THE CHURCH FOR ALL ALL FOR THE CHURCH

ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizen-ship. It is a storehouse of spiritual values. Without a strong Church, neither democ-racy nor civilization can sur-vive. There are four sound reasons why every person should attend services regu-larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The hub of a railroad-the classification yard. Could you, without training or experience, take charge here? Could you sort and "spot" thousands of cars, have them ready at the right time on the right track to go out with the right train?

But every day your mind performs an operation even more complex. You sort and classify your thoughts and impulses. You decide what is right and wrong. You determine which actions are urgent, and which can be deferred. You resolve that some goals are important, and others are secondary. And every decision affects your life, and the lives of others!

Preparing men and women-and boys and girls-to make the right decisions is one of the great functions of the Church. There are sound Christian standards by which life's choices should be sorted. There is confidence and strength for those who seek, learn and practice the true Way of Life.
