

## Gilrein Admits Aiding Fields To Obtain Wire

### Discharged Official Says He Ordered Allocation System

WASHINGTON, Aug. 13 (AP)—William J. Gilrein, a discharged War Assets Administration official, testified today he ordered use of the allocation which permitted Benjamin F. Fields to obtain 539 rolls of scarce wire screening.

Gilrein told the house surplus property committee he instructed a subordinate, Anthony J. Flood of the Philadelphia WAA office, to adhere to procedure used in the past by the agency, rather than follow instructions of a new manual from Washington.

Under the old method, prospective buyers placing huge orders were given a percentage of their bid. Under the new system, small bidders had their orders filled first and the larger concerns got what was left, if any.

Fields, Washington contract broker, testified yesterday he often got amounts of scarce items he wanted by ordering much larger amounts.

Gilrein also told the committee he was fired as a sales manager in the Philadelphia office within a week after he was questioned in private by committee investigators.

"I was being gunned long before Fields' name was in the papers."

Gilrein gave his testimony as the committee sought to learn who in the government granted "special favors" to Fields to help him buy scarce goods.

## Price Controversy Shifts To Steaks As Packers Appear

WASHINGTON, Aug. 13 (AP)—Wesley Hardenbergh, president of the American Meat Institute (packers), argued today against revival of meat price ceilings on the grounds that the industry is rapidly meeting public needs.

This return to "order" in the business, he told the OPA price decontrol board, contrasts with "the chaos created by four years of price control."

## Pepper To Fight For Enlarged Social Security

WASHINGTON, Aug. 13 (AP)—The government estimated today that states will get \$152,208,000 more a year from the treasury for public health programs under the newly broadened Social Security act.

Specifically at issue today is whether ceilings shall be restored on all meats. Livestock and live stock products one week from tomorrow.

## West Fourth Street Extension Talked

County commissioner Monday expressed interest in opening an extension of W. 4th street from the city limits to the old highway.

A. A. Smith, Colorado cattleman, testified there now is an adequate supply of meat in this country at reasonable prices.

## Sadler To Speak For Rainey

AUSTIN, Aug. 13 (AP)—Jerry Sadler, who ran fourth in the first primary, announced today he would go on the air Friday night to tell why "he's for Rainey."

If cattle are again controlled, Smith said, the "beef business will again return to black market operations with the consequent unsanitary conditions and exorbitant prices."

"I had intended to keep quiet and just vote in this run-off but I guess if Grover Sellers has a right to tell his supporters now to vote, than nobody ought to condemn old Jerry for speaking his piece," Sadler said in a written statement.

Waiting to follow Smith was a long list of farmers, livestock producers, packers and others who oppose any return to ceilings.

## Jester No Answer To Sadler Statement

SWEETWATER, Aug. 13 (AP)—Beauford H. Jester, carrying his campaign for governor into deep West Texas, today greeted with a smile the report that Jerry Sadler would go on the air Friday to tell why he is going to vote for Dr. Homer P. Rainey.

Later in the day, the three-man board will hear the other side of the case from organized labor and consumer groups spokesmen.

"I have been expecting it and it doesn't surprise me," Jester said. "I do not plan to answer Sadler any more than I do my own opponent. I will continue to run on my own program which has been approved by the people of Texas."

## Stanton Increasing Well Water Supply

STANTON, Aug. 13—Stanton is increasing its water supply to well over half a million gallons daily by addition of another well.

## Bank Bandits Try To Steal Potatoes

ANTLERS, Okla., Aug. 13 (AP)—A cat-mouse chase of 100 policemen for two bank bandits continued today in the rugged Kiawich mountains of southeastern Oklahoma with the outlaws so hard pressed for food that they tried to steal a sack of potatoes from a farm woman.

## Text Books Arrive For Rural Schools

Approximately 1,000 textbooks, which will be used in the rural schools the coming semester, have arrived at the county school superintendent's office and are being checked prior to distribution.

## US Should Conserve Its Resources, Cooperate With UN, Hoover Says

SALT LAKE CITY, Aug. 13 (AP)—In a world dominated by "fear and frustration," the United States should conserve its economic resources, "keep our powder dry," and cooperate with the United Nations "to maintain peace," ex-President Herbert Hoover cautioned today.

## San Marcos College Obtains Housing

SAN MARCOS, Aug. 13—Southwest Texas State Teachers college has arranged accommodations for a few more single veteran students for the fall term, officials announced today.

In a birthday statement issued on his arrival here from inspecting mining properties near Pioche, Nev., where he became 72 years old Saturday, the only living ex-president of the US today cited the differences between the period following World War I and the present.

### Russia Opposes Applications For UN Entry

NEW YORK, Aug. 13 (AP)—The applications of Ireland and Trans-Jordan for membership in the United Nations were sidetracked today by firm Russian opposition.

As a result of yesterday's meeting of the security council's 11-nation membership committee only Afghanistan was tentatively given a clean bill out of the first five of nine applications under consideration. The committee has morning and afternoon meetings scheduled for today.

Some quibbling may remain over Afghanistan's bid, since Australian delegate Paul Hasluck tempered his approval with a mild reservation.

A controversy in the committee shaped up over the Soviet-supported applications of the Albanian and Mongolian peoples republics, which have been tabled during the committee's quest for further information on them, and the bids from Transjordan and Ireland, which have the prime sponsorship of the United Kingdom—and now the opposition of Russia.

Ireland's bid was approved by all committees except those of Russia and Poland. Transjordan's was strongly supported by Britain and approved subject to a form- and reservation by Egypt, but met with reservations by the United States, Australia and Poland.

JAVA BEAUTY, TEXAS FLIER REUNITED—A courtship begun in Java four years ago and interrupted by the war is resumed in Boston, Mass., as Army Lt. Robert E. L. Michie of Texas greets his bride-to-be Inge Raupp of Batavia. A pilot with the 19th Bomber Group, Michie met Miss Raupp, daughter of a Dutch official, when he was stationed in Java in early 1942. A plane crash and Michie's imprisonment by the Japs separated the couple but their courtship was resumed by mail after the flier was liberated by the Russians a year ago. Now they are en route to Lubbock, Tex., Michie's home town, to be married. (AP Wirephoto).

### Mrs. Sarah Cox Funeral Held In Garden City

Funeral services for Mrs. Sarah Jane Cox, 80-year-old Glasscock county pioneer, were held at 4:30 p. m. Sunday at the Presbyterian Church in Garden City.

Born Oct. 11, 1867 in Linden, Cass county, Texas, Mrs. Cox came to Glasscock county 40 years ago. She was a charter member of the Cumberland Presbyterian Church.

Rev. A. A. Collins, Presbyterian minister, conducted the last rites, which were in charge of the Eberley Funeral home of Big Spring. Burial was in the Garden City cemetery beside the grave of her husband, the late John Felix Cox.

Mrs. Cox is survived by six sons, Fred M. Cox of Lovington, N. M., Thineas M. Cox of Garden City, Jim C. Cox of Las Cruces, N. M., Sam W. Cox of Tarzan, John F. Cox of Dimmitt and Charlie J. Cox of Garden City; five daughters, Mrs. Walter Brooks, Burbank, Cal., Mrs. John R. Chaney of Big Spring, Mrs. Clarence Bryans of Garden City, Mrs. A. J. Cunningham of Garden City and Mrs. Edward Teale of Garden City. All the children were at her bedside when she passed away Saturday night.

Also surviving are two brothers, F. F. Burkhalter of Chelsea, Okla. and John M. Burkhalter of Lubbock, 37 grandchildren and 34 great-grandchildren.

## Jews, British In Riot Over Illegal Immigrant Ships Near Palestine

HAIFA, PALESTINE, Aug. 13 (AP)—British troops fired tommy-guns and rifles today into a crowd of rioting Jews who were trying to storm through tanks, trucks and soldiers in protest against the deportation to Cyprus to 1,000 illegal Jewish immigrants.

A girl was killed. Several policemen and troops were injured by stones, bottles and other missiles which the Jews hurled soon after the outlawed Hagana radio exhorted them to "storm the streets."

Two troopships sailed with the thousand illegal immigrants during the morning, but another ship bearing 650 Jewish immigrants without landing certificates arrived and was placed under watch outside the harbor.

An unconfirmed report said yet another illegal ship, the Venezia, had arrived off Haifa with 600 illegal immigrants.

The young Jews violated a curfew to demonstrate against the deportations. However the rioting abated and the curfew was lifted this afternoon. Police reported the city was quiet at 2 p. m. as British soldiers began withdrawing.

Even the Arab quarters in Haifa joined in defiance of the curfew. The Arabs, however, caused little disturbance and ventured only outside their own homes.

Several truckloads of youthful men and women were taken to police detention camps in Haifa for breaking the curfew.

### Victory Day Quiet In Tokyo

TOKYO, Aug. 13 (AP)—Victory Day will be celebrated quietly tomorrow in Japan, where problems of peace overshadow the memories of war.

Those memories will be present in an inevitable glimpse at the past by the relatively small percentage of American occupation forces who saw combat service. They will be recalled by the Japanese who survived the last crescendo of fire bombs.

But the whole tone of this anniversary here will center on the present and future. The major military display will be a parade before the imperial palace of the Seventh cavalry regiment of the First cavalry division — chosen because it has borne the brunt of occupation duties in the capital.

## Russians Oppose Plea To Postpone Treaty With Italy For Year

PARIS, Aug. 13 (AP)—Romania, first of the Soviet-conquered German satellites to address the peace conference, proposed today that she receive reparations from her former allies, Germany and Hungary.

George Tatarescu, Romanian vice premier, also lauded Russia's claims of \$300,000,000 reparations against Romania as moderate, and opposed proposals of the western allies on economic phases of the draft treaty of peace for Romania.

Soviet Foreign Minister V. M. Molotov told the Paris Peace Conference today "Fascist Italy bears a tremendous responsibility" but that "does not mean that Italy should lose her importance as a power in the Mediterranean."

Speaking in response to pleas for leniency expressed Saturday by Premier Alcide De Gasperi of Italy, Molotov paid tribute to the "historic services rendered by Italy." He said the Soviet people were "confident for the future of Italy as a great country."

He added, however, that De Gasperi's address was an "attempt to evade the fundamental problems of Italy's democratic resurgence."

The head of the Italian delegation failed to condemn Fascism. He failed to make a single remark against the work of Mussolini, Molotov declared.

The Russian foreign minister said De Gasperi's suggestion for a year's delay in completing the peace terms, especially with relation to the future of Trieste, "can meet with no support from this conference."

He said Italy's demand for postponement was an attempt "to exploit divergencies in the views between the Allies," and was based on the hope that "it will be possible to upset certain compromises of the foreign ministers' council."

Molotov recalled that it was only after Russian victory at Stalingrad and the Allied victories in North Africa and southern Italy that Italy got out of the war and "began to reorganize on a democratic basis."

Molotov charged that "certain powers are trying to gain power in the Mediterranean at the expense of Italy and France," and said both countries should "feel responsibility as Mediterranean states."

The Associated Press, United Press, International News Service, and Reuters—the four major world wire services—said the normal flow of foreign news had been "seriously disrupted" or "greatly restricted" by the action of the American Communications Association.

The embargo, which became effective at 2 p. m. (EDT) yesterday, was called as a sympathy move with 300 ACA strikers at Press Wireless, Inc., who walked out seven days ago in protest against wage and staff reductions.

Press wireless has said it would arbitrate the question of layoffs but that all but the 46 men discharged must return to work before the arbitration starts.

The ACA insists that it will not consider arbitration unless the discharged men as well as those now on strike were permitted to return.

### Truman Signs Bill For More Hospitals

WASHINGTON, Aug. 13 (AP)—Legislation setting up a \$1,125,000,000 five-year hospital construction program was signed today by President Truman.

Mr. Truman said the measure, which authorizes federal assistance to states and local governments in building hospitals, "lays a groundwork for providing more and better medical care for the people of our country."

The legislation authorizes the federal government to pay one-third of the cost of building or equipping new hospitals, the government's share of the aggregate planned cost to be \$750,000,000 and the sponsors the remaining \$375,000,000.

Sponsors may be state, city or other public governmental agencies or private non-profit hospitals.

AMARILLO, Aug. 13 (AP)—Delegates from all over the state were arriving here today for the three day convention of the Texas Home Demonstration Association.

H. G. WELLS

## H. G. Wells Dies; Noted Author In England, US

LONDON, Aug. 13 (AP)—H. G. Wells, the world-famous author, died today at his home in London. He was 79.

His secretary said Wells died peacefully at 4 p. m.

The statement, on which the secretary would not elaborate, added:

"He had been in failing health for a considerable time. The funeral will be private."

Herbert George Wells had used science as a vehicle in luring out stories and fantasies which were best sellers on both sides of the Atlantic. One of his most monumental writings, however, was an "outline of history."

His last newsworthy action was on July 5 when he loosed an attack on the British monarchy, in a question over whether the Royal House was involved in large sums of money which Benito Mussolini paid to Sid Oswald Moseley, the British fascist.

Wells died at his home in Haver Terrace in Regents Park. He was reported seriously ill as long ago as May of 1944. H had suffered from diabetes for 50 years.

He wrote well over 50 books which dealt with science, sociology, political economy, romance and fancy. His outline of history perhaps was his most lucrative work, being translated into nearly every language. Over 500,000 copies were sold in the United States in one year alone.

### Yarbrough Fined On Assault Charge

Clem Yarbrough of Loraine, who paid a fine last week in justice court for operating a vehicle without a license, showed up in county court this morning to enter a plea of guilty to the charge of assault with a motor vehicle and was fined \$25 and costs.

The charge emanated from an automobile wreck east of town in which Yarbrough was involved. According to members of the state highway patrol, a car driven by Yarbrough ran down a machine operated by Salcio Nupex last August.

### Community Chest Discussion Today

Representatives of several social and service organizations were due to confer at 4 p. m. today in room No. 2, Settles hotel, concerning financial campaigns.

The meeting was called by K. H. McGibbon, chairman of the chamber of commerce public affairs committee, and on the docket is discussion over the possibility of a community chest.

## Presbyterian Auxiliary Holds Joint Session

The Ruth and Kings Daughters' circles of the Presbyterian Auxiliary met at the church Monday for a covered dish luncheon and inspirational meeting presided over by Mrs. F. H. Talbot, chairman of the Kings Daughters circle. The program opened with the group singing "Take Time To Be Holy" with Mrs. A. B. Brown furnishing piano accompaniment, and Mrs. D. A. Koons gave the devotional. It opened with a short review of the past studies taken from the book of Isaiah. She then led into a discussion of the topic "Getting Rid Of Our Beseating Sins" taken from Isaiah 3, verses 16-32. The second part of her talk dealt with besetting sins of thoughtlessness, taken from Isaiah 32nd chapter, verses 9-12. Her closing discussion concerned besetting sins of neglect and the de-

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcostrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

## Shortages are holding him back...

We in the Bell System were adding telephones at the rate of three million a year until shortages started getting worse. Now it's harder and harder for us to get materials for manufacturing and building.

We aren't complaining for we are in the same boat as everyone else. But we thought you might like to know the supply situation on some of the biggest items in the telephone business.

LEAD—There is a world shortage of it. Even when conditions here straighten out, it will be some time before adequate supplies are available.

COPPER—It is in great demand but we shall probably have adequate supplies when the smelting, refining, and fabricating plants get going.

TEXTILES—A serious shortage exists in cotton and synthetic yarns and fabrics.

STEEL—Strikes in steel and coal industries have affected the supply

in the face of unprecedented demand.

RUBBER—Synthetics are in fair supply, but natural rubber is on government allocation.

LUMBER—It is scarce, due to both unusual demand and dislocation of the lumber trade.

BRASS MILL PRODUCTS—These are used in telephone central office switches and other equipment. Supply will be short until disturbed conditions in the copper industry are settled, permitting brass mills to get back to full-scale production.

It's a tough situation, but we aren't giving up, any more than you have given up trying to get butter or sugar or shirts.

We're doing the best we can with what we've got and hoping these disturbed conditions will end, so that we can really go full speed ahead.

**TULSA, Okla., Aug. 13 (AP)**—Daily average crude oil production slumped 68,280 barrels to 4,823,720 in the week ending August 10, the Oil and Gas Journal reported today.  
 Texas production was down 76,450 to 2,119,800, Kansas 3,200 to 280,950, California 1,350 to 876,150 and the Rocky Mountain area of Colorado, Montana and Wyoming 1,330 to 167,870.  
 Mississippi increased 5,850 to 68,000, the eastern area 4,550 to 66,500, Louisiana 2,550 to 394,850, Oklahoma 1,400 to 383,500 and Illinois 200 to 210,200.  
 Arkansas with 78,950 and New Mexico with 100,850, were unchanged.  
 Mississippi's daily average production was 68,000 bbls. compared with 62,750 the previous week.

**Witnesses To Fly To Jewel Trials**  
**FRANKFURT, Germany, Aug. 13 (AP)**—Army officials have announced plans to fly nearly 20 witnesses from the United States to Germany to testify in the Kronberg castle crown jewels trials which are scheduled to start Friday.  
 Col. Alton C. Miller, special war department investigator, said the prosecution witnesses included Royal C. Carlton, Longview, Tex., the former army sergeant who first unearthed the fabulous Hesse crown jewels from their hiding place.

**BIG OPENING**—Formal opening of Nathan's jewelry store in Big Spring attracted big crowds, as evidenced by the picture above, showing a section of the throng which blocked traffic in front of the store for the climax of the opening day. Below is an interior view of the store just before the open house event held as a prelude to the first day's business. (Jack M. Haynes Photo).

**Cafes To Submit Annual Price Lists**

Although several phases of the new price control procedure still are indefinite, cafes and restaurants still are required to submit price lists to the OPA, the local price control board reminded today.  
 Evidently there were misinterpretations of recent announcements concerning these lists, board officials said, since only one restaurant submitted its list on time. The lists were due by Aug. 10.

**Restaurants To Raise Standard Of Industry**

**AUSTIN, Aug. 13 (AP)**—Restaurant operators in Texas have set out to raise the standards of their industry through a foundation to assist education and research.  
 Patrick D. Moreland, executive secretary of the state restaurant association, announced that \$50,000 of the proposed \$75,000 Texas restaurant foundation fund has already been raised.  
 The foundation will encourage training of young people in restaurant management in vocational schools, set up college scholarships, help train present personnel, and finance research in improvement of restaurant equipment.

**Bumper Cantaloupe Crop Moving In Pecos**

**PECOS, Aug. 13**—A bumper cantaloupe crop for this section is being moved to market, according to shipping records of the Texas and Pacific railroad.  
 The railroad has moved eight rail freight cars, and in a matter of thousands of crates have been transported in smaller lots by express.

**Well Known Man Felt Like Swollen Balloon; Full Of Stomach Gas**

Recently, a well known man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.  
 INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores. (adv.)

**NON-COMMISSIONED GRADES NOW OFFERED TO FORMER ARMY OCCUPATIONAL SPECIALISTS**

**NOW, MORE THAN EVER BEFORE THE ARMY HAS A GOOD JOB FOR YOU!**

Good jobs in non-commissioned grades are being offered now by the Regular Army to qualified former servicemen!  
 Veterans discharged on or after May 12, 1945, who enlist or reenlist for three years may be enlisted in the non-commissioned grade for which qualified, provided this grade is not higher than that held at time of discharge, and provided that at least six months of former service was in one of 400 designated military occupational specialties in which enlistment is now desired.  
 Important, interesting jobs are open in hundreds of skills and trades in the Army, with splendid training and educational advantages! These are in addition to free food, housing, clothing, medical and dental care, low-cost insurance.  
 Never has this fine profession offered so much, in new higher pay and opportunity for advancement!  
 Twenty years from now, you'll still be a young man. Yet, if you choose to make the Army a career, you'll be eligible to retire then at half pay for the rest of your life! In thirty years, you can retire at

three-quarters pay! In the case of a Master Sergeant, this is up to \$185.63 a month for life!  
 There's adventure, travel, education, a secure and profitable future in this vital, realistic profession. Get full details at your nearest Army Recruiting Station.

**Highlights of Regular Army Enlistments**

- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in the Army, who may reenlist at any age and former service men depending on length of service.
- A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- G.I. Bill of Rights benefits assured for men who enlist on or before October 5, 1946.
- Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

"I want to thank every one of them from the bottom of my heart."

**BREWERS PUT FINGER ON POINTS FOR SATISFYING PUBLIC OPINION**

Cognizant of the power of public opinion, the United States Brewers Foundation has undertaken a "clean-up or close up" campaign on a nation-wide scale. Based on the results of an extensive survey, the foundation concludes that "anything which damages the good repute of a beer retailer, wholesaler or brewer tends to undermine the public regard for all those who deal in beer." Among the factors which influence public opinion, the Foundation has found, is appearance, signs, windows, names, details and cleanliness.

General appearance, particularly the exterior, results most frequently from conditions the dealer has permitted to exist, according to the survey. If good locations are denied, there is generally a reason. Shabby fronts are scored, and sprawling, clashing signs come in for criticism. Dealers are constantly reminded that successful businesses maintain neat, attractive and dignified fronts and windows. Cutler of crepe paper decorations and a conglomeration of cards, signs, etc., are rapped vigorously.

As for names, the survey shudders over such titles as "The Jail"

"The Alibi," "Bill's Tavern," etc. The owners of Chicago's famous store call it Marshall Field & Company, according to the comment—not "Marshy's spot." Similarly, "James A. Smith Tavern" is far more likely to command respect than "Jim's Greasy Spoon."

Finally, the survey advocates a resort to "soap and water, paint and elbow grease" to brush up taverns and to keep them clean and neat, for no suit of clothes, no matter how well tailored, will look right unless it is brushed and pressed and cleaned regularly. . . . Meticulous housekeeping has an essential role in presenting a proper appearance to the public. And without the survey also calls for eradication of the minority which does not hold regulations in high esteem and observe them.

**Texas' Group In Congress To Be About Same**

By PAUL BOLTON

AUSTIN—A box score on Texas' congressional races shows that the political complexion of the Texas delegation in Washington is going to be very little changed, regardless of the result of run-off races at the end of this month.

If you go for labels, you could divide the delegation into pro-administration, anti-administration and middle-roads. The votes already counted indicate that if anything the pro-administration forces will win, rather than lose, when the final voting is done.

These strong and medium-strong administration supporters already are re-elected: Sam Rayburn of Bonham, Wright Patman of Texas, Ewing Thomason of El Paso, Lyndon Johnson of Johnson City, Albert Thomas of Houston, J. M. Combs of Beaumont and John E. Lyles of Corpus Christi.

Lyles belongs at the bottom of that particular category because he is almost ever in the second column of those who usually, but not always, vote with the administration. Others in that category who were returned were Bob Poage of Waco, Eugene Worley of Shamrock, Lindley Beckworth of Gilmer, Tom Pickett of Palestine, O. C. Fisher of San Angelo, and George Mahon of Colorado City.

Three of those classed as "conservative" did not stand for re-election: Hatton Summers of Dallas, Fritz Lanham of Fort Worth and Sam Russell of Stephenville. For Summers' seat, there is no question about the political proclivities of Judge Sarah T. Hughes who led the ticket—she's liberal. For Sam Russell's seat, there are also run-off contenders, one of them the son of former Cong. Tom Blanton who would be placed in the conservative column.

The only "pro-administration" resignee was Luther Johnson of Corsicana, and at least one of the run-off candidates—Tom Tyson of Corsicana—definitely is aligned in Texas a liberal, while the district also put into the runoff an ex-Aggie, Tiger Teague, while repudiating Judge Fountain Kirby who ran on a Texas Regular platform.

A similar situation of the "conservative" losing out seems to have shaped in the coastal district represented by aging J. J. Mahaffey, a fairly strong supporter of the administration. The conservative in that race, Col. Clark Thompson, was left behind by Mansfield, leading the ticket, and Senator L. J. Sulak of LaGrange. While Sulak has not been considered as an outstanding liberal during his senate years, his voting record is what the liberals classify as "right," particularly his position on labor votes.

Conservatives renominated were Ed Gossett of Wichita Falls who led the fight which broke the OPA and Paul Kilday of San Antonio. A conservative faced with a runoff is Milton West of Brownsville, whose vote may be found more often against the rest of the Texas delegation than any other member of the delegation.

**RODEO STARTS**  
WACO, Aug. 13 (AP)— Nearly 500 horsemen and horsedrawn vehicles participated in the opening here yesterday of the 11th annual Bear Club Rodeo, proceeds of which will be used in development of the athletic program of Baylor University.

**Demo Committee Again Attacks Texas Regulars**

AUSTIN, Aug. 13 (AP)— The State Democratic Executive Committee here yesterday denounced the Texas Regulars, modified somewhat its former opposition to three resolutions by Morris Roberts, and certified a candidate in a district race after debating his case for four hours.

Harry L. Seay, executive committee chairman, reviewing his group's activities, charged that the Texas Regulars were continuing their warfare on the Democratic party in Texas and declared they had shown an utter lack of decency.

He emphatically denied that the executive committee had taken anything except a neutral and impartial part in the first primary races.

There was no dissent among committee members when substitute resolutions were offered which:

1. Commended Pres. Truman for the manner in which he is handling the domestic and foreign affairs of the government.
2. Endorsed the action of the United States congress in refusing to appropriate further funds

**T And P To Sponsor Float At Monahans**

The The Texas and Pacific railroad will sponsor a float parade at the big V-J Day celebration in Monahans Wednesday, George R. French, superintendent of the Big Spring division has announced.

Sponsored by Ward county, the days activities will feature a barbecue and entertainment in addition to the parade.

for the maintenance of the Fair Employment Practice Committee.

3. Condemned all minority pressure groups, whether representing labor or industry, who indulge in the use of huge campaign slush funds to promote their own selfish ends against the welfare of the people.

The Executive Committee at its last meeting had refused to vote on resolutions dealing with these same subjects.

# Oilers Hard Spent To Gain 7-6 Victory Over Spartans

### Big Spring Motor Clan Decisions Redcaps, 8-5

Off to a running start with a five-run first inning, the Cosden Oilers outlasted the Big Spring Hardware brigade to win, 7-6, here Monday night and retain their position atop the standings in the Munny softball league.

Jimmy Daylong, Spartan hurler, limited the Oilers to six hits but they took advantage of all breaks to come out on top. Red Harrison, Cosden hurler, gave up seven blows, including two by J. B. Murphy.

The Red Womack, Leonard Morgan, Pat Stacey, Frank Barton, W. D. Berry and Paul Solder each collected a safety for the winners. Stacey prevented the Spartans from scoring what could have been the tying run in the fourth when he fielded a long fly ball in centerfield and threw a strike to Red Womack at home to nip a runner coming in from third base.

In a performance at Forsan, the Cosden Pipeliners rallied for nine runs in the last inning to rout the ABClub of Big Spring, 13-9, scoring their third victory in a row.

A seven-run second-inning uprising had apparently put the decision on ice for the Big Springers. Heavy Montgomery, who relieved Otis Griffith in the second inning, received credit for the victory.

Bobby Yarbro hit two home runs for the Forsanites, one coming in the big fifth inning with the bases jammed.

Justin Holmes and Durward McCright hit for the circuit for the Clubmen.

In a battle for second place in the standings, Big Spring Motor made long strides in that direction by turning back Doc Wilkinson's Redcaps, 8-5, in another game at Forsan.

Paced by Leon Glenn Brede-meyer, who limited the 'Caps to six blows and collected three hits himself, the Motorists had things going their way most of the time.

Cosdom's Stanoed Oilers, continuing their upsurge in the standings, slugged down Eddie Hammond's United Body Works team, 8-3.

The Mechanics showed improvement behind Toby Cunningham but could not overcome their weaknesses with the hickory.

## TAAF Net Show Opens Thursday

TYLER, Aug. 13 (AP)—Tennis stars of past and present Southwest conference teams will compete in the TAAF tournament here this week-end.

Bob Kamrath of Austin, former University of Texas player and conference singles and doubles champion, and Bobby Curtis, 1940 doubles champion while playing for Rice Institute, are among the latest entries received.

Kamrath will compete in the singles and Curtis in men's and mixed doubles.

Billy Owens of Tyler and Palestine, member of this year's Baylor university squad, has been seeded number one in the tournament. He was runner-up in last year's meet at Galveston.

Bernard Clinton of Dallas was seeded second in men's singles, Kamrath third and Felix Kelley, former National Intercollegiate doubles champion, fourth. The tournament opens Thursday.

## LOOKING 'EM OVER

### With TOMMY HART

An injury incurred when he was playing football with the First Air Force last year has brought on the retirement of Samuel Coy Flowers, who was in training with the Brooklyn grid Dodgers at Bend, Oregon.

Sam was sure he had the team made. He was ready to break camp with Bill Cox's gang at the West Coast camp when a medico stepped in and took a look at his arm. He advised the Big Spring boy to quit, lay off for a year and possibly longer. So Sam is heading home.

A brother to Bob Flowers, who saw perhaps more action than any other center in the professional business as a member of the Green Bay Packers, Sam was rated on a par in defensive skill with Robin. The elder Flowers has long since mastered the intricacies of the T system as taught by Culey Lambeau and practiced by the Packers. It would have been interesting to have seen which of the two brothers would have gone further in the play-for-pay circles.

Sam went to Mitchel Field, N. Y., from Ellington Field, Houston, where he had started out in service ball. He took part in a scrimmage against the New York Giants after joining the First Air Force team and went on to make an impression with the eastern critics who liked the Texan's rock-'em and sock-'em style of play. The injury, inflicted in a scrimmage, sent him to sick bay, however, where he remained until he was discharged.

Shirley Robbins, the country club's golfing professional and manager, has been in Odessa attending a course on the proper treatment and care of greens. The local carpets are expected to be in tip-top shape for the invitational tournament the last of this month.

Mrs. Claude Wright visited Abilene recently where she was occasioned to chat with Hayden "Stubby" Greer, the former Big Spring star who is doing such a sterling job of skipping the Abilene Blue Sox in the WT-NM baseball league.

Greer revealed in his dissertations that Charles Wheelchel, the one-time pitching marvel here, is playing outfield in the Western Association. That comes in the way of astonishing news, since Chaz was recognized as just about the best hurler in the circuit while here.

No regular on the Dallas, Texas league club is hitting .300 or better yet the crew is third within the circuit in team batting and a good second in team standings.

Nick Gregory, who joined the Rebels several weeks after the campaign opened, was three points off the .300 mark in the latest averages. Bob Moyer was next with .289 and driving hard.

Dike Tolbert, Big Spring Motor softball manager, has matched a return game with the Winters All-Stars, who fell before the Fordmen last Saturday night in Winters, 5 and 3. The game will be played here but the date has not been agreed upon.

According to Leon Glenn Brede-meyer and Charley Teague, who should know, the Winters club is a classier all-round contingent than the Texas and Pacific brigade that showed here against Cosden.

## Wright Beaten By Prescott

A 5 and 4 triumph over young Marvin Wright Monday afternoon qualified Dub Prescott for the right to face Jake Morgan in the semi-finals of the championship flight of the Muny city golf tournament.

Prescott's game was torrid. He was two strokes better than regulation figures for the round and was in the lead all the way. He made the turn three up.

Only one match remains to be played in the championship quarter-finals, a duel between the siege-gun, Obie Bristow, and Lefty Gene Anderson. Pro Foy Fanning said it would probably be completed sometime this afternoon.

Other results Monday saw Ray McMahan advance into the finals of the third flight by thrashing wee Charles Bailey, 4 and 3. McMahan will face Lloyd "Pat" Patterson, the former baseball star, for the crown sometime next week.

## Robstown Sergeant Wins Rifle Match

AUSTIN, Aug. 13 (AP)—Sgt. Julius Rektorik of Robstown was high man with a score of 276 in the Southern Regional Small Bore Rifle Match sponsored by the Texas State Guard.

He and other top men from the Southern and Northern Regions will compete for state honors in a match to be held at the Camp Mabry Range in September. The Northern Regional Shoot will be held here Aug. 25.

## Drillers Oppose Oilers Tonight

Shell's Drillers attempt to do what Lees' brigade accomplished last weekend in Forsan Community softball league play this evening, and that by upsetting the Continental Oilers.

The Oilers were riding along in second half play without a defeat until the Drillers caught up with them Friday night and thrashed them, 3 to 1.

Game time is 7:30 o'clock or thereabouts.  
Tonight's afterpiece will send Cosden's Gaugers, still very much in the fight for the last half crown, against Phillips' Gaugers. That setto should get underway around 9 o'clock.

## ROBBINS HEARS GREENS LECTURE

Shirley Robbins, professional and manager of the Big Spring country club, returned Monday afternoon from Odessa where he attended an all-day course on the proper treatment of golf greens.

Robbins was one of 35 professionals and enthusiasts who attended to hear talks and watch demonstrations on the subject given by Dr. Fred G. Gray, Washington, D. C., and Dr. O. J. Noer, Milwaukee, Wis.

Both Gray and Noer are members of the USGA greens section committee.

They are recognized as two of the leading turf experts in the country and are currently on a tour of the country lecturing on the subject.

## Norton Insists Texas Aggie Grid Eleven Is Over-Rated By Critics

By HAROLD V. RAYLIFF Associated Press Sports Editor

DALLAS, Aug. 13 (AP)—At the Texas Coaching School in Corpus Christi I timidly advanced the forecast that Texas and Texas A. and M. would meet at Austin Nov. 28 with the Southwest Conference and national football championships riding in the results.

It was quite a build-up. That would mean that both would be undefeated and that the southwest's most dramatic moment had arrived: D. X. Bible would be making his final appearance as a coach in the game he would want to win above all others. Homer Norton would be striving for his first victory over Texas in seven years.

But our pleasant thoughts of such a great game were rudely shattered by a few crisp observations from Norton.

In the first place, said Homer, it will take something of a miracle to pilot a team to an undefeated season in the Southwest Conference this year. "The conference champion will lose at least one game," he predicted. "This is going to be the toughest league ever. The teams are loaded."

In the second place, Norton added, his prospects are nowhere near that good.

"You must consider," chided Norton, "that most of our lettermen are fellows who made numerals during the war. Many of them would not even have gotten to play in normal times. We don't have many fellows returning who made letters in pre-war years when the going really was tough."

Further, the Aggie coach pointed out that the men returning from the service are not in football condition.

"I can't give you any idea right now who will make up our starting team," he said. "We are not classifying them according to who we think are best. We have a number of teams lined up. Each will take the name of the center. Which is the A team will have to be determined when practice starts. I don't know about most of the

boys because they have been away several years. What they did in service athletics give me little to go on."

The Rice scouting system is running well ahead in corraling top football prospects.

This is the assumption when you use the all-star squads that appeared in the Texas Coaching School game at Corpus Christi last week as a guide.

Rice took 10 of the boys, including two of the outstanding players in the contest—Ed Mattson, the South San Antonio husky who is being likened to John Kimbrough as a ball-carrier, and James Williams, Waco's great wingman who has yet to play anything but a star game.

Texas got six of the all-stars: Baylor, Texas Christian and Texas A. and M. each drew five while Southern Methodist only carried away two.

Texas Tech showed up with four on the line.

The remainder of the 48 boys were distributed as follows: North Texas State, one; Hardin-Simmons, one; Tulane, one, and undecided or entering the service, eight.

Among those who will enter the service is Billy Svoboda, the big Bonham fullback. He's going to be a Marine.

Elliot particularly liked Svoboda whom he affectionately called "Savoldi" after Joe Savoldi, the former Notre Dame All-American backfielder. Svoboda is a powerful runner and a rugged boy on defense.

## Oilers Maintain Edge Over Tyler

By The Associated Press  
The Henderson Oilers took two games from Lurkin last night, 7-3 and 8-3, to maintain their narrow lead in the East Texas League.

Tyler's Trojans swamped Jacksonville, 20-6, on nineteen hits. Greenville, aided by Outfielder Dean Stafford who hit two doubles and a triple, defeated Paris, 14-5. The Texarkana Bears won over Sherman's Twins, 6-3.

## Cardinals On The Move As Musial Finds Range

By The Associated Press  
Stan Musial's slugging spree of 12 hits in his last 14 trips, coupled with the revival of the St. Louis Cardinals pitching staff, have put the Cards only a half game or one percentage point back of the National leading Brooklyn Dodgers.

Of big import to the Cardinal pennant aspirations is the recent form of pitchers Johnny Beazley and Al Brazle, Manager Eddie Dyer has manipulated his staff

all season so as to have Howie Pollet, Harry Brecheen and Murry Dickson ready for the Dodgers and the top teams, only to have Beazley and Brazle fall him in the next series.

Beazley now has two straight wins and Brozle's three-hit, 5-0 job on Chicago yesterday may be an indication of things to come.

Claude Passeau was the loser as St. Louis came up with three runs in the inning.

Brooklyn held the lead by rallying with three runs in the seventh inning for a 3-2 decision over New York. Giant homers by Walker Cooper and ex-Dodger Jack Graham had given Ken Trinkle a 2-0 margin.

Vic Lombardi recorded his ninth in a row over New York. Cincinnati lost its seventh straight, bowing to Pittsburgh's Ed Bahr, 3-2. The rookie right-hander scattered seven hits.

Detroit shaded Cleveland, 3-2, in 10 innings in the only American League tilt, moving to within two games of the second place New York Yankees.

A scheduled Chicago-St. Louis Browns night game was rained out. Others were not scheduled.

## Scarcity Of Doves (White-Winged) Seen

WESLACO, Aug. 13 (AP)—State Game Warden Charles G. Jones of Weslaco today said that the 200,000 white-winged doves expected to be killed in the valley next month "will place the bird in a precarious position as to its future existence."

Jones said there were only a "very few hundred thousand" such birds along the border at present.

The hunting season will be concentrated on three days, Sept. 13, 15 and 17, with shooting permitted between 4 p. m. and sundown.

### Tipsters Help Tax Collectors Increase Take Over A Million

WASHINGTON, Aug. 13 (AP)—Tax informers helped the government collect a little more than \$1,000,000 last year and for their part picked up about \$35,000 in extra change.

Reluctant to go into details, officials said "fewer than 100" persons cashed in on their tips.

These new figures brought the total of such collections over the last decade to about \$21,500,000.

Informers' cuts over that period amounted to \$675,000 — around three percent of the total take.

The government has been giving a bounty since 1880 to individuals who supply information lead-

### Texas Republican Party Predicted Growing Strong

MINERAL WELLS, Aug. 13 (AP)—A prediction that the republican party will be strong enough in 1948 to make a bid for state offices was made here yesterday by R. B. Creager of Brownsville, leader of the state republican party for a quarter of a century.

Creager said 1946 was the last major election year that would find Texas a one-party state dominated by democrats.

A republican national committeeman from Texas for 23 consecutive years, Creager was in Mineral Wells for the party's state convention.

Creager said the republican vote in Texas has increased 300 percent over the past few years. He predicted they would poll 300,000 votes in the November general election this year.

He said, first, that a serious rift has occurred in the democratic ranks; second, a rapidly-growing, industrialized Texas is bringing many workers from other states, many of these republicans; and, third, the negro vote.

Creager said the democratic rift "first appeared in 1944 when the Texas Regulars bolted. We offered our cooperation then but could reach no compromise. This rift continues and will widen and give us an opportunity to gain strength."

### Markets

NEW YORK, Aug. 13 (AP)—Selected stocks took a turn on the recovery side of the market today with dealings livelier.

Assorted steels, rubbers, oils and special issues moved up fractions to a point or so—there were a few wider jumps by "thin" performers—after a moderately fast and steady opening. While top marks were trimmed here and there near the close, and a number of losers persisted, plus signs predominated. Transfers expanded to about 900,000 shares.

### Gallagher Dies; Minn. Congressman

ROCHESTER, Minn., Aug. 13 (AP)—Rep. William J. Gallagher, Minnesota democratic-farmer labor congressman, died early today in Rochester. Gallagher had been seriously ill since Sunday, when he was taken to the Mayo Clinic in an ambulance from Minneapolis.

Gallagher had been in failing health for some weeks, but had delayed having a thorough physical checkup until after congress had adjourned.

Gallagher, who was 71, had been unconscious for some hours before his death at 4:20 a. m. (CST).

Gallagher was elected to congress in 1944. The Minneapolis man, who was a retired city laborer and pensioner, defeated Republican Congressman Richard Gale of Mound.

### 4-H Club Boys In Amateur Show

Howard county 4-H club members will appear on the weekly amateur program Friday night at the City park amphitheatre, the chamber of commerce announced today.

Highlighting the program will be the presentation of awards won by club members during the past year, including livestock show ribbons and other awards, by County Agent Durward Lewter.

Dan Conley will lead a group singing to open the night's activities, and several numbers will be presented by the Anderson Moore quartet of Stanton.

Club members then will take individual parts, with Ray Echols to speak on "My Achievement from 4-H Club Work," Lloyd Robinson, "My 4-H Club Feeding Experience," Wayne White, "My Dallas Calf," Evelyn DeVane, the 4-H club creed; and Arlon DeVane, the 4-H club pledge and prayer.

Perry and Billie Jean Walker will present personality numbers, and other musical selections are to be arranged.

### Reed Discusses Summer Program At Rotary Lunch

The possibility of utilizing school personnel and facilities in extending a summer recreational program was held out today before Rotarians by Walter Reed, high school principal.

Many cities are adopting a plan along these lines, said Reed, by engaging recreational directors of physical education instructors on a 12-months basis. This has an advantage of furnishing leaders with child contacts and with certain facilities already at their disposal. It would, he ventured, require some supplemental aid from other sources.

Commenting on the state high school coaches association, which he attended at Corpus Christi and which attracted coaches from Mexico City to Illinois, Reed said that Big Spring came in for considerable publicity on the strength of having booked several games in Ohio next winter. The coach of the national high school champs for the past three years said he would make a 200 mile trip to see the Steers in action, according to Reed.

Music was furnished by Mrs. Paul Graham and Mrs. Wanda McElhannon, vocalists, accompanied by Helen Duley.

### Many Topics Talked By Toastmasters

Biography, science, education and politics came in for discussion at the regular meeting of the Toastmasters club Monday evening at the Episcopal parish house.

E. B. McCormick gave a sketch on a little-known but forward-thinking early American—Thomas Paine. Wayne Williams discussed development and accomplishments of radar and Dr. P. W. Malone told about the Howard County Junior College. In the educational talk John Coffee read quotations on speech by Solomon. Table topic, proposed by Joe Pickle, dealt with whether lobbyists should be required to register.

Toastmaster was Dr. R. B. G. Cowper and W. C. Blankenship was general critic. Speech critics were Capt. Olvey Sheppard, Otis Grafa and Lawrence Wells.
