

Parade To Launch Four Day Stand Of Annual Rodeo

A parade, which officials hope will be the longest in Big Spring's history, will move from Fourth and Bell streets at 6 p. m. today, launching the annual four-day rodeo.

There are no restrictions on entries for the parade. The sole requirement is that entries must be on hand for the formation at Fourth and Bell at 5 p. m., one hour before the line starts moving through the city.

All types of floats will be welcomed, officials said, and as many cowboys, cowgirls, horses, buckboards, wagons, buggies, etc. as possible are desired.

Marie Kelsey, director of the Coahoma high school band, notified officials Tuesday that she is interrupting her vacation in Texas to return to West Texas and enter her band in the parade. Other music will be furnished by the Colorado City high school band, which also is making a special trip here for the occasion.

Decorations in the city were completed Tuesday night, with strings of flags erected on downtown streets, and more than 200 business firms subscribing to the individual decoration program.

Leaving Fourth and Bell streets promptly at 6 p. m., the parade is scheduled to move up Third street to State.

The rodeo will open at 8:30 with the grand entry and introduction of judges, which will be followed by a spirited program.

First big contest will be in bare back bronc riding. Following in order will be professional calf roping; boys' calf roping; acrobatic roping by Buff Brady and Ray Berwick of Hollywood, Calif., assisted by their wives; saddle bronc riding; Howard county calf roping; Ike Tacker, rodeo clown and his mule, Solo; Howard county calf roping; steer wrestling; trick riding by Dorothy Cash of Beaumont, Ruby Tacker of Waco, Pauline Nesbitt of Nowater, Okla., Buff Brady and Ray Berwick; girls flag race; and bull riding.

The registration desk was flooded with entries late Tuesday, as the world's best cowboys continued to pour into town. Others who had wired their entries in before deadline still were arriving today.

The rodeo grounds were sprinkled thoroughly again Tuesday night, officials said, and efforts will be continued throughout the four-day event to keep down dust at the performances.

Britain May Try To Blockade Palestine Coast

LONDON, Aug. 7 (AP)—A well-informed government quarter said today Britain might institute a full scale blockade of the Palestine coast to end illegal immigration to the Holy Land.

The informant said the Polish government was planning an all-out drive to end illegal immigration on European Jews into Palestine and that the land and sea operations involved might include a blockade of the coast.

The Jewish underground radio in Palestine said the British were concentrating troops around Haifa, main immigrant entry port.

A special meeting of the cabinet was held at No. 10 Downing Street, Prime Minister Attlee's official residence, to discuss the problem of Palestine, where some 1,500 illegal immigrants—men and women—were still held aboard ships in Haifa harbor.

They have not been permitted to leave their cramped quarters on the ships, despite unsanitary conditions, pending determination of a policy by the British government.

A five-year 75,000 immigration quota outlined in a British white paper is about exhausted, and a new policy is to be determined.

Dream Shop Center Planned In New York

NEW YORK, Aug. 7 (AP)—A dream center for shopping, offices and amusements—where the streets will be warm in winter and cool in summer and pedestrians will be moved along on sliding sidewalks instead of having to walk—will be under construction here within a year, its planners announced.

Mayor William O'Dwyer yesterday officially approved the plan, which will cost an estimated \$50,000,000 and be built on 20 acres in the heart of Flushing, Queens, not far from the site of the 1939 world's fair.

Truman's Man Slightly Leads Missouri Race

Three Senators Renominated In State Ballots

By The Associated Press
President Truman and his move to unseat Rep. Roger C. Slaughter came out on top today in what the Missouri congressman had called "a fight to determine the future course of the democratic party."

Complete returns from the Fifth Missouri congressional district gave Enos A. Axtell, 37 year old former navy lieutenant, the democratic nomination by 2,301 votes over the two-term of whom Mr. Truman had said:

If he's right, I'm wrong.
Jerome Walsh, former OPA enforcement attorney, ran a distant third.

Slaughter was one of the few congressional incumbents defeated as voters in Missouri, Virginia, West Virginia, Kansas, New Hampshire and Arkansas chose party nominees in primaries yesterday.

Each of three senators up for renomination yesterday won handily. All democrats, they were:

Harry F. Byrd of Virginia, whom the CIO-PAC hoped to oust; Frank P. Briggs of Missouri, endorsed by Mr. Truman; and Harley M. Kilgore of West Virginia, backed by the CIO-PAC.

New Hampshire's governor, Charles M. Dale, won republican renomination by only 500 votes over US Rep. Sherman Adams.

In Kansas Harry H. Woodring, former governor of the state and secretary of war early in the Roosevelt administration, returned to political prominence as democratic nominee for governor.

Post Buildings Pose Problems To City Dads

The problem of what to do with 280 buildings at the Big Spring Bombarrier school was due to be thrashed out at a special session of the Big Spring city commission at 3:30 p. m. today, as the US Engineers neared completion of negotiations which will relinquish their jurisdiction over the property.

Tuesday the Engineers arranged formally to sign over the buildings to City Manager B. J. McDaniel, who is acting as a special agent of the Federal Public Housing Authority in addition to representing the city in the negotiations.

The Engineers are releasing the buildings to FPHA, who in turn is ready to transfer them to the city, McDaniel said, but several matters concerning the transaction must be brought before the commissioners before the city can accept them.

The FPHA releases equipment only for housing and if the city should accept the buildings there would be "strings attached," McDaniel continued, in pointing out that development of a housing project at the field might involve more capital than the city alone could invest.

The buildings include all structures at the field except those connected directly with operation of the airport and chapels, gymnasium, theatres, etc.

State Fair Buildings Get Coat Of Paint

DALLAS, Aug. 7 (AP)—Most of the construction in preparation for the opening of the State Fair of Texas here Oct. 5 has been completed. W. W. Hitzberger, executive vice-president and general fair manager, said today.

Hitzberger said salvage materials had been used where possible. Approximately 10,000 gallons of blue and apricot paint are now being applied to building exteriors. A new front has been added to the education building.

Parley Ends Rules Wrangle; Adopts British Compromise

Kaiser Welcomes Investigation; Demands More

OAKLAND, Calif., Aug. 7 (AP)—Henry J. Kaiser, west coast wartime shipbuilder, asserted today he was eager to have his war record investigated, as suggested by New Hampshire's Senator Styles Bridges.

In turn he called for an investigation of the steel industry's war record, and threw in Jesse Jones and his Reconstruction Finance Corp.

Kaiser told newsmen his story of asserted hindrances in the development of his Fontana, Calif., steel plant.

Asked if he welcomed investigation, he replied: "I am eager for it. If there is a stronger word, use it."

In short, Kaiser charged "scandal-mongers" with trying to "assassinate" his reputation and ruin the Fontana plant. An investigation, he said, might bring out who the "character assassins" were who were responsible for "a flood of articles sent to the press," some of which he showed the reporters.

"Was this campaign evidence that somebody was out to kill your Fontana plant?" he was asked. "There isn't any question," Kaiser replied. "The facts prove it."

Kaiser, in a prepared statement, complimented the merchant marine and fisheries committee investigation, headed by Rep. S. O. Bland, said he would "most willingly" appear before the senate Mead investigating committee, and added:

"I hope congress will then want another investigation, so that the people will know the facts about steel."

"During the war, Kaiser shipyards were short of steel. The great steel corporations failed to provide the necessary steel for ships. They had shipyards of their own. Kaiser must be stopped" was the slogan.

"There exists sworn evidence that a representative of the Defense Plant Corporation, under the control of Jesse Jones of the RFC, said to me, 'I will never recommend spending government money on a steel plant in California to be operated by you. We prefer to have the US Steel Corporation spend government money in Utah on a steel plant to be operated by them.'"

Asked who said that, Kaiser said: "William Allen, special consultant to Jesse Jones."

LaGuardia Urges End Of UNRRA

GENEVA, Switzerland, Aug. 7 (AP)—F. H. LaGuardia recommended today that UNRRA should start liquidation about Oct. 1 and that he be relieved of its directorship after he tours China.

The former New York mayor made the recommendations in his quarterly report to the fourth plenary meeting of the United Nations Relief and Rehabilitation Administration, an organization whose billions have come largely from the United States treasury. He asserted that supply operations would end in Europe by Dec. 31 and in the Orient by March 31, 1947, but that deliveries would continue beyond those dates.

LaGuardia said UNRRA responsibilities for "displaced" persons would continue for at least 60 days into 1947, or until some other agency could take the burden. He said the international refugee organization has no funds and that 830,000 "displaced" persons remain in UNRRA camps—"discouraged, confused, unhappy, demoralized and depressed."

Heirens Formally Charged In First Of Three Killings

Gives Details Of Murders For 14 Hours

CHICAGO, Aug. 7 (AP)—The state moved today to wrap up its case against William Heirens by obtaining an indictment charging the 17-year-old possessor of a dual personality with the murder of Mrs. Josephine Ross, one of the three killings he confessed.

In unfolding a detailed story of his incredible criminal career yesterday, he set forth how he knifed Mrs. Ross, a 43-year-old widow, in her apartment in June of 1945, although he had not been indicted for this murder.

His confession solved the fiendish kidnaping, strangling and dismemberment of Suzanne Degnan, 6, on Jan. 7, and the shooting and stabbing of Miss Frances Brown, 33, a former Wave, on Dec. 10, 1945.

Within less than an hour after Wilbert Crowley, first assistant state's attorney, announced witnesses would go before the grand jury, the jurors were reported to have named Heirens in a true bill formally accusing him of murdering Mrs. Ross.

Crowley said testimony included that from police officials and Mrs. Mary Jane Blanchard, 21, one of Mrs. Ross' two daughters.

In his statement Heirens said he killed the woman but could not remember inflicting the 11 knife wounds or covering the largest wound, in the neck, with adhesive tape.

The dark-visaged university student, calmly and without hesitation, for more than 14 hours yesterday related and reenacted in full details of the three brutal killings. Law enforcement officials expressed amazement at the matter-of-fact relation of the crimes by the mild-mannered University of Chicago sophomore.

Officials, headed by State's Attorney William J. Tuohy, questioned the youth, whom police termed one of the most notorious criminals in Chicago history, about the three killings and 29 burglaries, robberies and assaults with which he is charged.

At 2 a. m. (CST) after he had signed the voluminous statements relating the three slayings he was left into his jail cell at the county jail.

Paced by commercial carrier landings, traffic at the Big Spring Municipal airport during July increased considerably over June.

The July total, as released by the CAA, showed 1,588 landings for July and 1,314 for June. Commercial carriers, with 886 landings, headed the list. Eighteen itinerant Army planes, 34 Navy planes and 204 civilian itinerants landed at the field during the month. There were 446 local civilian landings.

Both American and Continental airlines showed gains in traffic over June. During July 316 American planes, on regular schedules, crew changes and fueling stops, landed at the port, and 123 Continental flights, all regularly scheduled passenger runs landed.

During June American recorded 276 and Continental 118.

WEST TEXAS: Partly cloudy this afternoon, tonight and Thursday.
EAST TEXAS: Partly cloudy this afternoon, tonight and Thursday. Moderate southerly winds on the coast.

Five Former Enemies Invited To Conference

PARIS, Aug. 7 (AP)—The conference of Paris wound up its work on procedure in the rules committee today after settling a marathon argument on voting machinery and invited five former enemy states to participate in its deliberations beginning Saturday.

Under an American amendment, as altered at Russia's suggestion, the representatives of Italy, Romania, Bulgaria, Hungary and Finland can be heard both in committee and in the full conference sessions on questions of the treaties concerning them.

Soviet Russia had held out from the first for a two-thirds majority rule and strongly opposed the British amendment permitting simple majority "recommendations." The Netherlands and Austria spearheaded the fight against the Russian position.

The rules committee was to convene at 9 a. m., CST today to complete final details of procedure. No plenary session was scheduled.

The compromise on voting procedure, as well as other rules approved by the committee, must be ratified by the full conference in plenary session, but acceptance is assured since all 21 nations voted in the rules committee.

The wind-up of the two-day debate came at 2:30 a. m., today after the tired, irritable delegates finally ran out of arguments and voted on a series of four amendments and sub-amendments.

The bitter debate was not only a set-back for the small powers which had fought stubbornly for a simple majority on all matters, but also was a solid victory for the western powers over Soviet Russia and the Eastern European nations.

The bitter debate was not only a set-back for the small powers which had fought stubbornly for a simple majority on all matters, but also was a solid victory for the western powers over Soviet Russia and the Eastern European nations.

Polio Spread Threatens Epidemic Over Nation

By The Associated Press
Infantile paralysis, which has killed about 40 Texans and has struck several hundred others in the state this year, has reached epidemic proportions in other parts of the country, too.

Although Texas fatalities probably are about the nation's total, health authorities elsewhere reported epidemics and took further steps to combat the spread of the disease.

Epidemics were reported at Minneapolis, in Pulaski county, Arkansas, and in Jones, Forrest and Lowndes counties, Mississippi.

In Ohio the state health director predicted an epidemic year "unless there is a sharp drop within the next 10 days."

Many states throughout the south, west and midwest reported the number of polio cases for the year already higher than last year's totals. New England and Middle-Atlantic states appeared only slightly affected.

Precautions taken included cancellation of some boys and girls conventions in Louisiana and Mississippi and closing of some swimming pools in Nebraska State Parks. Ohio's health director told parents to keep children away from crowds, allow them plenty of rest and prevent over-exercise.

This was the picture in southern states:
Arkansas—epidemic proportions in Pulaski county, which includes Little Rock, but scattered cases in rest of state.
Louisiana—167 cases to date, against 30 last year at this time.
Mississippi—State epidemiologist says state on verge of "near epidemic" and three counties now in epidemic stage.
This was the situation in the west and southwest:
California—Total to date 417, reported above normal.
New Mexico—44 cases to date this year against six in same period of 1945.
Arizona—43 cases compared with four this date a year ago, including 28 new cases in July.

Blount On Campaign Tour In San Angelo
R. E. "Peppy" Blount, Jr., candidate for state representative of the 91st legislative district, has carried his campaign to the south and is electioneering in San Angelo this week.
He is expected to visit most of the counties within the district before returning to Big Spring.

Budget On Agenda Of School Trustees
Preliminary discussions of the budget for the next scholastic year (Sept. 1, 1946-Aug. 31, 1947) will be heard at the meeting of the Big Spring Independent School district board of trustees today at 5:45 p. m. at the Settles.
Among other matters to come before the board are: Policy on girls' athletic teams, paving around the high school and stadium, study of reports of insanity acts by outsiders in proximity to North Ward school, summer diplomas and special certificates for graduating servicemen.

Airline Traffic Here Increases
Paced by commercial carrier landings, traffic at the Big Spring Municipal airport during July increased considerably over June.
The July total, as released by the CAA, showed 1,588 landings for July and 1,314 for June. Commercial carriers, with 886 landings, headed the list. Eighteen itinerant Army planes, 34 Navy planes and 204 civilian itinerants landed at the field during the month. There were 446 local civilian landings.

During June American recorded 276 and Continental 118.

Weather Forecast
Dept. of Commerce Weather Bureau
BIG SPRING AND VICINITY: Partly cloudy, continued warm this afternoon, today and tomorrow. High today 105, low tonight 75, high tomorrow 103.
WEST TEXAS: Partly cloudy this afternoon, tonight and Thursday.
EAST TEXAS: Partly cloudy this afternoon, tonight and Thursday. Moderate southerly winds on the coast.

Heat Spell Breaks Endurance, High Records In Texas; Relief In Sight
By The Associated Press
Several records toppled yesterday. In Dallas, for example, the 106 degree heat was the fourth hottest in weather bureau records, which go back to 1913. All-time high was 110 Aug. 10, 1936.
It was one of the driest days on record in Texas, with the only moisture being a hardly-worth-mentioning .04 inches at El Paso. No other Texas point reported even a sprinkle.
All of the 85 stations that reported today reported sizzling temperatures. Those above 100 degrees included:
Seymour and Henrietta 114, Quanah and Bridgeport 111, Childress 110, Graham and Wichita Falls 108, Dublin, Eastland, Haskell, Memphis and Sherman 107,

Dallas and Spur 106, Dilley, Encinal, Fort Worth, Mission and Uvalde 105, Clarendon and Fairburn 104, Abilene, Brownwood, Miami, Sulphur Springs and Pampa 103, Lubbock, Alice, Taylor, Temple, Greenville, Kaufman and San Angelo 102, Big Spring, Brady, Laredo, San Antonio and Waco 101, Amarillo, Lamesa, Luling and Mexia 100.
There has been no general rainfall for over a month now, the weather bureau said. There have been scattered rains, but a good drenching over a large part of Texas is long overdue, it was said. Although cooler weather is expected Friday, there was no forecast of rain.

Wyatt Cuts Goal Of Home Building
WASHINGTON, Aug. 7 (AP)—Hopes of rolling out a quarter million factory built homes this year were cut back to 100,000 today by Housing Expeditor Wilson Wyatt.
But the housing chief still is aiming at his original target of actually starting work on 1,200,000 housing units before the year ends.
"The goals can be achieved," Wyatt told reporters as he discussed a detailed progress report on the veterans emergency housing program with newsmen late yesterday.
He described as "too optimistic" the original goal of 250,000 prefabricated homes this year.
But to offset the loss of 150,000 units in that field Wyatt called for increases in traditional on-site construction from 650,000 to 735,000 units, reconversion to increase occupancy of existing homes from 30,000 to 100,000, and temporary re-use projects from 200,000 to 212,000.
Despite the cutback in prefabs and numerous bottlenecks in necessary materials, Wyatt said the emergency housing program for the first half of this year was "very encouraging."
In that January-June period he reported that 225,000 houses and apartments were actually completed and 496,000 started.

Post Buildings Pose Problems To City Dads
The problem of what to do with 280 buildings at the Big Spring Bombarrier school was due to be thrashed out at a special session of the Big Spring city commission at 3:30 p. m. today, as the US Engineers neared completion of negotiations which will relinquish their jurisdiction over the property.
Tuesday the Engineers arranged formally to sign over the buildings to City Manager B. J. McDaniel, who is acting as a special agent of the Federal Public Housing Authority in addition to representing the city in the negotiations.
The Engineers are releasing the buildings to FPHA, who in turn is ready to transfer them to the city, McDaniel said, but several matters concerning the transaction must be brought before the commissioners before the city can accept them.
The FPHA releases equipment only for housing and if the city should accept the buildings there would be "strings attached," McDaniel continued, in pointing out that development of a housing project at the field might involve more capital than the city alone could invest.
The buildings include all structures at the field except those connected directly with operation of the airport and chapels, gymnasium, theatres, etc.

LaGuardia Urges End Of UNRRA
GENEVA, Switzerland, Aug. 7 (AP)—F. H. LaGuardia recommended today that UNRRA should start liquidation about Oct. 1 and that he be relieved of its directorship after he tours China.
The former New York mayor made the recommendations in his quarterly report to the fourth plenary meeting of the United Nations Relief and Rehabilitation Administration, an organization whose billions have come largely from the United States treasury. He asserted that supply operations would end in Europe by Dec. 31 and in the Orient by March 31, 1947, but that deliveries would continue beyond those dates.
LaGuardia said UNRRA responsibilities for "displaced" persons would continue for at least 60 days into 1947, or until some other agency could take the burden. He said the international refugee organization has no funds and that 830,000 "displaced" persons remain in UNRRA camps—"discouraged, confused, unhappy, demoralized and depressed."
He said he was going to China to make a little noise there and "see what I can do there."

Heirens Formally Charged In First Of Three Killings
CHICAGO, Aug. 7 (AP)—The state moved today to wrap up its case against William Heirens by obtaining an indictment charging the 17-year-old possessor of a dual personality with the murder of Mrs. Josephine Ross, one of the three killings he confessed.
In unfolding a detailed story of his incredible criminal career yesterday, he set forth how he knifed Mrs. Ross, a 43-year-old widow, in her apartment in June of 1945, although he had not been indicted for this murder.
His confession solved the fiendish kidnaping, strangling and dismemberment of Suzanne Degnan, 6, on Jan. 7, and the shooting and stabbing of Miss Frances Brown, 33, a former Wave, on Dec. 10, 1945.
Within less than an hour after Wilbert Crowley, first assistant state's attorney, announced witnesses would go before the grand jury, the jurors were reported to have named Heirens in a true bill formally accusing him of murdering Mrs. Ross.
Crowley said testimony included that from police officials and Mrs. Mary Jane Blanchard, 21, one of Mrs. Ross' two daughters.
In his statement Heirens said he killed the woman but could not remember inflicting the 11 knife wounds or covering the largest wound, in the neck, with adhesive tape.
The dark-visaged university student, calmly and without hesitation, for more than 14 hours yesterday related and reenacted in full details of the three brutal killings. During June American recorded 276 and Continental 118.

Girls Riding Events Timed; Many Entered
Riding skill and horsemanship will determine winners among cowgirl contestants in the annual Big Spring Rodeo starting today and continuing through Saturday evening.
To get away from musty complaints of backstage favoritism, competition among the comely contestants is based on time events only. The young woman negotiating the course in the least number of seconds takes the prize for day money, and the one with lowest aggregate time for all shows cops the grand prize.
Events have not been announced, but they may include the familiar flag and barrel races. In the former event, the cowgirl comes out of the chute at a given signal, reins her mount at top speed to the center of the arena, picks up a flag from a container and deposits one she is carrying, and then kicking out the horse for all it is worth to the finish line. The barrel race consists of riding in and out among barrels stationed about the arena—a simple process except that horses sometimes shy away from the obstacles.
Among those due to be in the contest are Carolyn Cox, Midland; Earlene Jeffers, Abilene; Blanch Althizer, Del Rio; Frances Weeg, Big Spring; June Probst, San Angelo; Mrs. Ted Powers, San Angelo; La Vids Cotten, Andrews; Thena Mae Farr, Seymour; Jessie Myers, Hamlin; Mary Harris, Glass; Jeannette Hightower, Garden City; Mary Scott, Crane; Mary Etchevoerry, Lovington, N. M.; Jan Dickerson, Big Spring; Jo Gregory, Westbrook; Mary Ellen Sellars, San Angelo; Mrs. Wilson McBride, Gatesville.
Louise Ann Bennett, Big Spring, will be hostess. Prizes total \$200 plus accumulated entry fees.

Rites Scheduled For Aged Pioneer
Death yesterday ended the amazing life of Mrs. Mary Cusenberry, who would have observed her ninetieth birthday in a few days. She died in a local hospital where she had been confined for the last three years.
Services will be held today at 4 p. m. in the Nalley Chapel with Mrs. B. M. Jenkins of El Paso, a niece, the only survivor in attendance. The Rev. H. Clyde Smith will officiate.
Mrs. Cusenberry was born in Greenbay, Wis., but left there when she was 18 to accompany a colonizing group into Montana. The group was led by the governor of Wisconsin. Shortly she met and married M. A. Crawford and together they went to Alaska in the gold rush of 1898.
It was said Mrs. Cusenberry arrived in Alaska with the first plan to that territory the same day that Dewey took Manila.
Panning gold there yielded the Crawfords some \$85,000 before they decided to come to Texas. They settled in El Paso, using that as a base from which to travel throughout Mexico and the Southwest, panning gold.
Sometimes before she was 80, her husband died, and at 80 she married W. R. Cusenberry, who preceded her in death by a year.
Mrs. Cusenberry apparently had no children, but is survived by numerous nieces and nephews.

Kaiser Welcomes Investigation; Demands More
OAKLAND, Calif., Aug. 7 (AP)—Henry J. Kaiser, west coast wartime shipbuilder, asserted today he was eager to have his war record investigated, as suggested by New Hampshire's Senator Styles Bridges.
In turn he called for an investigation of the steel industry's war record, and threw in Jesse Jones and his Reconstruction Finance Corp.
Kaiser told newsmen his story of asserted hindrances in the development of his Fontana, Calif., steel plant.
Asked if he welcomed investigation, he replied: "I am eager for it. If there is a stronger word, use it."
In short, Kaiser charged "scandal-mongers" with trying to "assassinate" his reputation and ruin the Fontana plant. An investigation, he said, might bring out who the "character assassins" were who were responsible for "a flood of articles sent to the press," some of which he showed the reporters.
"Was this campaign evidence that somebody was out to kill your Fontana plant?" he was asked. "There isn't any question," Kaiser replied. "The facts prove it."
Kaiser, in a prepared statement, complimented the merchant marine and fisheries committee investigation, headed by Rep. S. O. Bland, said he would "most willingly" appear before the senate Mead investigating committee, and added:
"I hope congress will then want another investigation, so that the people will know the facts about steel."
During the war, Kaiser shipyards were short of steel. The great steel corporations failed to provide the necessary steel for ships. They had shipyards of their own. Kaiser must be stopped" was the slogan.
"There exists sworn evidence that a representative of the Defense Plant Corporation, under the control of Jesse Jones of the RFC, said to me, 'I will never recommend spending government money on a steel plant in California to be operated by you. We prefer to have the US Steel Corporation spend government money in Utah on a steel plant to be operated by them.'"
Asked who said that, Kaiser said: "William Allen, special consultant to Jesse Jones."

In unfolding a detailed story of his incredible criminal career yesterday, he set forth how he knifed Mrs. Ross, a 43-year-old widow, in her apartment in June of 1945, although he had not been indicted for this murder.
His confession solved the fiendish kidnap

KP FIREMAN SETS SPEED RECORD

DENVER, Aug. 7 (AP)—Fireman Warren Hayes was washing dishes in the firehouse kitchen when the alarm rang. Without regard for soap-sud-covered hands, Hayes sprang to the pole. He set a descent record and wrenched his back—but he went out with the fire truck.

More English Brides Come Into Country

WASHINGTON, Aug. 7 (AP)—The justice department said today 46,000 GI brides plus 12,000 of their children have entered the United States.

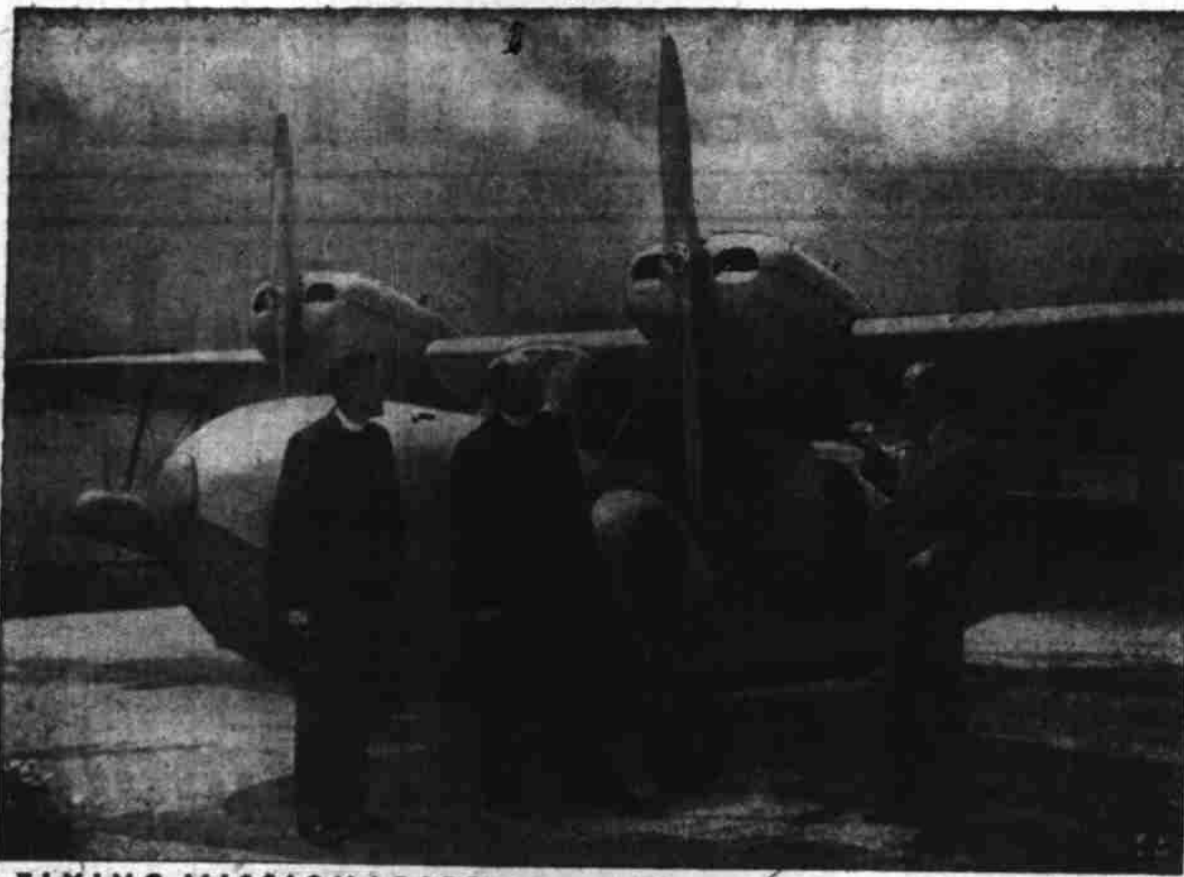

The largest number—over 22,000 came from England. An additional 16,000 odd immigrant aliens were admitted during the first five months of this year, a department official told a reporter.

This figure includes 2,911 refugees admitted since April 1 under the displaced persons program. They include Austrians, Belgians, French, Estonians, Greeks and Hungarians.

The immigration service expects some 1,200 refugees a month from now on. About 3,900 are eligible to come each month under the quota system but transportation difficulties keep the quota from being filled.

In 1941, the last peacetime year, 36,220 immigrants were admitted, against a quota for all countries of 153,774.

In the 17th century the Turks imposed the death penalty for smoking.

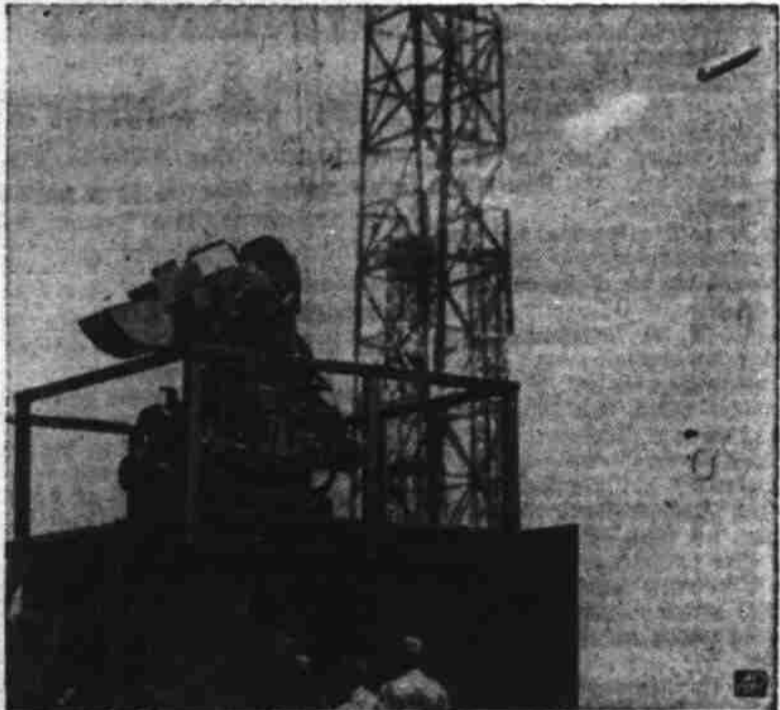

FLYING MISSIONARIES—The Rev. Anthony Gendusa (left), Chicago, and the Rev. A. M. Stemper (center), Caledonia, Minn., look over their new twin-engine amphibian plane with the designer, Gil Trimmer (right) at Port Washington, L. I. The priests were trained at "Wings of Mercy," Catholic organization at Belleville, Ill. They will carry food and medicine among the islands of New Britain, New Ireland and the Admiralties as the first flying U. S. missionaries. Nuns of St. Michael's Convent, Reading, Pa., bought the plane.

Rate Hearing Set For Gas Pipeline

WASHINGTON, Aug. 7 (AP)—A hearing on revised rate schedules of the Panhandle Pipe Line company has been set by the Federal Power Commission for Sept. 18.

The company provides natural gas to approximately 700,000 customers in over 200 cities in Michigan, Ohio, Illinois, Indiana, Kansas, Missouri and Texas.

ROCKET LAUNCHER—This "automatic" rocket launcher, the Mark 102, fires a five-inch rocket (upper right) as it is demonstrated for the first time at Dahlgren, Va. It is director-controlled and power-driven, like a gun mount.

Over 17 Million Vets Listed On VA Rolls

WASHINGTON, Aug. 7 (AP)—The ex-service population of the nation has passed the 17,000,000 mark for the first time.

As of July 31, the veterans administration reported today, 17,240,000 veterans were listed on its rolls. This compares with the previous high of 16,836,000 a month earlier and 6,712,000 at the end of July, 1945.

The number of World War II veterans increased from 2,688,000

at the end of July, 1945, to 13,274,000 July 31, 1946. On that date there were 3,966,000 veterans of other wars, chiefly World War I.

Kidding His Customers

REVERE, Mass.—The operator of a trolley car on the busy Revere Beach run has discovered a new way to convince stubborn standees that "there's plenty of room down back."

When they create a jam near the front vestibule, he cries, "Right down in the nylon section, please."

AFL Urges Workers To Stay On Job Despite Tin Strike

GALVESTON, Aug. 7 (AP)—William Green, president of the American Federation of Labor, has advised operating personnel of the tin processing corporation at Texas City to remain on the job despite a strike called at the plant by the International Brotherhood of Teamsters, Chauffeurs, America (FL), Local 940.

In a telegram to N. E. Oliver, agent for the local unit of the Tin Shelter Workers Union, Green said, "I sincerely advise that you carry out the terms of the contract which is in effect between your union and employer."

G. C. Rickett, business agent of the striking local said operating employees of the plant had been crossing the picket lines but AFL craft union members are refusing to do so.

S. F. Lowe, vice-president and assistant manager of the smelter, said yesterday that production is "nearly normal."

Rickett called the strike of 14 warehouse employees to back up a demand that the local 940 be given bargaining recognition on behalf of the workers.

Owen To Seek Re-Instatement With Chandler

BROWNSVILLE, Aug. 7 (AP)—Mickey Owen, the ex-Brooklyn Dodger who on Monday called it quits with the Mexican baseball league, was enroute to Cincinnati today after changing his mind about visiting relatives at Springfield, Mo.

When boarding a Missouri-Pacific train here last night, Owen refused to comment on his plans at Cincinnati. It is believed, however, that he may seek immediate reinstatement with the big leagues. The offices of Baseball Commissioner A. B. (Happy) Chandler are in the Ohio city.

The colorful catcher yesterday said he was through with Jorge Pasquel's Mexican baseball setup and would like to return to the Dodgers and help them win the world series.

When questioned about possible problems of reinstatement, Owen said, "As far as I have been able to learn, I was never put on a suspended list in the States."

He added that he had not discussed the matter with either Branch Rickey, president of the Brooklyn club, or Chandler.

In Cincinnati, a spokesman at Chandler's office said no request had been received from Owen for an appointment.

Records in the commissioner's office revealed, however, that Chandler, on May 9, had handed down a ruling that barred Owen from organized baseball for five years for jumping his National league contract and going to the Mexican league.

Owen's name topped a list of 12 National leaguers and one American leaguer, Murray Franklin of the Detroit Tigers, who were suspended by the May order. On June 13, Lou Klein, Max Lanier and Fred Martin of the St. Louis Cardinals were added to the list.

Lanier, in St. Petersburg, Fla., for treatment of an ailment to the elbow of his pitching arm, said yesterday he had no intention of following Owen's action of bolting the Mexican circuit. He said he had received good treatment by the Mexican officials.

Flannel Shirts Up In Retail Price

WASHINGTON, Aug. 7 (AP)—OPA today authorized retail price increases of two to three cents for cotton flannel work shirts.

The increases, effective August 12, are being granted under terms of the old price control law.

OPA has announced that further cotton clothing price hikes of six to eight percent, required under the new law, will go into effect soon.

In other actions today, also effective August 12, OPA granted:

A 13 1-2 percent increase in wholesale and retail ceilings on oilcloth.

Fancy Tail-Lights OK

DENVER—Attorney General H. Lawrence Hinkley of Colorado has ruled that color scheme in automobile taillights can be as bizarre as the owner wishes—so long as they aren't glaring. The state motor vehicle department asked a ruling on the taillights in view of the rainbow-like displays on the rears of many cars.

Nature's Forces Release the Energy of the Atom... and OIL-PLATE Your Engine!

THE Atomic bomb's awesome demonstration promises the release of new and useful energy for the benefit of all mankind.

Studying the molecular structure of matter and the mighty forces of attraction existing between liquids and solids, Conoco scientists are able to bring motorists new and better oils. In fact, the force of molecular attraction (basic force that holds things together), will bond a special ingredient of Conoco Nth motor oil to your engine's working surfaces. Thus they'll be OIL-PLATED!

And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you'll get these benefits:

- added protection when your engine starts
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

LEGAL NOTICE

THE STATE OF TEXAS TO: Elvis Odell Counts, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 23rd day of September, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 5th day of July, 1946.

The file number of said suit being No. 5970.

The names of the parties in said suit are:

Ida Pearl Counts as Plaintiff, and Elvis Odell Counts as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce. Plaintiff alleges bona fide inhabitancy in State for year immediately prior to exhibiting petition, and residence in County for six months immediately prior to filing suit. Alleges cruelty on part of Defendant making further living with him insupportable. Asks custody of children born of marriage, Wanda June, age 5, Elvis Odell Jr., age 4, Clarence Lee, age 3, and for a division of community property consisting of 1938 Ford, trailer house, and 8 vacant lots in Harris County.

Issued this the 6th day of August, 1946.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this the 6th day of August A. D., 1946.

GEO. C. CHOATE, Clerk, District Court, Howard County, Texas.

BUILDING CAUGHT IN LEGAL DILEMMA

HOUSTON, Aug. 7 (AP)—Mrs. A. P. Lurie is caught in a legal dilemma.

A building she owned was recently condemned by the city as a fire hazard, and Mrs. Lurie was ordered to tear it down within 30 days.

Then Judge Ewing Boyd issued an order restraining her from ripping off the roof on petition of a renter who sublets rooms to 30 other tenants.

Naturalist William Beebe served as an aviator in World War I. —Adv.

Britain Criticizes Tehran For Troubles In Iran Oil Fields

LONDON, Aug. 7 (AP)—Britain informed Iran today that she considered it the responsibility of the Tehran government "to insure that such conditions of security prevail in the country as will enable Persian (Iranian) oil to play its full part in Persian and world economy."

"Persian oil has a vital role to play in the future welfare of the peoples of the world, and it is the joint interest not only of Persia but of Great Britain that this should be so," a statement issued by the foreign office said.

The foreign office indicated its statement was prompted by recent labor disturbances in the great oil fields in southern Iran, which the British press estimated had cost the Anglo-Iranian oil company a loss of about 300,000 tons of production. The British government is a heavy stockholder in the company.

The statement coincided with criticism in the Iranian press of the movement of fresh Indian troops to the Persian gulf port of Basra in Iraq to replace the present garrison there.

FPC Prohibits Export Of Gas To Mexico

WASHINGTON, Aug. 7 (AP)—The Federal Power Commission yesterday refused to reconsider a June 6 order authorizing the Reynosa Pipe Line company to export natural gas to Gas Industrial de Monterey, a Mexican corporation.

Reconsideration had been asked by the Texas railroad commission and by another Mexican corporation.

Approval Lacking

RIO GRANDE CITY, Aug. 7 (AP)—Sheriff Gus A. Guerra of Starr county, authorized last week by congressional action to construct a toll bridge across the Rio Grande here, said today he would not plan construction details until the project has been approved by Mexican authorities and by the international boundary commission. Approval by these groups was required in the bill signed last week by President Truman.

MEETING CLOSSES TONIGHT

Supervisors OK Conservation Plans, Programs

Nineteen conservation plans and 29 applications for assistance in planning a complete conservation program were approved by the supervisors of the Martin-Howard SC district at their regular monthly meeting in Stanton Tuesday.

Supervisors present included L. H. Thomas, chairman of the board; Gordon Stone, Herd Midkiff, Edmund Tom and Frank Loveless.

The conservation plans approved were prepared with each operator based on the current needs for controlling erosion and maintaining soil productivity on his particular farm or ranch.

Such planning embodies good soil management on both cultivated and range land as well as mechanical treatment where applicable.

Soil management is being recognized as a major conservation problem by many farmers and ranchers throughout the Martin-Howard SC district, reported E. J. Hughes of the SCS.

An accumulative deficiency in humus and organic matter is making soils less absorptive, more susceptible to wind erosion, thereby lowering the capability of production on both cultivated and range land, he said.

It is to prevent such deterioration that land owners have organized SC districts and are offering the assistance of SCS technicians in planning corrective measures which will maintain our greatest natural resource, the soil, Hughes told the group.

Ladd Smith, son of Mrs. Ruby Smith, has returned here after effecting his release from the US Navy at Boston, Mass. Ladd was in the Pacific theater of operations for more than a year.

John Coffey returned last weekend from a fishing trip above Rudoso, N. M. He experienced good luck at Eagle Creek, where he said he caught the limit.

Here 'n There

Shugar Rearrested

OTTAWA, Ont., Aug. 7 (AP)—Dr. David Shugar, Polish-born physicist once freed in the Soviet espionage case, was rearrested today and brought into magistrate's court on charges of conspiracy and violation of the official secrets act.

EX-GI'S FAMILY—Francis X. Loughrey, 25, veteran of the campaign in Italy, told a U. S. commissioner at Philadelphia that he smuggled his wife, Ivana, 19, (right) their five-month-old daughter, Kathleen, and their Spitz pet into this country. U. S. immigration officials said they would arrange for the veteran to be given custody of his family.

Auction Sales Show Range Depopulated

Signs that ranges are being depopulated in the face of persistent drought were evident in a 650-herd volume at the West Texas Livestock Auction here Tuesday.

Hogs, although comparatively few in number, hit a new high of 21.75. Stocker classes were strong as were fat butcher calves.

Hereford cows and calves moved out at \$90 to \$115.50 with mixed stocker cows brought 8.00 to 10.00, stocker steers 13.00-15.00, stocker heifers 11.00 to 13.00 and canners and cutters 8.00-8.50.

Fat calves ranged from 14.50 to 17.00 and fat yearlings from 14.00 to 16.00. Bulls commanded 10.50-12.25.

Yarborough Answers Guilty To Charge

Clem Yarborough, Colorado City, entered a plea of guilty to the charge of driving a vehicle without a license and was fined \$5 and costs in justice court Tuesday afternoon.

A charge of aggravated assault with a motor vehicle, evolving from an accident Yarborough experienced here last Sunday, is pending in county court.

Pioneer Air Lines Gets Safety Award

Pioneer Air Lines, which has in an application for service to Big Spring, is among those receiving the National Safety Council certificate for safe operation in 1945.

The award is based on a year of operation without casualties. The line logged 1,409,269 passenger miles last year without a fatality. Pioneer (formerly Essair) was the first feeder line certified by the CAB and currently operates from Houston to Amarillo, via Austin, San Angelo, Abilene, and Lubbock. An application would connect Big Spring and Dallas as well as Odessa.

Army Classification Tests Given Here

Capt. Joseph Foley and T-Sgt. H. H. Arnold of the El Paso district recruiting headquarters arrived in Big Spring this morning to give Army General Classification tests to the members of the Big Spring recruiting station.

All personnel from outlying sub-stations were summoned here to undergo the examinations. Foley and Arnold will remain over for the first show of the Big Spring Rodeo and Cowboy Reunion before returning to El Paso.

Either the sardonyx or peridot are considered birthstones for August.

Bynum To Direct Music At McMurry

ABILENE, Aug. 7 — Raymond Bynum, for 20 years director of music at Abilene high school, today accepted a position as director of instrumental music at McMurry college, Dr. Harold G. Cooke, president, announced.

Bynum, who holds bachelor of arts and bachelor of music degrees from Hardin-Simmons university, was a consistent to place winner in contests while director of the Abilene high school bands. Under his direction, the Abilene high band won top rating four years previous to the war in national regional music contests, and his band was West Texas official organization at the Texas centennial in 1936.

Dr. Cooke said that McMurry now would be in a position to offer a major in the field of band and instrumental music leading to a degree.

Four Divorces Given In District Court

Divorces were granted in four suits heard in district court proceedings here this morning.

Jewell Hobbs was awarded freedom from J. A. Hobbs and won the custody of four minor children. Payment of \$15 for the support of each child was promised by the defendant.

Custody of a minor child was given Ella N. Armstrong, who was successful in her suit against Albert C. Armstrong.

Also granted divorces were Ed R. Allen from Helen Allen and Lenorah Knappe from Henry A. Knappe.

NEGRO GETS TEST: BUT WIFE IS SICK

DALLAS, Aug. 7 (AP)—Same story, new characters: A middle-aged negro walked into a Dallas clinical laboratory and presented a physical examination card.

An attendant put him through all the routine laboratory tests and assured him that he was in perfect health.

"Yassuh, I know dat," the negro said, "but my wife was supposed to get the test. She is really sick."

Livestock

FORT WORTH, Aug. 7 (AP)—(USDA)—Cattle 5,400; calves 2,900; canner, cutter and common cows strong to 25 higher; slaughter steers and yearlings mostly steady; calves slow, most bids tending lower again, around 1.00 lower for the week; medium grass fat steers and yearlings 13.00-15.50; medium and good cows 10.00-13.00; canners 7.00-8.00; bulls 8.00-12.50; good and choice fat calves 13.00-15.50; medium calves 12.00-13.00; common 10.00-12.00.

Hogs 600; butcher hogs and sows 50 to mostly 75 lower than Tuesday's average; top 23.75 paid by packers; good and choice 180 lbs. up 23.50 to mostly 23.75. Good and choice 145-175 lbs. 22.00-23.25; sows 21.50. Stocker pigs 18.00 down to 10.00 for common and medium lightweight pigs.

Sheep 7,000; all classes steady; good spring lambs 16.50; most spring lambs common and medium grades 13.00-15.00; medium and good ewes 5.75-6.25; medium and good feeder lambs 11.50-13.00.

Markets

NEW YORK, Aug. 7 (AP)—Individual stocks held to the rising side in today's market while many leaders duplicated their downward drift of the previous sessions.

In the backward division were Bethlehem, Chrysler, Montgomery Ward, North American, Anacosta, General Electric, J. C. Penney, Santa Fe, Southern Railway, Baltimore & Ohio and Dome Mines.

Resistant were Pennsylvania Railroad, Spiegel, American Woolen preferred, Republic Steel, US Steel, Goodyear, Woolworth, Boeing, Curtiss-Wright "A", Kennecott and Johns-Manville.

Bonds were narrow.

Largest Paving Project Begun

Work has been started on the Rannels street paving project between 11th Place and 18th street, city officials said today.

The work there was originally scheduled to begin several weeks ago, but property owners who signed a proposed 100 percent agreement had to be contacted again when two did not join in the program. All have agreed for the work to begin, with two skips to be left in the 1500 block, City Manager B. J. McDaniel said.

The seven-block project is the largest launched to date in the 1946 paving program.

Lions Delegates Report On Meeting

Lions club members Wednesday heard reports of delegates to the recent Lions International convention in Philadelphia.

Various phases, including fun and business, were covered by Joe Blum, L. T. King, Otis Grafa and Jack Y. Smith.

Paul Graham was introduced as a new member of the club.

Olvey Sheppard called a joint meeting of the boys and girls and the civic improvement committees to consider a project approved by the board.

Bevin Better, But Tired From Illness

LONDON, Aug. 7 (AP)—Foreign Secretary Ernest Bevin, apparently tired, returned to his desk today and the foreign office said he would go to the Paris peace conference "probably Friday."

Bevin said he felt "not so bad" as he trudged slowly to No. 10 Downing street for a special meeting on Palestine, but the effect of overwork which put him to bed for ten days showed in his lined face.

Verdict Of Suicide Returned In Death

A verdict of suicide was returned by Justice of Peace Walter Grice in the death of J. J. Johnson, whose body was found in a room of a local hotel Tuesday morning.

According to information received here, Johnson had tried to take his life on several occasions previously. He was believed to have been in financial straits.

Grice said a small bottle of poison was found at his side.

The body was shipped overland to Brownfield Tuesday evening by the Nalley Funeral Home.

Funeral services for James Jepp Johnson, who was found dead in a local hotel yesterday, were scheduled to be held this afternoon in the First Methodist church of Brownfield.

The body was shipped overland there yesterday afternoon by Nalley funeral home.

Born in Selma, Ala., Johnson was 81 years of age.

Survivors include his wife and three sons, J. C., of Brownfield; W. R., of Vernon, and Ben of Odessa; and three daughters, Mrs. Matt Barton and Mrs. V. O. Jobe of Brownfield.

Cotton

NEW YORK, Aug. 7 (AP)—Cotton futures moved through a quiet session today pending the issuance of the first government estimate of the 1946 cotton crop tomorrow.

Nervous liquidation hedging depressed prices almost \$2 a bale in early dealings but the market subsequently moved irregularly higher on light mill buying and short covering.

There was a wide variance on trade ideas on the crop, ranging from about 9,100,000 bales to 9,670,000 bales, according to private estimates issued. The 1945 crop was 9,015,000 bales.

The government weekly weather report was about in line with trade expectations with conditions over most of the belt favorable. Crop progress was retarded in parts of the eastern and central belt during the past week by unwanted rains, the report indicated.

Man Had Brick In His Stomach For 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen from gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Cowboys After Money-- Not Just The Thrills In Roping And Riding

Contestants in the Big Spring rodeo don't rope and ride for fun—not when purses of \$8,000 or more are at stake.

They have nearly a nest egg of \$3,000 to start on by reason of prizes posted by the rodeo management. In addition, all entry fees paid by contestants go into the purse and are divided among day and show winners.

Cash awards posted by the rodeo association total \$2,950, divided as follows: \$550 each for bareback riding, saddle bronc riding, bull riding, calf roping, and steer wrestling, and \$200 for cowgirls.

By far the biggest event will be

calf roping, which is expected to draw some 60 contestants. Each of these will pay \$40 as entry fees for the four-day show, thus adding around \$2,400 more to the purse in this event.

Conservatively, the aggregate purse for bareback and saddle bronc riding and steer wrestling will be around \$750. Possibly \$500 to \$600 will be the total in the cowgirls contest, and bull riding should come out with around \$1,500 or more in the kitty.

Of course, all these figures are based on a certain number of entries and are subject to change. Prospects are that there will be a large field of contestants.

Four places win on the "day money" contests—that is the individual winners in the daily shows. The same is true for best show times—that is the aggregate time from individual contestants in a given event for all shows.

In Hollywood—

Bing's Crooning Sons Headed For Notre Dame

By BOB THOMAS

HOLLYWOOD, (AP)—Notre Dame some day will have a quartet of singing undergraduates, if Bing Crosby's plans don't go awry.

Frank Leahy, football coach for the Irish, is in town and reportedly seeking the future enrollment of Bing's eldest, Gary, 13. I asked the Croz about this.

"Yes, I'd like the boys to go to Notre Dame," he said, "if they have the grades and the talent." As for the grades, he said the brother gets A's and B's pretty regularly now at St. John's Military Academy.

Concerning their talent: "They all sing around the house and play instruments. But it's hard to tell yet—their voices haven't changed. I don't know where Gary's will go; it's always been the gravel type." Heredity, eh?

The Crosby brood has been in a couple of pictures but future appearances have been vetoed by the old man.

"They were getting too hammy," he said.

I ascertained this information in the ideal circumstances under which to interview Crosby—in bed. He was lying there, spitting maraschino cherries into a basket for "The Emperor Waltz." Puckish director Billy Wilder had him do it many times until Bing finally said: "I'm eating myself into Cedars of Lebanon hospital."

West Virginia originally was known as Kanawha.

Tragedy In Nylon Line

SPOKANE, Wash.—It cost Mrs. P. E. Eddy of San Francisco \$106 for a pair of nylons—and then she didn't get them.

Mrs. Eddy told Spokane police she stood in a nylon line at a downtown store and when she reached the counter and went to pay for the stockings she discovered some one had stolen her wallet containing the \$106.

Three Men Enlist For Army Service

John B. Nichols, route two, Big Spring, was among the three men departing here for US army service Monday. He was accompanied by Eliza A. Rollins, Snyder, and John Hunt, Odessa.

Nichols volunteered for 18 months and will be assigned to an airborne unit. Both Rollins and

Hunt enlisted for three years in the AAF. Rollins goes to the Caribbean Defense Command, Hunt to the Pacific theater.

Their departure brings to eight the number processed for military duty through the local recruiting station since Aug. 1. Quota for the month has not yet been announced.

Novelist Rupert Hughes was nicknamed "History" at school.

Top Flight Performers Due To Enter: Mansfield, Brooks, Poage, Lewallen

Big Spring's rodeo will have its share of the outstanding cowboys in the country competing for purses when animals are released from the chute tonight. Earl and Jack Sellers, producers of the event, have arranged features of all types known to the rodeo world. Although some of it will be on a smaller scale, spectators at the rodeo here will see competition in all events offered at Madison Square Garden, Fort Worth, Cheyenne and other major annual events. Charlie Creighton, chairman of the rodeo association said.

Early entries have assured keen competition in the calf roping contest. Toots Mansfield, world champion for five years, will get another crack at Royce Sewalt, who won the calf roping at Cheyenne two weeks ago. Walton Poage, who has challenged Mansfield in matched events and given a good account of himself, also will be on hand.

Another world champion, Louis Brooks of Sweetwater, is among the early entries. Brooks, current number one bareback bronc rider, also held the title of world champion all-round cowboy in 1943 and 1944.

G. K. Lewallen of Blackwell was among the first to get his name on the official registration books Tuesday. He won first place in bull riding at the Madison Square Garden Show in 1945. Telegrams from other top flight performers were pouring into the office here Tuesday. A rodeo in Lawton, Okla., kept many of them busy until Tuesday night, and others were on their way from Colorado, where other shows were just closing.

Sellers, Father And Son, Mark Up 20 Years Of Rodeo Production

Twenty years of rodeo production is the record of the Earl and Jack Sellers organization, and during this period they have learned what the spectators want, and based on the popularity of their rodeos they have been successful in providing it.

So far as can be determined Earl and Jack are the only father-son combination in the business. Their venture into rodeo production started on a much smaller scale than the large annual itinerary that keeps them on the move constantly now. In the beginning performances were held strictly in the South Texas area, but it wasn't long until they were called upon in other sections.

Currently an average season's schedule would include well-known rodeos in New Mexico, Florida and dozens of points in Texas.

Last year was their first time to produce the Big Spring rodeo and they were promptly invited back for a repeat performance this year. Their most recent show was in Kerrville, but they have made recent stands in Vernon, Corpus Christi, Gatesville, San Saba and Henderson.

Immediately after the Big Spring rodeo they will begin moving equipment to Arlington Downs at Arlington, for one of the largest rodeos of the year.

They are slated to return to this section for the Colorado City show Sept. 4-5-6-7.

Beeson In Austin For Patrol Tests

Bill Beeson, member of the state highway patrol assigned here, left for Austin Tuesday morning along with Roy King, Lamesa, and Tom Laws, Lubbock, to take an examination for a sergeant's rating in that unit.

Beeson, King and Laws qualified for the test by finishing among the top 25 men in an oral and written examination given by the department July 1. The trio underwent their test at Lubbock.

The opening was created when one of the function's officers resigned to accept another position.

There's A Limit

LAS VEGAS, Nev.—This gambling mecca, anxious to foster a spotless reputation, ran out of town a visitor it caught in a crap game with a pair of "phony" dice.

Sixty-two Arizona jack rabbits will consume about as much forage as a 1,000-pound range cow.

Spirited Animals Due To Provide Plenty Of Action

With 200 head of stock already on hand, and all of it rated among the wildest ever assembled, spectators at the Big Spring annual rodeo can expect a full bill of spirited performances.

Local men, qualified by years of experience, have declared the stock sent here by Earl and Jack Sellers to be in excellent shape for the show. "Most of the animals are carrying just the right amount of flesh for ideal rodeo activity," was one comment.

On a recent tour of Nebraska and the mid-west, the Sellers organization acquired new bucking horses for the Big Spring show. The animals were picked from top strings in Wyoming, Montana and Nebraska.

Calves, never roped before, have been shipped here for competition, and the wild and popular Brahmas from South Texas ranges will require the winners to earn their money in the contests.

Farm land prices in 10 states are higher than in the booming 20%.

Trick Riders, Rodeo Clowns To Add Variety

All work and no play makes Jack a dull boy, and the same formula would have a similar effect on a rodeo program.

Thus, novelty and specialty acts will add a dash of spice to the program of the annual Big Spring rodeo here Wednesday, Thursday, Friday and Saturday evenings.

Rodeo fans wouldn't know what to think if the inevitable and indomitable clowns were missing. This year the veteran Ike Tucker, Waco, will fill the bill. He has appeared for years on rodeo circuits and has made several for Earl and Jack Sellers, who are producing the four-show affair for the Big Spring rodeo. In addition to entertaining the fans—particularly the kiddies—the clown has an added function of helping to clear the arena of stock.

Three top-notch trick riders will furnish a refreshing break in the program. Included are such familiar names as Dorothy Cash, Beaumont, Pauline Nesbitt and Ted Lucas, both of Fort Worth.

Something different from the usual roping fare seen in the local arena in recent years will be furnished by Mr. and Mrs. Buff Brady, Houston, and Mr. and Mrs. Roy Burwick, Hollywood, Calif., rated one of the best acrobatic roping acts in the world.

Kilgore, Sweeney Battle For Senator

CHARLESTON, W. Va., Aug. 7 (AP)—Another November senatorial contest between CIO-backed incumbent Harley M. Kilgore, democrat, and republican Thomas B. Sweeney, 43-year old former state senator, was forecast today on the basis of apparently easy triumphs in the primary balloting.

Kilgore and Sweeney opposed each other six years ago.

With returns counted from 1,891 of the state's 2,799 precincts, Kilgore's unofficial total was 77,885 to 18,646 for his opponent, J. Buhl Shahan of Elkins, former state purchasing director.

Sweeney, a Wheeling insurance executive, held a lead of 48,252 votes to 23,286 over his opponent, Mayor Claude R. Hill of Oak Hill in returns from 1,901 precincts.

West Virginia's five democratic and one republican congressman were far in front, with more than half of the precincts in their respective districts tabulated in unofficial returns.

Dulles Named Officer Church Commission

CAMBRIDGE, England, Aug. 7 (AP)—Four Americans have been named to the International Church Conference's new commission on international affairs.

John Foster Dulles, of New York, was chosen vice-chairman of the commission, which was established yesterday as a means of making the Protestant and eastern orthodox churches a force in world affairs.

Other American members are Methodist Bishop G. Bromley Oxnam of New York; Episcopal Bishop G. Ashton Oldham of Albany, N. Y., and Dr. Reinhold Niebuhr of Union Theological Seminary, New York.

The three other members of the seven-man commission are all British.

New Postal Guides Out—

Postmen Warn Not To Send Any Airguns To China

WASHINGTON, Aug. 7 (AP)—This is fair warning not to try to send any cooking salt to Peru by parcel post.

And lay that airgun down, mama, if it's less than 31 inches in length and you're thinking of mailing it to China.

Also, your uncle, the old prospector at Adams Diggins, N. H., will get his mail from here on out at Pie Town, same state.

These and a score of other hot news flashes were released today by the post office department in a supplement to the official postal "for medical use" only may be mailed into Peru only upon license by the direccion General de Hacienda.

China officially frowns upon sword canes and handcuffs as well as sub-31 inch airguns.

Domestically, many a picturesque place name was laid low by the department's decision to discontinue such postoffices as Dryhead, Mont., Canebrake, La., and Grindstone, S. D. Maine lost not Moosehorn but Moosehead.

Box-holders at Seventeen, Ohio, will have to try to remember how to spell Gnadenhutzen, their new address.

The loss of Three Square, Va., however must be balanced against the installation of post offices at Bullhead City, Ariz., Devils Den, Calif., Tall Timbers, Md., Wild Horse, Nev., and Saddlesting, Wyo.

Red Dragon, W. Va., went in for a whole new color scheme. It's Blue Pennant now.

Militarists, Conservatives In Turk Cabinet

ANKARA, Aug. 6 (Delayed) (AP)—Premier Recep Peker turned today to the militarists and extreme conservatives to complete a new Turkish government to succeed that of Prime Minister Sukru Saracoglu, which resigned last night.

Peker, himself a militarist from Kemal Ataturk's revolutionary days, disregarded entirely the lusty newborn democratic party in forming the government.

Not one of 14 portfolios went to a member of the opposition party, for which hundreds of peasants and workers yelled acclaim in demonstrations last night.

Notable was Peker's retention of Foreign Minister Hassan Saka. This was interpreted as a step to show the new government intends to continue Saracoglu's external policies, which in brief called for instant action against any encroachment from any direction.

Three other holdovers were Labor Minister Sadi Irmak, Minister of Justice Mumtaz Gokmen and Minister of Monopolies Tahsin Coshkam.

New cabinet members as announced officially late tonight after daylong conferences were:

Mumtaz Gokmen, justice; Cemil Cahit Toydemir, national defense; Sukru Sokmen, Suer, interior; Halit Nazmi Chesmir, finance; Peshat Shemsedin Shirer, education; Cevdet Kerim Incedayi, roads; Tahsin Bekir Baltu, economy; Behcet Us, health; Faik Kurdoglu, agriculture; and Atif Inan, commerce.

If the Paul Ketches males of Bengal get into debt, their wives have the right to sell them into slavery to pay off the bills.

To remove the metal base of an electric light bulb that has broken in the socket, push a cork into the base and turn it.

Surgeons in the English army in the 15th century received \$200 a year and 12 cents a day for expenses.

ATTEND BIG SPRING'S ANNUAL RODEO

AUGUST 7, 8, 9, 10

The Cowboy and the Traffic Cop

Both Vital To West Texas

Truly characters of the west—the ranchman, portrayed by the cowhand with his sombrero and his lariat, and, the Cosden Traffic Cop, symbolical of power and prestige behind Cosden Higher Octane Gasoline. Both are producers, contributing immensely to the stability and expansion of West Texas. The ranchman sends meat to the nation's tables, doing his part to develop the natural resources so important to our country. Cosden sends petroleum products to the nation's machinery, doing its part to keep the wheels of industry turning.

The ranchman's income means much to West Texas, for his returns are the source of wealth to this great natural resources area. West Texas salutes the cattle raiser as a bulder of the empire. Cosden means much to West Texas, too, as a large purchaser of the area's petroleum production, as a transporter and refiner, and as a marketer of highest quality petroleum products. All West Texans know, just as they know the sterling worth of the "cowhands", the real merit in Cosden products, and the real power in Cosden Higher Octane Gasoline—"always at a bargain."

You'll Find Cosden at the Rodeo In Big Spring

Trees Suffer From Drouth

Many residents have complained recently about deterioration of their trees, and in most cases the answer is nothing more complex than water.

This, at least, is the experience of Johnny Johansen, superintendent of the city's parks and grounds.

Symptoms of the effects of drouth on trees are a general withering and drying, with leaves frequently turning yellow and shedding in the latter stages. With the exception of comparatively few cases where the plant might be diseased or suffering from a mineral deficiency, the trouble is an exhaustion of moisture reserves.

Effective watering may present difficulties, but in the main basin around the trunk will hold enough water if the flow is slow enough. Johansen recommended a good soaking. Generally, a thorough job of watering twice a month will suffice.

In event of water costs forcing a decision between lawns or trees, most gardeners and nurserymen unhesitatingly favor the trees because they represent an investment of several years, whereas can be restored within a year.

Relief can be obtained best by watering well out from the trunk since the feeder roots, which pick up moisture and food for the tree, follow a pattern similar to that of the branches of the tree. However, watering in a smaller basin around the trunk can be helpful if it is thorough.

There are fewer ranches and farms in Wyoming at present than there were 30 years ago.

He Was Safe In Bed

BOSTON — East Boston police searched two hours over land and sea for Martin Koloz, whose boat capsized in Boston Harbor. They found him at home—safe in bed.

Ice cream was invented in Italy in the 14th century.

Cat Tale From Kittanning

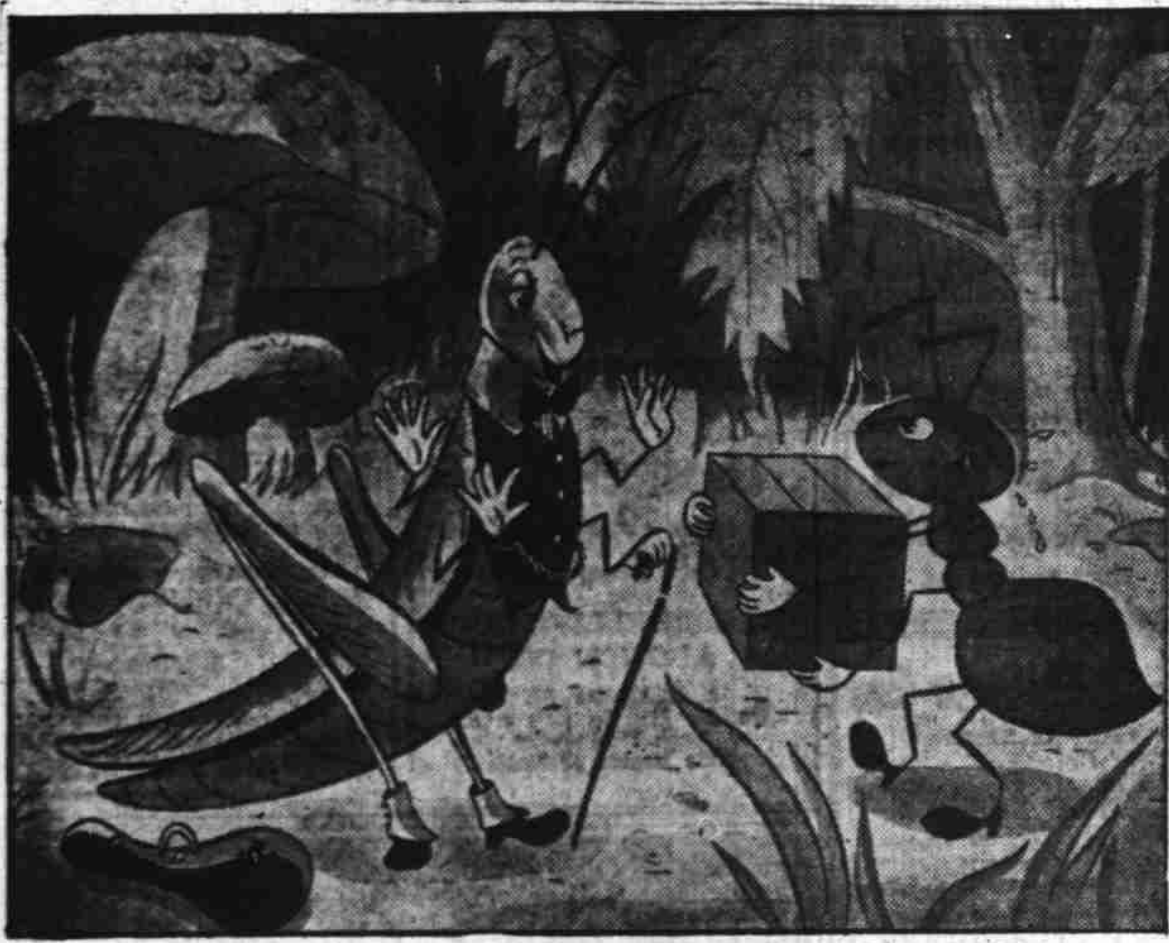

KITTANNING, Pa. — When lightning struck James Wolfe's barn it killed his horse Dobbin, but one of Wolfe's cats that had been snoozing comfortably near the stricken horse slipped peacefully into life No. 2 unsinged.

SWARTZ'S

hand-tailored by Rosenwasser

Here again is proof of fine fashion-perception as evidenced by America's smartest women... The man tailored collarless suit with matching topcoat. 100% worsted gabardine by KANMAX... matching CELANESE lining. All Nationally Advertised... Sizes 10 to 18.

Remember the old one about this pair?

THE GRASSHOPPER, you'll recall, had a swell time for himself all summer, and when winter came he had to go hungry.

The industrious ant, on the other hand, stored away plenty of food, and survived the winter in good shape.

There's a parallel to that fable today. For if you keep on storing away money—by buying U. S. Savings Bonds through the Payroll Plan—you'll have a lot better chance to survive any future tough luck than the fellow who stops his bond buying.

What's more, you'll be saving for the really important things—like buying a house, sending your children to college, or your retirement.

Millions of Americans have found the Payroll Savings Plan the easiest, safest, surest way to save. And the Government guarantees that, in just ten years, you'll get four dollars back for every three you put in!

So isn't it wise to stick with the Payroll Savings Plan? You bet it is!

SAVE THE EASY WAY... BUY YOUR BONDS THROUGH PAYROLL SAVINGS

West Texans Love A Good Rodeo

Abraham Lincoln once observed that the Lord must have loved poor people because He made so many of them. By the same token it must be accepted that the people of West Texas love rodeos, for they avidly support so many of them.

This is understandable, for rodeos embody much of the spirit and color of the earliest days of this section. Besides "preserving" western traditions, they also offer an exciting type of competitive sport on an extravaganza scale. Moreover, it is not on a man basis alone, but man against calf, horse or steer as well.

Mixed in are antics of clowns and other humorous incidents, the lusty ring of string bands, the circus artistry of trick riders and

ropers, the flashy costumes and talent of pretty young women.

The modern rodeo, despite nostalgic claims, is far superior to the early day offerings. Generally speaking, the horses buck just as hard; a saltier and bigger brand of calves and steers confronts the contestant; performers are specialists who make a right good living through rodeo competition as well as at punching cattle. In addition, plants are designed to expedite events so that something is going every minute—and all the while, fans are seated comfortably in bleachers, grandstands or boxes instead of on a buckboard wagon, wagon sheet or pallet punctuated with needle grass and rocks.

Please Help Prevent Grass Fires

Officials have warned of the need for care in preventing grass fires.

We believe this needs elaboration and emphasis. The warning, while sincere and straightforward, needs to be stressed to the point that the public will be duly impressed.

At first glance, it is easy to write off the danger of destructive grass fires by saying that drouth has left nothing which could be burned. However, there is scarcely a depleted range in this area but what has enough short stubble and unpalatable grass and brush left to feed a first class fire.

Even though the amount of forage left is meagre, every ounce of it will be needed desperately to pull stock through a hard autumn and winter unless rains come in time to produce a new crop before frost.

Because ranges are parched, they offer the possibility of becoming tender boxes.

Anyone who has fought against the spread of a grass fire knows how easily they can get out of control. Just the slightest breeze (and West Texas is noted for stronger winds than that) will fan the flames into a spreading conflagration that not only destroys vegetation but livestock fences and wildlife as well.

So be doubly careful these days. If you smoke as you drive, use the ash container in the car instead of tossing the cigarette out of the window. Make sure matches are out before throwing them away. If you have occasion to build fires in right-of-ways or on pastures, make doubly sure they are extinguished before leaving. Do nothing which would cause the slightest fire—for from these tiny blazes destructive prairie fires are born.

THE CUT UP

Broadway—Jack O'Brian

Nicky Gets Up A Will

NEW YORK—Nicky Quattrocchi, handkissing owner of the smart little El Borracho, East Side restaurant, made his will the other afternoon, not with any expectancy of kicking off, but just to get the blamed nuisance out of the way so that at the age of 46 he can put his mind to other matters.

Nicky leaves everything he has to various Broadway, Hollywood and Sicily residents, including John Perona, owner of El Morocco, who was nice to him both in business and personal matters; Grace Fields, the British actress, and her husband, Morvy Banks, who is Nicky's associate in the highly profitable El Borracho.

Nicky showed his will, duly signed by witnesses, a copy of which he said is now filed with his lawyer. The testament leaves his estate in amounts staggered upwards from \$250 to be shared among heirs should he die at 50, to \$250,000 should he make it to 80.

If he dies before 80, various amounts will be organized in charity, but for some strange reason, Nicky's bundle will be given in its entirety to the beneficiaries, and to heck with charity.

Having seen a few mystery films and plays, Nicky added a codicil which notes that should any of the heirs have a mitt in hastening his death, the person or persons thus engaged will be cut off without even crape succettes.

The matter having been attended to, Nicky promptly went back to the business of kissing beautiful ladies' pinkies.

talk about her imminent radio show replacing last year's Danny Kaye ailer, which laid something of an egg. . . . Abe Burrows, ranking radio script wit, will write the Shore material. He's the guy responsible for most of the Duffy's Tavern insanity.

GEIGER and Morros, young producers who brought the successful Italian film, "Open City," to this side, have bought the Italian rights to "Anna Lucasta." "Life With Father" will be brought to more than 500 small towns as a result of a deal with a producing firm which concentrates on the hinterlands.

BUILDS HOME FROM BOXES GREEN COVE SPRINGS, Fla. Undisturbed by lumber and housing shortages, the family of E. E. Parker is living peacefully in a new house decorated with the silhouettes of 30 and 50 caliber machine gun bullets.

Parker built the combination home and filling station from more than 500 cartridge boxes. He got them from an army surplus stock sale at nearby Camp Blanding, fitted and nailed them together to make a sturdy pine house. The insides of the boxes form a storage cabinet along the wall of his filling station.

Unemployment in Australia has reached the lowest level ever recorded.

The Nation Today—James Marlow

Social Security Problems Unsolved

By FRANCIS M. LE MAY (Substituting for James Marlow) WASHINGTON, (AP)—The difference between Joe and John is one of Washington's unsolved problems. The 79th congress tried to unravel it. Now it goes on to the 80th congress.

Joe is under the social security program. His old age is secure. John works, but not at a "covered" job. He's not building up any insurance with the government for his old age.

What is the answer? The social security revision bill which threw the last days of the 79th congress into turmoil, failed to solve many of the major problems bedeviling the security program.

These questions went unanswered: 1. Will the old age and survivors insurance program continue to exclude some 20,000,000 gainfully employed Johns, while affording protection to some 30,000,000 Joes?

2. Shall the government broaden the security program to embrace protection against hazards of disability and sickness? 3. What will congress do about increasing the payroll tax to assure the future solvency of the security fund?

Congress employed a special staff that studied social security problems for many months and turned in a 750 page report. Long public hearings were held by the house ways and means committee.

The staff headed by Leonard J. Calhoun, recommended that the security tax be increased January 1 from the one percent to 1.5 percent, on employees' pay and employers' payrolls. But congress froze the tax for the eighth consecutive year at one percent.

This staff analyzed means of bringing under the old age and survivors insurance the 20,000,000 persons not now covered—agricultural workers, self employed, domestic workers and employees of federal, state and local governments.

But the bill that went to the white house did not deal with expanded coverage. A separate bill proposing health insurance—vigorously backed by President Truman but attacked

by opponents as "socialized medicine"—never came to a vote. The big problem before congress is to get more equity into the security program. The solution is beset by a confusion of categories.

Only three of every five jobs are "covered employment" for old age insurance. That's where "categories" come in. During the war many thousands of farm workers and women went into war plants—in "covered" employment. After the war they went back to "uncovered" jobs or dropped out of the labor market entirely. They had paid taxes for old age insurance; so had their employers. But many were not in covered employment long enough to build up credits for their old age. There is no provision for refunding the taxes they paid.

That shows what congress is up against. And up to now no way out has been found.

Hal Boyle's Notebook

Kagawa, A Jap Christian

By RUSSELL BRINES (For Hal Boyle) TOKYO, (AP)—Toyohiko Kagawa, 58-year-old Christian minister, is probably the most active Japanese of the occupation—vigorously pushing plans ranging from a great Christian revival throughout Japan to solving food shortages.

Impartial observers say the energetic little man retains great influence although some of his wartime speeches were considered abroad as jingoistic. Early in the occupation he told me in an interview that he hated the word "defeat" because "I am a Japanese."

Intimates say Kagawa's dominant interest at the moment is his three-year "all Japan Christian evangelist campaign" which began Sept. 6 as a nation-wide attempt to spread christianity.

Kagawa currently is touring the country giving a series of Christian lectures including a special Christian service in Tokyo.

Simultaneously, he is furthering his long-held dream for a series of co-operatives directly linking producer and consumer which he says is the only method of insuring adequate food for Japan.

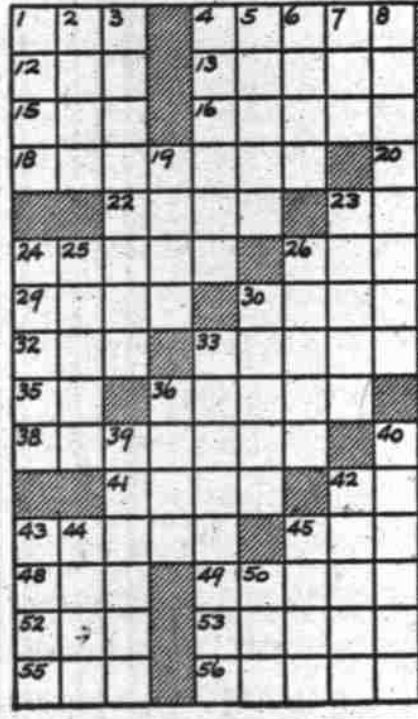

Kagawa holds the position of adviser to the social democratic party, which he helped to found, and heads the "Co-Operative Unions Federation." He recently was appointed a member of the house of peers, the second chamber of Japan's diet.

The welfare ministry a short time ago adopted Kagawa's plan for unemployment insurance, and the Japan educators union recently named him as its chairman despite his protests that he was too old and ill.

He is editor and publisher of the weekly Japan Christian newspaper and is president of the "international peace society" which he also helped to organize. Friends say Kagawa frequently has praised General MacArthur's policies in private conversations.

Two Thirds Debate Vital To Peace

PARIS (by wireless) — Thousands of words have been cabled across the Atlantic about the peace conference debate over a two-thirds or a majority vote. At first blush this debate sounds like arguing how many angels can stand on the point of a needle. You wonder what it has to do with future peace.

The real fact, however, is that the voting procedure is the essence and the heart of the peace conference. In other words, it is the whole works. And the thousands of words regarding the two-thirds debate actually can be boiled down to just 24 words:

RUSSIA HAS MANAGED TO WRITE WHAT SHE WANTS INTO PRELIMINARY TREATY DRAFTS AND TWO-THIRDS VOTE ENABLES HER TO KEEP WHAT SHE'S GOT.

It's just as simple as that. Under majority rule the anti-Russian nations could rewrite the peace treaties; under two-thirds rule Russia keeps the treaties as they are.

That's why some of the smaller countries are so irate at patient Jimmie Byrnes for not backing them on majority rule. They know that under the two-thirds rule Europe will be partitioned the way Russia wants it, not as the best interests of peace require it, and that this conference had better have the word "peace" struck out and the word "war" inserted just ahead of "conference."

In order to get better acquainted with the conference delegates gracious Secretary of State Byrnes staged a reception last week at the American embassy. In contrast with the pomp and splendor of uniforms and gold braid at the French official reception, Byrnes' affair was impressive for its dignified simplicity. He remembered Benjamin Franklin, our first ambassador to France, who wore homespun amid the lace and falders of the French court.

Jimmie Byrnes stood in the receiving line, shaking hands with the delegates. Close adviser Ben Cohen, who sees Byrnes every day, came down the line.

"I'm not going to waste a handshake on you, Ben," said the secretary of state, with a kidding grin, then shaking hands just the same.

Afterward, Byrnes told friends this story to illustrate the importance of handshaking:

"When I was sworn in as justice of the supreme court," he said, "all my friends on the court shook hands and congratulated me. We were standing just behind the curtains separating us from the courtroom and just as we were about to go on the bench Stanley Reed took me aside and told me that, just before we sat down on the bench, I should shake hands with everyone again.

"I told Stanley that I had just shaken hands with everyone and I saw no reason for shaking hands twice but he insisted that I do it and later I found out the reason why. About 80 years before there had been a particularly bitter dispute between members of the court, following which the chief justice had insisted that they all shake hands just before they went on the bench to show there was no hard feelings.

"It was a wise custom," concluded Byrnes, "and it's continued to this day."

"What will happen," asked a friend, "when Justice Jackson returns to the court and is called upon to shake hands with Hugo Black?"

"Oh, I think they'll behave like

gentlemen," replied the secretary of state.

Note—The only justice who didn't follow this handshaking tradition was McReynolds, who sat in a corner and didn't shake hands unless the others came to him.

Byrnes Drops Palestine Business

Here is what's happening behind the scenes in Paris regarding the British-American tug-of-war over Palestine. One week ago Sunday Jimmie Byrnes, after dining with Prime Minister Attlee, got Truman on the transatlantic telephone and urged him to accept the British proposal for partitioning Palestine into Jewish and Arab zones. Truman, however, decided he couldn't accept and later informed his secretary of state that the British foreign office had a much better offer on Palestine than it was holding in reserve and he intended to wait until the British put all their cards on the table.

Last Wednesday Byrnes had another talk with Attlee when he apologized for the US failure to accept and the next day Jimmie telephoned Truman that he was washing his hands of the whole Palestine business. He indicated he had enough to do at the peace conference and would leave Palestine entirely up to the White House. Meanwhile Truman is considering putting his close friend, Ed Pauley, in charge of Palestine negotiations. Pauley has already handed in a blistering report on the urgent need of action in Palestine with the result that the president has considered the idea of dropping amiable Henry Grady as his top Palestine adviser. However, Loy Henderson and other state department officials are much opposed to firing Grady and there is considerable state department disagreement about the whole thing.

Decoding the Diplomatic Pouch
Brazilian Foreign Minister Foutour got together with Secretary of State Byrnes during a backstage lull at the conference and agreed to hold the long-postponed Rio de Janeiro conference November 15. Admission of Argentina into the Pan-American security pact will be the big question discussed.

LOOKING 'EM OVER

By TOMMY HART

Big George Trafton — who, when he dominated as line coach of the Green Bay Packers to take a similar position with the Los Angeles Rams, told intimates the only lineman he'd like to take with him was Our Town's Bob Flowers—once owned 20 percent of Joe Louis' contract.

Trafton latched on to The Brown Bomber as he was emerging from the simon-pure ranks. It wasn't exactly his idea. John Roxborough having sold him on the idea.

George never thought much about it at the time, for when Joe debuted in the moneyed ranks, he displayed a left hand weakness and a seemingly paper mache chin.

Louis got a push-over in his first scrap and put him in lullaby land inside of five heats. Still Trafton wasn't impressed.

Roxborough next matched him against a Detroit boy by the name of Patrick, who proceeded to put Joe's lights out for him. Trafton double-odded the proceedings and climbed off the Bomber's hand wagon for sure. He told the Louis stable he wanted no part of the future Golden Boy. It was probably the biggest mistake he ever made.

Coahoma high school is in the market for an athletic coach. Affable John Albers, who built the Bulldogs into a championship outfit, has informed Supt. M. R. Turner and members of the school board he'll not be back in September to assume the tutoring reins.

After losing three early games, in 1945, the Bulldogs football team came along to win district, bi-district and regional titles. Albers proved one of the most popular coaches in the history of the East Howard county school.

Albers informed Turner he was accepting a coaching post in South Texas. He'll make the six-man coaching school here Aug. 31, if possible.

Matty Bell, SMU's grid chieftain, will have 11 lettermen backs returning this Autumn but he has his worries. Doak Walker is missing from the scene and his are big shoes to try and fill.

South Favored To Clip North In Corpus All-Star Game

Instructors Back Set Wage Scale, Baseball Race

CORPUS CHRISTI, Aug. 7 (AP)—A high school baseball race, a state championship in Class A football, a set schedule for holding the annual coaching school, minimum salaries for coaches and elimination of the limit on athletic awards are among topics due to be discussed tonight at the business meeting of the Texas High School Coaches association.

Harold Dement of Galena Park is in line for advancement from vice president to president of the association under the usual procedure. Dement would succeed Bobby Cannon of Edinburg.

Four new directors were selected at regional meetings last night. T. E. Ward of Borger being named for region 1, Pat Pattison of Wichita Falls for region 3, Dan Stallworth of Goose Creek for region 5 and Grady Hester of Westlake for region 7. Carry-over directors are Cooper Robbins, Breckenridge, region 2; P. E. Shotwell, Abilene, region 4; Barlow Irwin, Thomas Jefferson (San Antonio), region 6, and Clayton Hopkins, Odessa, region 8.

The baseball plan now is being considered by the Texas interscholastic league and is expected to be inaugurated on a district basis next year. The state championship in Class A football, which now goes only to regional titles, also is before the league and indications are that it will be adopted.

A plan under discussion would rotate the annual coaching school among the Southwest conference schools in Texas in order to solve the housing situation, eliminate any plea of favoritism and give the school a central location each year. The school in the past has been taken to the city making the best bid. It is being held here this year with 850 coaches enrolled.

The minimum salary plan for coaches would be insurance for them against the day when there would be retrenchment in the athletic programs. In return, the coaches would pledge a year-around athletic and recreation program in the schools.

The association is expected to take a stand on the question of a limit on awards to athletes. At this time the interscholastic league forbids awards costing more than \$10 a year for underclassmen and \$15 a year for seniors.

Jim Tobin, the man with the famed butterfly ball, was east adrift by Seattle of the Coast league last week but later caught on with San Francisco.

Pepper Martin Paces Lamesans To 7-6 Victory

LAMESA, Aug. 7 — Manager George Sturdivant returned to the line-up for the first time since May 29 Tuesday night as Lamesa's Lobos rallied for 2 runs in the eighth to take a 7 to 6 triumph over the Albuquerque Dukes in the series opener.

The Dukes overcame a 3 run deficit and took the lead in the top of the eighth when they took advantage of two walks and an error by Lobo right-hander Jim Ailstock followed by Bottarini's double for 3runners.

Cecil Hart replaced Ailstock and pitched hitless ball the rest of the way to get credit for the win. Ailstock led the Dukes to 3 hits and 2 earned runs through the first seven frames.

Pepper Martin's third single started Lamesa's successful eighth. He came in with the tying tally on Rags Ragone's double to right, and the Lobo shortstop came in from third safely when Bottarini dropped Robinson's relay after Hart had skied to center.

Martin, working at second in the revamped Lobo line-up, handled 8 chances expertly. Sturdivant came in to play first and Palmer moved to third in the fifth after Jack Wilcox suffered a slight spike wound in the leg. Palmer's homer in the first after Wilcox had walked gave the Lamesans an early lead.

Wilcox is expected to be ready to go tomorrow with Palmer starting at first. Sturdivant said he would go back in the line-up only in an emergency, at least for the time being.

Right-hander John Gist will get the starting nod for the Lamesans in the second game of the series.

Baytown Oilers Win Post Title

HOUSTON, Aug. 7 (AP)—The Baytown Oilers came from behind here last night to defeat the Waco Dons, 3-2, and win their first Houston Post semi-pro tournament in 11 years.

The Oilers pushed across three runs in a wild fifth inning after the Dons had assumed a 2-0 lead on single runs in the second and fourth.

In the fifth, Tommy Schuble and Jess Burch singled and advanced on a sacrifice. A wild pitch scored Schuble, Burch going to third. Al Simmons squeezed in Burch and scored the third run on a single by Buddy Didrickson.

The Dons scored in the second when Gil Turner doubled and raced home as Bugs Bynum threw wild from centerfield. Clarence Pfiel scored the second Waco run on a wild pitch by Burch.

absence. But there never have been better runners.

The North has such ball-carrying aces as J. W. Thompson, Odessa's all-stater now at Tulane; Harold Rile of Sherman; Randall Clay of Pampa and Charley Jackson of Denison. The South counters with big, blond Ed Mattson of South San Antonio, a track man who runs with terrific power; Floyd Sommer of Brenham and Billy Dinkle of Marshall.

The South also has the state's highest-rated line-backer, Tom Peacock of Goose Creek, and one of the best punters in Newell Kane of Palestine.

Coaching school officials have labeled this year's all-star squads the best since the game was inaugurated. However, it is indicated that it will be mostly a running game this year. Top passers are conspicuous by their

absence. But there never have been better runners.

Winner Meets Rainwater

McCombs Slated To Meet Morgan

First round play in all flights of the Munny city golf tournament will be completed today, with the spotlight on a clam-bake between Jake Morgan and Sam McCombs.

Morgan qualified for the title flight with a neat one-under-par 73 while McCombs just got in under the wire with a 78. It took a 79 or better to rate the championship division.

The winner of the Morgan-McCombs debate plays Champ Rainwater, 2-1.

Marvin Wright, a 17-year-old star, cooled off Novis Womack, two up, Tuesday to earn the right to face Dub Prescott in the quarterfinals of the championship flight.

Other quarterfinal tests will pit Sam Hefner, upset winner over Medalist Bill Crook in first round play, against Jimmy Moon and Obie Bristol against Lefty Gene Anderson.

In other results reported Tuesday, John Pipes out-potted Bobby Wright, 3 and 2, in the first flight; J. C. Robinson, downed D. M. Bardwell, one up on the 21st hole; and Charley Bailey dethroned Sam Thurman, Jr., 4 and 2, in third flight fireworks.

Bailey's victory put him in the semi-finals. He turned back H. M. Rowe, 2 and 1, to earn the right to play Thurman.

Robinson came back to challenge Chester O'Brien in his second round match but darkness caught them all even on 18.

The Pipelines were originally slated to play Manhattan at that time but the clubbers withdrew from competition, creating an opening.

Thursday's other bout at For-san pits Big Spring Hardware against Big Spring Motor at 7:30 o'clock.

No games will be played here for the remainder of the week due to conflict with dates of the Big Spring Rodeo and Cowboy Reunion.

A trackless trolley coach line can carry 10,000 persons per hour.

Redcaps To Play Forsan Thursday

A slight change in the Munny softball league schedule sends Doc Wilkinson's Redcaps into action against the Cosden Pipelines at 9 o'clock Thursday night.

The Pipelines were originally slated to play Manhattan at that time but the clubbers withdrew from competition, creating an opening.

Thursday's other bout at For-san pits Big Spring Hardware against Big Spring Motor at 7:30 o'clock.

No games will be played here for the remainder of the week due to conflict with dates of the Big Spring Rodeo and Cowboy Reunion.

A trackless trolley coach line can carry 10,000 persons per hour.

FIELD OF 11 ENTERED IN 21ST HAMBLETONIAN STAKES TODAY

GOSHEN, N. Y., Aug. 7 (AP)—The 21st running of the Hambletonian, America's top trotting event, was postponed today until tomorrow because of rain.

GOSHEN, N. Y., Aug. 7 (AP)—The 21st Hambletonian — and probably the widest open of them all—comes off today, with a field of 11 going after a \$28,037 winner's jackpot. Two of the fastest-priced steppers in trotting history are favorites.

These two are Chestertown, the California choice who cost Walter Smith of Los Angeles \$40,000 only a week ago in trotting's biggest money transaction in 35 years, and Victory Song, who became the top-priced yearling of all time when he was bid in for \$37,000 two years ago by Mrs. James B. Johnson, Jr., of Rochester, Mich.

These two, along with Deanna, the two-year old champion of last season, and Westfield Girl, a \$25,000 filly from the barn of E. J. Baker of St. Charles, Ill., are generally regarded as most likely to divide the largest part of the \$51,845 for the first six three year olds to get home quickest.

The long-shot stabbers gave more than a light look-in to such as Van Riddell, undefeated two year old who will be driven by his owner, Canadian parliament member Earl Rowe; Onolee Hanover, a consistent and hard working filly, and Walter Spencer, stablemate of last year's winner driven by Harry Pownall.

Rounding out the field are Locomotive, Octave Blake, Scotch Foz, Don Scott and Argyle.

Cards, Brooklyn Prove Cousins To Ott's Gang

By The Associated Press
Mel Ott's lowly Giants, 15 games behind the leader with 52 to go, are in a hopeless position in the National league pennant race but you never could prove it by the contending Cardinals and Dodgers.

When the Brooks really needed to take one with a chance to stretch their lead to a full three games, last night they couldn't bump off their rivals from Manhattan.

Lefty Dave Kelso, touched for five hits in three innings, tightened up and held the Dodgers hitless the rest of the way in recording his 12th victory of the season, 5-2. The result reduced Brooklyn's first place margin to two games. The Cardinals were rained out of their game at Pittsburgh.

Chicago pulled out of a three-game losing spin to another Cincinnati, 3-0, on Claude Passeau's four-hit pitching at Crosley Field. The Bruins trail the Dodgers by 7 1/2 lengths.

The hustling Boston Braves proved they still can beat the Phillies although out-hit by a 10 to 5 margin when they rushed over two runs in the 12th inning to earn a 3-1 edge for Johnny Sain.

In the American league, the Boston Red Sox marched another step closer to clinching the pennant with a 5-0 romp over Philadelphia behind Tea Hughson's five-hit pitching.

Bobby Doerr blasted his 15th homer of the season with Wally Moses on base in the first inning to start Hughson off to his 12th triumph. It was Dick Fowler's 11th setback.

Two unearned runs on three St. Louis errors helped Detroit record a 3-1 victory over the Browns despite a four-hit pitching job by Jack Kramer. Henry Heif's homer gave the Browns their only run. Al Benton's fourth win enabled the Tigers to climb to within a single game of the second place New York Yankees whose scheduled night game at Washington was postponed by rain.

Chicago's White Sox enjoyed one of their best hitting days of the season, bowling over Cleveland, 11-1 on 16 blows good for 24 bases.

Henry Heif BROWNS

Catholic Lassies Clip Methodists

Airport Baptist outslugged Salvation Army, 24-22, in a battle of first division teams in Church boys' softball league competition at the city park Tuesday night.

In senior girls' play St. Thomas Catholic fems crushed by First Methodist, 22-21, while Church of God was disposing of East Fourth Baptist, 23-4. The games were played on the South Ward diamond.

The Catholics have yet to be beaten in second half play and are favored to meet YMCA, first half champions, in the playoffs.

Two of the girls' contingents have been outfitted in new playing toggery.

The Catholics have new jerseys and caps. Money for the equipment was raised at a dance staged by one of the teams supporters.

Players of the YMCA team are suiting out in blue jeans and white jerseys complete with red lettering.

"Stop grumbling, Elmo—this vacation will do you good —You were getting pretty soft sitting in an easy chair in your air-conditioned office!"

MR. BREGER

"My girl's letters are ALWAYS full of tears!"

TEXAN ADVANCES
- WASHINGTON, Aug. 7 (AP)—Bernard Bartzon, of San Angelo, Tex., yesterday entered the quarter finals in the mid-Atlantic open tennis tournament here by defeating Dave Smith of Washington, 6-2, 6-2.

HAREM WIFE—Linda Darnell, screen actress, poses in her costume for the part of the king of Siam's favorite wife.

If you're planning to freeze fresh strawberries but want to go easy on the sugar supply, substitute honey or corn syrup for part of the sugar. Using more than one-fourth will give a honey or corn syrup flavor to the fruit.

Dawson Medalist In Broadmoor

COLORADO SPRINGS, Colo., Aug. 7 (AP)—A field of 414 contestants who pinned their hopes on woods and frons was paced today by Johnny Dawson, Los Angeles, who yesterday took medal play with 68 in the Broadmoor invitational golf tournament.

Ties were numerous, and when 10 contestants shot 76's Dr. J. J. Slaughterhop of Vernon, Tex., stepped up and won a one-hole elimination to take the remaining place in the championship flight. Deadlocked for third in medal play with 73's were W. Reed, Lincoln, Nebr.; Al Besselink, Merchantsville, N. J.; Rufus King, Wichita Falls, Tex.; Earl Stewart, Dallas, Tex.; Jack Hines, Wichita, Kans., and Fred Newton, Denver.

BUSIER TELEPHONES
delay the operator's answer

Lately you may have found your telephone operator's "Number, please?" delayed a few seconds. It is because the telephone system here is extra busy. Her voice will come on the line in just a few seconds, usually, if you will wait.

We are doing all we can to bring service back to prewar standards, but to help tide over this period of telephone shortages we have had to stretch the present telephone system—stretch it to serve more families.

This crowds the switchboard at times with more calls than can be handled quickly, especially in midmorning and early evening. Only so many operators can be seated at the switchboards, so when calling is quite heavy, some telephones cannot be answered as quickly.

However, more people who would otherwise still be waiting now have service. Others will have telephones as soon as we can get switchboards in and working. It is not a short or easy job but we are glad to report it is getting on.

Grasses Hold Rain, Tests Saturday Show

Vegetative cover had marked influence on moisture penetration following a hard two-inch rain Saturday evening on the Hamlin and Shroyer ranches in the Vealmoor community, according to C. D. Donaldson of the local SCS office.

Rangeland having a good cover of grasses had a moisture penetration of 21 inches as compared to a 12-inch penetration beneath fair cover and only four to five inches where cover was poor. Donaldson emphasized that it must be concluded that a good cover of grass held all the two inch downpour, whereas that portion of the range not supporting a good cover lost from 40 to 75 percent of the moisture.

Shroyer's level closed-in terraces are nearly full of water, which would have been lost under ordinary circumstances. Shroyer and Hamlin are co-operating with the Martin-Howard SC district in carrying out a soil, water and range conservation program on their land.

Aleman Invited

DALLAS, Aug. 7 (AP)—Miguel Aleman, president-elect of Mexico, has been invited to attend the state fair of Texas here in October.

Hep Cate Gassed

BATON ROUGE, La.—Merry-making teen-agers literally were dancing with tears in their eyes in this city's Community Club, and it took the police to figure it out. Someone had placed a tear gas bomb in the hall, and a stiff breeze was wafting the smarting fumes into the faces of the jivesters.

RATTLESNAKE GOT FOOLED—HE BIT WOODEN LEG OF CUCUMBER PICKER

By JACK RUTLEDGE
Associated Press Staff
The animal kingdom:

Alfred Lang and Sammy Hartman were gathering cucumbers in the Lang garden at Mason when a big rattlesnake struck, burying his fangs in Lang's leg. Everybody laughed. The snake had bitten Lang in his wooden leg.

Waldo Spain of Farmersville has some very classy racing greyhounds. It costs money to feed them. But even so, one meal they had recently was unusually expensive. It was a \$600 meal.

Gip Smith, who operates a meat market, brought Spain some meat scraps for his dogs. Spain waited until dark, then dumped the scraps in the pen.

Next morning Smith missed \$600 in checks and cash. His partner had put them in the box with the meat scraps Smith had given Spain. A hurried trip to the dogpen found the dogs still munching happily on five, ten and twenty dollar bills. All except about \$10 in cash was recovered.

Family Reunion Here

A family reunion was held at the R. V. Jones home this past weekend when Mr. and Mrs. Jones' three sons were all reunited again for the first time in five years.

Visiting with their parents were Mr. and Mrs. Henry Jones of Lubbock, Mr. and Mrs. Carroll Jones of Midland, Dr. and Mrs. R. V. Jones and their children, Rick and Tom.

Oil companies expect to pass out 150 million road maps this summer.

Tungsten must be 99.99 per cent pure to qualify as an efficient filament in an electric light bulb. Cream held too long on the farm produces butter which has an "old cream" and stale flavor.

Additional Greyhound Service to El Paso

Now **9 SCHEDULES DAILY**

It's hard to beat the convenience of Greyhound travel—and, too, you'll like Greyhound's comfortable coaches—thrifty fares.
