A RIVER RUNS THRU OZONA -- when it rains as much and as long as it has the last three or four weeks. This is channel-improved Johnson Draw south from the Highway 290 bridge as it looked two days after torrential rains to the north of Ozona on the Johnson Draw watershed filled a number of the flood control dams. The result is an orderly discharge of flood waters from retardation dams into the channel, the flow covering several days time, depending on how much and how many dams are filled.

Crockett 4-H Heavy Record Book Winners

Twenty-one Crockett County 4-H Club Members won fourteen first place awards, eight second places and a third place award in district 4-H record book judging at Fort Stockton last week.

Four senior 4-H members had first place records that qualified for the State 4-H Record Book Judging at Texas A&M in September. Those qualifying were Mary Francis Martinez in Santa Fe Award, Melissa Zapata in Home Management, Elizabeth Zapata in Health and Elaine Zapata in Safety. Mary Francis was also named winner of the J. T. Rutherford Achievement Award. Seniors placing second at district were Alton Everett in Agriculture and the J. T. Rutherford Award, and Cyndie Whitehead in Clothing and Kay McMullan in the Horse Program.

Junior 4-H members winning first place blue ribbons at District were Regina Everett in Achievement, R. J. Everett, III, in Sheep, Paul Zapata in Safety, Monica Delgado in Home Economics, Kay Fuan- toz in Health, Peter Zapata in Bicycle and Carmen Delgado in Home Management. Second place red ribbon winners were Wanda Wilson in Clothing, Teresa Ann Wilson in Foods and Nutrition, Mabel Delgado in Home Improvement and Rebecca Everett in Bread. Elsa Delgado won a third place white ribbon in Food Preservation.

Ranchers Urged To Keep Watch For Screwworms

Crockett County livestock producers are urged to be on the alert for screwworm cases in livestock and to obtain and mail samples of any suspected cases to Mission. This request comes from county agent Pete Jacoby, who has received reports of confirmed cases in nearby counties along with reports of heavy buildup of cases south of the border in Old Mexico.

Ranchmen are urged to use every precaution to prevent screwworm cases. Detection of first generation cases is very important to prevent an outbreak in the county. Conditions are ideal for screwworm cases with the wet weather and fall shearing starting.

Crockett county has not had a case of confirmed screwworms for nearly two years, according to Jacoby.

Coaches Pleased As Lions Show Pop In Workouts

A total of 63 players showed up for physicals and began 2 a day football workouts Monday. Coach John Richey, who is filling in for Coach Rip Sewell until he recovers from surgery, said the boys were looking very good at mid-week and that 30 boys had been placed on the varsity.

Coach Richey said he felt that this year's Lions were going to surprise many fans. Lack of experience and the loss of 17 lettermen had coaches concerned, but Richey said all the coaches were well-pleased at the progress being made so far. Workouts begin at 7:30 a. m. and end at 9:30, the boys are on the field again at 4:30 and quit for the night at around 7 o'clock.

B team coach Bob Hinds gained an assistant this week, Eugene Hood, a new faculty member from Fort Worth.

Mrs. Wayne West, Ozona Pioneer, Died Tuesday

Funeral services for Mrs. Wayne W. West, 73, were held Wednesday afternoon at 4 o'clock from the First Baptist Church with burial in Cedar Hill Cemetery under the direction of Jones Funeral Home.

Mrs. West died at her home here around midnight Monday after a lengthy illness.

She was born Mary Frances North in Sonora June 30, 1898. She moved to Ozona with her family as a young lady. She was married December 25, 1919 to Wayne W. West in Ozona.

Ranchers Count Blessings As Record August Rains Halt

Rains continued to drench Crockett County along with the rest of Southwest Texas over the past week, sending draws and streams rushing out of banks and closing some roads in the county for periods of time.

Since the rainy period began the last part of July, the official gauge at the Water District Office has recorded a total of 14.10 inches of rainfall, bringing the yearly total to 21.52 inches.

Ironically, last week when flood warnings were issued for the county and a tornado was reported north of Ozona, only a brief shower fell in the city proper. A thunderstorm the night before left 2.86 inches in the official gauge with up to five inches reported on the west hill and in other sections of the county.

Rains were heaviest east of Ozona with unofficial reports of up to 20 inches for the period beginning the last of July. The dry western edge of the county received up to two inches of rainfall during a steady downpour Saturday night and Sunday.

Ozona rainfall for Saturday night and Sunday amounted to 3.45 inches. Flooding was reported in the northwest section of the county and water was over the road several times on Hwy. 163. The Pandale Road was also impassable a number of times during the week.

Although the sun was out Monday, water stood in pastures, ditches, and low places and some Ozonans passed the time fishing in Gurley Draw south of town, with some measure of success.

Through the weekend the August rainfall was 9.90 inches in the official gauge and much more in the north and east sections of the county. Throughout the county the rangelands were thoroughly saturated and even ranchmen were glad to see the sun shine Monday morning.

Faculty Complete For School Opening Aug. 23

Supt. L. B. T. Sikes announced the complete faculty for the fall term of all the Ozona Schools this week. High school and junior high school students will complete registration for school today.

Classes will begin at all schools Monday. Classes at high school and junior high school start at 8:00 a. m. with Ozona Intermediate school starting at 8:15 a. m. and Ozona Primary school will begin classes at 8:15 p. m.

Intermediate and Primary school students will register Monday as classes begin.

New teachers in Ozona High School this year will be Miss Donna Woolaver, a graduate of Texas Tech, of Albany, teaching Home Economics; Miss Susan Webb, graduate of John Tarlton U., of Stephenville, teaching Girl's P. E. and coaching girls' sports; Drexell Vincent, a graduate of Angelo State University, of San Angelo, English; Eugene F. Hood, graduate of Arlington State, of Fort Worth, teaching math

and history.

New to junior high will be Mrs. Lynda Falkner, graduate of Baylor, of Ozona, who will teach junior high home economics and be a library aide.

There will be two newcomers on the Ozona Intermediate School faculty, Miss Janis E. Kimble, graduate of John Tarlton, of Midland, teaching elementary and junior high Spanish; and Thomas L. Wilson, graduate of Angelo State, of San Angelo, teaching sixth grade.

HIGH SCHOOL CHEERLEADERS, 1971 VERSION -- at cheerleading school last week in Dallas at SMU. The photo home Friday. Pictured left to right are Jan Peltto, daughter of Mrs. Marjo Peltto; Suzie Morris, junior daughter of Mr. and Mrs. A. B. Morris; Stacy Dockery, daughter of Mr. and Mrs. James Dockery; Gayla Cutright, sophomore, daughter of Mr. and Mrs. J. B. Cutright; Jan North, senior, daughter of Mr. and Mrs. Pete North; Darolyn Wilson, junior, daughter of Mr. and Mrs. Chester Wilson; and Mary Jo Hyde, senior, daughter of Mr. and Mrs. Jack Hyde.

Board Considers Applications For Job As Director

The Crockett County Auditorium-Coliseum Board met Thursday night to review applications for the post of director of the Youth Center and manager of the building. The vacancy came up when Richard Armistead, who has been director since the center opened, resigned to take a position with the Lamesa school system.

The board surprised Armistead with a "going away" party and presented him with an engraved pocket knife.

BROTHER, IT'S WET when toadstools pop up in the pavement. The picture looks straight down on a cluster of toadstools that jumped out of the pavement on the drive approaching the home of Mr. and Mrs. Tom Mitchell on Ozona's west hill. The big toadstool to the left is fully five inches across. Note the little round one left and the crumpled specimen at right.

THEY'RE CATCHING FISH in Gurley Draw as clear water flows down the draw crossing the south-east section of Ozona. The draw has been running for more than a week from heavy rains which filled the lake behind the flood control dam on the W. E. Friend ranch. And those youngsters are catching small perch and big minnows in nets. Note the boy at right with his homemade dip net. Where the fish came from is anybody's guess.

18-20 Year Olds Applications For May Vote 30 Days Free Lunches Out After Registering

All persons between the ages of 17 and 20 years of age who will be at least 18 years of age prior to March 1, 1972 may register to vote anytime prior to the end of the voting year, according to a directive received by all tax-assessor-collectors in the State of Texas from Martin Dies, Jr., Secretary of State.

The directive received by the local office reads: "The Twenty-Sixth Amendment of the Constitution was ratified on June 30, 1971. This office has been studying the impact of that amendment upon present Texas election laws. We initially instructed the registrars to allow late registration for those persons turning 18 after the close of the registration period.

"We have observed that this interpretation denies those persons 18, 19, and 20 years of age who failed to register during the regular registration period the privilege of voting in state elections. This restriction of this class of voters appears to be inconsistent with the intent of the Election Code.

The directive goes on to declare that all persons 18 to 20 years of age reached voting age on July 1, 1971 and that late applications must be accepted by persons of that age group and be effective 30 days after the application is filed.

Although the interpretation of the statute seems a bit blurred, the local office will accept late applications from persons in this age group as directed. Persons past the age of 20, who neglected to register after the close of registration will not be eligible to vote in the current voting year.

Applications for free and/or reduced price lunches have been mailed to parents of Crockett County School children.

Those persons who do not receive applications by mail and new families with children, should contact the principal of the school their children will attend for application forms.

Applications should be returned promptly to school principals.

The Old Timer

"It's easy to have a balanced personality. Just forget your troubles as easily as you do your blessings."

WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

Winding up seven weeks of the 92nd Congress, the Session shut down until after Labor Day. During this period the House has done very well on its annual work schedule, while the Senate has moved at a snail's pace. It killed several months arguing about the SST, the extension of the draft, and the war in Vietnam.

A depression-type \$1 billion WPA bill was finally approved last week, designed to place 150,000 more people on the federal payroll. This is a down payment on what is expected to become a multi-billion dollar program. While any unemployment is deplorable, at a time when 94% of our work force is gainfully employed, there is little justification for more government workers.

A more desirable alternative would be to pursue policies which would encourage business to expand and employ more people. Tax incentives would help, and it is reported the present federal minimum wage is preventing business from hiring many thousands of fringe workers whose production capacity is limited.

Excessive spending is recognized as a prime cause of inflation. The combined two-year deficit, covering the last and current fiscal years, will exceed \$44-billion -- by far the largest in history except during World War II.

This record of excessive spending, plus vast wage increases -- without commensurate increase in production -- spells inflation. The 40% wage increase in the sprawling steel industry was followed, for example, within 24 hours by an 8% jump in the price of steel products. Many other examples could be cited.

The only way to economize is to economize. The \$1-billion WPA program, just voted, will be added to the public debt. That moves us ever closer to catastrophe unless there is a change in the direction we are going.

Teachers Attend 2-Day Workshop For Drug Study

Ozona teachers, returning to the classrooms Monday for a week's "on the job" training before the beginning of school next Monday attended a narcotics and dangerous drug workshop Monday and Tuesday from 10 a. m. until 12 noon and from 1 p. m. until 3 each day.

The instructor was Carl C. Williams, training consultant for the Commission on Law Enforcement Officer Standards and Education, who conducted the workshop on The History of Drugs and the Law. His topics included, delirants, stimulants, depressants, hallucinogens, marijuana, and opiates.

JANES RESIGNS AS CHAIRMAN OF DISASTER COMMITTEE
Lawrence Janes resigned this week as general chairman for the Ozona Disaster Relief Committee. He gave his resignation to County Judge Troy Williams early Monday.

Janes, who was instrumental in interesting Ozonans in the program, said he would be glad to help in any other capacity, but felt he could no longer act as overall chairman.

THE NEWS REEL

A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

Thursday, August 20, 1942
Real life-saver rains, the million-dollar kind, fell over a wide section of Crockett county this week with some sections reporting up to five inches.

29 years ago
The Democratic run-off primary will be held next Saturday. The sheriff's race in this county which pits R. E. McWilliams against Frank James will highlight the election here.

29 years ago
Eleven-cent lambs and thirteen-cent calves gave a bright outlook to the livestock industry in these parts this week.

29 years ago
Not only will Crockett County taxpayers face stiff raises in federal taxes this year, but they also will find an additional 18 cents on the \$100 valuation tacked onto the ad valorem tax rate for county, state and school.

29 years ago
With the exception of the vacancy in the manual training department, the faculty is complete and ready for the opening of schools Monday, August 31, Supt. C. S. Denham has announced.

29 years ago
O. C. Fisher, San Angelo attorney and Democratic nominee for Congressman from the San Angelo district, will deliver a Masonic address in Ozona the evening of Sept. 7.

29 years ago
Coach W. E. McCook will have the job of piecing together what is left of the 1941 district and bi-district champion Ozona High School Lions with what material is available. Practice starts Monday morning.

29 years ago
The Las Amigas Dinner Club met with Mr. and Mrs. Ele Hagelstein Monday night. Mr. and Mrs. Bill Baggett won high, and Mr. and Mrs. Arthur Kyle, bingo.

29 years ago
Mr. and Mrs. Jack Baggett have returned from a vacation trip to Colorado.

29 years ago
Twelve hundred free text books, supplied by the state, were received this week by the Ozona school system.

Sgt. David Cooke To Duty at Webb

Big Spring, Tex. -- U. S. Air Force Sergeant David G. Cooke, son of Mr. and Mrs. Cleophas R. Cooke of Ozona, Tex., has arrived for duty at Webb AFB, Tex.

Sergeant Cooke, an air traffic controller, is assigned to a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF. He previously served at U-Tapao Airfield, Thailand.

The sergeant is a 1967 graduate of Ozona High School. His wife, Sheril, is the daughter of Mr. and Mrs. M. J. Fox of Walnut Springs, Tex.

Mr. and Mrs. Ray Boyd returned to their home here over the weekend, after taking their final week of summer vacation.

Tips For Gardeners

From The
Ozona Garden Club
By
Mrs. Bailey Post

After another series of good showers, I feel sure most everyone is trying to cope with the problem of getting rid of fast growing weeds in yards, vacant lots and alleys. Destroying weeds immediately will help control an upsurge of mosquitos. Also, all containers or cans around the place should be emptied to prevent stagnant water. Please help in this effort.

Summer-prune when necessary if your trees have produced excessively heavy summer growth. Thin out unnecessary branches and foliage. If your fruit trees have developed a thick center of leafy branches, prune to thin and open up for more room and sunlight. Coat cut places with pruning wound paint.

Shrubs and evergreen vines trained in topiary or espalier patterns should be pruned at any time of the year. New growth is notches and does not conform to the planned design. When your hydrangeas have finished blooming, cut away all faded flowers just above the first strong new bud that did not bloom this year. Also keep faded branches clipped from althea, mallow hibiscus, buddleia, vitex and crepe myrtle.

Annuals, as well as perennials benefit from pruning. To remove all faded blooms. Sometimes these will flower again in early autumn (petunias, snapdragons, marigolds).

Since the rains, bluebonnets are coming up thick all over the hillside and where planted in flower beds, it isn't too late to plant seed now if you intend to do so.

Roses given a light pruning in August will produce beautiful fall roses.

As Kitty says, it's almost time to begin club meetings. The Ozona Garden Club will have its first meeting Sept. 13. Anyone having a garden problem or question, we will be glad to help solve it or find someone who can.

We have a few vacancies for active members. If anyone is interested in garden club activities and would like to have information on duties and responsibilities, call the new president, Mrs. O. D. West, or membership chairman Mrs. Joe Boy Chapman, or me.

Some of the programs and activities of the club are: civic beautification, anti-litter, conservation, flower show, landscape design, table setting, tasting supper in October, Christmas lighting and guest speakers on birds, plus a flower arranging workshop.

HELP WANTED -- Want director for Crockett County Auditorium-Coliseum. To operate youth center and adult book-ings, cleaning and light maintenance work. Send complete resume to Garland Young, Box 805, Ozona, Texas, before August 11. 21-tfc

PUMPVILLE HOBBY CLUB OPENS CLUB YEAR

Mrs. Newman Billings was hostess and Mrs. H. E. Cain, cohostess, when the Pumpville Hobby Club met for its August meeting.

Various projects were discussed by members. Work on the quilt was continued and plans for the annual Christmas party were made for Dec. 17.

Lunch was served at noon with Mrs. Jess Cox giving the invocation. The menu consisted of ham, fried chicken, enchilada pie, string beans, hot rolls, corn okra fritters, banana pudding, cobbler, cake, tea and coffee.

Mrs. Ed Lillie Jr. and Mrs. R. A. Rowland won the door prizes.

Secret sister gifts were exchanged and new names will be drawn in September.

Mrs. Newman Billings presided at the business meeting in the absence of the president, Mrs. W. M. McBee, who is ill.

Others present were Mrs. B. C. Babb, Nancy Roland, Mrs. Guy Skiles, Mrs. Andy White, Mrs. John C. Ketzler and children, Jess Cox, Mrs. Jack Skiles, Newman Billings, Andy White, Andra Lou Smith, Debbie Clark, Henry Davee, Norman Smith, Ed Lillie, III, and Jimmy Clark.

After the meeting, a social hour was held.
Mrs. Andy White, Reporter

SURPRISE... OF A LIFETIME

As old as childhood itself is the game of surprise.
"Close your eyes, Mommy!" And Jimmy places his precious gift on the table.
"Now, open your eyes, Mommy!" And Jimmy watches rapturously for the flash of surprise on Mother's face.
But surprise isn't always a game. Parents whose eyes were closed to their own and their children's deepest needs have often beheld the shambles which religious indifference can make of promising youth.
The essential duty of parents is to provide thorough religious instruction for their children... and its natural ally, parental example.
The Church is enriching the spiritual life of millions of families. But your Jimmy's opportunity for religious training and a Christian home depends on how much you SEE of his soul's need... and yours.

Kitty's Korner -

(Continued from Page One)

most amusing, since they almost all fall into the same mold.

In my day, a non-conformist was one who did not conform to the norm. Today kids all dress alike, darned near look alike (both boys and girls), wear their hair the same, say the same things and even think alike. They had rather die than be different. I would think it all very boring, and I am sure creativity in the younger generation is being stifled by so much conformity.

Poor kids--rebels maybe, but non-conformists--never!

I believe it's time for me to pull up stakes and move to drier ground. When kids go swimming in the road from the highway to the park, and actually catch fish in the draw, it's just getting too swampy around these parts for yours truly.

The rains were really great and were worth a fortune to dry West Texas, but I'll frankly admit that I was glad to see the sunshine Monday, and I'll just bet I wasn't the only one. It was almost too much of a good thing.

"To be loved, one must be lovable." -----anon.

to Jacoby. However, he says, "conditions were never better for an outbreak than at the present time." Sample bottles for sending in worm samples may be obtained at both wool warehouses and at the county agent's office.

Handy all through the house! Stor-All Boxes at the Ozona Stockman.

Crockett Field Gets Producer; Two Locations

A Crockett County project was making oil on production tests in an unidentified zone. One field gained an extender and another locations for two confiners.

Texas Oil & Gas Corp., Midland, No. 1 Noelke, in 31-GG-HE&WT, 5/8 mile northwest of Cisco lime gas, one mile south of Wolfcamp gas and 2-5/8 miles west and slightly south of the Wolfcamp oil opener and lone producer from that pay in the Clara C Couch field, 15 miles southeast of Iraan, swabbed 10 barrels of new oil, along with 37 barrels of load water, in an unreported time from an unidentified zone, probably Cisco.

Recovery was through perforations at 5,936-992 feet, which had been acidized with 2,500 gallons. Prior to being acidized, it swabbed 28 barrels of load water and eight barrels of new oil in six hours. Testing continued.

Drilled to 6,038 feet, 4 1/2-inch casing was set at that depth. Recovery was 650 feet of free oil, 810 feet of heavily gas-cut oil and 170 feet of salty sulfur water on a two-hour drillstem test at 5,340-6,000 feet, which surfaced gas in five minutes at 100,000 cubic feet daily and decreasing to 50,000 cubic feet daily.

Flowing pressure was 412-603 pounds; one-hour initial shut-in pressure was 1,089 pounds; 90-minute final shut-in pressure was 630 pounds. There is no Pennsylvania oil in the vicinity.

Lower Canyon production was extended 5/8 mile northeast in the DePaul multipay field with completion of Texaco Inc., Midland, No. 6 Helen Henderson Wilkins, nine miles southeast of Ozona, for a calculated, absolute open flow of 840,000 cubic feet of gas per day.

Production was through perforations at 8,002-940 feet, which had been acidized with 40,000 gallons and 167,000 pounds of sand. Drilled to 8,250 feet operator set 3 1/2-inch casing at 8,248 feet and plugged back to 8,217 feet.

Location is 1,100 feet from the north and 1,500 feet from the east lines of 19-KL-TGRR. The field also has two straw wells.

Chesapeake Bay Gas Co., Ltd., will drill two stepouts to the four-well Grayburg conglomerate gas area of the Howard Draw multipay field of Crockett County, 18 miles west and slightly north of Ozona.

Both projects, in 19-WX-GC&SF, will be drilled to 1,150 feet.

The No. 2-A Todd Estate, 1,650 feet southeast is 507 feet from the south and 2,390 feet from the east lines. It is approximately 250 feet north-east of the No. 2 Todd, which will be plugged when the No. 2-A reaches total depth.

The No. 3 Todd, 1,650 feet northeast, is 1,935 feet from the north and 2,390 feet from the east lines.

The field has four oil producers, producing at 1,266 feet.

Coach Rip Sewell continues to improve following surgery Friday at M. D. Anderson Hospital in Houston. He expects to return to his home here in about a week.

DUPLICATE BRIDGE WINNERS In Duplicate Bridge Club play Saturday afternoon at the Country Club Mrs. Jack Wilkins and Evert White won first, and Mrs. Sherman Taylor and Mrs. Jake Short, second.

"Good judgment comes from experience and experience comes from poor judgment."

Crockett Fields Have Yielded Over 205 Million Barrels Oil

Dallas -- Production of Texas crude oil last year again hit an all-time high while additions to reserves continued to lag, according to the latest compilation of the Texas Mid-Continent Oil & Gas Association.

The state's oil fields produced 1.2 billion barrels of crude bringing the total for the past 81 years of recorded production to 34.1 billion barrels.

"Economic benefits from the production were felt throughout Texas," says Kenneth E. Montague, Association president, "as 205 of the state's 254 counties had producing oil wells. It is unfortunate that more oil was produced than was found in Texas -- pulling our reserves down for the third straight year."

Crockett County, which has recorded production since 1925, had a total crude oil output of 205,290,294 barrels up to the beginning of 1971. Crockett County production in 1970 was 8,328,967 barrels at the rate of 22,819 barrels daily.

Fifteen counties produced more than 25 million barrels with Andrews topping the list with 71,684,656 barrels followed by Ector with 68,562,247 and Scurry with 58,085,376.

Gregg remained the all-time champion with a cumulative production of 2.2 billion barrels. Ector is second with 1.7 billion barrels.
