When Jack Sinclair retired, he took his wife on a holiday cruise. They'll be home next week, and I'm certainly going to tell them how much they've been missed here at the church.

Like all ministers, I need a lot of help from my congregation to make our church a happy, inspiring place. Sinclair and his wife are just two of the many older members that keep things running smoothly. I depend on them for good ideas, for experienced administration and, very often, for a wise approach to young people's problems. In return, the Sinclairs have often told me how important their church has been in their lives, and how they both enjoy being needed.

That's one of the great secrets of life, I think . . . to be needed. And there isn't a church anywhere that doesn't have a real need for "senior citizens" to help with God's work.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church reg-

Wise and Otherwise Rambling Reflections By Dr. R. F. Curl Numbers of people have mentioned to me that they read this column. Naturally i am flattered and apprecia- tive; I like it even better when they say they do agree with some musings of mine. Although I plan to write on non - controversial subjects, I realize there are few mat- ters small or great on which there are not differences of optinion. This is as it should be. No two persons are ever just the same — not even identical twins — and this is the crowning glory of be- ing a human. You are you and I am I and never the twain shall meet. So I was glad when Mar- tyn Cox came to the defense of the month of August. She put up a real good case and unfortunately the weather- man had thrown me a curve	happy over the rains and we just hope for more. And, by the way, I see that the long range prediction for our sec- tion from August 15 to Sep- tember 15 is for above aver- age precipitation. Let's pray it may be true.	few weeks I have known him I have learned to respect and appreciate the fine spirit he is and the good work I can see him doing. We shall miss him when he leaves O- zona. All of us who have met Brother Knight, the new pastor of the Church of Christ, have been well im- pressed by his genial per- sonality. We shall look for- ward with anticipation to the service he will render our community. And, let me say that this very mature Methodist preacher is real glad to see another full grown up preacher in town. Now he has a seasoned bro- ther to help him watch with experience the charm and genuine ability of youth. We all look forward to working with Brother Knight. But before I leave town I must go and see if Mr. Sikes can tell me where to get some season tickets for the coming football games to be played by our Ozona team. My wife loves the game for the crowds, the excitement and the action. I love it as an opportunity to watch	growing boys in high school compete as individuals, and as a team in skilled plan- ning and action.
