## Kitty's Korner

By Kitty Montgomery

This edition of the paper, annual each year, is dedicated to the graduating class of Ozona High School. Our sincerest congratulations and our sincere best wishes go to each of you.

The 52 young men and women in this year's senior class will not have an easy time of it. Never in our history has a group of high school graduates faced a more unstable future. Now, more than ever before, a young person must have a college education to compete. Many of these boys and girls will be going their separate ways to endeavor to get a college education. The turmoil and the few serious students who are intent on earning a degree. Conditions on our campuses have improved. Things are steadily worse and doing has been done to the outlook any brighter. The subversive SDS is not on taking over all institutions of higher learning they already have more than a foot in the door. Our class of '69 will struggle to their right to a college education.

The boys who are unable to stay in college face the prospect of the draft. Although we hear the Vietnam war may soon be over, the man on the street seems very dim indeed. The no-win war policy our nation has pursued since it has done little to earn the patriotism of the American youth or anyone else that matter.

In spite of all this, the nation's graduates came to us, we would soon see a change in America's youth. Seldom do you find a group of 52 young people with so few rotten apples in the barrel.

We expect to be on hand Monday morning when Dr. Curl preaches his last sermon as pastor of the Ozona Methodist Church. During the two years here we have come to value his friendship and deal. Seldom have we known a man of God who is also so warmly human. Give me, under that old head there is a lot of wisdom and we are glad to have him leave us. Let all of us miss his witty sense of humor.

A week has passed and he came here that he visited us here in the Ozona. Our spirited conversations always lightened my day. Oh well, loss is someone else's gain.

Another proof that machines will never replace man came to light this week. The electric bill came out of the computer with a balance of \$1,943.20. The only thing that kept us from getting it in the mail and Tom having a stroke was the eagle eye of Peggy. Ranchmen are urged to use preventive practices to reduce case outbreaks and to send in suspected samples when found. Sample bottles can be picked up at the Ranch Feed and Supply, the Ozona Wool & Mohair Company or the county agent's office.

Ozona's 17th Annual Quarter Horse Show and Performance Contest will be held Saturday at the rodeo arena, John Stotts of Matador will be the show judge. The annual affair, which has earned the approval seal of the AQHA and QHA of West Texas, draws may out of town visitors each year.

## Second Worm Case Reported In Crockett Co.

Crockett county came up with its second screwworm case of the year Monday of this week when a sample from the Eugene Miller ranch was confirmed. The first case confirmed was on the C. L. Williams "Henderson Ranch" on Taylor Box Draw on May 1. The Miller case on Monday was the only case reported in Texas on that date, according to information received by county agent Pete Jacoby from officials at Mission, which brought the total cases for the state to 94 for the year.

Crockett county is in the grid system for sterile fly drops while the two confirmed case areas are being hot-spotted to curb the outbreak. Ozona itself became the target for a fly-drop last week when a box of sterile flies landed on the North Elementary school grounds during a morning recess period. Students spotted the box as it was dropped from the plane flying over and eagerly awaited its arrival on the ground. Survival of sterile flies in that box is unknown since many inquisitive little boys eagerly examined the box.

Ranchmen are urged to use preventive practices to reduce case outbreaks and to send in suspected samples when found. Sample bottles can be picked up at the Ranch Feed and Supply, the Ozona Wool & Mohair Company or the county agent's office.

## Methodist Pastor To Close Ozona Ministry Sunday

Dr. R. F. Curl will conclude his pulpit ministry to the Ozona United Methodist Church at the 10:55 a. m. service next Sunday.

He and Mrs. Curl will leave that afternoon for the sessions of the Southwest Texas Annual Conference which will be held at the Robert B. Driscoll Hotel and First Methodist Church in Corpus Christi.

Special invitation is extended to friends as well as the congregation of the Ozona Methodist Church to be present for this service.

Dr. Curl, an infrequent columnist for the Stockman, writing his popular "Wise and Otherwise" column when inspiration nudged him, contributed his final as a resident in this issue of the Stockman. The column will be found on another page of this issue. Maybe, with more time in his new routine, he may have the urge to communicate with Ozona friends through his column. The column head will be left standing just in case.

Dr. and Mrs. Curl will retire from the ministry at the conclusion of his two years service here and will make their home in Kerrville.

## All Teams Still In Running For LL Halfway Title

With only three games for each team remaining in the first half of Little League play, Ozona Oil has a one-game lead for the championship. The Oilers are 4-2, with Flying W and Moore Oil tied at 3-3 and B&B trailing 2-4. The next three double-headers will decide the championship and as of today all teams are still in the running.

B&B picked up its second win of the season Thursday night, downing Moore Oil 5-3. The lead changed hands several times before the Grocers subdued the Oilers in the most exciting game of the night. Harvey Vargas was the winning pitcher and Tony Connors the loser. Bobby Knox and Mike Lewter paced the Grocers attack with three hits apiece.

Ozona Oil tightened its lead for first place by defeating Flying W in the second game by the lopsided score of 12-3. Flying W scored two runs in the top of the first and from then on it was the Oilers. A grand slam home run by the winning pitcher Pete Martinez was the highlight of the game, followed by another. ## Sealed Bid Wool Sale Set May 27 At Ozona W&M

A sealed bid wool sale has been announced for Tuesday May 27 at the Ozona Wool & Mohair Co. warehouse.

Moe Barbee and Jesse Williams, managers of the firm since the recent death of long-time operator Beall Barbee, announced the sale and urged all growers to be present if at all possible. A barbecue dinner will be served at noon to all growers and buyers present.

An estimated total of 450,000 to 500,000 pounds of both eight months and twelve months wools will be displayed for the sale. The wools this year are extra clean and bright, warehouse men say due to the generous spring rains and good pasture.

## Teen Age Boys Out In Numbers For Baseball

A large number of boys have turned out to form a teen-age baseball team for Ozona, according to Bill Lewter, manager. The group has been practicing almost daily at Powell Field.

Games with other area towns will be scheduled for Saturdays and Sundays throughout the summer.

Bill Pagan and Tommy Sanders are coaching the group and were well pleased with a practice game held Saturday afternoon.

The boys are furnishing their own shoes and gloves. Bats, balls and catchers equipment have been purchased and must be paid for. Financial help will be needed to keep the program going. All donations for the summer program will be appreciated by the boys and adult helpers.

LEST WE FORGET

On May 30th, we celebrate Memorial Day. This is the day set aside to pay tribute to the men and women who have given their lives for us. They made it possible for us to take for granted the liberty they died to preserve.

In gratitude to Abraham Lincoln, and to the men and women who preceded and those who followed him in death under the nation's flag, we invite you to read again these immortal words, first delivered at Gettysburg.

Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we cannot dedicate — we cannot consecrate — we cannot hallow — this ground. The brave men, living and dead,

who struggled here, have consecrated it far above our poor power to add or to detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us — that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people, for the people, shall not perish from the earth.

Wise and Otherwise Rambling Reflections By Dr. R. F. Curl

Two years ago on June 8th, Mrs. Curl and I arrived in Ozona to take up residence. We had passed through the city in the early fifties en route from El Paso to San Antonio and stopped for lunch; we had visited the Church during the ministry of Rev. J. Troy Hickman and I preached at the morning service. And then once again on a snowy March morning in 1958 going from Big Lake to San Antonio, we had passed through it. These had been our only contacts with the community.

Nevertheless, it had been our good fortune to know several of the Ozona Methodists through various meetings and we knew the very fine reputation the Church bears throughout Southwest Texas Methodism.

Hence we were well pleased when Bishop Slater told us on the day before the 1967 Annual Conference session opened that he planned to appoint us to serve this community. We came gladly, joyously, and expectantly.

We have been in no way disappointed. Both congregation and community immediately made us welcome and we have never found a more understanding, united, and concerned people than those of Ozona. All anticipations we had formed have been exceeded.

In 1941 we had left the pastorate from Del Rio to spend 26 years in administrative, promotional, and educational work for the Church. We had found Del Rio a rich, warm community of acceptance and concord. We left with deep regret.

We have been fortunate to return to the pastorate in a community which, if possible, exceeds the Del Rio of thirty years ago.

The Ozona United Methodist Church is a great Church: Rich traditions, adequate physical plant, a capable, generous, and de-

voted membership join to make a church able to answer the call of the community and the world.

The wonderful way in which the community as a whole has received us, the many opportunities that have come to enter into the lives of many people, the friendly greetings and the wide-open door into the life of the whole county has enriched and blessed us permanently.

We shall leave Sunday afternoon, May 25th, to take up residence in our own home at 517 East Lane, Kerrville. We shall take with us high appreciation and blessed, fond memories of these days and you people, both Methodists and others. The years can never rob us of these days for they shall live in a renewed inner strength and peace that you have given us.

At 517 East Lane there are three doors — a front, a side door through the garage, and a double glass door at the back onto the patio. All three of them will be open always to all of you and we shall look for wayfaring friends to be stopping by. Just don't all come at one

time! On June 5 a new Methodist pastor and family will into Ozona. I do not who it shall be, neither any one else at this including even the one who will make the appointment.

He may be young; he may be old; he may be bald; he may be fat or lean; he may not be a gold hunter, or a fisherman; he may have a large family or a small one.

All of these are exte. But he will be a man of God, educationally professionally trained, tested by the Church serve you.

I present am to this munity and commend not on any basis of personal knowledge of who it is, this moment, but know he shall be worthy and qualified. I pray for a place in your hearts so you have given to Mrs. and me.

Mr. and Mrs. C. L. Y former Ozonans, of Los were here for a visit the weekend.

## Washington News Letter

Congressman O. C. Fisher

A sense of relief and expectancy gripped Washington as Justice Abe Fortes, under suspicion for indiscreet involvement in the affairs of the Louis Wolfson Foundation, decided to resign from the Supreme Court.

Who will President Nixon appoint? The type of men chosen to fill this and other vacancies which will soon occur can change the course of our history.

As a candidate Nixon was quoted as saying: "I believe in a strict interpretation of the Supreme Court's functions. In essence this means I believe we need a Court which looks upon its function as being that of interpretation rather than of breaking through into new areas that are really the prerogative of the Congress."

Thus, the President has a great opportunity to give the Nation relief from a long series of decisions which have, under Chief Justice Warren, adversely affected law enforcement, stricken down anti-subversion and espionage laws, and engaged the Court in sociological and political policy-making actions never contemplated by the Constitution. For a decade and a half this Court has run rough-shod over court precedents, as it has in many respects rewritten the Constitution and become another legislative body.

It is reassuring to know, by his own pronouncements, that President Nixon recognizes this development. By picking properly qualified men to fill the Fortes vacancy, and another when Chief Justice Warren retires soon, Nixon can bring order out of chaos and restore the court to its proper role in our tripartite form of government.

The present court is so constituted that the appointment of even two new men may tilt the scales in the right direction. And there will probably be more vacancies during the Nixon Administration. Justice Hugo Black is now 83, Douglas is 69, and Harlan is 68. The Gallup Poll found that nearly two-thirds of the

American people were critical of Supreme Court decisions. And the Chief Justices of the States branded a series of Supreme Court actions as being "without proper judicial restraint," and insisted that tribunal had been acting as a "policy maker" in national affairs. Now, at long last, relief is in sight. It all depends on who Nixon appoints.

## Athlete May Be Disqualified For Accepting Prizes

After discussing the Interscholastic League Award Rule last week, coach Sam Mosley deemed it important to impress on young athletes the League's Amateur Rule. Ignorance of this rule often causes disqualification of a high school athlete.

Any pupil who receives cash or valuable consideration for teaching, violation of the rule. Further, the student may not allow his name to be used to promote the sale of any product, plan or service.

Neither may a player compete on an athletic team with a paid player. He may play against a paid player, but being on the same team with a paid player is a violation of the Amateur Rule.

Accepting golf balls, bags or clubs would, for instance, be a violation of this rule, as would playing on a golf team with another player who was being paid.

Activities which are considered athletic sports include baseball, basketball, bowling, boxing, football, golf, rodeo, softball, swimming or diving, tennis, track and field, weight lifting and wrestling.

Violation of the Amateur Rule does not result from participating in a rodeo event, but from accepting cash or valuable consideration. In other words, a boy or girl may enter a rodeo contest,

as an individual, and may win the event without violating the rule. However, if the pupil accepts cash or valuable consideration, or is on a team with a person who is paid, he is in violation of this rule.

Under the provisions of the Amateur Rule, the signing of a letter of intent for athletic ability is a violation. However, an athlete may sign a pre-enrollment application without violating the rule and forfeiting his eligibility.

### Academic Freedom?

Who are the people? Of course, they are occasionally joined in this clamor by some politicians, but it is usually a politician seeking the job of the man who had to order out the forces of law.

**This question can perplex. In the demonstrations and riots at the nation's colleges and universities a mere handful of the student body breaks up property, sets fires, destroys books, beats peaceful students, all the while holding aloft banners and shouting that "We, the people, must have our way."**

This is a most peculiar manifestation of human perversity in action. On public property, nontaxpayers feel perfect liberty to destroy and main because the operation of the institution with which more than ninety-five per cent of the people are happy, does not meet their demands, on the basis that their ragged football handful constitutes "the people."

**And even more strangely, some of the presumably educated people who are in the faculty, uphold this sort of nonsense. It is ironic that one of the major demands of rioting students is to determine what shall be taught, how it will be taught, and by whom it will be taught.**

The irony of this seems to escape them. After all, if they, the students, are competent in these areas, then they should not be students, but educators.

**But the silliness does not stop there. If some office holder outside the campus sends in law enforcement officers to keep the peace, many of the faculty are astounded over this violation of academic freedom, thus equating a broken skull with academic freedom.**

Pursuance of this principle could get most ridiculous. What if some buildings on Old State U campus caught on fire? Will it reach a point whereby fire engines will be held off the campus while something called an Academic Senate debates whether or not permitting fire fighting rigs on the campus would be an intrusion on "Academic freedom?"

## FORGIVE AND FORGET

By Charles Turland

Life is too short to remember things best forgotten. The successful person forgets; he knows the past cannot be brought back again. He keeps his eye on the goal ahead and doesn't look back. He doesn't let little things disturb him. He forgets quickly and forgives easily. It is only the little person who seeks revenge.

Be a good forgetter. Let this be your rule of life, and you will be happier. Nothing makes one so unhappy as to hold a grudge. Quickly forget the slight, many of which are really imaginary anyway, or the thoughtless remark made by a member of your family, a teacher, a friend, or acquaintance. And you will have retained their good opinion of you, perhaps even their friendship and confidence.

Be a good forgetter — and forgive readily.

## FRIENDSHIP

By Mencha Diaz

Friendship is a simple relationship which involves someone you like and who likes you. A friend is someone with whom you share many feelings and experiences, although both of you keep your individuality.

Today friendship has changed to a more complicated thing. If you strike up a friendship with someone who is not as fortunate as you, people tend to tell you to break off. Refusing to do so, you are expected to try and improve that friend. When such a friend asks somebody else about you, they act snobbish and give

her a cold shoulder. Although all of you are judged and classified by the company, you keep, the bad rubs off more easily than the good. Moreover, you should not be judged in such a manner, since friendship can work on different levels.

## DO BOYS MAKE BETTER FRIENDS

By Deena Vargas

In some cases boys do make better friends than girls. For one thing, boys are more honest. They'll give you the real opinion on whatever you ask them. Girls will often give you a false opinion to avoid hurting your feelings.

Boys are better at listening to your problems and even at giving you a few suggestions as to how to solve them. Girls are too involved in their own problems to

take time out to help you. A boy who is a friend develops protective concern about you. His shoulder absorbs more tears than a girl's, and he doesn't mind listening to your problems and giving advice. Who could give you better advice on what boys like than a boy himself?

They make better companions because a girl without a date tends to hibernate, but you can always call up a male friend to accompany you to a movie.

Not all boys make good friends, but there are a few who have those certain qualities that it takes to be a true friend. So, give some boys a chance to be your friend.

## OBJECTIVE OR ESSAY?

By Mencha Diaz

Everyone has taken objective (multiple choice or true false) tests since junior high; so when an essay test is given the student groans and says he doesn't like it. Students probably don't give their studies much thought since they know they can pass the objective tests without really studying and learning. In an essay test, they fall the first one, but if they apply themselves, the rest of the grades will be passing.

Essay tests are educational. They get the students into comparing and contrasting, discussing ideas, and summarizing concepts. To do all this, they need knowledge of facts and details for illustration. Essay tests can be unfair, though. A student who cannot express himself

will have trouble in it. Teachers who do not much time to grade paper will not grade properly, thus cheating student on his grade.

## THE DAY OF BEGINNING...

Graduation is one of the most important milestones along the highway of life. It is a significant accomplishment. Yet, while it marks the achievement of a successful program of training and education, it is not an ending, but in a real sense it is a beginning.

The future belongs rightfully to those who have prepared for it, who will now move upward, striding confidently toward a new plateau-- to higher education, and along the routes designated commerce, industry, public service, and medicine, to name but a few.

Graduation has opened the book of life to a fresh new page, to the beginning of a new chapter; and each member of the Class of 1969 through individual effort shall determine what will be recorded thereon.

Salutations and best wishes on this momentous occasion!

### Kathy Leen Pearl Bride Of Joe Keith Duncan In Baptist Church Ceremony Mon. Evening

Miss Kathy Leen Pearl, daughter of Mr. and Mrs. Leroy Pearl, became the bride of Joe Keith Duncan, son of Mr. and Mrs. Elvin Duncan of Bald Knob, Ark., in a ceremony Monday evening at the First Baptist Church. Rev. Jim Hancock, pastor, officiated.

Attending her sister as matron of honor was Miss Patsy Pearl, Ricky Duncan, brother of the bridegroom, served as best man.

The bride wore a floor length gown of white satin under white lace. Her veil of silk illusion was caught with white organdy roses and seed pearls. She carried a white prayer book topped with a white orchid.

# BULL'S EYE

"Bull's-eye!" The arrow flew straight to the heart of the target.

And so, straight to the heart of the matter fly the minds of young people today. In this age of advanced technology and far-flung communication, youngsters are better informed, geographically, politically, scientifically and economically than at any other time. No vague generalities, no sugar-coated probabilities will satisfy them. They want the facts and straight-to-the-point answers.

That's why your church recognizes the importance of having talented and devoted leaders and teachers for its youth programs.

Graduation time salutes these people who give so much of their time and training to the Christian development of our children. Their dedication and devotion reflect their love of God in their ministry to the men and women of tomorrow.

You've heard that axiom: two heads are better than one. Well, it's true about eyes, too. Especially when applied to the sport of shotgun shooting.

Aiming and firing a shotgun with both eyes open is one of the most basic fundamentals and important principles that novice shooters should try to follow from the very beginning.

One eye gives a picture only in one perspective. Our two eyes act as windows for the brain, and since these eyes are located some distance apart, each one sees objects from a slightly different angle because of their different viewpoints.

Nature has taken care of this situation by giving one eye mastery over the other, or what is commonly called the "master eye." This controlling eye pulls its partner into focus, transmitting a single image to the brain when both eyes are open.

In most cases, the master eye follows the master hand (e.g., a righthanded person has a right master eye.) But there are exceptions and thus it is of prime importance to the beginner in shooting to find out which eye is the master one.

A simple test is to close one eye; the one left open is the master. Some people can close either eye, but few can close the master eye and leave the dependent one open.

An alternate and more foolproof method is for the shooter, if he is righthanded, to close the left eye, raise the gun to the right shoulder and take aim at some object 15 or 20 feet away, sighting along the top of the barrel with the right eye. When the aim is established, the left also should be opened.

If the air remains clear and the appearance of the mark is unchanged, then the right eye is the master eye and the shooter should do his shooting from his right shoulder.

If, on the other hand, when the gun is at the right shoulder and sighted with the right eye, the appearance of the picture changes with the opening of the left eye in such a way that the left side of the gun is seen and the mark appears to be to the left of the muzzle, then the left eye is the master.

KEEP

MOVING

You've already scored big and it's an open field.

MEINECKE INSURANCE

Even if you're shooting from the wrong shoulder, don't be afraid to change. Probably you'll see almost immediate improvement. Same thing also applies to shooting a rifle or a bow-and-arrow.

Some right-handed people must, by necessity, shoot southpaw since their master eyes are the left.

homer by Doak Field. Jesse Castro had three hits for the Oilers to pace the team. Mike Mosley took the loss for the Ranchers.

Monday night Moore Oil handed the Ozona Oilers their second defeat of the season by a count of 6-4. Hector DeHoyos was the winning pitcher with R. Cervantez taking the loss. DeHoyos also led Moore Oil's attack with 3 hits, followed by R. Perry with 2. Doak Field had 2 hits to lead the hitting for Ozona Oil.

Flying W tied Moore Oil for second place in the final game by defeating the Grocers 8-7 in a squeaker. Mike Mosley was the winning pitcher while Dan Crowder took the loss. Gene Castro led both team at bat with 2 hits for Flying W.

Tonight the Grocers will go up against the league leading Ozona Oilers and the tie will be broken for second place by Moore Oil and Flying W.

New Travel Guide Book Lists Ozona

Ozona has won recognition in the newest edition of the country's best selling national tourist guidebook, the 1969 Mobil Travel Guide.

Out of all the cities and towns in the U. S., only 4,208 were considered to have enough tourist appeal for inclusion in the guides. Ozona is one of them.

In addition to giving information on where to go, the books lists over 23,000 places to eat and sleep with each one rated on a one to five star basis. One star indicates "good, better than average." Five means "one of the best in the country." Only 35 establishments have five star status in the new edition.

All ratings are reevaluated each year. Listings and ratings are based on reports from a corps of trained inspectors, local and regional consultants and an analysis of the over 100,000 pieces of

reader mail received by the editors.

The guide is available at all Mobil stations. It is published in seven 300-page regional editions which contain road atlases, city maps, auto tours and a wealth of other travel information.

### Brush Control Contributions In Crockett Co. Lag

Crockett county brush control has contributed \$903.00 to the County Brush Control Fund which is on display at the Ozona National Fair.

Harrell, Crockett county brush control chairman, advised that the fund campaign has been successful through the month of May. Purpose of the fund is to provide funds for brush control research on control of noxious brush and management practices.

Brush collected for this fund will be turned over to the Texas Brush Control Association Improvement Association, composed of a group of ranchmen representing all areas of the state. The president of the state association is also chairman of the fund raising for the West Texas area.

Harrell advises that brush control is an important factor in contributing to the state's economy. He should leave his contribution with Lowell Little at the bank. The state association has advised that contributions should be on the basis of one acre.

County agent Pete Jacoby is assisting with the program. He advises that 65 county ranchmen have contributed over \$5500.00 to the program of brush control research on brush and range improvement.
