planned to mention football game the Lions to Junction last Friday, but I won't. I've heard much about it this week I feel the subject is exhausted.

However, I am a Lion fan win or lose, I am with you all the way. I sat through a winless season this same group when we were freshmen and sophomores and I don't figure I will do any worse this year. In fact, I predict they will get better every game they play. Their desire to win will soon overcome their inexperience.

Come on fans, let's get behind the Lions and stay behind them. You'll feel more a part of the team when they win district titles. If you lend them support this year.

Victory has many fathers, but defeat is an orphan. Can't remember who it is, but how true it is.

I have committed myself to help promote a drive for a new nose. The cheerleaders need them for a special project. So gather up the nose you ordinarily throw away and bring it by. I'll dig up a box station it near the door and all deposits.

It doesn't matter about color or the condition. I feel sure they will prefer clean ones.

Crockett County Red Cross has reported that only \$60 has been collected here for the victims of the recent flood here in the middle '50s. Do get by bank or the Water District office and give what you are able before it's your mind.

It is noted that university students plan to take a hardline with campus protests this year. It's about time while we still have anything left of institutions of higher learning. A continuation of last year's protests would have put us on the road back to the '60s. We would surely see the day when all graduates would have majors in black studies, guerrilla warfare. The who said, "Kids running wild is like lunatics running asylums," couldn't have it more aptly.

This week is "Local History Appreciation Week" in Crockett County. We will start a collection of old newspapers to commemorate the week. All papers in the collections over 50 years old and older. Stockman was still the Kicker. They were collected by Mrs. Ira Carson and the late Mrs. West. I think you will find it fun to read.

Let the week get by and visit to the museum. It's the most interesting place in town as far as local history is concerned. You will be amazed at the large number of items it has.

Some weeks I can't spell and this is one of them.

Mr. and Mrs. Quebe Alford moved to Odessa Tuesday. Mr. Alford has been transferred by his company.

FOR SALE — 28,000 BTU operated air-conditioner. 25-1tc

LEADING THE 1969-70 OHS BAND will be these lovely lassies. In front are Marla Barbee, senior, and Jan North, freshman, left. Back row, l. to r., are Charlene Strickland, head twirler and a junior; Sherry Saunders, majorette and a senior; and Elizabeth Jones, twirler.

Rotarians Seek Men's Clothing For Rummage

Members of the Ozona Rotary Club, whose treasury is depleted, are disappointed at the response so far to their announced plan for a rummage sale of men's and boys' clothing.

The sale is slated for next Saturday in the Tom Harris building, next door to the RMA and Lott's Book Shop and to date only a few items have been contributed. A telephone campaign to solicit donations of used clothing is being contemplated for the week-end.

The Rotary Club needs additional funds to provide eyeglasses for needy children here. A survey among teachers revealed to club investigators that there are numbers of children who need eye care to improve their chances of learning in school and this project has been adopted by the Club for accomplishment this school year. Since considerable funds will be needed, the Rotarians launched the rummage sale idea as the first step toward accumulating funds for the project.

Persons who have used clothing to donate may take it to the Harris building or to the Chamber of Commerce, and if you wish someone to pick it up, you may call Hubert Baker at the Chamber of Commerce, T. J. Bailey, Frank James, Al Fields or any other member of the Rotary Club.

RIPPETOE SPEAKS TO ROTARIANS

Dean Ripetoe, former Ozonan, spoke to members of the Rotary Club at their regular weekly luncheon at noon Tuesday.

Ripetoe is with Shell Oil Co. in Midland. He was the first Superintendent at the Shell Gas Processing Plant north of Ozona. He was succeeded by Chester Wilson, present superintendent.

New Accounting System Approved For Co. Hospital

The Crockett County Commissioners Court met last week in regular monthly session and attended to routine county business.

Mrs. Randel Coker, hospital administrator, went over the new accounting system adopted recently by the hospital. The new system was required in order that the hospital could accommodate Medicare patients. The court approved the purchase of a new sterilizer for the hospital.

It was agreed to tear down some old pens and clean up property owned by the county near the dump grounds. The court discussed the progress in the paving program which is now underway at the cemetery and in Chandlerdale Addition.

A bond was approved for the new deputy sheriff, Robert Caldwell, who recently moved here from Eagle Pass. Bids were opened for a new county truck Rutherford Motor Co. was low bidder.

The court voted to join the Texas Association of Counties, a group made up of Texas counties for the purpose of studying legislation pertaining to county government.

The budget hearing was held at 2 p. m. as advertised with nobody present.

Junction Game Film Shown At Qb, Club Meeting

A film of the Junction game was shown Monday night when the Quarterback club met in the high school auditorium for the first meeting of the year.

Around 25 parents and fans were on hand to see the film and meet assistant coaches John Richey, Jim Williams and Bob Hinds, who were introduced by head football coach Rip Sewell.

Crockett Gains Oil Discovery; Outpost Spotted

Crockett County gained a discovery and location for a confirmer during the week.

M. R. MacCurdy, Midland, completed as a Soma discovery his No. 1 Hoover, scheduled 3/4-mile south and very slightly east outpost to the Shannon (San Andres) field of Crockett County, 14 miles east-southeast of Iraan.

It was finalized to pump 22 barrels of 28 gravity oil, plus two barrels of water, through perforations at 1,248-262 feet, which had been fractured with 10,000 gallons and 15,000 pounds of sand. Top of pay was picked at 1,248 feet on ground elevation of 2,400 feet.

A failure in the San Andres, it was drilled to 2,152 feet, where 4 1/2-inch casing was set, and plugged back to 1,280 feet.

The following tops were picked: Yates, 1,090 feet; Soma, 1,245 feet; Grayburg, 1,923 feet and San Andres, 2,020 feet.

Location is 1,930 feet from the south and 2,080 feet from the east lines of 15-1-GC&SF.

Southland Royalty Co., Ft. Worth, and drill the No. 1 Shannon Estate as a 1/2-mile northeast outpost to its No. 2-A-50 Todd, opener and lone producer in the Todd, West (San Andres) field of Crockett County, 25 miles northwest of Ozona.

Location, on a 220-acre lease, is 467 feet from the south and east lines of 1-BB-EL&RR. Contract depth is 2,200 feet.

The discovery was finalized July 26 1966, to pump 90.22 barrels of 29.8 gravity oil, no water, with gas-oil ratio of 427-1, through perforations at 2,112-142 feet.

Mr. and Mrs. Jack Jones of Midland are here visiting Mrs. Jones' brother and his wife, Mr. and Mrs. O. D. West.

Local History Appreciation Wk To Be Observed

"Local History Appreciation Week," sponsored annually by the Crockett County Historical Survey Committee, gets underway Monday. The committee sponsors the week for the purpose of encouraging residents to take an interest in local history.

Many items of interest will be found in the Crockett County Museum. Pictures of early day homes and various items collected over the years from pioneer families are to be found there, along with a large collection of Indian artifacts.

Visits to Ft. Lancaster are urged by the committee. The old fort is open daily until 4:00 p. m. with the exception on Thursday.

The public is invited to attend a special program Sunday afternoon, Sept. 28, in the high school auditorium at 3:00 p. m. to officially close the week. Mrs. Ira Carson will show slides and give the history of many local sites. Historical markers will be dedicated at the junior high school building, the Crockett Hotel and Howard's Well. Judge Bernice Bailey Jones will dedicate each marker at its site. Along with the dedication, Arthur Kyle, whose father was the rock mason on the school building, will give some details about the construction.

J. B. Miller, owner of the Crockett Hotel, and Mrs. Carson will add to the lore of the other two markers.

Junction Trims Lions 35-14 In Season Opener

In the first test of the season, the Junction Eagles routed the Ozona Lions 35-14 last Friday night in Junction. Tomorrow night the Lions will invade the territory of the Eldorado Eagles, another senior team with great speed and a lot of experience.

The Lions scored first at Junction when Ruben Tambunga ran a kick-off back for 80 yards and a Lion score. David Pagan added the extra point and the Lions led for the only time in the ball game by 7 points. Following the Ozona score, the Eagles took the ball and marched downfield for a touchdown. Qb. Bob Allen took the ball over from the Ozona 6-yd. line and threw to Jimmy Bangston for the extra points and an 8 to 7 lead. The Eagles scored again after a long run by George Perez put the ball on the Ozona 3-yard line. Allen carried it in for the score and Buddy Murr kicked the extra point.

There was no scoring in the second quarter and at half-time the Eagles held a 15-7 lead.

Things went from bad to worse for the Lions after the half. A fumble gave the ball to the Eagles on the kick-off and two plays later Jimmy Bankston ran over and around the Lion defense for another Eagles score. Murr kicked the extra point and put the Eagles ahead 22-7. Another fumble on the part of the Lions led to another Eagle td. It was Bankston for 63 yards and the score. The kick was no good and the Eagles had a 28-7 lead.

The Lions scored before the end of the quarter when:

DEFANGING THE PANTHERS

It's probably too much to hope that the arrest of the national chairman of the radical Black Panther party, Bobby Seale, would end the reign of terror of that group once and for all.

Philip Abbott Luce, a former leader of the so-called New Left, gives credit to Stokely Carmichael and SNCC for the birth of the Panthers. This may or may not be correct, but the place of credit is of little consequence now. They exist and they grow more dangerous with each passing day.

A former leader of the Panthers, Huey Newton, is already in a California prison for killing an Oakland policeman. We hope that Bobby Seale will join him there. They deserve one another.

Ironically, Seale's arrest was for the murder of another Panther in New Haven, Connecticut. The murdered man was a New York Panther. He was found mutilated and buried in a small stream near New Haven. Seale was tried in a Panther kangaroo court on charges of difficulty to the party. This should be evidence to everyone as to just how serious this pack of animals can be. They operate on the theory that fear is a weapon for use against black and white. They terrify ghetto-dwellers into submission in much the same manner as the Mafia. They pretend to be concerned for the plight of the Negro, but they plunder without regard for race, creed or color.

It is time for an all-out drive against the Black Panthers. We agree with those who say that people ought to be made to pay each other back in kind. A new Bill of Rights is needed. Organized crime and murder must be stopped before it stops us. The fact that hate groups are organized groups, the way the Mafia is organized, makes them all the more dangerous.

It is time that someone did some fact-finding and that the courts will be used to bring down the likes of the Black Panthers and the Nazis, if necessary.

HIT THEM WHERE IT HURTS

One of the sidelights of the campus coddling of disruptive demonstrators in recent years is the drop in donations to colleges and universities. The normal level of contributions from graduates to their alma maters has declined in many instances, and the reason frequently cited has been the failure of school administrators to punish those who use destruction and obstructions as a means of registering their grievances.

No matter what the cause, graduates are not going to give their dollars to a college only to see a mob of radicals tear down its facilities, go seat-free and be readmitted for a repeat performance. We cannot fault this logic. We are, of course, not discussing legitimate protest by law-abiding students. We limit these observations to the wrecking crews and sit-in types who disrupt the studies of other students.

The Young Americans for Freedom (YAF), a conservative group, recently held its national convention in St. Louis. One of the programs proposed by the group was a legal action plan to be taken against radical student groups and the college and university administrations that take no steps to halt disruptive actions.

Maurice R. Frank of New Orleans, legal adviser to the Louisiana YAF delegation, stated that college catalogs have been held by the courts to be binding contracts between the school and its students and, as such, would justify suit against the school by students whose class meetings are interrupted by campus disorder.

We favor the use of legal action to stop the wreckers and their professors. Perhaps the administrations will begin to understand that there are rights for law-abiding students — not only the right to the education they are paying for.

YAF — Your first local chapter is invited to meet at 8:00 p.m. on Sept. 24 at the Ozona High School, 2475 W. Hwy. 1, Ozona, Texas. 26-41p

CONSUMERS RIGHTS

How has the grape boycott on the West Coast affected the American housewife? By keeping grapes out of the grocery store it has deprived her of an opportunity to make her own choice when she goes shopping. It has also permitted a secondary boycott to sneak in the back door as a labor weapon.

Secondary boycotts are outlawed under the National Labor Relations Act, but the union which is attempting to organize the California grape pickers is pushing the boycott because farm workers are not covered by the act.

The overall danger is that if secondary boycotts can be used to force compulsory unionism among grape pickers, then this same weapon eventually could involve any farm product that reaches the American table.

Richard Ralph, board chairman of the National Association of Food Chains, said, "Recently the number of products or companies that many of us have been

asked to make economic reprisals against as third parties has reached almost epidemic proportions. And far too often the request that we participate has been accompanied by threats of violence and coercion of one form or another if we do not . . .

"We think the real question is not 'Who is right and who is wrong?' It is instead, 'Is it in the public interest to force the supermarket industry to sit in judgment on economic disputes of this kind?'"

"We have come to the conclusion that it is not in the public interest that we become judges and jury in the 'product boycott-of-the-month' club."

The American housewife, as well as the farmer will undoubtedly agree.

Washington News Letter

Congressman O. C. Fisher (Continued from Page One)

One Sure Way for a member of Congress to gain notice is to be actively identified with some issue which is not popular with special interest and pressure groups. If it strikes a nerve center, the Congressman is lucky if he escapes the wrath of the opposition.

I had an experience of that kind recently. A few years ago the House approved a proposal (of which I was co-sponsor) to make labor unions subject to the same anti-trust laws that apply to business, other groups, and to individuals. Even at the risk of being vilified by those opposed, I re-introduced the measure early this year.

Now that labor unions have grown up, no longer need to be pampered and wet-nursed by legislators, and when nearly 50-million man-days of labor are being lost from strikes each year,

more interest is being shown in my proposal. The National Federation of Independent Business, through its 267,643 members throughout the country, recently made a survey of sentiment on my bill. The results: 92 per cent favored it, 6 per cent opposed it, and 2 per cent had no firm opinion.

This announcement was followed by more than 25 feature editorials in daily papers over the country, all highly laudatory of my proposal.

That was simply too much for the opposition to stomach and, sure enough, it came the blast. One of them, a tie-up column sent out from Washington by a young reporter named Seth Kantol, blew the whistle. He became terribly upset about it. Judging by the tenor of his treatment, he proceeded to inform his readers that this man Fisher was "unrecognized," "fairly rises to say anything," and that my bill had "gone unnoticed in Congress." For good measure he tossed in a few more unrelated blabs.

This report is a strange one to read. It is a report of my Texas office. I have no "gone unnoticed in Congress." Perhaps the man should go to school.

Pontiac's 70's
Surprised that Pontiac's setting the style for the umpteenth-straight year? Of course not.
But you may be a bit dazzled to find out that Pontiac's really outdid Pontiac.
Take Bonneville. From the strong, new bumper grille to the standard 455 under the hood, it's a couser.
Inside, instant limousine. So luxurious, even if the traditional big boys are already screaming.
One of the nicest things we could have done for Grand Prix's luxury was to leave it alone. We did. But we popped in a 455 V-8 for you to order. (It's an old Pontiac proverb that luxury should have power.)
Enter LeMans Sport. A brand-new series in the Pontiac stable. Wait! Competition sees it pull the new 400-cube under-the-hood trick. We'll show you that one if you check the right box on the order form.
By now, you've spotted our '70 GTO. But maybe you haven't heard it. A sound so tough we've thrown modesty to the wind and dubbed GTO "The Humbler."
This is Pontiac '70. And we figure this is the way driving's going to be. So why wait?
It's at your Pontiac dealer's now.

RECONSTRUCTION POT — Reconstruction of one of the new pottery in the Big Bend area is one of the items on display at the museum. The pot and other artifacts are one of six displays in the museum's Indian section.

**Big Bend at Sul Ross
Thousands Visit Museum Of**

Attendance at the Museum of the Big Bend on the Sul Ross State University campus topped 3,000 during the first month of operation. The museum opened August 1 and has averaged 100 visitors daily.

One of the most popular displays in the new museum is the Indian history section. Four cases are on display in the section, devoted to Indian dress, surface artifacts and cave finds — the latter two displays representing artifacts found in the Big Bend area — and Indian basket work.

One of the more popular display cases contains a carved Indian head wearing a traditional Indian headdress. The head was carved in 1908 by Maudie Lee of Sul Ross. Other artifacts in the display include a shield made of buffalo hide which is covered with deer skin, a

metal tomahawk, arrowheads and an Apache bow and arrow.

Indian artifacts found in fields, mountains and stream beds are displayed in the surface finds case. Most of the artifacts are articles which were used by the Mesquero Apache tribe. Included are implements for grinding corn, neck ornaments, painted rocks and rock utensils.

Articles found in caves are displayed in a separate case. The artifacts include a burial sack, sandals, arrows, and beads. Mrs. Gill estimates that the articles are from a period from 1800 to 1875 in the era before the tribes were moved to reservations. Articles were found in caves near Alpine and in Presidio, Jeff Davis, and Brewster counties.

Baskets are displayed in another case in the Indian

history wall. The work of Apache craftsman, the baskets are made of Yucca fiber. Baskets in the display were recovered from cave sites. The museum was designed by Mrs. Joy Gill of Alpine.

Nominal admission charges are made for adults and children. Sul Ross students are admitted free.

The museum will open from 1 to 6 p. m. on Saturdays, from 2 to 6 p. m. on Sundays, and from 1 to 5 p. m. on Tuesdays, Wednesdays, Thursdays, and Fridays and will close on Monday.

Austin, Texas — Legislators closed out 44 days of special session conferences over taxes and finance.

Texas' \$348.6 million tax bill, which takes effect October 1, includes:

An increase from 3 to 3.25 per cent in the general sales tax rate and inclusion of beer and liquor in the tax base for the first time.

A boost in the cigarette taxes from 11 cents to 15.5 cents a pack.

Increase in corporation franchise tax from \$2.75 to \$3.25 per \$1,000.

Change in corporation franchise tax allocation formula to include out-of-state concerns which sell products in Texas (good and drugs exempt).

Raise in natural gas tax from seven to 7.5 per cent of value.

Levy of five cents a drink on alcoholic beverages sold in private clubs.

A record \$5.8 billion biennial appropriation bill — \$313.8 million above the present general revenue spending level — would provide a \$205.6 million increase for education, \$58 million more for health, hospitals and youth corrections, \$62.2 million increase for medical aid to the needy and a 10.4 per cent increase in state employees' pay.

When the major business of the session was over, legislators turned to other matters submitted by Gov. Preston Smith which included:

Creation of 28 new district courts over the state.

Establishment of an antiquities code, setting state policies for historic and scientific explorations on state-owned lands.

Removal of the statutory interest rate limits on state and local government bonds.

A variety of "clean beach" legislation.

Authority for creation of a non-profit corporation to provide deposit insurance for state banks and savings and loan associations in the \$15,000 to \$100,000 range.

LAWMAKERS RAISE \$ ALLOWANCE — Before departing for the hinterlands, legislators voted themselves increases in their contingency funds.

House raised its allowance for each representative from

\$450 to \$875 monthly during the interim between legislative sessions. Senators raised their expense maximum from \$1,000 a month to \$1,700.

Legislators in both houses are paid a salary of \$4,800 a year.

NEW TEACHER

By Karen Sewell

"It takes everybody to win a football game... band, students, and the football team," said Coach John Richey, Wednesday.

Coach Richey and his family moved to Ozona a month ago from Plains, Texas. He and his wife, Jorene, have one daughter, Johanna Jo, five years old, and a son Trey, 17 months. Coach Richey graduated in 1963 from McMurry College, where he majored in P. E. and lettered four years in football. He has coached for six years and has won one district basketball championship, one district track championship, and has assisted with four district football championships. He teaches World History and World Geography. His hobbies are art, hunting, and fishing.

EDITORIAL

By David Hoover

Well, it's rolled around again, hasn't it? It's time for one more year of school. Every year at this time we must say goodbye to the old Seniors and hello to the new Seniors.

For some of us this will be out last year in OHS, so it's really important to us, as it should be to everyone, to keep our grades up. Just think, we'll be with our favorite friends for 32 weeks. During these 32 weeks we can enjoy some teachers and suffer through class with others as we wait for the magic number of 70 to roll by and to see a new summer vacation and graduation.

But enough dreaming! We have to live day by day; and hence we must build up our morale and our school spirit and back OHS wholeheartedly all year long. So let's get serious and have a good time.

FFA NEWS

By Elizabeth Jones

The FFA Chapter starts the year off at the district meeting September 29 in San Angelo. A local meeting of the FFA will be held to elect two delegates and a district officer to attend the meeting in the next few weeks. No contests will be held until October, when the leadership and skill teams begin competing against other teams in the Concho District.

ANNUAL STAFF

By Diana Deaton

Mrs. Edgerton, the annual staff sponsor, said last Wednesday that all the school yearbooks have been sold, the first time in several years this has happened. She also announced that there will be an annual staff meeting soon to re-organize for the new year.

NEW STUDENT

By Georganne Janes

Sophomore Donna Thomas moved to Ozona from Midland where she has lived all her life. She now lives at the El Paso Gas Plant, where her father is employed. She has two sisters, Jill, seven, and Patsy, eighteen.

She likes school here, not as much as in Midland. It's smaller and I don't know anyone. (Asked if it is as hard as school in Midland, she said, it's harder, much harder.)

She loves basket ball and intends to participate in both it and volleyball, if possible. She has previously played basketball four years while in grades five through eight.

She likes Midland more than Ozona because there is more to do in Midland.

She likes to hunt and dislikes sitting at home. When asked what hobbies she had she said, Eating. All I ever do is eat.

Only 5,376 hours until school is out.

NEW STUDENT

By Georganne Janes

Larry McMillan, a junior, moved to Ozona from Miles, where he lived three years.

There are five in his family, his parents, two sisters aged twenty-five and twenty-one, and himself. His father works for the Gandy Company.

Larry likes Ozona better than Miles because, among other reasons, there are more girls (better looking, too).

Larry also likes the school, which he says is no harder but bigger and different from that of Miles. He feels that the sports program is well organized.

Larry plays on the B team in football and said he would also like to participate in basketball and track. He helps keep charts for the varsity football squad.

He is taking English III, American history, shop, vocational agriculture, geometry and typing.

Those who run around in circles are known as Big Wheels.

ABOUT FOOTBALL

By Diana Deaton

Coached Sewell, the head Lion football coach has high hopes for the football team this year. He said the boys are working hard and they really want to succeed.

He said before the game against Junction last Friday night that some of the Lions were pale or had upset stomachs. The reason for this was because the boys had so much pride and wanted to succeed too badly, but they still had hidden fears. The medicine he gave them was Smile.

Tony Wheeler, Senior co-captain of the football team, when asked what he thought about the game against Junction Friday night replied, We could have beat them if there hadn't been so many mistakes.

Tony said the Lions get better each week and he thinks we can win district this year.

Tom Davidson, Junior co-captain of the football team responded horrible when asked what he thought of

the game Friday night against Junction. He said that the Lions need to stick together.

We gained a lot of experience and a lot of practice even though we lost the game, said David Wheeler, co-captain of the football team. David thinks we have the desire and ability to win if we will just get the nervous tension.

ed to the faculty, and Miss Virginia Blount returned as... Ted Cotton this fall. Junior High has been busy with football practices and cheerleading elections. The 1969 Cubs have two teams, one made up of twenty-seven seventh graders, and another with eighteen eighth graders. They are coached by Coaches Graydon Hicks, Kirk Martin, and Charles Speiker, and their manager is Andrew English. They will play their first home game Thursday, September 18, against Sonora at five o'clock and the 8th grade at six o'clock. The Junior High cheerleaders for 1969 were elected August 18th. They are Jennie Womack, Nikki Harrison, Teresa Shaw, Jan Pelto, and Gayla Wright. New teachers at Junior High are Mrs. Sonny Henderson, teaching Home Economics, and Coach Kirk Martin, teaching shop and math.

GOSSIP

Friday night, two weeks ago Diana, Betsy, Cathy, and Elizabeth were afraid and excited about the "thing" in the sky. They called their parents and ran to Mr. Reardon to find out what it was. Betsy and Elizabeth wanted to get as close to it as possible so they jumped up and down and climbed all over the car. Betsy got closer to it than Elizabeth because she is two inches taller!

A couple of weeks ago the aquarium broke in the biology lab and Mr. Moody asked Forrest Henderson to put his hand over the leak while he went to find Mr. Kunkel. Mr. Moody couldn't find him until about 30 minutes later and went back up to the biology room and Forrest was still there holding his hand on the leak!

Is it true Curtis Weant practiced spacing all period in Typing I class?

The typing I classes seem to be making up some new words: qtl, mvot, spen, gtrar, rrvews, etc.

The reason the Lions lost the game Friday night is because the Victory Bell was broken on its way to the game. The fragments could be seen in the back of Eugene's pickup Friday night.

The senior pictures were taken Friday and the boys surely did look funny running around school with a hat and tie on with their boots and levis. But the girls looked just as funny. All dressed up and wearing fancy shoes or going barefooted.

The Speech II class should sell tickets to their pantomimes. They are really funny.

Karen Dee has got that away look in her eyes! Could it be as far as San Marcos?

Did Susan misunderstand Martin when he said she could only date?

We want to see Gregory and Will C. march in band this year!

Danny Maness and Twiggy nearly had a run-in Thursday night. Thank goodness for alert drivers.

Did Maria lose part of her car's pick-up Thursday evening? Could it have been the clutch?

The cheerleaders hope City Montgomery enjoyed taking them to the Robert game as much as they enjoyed her.

Elizabeth, Betsy, Sadie, and Diana, did you enjoy your funeral in Speech II class Monday? How does it feel to walk through a cemetery?

SHADOW

He started out the day in first period English by giving David Hoover a dead moth, and then he gave Diana Deaton a pencil lead.

Summoning all his humility, he asked Susan Owens to add up his grade on his paper because he couldn't add that high.

During the course of the class he made several unique statements such as: Somebody pat her on the head. All right rudy, chicky, baby, and Let's give her a rubber duck.

To be sure and arouse the other students before class ended, he managed to tear off the gummed part of his book cover, lick it, and hold it so that when Mike Haire set back in his chair the paper stuck on his shirt.

Still energetic during second period Mechanical Drawing, he took all of his equipment out of his drawer and pretended he was shooting everybody with his T-square. The noise must have been too much because he finally went to his desk and cleaned his ears.

Having over-exerted himself the first two classes, during third period study hall he spent the first half of the class sitting in the magazine room. The last half he returned to his desk to get his beauty rest.

As punishment for calling names in Math IV, fourth period, he was sent to sit in the back of the room, but had returned to his original seat before five minutes passed. The rest of the time passed with no more disturbance.

After lunch he returned in search of a bit of adventure in Civics, fifth period. He followed a fly around to try to drop his notebook on it. Later he dropped his gum on his desk, but managed to suck the gum back into his mouth.

Deciding he possessed some scholastic ability he spent his entire sixth period study hall studying Physics.

Since he studied his Physics sixth period, he devoted seventh period Physics class to the battle for the Spirit stick.

ENGLISH DEPARTMENT

By Larry Wood

English III and IV is taught this year by Miss Susanna Moeller who graduated from San Angelo State with a major in English and a minor in history.

Miss Moeller moved here from Rowena to begin her first year teaching. Her favorite field is literature although she likes grammar too. Literature, she said, is interesting.

Miss Moeller said that she thinks the people of Ozona are real friendly.

SPANISH LAB

By Cathy Williams

Mrs. Edgerton, who has been teaching in Ozona for six years, has a total of sixty one students in her Spanish I and II classes. The Spanish Lab, which was built four years ago, has several new tapes which Mrs. Edgerton made and edited herself. Later in the year, for the first time, there will be assignments in outside reading in Spanish books, stories, and plays.

She has been teaching for a total of twelve years and believes that one major problem is that English speaking students lack the dedication and studiousness required to become fluent in the language.

BAND DEPARTMENT

By Larry Wood

Tom Sanders begins his sixth year as director of the High School Band, which is the only position he has held. He graduated from Southwest Texas State University with a major in music education and will receive his master degree in music next summer.

On Saturday, September 6th, Mr. Sanders was elected South District band chairman.

Mr. Sanders said the band consists of 16 seniors, 12 juniors, 19 sophomores, and 31 freshman. He said the band is a little slow this year so far, due to the number of inexperienced freshmen, but added that he feels it is the best band we have had and feels that this will be proved during the coming year. There are people who are capable of playing first musical parts, he said, that are playing second and third parts, and if eligibility does not hurt them, he feels that the band will get first in contest.

The contests as scheduled for the band are as follows: district band contest will be held in Eldorado on November 8th; marching contest will take place in Ranger on November 22nd, all region band contest will be in Brownwood on December 12th and 13th; the solo and ensemble contest will be held also in Brownwood on March 14th; and the concert and nightreading contest will be held in Brownwood on April 18th.

HOME ECONOMICS

By Ana Mae Payne

The Home Economics department, taught by Miss Varnelle Brooks, has many projects for this fall. There are 64 students in the H. E. department. The H. E. II, III, and IV students are making suits and garments which can be worn all seasons. The H. E. I students are working on food units and nutrition until Christmas. They plan to have an open house for the faculty before the Christmas holiday.

Although H. E. textbooks are available, Miss Brooks has decided to use current sources instead of text books. The big project for some of the H. E. girls is getting their garments ready for the wool contest. Several girls are going to enter this contest.

The Junior High Economics department is taught by Mrs. John Henderson, Jr. There are 12 students this semester and they are making antiqued candlesticks now. Their big project this semester will be the Mother-Daughter style show and tea before Christmas.

Cancer cures smoking.

NEW STUDENT

By Karen Sewell

Larry Wood, a Junior originally from Ft. Payne, Alabama, moved to Ozona a month ago from San Angelo where he had lived for a month. He has one sister, Ellen, age 23. His father works for the Ozona Gas Processing Plant. Larry is a member of the band playing the valve trombone. His favorite subject is math. He goes to the Church of Christ. Larry says Ozona is a "pretty nice town."

Thoughts are what we are

We are what we think all day long. Never underestimate the power of your thoughts. They are tremendously influential in molding character and action. They are, in truth, the parents of our behavior. Disposition and personality - even character - will very largely be determined by the thoughts we welcome to our minds each day.

Since it is true that a soul is dyed the color of its thoughts, it is imperative that everyone be given guidance in thinking about truths and values that are noble and eternal.

The Church stands in your community to help you and your children. Worship this week in your church, and find the joy that comes when life is centered upon values that last.

QUESTION OF THE WEEK

By Betsy Sikes

Why is School Spirit important to OHS?

Cynthia Harrell — It's important because you help our boys win games by cheering them on.

Larry Wood — It motivates the team to try harder.

Mae Payne — So we can win!

Sadie Tillman — we need school spirit to boost our boys and to show them we are behind them all the way.

Karen Dee — because then the boys know we're behind them and they will work harder to win.

Georganne James — It's to show our pride in our school and that we are backing our team all the way.

SCHOOL PICTURES

By Cynthia Harrell

The Whit's Studio photographer was in Ozona September 12th to take formal pictures of the 46 seniors. The boys had their pictures taken Friday morning and the girls' pictures were taken that afternoon.

Hennington Studio from Wolfe City, Texas, sent a man Monday and Tuesday to take pictures of all the students attending school. The pictures of Senior and Junior high school students were taken September 15th. North and South Elementary pictures were taken September 16th.

Re-takes will be taken in late November or early December.

ART CLASSES

By Elizabeth Jones

Art classes given by Mr. Fred Jones are being held for High School and Junior High students Monday thru Thursday at 4:30 in the classrooms of the Junior High School basement. One group will meet on Monday and Wednesday, and the other on Tuesdays and Thursdays. High school students may earn one-half credit for one year of art and this will appear on their transcripts but will not count toward graduation. For more information on the classes call Mr. Fred Jones at 392-2067.

ASSEMBLY

By Elizabeth Jones

The school spirit of OHS was set off Wednesday morning, September 10, in assembly with a pep rally in the boys' gym featuring Coach Sewell, the cheerleaders, the twirlers, and the band, honoring the Ozona football team. The cheerleaders, Karen Sewell (head cheerleader), Wanneretta Pearl, Suzy Tankersley, Sharon Barbee, and Georganne James, led the students with yells they learned this summer.

The twirlers, Sherry Saunders, Charlene Strickland, Elizabeth Jones, Maria Barbee, and Jan North, did two new routines to, Yes Sir, That's My Baby, and Gentle On My Mind. Coach Sewell gave a pep talk to urge a strong school spirit this season. He discussed the game with the Junction Eagles, and said the Lions are working hard.

The band played during the pep rally, furnishing music for the twirlers and playing marches to be used Friday night and Georgey Girl. Later in the day it was announced by Mr. Moody, high school principal, that the Seniors had won the spirit stick. The spirit stick is an emblem — a purple and gold rod — won by the class with the most school spirit before each football game. The winning class holds the spirit stick for only one week.

HD CLUB TO MEET SEPT. 22

THE CHICAGO TRIBUNE APOLOGIZES TO DIXIE

By John J. Synon

Here is an interesting editorial from The Chicago Tribune:

"Dear Dixie: Can you possibly find it in your heart to accept our sincere apology?"

"When there was race rioting in Little Rock, Arkansas, we were convinced that the cause was callousness. Our public officials and our press in Chicago insisted that the only reasons for Negro restiveness were your segregated schools and your stubborn Governor. We in Chicago with integrated schools and a very liberal Governor are now writing with agony of race rioting. And as we seek to set our house in order, we hope your headlines will be kinder to us than ours were to you."

"And when a Mississippi Negro boy was found drowning, we in Chicago called this the inevitable result of a white supremacy tradition. Now a Negro, 14, and pregnant has been shot to death on the front porch of her own home in Chicago — and we are confused and ashamed — and frightened."

"What are we doing wrong that has made eight square miles of our city a battleground? Help us, if you can find it in your own heart to help."

"And Alabama, when your State Police were photographed subduing rioters with night sticks, Chicago bold-faced, front pages condemned you for indefensible brutality. Now Illinois State

police have resorted to armored cars and cracking skulls and shooting to kill.

"Your Governor has alleged that 'Communists are fomenting this strife'. We scoffed."

"Now 13 Negroes on Chicago's west side have been charged with plotting treason. We are sweeping admittedly Communist literature from our littered streets. Forgive us for not knowing what we are talking about."

"Georgia, when you were photographed in the act of turning back crowds of marching children — we could not control ourselves. The very idea, the Chicago press editorialized, that youngsters should be considered a menace sufficient to justify the use of tear gas."

"Now in our own asphalt jungle, we have seven Negro youngsters of 9, 10 and 11 years advance on police with drawn guns or broken bottles — screaming, kill whites!"

"And we used gas and clubs and dogs and guns and God forgive us, what else could we do? Can you, Georgia, forgive us, too?"

"We tried the patience we had preached — honest we did. We tried so desperately that seven policemen were shot the other night, two of them through the back. So, in the end, we resorted to methods more brutal than yours. But, don't you see, we had to."

"Dear Dixie, perhaps we have not yet learned to appreciate what you have been trying to do to defeat revolution — but for whatever belated comfort it may be,

from our glass house we will not be throwing any more stones."

Well siree, Mr. Chicago Tribune, that's real noble of you, the mea culpa bit. And we do accept your apology as sincere. And there, sir, you are forgiven.

But there is more to it than that. There is this new word we have learned, "reparations". You know, like the \$6 billion or so the blacks are demanding of the churches for the past "mistreatment" of Negroes by whites; that sort of reparations.

You admit to having maligned us, and you have. And you promise not to throw any more stones and for that we thank you.

But are you going to sit quietly in your glass house? The brigands are on the march, you know. How many Chicago policemen dead; seven? And two shot in the back.

Won't you lend your weight to the good fight; being passive won't get the job done. You ask us, the injured party, for help. Try this: Help yourselves. Specifically, lend your editorial

weight to Stanford University's Dr. William Shockley. For some years now, this Nobel Laureate has been beseeching the National Academy of Sciences to make a study of racial differences, and all he ever gets back is his own echo. That would help. Actions, as they say, speak louder than words.

Recipe of the Week From Kitty's Kitchen

Savory Baked Fish

2 pounds fish fillets
2 teas. Lemon juice and dash of pepper
6 slices bacon, chopped
1/2 cup soft bread crumbs
2 tbs. chopped parsley
1/4 cup thinly sliced onion
2 tbs. bacon fat

Skin fillets and place in a single layer in a greased baking dish. Sprinkle with lemon juice and pepper. Fry bacon until crisp and remove from fat. Add to bread crumbs and parsley. Cook onion in bacon fat until tender. Spread onion over fish. Sprinkle crumb mixture over top of onion. Bake in a moderate oven, 350-degrees, for 25 to 30 minutes or until fish flakes easily when tested with a fork.

Introducing the 1970 Buicks.

Three of 36 great new Buicks. Three of the finest Buicks ever. Built with all the care and craftsmanship possible. Built with product integrity. Right down to the fine details. As a few of these fine details will prove.

Every 1970 Buick has a new cooling system that should never ever overheat. • Every 1970 Buick equipped with a V8 engine has an exclusive carburetor time modulated choke control. It will make for easy starts in any weather. • Every 1970 Buick is equipped with fiberglass belted tires as standard equipment. • Every 1970 LeSabre, Wildcat, Estate Wagon, Electra 225 and Riviera has an exclusive suspension system called AccuDrive. Never has handling been easier. • All the 1970 Buicks have the look that makes people look twice.

No wonder Buick owners will keep on buying Buicks. Buicks are automobiles you can believe in.

Something to believe in.

Wouldn't you really rather have a Buick?
