

Congress Plunged Into New Control Row As OPA Dies

Confusion, Jump In Prices Mark End Of Ceilings

WASHINGTON, July 1 (AP) — Speaker Rayburn forecast after a White House conference today that the house will vote temporary extension of OPA, but Senate Majority Leader Barkley (Ky) held out no hope of early senate action.

For 45 minutes congressional leaders talked with President Truman over the situation created by the end of OPA last midnight after Mr. Truman vetoed an extension bill which he called "impossible."

Barkley told reporters he hoped that the Senate could work out a more permanent piece of legislation "that will be acceptable."

Rayburn said he expected the House to pass a resolution restoring price controls for 20 days. Such temporary action, pending permanent legislation, was asked by Mr. Truman in his veto message.

Meanwhile, OPA is dead. Throughout the country, its end was marked by confusion, uncertainty and sharp political crossfire.

With OPA passed the myriad of regulations that have governed the nation's economy for the last four and a half years.

(Prices on the nation's commodity markets bounded upward as trading began on the first OPA-less day. Steel, motor, copper, rubber and mail order shares rose from \$1 to more than \$3 a share in early trading on the New York Stock Exchange.

Cotton futures jumped more than \$3 a bale at New York and rose the limit of \$5 at New Orleans. In Chicago and Minneapolis the grain markets responded similarly. Early prices on the Chicago livestock market jumped from \$2.40 to \$2.60 for hogs, and from \$10.00 to \$10.50 for cattle.

Meanwhile, Senator O'Daniel (D-Tex) again blocked an effort by Senator Wagner (D-NY) to introduce a resolution to revive OPA and continue its operations until July 20.

O'Daniel first had blocked introduction Saturday. Under Senate rules, introduction of the continuing resolution now will have to be delayed until tomorrow. Further objections at that time would delay its consideration by a committee until the following day.

"I hope we can work out something acceptable that will extend the OPA for a year," Barkley said. "If we can do it in one bite instead of two, it will be better than to pass one temporary measure and then a more permanent one."

Barkley said today's conference with the President was a "friendly" one.

Price Rises Chief Topic About Town

The local price control board was open as usual this morning, and workers said it probably would require several days to clear up a "backlog" of routine matters dating back before July 1.

Meanwhile, local realtors were urged to hold any rental increases to bare minimums, as the expiration of OPA provided the chief topic of conversation.

G. H. Hayward said that local real estate board members were asked in a telegram from Theodore H. Maenner, chairman of the realtors Washington committee to the National Association of Real Estate Boards, to hold rent increases to bare minimums necessary to cover increased operating costs or deferred maintenance costs, and not to exceed 10 to 15 per cent in any case.

The information was being placed in the hands of local board members. The local price board also was advised that sugar rationing and slaughter control are not affected by the passing of OPA, since they were included in the second war powers act.

Robert L. Ritchey, rent area director for OPA, said that the number of calls at the office had dropped far below normal Monday. He had no information as to future of the office except instructions to continue through the week.

General speculation on the probable trend of prices was divided, a hasty survey indicated. A majority, however, expressed belief that rise can be expected on virtually all commodities. On the other hand, some predicted "better times" within a few days.

Bill Crook, manager of the William Cameron Lumber company, received information from his home office Monday afternoon that for the present there would be no change in current price lists.

House Destroyed By Lightning; Six Other Fires

A bolt of lightning accompanying Saturday's freak cloud started a busy weekend for the Big Spring fire department, when a four-room house near the state hospital on the north highway was struck and completely destroyed by fire.

Joe Matthews was occupant of the house. Six other minor fires kept equipment rolling until this morning. At 6:25 p. m. Saturday a short in a radio in servant's quarters caused a small blaze, but no damage, at 1108 Runnels, and smoke from an oven caused smoke damage at 803 E. 3rd at 1 a. m. Sunday.

A temporary lull in activity was broken at 2:25 p. m. when film burning in an incinerator caused smoke in the Settles hotel basement. One room in the basement was damaged slightly. No damage was caused by a grass fire at 708 E. 6th at 6:40 p. m. and at the West Texas Livestock Auction company at 9:20 p. m., when an electrical short developed in a hay barn.

At 4 a. m. today, firemen were called to the Crawford hotel, where an electric motor shorted out in the basement.

Friends Of Mahon Will Attend Rally

A number of friends of George Mahon will journey from here to Colorado City this evening for a program at Rudderick Park at 8 o'clock.

Food Prices Not Expected To Rise Greatly

By The Associated Press Reports from most of the nation indicated today that the expiration of government price controls at midnight last night would bring immediate increases in the prices of many food items despite the pleas of some industry leaders for a "hold the line" policy.

Definite increases were predicted for meat, milk and sugar—10 per cent for meat, two cents per quart for milk and one cent a pound for sugar.

Prices on most other consumer goods appeared to be stable—at least temporarily, as many department and chain stores said they would affect no immediate price increases.

Another bar to an inflationary spiral in food markets was an announcement by the agriculture department that it would pay no more than yesterday's ceiling prices to obtain meat and wheat for famine relief.

Many sources predicted that the full force of inflationary tendencies would not be felt until the effect on congress of the president's veto message and the country's reaction could be determined.

In Chicago, the board of trade directors ordered removal of ceilings on corn, barley and oats.

The American Meat institute, which represents packers generally, said it will take a little time for the industry to get back on its feet and that the speed of recovery depends to a large degree on the supplies of livestock coming to the market.

F. Eugene Ackerman, executive director of the American Wool council, expressed doubt that clothing prices would be substantially increased. He declared that manufacturers have advised retailers of prices for fall lines "and they would be foolish to kick their customers around by hiking prices now." Retail stores face the possibility of a "buyers strike" if they raise prices, he said.

Little Showers Result Sunday From Clouds

Scattered showers moved in on the Big Spring area again Sunday during the late afternoon and early evening, but reports this morning indicate that the small amount of rainfall accompanying thick clouds was far from general.

The US Weather Bureau gauged .48 of an inch at the airport, but only .2 of an inch was reported at the Experiment Farm north of town.

Two clouds approached Big Spring, one from the west and another from the north, but the latter produced only sand in the immediate vicinity. It is thought that most of the rainfall was received in the northwestern and western part of the county. Although no estimate was made, a "good rain" was reported along the Martin-Howard county line.

Southeastern Howard county was missed again, according to reports this morning. The city lakes received no water during the weekend.

A near cloud-burst developed from the Saturday afternoon cloud in a small area northeast of Big Spring, with an estimated five to six inches falling at the cemetery, and more hail damage from the Saturday flurry was reported to the northwest.

Ministers Renew Effort To Settle Trieste Issue

Way Must Be Clear To Decide Date For Peace Meet

PARIS, July 1. (AP) —The Big Four foreign ministers' council tackled the critical problem of Trieste again today in a renewed effort to clear the way for fixing the date of a 21-nation European peace conference demanded by Secretary of State James F. Byrnes.

Under the compromise agenda adopted Saturday at the suggestion of French Foreign Minister Georges Bidault, the council scheduled consideration of the Yugoslav - Italian frontier question — including the future of the port city of Trieste; Italian colonies; the peace conference and German questions, in that order.

The new attack on the knotty question of Trieste was expected to be based on the Bidault compromise plan under which the Adriatic city — demanded by both Italy and Yugoslavia — would be internationalized for at least 10 years under United Nations guidance, but with mixed Italian-Yugoslav and Allied control.

Italian Premier Alcide de Gasperi sent a "last appeal" to the council yesterday asking that Italy be heard before any action was taken on Trieste, where five American soldiers were injured yesterday while helping to quell riots by pro-Italian residents.

Jews Threaten Retaliation For British Act

JERUSALEM, July 1. (AP) —Threats of retaliation came from the Jewish underground as British troops held 2,000 persons for investigation today following sweeping weekend security operations during which four persons were killed and a number injured.

The secret radio of the Jewish resistance movement, "The Voice of Israel," trumpeted that "Britain has declared war on the Jewish community," and added ominously: "We will return it."

In Tel Aviv, leaflet bombs were exploded by the Jewish extremist organization, Irgun Zvai Leumi, spreading pamphlets which charged that Palestine Jews had had their "Pearl Harbor" because they had been "attacked by the British at the moment of mutual negotiations."

The pamphlets urged immediate formation of an underground Jewish government and unification of all Jewish resistance groups, including Irgun Zvai Leumi and the "stern gang" of extremists.

At the same time a high Jewish source in Tel Aviv announced that meetings had been called throughout Palestine to consider a retaliatory "passive resistance" movement by nationalists in India.

Passive resistance would include non-payment of taxes, a strike by all Jews in government service and "complete non-cooperation with the British" in other ways, this source declared.

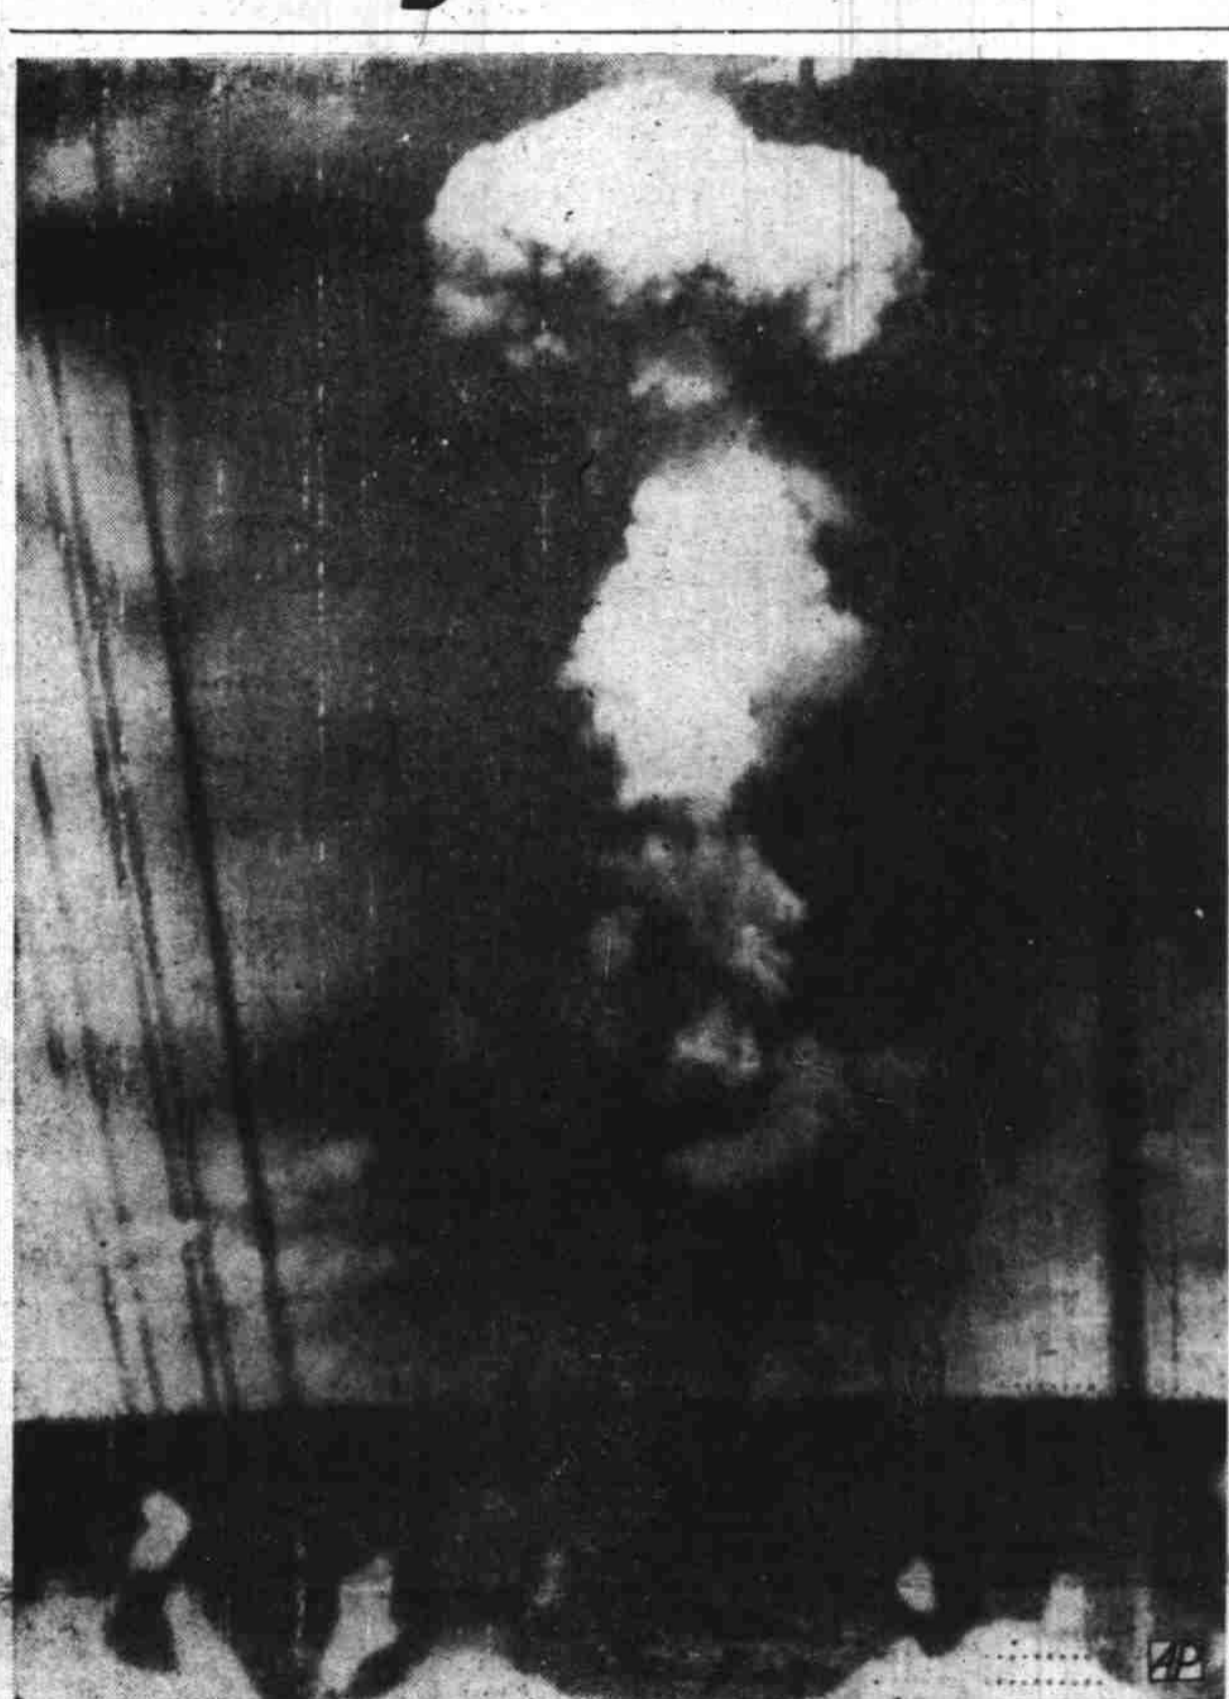

British authorities said that the operations which they began Saturday "to restore law and order in Palestine" were virtually completed but that searches for hidden arms and explosives still were under way in a number of places.

A strict curfew was imposed on Jerusalem, Haifa and Tel Aviv during the operations.

Three Attend Basin Association Meet

E. J. Hughes, L. H. Thomas and Jimmy Greene represented Big Spring at Saturday's session of the Upper Colorado Basin association, which was conducted in Lamesa.

Three Ships Sunk, Eight Damaged In A-Bomb Test

ATOM BLAST AT BIKINI—A huge cloud mushrooms upward over Bikini a few seconds after the atom bomb blast. Photo by Associated Press Photographer Jack Rice, still picture pool representative, from the sky bridge of the flagship USS Mt. McKinley, and radioed to San Francisco over joint Army-Navy task force radiophoto. (AP Wirephoto).

No Capital Ship Appears Badly Hurt By Bomb

ABOARD USS APPALACHIAN OFF BIKINI, July 1 (AP)—Three of the 73 old target warships were sunk and eight others badly damaged in today's spectacular test of the fourth atomic bomb, Vice Adm. W. H. P. Blandy reported tonight as vessels of his task force moved into Bikini lagoon to survey damage.

This was based on a cursory inspection. Many ships are burning. The total could be higher by daybreak.

Whether the atomic bomb will force navies of the world into new construction and battle tactics remained the day's big question.

The bomb wrought a great deal of damage to ships anchored in the lagoon but the blast did not sink a capital ship, even though they were directly under the explosion.

Admiral Blandy declined at a press conference to draw any conclusions from the test. "That's not our job," he said. "We put facts before the evaluation board of the joint chiefs of staff and the evaluation commission of the President and they draw conclusions."

A recapitulation of the bomb's destructive power showed two attack-transports, the Carlisle and the Gilliam, sunk. The destroyer Lamson was capsized and later went down, and the destroyer Anderson was so badly damaged it was expected to sink momentarily.

The Japanese cruiser Sakawa was ripped open at the waterline and may sink. Fires were burning late tonight aboard the carrier Independence, which suffered the greatest damage of any vessel afloat and was listing badly.

Heavy damage, particularly topside, was done to the battleship Arkansas, the Japanese battleship Nagato, the submarine Skate, the heavy cruiser Pensacola and a tank landing ship.

Some 25 vessels received slight damage. One of these was the battleship Pennsylvania, which had a small fire which was put out by a fireboat.

On the deck of the Pennsylvania, contentedly chewing hay, were a number of goats which had been placed aboard to determine the effect of atomic energy on animals. Rear Adm. Thorvald Solberg said the goats "had a gleam in their eye and seemed perfectly happy."

There have been no reports of what happened to animals on other ships, particularly those near the center of the lagoon.

An underwater test of the bomb will be held in the next three or four weeks, Admiral Blandy said, depending on how soon he will be able to make preparations and get the fleet into position.

Most surprising of the bomb damage reports were those of fire on the great carrier Saratoga, about two miles from the centrally anchored Nevada, and damage to the Prinz Eugene, Nazi heavy cruiser nearly that far distant on the opposite side of the lagoon.

Twice reported and twice denied aboard this ship, the Prinz Eugene's damage finally was confirmed. She had been through five air raids in the war, and may have been weakened; at any rate, she shows the power of atomic bombs.

Explosions aboard the Independence reportedly were caused by ammunition and aviation gasoline placed aboard to see what would have happened had she carried a normal load. The explosions followed the bomb blast by nearly six hours, however, and had a crew been aboard, the flames might have been extinguished before reaching shells or gasoline.

Ammunition Explodes Late In Independence

ABOARD USS PANAMINT, July 1. (AP)—A virtual hulk, its entire lofty island structure cut off to deck level, the aircraft carrier Independence provided today the first close-range view of what an atomic bomb can do to a capital warship.

The heroic vessel, which took terrific punishment from the Japanese during the war, remained afloat but continued to smoulder. Shortly after the haze created by the atomic bomb's explosion cleared over Bikini lagoon, one big explosion and two smaller ones sent flames leaping at least 100 feet above the Independence.

A vast column of whitish smoke gushed out as fires apparently reached fuel and munitions deep inside the carrier.

The only part of the superstructure visible from a few miles away was the ship's crane. Two planes lay buckled on the deck.

(Elton Fay, Associated Press reporter aboard the USS Mt. McKinley, said the Independence's flight deck appeared buckled and there was no evidence from his view of the planes and other items mounted on the deck for test purposes.)

(He said the tripod masts of the battleship Nevada were shattered and objects on the decks at level of the mast structure were badly damaged.)

(A stern of the Nevada, Fay said, was the hull of the submarine Skate, its conning tower, deck guns, periscopes and all other above board structures gone.)

(The Japanese cruiser Sakawa was cut down almost to the water line, its superstructure demolished, Fay reported. The masts on the USS cruiser Salt Lake City were bent and the ships upper works were battered.)

Initial Flash Becomes Giant, Colorful Cone

OVER BIKINI LAGOON IN A B-17, July 1. (AP)—"Two minutes before drop. Put on goggles" the flat metallic voice of the bombardier crackled through the air.

We tightened our circle to stay in the orbit of planes flying over Bikini Lagoon as "Dave's Dream" the atomic bomber, went in for the third time. "The first two runs were tests. This was the real thing."

One minute to go. The automatic tone signal from the bomb carrier started to buzz. The navigator mechanically clicked off the seconds. "Fifty eight . . . 59 . . . 60 . . . Bomb away! Bomb away!"

Then silence. The atom bomb was hurtling earthward. We waited. Seconds seemed like hours. Like one of the spokes of a huge wheel suspended high in the sky, our photographic B-29's circled the target. Far below, the battleship Nevada looked like a red bug on a blue carpet.

Then all hell broke loose. It was 25 seconds after a 9 a. m. Stronger than a thousand suns, the flash swished through the sky like a giant flyswatter blotting out everything—the ocean, the clouds, the ships, the sun.

We threw off our goggles. The fireball which appeared after the initial flash was so bright we couldn't look at it. It covered the entire target area. At first, it was as smooth as a billiard ball. It started curling upwards, boiling like a pot of hot sugar. Then each bubble burst into bigger ones in colors of red, brown, yellow and white.

Within a few seconds the molten ball had risen beyond 15,000 feet. Then came the shock wave. It felt as if the aircraft had been hit with a sledgehammer. Just one

Sealed Bids Taken On Messenger Route Sealed bids are being taken at the Big Spring post office on Mail Messenger route No. 250426, which runs between the post office and the T&P railway station (Rte 11-180) and includes the exchange of the city and the Union bus station (Rte. 50994).

The bids will be accepted until 2 p. m., July 10, Postmaster Nat Shick announced.

Rents Rocket, Reports Show

By The Associated Press Rents soared upward as much as 33 1-3 per cent and in isolated cases even higher today as the death of OPA yanked the lid off ceiling prices in all but two states and the District of Columbia.

In Miami, Fla., many tenants were notified of raises from one third up. One 20-unit apartment house in Miami Beach hoisted \$50 rents to \$150.

The Cleveland Plain Dealer reported numerous telephone calls complaining of rent hikes ranging between 15 and 40 per cent.

A Cleveland heights apartment house jacked up its \$60 and \$70-a-month suites a flat \$15 a month. In Denver, one justice of the peace said he had issued 1,000 black forms used for 10-day eviction notices under Colorado law.

Tuesday Deadline For Campaign Report

All but eight of the county's 29 candidates for county and district offices have filed itemized accounts of campaign expenditures as the Tuesday deadline for making reports neared.

According to County Clerk Lee Porter, who is authorized to receive and record the reports, the following candidates had not filed a list of their expenditures as of noon today:

Attorneys Seek Release Of Student Held In Degnan Case; Boy Drops 'Delirium'

CHICAGO, July 1. (AP) —Attorneys for William Heirens, whose fingerprints, State's Attorney William J. Tuohy said, match one of the Suzanne Degnan kidnap note, sought to obtain the release of the 17-year-old University of Chicago student from police custody today.

A petition for a writ of habeas corpus was filed with the clerk of the Cook county (Chicago) criminal court and was expected to be heard by Chief Justice Harold G. Ward later today. Heirens has been held without charge since last week when he was arrested during a House crowd.

Under habeas corpus proceedings the state is required to charge him formally with a crime or to demonstrate to the court that it has sufficient grounds to hold him for additional investigation.

Tuohy said Heirens at first had been enacting a "pose and sham" of delirium but had dropped this behavior and talked to investigators.

Emerging from Bridewell hospital early today after questioning the 6-foot, 185 pound youth for more than 5 hours, Tuohy said "at no time did he (Heirens) make a confession, either of the Degnan case or any other crime of which he stands accused, except that of last Wednesday in which he was caught."

The young student, in whose room on the University of Chicago campus police found several suitcases filled with what Tuohy said was loot from many burglaries, was linked to the slaying of the 6 year old Degnan child through a fingerprint.

Two policemen — one of whom wielded a flower pot on Heirens' head — captured the youth after he was surprised prowling through a North Side apartment building. Until today, Tuohy said, Heirens had sought to evade questions by hidin gbehind what the state's attorney termed a wall of "shammed delirium."

Boykin-DePasquale Vows Read Sunday Afternoon

Marriage Ceremony Performed In Garden Of Bride's Parents

On Sunday afternoon in the garden of Mr. and Mrs. D. V. DePasquale of Dickinson, their daughter, Rosemary Elizabeth, was married to Calvin Clay Boykin Jr., son of Mr. and Mrs. Calvin Clay Boykin Sr. of Big Spring.

Marriage vows were read by the Rev. Thomas A. Carney, and wedding music was given by Mrs. John B. Marsell of Dickinson and Ray Schmidt of Texas City. Maid of honor to the bride was Marthaly Johnson of Abilene and Mrs. J. A. DePasquale of Dallas, the bride's aunt, was matron of honor. Junior bridesmaids were Dolores Jean DePasquale, sister of the bride and Jo Anne Boykin, sister of the bridegroom. Best man for the ceremony was

Dr. Samuel H. Gains, and ushers included James W. Cotter of Dickinson and Kenneth L. Bates of Dallas.

A reception honoring the bridal couple was held in the Dickinson high school cafeteria following the ceremony. Mrs. C. Cottingham and Mrs. C. W. Cotter served the four-tiered wedding cake. Mrs. Vincent Cesare, Elizabeth Pollastri and Dora Salvato presided at the bride's table.

The bride is a graduate of SM-U, where she was a member of Alpha Delta Pi Sorority. The bridegroom is a graduate of Big Spring high school, served in the army for three years, two of which were spent overseas. Following a wedding trip to Houston and San Antonio the couple will live in Bryan where he will attend A. and M. college.

Social Calendar For The Week

TUESDAY
REBEKAH LODGE will meet at the WOW hall at 8 p. m.
EAST FOURTH STREET CHURCH WMU will meet at 3:15 p. m. in the church.
LOTTIE MOON YPA will meet at the First Baptist church at 7:30 p. m.
BUSINESS AND PROFESSIONAL WOMEN will meet at 7:30 p. m. in the Settles.
ORDER OF EASTERN STAR will meet at 8 p. m. in the Masonic hall.
EASY ACES BRIDGE CLUB will meet with Mrs. Thomas Joe Williamson at 2:30 p. m.

WEDNESDAY
MERRY WIVES BRIDGE CLUB will meet with Mrs. Clyde Thomas Jr. at 8 p. m.
EIREMEN LADIES will meet at the WOW hall at 3 p. m.
HIGH HEEL SLIPPER CLUB will meet with Nancy Hooper at 8 p. m.
PHILADELPHIA CLASS will meet at 10:30 a. m. in the First Methodist church, with luncheon at noon.

FRIDAY
TRAINMAN LADIES will meet at the WOW hall at 2:30 p. m.
SUSANNAH WESLEY CLASS of the First Methodist church will meet for luncheon at noon in the church.
GAY HILL P-TA will have a pie supper at the Gay Hill school house at 8 p. m.
FRIENDSHIP BRIDGE CLUB will meet at 2:30 p. m. with Mrs. R. F. Bluhm.

Weather Forecast

BIG SPRING AND VICINITY: Partly cloudy with thunder showers tonight and Tuesday. High 92, low 70, high tomorrow 100.

WEST TEXAS: Partly cloudy this afternoon, tonight and Tuesday. Scattered thundershowers and not so warm Panhandle and South Plains this afternoon and east of Pecos river tonight. Warmer Panhandle and South Plains Tuesday.

EAST TEXAS: Partly cloudy, thundershowers north and central portions this afternoon and tonight, and in central portions Tuesday. Not so warm north portion this afternoon. Moderate southerly winds on the coast.

State Fair Books 14 Grid Games

DALLAS, July 1—(AP)—Fourteen football games have been scheduled in the Cotton Bowl during the State Fair of Texas, October 5-20.

Oct. 5—Dallas Tech vs. Waxahatchie (day); Texas Tech vs. SM-U (night).
Oct. 9—Lincoln (negro) high vs. Corsicana (negro) high (night).
Oct. 10—Adamson high vs. Highland Park high (night).
Oct. 11—Sunset high vs. Lamar high (Houston) (day); SMU vs. Oklahoma A. & M. (night).
Oct. 12—Texas U. vs. Oklahoma U (day); Woodrow Wilson high vs. Lufkin high (night).
Oct. 14—Washington (negro) high vs. Lincoln (negro) high (day); Wiley College vs. Prairie View normal (night).
Oct. 17—Lincoln high (negro) vs. Tyler (negro) high (night).
Oct. 18—Sunset high vs. Forest high (night).
Oct. 19—Highland Park vs. Marshall high (day); Adamson high vs. North Dallas high (night).

Church Social

All members of the St. Thomas Catholic church and their families are urged to attend a party being given at the church hall Monday evening at 8 p. m.

RETURNS FROM TRIP
Mr. and Mrs. H. E. Heaton have returned from a four week's tour through Oklahoma, Iowa, North and South Dakota and northern Minnesota visiting relatives and friends. On June 9 they attended a family reunion of the Heaton family in North Dakota.

College Entrance Tests Toughening Up Exercises, High School Grads Sigh

By LEATRICE ROSS
Recent high school graduates who have a hankering for college aren't getting the run-around—they're doing it.
From malingering entrance fees to pursuing vaccination certificates and shopping for snazzy garb, the campus-minded youths are in a spin.
At the onset of a preliminary and abundant correspondence,

prospective students find themselves fouled up in a sheaf of queries on varied subjects from whether the individual used a teething ring to the date of the first pair of nylons or first shave, as the case may be.

Then there is a little matter of a 300-word manuscript on SELF, calculated to be a spicy autobiography. After this chore, the trek for a few references is in order.
In a few instances, those asking entrance to certain institutions tremble at the prospect of lengthy English exams, psychology scrutiny, and sundry other probes which are bewildering if not downright disheartening to the young hopeful.

Finally, there is the business of collecting luggage from relatives and friends; a campaign to get Mother to pack it; and the development of a pre-collegiate attitude which, among the fraternity, rivals the old alumni.

Concordia Ladies Aid Plans July Fourth Picnic

Concordia Ladies Aid had a monthly business session Sunday afternoon in the St. Paul's Lutheran church.

Plans were made for a Sunday school picnic to be held at the Albert Keune farm near Vealmoor on July 4. All those planning to attend were asked to meet at the church at 10 a. m. and proceed from there to the picnic grounds. The women completed arrangements for a bazaar to be held in the fall.

Following the business session Rev. O. H. Horn conducted a Bible study on the book of Judges. Attending were Mrs. Albert Hohert, Mrs. N. W. Rupp, Mrs. M. H. Carroll, Mrs. D. E. Schroeder, Mrs. W. F. Heckler, Mrs. Henry Fehler, Mrs. John Foster and Rev. and Mrs. Horn.

Wheat, Crude Oil Production Rises

DALLAS, July 1—(AP)—Preliminary reports of the wheat harvest, now near completion, strongly support the US department of agriculture estimate that the 1946 crop would exceed last year's crop by about 10 per cent, according to the July 1 release of the monthly business review of the federal reserve bank of Dallas.

The review reported that prices of most farm products continue to rise, with wheat recently reaching the highest price level since 1925. New well completions was the answer of the oil industry to the Texas railroad commission's June net crude production allowable for 2,250,000 barrels per day, the review said.

The business review reported some improvement in the rate of lumber production. Sales during May in department and furniture stores of the district showed strong gain in dollar volume over the same month last year.

Negro Voting Issue In Mississippi

JACKSON, Miss., July 1. (AP)—The negro voting question today turned the national spotlight, and perhaps a Senate investigation, upon Tuesday's Democratic primary election in Mississippi, but only a corporal's guard of negroes, at most, can cast ballots.

A last survey showed that the negro registration is only a tiny percentage of the total number of names on the books. Many counties have no negro registrants, and in the state's largest county, Hindu, there are only about 500 negroes registered as compared with 25,000 white voters.

But the smallest of the potential negro vote did not diminish its importance as an issue in the eyes of Senator Theo G. Bilbo, who has stressed white supremacy in his campaign for re-nomination. "If you let a handful vote this time," Bilbo has said, "it will be two handfuls next time and four handfuls the time after, and soon white supremacy will be lost."

Life Saving Courses Sponsored At Pool

Several agencies and institutions will combine forces to present junior and senior life saving courses at the municipal swimming pool.

Plans for the water safety training were developed at a breakfast session yesterday morning with Olen Puckett, chairman of the American Red Cross water safety committee, in charge.

Classes in both junior and senior Red Cross life saving will be offered starting at 6 p. m. on July 8, said Puckett. All persons interested are urged to take part. Among those supporting the training are the Howard-Glasscock chapter of the American Red Cross, Boy Scouts, Girl Scouts, YMCA, City of Big Spring and the Herald, said Puckett.

Instruction in the course will be for 15 hours, followed by a demonstration examination.

Dr. West Texas Tennis Champion

FORT WORTH, July 1—(AP)—Dr. Fred West of Texas Christian defeated fifth-seeded Jack Smith of Fort Worth, 6-1, 6-2, 6-0, here yesterday to take the men's single crown of the Texas Tennis association tournament.

Dr. West leaves today for Wabash college in Indiana where he will be professor of religion. In the men's doubles Gordon Hilley and James Schultze of Waco, both unseeded, upset Ed Overholser of Oklahoma City and Fred Royer of Dallas, 9-6, 6-3, 6-2, 6-3.

John Wayne Browns Parents Of Daughter

Mr. and Mrs. John Wayne Brown of Long Beach, Calif., are the parents of a daughter born at 2:15 a. m. Saturday. She weighed six pounds.

Mrs. G. A. Brown of Big Spring is the paternal grandmother and maternal grandparents are Mr. and Mrs. Harold Woody of La Com, Alberta, Canada. Neil Brown is an aunt.

Mr. and Mrs. L. C. Thomas of Portales flew in Sunday for a visit with their niece, Mrs. Steve Baker, and Mr. Baker.

Mr. Mrs. Jetty Cook Visit His Parents

Mr. and Mrs. Jetty Cook of Fort Worth arrived by plane Sunday to visit his parents, Mr. and Mrs. Ray Cook.

Cook has been employed by the American Airlines since his discharge from the army. He resigned recently to re-enlist in the Air Corps to serve overseas. He will be stationed for a time at Tarrant field.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine. People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up all night." A carefully blended combination of 16 herbs, roots, vegetables, balsams, Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvellous effect. All druggists sell Swamp Root, 4¢.

O. P. A. is off but our PRICES REMAIN the SAME!

It has always — even before O.P.A. — been the policy of this store to sell quality merchandise at a fair margin of profit. This we will continue to do in every instance. Our prices are the same today as they were Saturday and will remain so as long as our replacement cost will allow.

Temperate Action Can Help

Well, what now? For months and months the controversy over OPA has raged. In typical style, congress fought it out to the wire and then found the compromise extension measure vetoed—too late to do anything about it.

Thus, unless there are some unforeseen developments which would revive the price control act, OPA will be out of the picture. There is a possibility that the immediate reaction of prices would be such as to produce legislative action.

No one knows what the effect will be. Proponents of OPA have predicted its termination or emasculation would set the stage for inflation. Opponents have argued that it would open the way to unrestrained production and thus cause prices to level off.

It looks like the nation will have an opportunity to see.

The situation can be kept in hand by the exercise of good judgment by those who are in industry and business and in other capacities, such as rentals. Lack of temperance in these fields will break the dyke.

Two Sides To Every Question

There are two sides to every question, and so it is with labor and management. For a time, labor had all the public sympathy. It could do no wrong. Then the pendulum swung recently, and in the public mind labor could do no right. Whatever soundness management possessed in its positions was ignored; labor was the issue.

Settlement of a three months old strike by the Phelps Dodge Corporation, a big copper mining concern, is a reminder that management as well as labor can be guilty of practices which challenge the popular sense of justice. After workers called an unjusti-

fied strike at Bisbee, Ariz., a special deputy sheriff's posse of 2,000 rounded up 1,189 workers, packed them into a special train and deported them to Columbus, N. M. When authorities there refused to permit them to unload, they were returned to Hermans, Ariz., a straggling town in the desert and there unloaded without food, water or shelter. The army had to come to the rescue and maintain the deportees for two months.

Yes, there definitely are two sides to every question and the public, as well as labor and management, might have a clearer conception of difficulties if it is understood in the beginning that neither side is lily white.

The Nation Today—James Marlow

Britain, US To Benefit Under Loan

EDITOR'S NOTE:—This is the last of three stories on the British loan which Congress may approve next week.

WASHINGTON, (AP)—Why does Britain need a loan of \$3,750,000,000 from this country? To get back on her feet. Her foreign trade was shot by the war.

Is Britain the only country which will benefit by such a loan? Government officials here repeatedly have said the loan will not only help Britain but us, too, and world trade in general.

Why? Because Britain agrees—if Congress approves the loan—to end her wartime trading methods, which had hurt American trade, and to join the United States in creating a freer world trade.

If Britain didn't get the loan, what then? The same government officials have said Britain would have to continue her wartime trade methods which would hurt American trade and also world trade. If Britain gets the American

loan, thus building up its supply of dollars, it agrees to end the restrictive trade methods outlined here. If it can't, it will be forced to continue the wartime methods. If that happened—with Britain dealing with one block of nations—this country probably would have to set up a block of nations of its own to do business only in dollars.

Then there'd be government officials have suggested, the two trading blocks bucking each other. And that wouldn't help world trade.

Y Activities Draw Good Attendance; Schedule Announced For This Week

Activities under the sponsorship of the YMCA drew a good attendance during the past weeks, although a fall off has been noticeable since the hot weather began, Bill Daves, executive secretary of the Y, said Saturday.

Initial session of the crafts and skill night Thursday was well attended with a smaller turn out for dance instruction. Bridge instruction also attracted a number of enthusiasts.

Square dance night to begin Friday, is expected to be a popular feature, Daves said.

Schedule for the coming week follows.

MONDAY—Tennis was held at

HAVEN'T YOU GOT YOUR FACTS SLIGHTLY TWISTED?

Broadway—Jack O'Brian

Dishing With The Dirt

NEW YORK. — One of these uneasy days the cops are going to clean house among Broadway cafe comics. At this point, there are only a few Broadway clubs not using comics whose long suits are dirt. The leer and the double-meaning quip have seeped even into Broadway movie palaces using stage shows.

It is a known fact that the police are getting tired of warning cafe owners to clean up their shows and, in several cases, legal action is expected within a short time. The municipal authorities got rid of Broadway's burlesque theaters for exactly the same reason—not nudist but plain, unmistakable dirt.

Broadway never has been known as a neighborhood whose morals are on all occasions above reproach. But if something isn't done right quickly, the gendarmerie will crack down and court cases will follow, and convictions mean license revocations, which means the owner can't engage in such business any more; plus jail sentences and fines that seem to you'd think such threats by the police would have some reaction, but the comics go blithely on their unlauded way. Clergymen have got up in arms, and then up in their pulpits, very justifiably to preach against going to such amusement emporiums.

New York has shied away from the most part from censors, feeling that nicely timed warnings should suffice. These don't seem to be turning the trick at this tardy point, which is why folders down at headquarters are getting thicker with evidence gathered by plainclothes squads.

On the credit side, several of the more prominent places steer carefully away from smut. Peter Lind Hayes, the newest cafe comic, hit now at the Copacabana, could play his entire act in front of a national convention of Sunday school teachers without en-

countering a single blush; which fact does not mean he isn't an immensely funny young man. He already has been signed for films and has enough personal appearance contracts in his future to make him a rich man.

Billy Rose definitely seeks the family trade at his Diamond Horseshoe, and for that reason wouldn't permit smut in his acts. The Cafe Zanzibar, whose entertainment emphasis is on music and dancing, does not encounter any objections from the police, who think the all-negro show is tasteful and fine for young audiences. One or two others fall into the highly moral classification, but not many. The police department, however, will take matters into its hands within weeks, according to the Broadway bluecoat grapevine. And if the saloons don't take it upon themselves to clean things up, the courts will be the next step. And it's about time.

More Cigarettes, Less Beer Consumed

AUSTIN, July 1. (AP)—Texans are smoking more cigarettes and drinking more liquor and wine this year than they did last, but they are drinking less beer. A statement of stamp sales released by State Treasurer Jesse James today showed an increase of \$688,658.74 in the sale of revenue stamps on cigarettes, liquor, prescription liquor and wine for June 1946 over the same month last year. The only decrease in sales was a \$41,001.27 slump in beer stamps.

BUSINESS DECLINES

AUSTIN, July 1. (AP)—Texas business declined in May following a boom in April and is just about where it was six months ago, says Dr. Robert W. French, director of the bureau of business research.

Washington Merry-Go-Round—Drew Pearson

Is Snyder A Pal Of Big Business?

WASHINGTON.—The nation's denly dropped his knife and fork new money chief, John Snyder, and bellowed: "I heard that crack you made about me and I'm getting tired of your insinuations. Everybody knows what you think of me. Sure, I used to be a mule skinner. Do you want to make something of it?"

The nonplused Pierson tried to explain that he meant nothing by the remark, but was only "kidding." He thought for a moment that Hurley had mistaken him for a newspaper columnist by the same name. Hurley, however, was spilling for action and refused to accept the apology. Jumping to his feet, he began to peel off his coat.

"I've taken all I'm going to from you. Come on outside and we'll settle this thing right now." By this time, Pierson's own dander was up. "I don't know what's eating you, but if you want to fight, I'll be glad to accommodate you," he shot back.

Both men had started for the door when friends intervened and induced them to return to their seats.

"I'm the moderator here," soothed Homer Cummings. "Let's have order."

Having cracked down rather vigorously on Civilian Production Administrator Small and the race tracks and roller coasters built at the expense of veterans housing, it is only fair to describe some of the headaches Mr. Small faces. This is an attempt to tell the other side of the story.

Jack Small came out of the navy to take over the job of civilian production administrator at a time when many economists were predicting a post-war depression and wide-scale unemployment. In fact some set the figure as high as 10,000,000 unemployed by Christmas.

The proposed cure for unemployment was construction. To that end all construction controls were removed and the green light given to all sorts of building. Shortly after this, the unemployment estimates proved to be wrong, and instead of a surfeit of labor there was a shortage of almost everything—from labor to 10-penny nails.

Result was that by the time congress and top officials belatedly got around to worrying about veterans housing, all sorts of other construction—some of it es-

ential, some decidedly not—was already under way. Of course, it's generally overlooked now, but some of the old Roosevelt brain-trusters like Bob Nathan and Leon Henderson long had been warning about the housing shortage—to no avail. John Snyder and other top people—including Jack Small—paid no attention to them.

So it was not until March 26 of this year that Small finally issued his stop-order against further un-essential construction.

Race Tracks Get Busy
At that time Small lacked both the personnel and the money to regulate future construction. He wired former war production board men all over the country asking them to come back. Meanwhile word leaked out a day or two before March 26 that all non-essential building was to be stopped, and contractors rushed to put a "piece of steel in the ground" so they could say construction already had started.

One big question since then has been to decide whether jobs now started should be stopped. CPA's Small and his staff have found that stoppage sometimes would create hardship, sometimes bankruptcy. That is one reason why the race tracks and much un-essential construction is continuing.

Some people, including this writer, don't believe the CPA staff has been tough enough, but obviously that is a difficult problem. And whether right or wrong in the past, it is only fair to point out that his staff has been doing an increasingly good job recently. Housing Czar Wilson Wyatt and others now pay tribute to the CPA boss for throwing everything he has into the veterans building program.

Thornton's Store Extra Helper For Housewives In Hot Weather

Housewives desiring to serve something "cooked" for supper in this hot weather without having to stand over a hot stove all afternoon will find Thornton's Food Store a willing helper.

Hot barbecue made daily at the grocery by A. S. Alexander, partner in the store with Jess Thornton, is a tasty, delicious meal in itself. Made from the best meat obtainable at this time, in keeping with the policy of the store always to serve the best, the barbecue will please the palate of the most finicky eater in the family.

And to go with it, there is in stock standard brands of mustard and fresh buns. Topped with a crisp salad made of vegetables, kept garden-fresh in the store's vegetable coolers, supper is prepared in a jiffy with a minimum of time and heat.

For dessert there are fresh seasonal fruits or canned peaches, apricots, etc. and cakes or cookies brought in fresh daily.

For other meals easily prepared, Thornton's urges housewives to avail themselves of the fine selection of frozen foods. These products are quick to prepare for serving and are easily stored in the icebox for considerable lengths of time without spoiling. Peaches, strawberries, pineapple

in or out of season; lima beans, green beans, peas, asparagus, garden fresh chicken a la king, chop suey and fish ready for the pan; even roll dough made with yeast are among the frozen items to be found here.

For between-meal snacks, ice cream is a delicious treat — and is stocked at Thornton's among the frozen foods.

The store has recently undergone a renovation with new fixtures and display counters added. At the present time, the stock is nearly double that of four months ago, in order to give the customers a wide selection as possible in these days of scarcity and shortages. Newly painted, efficiently rearranged, Thornton's is a pleasant, clean place to buy.

BRIGHT, NEW HOME—Recently completed, this building houses the Big Spring Paint and Paper Company at 1701 Gregg. The bright, new quarters permit O. L. Nabors, owner, to display all sorts of attractive papers, pictures, prints, mirrors, and many other items of interest to those building or renovating their homes. Nabors always has carried a large stock, but now it is more complete than ever. (Jack M. Haynes Photo).

Coleman Courts Attractive Place To Live, Stay

Whether it is a party of tourists seeking a comfortable place to stay for a few nights, or a permanent resident desiring a comfortable, attractive and convenient place to live, the Coleman Courts can fill the bill.

L. E. Coleman, owner, has announced that in contrast to extremely crowded conditions for several years, travelers and newcomers to town can now be assured of a more than adequate place to stop.

The Coleman Courts, located at 1206 East Third, afford a variety of accommodations, ranging from the single bedroom to the small, attractive apartments, completely equipped. Each unit has its own shed for the occupant's car.

During the war years Coleman was obliged to close his three retail stores, including a grocery store, filling station and a hardware store. At the present time the grocery store has been reopened under the operation of Dewey Stump. It has been completely redone, and now affords the most modern in market facilities. Not only is the grocery store a convenient, modern place for residents of Coleman Courts to shop, but it supplies necessary gasoline to all residing in that area.

At the present time Coleman has no plans for reopening other shopping facilities, but he added that they may be opened when labor, materials and products permit.

For years Coleman Courts has been the hub of traveling in Big Spring, and it will continue to be so.

Westex Oil Company Headquarters Now Located At 110 West Second

Westex Oil company has moved its headquarters from 801 East 3rd street to 110 West 2nd, and business transactions of the main office are now being transacted at the new location, Ted O. Grobel, proprietor, has announced.

Partitions will be installed in the building as soon as possible, giving separate space for the various departments and for private offices. The new location places the headquarters nearer the cen-

ter of town and provides more office space.

Westex, which is distributor for Shell petroleum products throughout the large Permian Basin area, has also experienced other transition during the past few weeks. Following the company's policy of hiring personnel in Big Spring, training them here and then assigning them to better positions at the various branch offices, five men recently were promoted.

H. H. Hatch, James R. Williams,

Charles L. Jacobs and L. A. Teeter, all veterans, have been transferred to Odessa with promotions, and Wendell Holliday, also a veteran, has been moved to Denver City with promotion. This means that more men have again been hired in Big Spring, Groebel pointed out.

Neil Ryan has joined the staff at the headquarters here as office manager, a post that was vacant during the war due to a general shortage of experienced personnel.

Rowe's Offer K & W Welding, Precision Work

The H. M. Rowe garage, 212 E. 2nd street, has both mechanical equipment and experienced personnel capable of handling any type of auto repair work ranging from a denied fender to complete motor rebuilding.

Featured in the repair work are several specialties. The paint and body work, which is carried out with professional detail, is in considerable demand.

One of the most important services offered, however, is the complete block repair. The Rowe garage gives authorized K&W service on this type of work, with equipment maintained for cylinder re-boring. Cracks in heads and blocks can be cold welded with the best results obtainable anywhere.

Precision work has gained the garage a wide reputation. Piston

pins, bushings and spindles are fitted accurately with a power reamer drive, which gives automobile owners assurance that they are receiving the best service possible.

Rowe's garage also does all types of inside repairing and reconditioning, offering upholstery service and numerous minor repairs.

In the Case Of Turkey Cops Get The Bird

HANOVER, N. M.—(P)—The cops didn't hold this bird very long. A citizen presented Police Chief Andrew J. Ferguson with a roasted turkey, saying he found it in his car. The chief and his men made inquiries for 24 hours for the owner. So, said the chief: "OK, boys, let's go to it."

New diesel-powered shallow-draft cargo vessels of 2,700 tons are designed so they will operate both on the ocean and in rivers. With 1,200 tons of cargo, the new ships have a draft of only eight feet.

Thornton's Rents Floor Polishers

An electric floor polisher for rent by the day has recently been added to the stock at Thornton's Food Store on 11th Place. Easy to operate, inexpensive to run, the floor polisher adds extra lustre and finish to floors.

Contrary to the usual custom of renters of polishers, Thornton's does not require the user to buy waxes or polishes at the store in order to rent the polisher. However, the grocery does stock a fine line of polishes, cleaners and waxes for furniture and floors.

Some 300 products from 86 countries outside the United States go into American automobiles.

Kidnaped Premier Returned Unharmed

BATAVIA, July 1. (AP) — The government of the unrecognized Indonesian republic announced today that its kidnaped premier, Sutan Sjahrir, had arrived in Jogjakarta "in good health."

Sjahrir, abducted Thursday from his official residence at Soerakarta, was returned to Jogjakarta by an army detachment, a broadcast said. He was accompanied by Public Welfare Minister Darmawan, Gen. Maj. Soedibjo, Allied Prisoner of War evacuation director, and Soemtrio, member of the Netherlands delegation to the United Nations, the broadcast reported.

Earlier, President Soekarno of the unrecognized Indonesian government blamed "fifth columnists" for the kidnaping and warned Indonesians to "beware of radical leftists, whose actions lend support to Dutch statements, that we are not yet ready to govern ourselves."

Marine Recruiters in Post Office

S-Sgt. Thomas S. Roney, who saw 33 months of overseas action during the last war, has arrived to help Sgt. Louis R. Gallegos with the US Marine Corps recruiting drive, which will continue throughout this week.

Roney and Gallegos have opened an office in the basement of the post office building. Their hours are currently 8 a. m. to 4:30 p. m.

Special school is proffered volunteers for the aviation branch of the Marine Corps, Gallegos announced. Persons enlisting for that type duty will not be sent to other branches, according to present policy.

Special MC combat films will probably be shown here later in the week in conjunction with the recruiting drive, S-Sgt. Roney announced.

JayCees To Solicit Playground Funds

The Salvation Army west side playground project gained the asset of additional manpower Monday, when the new, up-coming Junior Chamber of Commerce took on the assignment of making fund solicitations this week for the recreational program.

Under chairmanship of Birt Tate, named by JayCee President Bill Cor, at least ten teams of JayCees will go out to "button up" the canvassing job. They are confident they can raise \$1,000 to \$1,200—enough, together with organizational donations that are in prospect, to assure operational success of the program.

The west side park, at Fifth and San Antonio streets, will embrace playing fields, game equipment and playground devices for children of all ages. The entire park program is under adult supervision.

Prospective Campers Should Register

Big Spring boy scouts who plan to attend the summer camp at Barksdale beginning July 9 were urged by H. D. Norris, scout executive, to register as soon as possible in order that transportation arrangements can be completed in advance.

C. S. Blomshield, camping and activities chairman, probably will arrange for a bus to transport the boys to camp, Norris said.

Three more registrations have been received, bringing the total to five. Registering over the weekend were Bob Tom Coffey, Charles Seydler and Corky McDonald. Norris also announced that Elra Phillips will be among the adult leaders attending, and Eddie Houser and Bobo Hardy will assist with water activities at the camp.

A full bus load probably will attend from Mitchell county, Norris said.

Dodd, Piner On Way To Austin Meeting

E. C. Dodd, president of the Howard County Junior college, and R. T. Piner, chairman of the board of trustees, were to leave early this afternoon for Austin, where they will attend a special conference on junior colleges at the University of Texas.

Both Dodd and Piner will take active part in a discussion period dealing with junior college organization Tuesday.

Several faculty members of the Howard county college have advised that they will attend the conference, Dodd said.

Livestock

FORT WORTH, July 1 (AP) — Cattle 4,000; calves 1,800; few early sales to order buyers 50-1.00 higher; later trade much less active and generally strong to 25 higher; few medium and good steers and yearling 14.50-17.25; common 11.00-14.00; medium and good beef cows 11.00-15.50; common 9.00-10.50; canners and cutters 6.00-9.00; bulls 8.50-13.00; good and choice fat calves 15.00-17.00; common and medium calves 11.00-14.50; stocker calves, yearlings and steers mostly 13.00-16.00; steer calves up to 17.00.

Sheep 3,000; only small lots low grade offerings on sale; these strong to around 50 higher; few common and medium spring lambs 11.00-13.00; cull and common clipped lambs 10.00-11.50.

C-C Directors Have A Heavy Business Agenda

Chamber of commerce directors waded through a heavy agenda Monday noon, weeding out the accumulation of four weeks' business.

Highlights included reports on the International 87 Highway association at Denver, Colo. in mid-June; announcement of the July 4 fireworks display; plans for the rodeo August 7-10; water project; safety.

Directors authorized chamber officials to make a \$10,000 down payment on a quarter of a block at W. 2nd and Scurry if and when deeds and abstract from the T&P Railway company are received and approved. Another \$10,000 would be due in six months. If part of the property is used for a community center building, this will complete the price obligation; otherwise, another \$5,000 would be due in two years.

Wiley Curry, V. A. Merrick and J. H. Greene reported on the Denver meeting pointing out that considerable progress was being made on developing the key north-south traffic artery for travel purposes. Greene said internationalizing the association to include Canada was a significant development.

A double appeal from Matt Harrington was made for attendance at the Thursday evening fireworks display at the city park and for parents seeing that children are kept back from the area where the fireworks will be displayed.

Referred to the education committee was a request for support of the Mead bill for veterans housing and educational facilities.

The executive committee was authorized to provide funds if needed by the safety committee, headed by Roy Reeder, in the promotion of a campaign to curb highway accidents. Otis Grafa, industrial committee chairman, reported a delegation would go to Eastland to view ceramic development there Tuesday. Reports were heard on the goodwill dinner given Friday evening by the chamber for public boards, and heads of service and civic organizations.

Greene reported that Robert Lee representatives had indicated they would make no protest of the proposed upper Colorado river dam if it would take no more than five per cent of the potential water for Robert Lee's dam and was for municipal usage.

Amarillo Fined On Driving Charge

Ollie Davenport of Amarillo, picked up Sunday afternoon by members of the city police force on a charge of driving while under the influence of intoxicants, pleaded guilty to the charge in county court this morning and was fined \$50 and costs.

Here 'n There

Bob Miller, a former resident of Big Spring who now resides in Harlingen, is visiting friends and relatives here.

County School Superintendent Walker Bailey and family have gone to New Mexico for a two weeks' vacation.

James L. Byers, seaman first class, was separated from the navy last week at San Pedro, Calif., after serving 13 months overseas in Samar, the Philippines and Shanghai.

He is the holder of the following ribbons and medals: Asiatic-Pacific, American Area, Victory Medal, Philippine Liberation. He is the son of Mrs. J. T. Byers.

Dirigible Forced To Land In Midland

MIDLAND, July 1 (AP)—A 167-foot navy dirigible now owned by Howard Hughes and used to advertise his movie "The Outlaw" made an unscheduled landing here Saturday night due to bucking high winds and running short of fuel.

It was deflated at the field to avoid wind damage. It was en route from El Paso to Big Spring. George Studer of Los Angeles, in charge of the 12-man crew and the ship, said today it would be transported to Big Spring, re-inflated, refueled and continue on its itinerary which includes Dallas, Memphis, Tenn., Detroit, Atlantic City and New York.

Studer denied rumors that the dirigible had been badly damaged, and that some of the crew had been injured.

Newspapermen, officers, and others were sent on a chase for the "phantom" dirigible here late Sunday night after Associated Press asked that an unconfirmed rumor be checked that the dirigible had crashed in a thunderstorm near Big Spring.

Justice Business Seems To Pick Up

Business is picking up in the office of Justice of Peace.

According to figures released by JP Walter Grice, fines and court costs amounting to \$2544.53 have been paid that department during the first six months of 1946. The levies, which represented payments on 145 cases brought before the court, showed a decided increase over the corresponding period for 1945.

Justice court did its biggest business in March when fines totaling \$682 were levied in 22 cases. Approximately 90 percent of the cases brought before Grice for review were for traffic violations.

Eight Injured In Collision North Of Town

Eight persons suffered injuries in a pickup truck-car collision nine miles north on US 87 at 12:30 a. m. Sunday.

Among those hurt were Cruz Molinar, who was being rushed by friends to a hospital here after sustaining stab wounds at a dance in Knott community, and Jack and Buck Thomas, who earlier in the evening had escaped injury in a crash in Big Spring.

State Highway Patrolman Bill Beeson said investigations tended to bear out a claim of Jose Cobas, Ackerly, that his pickup struck a trailer parked at the edge of the highway, throwing the truck into the approaching Freeman car. There was evidence of such a collision, but the trailer had been moved by Sunday morning, said Beeson.

Most seriously injured was Earl Freeman, Knott, who was under treatment at Cowper hospital for a fractured hip, broken pelvis and multiple leg fractures. Mrs. Freeman sustained a sprained ankle. Jack Thomas may have a leg fracture while Buck Thomas suffered face lacerations. Mrs. C. J. Ditto had head injuries and her husband escaped unhurt.

Cobas had cuts about the face, knee and hands; Manual Molinar had a broken arm and cuts about the face, while his brother, already suffering from alternating wounds about the abdomen, was cut about the head in the crash.

Cruz Molinar, who suffered body wounds in an affray that occurred at a dance in Knott Saturday night, told Sheriff Bob Wolf Sunday he did not care to press charges against his antagonist.

It was a family brawl, he informed Wolf. Several men were involved in the fight. As nearly as he could figure out, he said, his brother-in-law wielded the knife that cut him down.

The knifing occurred about 11 o'clock, Cruz stated. However, he had not started for Big Spring until about midnight.

Dr. Marie Weeg was called to San Antonio Monday morning due to the sudden death of her brother, J. I. Tuttle.

June Postal Receipts Drop From Last Year

Local postal receipts for the month of June totaled \$7,297.77, representing a drop of \$3,904.81 over the corresponding period last year.

The June figures upped the 1946 total to \$57,308.96 as compared to \$79,518.28 for the first six months of 1945.

SOOTHE STING, ITCH, BURN OF HOT WEATHER RASHES

When days sizzle and the nights scorch, don't suffer the torture of stinging heat rash. Sprinkle on Mezzana, the medicated powder that soothes minor irritations of the skin. Eases the sting of chafe that becomes more troublesome in hot weather. Save on large sizes of Mezzana.
