees. Jim Dudley will be in charge of entries and books and secretaries are Carl Conklin, L. D. Kirby and Dick Kirby. Other chairmen are Dean Scott, parking, Perry Hubbard, tickets; Bill Lewter, concessions and Weldon Maness, raffle and drawing.

All those wishing to ride, enter a float or participate in the parade will be welcome to do so. To be sure of a place in the parade, call Doyle Elmore, Carl Conklin or L. D. Kirby.

The parade will assemble at 13th St. and Ave. E. The route will follow Ave. E. north to 8th St., turn right for a block, turn right again in front of the band hall, go past the courthouse to Hwy. 290 and follow the highway to the shopping center. After passing in front of the shopping center, the route calls for a left turn at Ave. J where it will proceed across the highway and disband.

## Big Spring Man Dies In One-Car Crash On Big Lake Road Saturday

DEATH CAR — This twisted wreckage, pulled in by a local wrecker service, carried a Big Spring man, Kent L. Gibson, 26, to his death Monday on Highway 137 north of Ozona. The late model Mustang turned over several times when Gibson lost control at a curve. He died shortly after the accident of multiple injuries. The motor, thrown from the frame in one of its rolls, was loaded into the car's trunk for hauling. Other parts, including the trunk lid, hood, wheels, etc. gathered up along the highway, were piled behind the crumpled vehicle.

Kent Leroy Gibson, 26, was fatally injured Saturday morning when his late model Mustang went out of control on state highway 137 between here and Big Lake and overturned at least six times. Gibson, an employee of a seismograph crew here, was traveling alone at the time of the accident.

The accident occurred Saturday morning about 10 o'clock, approximately 17 miles north of Ozona. Investigating officer Orvil Perry, DPS, said the late model car went out of control on a curve. He said the car went off the road on the right, went into a roadside skid, returned to the pavement and began to overturn.

Gibson was thrown from the automobile, which traveled a distance of 774 feet before coming to a stop after it left the road. The motor was torn from the chassis of the completely demolished car.

Gibson was rushed to Crockett County Hospital by a Janes ambulance, where it was decided to transfer him to a San Angelo hospital. The ambulance caught on fire enroute, but the driver, Pedro Vargas and a nurse managed to get the patient out of the flaming vehicle and he was returned to the hospital here in a second ambulance, where he was pronounced dead on arrival.

Ozona firemen were called to the scene of the fire, but flames had completely gutted the ambulance by the time they arrived. The fire started under the hood according to Vargas.

Funeral services were held for Gibson Monday afternoon in Big Spring.

Survivors include his wife, who was in McCamey at the time of the accident, and his parents Mr. and Mrs. H. L. Gibson of Big Spring.

## Damage Heavy, Injuries Few In Accident Series

A rash of automobile accidents Sunday kept officers busy and inflicted several hundred dollars worth of property damage. However, personal injuries were at a minimum.

The first accident occurred at 6 a. m. Sunday when a 1949 Chevrolet pickup driven by Robert L. Baker of Big Spring swerved to avoid a deer on Highway 163, about five miles south of Ozona. After going out of control, the vehicle hit a sign, glanced off a metal post and came to rest in the barrow ditch. The driver was uninjured, but a passenger, Norman McNew also of Big Spring, suffered a laceration above the right eye. Damage to the pick-up amounted to around \$100, according to investigating officer, Orvil Perry, DPS.

## Children Overcome By Car Gas Fumes Are Revived Here

Five children between the ages of 2 and 9 years of age passed out at Sutton's Chevrolet Station Tuesday after getting out of an old model car in which they had been riding. The windows of the car had been closed against the heat and the children were apparently victims of fumes which entered the car from beneath the floor.

Lawrence James gave first aid to the victims and with the help of the fire department's resuscitator, the children were revived.

The family did not want the services of a physician and with the windows down, they continued on their way to Pecos.

## New Screwworm Cases Lift Total To 26 In County

Crockett County ranchmen were facing the menace of destructive screwworm spread this week while officials of the Screwworm Control center at Mission, Texas, were doing all in their power to wipe out the pests before they spread wider over the state.

Crockett county reported its 26th case of worms this week, nearly a third of all the cases reported in the state. To Tuesday, the total number of cases in the state stood at 93, with Crockett county accounting for 26 of them.

New cases were reported from the Floyd Henderson, George Bunker, Max Schneemann, Field Ranch Co., B. B. Ingham, Jr., ranches in the county.

County Agent Pete Jacoby said yesterday that officials at the Mission center informed him that Crockett county is included in a flying grid which is being treated.

Ranchmen are urged to continue to send in worm samples. "That's the only way we can know where they are," commented one official at the Mission center.

"We are going to do whatever is necessary to control the outbreak", a Mission spokesman said. "We have had as serious outbreaks in other sections and have fought them back."

Ranchmen were urged to spray livestock and treat all wounds to minimize the chance of further infestations. Only the female fly lights on livestock, said the county agent, and if you spray or treat animal wounds you are not likely to kill any of the sterile males. The female is hunting a place to lay her eggs and that is the only reason she lights on livestock.

To encourage control measures, the government will furnish insect spray, Coral, free of charge to any ranchman where flies have made an appearance. Mr. Jacoby said.

Mrs. Beecher Montgomery will return home today after a visit with her parents, Mr. and Mrs. L. L. Bryant, in Ft. Worth.

## Drive In Theatre Cigarette Machine Looted By Burglar

A cigarette machine was broken open and looted of around \$10 in money and some cigarettes at the Triangle Drive In Theatre here sometime last Thursday night, Sheriff Billy Mills reported this week.

The burglar left no clues, the sheriff said, apparently wearing gloves to prevent leaving finger prints.

Believed the work of the same person, a cigarette machine at a Barnhart filling station was broken open and looted the same night, the sheriff said.

## 4th Pay Zone Is Seen In Tippet Crockett Field

A new pay was indicated in a Crockett County field, tests reported at two other projects, and location staked for another. Also confirmers were staked to two other fields.

Fourth pay, lower Leonard has been indicated in the Tippet, West (Ellenburger, McKee and 5,000-foot detrital) field with the swabbing of 22 barrels of new oil, along with three barrels of water and six barrels of load oil, at Gulf Oil Corp. No. 5-E J. H. Tippet, in 36-31-H&TC, previously assured sixth McKee producer and a location east-southeast extension to that pay and fifth 5,000-foot detrital producer and a location northeast extension to that pay, nine miles southeast of McCamey.

Recovery was through perforations at 4,750-54 feet. Testing continued.

Earlier it flowed 19 hours on a 16-64-inch choke making 86 barrels of load oil and four barrels of water, with tubing pressure of 150-0.

McKee production was assured earlier through perforations at 5,920-30 feet and 5,000-foot detrital through perforations at 5,961-65 feet.

Gulf Oil Corp. No. 4-E Tippet, in 38-31-H&TC, 1/2 mile south of 5,000-foot detrital production in the Tippet, West field and the same distance south of Hueco and 4,950-foot Wolfcamp oil production in the Tippet multipay field, recovered 180 feet of heavily gas-cut drilling fluid with a trace of oil on (Continued on Last Page)

Damage to the pick-up amounted to around \$100, according to investigating officer, Orvil Perry, DPS.

## Hopeful Fans To Follow LL Stars To Sonora Tilt

A large group of Ozona fans is expected to be in Sonora tonight for the annual All Star game. Game time will be 8 o'clock. A win tonight will pit the Ozona stars against the winner of the Big Lake-Midkiff tilt.

Local little league observers seem to feel that this may be Ozona's year again, with a very strong hitting team. While the pitching staff is a little short, the quality is good and both the infield and outfield boast some superb players in all positions.

The line-up for tonight was not available, but will probably feature Ned Stephens as starting pitcher, backed up by Ricky Webster and Gerald Olson. Starting in the catcher's position will be Gary Whitley or Tim Evans, both competent players. Saul Torres, the league's leading home-run hitter, will no doubt see action at first base. Gerald Huff, the league's leading hitter, has been working out at second base during practice sessions. Shortstop and third base positions will probably be filled by Moore Oil's Mike Wellman and Tony Borrego, who might also see action at the mound. Mike Williams is a good bet to start in center field, with the other two (Continued on Last Page)

## Gary Sutton Wins Shot And Discus Events At TAAF

Ozona's Gary Sutton won first place in both the shot put and discus events at the Texas Amateur Athletic Federation meet at Colorado City last Friday.

He, along with Rodney Pagan, will enter the regional TAAF meet at Odessa this weekend. Both boys are entered in the shot put and discus and Pagan will try his luck in the discus and high jump.

Winners in the state TAAF meet to be held in Richardson the following weekend.

Mrs. J. T. Keeton and her sister, Mrs. Mae Cormier, have moved to Fort Worth where they have bought a home. Mrs. Keeton sold her home and other real estate property here to Troy Williams. Mrs. Keeton's son, Harold, lives in Fort Worth and another son, Joe, lives in Dallas.

## Kyles Winners In Father-Son Golf Tourney

Arthur and George Kyle took the championship honors in the initial Father-Son Golf Tournament held Saturday and Sunday at the Ozona Country Club. Their total score was 135 points for the two days.

Arthur Kyle won top honors in Saturday's play with his son Arthur, Jr. The two teams were tied for the top spot when play ended Sunday, but Arthur and son, George, won in a sudden death playoff.

O. B. Poole of San Angelo and Bob Poole of Del Rio won third place and John and Duane Childress took fourth place honors.

Gene and Johnny Keel of Ballinger won the first flight, followed by Bill and Billy Carson, Dean and Jerry Davis of Big Lake and Gene and Sooner Williams.

Second flight winners were Joe and Mike Williams, Harry and Skip Priest of Brady, Harry and John Round of San Angelo and Lawrence and Steve Taylor of San Angelo, in that order. Third and fourth place were decided in a sudden death playoff.

Bob and Jerry Sinclair of San Angelo won the third flight, followed by Ray and Ray Jr. LeMuelier, Charles and Chuck Courton of San Angelo and Jack and Frank (Continued on Last Page)

#### NEW LEFT CONVENTION

A call has gone out to something like 200 peace, civil rights and left-of-the-left organizations in this country to participate in a conference in Chicago beginning August 31. When we use the term left-of-the-left we really mean it. The Communist Party of the USA has not been invited. In the language of the conference leadership it is considered "too conservative." However, the Communists will be permitted to send observers, which means supervisors, really.

If it surprises you to know that there are 200 organizations in this country which are to the left of the Communist Party, relax. That's talk for the newspapers. The Communists are the moving force behind this conference, and if even a few people are persuaded to believe that the Communist Party is "too conservative" to be invited, that's a plus for the behind-the-scenes financiers.

How many delegates and observers are expected? Well, the big-wind organizers say 2,000. And the purpose? The primary intent, say the organizers, is to discuss ways and means of defeating President Johnson in next year's election. To that end they'll consider a third party, a Peace Party, if you please, with The Rev. Dr. Martin Luther King Jr. heading the ticket. And who do you think is to be the keynote speaker at this five-day convention? The Rev. Dr. Martin Luther King Jr.

There are other possible candidates, of course, and the conference organizers drool on the linoleum when they speak of Adam Clayton Powell as a prospect, either at the head of a national ticket, or as a favorite son candidate in New York.

The theory of the New Left's third party is that it would attract sufficient left-ist and Negro votes to preclude President Johnson's winning the electoral votes of certain States.

The "call to convention" say in part:

"We intend to end the destruction of Vietnam . . .

"We intend to end poverty fear and despair at home . . .

"We intend to end the bribery and subversion of our private associations, unions and churches by the secret agencies of our government . . .

Mrs. Roy Thompson

can talk those foreigners out of their \$15.3 billion. Moreover, it will be a bit difficult to squeeze \$15.3 billion out of our \$13 billion gold supply. Unquestionably, those commercial bankers will not sit quietly by and see their depositors' funds delivered in irredeemable paper.

We hope, for the sake of insurance policy holders, depositors in mutual savings and savings and loan associations, pension fund beneficiaries, etc., that their managements also take a dim view of the idea that US government bonds are not redeemable. We doubt seriously that those millions of Americans who own \$79.9 billion will take kindly to the idea that what was sold them as a loan to their government is something that they "owe to themselves."

And where is the money coming from for social security since the "trust fund" for that agency is comprised entirely of government bonds?

If "we owe it to ourselves," why has the Congress appropriated some \$120 billion just to pay the interest over the past dozen years? And why will the Congress appropriate more than \$14 billion — an amount in excess of total government revenues in any year prior to 1943 — just for interest for the current year?

Indeed, if "we owe it to ourselves," we all can retire, and live out the remainder of our days in style, needing only to endorse the drafts the government sends us in repayment. If the theories of the new economists are valid, such a luxurious leisure for all our citizenry would be possible. But the reality is that the repayment funds have to be collected from us, and our children.

Mr. and Mrs. James H. Joslin and children, Travis, Mark and Lyndon, of Lake Charles, La., returned home Sunday after a week's visit with Mr. Joslin's parents here, Mr. and Mrs. Harry Joslin.

#### HIGHLIGHTS AND SIDELIGHTS

From Your State Capitol

Austin, Texas — Texas Railroad Commission has turned up the oil allowable to a record high 48 per cent of potential — retroactive to July 1 — to meet demands created by the Middle East shoot-out.

Commissions extraordinary mid-month emergency order was the third of the kind since the Arabian oil cutoff. It boosted the allowable to 3,830,560 barrels a day — higher than during latter part of the 1957 Suez oil crisis and probably the highest since wide-open production days of 1948 when producers were encouraged to build up war-drained crude supplies.

In addition to the major effect on the state's general economy, a steadily climbing allowable appears likely to increase Texas' governmental tax income substantially. It has been estimated that the July 1 order would mean a \$53,617 a day increase in state tax income — or a total of \$1,600,000 through this month. Obviously, the increase now will be greater.

Farm Market Expansion — Agriculture Commissioner John White announced the initiation of what he called "the most aggressive market expansion campaign in the history of Texas agriculture."

White said the marketing drive will include efforts to present the true quality image of all Texas food and fiber-products as well as specific programs to bolster markets for Texas-produced and processed commodities.

Hurricane "Warnings" Out — The 1967 hurricane season has arrived, and coastal residents had better not forget it, warns Department of Public Safety Director Col. Homer Garrison, Jr.

Pamphlets on hurricane precautions are being distributed to local civil defense offices in coastal counties.

Three major hurricanes have hit the Texas coast this century, including Carla in 1961.

Short Snorts — Lieut. Gov. Preston Smith will become acting governor while Connally is on his A-

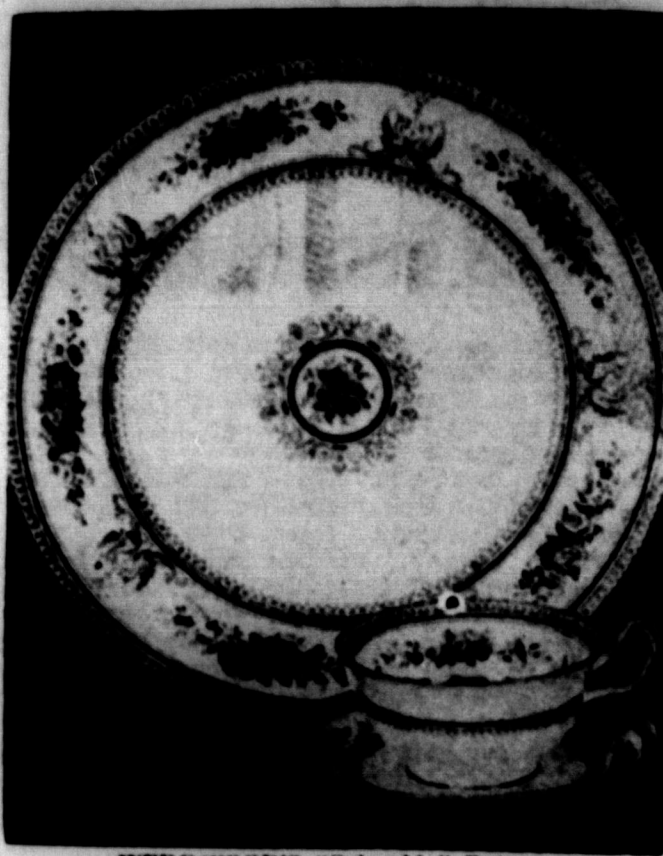

frican safari.

State Supreme Court agreed to review question of weather a home for the aged affiliated with the Methodist Church is a property tax-exempt charity (Lower Courts said the facility — Hilltop Village Inc. — is not).

Texas Water Rights Commission warned of acute summer water shortage in Guadalupe River and tributaries above Comfort.

There have been 221 known rabies cases in Texas this year, according to Texas Veterinary Medical Association.

### The Ozona TEEN SCENE

By Jacquie Tankersley

OHS twirlers returned home Friday after spending a week at twirling school in Seguin.

Pat Fitzhugh is back from El Paso. I wonder if everything turned out "fine and dandy"? Ask Gregory.

I wish the junior class was as nice to the seniors as the eighth graders are to the fish. They gave a swimming party in their honor Tuesday night.

Peggy, Beverly, Mrs. Loudamy and Mrs. Hagelstein should return today from their excursion through the Southwestern States. Glad to have them back in Big 'O'.

If the Vectors (Kirk Boyd, Rodney Pagan and Larry Don Webb) don't start playing more, I'm afraid the Fish group (Jim Montgomery, David Pagan and Tom Davidson) is going to take over! Hint: Let's have a dance.

Our Jet-set (led by Mrs. Billy Mills) is back from their wild fling in Las Vegas. It was enough to change Deborah Mills from a "mousy brownette" to a "dazzling blonde!"

Robilen's slumber party was a big success, except for a few misunderstandings.

Ricky Rippetoe from New York City and Cathy Warren from Virginia have been visiting the Dean Rippetoe's home. Cathy returned to her home Sunday, but Rick will be with us for a time yet.

A "Welcome Home" is in order for Georganne Janes,

who returned home after a three-weeks stay at Camp Sweeney.

Ozona really looks different with all the new cars around. Kim Hubbard has been driving a new gold Camero, Johnny Barbee's uncle has been allowing him to drive his new gold Firebird and then there is Rodney Rutherford in his brand new 1950 Plymouth.

Notice: Helen King has a date! RR takes the credit since the lucky guy is Mike Pennington, who will be visiting Rodney this weekend.

Nan Bailey and Judy Barber have a new tanning discovery that may put Copper-tone out of business. It's Grace.

Congratulations to Gary Sutton who took first place honors in the TAAF track meet in Colorado City last Friday. Good luck to Gary and Rodney Pagan who will be in competition at Odessa Saturday.

Patty Walker has a "secret romance" going — by mail! yes.

#### MEMORIAL GIFTS TO CROCKETT CO. MUSEUM

Mr. and Mrs. Dempster Jones and family in memory of Mrs. W. H. Augustine and Mr. Clarence Key.

Mrs. Joe Peirce in memory of Mrs. W. B. Albers.

Mr. and Mrs. R. A. Harrell in memory of Mrs. Buck Williams.

Anonymous in memory of Larry Don Montya, Mrs. Buck Williams, Mrs. W. H. Augustine, Mr. Ben Butler, Mr. Lindsey Hicks and Mr. Clarence Key.

#### Recipe of the Week From Kitty's Kitchen

##### Peach Crisp

- 3/4 cup sugar
- 1/2 cup butter
- 1/2 cup flour
- 1/2 teas. cinnamon
- 6 fresh peaches peeled and sliced

Combine sugar, butter, and flour in a medium-size bowl. Cut into crumbly consistency with knives or pastry blender. Layer sliced peaches in 10"x2"x6" greased baking dish. Spread crumbled mixture over peaches. Bake 25 to 30 minutes in a preheated 375 degree oven. Serve warm or cold. Delicious when topped with vanilla ice-cream or whipped cream.

##### Pizzaburgers

- 1 lb. ground beef
- 1/2 cup Parmesan cheese
- 1/4 cup chopped onion
- 1 6-oz. can tomato paste
- 1 teas. salt
- 1/4 cup chopped ripe olives
- 1/2 teas. oregano
- 1/8 teas. ground black pepper

1 loaf French bread, halved lengthwise.

Combine beef, cheese, onion, salt, olives, oregano and pepper; mix well. Spread equally on both halves of bread. Place on cookie sheet under broiler, 5 inches from heat for 10 minutes. Arrange topping of slices of Cheddar cheese and tomato slices and return to broiler for 2 minutes. Topping is optional, but good.

FOR SALE — Purebred Suffolk rams. Range wintered. Yearlings. Rufe Ward. Phone 392-2088. 15-4tc

#### FORTY-TWO CLUB

Mr. and Mrs. Leonard Boyd entertained the 42-Club Thursday night at the Civic Center.

Mr. and Mrs. Ivy Mayfield won high, Mr. and Mrs. Cecil Hubbard, bingo; Mr. and Mrs. J. W. Johnigan, low and Mr. and Mrs. Tom Montgomery won the 84 prize.

High guest was Mrs. Alice Baker and Mrs. Hugh Gray was low guest.

Others present were Mr. and Mrs. Earl Acton, Mr. and Mrs. Haskell Leath, Mr. and Mrs. Herbert Kunkel, Mr. and Mrs. Glenn Sutton and Mr. and Mrs. Richard Flower.

Mrs. Mayfield was elected chairman for the coming year.

#### BACK FROM VIETNAM

A-1C Jerry McElwain returned July 5 from a year's tour of duty in Vietnam. He has been assigned to Perrin AFB and will report for duty Aug. 12 with Mrs. McElwain and sons, Ty and Terry.

Mrs. McElwain and sons have made their home here with her parents, Mr. and Mrs. Tom Everett, for the past year.

Mrs. F. B. Fisher and daughters, Karen and Julia, of Duncan, Okla., spent the weekend with Mrs. Fisher's sister, Mrs. Roy Pearson.

#### Washington News Letter

Congressman O. C. Fisher

A wave of Negro riots in northern cities is proving embarrassing to pro-rights Congressmen and others who with an eye on the Negro bloc vote, have in recent years rammed radical civil rights legislation through the Congress, with the warning that if this was not done riots would surely occur.

Last week Gov. Richard J. Hughes of New Jersey, a civil rights advocate, toured riot-torn Newark with the City's Mayor, during which he said he was "shocked" to see a Negro couple, driving an expensive car, stop in the middle of a street, jump out and begin to grab shoes from the broken window of a store. This was but one of hundreds of store being looted. Shades of the Congo!

This, however, was nothing new. It happened during the Watts riot, again at Cleveland recently, and also in Boston — to mention but a few.

A Stokely Carmichael-Martin Luther King struggle for leadership of the Negro

masses is believed by observers to be a factor in the new outbreaks.

Carmichael recently reminded Negroes that Newark is "already over 50% Negroes," and has called for a Negro take-over there. "To hell with the laws of the U. S.," he screamed. "Negroes are not bound to obey laws legislated by white persons. If a white man tries to walk over you, kill him! One match and you can retaliate. Burn, baby, burn!"

King and Carmichael, while vying for money-making leadership, appear together at some demonstrations. They both urge Negroes to resist the draft, and to ignore or protest other laws.

This agitation, with riots and bloodshed, is undoubtedly doing serious harm to legitimate rights of the law-abiding element in the Negro community.

Encouraged by politicians some preachers, and radical civil rights leaders, riots are becoming an accepted way of life for the more militant. A recent survey by Brandeis University revealed that this way of "protesting" is being accepted as the most effective

weapon by of the Carmichael contingent.

Not more law and vigorous down on the ment, is the challenge order in Amer

Where There Was Nothing...

Pictures are made by fools like me. But it took an architect-friend to help me appreciate this one.

"I'm always impressed," he said, "when someone puts beauty and meaning where otherwise there would have been nothing. That's what God did when he made this tree!"

Photographers like to pretend they're philosophers. So I titled my picture *Where There Was Nothing* . . .

Next Sunday my architect-friend invited me to church. A bit overwhelmed by this sudden solicitude for my long-neglected spiritual welfare, I went. And there a remarkable discovery awaited me!

It is a drab expanse of broad, flat years which I call my life. And only God seems able to put beauty and meaning where otherwise there was nothing. Every Sunday a new truth grips me. Every Sunday I discover a new tree!

Cane - pole fishing for kingfish? . . . Yep, it is being done.

During the past few years some of the sturdiest of salt-water fishermen have found added fun with this new method of tangling with kings.

It's the sportiest way of tackling these vicious, big-mouthed, sharp-toothed batters.

Joe and Raymond Muchowich concocted the scheme four or five years ago. They are owners of the Party Boat system that works out of Freeport.

These fellows have spent a lifetime on the coast and have had just about every fishing thrill in the books. But they say nothing will compare with catching a 20-pound, fighting king on a cane pole.

Really though — as you might well guess — it's not an ordinary cane pole.

Their trick is to use a long, bamboo pole, slightly smaller than a utility post. Anyway, that's the way they look to some anglers.

My advice to you, unless you are a pretty hefty man with a lot of muscle, is to leave this kind of fishing to them. However, it's fantastic to watch. But it's hard, hard work . . . and harder still on the tucker. So if you have a weak heart . . . forget it. You've read too far already.

As you know, the kings begin their run along the Texas coast early in the spring. They are going good by June 1. And by mid-July they are hotter than Fourth of July firecrackers.

But, that's when the Muchowich boys like to do their king fishing. When they go out on a boat, they always take along one of those bamboo poles.

For a line they use something like 150-pound test, with a long wire leader attached to a chrome steel O'Shaughnessy 8-0 or larger hook.

This hook is baited with frozen mullet or sand trout. It is tossed over the side of the boat and slowly worked through the water.

Naturally, this kind of fishing must be done in water where kings have gathered. Usually the kings are drawn to the boat by chumming — the tossing overboard of various sized hunks of chopped up mullet.

You'll know when a king strikes because when he does you've got your hands full. In the first place, the pole will weigh close to 50 pounds. You are on the heavy end of it, but the tip end with the line and bait is out more than 20 feet. You are off balance to start with.

When the king hits, the hook must be firmly set in the fish's tough jaws. If not firmly set, he will throw the hook and wave goodbye. Most important of all . . . if you aren't careful . . . the king, which may be from 15 to 30 pounds, may throw you.

When that king takes the bait your work is cut out for you. Better be stripped down to the minimum because you have a big battle ahead of you.

Mr. King fights with every bit of the cunning and speed he has. And in water with no obstructions. He will head down, out and even up. I've seen them jump 10 to 25 feet in the air. And I've heard of them jumping over a boat.

Your job is to get the fish close enough to the side of the boat for the gaff. Usually this heavy steel hook has a 12 to 15-foot handle, to enable the gaffer to reach over the side of the boat.

Trouble is, about the time you get the fish within gaffing distance, it takes off again . . . and again. Every muscle in your body is under strain. You can't bring it in.

Home Craft Fire Protection Chests at Stockman.

Lions Elect International President

Jorge Bird of San Juan, Puerto Rico, was elected President of Lions International at the Association's Golden Anniversary Convention in Chicago, July 5-8. Serving as the 51st President during the Golden Anniversary Year, Mr. Bird heads the world's largest service club organization with 835,000 members in 21,400 clubs located in 137 countries and geographical areas.

Lions International is best known for its aid to the blind, sight conservation activities, youth programs and its many community service projects. "Better World Understanding Through Lionism," and development of a stronger friendship between North and South America are the goals of Bird's program for his 1967-68 Presidential Year.

and you can't let go.

Finally when the fish is exhausted, it is pulled to the boat and gaffed. Even if you are a hardy man, you take time out for a rest and a cold drink before starting another such search.

It's an exhausting experience with most any kind of tackle. If you have a rod and reel, you can play the fish some distance out, then bring it back in again. But, with a cane pole and only about 25 feet of line, your area is pretty well defined.

So, this summer if you really are looking for a work-

Man Died While On Visit Here: Buried in Menard

Services for W. D. (Ikey) Kring, 52, of Sonora were held Saturday in Misison Funeral Home Chapel in Menard with burial in Rest Haven Cemetery.

Mr. Kring died Wednesday night in Ozona after suffering an apparent heart attack. He was visiting friends in Ozona.

He was born Jan. 10, 1915 in Stephenville and had been a resident of Sonora 44 years.

Survivors include three sisters, Mrs. Hollis Hodges of Menard, Mrs. Lester Archer of Sonora and Mrs. Roy Stillwell of Alpine; three brothers, Jessie Kring of San Antonio, Billy Kring of Sabinal and Gwin Kring of Alpine.

SUPPER BRIDGE CLUB

Mr. and Mrs. Cap West and Mr. and Mrs. Dick Webster were hosts to the Supper Bridge Club Friday night at the El Sombrero.

Winning high score were Mr. and Mrs. Pete North, with Mr. and Mrs. Armond Hoover taking second high. Mr. and Mrs. Robert Cox won low score prize and Mr. and Mrs. Dick Kirby won the bingo.

Others present were Mr. and Mrs. Bill Cooper, Mr. and Mrs. Jim Dudley, Mr. and Mrs. L. D. Kirby, Mr. and Mrs. Tom Montgomery and Mr. and Mrs. Buster Deaton.

### Funeral Services Friday For Mrs. Ana Burk, 68

Funeral services for Mrs. Ana Burk, 68, were held Friday afternoon at 4 o'clock at the James Funeral Chapel. Burial in Cedar Hill cemetery.

Mrs. Burk died at 2:30 Friday morning in Crockett County Hospital, where she had been a patient a month.

Mrs. Burk was born in Ozona Nov. 4, 1898, and resided here until her marriage in 1916, when she moved to Waterbury, Conn.

She returned to Ozona in 1958 after the death of her husband and lived here until her death.

She is survived by a niece, Emer Haire; a nephew, Slaughter, both of Ozona, and 2 great nieces.

### Ozona Airman Graduated From Training School

Wichita Falls, Tex. — Airman Third Class Pleas L. Childress, III, son of Mr. and Mrs. Pleas L. Childress, Jr., of Ozona, Tex., has been graduated from the U. S. Air Force technical training school at Sheppard AFB.

He completed the electrician course conducted by the Air Training Command which provides technical and specialized education programs for the nation's aerospace force.

The airman, an Air National Guardsman, is being reassigned to a Texas ANG unit at Kelly AFB. Airman Childress, a graduate of Ozona High School, received a B. S. degree from East Texas State University. He is a member of Sigma Alpha Epsilon.

### Crowning of Miss Mohair Postponed

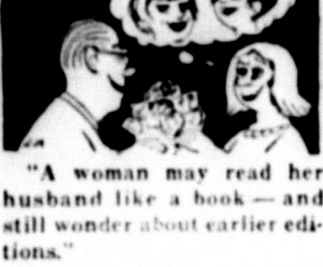

"The Miss Mohair of the Universe Coronation originally scheduled for July 22nd has been postponed due to conflicting dates," Mrs. J. W. Adams, President of Texas Angora Goat Raisers Association Auxiliary announced today. "The coronation will be held in the latter part of September or first of October at a date to be confirmed later."

The postponement was necessary when unavoidable conflicts in the schedule of some of the principals involved became apparent.

Miss Fern Mikeska, sixth grade teacher in North Elementary for the past several years, has resigned her position in the Ozona School system and will leave New York for Germany August 10, where she will teach children of Army personnel.

### Texans To Match Clippers With New Zealand Shearers

A sheep-shearing contest between two New Zealand champions and a couple of Texans will provide a sidelight to the 52nd annual Texas Sheep and Goat Raisers' Association convention in San Antonio July 24 to 26. Convention will be at the El Tropicano Motor Hotel.

A widely varied slate of speakers includes a South African mohair marketing specialist, a water rights specialist, a rural sociologist, the associate dean of agriculture of Texas Tech, and Speaker of the Texas House, Ben Barnes.

The two New Zealanders, touring this country under auspices of Merck and Co., are scheduled to appear on NBC's "Today" television

program the morning of Monday, July 24, then fly to San Antonio to demonstrate their skills against Texas shearers Tuesday afternoon.

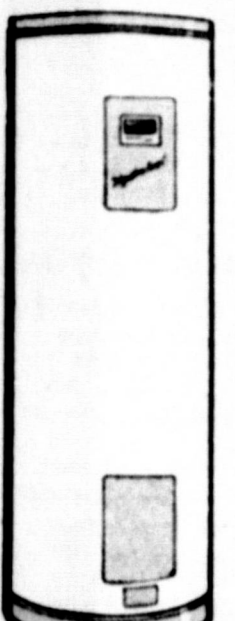

Howard Derrick of Eldorado, president of TS&GRA, said ranchmen will study proposed legislation which may face them in coming months, as well as review recent new legislation including a minimum wage law for agriculture. The 6,000 mem-

ber organization has its headquarters in San Angelo.
