

US Ultimatum Delivered To Yugoslavia

BLUE DEVILS IN ACTION—An 81-mm mortar crew of the US 88th Blue Devil Division fires over a demolished fort in practice maneuvers in Venezia Giulia. More than 10,000 members of the division, in full battle array, twelve days later paraded in view of Yugoslav forces across the Morgan Line which divides the Anglo-American and Yugoslav sections of the Italian province. (AP Wirephoto.)

Patterson Flies With Demands To Tito At Bled

BELGRADE, Yugoslavia, Aug. 22 (AP)—US Ambassador Richard C. Patterson set out by plane for Marshal Tito's headquarters near the Austrian border today to deliver the United States ultimatum demanding release of American fliers within 48 hours.

A well-informed military source said Yugoslav attacks on two unarmed American transports, which gave rise to the stiff state department demand, apparently were made in Russian - manufactured Stormovik fighter planes.

UN Showdown May Well Hinge On Veto Power

NEW YORK, Aug. 22 (AP)—The United States ultimatum to Yugoslavia threatens to confront the United Nations security council with a problem which could bring the whole peace organization to a bitter showdown which may hinge upon the Big Five veto power.

Council delegations were cautious today in speculating on what might happen if the Yugoslav government ignored the American demand for release of airmen held prisoner by the Tito government following the shooting down of unarmed US transport planes.

However, it was conceded that the American threat to appeal to the security council should Yugoslavia fail to comply would give the council its supreme test of authority to settle disputes peacefully.

Up to now the council never has been faced with such an emergency as might be brought before it were the Yugoslavs, stiffened by Russian backing, to ignore or reject the American ultimatum.

The Yugoslav case, if it reaches the council, is confidently expected in informed UN quarters to fit the pattern of conflict between Russia and the western powers over the Iranian and Spanish cases still languishing on the council's agenda.

The veto power vested in the Big Five, which Russia thrice invoked in the Spanish case, may well prove the deciding factor should the Yugoslav case come before the council.

Should the United States fail to receive a satisfactory reply from Belgrade within 48 hours after the ultimatum is delivered in the Yugoslav capital, the American government is expected to ask the president of the security council, Dr. Oscar Lange of Poland, to call a special session of the council.

Truman Arrives In Bermuda

HAMILTON, Bermuda, Aug. 22 (AP)—Vacationing President Truman came today to Bermuda, famed holiday spot.

The Presidential Yacht Williamsburg docked about 8 a. m. (CST) at the US Naval operating base, leased from Great Britain just prior to American entry into World War 2.

His visit to this British crown colony is his second on foreign soil since becoming president. The other was his trip to Potsdam, Germany last August for the "Big Three" conference.

The president's yacht and the navy ship "Weiss," in which he was trailed by newsmen, spotted the islands about 6 a. m. The blue of the gulfstream waters had changed to green as the ships moved through the channel to the naval base.

The president expects to remain here at least 36 hours.

BULLETIN

LJUBLJANA, Yugoslavia, Aug. 22 (AP)—Yugoslavia authorities today released Americans who had been taken in custody after their C-47 army transport plane was forced down here Aug. 9.

Tito summoned his No. 1 foreign relations expert, Gen. Vladimir Velebit, to be present at the meeting at Bled, with Velebit, Yugoslavia's deputy foreign minister, went Mirko Bruner, a foreign office secretary. Velebit attended the San Francisco Conference and is regarded as the Yugoslav chief-tain's top personal advisor on foreign affairs.

Two US graves registration representatives, First Lt. Charles O. Prow and Private George Demasi, went in Patterson's plane. Prow and Demasi were given permission to search the area near Bled for the bodies of three American air force personnel believed to have been killed Monday when a C-47 transport was shot down in flames. The wreckage was reported found about two miles inside Yugoslavia from the Austrian border.

The original of the American ultimatum was delivered to the Yugoslav diplomatic representative in Washington last night. Two more members of the crew seen to parachute with seven other Americans and three non-American passengers of another C-47 forced to land 10 days earlier.

The best information here was that the two transports were not attacked by lend-lease planes since the Yugoslavs were no longer believed using any types of British or American-made fighter craft.

Two Workers Gravely Burned In Cosden Fire

J. W. Hemley and H. T. Sherrill, workers at the Cosden refinery, were killed today by a flash fire at about 10:30 a. m. today.

The fire apparently occurred when fumes exploded in a distilling unit in which the men were working. Equipment was dispatched from the Big Spring fire department to help fight the blaze. Firemen said it was extinguished in about 45 minutes after the explosion.

Up to noon, intense heat in the area made it impossible to pursue efforts to determine cause of the fire and extent of damage, Cosden officials said.

Hemley and Sherrill were rushed to the Big Spring hospital, where attending physicians said their condition is very grave. Both men suffered severe burns about the head, neck and back, and on their arms and legs.

Maritime Surplus

WASHINGTON, Aug. 22 (AP)—The maritime commission has announced that the US has more than 1,600 merchant vessels in reserve anchorage, most of them available for purchase.

Paroled Convict Held On Charge Of Robbing Levelland State Bank

LEVELLAND, Aug. 22 (AP)—Bond of \$25,000 was set this morning for Cecil Moran Pierce, 29-year-old paroled convict, when he was arraigned on state charges for robbery of Levelland State bank Wednesday.

Pierce was arraigned before Justice of Peace A. F. Odell. The state charge will be investigated by a 72nd district grand jury to convene here Sept. 9, Sheriff Ed Hofackett said.

He is to be arraigned in federal district court at Lubbock Monday on federal charges, officers said. The Dallas office of the FBI had announced Wednesday night that arraignment would be today. The suspect still is held in Hockley county jail but will be transferred to Lubbock county jail between now and Monday.

Officials said they had recovered all but five cents of the \$14,928.45 taken in the robbery.

Pierce was arrested about four blocks from the Hockley county courthouse after Howard Barry, 16, who had worked in a laundry, identified a shirt found a block from the bank.

In Dallas, FBI Agent Percy Wylly II said Pierce was a convict on parole from the California state penitentiary, where he had served nine years of two life sentences for armed robbery.

A man walked into the bank at 12:25 p. m. yesterday, entering through the front office of President D. E. Collins. He forced four bank employees at the point of an automatic shotgun to lie face down on the floor while he bound their backs with friction tape. He rifled the cash drawers and forced the employees and a customer into the bank vault.

DEFENDS ATTACKS—Marshal Tito, (above) in a speech published in Belgrade, defended Yugoslavia's course in which two American planes have been shot down in ten days. He declared that Yugoslavia intends to insist upon its sovereignty and wanted peace "but not peace at any price." (AP Wirephoto.)

Peace Parley Overshadowed By US Action

PARIS, Aug. 22 (AP)—US Secretary of State James F. Byrnes left the peace conference session almost as soon as it had convened this morning to confer with his advisors on the Yugoslav situation.

His action emphasized how the United States' blunt 48-hour ultimatum to Yugoslavia overshadowed all else among the diplomats assembled in Paris to write Europe's peace treaties.

Byrnes closeted himself at his headquarters with Charles E. Bohlen, state department advisor on eastern European affairs, and Samuel Reber, advisor on European affairs.

There appeared little immediate prospect that there would be any official comment from the Yugoslav peace conference delegation.

No Hitch Seen In Obtaining College Building

Although the War Assets administration in Washington today halted the proposed transfer of many surplus camps and war plants to educational institutions, pending a congressional inquiry into such "gifts," there is apparently no hitch in the plan for the Howard County Junior college to use buildings at the Big Spring Bombardier school on an interim basis.

The WAA issued a stop order on transfer of 53 units, after a congressional committee had questioned authority for some disposals.

However, E. C. Dodd, H.C.J.C. president, received a telegram from John J. O'Brien, deputy administrator of WAA's property disposal, which read as follows:

"In order to avoid any delays in the training or rehabilitation of veterans, I will authorize revocable interim permits with the right of occupancy at nominal rental wherever the conditions justify such action, the yardsticks used in determining the basis of sale or lease being referred to the attorney general for review. Right of occupancy in all cases involving veterans' training or rehabilitation will be extended where necessary to avoid interference with such training or rehabilitation and pending final review of yardsticks for sale or lease. However, such right of occupancy is not to be construed as a pre-termination of final disposal terms and conditions."

Dodd only recently returned from Washington where arrangements were completed for an interim use permit, because of the college's program for veteran training. He was in contact with the office of Rep. George Mahon Thursday morning and was told that efforts will be made to see that the interim agreement will hold good.

The WAA stop order blocks the "sale" of about \$13,000,000 worth of government property and the leasing of about as much more. All the properties had been assigned for disposal at a 100 per cent discount to non-profit, tax exempt institutions. Those earmarked for lease were to have gone for nominal sums, such as \$1 a year rental.

The order followed disclosure before the House Surplus Property committee that the Thunderbird, Ariz., air field had been "sold" at 100 per cent discount.

Several units in Texas and Oklahoma were affected.

Planes May Not Have Been Over Yugoslavia At All

WASHINGTON, Aug. 22 (AP)—The United States is considering fighter plane protection for American transport planes which may have to pass near the Yugoslav border while flying the Austrian-Italian route, top diplomatic authorities reported today.

The plan under consideration would retain the present absolute ban against any American flights over Yugoslav territory and would be designed to protect American aircraft from attack by Yugoslav fighter planes which might venture over Austria.

The whole consideration is based on a point made in the ultimatum sent to the Yugoslav government late yesterday which the United States said that the two airplanes already attacked by Yugoslav fighters may not have been over Yugoslavia at all.

The American note, demanding release of any of the 15 persons in the two planes who are "still alive," declared that for the time being the United States makes "no statement as to the exact location of the two planes when they were attacked."

Undersecretary of State Acheson today called in Ambassador Herschel Johnson for a conference, presumably to discuss the possibilities of filing an American complaint against Yugoslavia in the UN security council if the Yugoslavs do not comply with the 48-hour ultimatum.

The exact time the ultimatum period ends has not been officially determined. The question is whether the time begins to run from the hour at which the Yugoslav foreign office here received the text of the note or when the American embassy in Belgrade received it.

Officials here have emphasized all along that the United States is not making any claim to the right to unauthorized flight over Yugoslav territory. The American case is based on the contention that the Yugoslavs had no right, however, to shoot down American aircraft which might have flown over their territory by mistake.

To this position the ultimatum added the additional point that the Yugoslavs had no right to send fighter craft beyond Yugoslav boundaries to shoot down American aircraft properly over Austria.

As the 48-hour ultimatum ticked away, the United States stood ready—if necessary—for a showdown involving the whole structure of world peace.

In a grave and angry indictment, this nation set tomorrow night as the deadline for the Soviet-backed Balkan state to (1) free imprisoned American airmen of one plane attacked by Yugoslav fighter craft, and (2) permit US diplomats to investigate a second incident of a plane shot down near Marshal Tito's summer home.

It warned that unless those "demands" are met within the time limit the US government "will call upon the security council of the United Nations to meet promptly and to take appropriate action."

This would pose a clearest test of the security council's function as an international agency for preserving peace in the face of veto powers held by the Big Five nations.

There were strong fears in American diplomatic quarters of possible Yugoslav defiance of the ultimatum—and with that possibility the chance that a Russian veto of security council action would have to be met.

But there was no American government reluctance to meet that challenge.

Stalin Approves British Socialism

LONDON, Aug. 22 (AP)—Morgan Phillips, British labor party secretary who has just returned from a nine-day visit to Russia, said Prime Minister Stalin had told him the British labor government's approach to socialism was "absolutely right."

Stalin granted a two-hour interview to Phillips, Harold Laski, former labor party chairman, and two other members of the party executive.

Stalin's approval of the British labor party's approach to socialism was "absolutely right," Phillips said.

Phillips, in a broadcast from Houston, said the game had gone into the ninth inning with "Homer Rainey pitching, my opponent coming to bat, two down and the bases loaded."

He said the major railroads and bus lines were on first base, the major oil, gas and sulphur companies on second, and the Texas Regulars on third, "all of them hoping to steal home or get there somehow if their star player can just hit."

But Jester, at a Gregg-Harrison county rally at Hallsville, didn't think much of Rainey's pitching.

Jester quoted from a letter assailing his candidacy and which he said was signed by "Section Committee, Communist Party of Texas." Quotations included, "a vote for Jester is a vote for enemies of the working people of our state" and "use your vote against the trusts or their agents."

After reading the letter, Jester said: "They (communists) seem to be on his ball team. Now he says he is against communism. It is just another one of the things he is ducking and dodging. He has lost his fast ball. He has lost his curve ball. All he's got is a mud-ball."

Teachers Voted Increase In Pay

An increase in base pay of \$200 for the year 1946-47 was voted for all classroom teachers of the Big Spring schools by the district board of trustees Wednesday night.

The action, raising the base salary for the next year to \$1,700, came in connection with hearing on the new fiscal year's budget, and called for an additional outlay for instructional services of about \$25,000 to be incorporated into the budget. This was the only major change made in the fiscal schedule, which is due for formal adoption at the next board meeting.

Only one citizen—R. L. Nall—appeared for the budget hearing, a public session which gives taxpayers opportunity to air their views on any item of the schools' financial operations.

The teacher group was given a raise of \$300 annually a few months ago, to bring the base to \$1,500. While Wednesday night's additional \$200 was for this year only, trustees were of the opinion that the scale should be brought up to the best level in keeping with the district's available funds.

Instructors are paid additional emoluments based on years of experience, number of semester's work done toward advanced degrees, etc.

The additional instructional cost will put the estimated budget outgo for the new year at about \$347,000, as against estimated total receipts of something over \$310,000. The district will end up with the current year, August 31, with a carryover of about \$11,000 (expenditures that much less than budget provisions) and will have this amount, plus a reserve, to meet the 1946-47 fiscal schedule.

The districts' total reserve is shown at something over \$82,000, including nearly \$10,000 which must be earmarked for the interest and sinking fund.

In income for the next year, the schools estimate \$135,526 from state funds, \$138,843 from local funds, \$3,545 from special aid funds and \$520 from county funds. Income for debt service is placed at \$22,100.

In outgo, major items are set up as follows: general control (including administration, tax office, census cost and the like) \$20,735; instructional service, (including teacher salaries, teaching materials and supplies, etc.) \$248,785; operation of plant, \$29,300; plant maintenance, \$2,500; auxiliary agencies (bus, cafeteria) \$9,400; fixed charges (insurance) \$2,800; capital outlay (alterations, equipment, etc.) \$5,900; and debt service (interest, bond redemption) \$27,500.

Forsan, Elbow Schools Postpone Opening

Schools at Forsan and Elbow will delay their openings until Monday, Sept. 9, due to a dearth of teaching help.

Board of trustees of both districts have been canvassing this part of the country for some time for additional instructors but without success.

The delay will also afford workmen time to complete minor repairs being made to the buildings at both places.

Bond Refunding Undertaken By City Schools

Procedure looking toward the possible refunding of \$69,000 of the Big Spring independent school district's bonds, to effect an estimated \$15,000 total saving in interest payments, was put into motion Wednesday night by the district board of trustees.

The board entered into an agreement with the investment house of Crummer & Co., Inc., whereby that firm will seek to effect release of Big Spring district bonds now held by the state board of education. If this can be done, refunding bonds would be issued, on which Crummer would bid at a much lower interest rate than the existing bonds carry.

Involved in the proposed refunding are some \$10,500 outstanding in a series 1927 issue, bearing 5 per cent; and about \$59,000 outstanding in a 1937 issue bearing 4 per cent. The refunding issues would be put at 2 per cent interest. In event Crummer and Co. could not be purchaser of the refunding issues, it would make an interim fee of 2 1/4 per cent to cover costs of effecting the exchange.

It is not known whether the State Board would be agreeable to releasing the bonds, but the investment house will do the contact work. Crummer's representative, S. W. Jackson, agreed that the proposal will be in effect for no more than nine months; that the district would have the option of not issuing the refunding securities if it saw fit, and that fees charged this district are no more than those charged any other.

The board in its Wednesday night meeting heard proposals for school participation in additional street paving signposts, being asked to join in bearing expense of surfacing Gollard from 9th street to 11th Place, and State street from Wood to Bluebonnet. The cost to the district for such paving would run \$4,749.09. Trustees took the matter under advisement.

Paroled Convict Held On Charge Of Robbing Levelland State Bank

LEVELLAND, Aug. 22 (AP) — Bond of \$25,000 was set this morning for Cecil Moran Pierce, 29-year-old paroled convict, when he was arraigned on state charges for robbery of Levelland State bank Wednesday.

Pierce was arraigned before Justice of Peace A. F. Odell. The state charge will be investigated by a 72nd district grand jury to convene here Sept. 9, Sheriff Ed Hofackett said.

He is to be arraigned in federal district court at Lubbock Monday on federal charges, officers said. The Dallas office of the FBI had announced Wednesday night that arraignment would be today. The suspect still is held in Hockley county jail but will be transferred to Lubbock county jail between now and Monday.

Officials said they had recovered all but five cents of the \$14,928.45 taken in the robbery.

Pierce was arrested about four blocks from the Hockley county courthouse after Howard Barry, 16, who had worked in a laundry, identified a shirt found a block from the bank.

In Dallas, FBI Agent Percy Wylly II said Pierce was a convict on parole from the California state penitentiary, where he had served nine years of two life sentences for armed robbery.

A man walked into the bank at 12:25 p. m. yesterday, entering through the front office of President D. E. Collins. He forced four bank employees at the point of an automatic shotgun to lie face down on the floor while he bound their backs with friction tape. He rifled the cash drawers and forced the employees and a customer into the bank vault.

New York at Pittsburgh—Kennedy (6-7) vs. Sewell (6-7).

Bums Hop On Ken Heintzelman And Two Successors

By The Associated Press

C. Gillenwater BRAVES

The top spot in the National League today went to Ken Heintzelman, former teammate now with rival clubs.

The latest ex-card to help subdue his former teammates is St. Louis, 38-year old pitcher of the Boston Braves, who wore a St. Louis uniform from 1936 through 1938.

The veteran righthander turned back the Cardinals 4-3 last night under the lights at St. Louis. The defeat pushed the Cards back a same and a half to the pace-setting Dodgers who whipped the last place Pittsburgh Pirates 8-3 in the afternoon.

Among the batsmen, Walker Cooper, sold by St. Louis to the New York Giants for \$175,000 last winter, twice hammered home runs to beat his former mates. Johnny Mize and Buddy Blattner, also of the Giants, each beat the Cards this year with four-base knocks, as did Carden Gillenwater and Johnny Hopp.

Rebounding from their shutout defeat at the hands of the Pirates Tuesday night, the Dodgers landed on left-hander Ken Heintzelman and his two successors for 11 hits, three by Dixie Walker, to defeat the cellar dwellers.

Dave Ferriss, the Boston Red Sox' sensational sophomore, hurled his 22nd mound triumph, but needed help after giving up 14 hits in five and one third innings. Staked to an 11-1 lead over the St. Louis Browns after two innings, Ferriss was banged for six more runs before being removed in the sixth and the Sox went on to win 12-8.

The New York Yankees swept a double header from the Chicago White Sox, 10-1 and 5-4, winning the second game in the 12th inning when Johnny Lindell led off with a triple and after relief pitcher Earl Caldwell walked two men purposely to load the bases, scored on pinch hitter Nick Etten's single.

The lowly Philadelphia Athletics made it two in a row over the third place Detroit Tigers when Phil Marchiondo outpitched Virgil Trucks 4-1 with a neat seven-hit performance.

Rookie outfielder Del Ennis' ninth inning home run enabled the Phillies to eke out a 1-0 victory over the Cubs in Chicago and Early Wynn pitched Washington to a 4-3 victory over Cleveland in the capital last night.

Johnny Hetki pitched and batted the Cincinnati Reds to a 7-2 victory over the New York Giants. The 24-year-old rookie righthander allowed only seven hits and made three himself.

THREE LEAD AMATEURS—Three former army air forces gunner instructors broke 190 out of 200 targets Aug. 21 to lead in the amateur clay target championship of North America at Vandavia, O. Left to right, Mercer Tomblie of Shreveport, La.; Victor Reinders of Waukesha, Wis., and Joe Hiestand of Hillsboro, O. (AP Wirephoto).

LOOKING 'EM OVER

With TOMMY HART

If weather conditions are perfect, it may take a medal score of 75 or better to rate the championship flight in the Big Spring Invitational Golf tournament, which begins August 30 and continues through Sept. 2.

When weather is mentioned in these parts, incidentally, it is generally understood to mean the temper of the wind and in this neck of the woods, a breeze or a zephyr may come from any direction.

A blow from the west or southwest would no doubt inflate many a score, especially on the 190-yard No. Eight and the long, treacherous Ninth, which measures 405 yards from tee to cup.

Par on Eight, which runs south, is three strokes. On Nine, stretching out west from the tee, four is the regulation figure. Very few linkmen have learned to play any prevailing current, however, and over the countryside when the wind is up.

A breeze from the north or northeast would provide almost as much a handicap on One, Five and Seven. No. Seven is 585 yards in length and the wind must be taken into consideration if par (five) is going to be equalled or bettered.

Cosden's Oilers, playing with cold intent, crushed the Coahoma Stanolind Oilers, 19-11, Wednesday night at the city park to regain a hold on the top spot in Muny softball league standings.

The Oilers are now deadlocked with Doc Wilkinson's Redcaps for first place. Each team boasts 12 victories as against three defeats.

Red Harrison, Cosden chucker, coasted to victory before the heavy hitting of his team mates, which featured long home runs by Jake Morgan and W. D. Berry.

A five-run second inning gave the Oilers a permanent lead over K. C. Grantham, Coahoma tosser. Big Spring Hardware nosed out United Body Works, 8-7, in the evening's other battle, taking full advantage of seven mechanic errors to come out on top.

Toby Cunningham limited the Spartans to four hits but was betrayed by his team's fielding faults.

Bristow Moves Into Last Round Of City Golf Meet

Defeats Jim Moon In Semi-Finals Wednesday, 3-2

Obie Bristow, ranking favorite of the upper bracket, joined Jake Morgan, odds-on choice in the lower bracket, in the finals of the Muny city golf tournament by turning back Jimmy Moon Wednesday afternoon, 3 and 2.

The man with the booming tee shots and the cool, methodical Morgan will probably meet Sunday in an 18-hole match to decide who will wear the 1946 crown. Morgan had advanced into the last round several days ago by thumping Dub Prescott, 4 and 2.

Bristow had the shots when he needed them to out Moon. He maulled par as well as Moon on the round, bettering regulations figures by a single stroke.

Other pairings include

Kidd To Attend Coaching Clinic

Rodney J. Kidd, athletic director of the state interscholastic league, notified Walker Bailey of the ABC Club Wednesday that he would attend the Six-Man Football Coaching and Officials' school here Aug. 31.

Kidd had been extended a special invitation to sit in on the all-day clinic, which is believed to be the first of its kind ever to be held in Texas.

Bailey said the planning committee for the ABC-sponsored course had mailed out a number of invitations to coaches throughout Texas and more than 50 instructors were expected to attend.

BILL EVANS SETS NEW LOOP RECORD

AMARILLO, Aug. 28 (AP)—Bill Evans, pitcher for the Amarillo Gold Sox of the West Texas-New Mexico League, fanned seven men last night to run his season total to 273 for a new league strikeout record.

Evans, recently purchased by the Southern Association Little Rock Travelers, bettered the old mark of 266 set by Russell Crider of Amarillo in 1940.

The lanky hurler was touched for seven hits by the Lubbock Hubbers but received credit for his 23rd win of the season as the Gold Sox won, 2-1.

Join the Fight For Economic and Political Independence for Texas—

VOTE for RAINEY!

- ◆ From the home of a tenant farmer to a nationally respected educator! That's Homer Price Rainey! Don't expect him to make peace with the monopolies.
- ◆ His opponent, supported by the Texas Regulars, is a wealthy man, calculated to serve the interests of the oil and gas moguls of the north and east who control the natural resources under the soil of Texas.
- ◆ It's the "Big-uns" against the "Little-uns", folks, and don't kid yourself! Homer Price Rainey is the candidate for the wage earner, the farmer, the independent business man and the professional man!
- ◆ Texans always have fought for their rights! Put a fighter in the governor's chair! Homer Price Rainey will fight for the welfare of the Texas people. He won't yield an inch to the Texas Regulars—and well they know it!
- ◆ Break the stranglehold of eastern capital on the economic and political life in Texas! Cast off their servants, the Texas Regulars! Elect Homer Price Rainey governor. You can then have a voice in your own state government.
- ◆ There is just one democratic candidate for governor in this race—Homer Price Rainey! His opponent is an opportunist who happens to have wealth and its support, as well as the Texas Regulars!
- ◆ You can't win the battle sitting at home! Go to the polls and vote!

Let's Make Saturday "Rainey Day" in Texas!

This ad paid for by the following voters of Howard county, who are glad to publicly support Homer Price Rainey:

Cosden Poloists In Third Meet

COLORADO SPRINGS, Colo., Aug. 22 (AP)—(Spl.)—The Cosden polo team of Lamesa and Big Spring, Texas, will remain over here a third week to take part in a Gold Cup tournament, which will be run off Saturday and Sunday.

Despite the fact that the Oilers were nosed out by a strong Dallas quartet by a 7-6 count in an Open tournament staged here last weekend, they will go into the meeting as one of the prime favorites to win.

The Refiners had to spot the Dallasites a goal because of their heavy handicap.

Other teams that will compete for the Gold Cup honors are El Ranchita of Fort Worth and four-somes from San Antonio and Wichita, Kansas.

The Cosdens will have to play without the services of Dr. M. H. Bennett, two-goal star, who is still in Texas on business. Bennett, however, left his ponies here with other members of the team.

Dons Win First Tilt At Wichita

WICHITA, Kas., Aug. 22 (AP)—Allowing the opposition only three hits, the Waco, Tex., Dons defeated the Franklin, Mass., team, 7-1, here yesterday in the National Semi-Pro Baseball tournament.

Franklin . . . 000 001 000—1 3 2
Waco . . . 200 001 40x—7 7 2

Lucine and Pizzo; Avera and Deaton.

Dibrell Loses Football Aide

Big Spring high school is in the market for another assistant athletic coach. Principal Walter Reed said Wednesday.

Drate Cathey, who had agreed to come here Biggs, Oklahoma, for the 1946-47 term, notified local school authorities that the Biggs school would not release him from his contract due to a shortage of help in that area.

Cathey was to help John Dibrell and other members of the staff tutor the varsity squad during the early practice session, then switch his attention to the Yearlings as the season wore on.

Verla Lewis, Edsil Chaffin Married; Mrs. Hale Has Auxiliary Meeting

COAHOMA, Aug. 22.—(Special)—Verla Lewis, daughter of Mr. and Mrs. Edd Lewis of Coahoma became the bride of Edsil Chaffin of Lamesa in the parsonage of the First Baptist church Saturday morning at 10 o'clock, with the pastor, Rev. Martin, reading the ceremony. Chaffin has just received his discharge from the navy. The couple will be at home in Lamesa.

Mrs. A. C. Hale was hostess to both circles of the Presbyterian Auxiliary Monday afternoon when Mrs. Frank Loveless led the program on "Our Besetting Sins." Those answering to roll call were Mrs. Truett DeVaney, Mrs. Cora Echols, Mrs. Kate Wolfe, Mrs. Ellie Elliott, Mrs. Buddy Brewer, Mrs. Vance Courson, Mrs. R. V. Guthrie, Mrs. Leroy Echols, Mrs. Frank Loveless, Mrs. A. C. Hale, Mrs. H. T. Hale and Mrs. C. H. DeVaney. A social hour followed the program and refreshments were served.

Mr. and Mrs. C. H. DeVaney had as guests in their home Sunday afternoon a group of young adults who were formerly members of the Presbyterian Young People's League, with whom the DeVaney's had worked. Refreshments of ice cream and cake were served to Mr. and Mrs. Clifford Lytle of Jackson Center, Pa., Mr. and Mrs. Ray Noble and daughter of Colorado City, Mr. and Mrs. Buddy Brewer of Coahoma, Mr. and Mrs. Dick Copeland, R. L. Adams and Earlene Reid, students at Texas Tech in Lubbock, W. L. Bell and J. W. Warren of Coahoma and Noma Warren of Big Spring.

Mr. and Mrs. Wallace Fowler of Big Spring spent Sunday in Coahoma with their mother, Mrs. R. E. Fowler.

Mr. and Mrs. Smith Cochran were weekend guests with his sister in Anson.

Mrs. O. B. Warren was leader of the Baptist ladies when they met at the church Monday afternoon for a Royal Service program.

Mrs. Charlie Brock returned to her home in San Antonio Monday following two weeks spent here with her daughter, Mrs. Burrell Cramer.

Mrs. Buddy DeMasters and children, Rodney and Kenneth of Monahan are visiting friends and relatives here this week.

Sunday guests in the home of Mr. and Mrs. P. F. Sheedy were Mr. and Mrs. Cowan and daughter, Nancy of Mundy.

Mrs. R. A. Marshall had as a guest in her home Wednesday Ann Whitsett, who is the daily vacation director for the Baptist churches in district eight.

Mrs. Charlie Duncan left Sunday to attend the funeral of her brother-in-law, Henry Bush, who died at his home near Mason early Sunday morning.

Mr. and Mrs. E. T. O'Daniel are visiting in Colorado this week.

Mrs. Burrell Cramer and daughter, Donna Faye left Monday for Dallas, where they will visit her brother, T. D. Weaver, confined to a veterans hospital following surgery recently.

A revival meeting is being held at the Coahoma Church of Christ this week with Paul Foutz in charge of the services.

Mr. and Mrs. Clifford Lytle accompanied by Mr. Lytle's mother, all of Jackson Center, Pa., have been visiting here with friends and relatives this week.

Mr. and Mrs. Emmitt Cavin were here Saturday for a brief visit with their parents, Mr. and Mrs. C. A. Coffman. The Cavin's were moving from Rotan to Big

Lake where Mr. Cavin has accepted the position in the high school as vocational teacher.

Mr. and Mrs. Dick Copeland and Mrs. R. L. Adams, all students at Texas Tech, spent the weekend with their parents in Coahoma.

Mr. and Mrs. A. C. Hale, Ned and Ray Nell visited in the Ben Hale home in Stanton Sunday.

Rev. and Mrs. E. G. Culley and Jennie left Monday for a two week vacation to be spent in Kerrville attending church conferences, and visiting relatives at Houston.

Mrs. Jim Lassater is at home after spending the past two months in Abilene, where she has been attending the summer session at Hardin-Simmons university.

Jane Hardy returned to her home in Ranger Monday following a weeks' visit here with Jane Echols. Miss Echols returned home with her for a visit of several days. She will also visit her sister, Mrs. Howard Odell in Fort Worth before returning home.

Visiting in the Arnold Johnson home this week were Mrs. Johnson's nieces, Elma Ree and Glenna Lynn Brewer of Hamlin.

Mr. and Mrs. Sam Hicks and family left this week for an extended visit with relatives in Denison and Bells.

Mrs. Stella Jackson has as her guest, her daughter, Mrs. Charles Bond of Wolf City.

Mr. and Mrs. Paul Woodson and Ronny and Wayne DeVaney traveled in New Mexico this week and visited the Carlsbad Caverns.

Mr. and Mrs. Roger Read and family of New Mexico are visiting here with their parents, Mr. and Mrs. Noble Read.

J. L. Hudsons leave for Wyoming home

Mr. and Mrs. J. L. Hudson left Wednesday morning for Laramie, Wyo., where they plan to make their home.

The Hudsons have been residents of Big Spring for a number of years, coming here from Oklahoma. During the first of the week

Mrs. Hudson was entertained with a number of small, informal parties, and attending were Mrs. W. D. McDonald, Mrs. H. N. Robinson, Mrs. Lina Fliwellen, Mrs. N. W. McCleskey, Mrs. Bernard Lamun and Mrs. Irene Stripling.

Mrs. Mattie Earley of San Benito is visiting in the homes of Mr. and Mrs. Franklin Earley, Mr. and Mrs. Bill Earley and Mr. and Mrs. George Melear.

Firemen Ladies Have Meeting

Firemen Ladies met at the WOW hall for their regular session Wednesday afternoon.

Those attending were Alice Mims, Velma Baker, Minnie Barbee, Rebecca McGinnis, Irene Parks, Bessie Power, Archie Heard, Stella Johnson, Lois Hall and Gladys Slusser.

Visits And Visitors

Mr. and Mrs. J. D. Jones, Judy and Jimmy are visiting in Fort Worth with friends this week.

Mrs. R. L. Sindley arrived Monday evening after a months visit of Southern states which took her to Pensacola, Orlando and Jacksonville, Fla., and Mobile, Ala.

She was accompanied by her children, Leroy Sindley, just home from Japan, Garland, a student at Hardin-Simmons, Mattie Ruth, and James Willard. Miss Sindley stopped off on their return from a visit in Dallas and Houston.

Mr. and Mrs. Adie Moore and Mrs. J. S. Winslow and Jane left this week for Ruidoso, N. Mexico, Yellowstone park and points in Colorado. They will visit relatives and friends.

Mr. and Mrs. Johnnie Cook of Grants, N.M., are visiting with relatives in Big Spring.

Mr. and Mrs. Garland Sanders, Tommie, Derrell and Robert arrived from an extended visit in California. They visited with Mr. and Mrs. J. E. Sanders and Mr. and Mrs. Warren Smith there.

Holleys Have Son

Mrs. R. L. Holley has returned from Richmond, Calif., where she visited with her son, John Albert Holley, and Mrs. Holley.

While she was there a son was born to Mr. and Mrs. Albert Holley on July 13 in a Richmond hospital. He weighed seven pounds, 10 ounces, and was named Daniel Boye. The Holleys are former residents of Big Spring. Maternal grandmother is Mrs. N. F. Baker of McCamey, and Mr. and Mrs. R. L. Holley are paternal grandparents.

Barbecue Supper Held At Gilliland Home Wednesday

Employees of Marvin Wood Garage were entertained at a barbecue supper in the home of Mr. and Mrs. A. F. Gilliland Wednesday.

The buffet table was set up in the back yard, and following the meal music was furnished by Mr. and Mrs. Doyle Turney, Bernie Freeman, M. L. Thorp and J. D. Rowland.

Attending were Mr. and Mrs. Marvin Hayworth, Mr. and Mrs. Morris Sneed, Mr. and Mrs. J. D. Rowland, Mr. and Mrs. Ed Salmon, Mr. and Mrs. Marvin Wood, Mr. and Mrs. R. L. Millaway, Mr. and Mrs. Howard Meek, J. W. Lula Dean and Roger, M. L. Thorp, Darrell Davis, Dwight Gilliland and Mr. and Mrs. A. F. Gilliland.

In 1898, about 72 per cent of U.S. butter was produced on farms. Today it is only about 17 per cent.

Mrs. Albert Smith Fetes Husband At Buffet Dinner

Mrs. Albert Smith entertained Wednesday evening with a buffet dinner honoring her husband on his birthday.

The tables were set up in the back yard of the Smith home for the meal. An informal social hour followed.

Attending were Mr. and Mrs. D. L. Burnett Jr., and Ronnie, Mr. and Mrs. Everett Ellis, Mr. and Mrs. Arnold Marshall and Nancy, Mr. and Mrs. J. D. O'Barr, Mr. and Mrs. Royce Satterwhite, Mr. and Mrs. Cleo Richardson, Mrs. H. N. Robinson and the honoree and hostess.

Josh Ray and W. H. Messenger of Butner orphan's home in Fort Worth have been visiting with their grandmother, Mrs. B. Y. Dixon, and their aunt, Mrs. Franklin Earley. Also visiting the Earley's over the weekend were Mr. and Mrs. E. G. Locklar and Peggy Joyce of Odessa.

Sub-Deb Has First Meeting Of Season

After a summer of inactivity the Sub-Deb club met Wednesday afternoon in the home of Beverley Stulting.

Plans were made for fall activities and rushes and rush week were decided on. The week will begin on September 9 through 15.

Present were Dorothy Satterwhite, Nina Curry, Mary Davis, Patsy McDaniel, Billie Younger, Patsy Tompkins, the hostess and the sponsor Mrs. Willard Hendrick.

Party Scheduled

A garden party will be held Friday in the home of Mrs. Roy Carter honoring Mrs. Wiley Carter who will leave soon for Wharton where she and her family will make their home. The party will begin at 7:30 and continue until 9 p. m. All Eastern Star members were urged to attend.

Backache, Leg Pains May Be Danger Sign Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smearing and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous poisons from the blood. Get Doan's Pills.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcinate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

REVIVAL MEETING

THE Trinity Baptist Church INVITES YOU TO HEAR J. B. WATSON OF Oklahoma City, Okla. AT 8 o'clock Each Night

US Takes Firm Stand Against Russia To Prevent Domination Of Turkey

By JOHN M. HIGHTOWER
Associated Press Diplomatic Reporter

WASHINGTON (AP)—The United States launched a carefully planned diplomatic offensive yesterday against Russian expansion into fresh areas of the middle East and Asia.

The master stroke was delivered with public announcement of this government's rejection of Soviet demands on the Dardanelles.

The broad outline of the form the rejection would take had been known in advance, so the significance was in the readiness of top American officials to declare flatly, if privately:

There will be no turning back from this rejection—no "Munich-like" settlement with the Soviet Union over the strategic middle-eastern waterway.

President Truman, Secretary of State E. A. Tamm, Undersecretary of State Clegg, Secretary of War Patterson and Secretary of the Navy Forrestal have reviewed the American policy on this basis. And they are reported to have agreed that it must stand absolutely firm unless the United States is willing to grant Russia a new slash of domination from the Dardanelles to India and China.

Concurrent with the release of the text of the note, which is itself diplomatically mild but firm, a high diplomatic official said that if the Russians insist on having bases in the Dardanelles to the point of trying to use force "it will mean very grave trouble in the world."

This possibility was fully reviewed by President Truman and his state, war and navy chiefs at a White House meeting last week. The diplomatic official gave this

account of the way American policy on the Dardanelles had taken shape:

The United States has opposed where it could—but generally had to be content with watching with misgiving—the extension of Russian communist domination over Eastern Europe. The present difficulties with Poland, Yugoslavia and other Soviet dominated nations are regarded here as part of the general pattern of the struggle between the Soviet Union and the western powers resulting from what American officials regard as Soviet aggressiveness.

What Moscow proposed to Ankara was that Russia and Turkey share the defense of the straits. It was this to which American policy shapers emphatically object, even though they are willing to grant Russia many special privileges short of military control, since it does have a legitimate interest in the Dardanelles.

They contend that in this struggle the Russians could not possibly hope to defend the straits by placing fortresses on its shores. They note that the straits were closed in the last war by German occupation of the Aegean Islands.

Thus, in the American view, this leaves only one way to defend the straits. That way is to occupy all of Turkey in addition to holding strategic Balkan positions. And this appears to be the American assumption of what the Russians actually have in mind in some form.

As one high official put it, "the entire American policy is based on the assumption that the Russians intend either to dominate or to occupy Turkey."

Therefore the central issue according to the official American viewpoint is the survival of Turkey as an independent nation, friendly alike to Russia and the west. It is for this reason primarily that American officials say they are drawing the line and in effect trying to warn the Russians that there can be no haggling over the question of the sovereignty of the Ankara government.

"We are not bargaining," one official said. "We are not bluffing. We have taken an attitude to which we intend to stick. We do not intend to be in any sense belligerent about it. We do intend to be absolutely and unshakably firm."

Local Livestock Market Steady

With a market generally steady, approximately 1,000 head of cattle moved through the auction ring at the West Texas Livestock Auction company's regular sale Tuesday.

Some stockers registered slightly stronger than the previous week, with the largest gain noted on Hereford cows and calves, which ranged up to \$131 a pair. Mixed pairs moved at \$60 to \$90.

Stocker steer yearlings brought 13.00-15.00 per cwt.; stocker heifer yearlings, 11.50-13.50; stocker cows, 7.50-9.50; fat cows, 10.00-13.50; canners and cutters, 5.50-9.00; fat calves, 11.50-15.00; fat yearlings, 12.00-14.50; bulls, 10.00-13.00.

Several out of town buyers who were active in bidding included Lura Packing Co. of Los Angeles, Lee White of Brush, Colo., J. H. Martin, shipping to Missouri and Illinois and K. McGregor of Nashville, Iowa.

An acre of corn loses about 48 tons of water in a single day by evaporation.

Strong Quake Felt In Dominican Area

WESTON, Mass., Aug. 22 (AP)—A "very strong" earthquake, apparently centered in Samana Bay, Dominican Republic, in the neighborhood of an earlier quake which claimed more than 60 lives two weeks ago, was recorded on the Weston College seismograph yesterday at 3:22:49 p.m. (EDT).

The station described it as "the second strongest after shock" of the original quake and said it was strong enough to do considerable damage. "Normally it could be described as a 'quake in itself,'" the station added.

Clark For Truman

BERLIN, Aug. 22 (AP)—Atty. Gen. Tom Clark told reporters here today that "if President Truman runs for reelection in 1948, and I hope and think he will, prospects will be bright for the Democrats."

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

Pistol Packin' Russells

AP Newsfeatures
Once upon a time, there was a beautiful gal named Lillian Russell who, in the course of a three-decade career, toted a gun as Florella in "The Brigands." Now there's another beautiful Russel—this time it's Jane—who totes two guns in "The Outlaw." There must be something about the name Russell that provokes all this.

1889: LILLIAN RUSSELL

1946: JANE RUSSELL

Struck By Truck

TAYLOR, Aug. 22 (AP)—Elmer H. Camblin, 51, was killed instantly yesterday near Thrall when struck by a truck while working on the highway.

Residents Greet Harlingen Tour

Several dozen Big Spring residents were on hand at the municipal airport at 8:20 this morning to greet representatives of the Harlingen and the Rio Grande valley who flew here to advertise the first post-war "Air Day in Texas".

The show is to be held in Harlingen on Sept. 7. Heading the reception committee were Mayor G. W. Dabney, City Manager B. J. McDaniel, City Commissioners H. W. Wright, George Mims and Iva Huneycutt, J. H. Greene, chamber of commerce manager, and Elmo Wasson, chairman of the chamber's goodwill department.

Traveling with the Harlingen group were several entries in the beauty contest to be held in connection with the show, including Jerry Brook of Raymondville, Iren Yoder of Weslaco and Jean Sproles of Mercedes.

Arrangements are underway to send a contestant from Big Spring, city and chamber of commerce officials announced.

The air trippers are due to complete their itinerary of some 30 Texas cities in Dallas late this afternoon.

Colorado Crops Static

DENVER.—Farmers in Colorado will harvest 6,400,000 acres of crops this year, according to an agriculture department statistician. The figure is one percent less than last year's harvest.

H. T. "Thad" HALE
To The Voters Of Commissioner's Precinct No. 2
I want to thank you for your vote and influence for me in the First Primary, and I solicit a continuance of such support in the Second Primary and also solicit the vote and support of all of those who did not support me in the First Primary.
To those of you who do not know me, I refer you to those who have known me during all my residence in Howard County.
My father and mother moved into Howard County in 1902 and I have lived here since that time and I have paid a poll tax and property tax since becoming of age in 1906. I have always taken an active part and interest in all the affairs of my County, and expect to do so in the future.
I have been County Commissioner for five and one-half years and have gained much valuable experience that will help me to be a better County Commissioner in the future than I have been in the past, because experience counts in any work.
I have not been able to see everyone since the First Primary on account of business connected with my office that required my attention. I want you to take this letter as a personal request for your vote and influence.

This Is The Time To Be Firm

The maneuverings of diplomacy in middle Europe and the Near East are so complex that the average citizen is left bewildered by it all, and is prone to toss off the whole thing as something "somebody else" ought to settle.

The blunt fact of the business is that the United States, as a power in the United Nations and leader in an ultimate fashioning of the world, has got to take a hand in the settlement.

A step has been made in a direction that the average citizen can understand — and applaud — in the U.S. decision to reject outright the Soviet demands on the Dardanelles.

Encouraging is the announcement that the U.S. is not bluffing, that this nation is

making an outright decision and will stick to it.

We little people may not understand all the pros and cons of the Dardanelles question and its related issues; but we do understand that ruthless power — whether that power is represented in Russia or some other nation — has to be curbed; and we do understand that firmness is the only policy to adopt against ruthlessness.

This country vacillated too much in the years before Pearl Harbor, and every citizen knows it now. All citizens have an inner feeling, too, that continued vacillation will lead to more trouble later on. The time to be completely firm is now. We all understand that.

Finish The Job On Saturday

Texas will serve themselves well Saturday — and serve their state, too — by making a special effort to get to the polls and cast votes that mean the final decision on several important offices, including the governorship.

It is unfortunate but true that the second, or "runoff", primary never attracts the turnout at the polls that the July primary does. A long ticket with a lot of candidates brings out all these candidates' friends; and these friends too often feel that they have done their "duty" in expressing the friendly vote.

The duty is only half done in July, and it is not good democracy to let any man go into office by "default"; that is to say, let him go into office on the vote of a small segment of the electorate.

The governorship, the lieutenant governorship, a criminal appeals post, the agriculture commissionership and a legislative post, not to mention a quartet of county offices, are to be decided Saturday. They were only partially decided last month. The final word is yet to be written.

Go to the polls Saturday and complete your job as a citizen.

The Nation Today—James Marlow

Price Control Board In For Long Stay

By JAMES MARLOW
AP Newsfeatures

WASHINGTON (AP)—The price control board is here for a long stay.

Its decision Tuesday night—ordering ceilings restored on meats, soybeans and cottonseed — was just the board's opening move.

Under the law passed by congress in July OPA will stay in business until June 30, 1947.

ures, why it thinks the ceiling should be removed from the product.

If OPA says "no, the ceiling must stay," the industry can appeal to the decontrol board.

If the board decides OPA was wrong and the ceiling should be removed, OPA will have to remove it.

When it comes to wanting ceilings removed from a farm product—which means, a food item—

industry will have to appeal to the agricultural department.

(Putting control of food prices under the agricultural department was another part of congress' efforts to strip OPA of its previous wide powers. OPA used to be boss over food prices, too.)

If the agriculture department refuses to remove a food ceiling upon request of an industry, that industry then can appeal to the decontrol board.

Hal Boyle's Notebook

Campus Life In Berlin

By IRENE ANGERSTEIN
(For Hal Boyle)

BERLIN (AP)—The big men on the campus of what's left of battered Berlin University are not known for their football or soccer prowess, but by the political parties to which they belong.

The contrast between the university itself and American schools is the manner in which party politics infiltrates into every dusty corner of the German institution.

Attendance at the three-quarters damaged university brings to some 3,000 earnest German students not only the lessons taught in books, but those which are learned in the rough and tumble politics of present-day Germany.

"Sororities? What are they?" Asked a young co-ed in faded blue overalls who was pushing a heavy wheelbarrow full of rubble. She was just completing her 86th hour helping to remove debris from the school grounds; she had 114 hours to go.

The most fortunate students have their own books; other lucky ones have been able to bribe the toothless old "librarian" who guards the blackened 50,000 volumes stacked haphazardly in a damp, low-ceilinged cellar; the unlucky have only their classroom lecture notes.

More than half the students are freshmen, the average student is 25 years old; all of them have 12 years of isolation from the rest of the world to make up.

No part of the population observes political developments with the same interest as they do.

Mark Wentz Insurance Agency now in new location, 407 Runnels.

more vigilance than these students. To them the present public emphasis on the "new democracy" is just so much window dressing.

"In reality," said one intense student in speaking of the older generation, "they are still the same unteachable, one-sided, hypocritical bunch they have been for the past 12 years."

"Teach us all systems, not just one, and let us judge through our knowledge," they beg their professor, although with little hope. As one student put it: "Our present teachers are such lousy pedagogues they never had to join the party because the Nazis never considered them worthy to hold teaching jobs."

The students concede they are too serious, but they remind you that they live in serious times. "Dancing is fine for young people who feel secure in the future; we do not," they add.

Story-Book Preacher Dies In Dallas

DALLAS, Aug. 22 (AP)—Funeral services were to be held here today for the Rev. Hugh S. Porter, 50, pastor of the First Methodist church at Celina, Collin county, who died in a local hospital yesterday.

Porter was reportedly a realistic character of the book, "Papa Was A Preacher," written by his sister, Miss Alyce Porter of Dallas. He characterized the eldest son in the book, written about his family.

Louisiana and Delaware are the only two states in which no natural caves have been discovered.

IT'S HARD TO SPLICE HOT WIRES

Broadway—Jack O'Brian

Vaudeville In Metropole

NEW YORK—One of the happiest and most constantly shifting audiences on Broadway crowds into and around the Metropole Cafe, where the entertainment is loud and merry, where no one gives a hang if some off-key customer joins in the fun, where emphasis is on Gay Nineties-style entertainment rather than the chi-chi of the tonier east side saloons, and where you'll see more shirt sleeves and suspenders than dinner jackets, even on the waiters.

I remember the Metropole Cafe before it turned to this sort of entertainment a few years ago. To me it was a place where, a decade or so ago when I was once just about busted, I could get a roast-beef sandwich, gravy and French fries for 15 cents, a beer for a dime or a soft drink for a nickel.

percent, he adds, are New Yorkers but not Broadway regulars.

These happy sometime Broadwayites see a lot for their moderate checks at the Metropole. The original "Strawberry Blonde," after whom was patterned the movie starring Rita Hayworth and Jimmy Cagney, is a Metropole mainstay—Helen MacArdle. One of the few who still stick to their blackface comedy style, Eddie Nelson—who once replaced Eddie Cantor in "Kid Boots" and later was signed to a five-year contract by the Shuberts—also is on the bill. Eddie likes to tell about his days in a show called "Boom Boom," when the young fellow who played the menace borrowed five bucks religiously from him every Wednesday and paid him back just as regularly on payday — a handsome young guy named Archie Leech who later changed his name to Cary Grant and did pretty well in the movies.

The place hasn't changed much. About the only thing new is the stage in the center of the bar, where the roast-beef slicer, a handy fellow who cut a few thousand sandwiches a day, used to stand in chef-hatted and furious elegance, wielding a long knife and winking at me as he cut a slightly thicker piece for my plate; he knew, I'm certain now, how broke I was.

My open-handed friend isn't round anymore. The management has changed. But the faces of the 21 entertainers in the seven acts are familiar to old vaudeville fans. In my busted days they were entertaining a few steps down Times Square at the Palace Theater, and they still seem to have retained their exuberance in the shift to less showy stages and certainly smaller salaries.

These 21 oldsters start at three in the afternoon to entertain the Broadway visitors. Ben Harriman, who now runs the place, says he figures his crowd is about 90 percent tourists. The other 10

While you stand at the Metropole bar you can see Annie Kent, who was in the Gish sisters' first show when Lillian was six and Dorothy four, who wrote numbers for Charlie Chaplin in 1915 and for Eva Tanguay, Nora Bayes and other such Hayworths, Turners and Grables of their day.

The others have equally glossy pasts, and they bring to their nightly acts at the Metropole the sort of exuberance and energy which made vaudeville what it was—a great entertainment idiom which still manages to remain alive in such unlikely outposts as the loud, brash, good-natured Metropole.

The only way astronomers have of knowing what any of the heavenly bodies are made of is by studying the light that comes from them.

Washington Merry-Go-Round—Drew Pearson

Alliance With Britain Dangerous

(Editors Note — Drew Pearson, following his return from the Paris Peace Conference, writes another column on our tense relations with Russia and how we can prevent our present dangerous drift toward war.)

WASHINGTON — There is reason to believe that at the end of the war, Soviet Russia looked forward to a virtual alliance with the United States. The world's two greatest powers, the Russians felt, had no conflicting interests, could work together. Great Britain, the Russians figured, did not count. She was out of date, wiped up, finished.

However, no two nations can run the world without reaping the ill will of the rest of the world and eventual catastrophe. So, fortunately, the United States did not become an ally of Russia.

Unfortunately, however, we have veered so far in the other direction that foreign diplomats generally consider us not only an ally of Great Britain but owned body and soul by the charming gentlemen in the British foreign office.

port on how two secret cables which he had sent to Judge Joseph C. Hutcheson, chairman of the Anglo-American Palestine commission, were opened and read by the British consul in Geneva before being delivered to Judge Hutcheson.

Truman also has a report from assistant secretary of the treasury, Ed Foley, on how the British tried to double-cross Herbert Gaston, former assistant secretary of the treasury, who has been in London working on the Palestine question. Gaston cabled the treasury department from London asking permission to file a dissent from the Grady-Morrison plan to divide Palestine into Arab-Jewish zones.

But the British have access to all cables leaving London. So they held up Gaston's message to Washington while they scurried round to the American embassy, lodged a protest against Gaston's activities and persuaded Ambassador Averell Harriman to cable a critical report on Gaston to the state department. Thus Harriman's protest arrived before Gaston's cable and helped to nullify it.

British Undercut USA

In an earlier column, this writer proposed that the United States adopt a definite, categorical policy of not appeasing Russia. It was argued that no country takes the first step toward war if it knows it will have to suffer a major retaliatory war. It was pointed out that Hitler never would have invaded Austria and the Ruhr if he hadn't shrewdly banked on Anglo-French dissension and appeasement.

If we are to follow a non-appeasement policy toward Russia; if we are to demand that she work through the United Nations if we are to crack down on the first belligerent move she makes outside the United Nations, then past performances is our worst ally.

In 1932, Secretary of State Henry L. Stimson, realizing that Japan had started on major Asiatic conquest, did his best to enlist British cooperation in stopping the warlords before they got started. To this end he thought he had a British promise to deliver a strong identic note of protest to Japan.

But US Ambassador Cameron Forbes discovered that after he delivered the American protest note, the British ambassador paid two calls at the Japanese foreign office. One was to deliver the formal note of protest. The other was to tell the Japanese foreign minister informally that Great Britain had promised the United States to deliver a note, but nevertheless the British understood and sympathized with the Japanese position in Manchuria.

Again, in 1936, when Hitler walked into the Ruhr, it was the British who hung back, told the French that if they resisted Hitler,

they would have to fight alone.

Again, during the Spanish Civil War, it was the British foreign office which secretly played ball with Franco and sabotaged the loyalist government, despite the fact that the world knew Hitler and Mussolini were staging a curtain-raiser to world war.

Again, prior to the Munich crisis over the Czech Sudetenland, Lord Runciman spent weeks in Czechoslovakia passing out secret word that Hitler could have the Sudetenland as far as he was concerned. So by the time the Big Four met in Munich, the surrender of the Sudetenland was a foregone conclusion—agreed to in advance by British appeasers.

Historians already are recording the probability that if we had checked the Spanish Fascist, if we had stopped Hitler in the Ruhr, if we had prevented his carving up Czechoslovakia, or even if we had blocked any one of these moves, the terrible tragedy of world war II would not have happened.

And if we are going to prevent World War III, the gentlemen of the British foreign office, with their silk-glove policy of appeasement, may prove our most dangerous, though charming allies.

18 Names Listed On Second Ballot

A ballot consisting of 18 names will confront voters going to the polls for the August 24 second Democratic primary election.

Latest Hospital Features To Be Installed Here

WASHINGTON, Aug. 20. (AP)—The very latest features in modern hospital construction — from structural glass operating rooms to space for miniature department stores — are being incorporated in architect-engineer contracts let by army engineers for 23 veterans hospitals in a multi-million dollar program.

The 250-bed general medical and surgical hospital to be built in Big Spring is included in this group. Wyatt C. Hedrick of Fort Worth has been awarded the architect-engineer contract. Selection of architect-engineers for the remaining 17 of the 40 hospital program, already turned over to the army engineers by the Veterans Administration, is still pending.

Naval Theft "Exaggerated"

BEAUMONT, Aug. 22. (AP)—Steve M. King, United States district attorney, has stated that published accounts of thefts of waste of government property at the navy yard at Orange, Tex., had been exaggerated and indicated the actual amount would be much less than \$200,000.

Old Settlers Reunion Slated August 29

Aug. 29 has been fixed as the date for the annual Howard County Old Settlers reunion—an event which also embraces adjoining counties.

Three Persons Held In Shooting Affray

Three Latin-Americans, arrested early Sunday afternoon by Big Spring police, have been turned over to the sheriff's department at Stanton, where they probably will face charges in connection with shooting affray in Martin county Sunday night.

of local consequence plus a fifth in which one of the principals makes his home here.

The abbreviated ballot will appear thusly:
FOR GOVERNOR
Beauford Jester, Navarro county.
Homer P. Rainey, Travis county.

FOR LIEUTENANT GOVERNOR
Allan Shivers, Jefferson county.
Boyce House, Tarrant county.

FOR COMMISSIONER OF AGRICULTURE
J. E. McDonald, Ellis county.
R. E. McDonald, Travis county.

FOR JUDGE COURT OF CRIMINAL APPEALS
Tom L. Beauchamp, Smith county.

FOR MEMBER OF THE LEGISLATURE, 91st District
Cecil H. Barnes, Tom Green county.

FOR COUNTY TAX ASSESSOR-COLLECTOR
John F. Wolcott.
R. B. Hood.

FOR COUNTY COMMISSIONER, PRECINCT 1
J. E. (Ed) Brown.
Walter Long.

FOR COUNTY COMMISSIONER, PRECINCT 2
G. E. (Red) Gilliam.
E. T. (Thad) Hale.

FOR COUNTY COMMISSIONER, PRECINCT 3
Grover Billiard.
R. L. (Panch) Nail.

In local races, Wolcott, Brown, Hale and Nail are the incumbents. J. E. McDonald is seeking office again as are Beauchamp and Barnes.

In all instances, men whose names appear first on the ballot led the ticket in their respective races in the first Democratic primary election.

YMCA Cited For Service By Army, Navy

A joint Army and Navy citation has been awarded the Young Men's Christian Association, Jack Y. Smith, president of the local YMCA organization, announced today.

Hailing the YMCA for mobilizing its nationwide resources including Army and Navy YMCA's to serve the spiritual, educational and welfare needs of men and women in the armed forces through the USO, the citation states that the contribution of the "Y" was of substantial aid in the successful prosecution of the war and in preserving the basic values of American democracy.

"The USO is one of the finest expressions of American unity," Smith declared. "A morale instrument of tremendous value, it demonstrated to the men and women in the service that the people at home were deeply concerned with their welfare; it served to span great distances to keep them linked with life of their own communities."

"In accepting the award, I am only serving as a representative of the citizens of this city who went all out to show their sons and daughters through the USO that no matter where they were they were not forgotten at home."

Plans Drafted To Make College From Hospital

Plans for conversion of the hospital area of the bombardier school are being pushed in anticipation of the opening of the Howard County Junior College.

With assurances of the Federal Public Housing Administration, and the City of Big Spring that the buildings will be available, E. C. Dodd, college president, is working with other college officials in mapping necessary changes.

In addition to conversion of buildings for classrooms, provision also will be made for faculty housing. Efforts are being pushed, too, to furnish housing for veterans who desire to enter the college.

If this can be arranged, it would offer the college one unique advantage over older and established institutions of higher learning. Additional orders are being placed for laboratory equipment and library supplies as well as other instructional equipment.

Public Hearing Set For Bigger County Budget

A public hearing on the proposed Howard county budget for 1947, which calls for an increase in expenditures of \$139,078, will be held in the county judge's office at 10 a.m. Monday, Aug. 26.

The bigger budget was drawn up to shoulder the county's share of expenses for the Big Spring-Snyder road, which will be started as soon as right-of-way has been purchased and materials arrive.

Estimated total receipts for 1947 will be \$235,725, as compared to the \$218,525 income for the current year. Total resources, which include a carry-over balance of \$208,862, will amount to \$444,587.

Property liable to taxation during the current year is valued at \$16,700,000. A tax rate of 63 cents will prevail under the proposed budget, which will provide increased appropriations to the Jury and Road Bridge funds.

The Road and Bridge Fund will realize \$28,000 from current taxes plus an estimated \$80,000 from automobile registration while \$42,700 in current taxes will provide a source of income for the General Fund.

The return on fees collected by the various agencies going into the Officers' Salary Fund for the maintenance of the various functions, is expected to be broken down as follows:

The return on fees collected by the various agencies going into the Officers' Salary Fund for the maintenance of the various functions, is expected to be broken down as follows:

Assessor-collector \$13,000; district clerk \$1,500; county clerk \$12,000; sheriff \$1,400; county judge \$500; county attorney \$2,600; and state \$2,000.

A transfer of \$5,700 from other funds will be necessary to help make ends meet in those offices.

Expenditures coming out of the Road and Bridge Fund are due to a 6 percent rate of \$118,760. Operation total, the bulk of which goes toward payment of county commissioners and their expenses, remains virtually unchanged at \$14,260.

Wages of county employees are expected to total \$50,000, a decrease of \$4,000. Other items of expense include:

Material and Supplies \$20,000; Gas and Oil \$7,200 (an increase of \$1,200); parts and tires, \$4,000; and new machinery \$10,000.

Expenses coming out of the General Fund will attain an anticipated \$42,745, which represents a decrease of some \$5,000.

Salaries of appointed help and other items, payment for which is taken from the General Fund, are broken down as follows:

Clerk \$1,200; county auditor \$3,600; janitor \$1,800; repairs and replacements \$2,250; insurance \$2,000; fees for assessor-collector \$900; juvenile officer \$2,700; JO's car expense \$300; justice of peace's ex-officio salary \$600; constable's ex-officio salary \$600; health worker \$2,055; city-county welfare program \$1,200 (a decrease of \$3,300); county agent \$2,800; home demonstration agent \$1,500; trapner \$2,100; purchase of automobile for sheriff \$1,200; library, 11 books and supplies \$2,200 and 21 salary \$1,800.

Permanent expenditures will amount to \$4,875, which goes toward building repair.

Expenditures of the Interest and Sinking Fund, from which payment of the proposed Snyder road will be made, will come to a whopping \$116,141, an increase of \$143,000. Cost of materials for the project is due to total \$148,541.

That item of expense will be born by a bond issue voted into existence earlier in the year.

Sheriff On Trail Of Colored 'Ghost'

Members of the Howard county sheriff's department don't know what a colored "ghost" looks like but they're on the trail of one.

The department sent a tracer for one Willie Gibson, negro, to Houston city police some time ago. Gibson, it seems, is wanted for check forgery. The South Texas authorities replied that a fugitive had succumbed to heart trouble March 15, 1944, and his remains laid to rest in the Oak Ridge negro cemetery near Houston.

That story would have been plausible enough, Sheriff Bob Wolf said, had not Gibson been identified as the man who passed at least four forged instruments as late as June of this year.

Dead or not, Gibson is still the object of a manhunt in this area.

Billions Of Dollars Of Surplus Sold

Measuring the progress of surplus property disposal immediately after the first anniversary of VJ Day, Hamilton Morton, regional director of the War Assets Administration in Fort Worth disclosed today that more than \$9,000,000,000 in original cost surplus has been disposed of by all of the domestic agencies.

This figure, compared to anticipated total sale, shows that the disposal job is 30 percent completed, Morton said. In the 21-month period, disposals have soared from \$54 million in Aug. 1945 to \$900,000,000 in June 1946, the latest month for which complete figures are available.

LONDON TROLLEY MISHAP—This London street car went out of control going down a steep hill and overturned, ripping off the top and injuring 33 persons.

Police, Fire Departments Stress Stricter Notice To Warning Signals

A closer observance of warning signals of emergency vehicles and traffic control devices in Big Spring is being urged by both the police and fire departments.

In efforts to lessen the possibility of accidents during emergency trips by fire engines, ambulances and police cars, a strict enforcement program of the city ordinance concerning authorized emergency vehicles will be launched.

The ordinance makes the following provision: "Upon the immediate approach of an authorized emergency vehicle, when the driver is giving audible signal by siren or bell, the driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible, to the right-hand edge of the curb of the highway, clear of any intersection, and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer."

Another section of the ordinance prohibits any vehicle other than one on official business from following fire apparatus traveling in response to a fire alarm closer than 200 feet, or to drive or park closer than one block when the fire apparatus is stopped to answer an alarm.

Motorists here also were warned against laxity in observance of amber signals on traffic lights when emergency vehicles are responding to calls. When the traffic signals are "frozen" on the amber light, vehicles must remain stopped until normal signals are resumed, police said.

Violations of these regulations are subject to fine of \$1 to \$100.

Mother Zinn Enjoys 100th Birthday Party

Showing little of the effects of the celebration that all but exhausted her, Mother Mary Zinn looked back Tuesday happily upon her 100th birthday party Monday.

Her home, and that of her granddaughter, Mrs. Guy Cravens, was banked with beautiful flowers. In addition there was an assortment of gifts, birthday cakes and other food friends brought for the occasion. Besides these, Mrs. Zinn had two exquisite orchids, one the gift of local florists—the other from Tom Breneman, radio celebrity.

Friends gathered on the lawn of the First Methodist church Monday evening to congratulate Mrs. Zinn and honor her as the only surviving charter member of the church.

They laughed and cheered as motion pictures of her, taken on the occasion of her only plane ride on her 95th birthday, were projected. Mother Zinn moved up close so that her dimming eyes could take it in, too. She thrilled over the gift of a large electric fan that friends in the church presented to her.

But the excitement taxed her strength and she left early to go to bed. Tuesday found her bubbling over again in the enthusiasm of the many nice tributes townspeople paid her.

Mrs. Cravens estimated that there must have been 500 telephone calls to congratulate her, and scores of people paid their respects personally and many more sent birthday greetings.

MOTHER ZINN HAPPILY CELEBRATES 100TH BIRTHDAY WITH FRIENDS

Surrounded by a bank of flowers, gifts and many of her descendants, Mother Zinn Monday happily celebrated her 100th birthday.

By early morning a beautiful array of flowers, including a large basket from the City of Big Spring, began arriving.

Friends trooped in with gifts and birthday cakes and Tom Breneman, radio celebrity, sent an orchid in honor of the occasion and paid tribute to Mother Zinn on his coast-to-coast program. Local florists also are presenting her with an orchid.

A former pastor, Rev. C. A. Bickley, and wife of Lubbock were here to share the joys of the day with her.

Also present were Mrs. R. A. Mason, a granddaughter, Mr. Mason and daughter, Royce, of Fort Worth; Mrs. L. S. Mitchell, Houston, a granddaughter, and her children, Suzanne and Robert Allen; Mrs. Francis Baggett, another granddaughter, her husband and their children, Frank, Jr. and Carol of Houston, and of course, Mrs. Guy Cravens, who looks after her grandmother. These were to honor Mrs. Zinn at a birthday dinner at 1 p. m.

Mrs. Zinn will rest during the afternoon and then be honored at an informal party at 8 p. m. in her honor on the lawn of the First Methodist church, which she helped to charter.

Spotted Showers Fall In Area; Heat Relieved

Spotted showers, which settled the dust, helped the morale of the people, and brought some relief from heat, fell in the vicinity of Big Spring Monday evening and Tuesday morning.

Residents looked to a high overcast in hopes that the half inch which was recorded at Big Spring would be extended and multiplied.

The US weather bureau at the airport measured .45 of an inch from morning showers—the first precipitation measured there since June 30. At the US Experiment Farm the shower was slightly heavier in totaling .68 of an inch.

Ackerly, 22 miles northwest, had only a slight shower Monday night, perhaps an eighth of an inch. South of that point the fall was estimated up to a quarter of an inch, but there were no reports of rain north.

All Garden City got out of the thunderstorms was a brisk sandstorm Monday evening. Six miles to the northwest, however, morning showers were estimated at three-quarters of an inch, and this amount was reported four miles northeast of Garden City.

Coahoma had approximately a quarter of an inch Tuesday morning but the moisture played out some eight miles south. Vincent, in the northeastern corner of the county, had no rain, but to the west on the Mann place around a quarter of an inch fell Monday night. Forsan got showers Monday evening, but they were not heavy enough to prevent softball games from being played.

Stanton received no precipitation at all.

Schools To Apply Now For Offering Lunch Program

Schools in Howard county may make requests now for participation in the community school program for the fall term, according to an announcement made by the USDA through County School Supt. Walker Bailey.

Dan L. Boyd, district director, said that all applications should be sent to the State Department of Education, School Lunch Division, Austin, the agency which is working jointly with the Department of Agriculture in handling the program.

The school lunch program has operated for several years on a year-to-year basis but recently was converted into a permanent government program. State and federal government will contribute toward its support, with Federal grants-in-aid being supplemented by funds and other services within the state, Boyd explained.

Primary purposes of the program, which has gained in popularity and growth in the county, are to provide growing children with wholesome foods they need for maximum health and to create and expand markets for agricultural products.

Pastors Set Date For Bible Conference

Tentative plans for a Bible conference in October were developed at the meeting of the Big Spring Pastors association at the First Baptist church Monday morning.

Date for the city-wide event has been fixed for Oct. 20, to continue through Oct. 25. Evening lectures will be held at the city auditorium and the morning lectures at the East Fourth Baptist church.

The Rev. Roy Clark is chairman of the publicity committee, Rev. H. C. Smith chairman of the finance committee, Chester O'Brien, St. chairman of the ushers, and George McClellan, in charge of music.

Also discussed was the matter of church contributions to the high school Bible class fund.

DO Training To Be Offered Local Students

Stanley Cameron, coordinator for the cooperative training program for both the high school and Howard County Junior college, Friday issued an appeal for prospective students to contact him for information or enrollment.

Several training stations in various fields, including selling and other distributive channels, electricity, auto mechanics, machine shop work, cabinet making, etc.

The problem now, said Cameron, is to ascertain the fields of interest of students in order that they may be placed in the right training stations.

He is interested in contacting students who anticipate taking the vocational training either as a part of their high school or junior college work.

Veterans will be able to qualify for subsistence and tuition either as high school or junior college students.

The course requires two years for completion and certification of the successful student. A unique feature is that it now will be possible for seniors in high school to start the training and carry it to completion in junior college.

Heretofore, if a senior undertook the program for the first time, he or she had no choice but to attend high school an extra year or fail to qualify for the training certificate.

Cameron will be at the high school from 9 a. m. to 11 a. m. on any weekday to talk with prospective students. He already has 16 holdovers from last year's high school class. Interest thus far has indicated an enrollment of around 35 students in the program, popularly known as the diversified occupations (DO) training.

Camping Deluxe

Smart vacationers have learned the trick of packing one automatic electric blanket for the trip, instead of loading down their luggage with excess bedding. Weighing only five pounds, it packs compactly and is insurance against seashore or mountain chill. Off shore cottage must be equipped with electricity, if this convenience is to be enjoyed.

4-H Awards Presented At Amateur Program

Two dozen awards, won by Howard county 4-H club members during the past season, were presented by County Agent Durward Lewter at the city park amphitheatre Friday night when club members appeared on the weekly amateur program sponsored by the chamber of commerce.

In the amateur competition, the Anderson-Moore quartet of Stanton took first place, while Ray Echols and Rosalee DeVaney, both

4-H club members, placed second and third, respectively. Echols gave a brief talk entitled "My Achievements from 4-H Club Work" and Miss DeVaney presented a reading.

Several other club members appeared on the program, which featured music and other talks concerning 4-H work.

Receiving metal badges for garden awards given by the Sears Foundation were Raymond Phillips, Harold Simpson, Lloyd Robinson and Louis Rice. Safety award winners included James Fryar, Billy Bob Simpson, Jimmy White, R. J. Echols and Rurrell Hull.

James Coates received the gold star, most coveted award offered to 4-H members by the extension service.

Other awards included a bond offered by General Motors for second place in the state safety contest, won by Ray Echols; wartime certificates of merit for cotton insect pest reporting, won by R. J. Echols, Lloyd Robinson, Larry Shortess, David Newton, Louis Loveless, Perry Walker and Wayne White; poultry awards given by Swift and Co., won by Melvin Griffith, David Newton, Ronny and Delbert Davidson; Thomas E. Wilson meat animal award, won by Perry Walker. Walker was second place meat animal winner in the state and also received a book from the Danforth Foundation for winning second place in a contest for a trip to Washington.

Wayne White received recognition for winning a calf at the Dallas fair, and Vancil Scott received a pen and pencil set given by Nathan's Jewelry for top score at the field day in Coahoma Thursday.

Howard county 4-H club members won six of 18 safety awards given in the state during the past season, and four of the 38 poultry awards.

Forms Arrive For Unused Furlough Pay

Forms for unused furlough time settlements have arrived here and are being made available to eligible veterans at all windows of the US postoffice.

Former enlisted men of the armed forces separated from active duty at any time since Sept. 8, 1939, who did not get the leave entitled them are eligible to file claims for the unused time. The privilege corresponds to the commissioned personnel's terminal leave pay.

Persons who saw service in either the Army, Navy, Marine Corps or Coast Guard are eligible to apply.

The forms come complete with a list of detailed instructions, which those filing for compensation are advised to follow carefully.

Completed claims are to be sent to government finance offices nearest the point where the veteran was discharged. A detailed list of the stations come attached to the forms.

Both the Veterans Administration office and the American Red Cross here are prepared to help former service men supply the proper information with the claims.

Upon completion, the forms must be stamped by notary public or other persons authorized to administer oaths for general purposes before being forwarded.

The claims blanks arrived here much sooner than anticipated. Approved in the last general session of congress and signed into law by President Truman only two weeks ago, veterans had been warned the forms would not be available before Sept. 1.

Only \$50 of the settlement will be paid in cash, according to local interpretations of the Leave Act. Persons filing for more than that sum will draw the remainder in government bonds.

Mrs. Marie Stahl Funeral Saturday

Funeral services were conducted Saturday afternoon for Mrs. Marie Augustus Stahl at the Lone Wolf Lutheran Church in Scurry county.

Mrs. Stahl, 72, who resided at Ackerly, died early Friday afternoon in a local hospital.

A native of Yorktown, she is survived by four sons, Herman Stahl of Lorraine, August Stahl of Lubbock, Edwin Stahl of Big Spring and Julius Stahl of Lorraine; four daughters, Mrs. E. D. Schwarz of Lorraine, Mrs. John Lammert of Snyder, Mrs. Herman Wenetschlaeger of Hermleigh and Mrs. H. W. Heights of Lorraine.

The body was carried overland to the Lone Wolf home by Nalley Funeral home. Burial was in the Lone Wolf cemetery.

Thompson Dedicates Tree To Wright

A veteran recently returned from the Philippines, Terrell V. Thompson, Tuesday joined the ranks of servicemen and ex-servicemen subscribing to the Memorial Tree fund.

Thompson's three gift was dedicated to Wayland G. Wright.

Other gifts (\$8 to care for tree and planting) should be handed by veterans to Dr. C. W. Dests or to Joe Pickle at the Herald.

It's 70° cool!

McDaniel Features Lubrication For Hot Weather At His Station

The Big Spring Paint and Paper store, operating at its new location, 1701 Gregg St. for the past two and one half months, is now putting the finishing touches on a display room where customers may select their choice of items on display.

Owned and operated by O. L. Nabors, the store is going all out in its display of wallpaper, which includes around 10,000 rolls, representing over 200 patterns. Everything from plaids and stripes to soft pastel solid colors are offered with prices ranging from 20 cents per roll upward.

The newly completed display room measures 30 x 22 feet and is comfortably furnished with a double sofa unit.

The store is also featuring plastic shower and window curtains that add a brighter note to any home. The curtains are made by Breneman and are made of plastic coated rayon in lovely, harmonizing colors printed in attractive patterns.

Nabors states that the curtains are particularly popular in this section of the country since they are color fast and waterproof. Dust can be washed off and housewives need not worry that their shower curtains will mildew since they are mildew-proof.

Nabors now has safety auto glasses for all makes of cars and a new belt machine for cutting the glass. Stone cut glasses often have rough edges that mar the appearance of windshields, but those cut by machine fit more securely and do not chip as easily.

Hot, dry weather is making automobile lubrication more important than ever before in this section, and more and more Big Spring motorists are finding the answers to their lubrication problems at the Ollie McDaniel Service Station, 311 Gregg street.

The automobiles of today, most of which have been on the road for five or more years, should receive the best in lubrication, and it is available at McDaniel's. The McDaniel station also offers Gulf gasolines and other Gulf products.

A great help now is the return of motor oil in sealed tins, assuring the motorist of pure products. During the war it was necessary for service stations throughout the country to keep oil stored in bulk containers, but Gulfpride, the finest oil on the market, is coming through in sealed tins again.

Gulf also is manufacturing some automobile tires now, and McDaniel is receiving a few shipments from time to time. He also expects to have a stock of Gulf automobile accessories on hand and ready for sale within the next week or 10 days.

In caring for a car motor there is no better plan than to have it cleaned thoroughly with the Flushmaster, a machine that clears all sludge and sediment which cause wear and tear. The McDaniel station offers rapid Flushmaster service for cleaning the internal parts of the motor, and the best washing service available for the car's exterior.

British "Squatters" Appeal For US Camp

LONDON, Aug. 19 (AP)—Homeless Britons, who have set up unauthorized housekeeping by the thousands in empty military camps, were reported today to be planning to ask the United States for permission to move into a former American camp at Amersham.

The Daily Mail said a delegation of "squatters" would call on US Ambassador W. Averill Harriman, thus bypassing their own government officials in a direct appeal to America.

To date, more than 10,000 "squatters" have solved the housing problem by simply finding a shelter either in a military camp or even on private property—and moving in.

The Ministry of Health has asserted the movement threatens to upset reconstruction plans, but the "squatters", most of whom are veterans, say they intend to stay put.

Deer Get Cow Milk CHARLESTON, W. Va.—Deer are becoming so plentiful in northern West Virginia that Game Protector B. L. Tate has been receiving reports of fawns stealing precious milk from farmers' cows.

Local music critics have pronounced it good, and J. B. Shores, public relations director for the Texas & Pacific Railway company, had a staff organist play it and concurred in the belief that it is a quality work. Currently, he is seeking to have copies printed.

While here Thursday he talked with civic leaders about the possibility of staging the first presentation of the cantata in Big Spring. He indicated that the company male chorus, which includes some outstanding voices, might be available for singing the cantata.

Cantata Premiere Of "Big Spring" To Be Held Here

There is a possibility that the premiere on "Big Spring," a cantata for male voices, will be presented here.

The musical production was written by Frank Grandstaff, a life-term prisoner in the Tennessee penitentiary, upon inspiration from reading Shine Phillips' book, "Big Spring."

According to Grandstaff's story, he tapped out the time with a pencil while he was in solitary.

Local music critics have pronounced it good, and J. B. Shores, public relations director for the Texas & Pacific Railway company, had a staff organist play it and concurred in the belief that it is a quality work. Currently, he is seeking to have copies printed.

While here Thursday he talked with civic leaders about the possibility of staging the first presentation of the cantata in Big Spring. He indicated that the company male chorus, which includes some outstanding voices, might be available for singing the cantata.

Bonnie Lee Has Cure For Listless Summer Hair

During the hot, dry and dusty days of August, care of the hair is more important than ever to Milady who would always look cool and well-groomed.

Such care is offered at inexpensive cost at the Bonnie Lee Beauty Shop, 306 Austin. Mrs. Ida Hughes, operator, stresses the need for beneficial scalp treatments to keep scaly dandruff from forming during the heat; oil and special soap shampoos to retain the natural oils in the hair which the dry weather tends to take out, and, not least, new coiffures, designed for summertime.

Most important for a good-looking hair-do which is easy to keep with a minimum of effort and time is a basic wave. This Bonnie Lee offers in the Cool Wave, which is neither a cold wave nor a machine type permanent, but which produces excellent results by combing in the features of both.

The shop has recently been air conditioned for the comfort of the customers, and is well-staffed with six operators, all competently trained and experienced.

The operators would remind the customers that they are all members of the new organization of beauty operators in town, which has adopted the rule that any appointment not kept or broken within three hours of the time must be paid.

COSDEN HIGHER OCTANE

STOP AT THE SIGN OF THE COSDEN TRAFFIC COP

not only gives your present car the "acme" of mileage and "smoothness" of performance—but your car of "tomorrow" will get off to a "flying start" with this super gas.

When You See A Cosden Traffic Cop — Stop!

because the products you buy and the service you get will be the "best there is."

Cosden Petroleum Corp. Big Spring, Texas

Reed's Grocery and Market

1920 - 1946

Ours is the oldest Food Market in Big Spring.

We still maintain the same policy we had at the beginning—

Specializing in Fine Meats and Highest Standard Food Lines
