## Kitty's Korner

By Kitty Montgomery

Besides getting rich this week, Garland Young is making the news. I don't know how he did it, but he has been busy since Tuesday cutting to the scalp the locks of Ozona high school boys. Now, this is really an accomplishment and nobody knows how he managed to do it over. They had been sending his barber shop the plague until Tuesday. He has certainly done a bit to narrow the generation gap and we think he deserves this column's "Man of the Month" title, so there is Garland.

I went out to the village to pick up Jim up Tuesday afternoon and drove right to him. You just can't believe what a haircut does for an age boy. I had forgotten he was such a handsome man. His eyes are just as big and beautiful as they were when I saw them last some years ago. That was just before his mop of hair grew down over them.

All the mothers are delighted to have their sons back and the fathers are proud. After all, it's been years since we've seen much of anything on our kids faces but a mop on top of a neck.

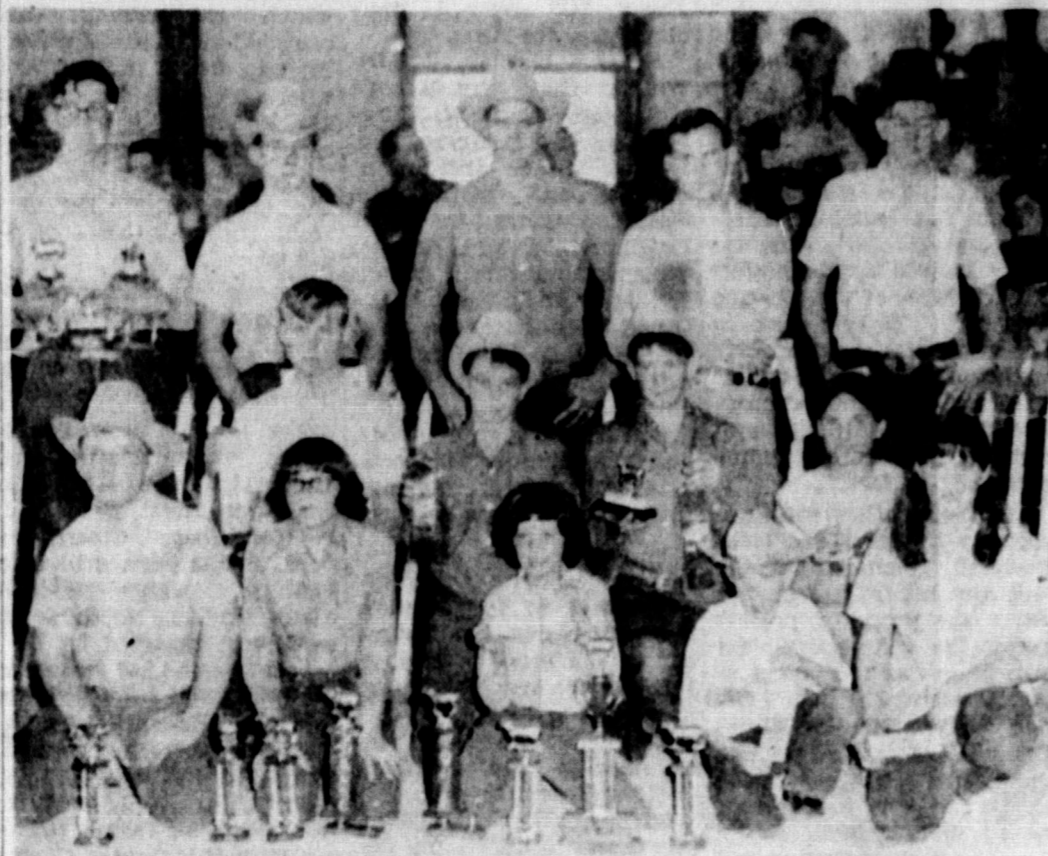

There has never been a newspaper printed without at least one mistake or error, but most newspaper people just get down when they find they did it. Around here we always try to pass the buck to someone else. However, I don't take it as hard as most. I worked too long in television and that's where everybody with a set sees your mistakes. It is impossible to pass the buck.

I did the weather and live commercials and every time I made a mistake at least ten people called immediately to tell me about it. I don't know how many others did, we only had ten lines. I made plenty, but the one that stands out most in my mind is the one I did with a live lobster. A nice old fellow who had a restaurant always bought prime time live commercials. This particular night he asked for a one-minute spot to plug live lobsters, flown in daily from Maine.

Everything was set up when I arrived at the station. There was a huge mound of a lobster lying on crushed ice and I remember thinking how I would hate to get that close to a live lobster. Anyway, I carefully memorized the copy and it didn't until the middle of the commercial that I discovered the awful truth about the lobster. When I picked him up (the script called for this) to show the television audience the immense size of the brute, he started wiggling and clamping his claws together. I screamed and threw him as far as I could and broke into tears. All this with hundreds of people watching.

I tried to blame the director, but he said that anybody should know that lobsters were alive until they were cooked and turned red. I was furious with the camera man because he didn't do something with the camera besides keeping it fixed on me. I just didn't pass the buck. Nobody would take it.

However, it turned out all right. When we offered the old fellow a make-up, he wouldn't hear of it. He said that commercial got more business than he continued on last page)

## State To Check Crockett Ground Water Changes

An on the spot check of Crockett county underground water quality, first since completion of the three-year study made by water engineers under a joint state - county project and completed in 1967, will be made in the next two weeks by an engineer assigned by the Texas Water Development Board in Austin.

County Judge Bernice Jones announced the first of the week that she had received word from the Water Development Board that Tom Seih, water engineer, will spend two weeks in Crockett county making a check of water wells in the county to determine if any changes had occurred since the original study.

Mr. Seih will take samples from about 50 wells in the county for analysis. Landowners will be contacted by Mr. Seih for permission to take samples and results of the latest follow-up study will be made available to the county and to individual landowners.

## Ozona Service Man Completes Combat Training At Ft Bliss

Private Raymundo D. Fierro, 19, son of Mr. and Mrs. Urbano A. Fierro, Box 883, Ozona Texas, graduated recently from eight weeks of basic combat training at the U. S. Army Training Center (Air Defense), Fort Bliss, Texas.

He was assigned to B Company, 2 Battalion, 3 Basic Combat Training Brigade.

During the eight week course he studied the basic techniques of first aid, hand-to-hand combat, bayonet training, drill and ceremonies, and he also qualified with the M-16 automatic training rifle.

## Lions Hope For Second Place With Two Games To Go

Ozona Lion cagers picked up two wins this week and at this writing are still in contention for second place in District 5AA. They beat Stanton 48-34 here Friday in a district game and took a 52-47 victory from Iraan here Tuesday night in a non-district bout.

In spite of the two victories, the Lions are capable of playing much better basketball. Their defense held up in both games but they put up the poorest offense fans have seen from the Lions this year. The Lions hit only 37% of their field goals and 46% of their free throws in the Stanton game and 33% from the field and 53% free throws Tuesday night against Iraan.

The Lion B team won both encounters against Stanton and Iraan and the freshmen lost to Stanton and beat Iraan.

Greg Stuart led the Lions in the Stanton game with 13 points, followed by Arturo Torres with 12. Pagan hit for 11 in the Iraan game and Torres had 10.

The Lions have only two more season games. They go to Crane Friday night and Crane comes here Tuesday night.

## Larry Graves To Head Little League Program

Larry Graves has been named President of the Ozona Little League Assn. and is getting plans underway for tryouts to start around the first of April.

Graves, who has been a coach for the Flying W Ranchers, takes over the duties of president from Bill Lewter, who moved last year.

Graves plans to make several changes in both the Little League and Minor League programs to insure smoother operation. A meeting of parents, coaches, umpires and other interested persons will be held before the tryouts get underway.

The League needs two team managers and another umpire. Anyone interested in taking one of the jobs should call Graves.

## Lawrence Janes Picked As New C of C President

Lawrence Janes will head up the slate of officers for the Ozona Chamber of Commerce this year. He was elected president at a meeting of the board of directors last week.

Ray Boyd was elected to the post of executive vice president with Wayne Loury, C. O. Walker and L. D. Kirby getting the three other vice presidencies. Jim Dudley was elected secretary-treasurer.

New directors are A. R. Rutherford, Jim Dudley, Ray Henderson, and Joe Williams. Holdover directors are Pete Jacoby, Johnny Jones and Mrs. Fred Hagelstein. Outgoing directors include Jim Marks, Byron Williams and Mrs. Barbara Burnett.

## Census Takers Being Sought For Crockett County

Applications are now being taken for census enumerators in Crockett County. Anyone interested in becoming an enumerator may leave his name and telephone number with Mrs. Tom Montgomery at the Ozona Stockman or at the Chamber of Commerce office.

A test in simple arithmetic and reasoning will be given to all those who apply. Those making the highest score on the test will be selected. The test date in this county has not been set. Mrs. Roscoe Carter of San Angelo will give the test here in Ozona, time and place to be announced later.

Pay is \$2 per hour and 9c a mile for those using a car. The taking of the 1970 census will cover a period of several weeks.

Those applying for jobs with the census will be notified of the test date.

Sam Beasley and Red Greer, Ozona's downtown barbers, have been seriously ill in the hospital the past week, necessitating the closing of the barber shop.

State Universities. He is a professional sociologist with the Agricultural Extension Service, A&M, and is a recognized authority on Community development and human relations.

He is responsible for the Texas Community Improvement Program sponsored by the electric utility companies and conducted by the Texas Agricultural Extension Service. Brown has helped more than a thousand communities in programs designed to make the communities more beautiful, more prosperous, and a better place to live. He is often called "Mr. Community Improvement."

Brown's sparkling style and down to earth philosophy has made him a favorite speaker at numerous functions. Equally at home in academic circles or at rural community meetings, he has received standing ovations on college campuses, sales meetings, conventions, and hundreds of community get-togethers.

He was recently chosen by the Former Students Association of Texas A&M University for the Faculty Distinguished Achievement Award. The award included \$1,000 and a gold watch. He is also recipient of the Superior Service Award by the University's Agricultural Extension Service.

Brown is a community builder, ambassador for Texas, Sunday School teacher, father, Aggie, and a champion for the development of a prosperous agriculture, and the acceleration of the industrialization of the state, and was selected "Man of the Year" in Texas Agriculture by the Progressive Farmer magazine.

## Crockett County Hospital Passes Medicare Check

Crockett County Commissioners Court met Monday in regular session. Most of their time was given to a meeting with the Cemetery Assn., in its annual meeting.

Mrs. Jack Baggett was re-elected chairman of the Cemetery Assn. with Miss Leta Powell re-elected secretary-treasurer. Board members are Bill Cooper, Dempster Jones and Ralph Jones. Jesse Marley was appointed to the board to represent the court.

It was agreed to place all cemetery help under the direct supervision of Jack Gilt, county road supervisor. Also, the water will be turned on Saturday and Sunday at the cemetery in order that lots may be watered over the weekend.

In the hospital report, it was noted that the Crockett County Hospital recently passed the yearly inspection for Medicare. Board members are still contacting medical doctors in an effort to secure another doctor for Ozona. Mrs. Franklin Pullin resigned as supervisor of nurses and was replaced by Mrs. Kent Johnston, who has held the position before.

After hearing various reports, the court adjourned. It will meet again the 24th of February to appoint new members to county boards.

**IOWA JUSTICE?**

It doesn't take a newspaperman very long in the business to learn not to say, "Now I've heard everything." No sooner are the words printed when — sure enough — along comes something to top them all.

Such is the wire-service news story out of Eddyville, Iowa which, if the facts are right, is so far-out that it strains our credulity.

It appears that Mr. and Mrs. Edward Briney, of said Eddyville, stopped a thief from completing the crime of burglarizing their home. The thief was arrested and brought into court but he "copped a plea" and was let off with a \$50 fine and no jail sentence. ("Copping a plea," a favorite device of experienced criminals, means that rather than stand trial and risk conviction for the crime committed, you plead guilty to a lesser crime.) His intended victims, the Brineys, however, have lost their 80 acre farm; and they have been forced to sell their home in order to pay damages of \$30,000 and \$5,000 in court costs awarded to the convicted thief.

The burglar used the Brineys as a result of a wound that he received in his foot from a shotgun trap, used by the Brineys as a crime prevention device. The trap worked. They had to sell the farm to raise the money to pay the crook.

But don't say, "now I've heard everything" — not yet. There is more. An Iowa State Senator, it is reported, proposes to introduce two legislative bills. The first would take from the state treasury sufficient money to pay the Brineys to pay the crook. The second bill (and if you find this hard to believe, so do we) would apply to all future crimes, by having the State pay the hospital costs up to \$1,000 of anyone injured during the course of committing a criminal act on life or property.

We are not entirely sure whether the reporter on the story indulged in a little too much anti-freeze on his way to work, or whether the state representative did the same on his way to the State House, or whether static on the wire-service line garbled the copy. We hope that the people, the legislature, and the courts in Iowa have not gone completely insane.

**Grade Separation Project In Extreme Tip Of Crockett**

The Texas Highway Department is planning the construction of U. S. Highway 67 from the Pecos River to 0.9 Mile East of the Crockett County Line. The proposed project is located in Crane and Crockett Counties.

The proposed project will provide for the construction of a two-lane facility and a grade separation at the AT & SF Railroad with U. S. 67 underpassing the railroad. The underpass structure will replace the existing underpass and provide a safer facility located approximately 200 feet west of the existing structure. The relocation of the underpass structure will require relocation of the U. S. 67 route for approximately 6000 feet on variable width right of way with a minimum of 150 feet.

Maps and other drawings showing the proposed location and geometric design and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office at Box 949, McCamey, Texas. Also, the drawings showing the proposed geometric design have been placed on file with Crane County, Crockett County and the City of McCamey.

**Dual Completions To Be Attempted In Canyon Field**

The Canyon Co., Midland, filed applications to attempt dual completion as discoveries at two projects in the Ozona (Canyon gas) field of Crockett County, approximately 30 miles southwest of Ozona.

The No. 1-9 Ira Carson, which will attempt dual completion in the Spraberry, was drilled to 7,010 feet, where 5 1/2-inch casing was set. No shows or tests were reported.

Location is 2,600 feet from the south and 1,320 feet from the west lines of 9-2-IGN.

Nearest Spraberry production in the county is 26 1/2 miles to the northeast in the Ozona, Northwest multipay field.

The No. 2-3 J. S. Pierce, which will attempt dual completion in the Clearfork, is six miles west of the V. I. P. (multipay Clearfork) field. It has been drilled to 7,200 feet, where 4 1/2-inch casing was set. No shows or tests were reported.

Location is 1,540 feet from the south and 900 feet from the west lines of 3-2-IGN.

The Canyon Co., Midland, completed its No. 1-1 J. S. Pierce as a 3 1/4-mile west extension to the Ozona (Canyon sand gas) field of Crockett County, 30 miles southwest of Ozona, for a calculated absolute open flow of 1,540,000 cubic feet of gas daily with a gas-liquid ratio of 21,775-1. Gravity of the liquid was 55.1.

Production was through perforations at 5,929-6,973 feet, which had been acidized with 2,500 gallons and fractured with 50,000 gallons

### GRADUATING SENIOR

**By Sadie Tillman**  
Sooner Williams, a 17 year old senior, plans to work in the summer after he graduates and make "a lot of money." In the fall he wants to enroll at James Connally Tech in Waco and major in mechanics. While in high school, he has been a Student Council Representative for the Senior Class Champion Skool Dipper of OHS, and he made the second team All-District in football. His favorite subjects are Civic and English because he likes to give Miss Moeller and Mr. G a hard time. When asked what he thought about Civics and English research papers, all he said was, "Not much."

### BASKETBALL ENDS WITH HEARTBREAKERS

**By Ana Mae Payne**  
Well, this was the last game of the season. The Lionettes lost a heartbreaker to Stanton by a score of 33-32. Betsy Sikes lead the scoring with 24 points, followed by Christy Davidson with 4 points and Jan North with 4 points. Trying their best to head off the Stanton Buffaloes attack were Netta Pearl, Susy Tankersley, Cyndie Whitehead, Mae Payne, and Karen Sewell.  
Leading the pack of Stanton was Doris Howard with 15 points and pulling up the rear was Sandy Chandler with 10 points and Jara Hall with 8 points.  
The B-team blasted Stanton by a score of 32-27. Stacy Dockery scored a grand total of 30 points and Bridge (Bridget) Dunlap broke through the line with 3 points. Deferstively the Lionettes were steked with Teresa Albertson, Dana Collett and Denise Deaton.  
Three whacky Seniors ended their high school basketball career. Among the celebrities were Netta Pearl, Betsy Sikes and Ana Mae Payne.

### ASSEMBLY

**By Cathy Williams**  
The agent, with coat collar up and hat down, crept stealthily up the dark alley. Not far away from him was the man.  
Does this sound typical of an FBI agent's activities? It did to me until the vision was shattered by a long-time FBI agent, Mr. J. Gordon Shanklin, when he spoke in assembly Wednesday morning about the FBI and its different aspects.  
Mr. Shanklin told about when FBI began in 1908 as the Bureau of Investigation. He said that there are no politics involved in the FBI-employment. It is based on the individual's ability alone. He told of the various jobs connected with the FBI and their requirements.  
He told how the FBI works using a bank robbery as an example.  
His speech answered many of the questions that we had been wondering about.  
Mr. Shanklin, who has been with the FBI for the past 27 years, holds a law degree from Vanderbilt.

### VOLLEYBALL STRIKES AGAIN

**By Ana Mae Payne**  
The girls basketball season ended last Thursday and the volleyball season will be starting shortly. Mrs. P. L.

Childress, III, said that there will be approximately 10 girls on each team. The teams will be chosen Friday.  
The first game of the season will be with Del Rio in the Ozona High School gymnasium, Feb. 20. Crane and Big Lake are thought to be the strongest teams in the district, but Ozona hopes to pull a surprise over these two leading contenders.  
Mrs. P. L. Childress, III, said last Wednesday, "Volleyball has changed in the last few years in the methods of hitting the ball but is basically the same. Because of this change, players must be more skilled; therefore, it becomes interesting for both players and spectators to see which team will be able to out think and out do the other player."

Mrs. P. L. Childress, III, would like to encourage students, parents and friends of the students to support our volleyball team this year.

### BOY'S BASKETBALL

**By Karen Sewell**  
The Ozona Lions defeated the Stanton Buffalos 48-34 in district play here Friday night. High-point man for the Lions was Greg Stuart with 13 points. He was followed by Arturo Torres with 12.  
The Ozona "B" team beat the Stanton B by a score of 63-38. Mike Jenkins was high-point with 21. Next was Ruben Tambunga with 10.  
The Lions varsity have 3 wins and 3 losses in district play. They have only 2 district games left, both with Crane.

### STUDENT PERSONALITIES

**By Cynthia Harrell**

Sophomore Monty Pelto, when asked his opinion of the opposite sex, said in a humorous manner, "We get our money's worth." Monty, a 5'5" purple eyed (?) brown haired student council representative, has participated in football, basketball, and track during his freshman and sophomore years. During this last football season, he served as the football manager.  
Monty, an honor roll student, has always lived here, and wouldn't change Ozona in any way except for adding a "little more activity" to the town. His favorite subjects are world history and vocational agriculture. He

was in the band last year and he likes shrimp, the color blue, and "any music that's in."  
Monty, the eldest son of Mrs. Marjo Pelto (a Social Elementary teacher) has a younger sister, Jan, who is in the 8th grade, and a younger brother, Mike, who is in the 3rd grade. He plans to attend college after graduating.  
Netta Pearl, a 5'3" blue eyed black haired senior who moved to Ozona from Merced in 1967, likes shrimp, the color blue, soul music and "any kind of food except pineapple and raisins." She was elected class favorite her sophomore year, and has been a cheerleader and football duchess these last two years.  
Netta has played basketball for four years. She was on the junior varsity her freshman year, and has been on the varsity team the last 3 years. She also has been on the volleyball team for three years. Netta was on the freshman volleyball team her first year, the junior varsity team her sophomore year, and the varsity team last year.  
An accomplished artist, she enjoys drawing and listening to music in her spare time. Her favorite subject "the opposite sex" is, in her opinion, an exciting study.  
Netta, daughter of Mr. and Mrs. Leroy Pearl, has two older sisters, Kathy, (a beauty operator) and Patsy (an Air Force trainee) and three younger brothers, Reggie, Eddie, and Ronnie, who attend Ozona North Elementary and Junior High school. Netta hopes to enter the U.S. Air Force after graduating this spring.

He moved to Ozona from Big Springs in 1962 and has been the football and track coach for two years, the basketball coach for one year, and has sung in the school choir group for one year. Bill drives a blue and white Belair with a dented front fender and a flower on the center of the front windshield. The car's nickname, "Censored," reflects Bill's keen sense of humor and imagination. He likes algebra I, hard rock music, steak, the color purple, and snouting.

Bill's glad there are girls and says that he is "very handsome," he has blue eyes, blonde hair, and is 5'4". He has not yet decided what he's going to do after graduating.

ON WIGS, FALLS ETC.

By Cathy Williams

Wigs, wiglets, cascades, falls, hair pieces and many other forms of falsies adorn many a noggin nowadays. They are borrowed, bartered and bought.

These bits of fun fakery serve several purposes. If you're gazing into the mirror at recently shorn locks threatens to bring on the tears, there is a very simple solution—go buy yourself a wig. It will help you to weather the growing-out period.

If you are somewhat lazy and reluctant to wash your hair, it doesn't matter. On the dresser sits that hairy appendage on its wicked white styrofoam head. All it needs is a curler here and a pin there—then you are ready to go.

If, upon awakening on dreary morning, you find that your once-lovely locks look as if the cat has been chewing on them, all you have to do is stuff your caty locks under a curly wig. Yes, wigs and hair pieces are great camouflage and they help make life easier.

Shine your shoes the easy way. Spray on a shine with Texas Shine Boy from OZONA BOOT & SADDLERY.

HI SCHOOL HOROSCOPE

By Elizabeth Jones

Students that have managed to survive the flu have another one of those "exciting" weeks to look forward to.

The boys travel to Crane Friday night for another district basketball game. After defeating Stanton for the second time last week, maybe the Lions will end the season on the winning side.

Valentine's Day should mean that Cupid is out shooting little arrows and all that stuff, but there's a rumor that Cupid may be ignored this year due to the people who are breaking up. Better luck next year. Anyway, this should make for an exciting weekend.

Monday, students will be informed of some very bad news. Just so you'll know ahead of time, it's time for six weeks tests again.

Wednesday is when tests start. If you're smart you'll try to catch the flu to put them off a little longer.

Predictions for the week: Boys beating Crane.

Seniors panicking about research papers.

A sudden flu epidemic when it's time for tests.

Suzy Snowflake not making her annual visit.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)

The Texas Highway Department is planning the construction of U. S. Highway 67 from the Pecos River to 0.9 Mile East of the Crockett County Line. The proposed project is located in Crane and Crockett Counties.

The proposed project will provide for the construction of a two-lane facility and a grade separation at the AT & SF Railroad with U. S. 67 underpassing the railroad. The underpass structure will replace the existing underpass and provide a safer facility located approximately 200 feet west of the existing structure. The relocation of the underpass structure will require relocation of the U. S. 67 route for approximately 6000 feet on variable width right of way with a minimum of 150 feet.

Maps and other drawings showing the proposed location and geometric design and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office at Box 949, McCombs, Texas. Also, the drawings showing the proposed geo-

metric design have been placed on file with Crane County Crockett County and the City of McCombs.

Information about the State's Relocation Assistance Program, the benefits and services for displaces and the relocation assistance office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the District Office, P. O. Box 3589, on East U. S. Highway 80, Odessa, Texas, on or before February 26, 1970.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed design for this highway project by delivering a written request to the Resident Engineer's office on or before February 26, 1970.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

**Installing Gas Air Conditioning in the Winter is for the**

**and the Joneses and the Smiths...**

and just about everybody who loves comfort and knows a wise move when they see one. Installing gas air conditioning now will allow you to beat the spring rush that always comes with that first hot or dusty day. So, while others are waiting for the overworked installers, you'll be cool, calm and collected...already enjoying the benefits of your winter air conditioning buy. Gas quietly cools your whole house for what you may have been paying to cool two or three rooms before. And, you'll save on repairs, too, because gas air conditioning has no compressor to break down or wear out, and a com-

pressor is a usual source of failure in other air conditioning systems.

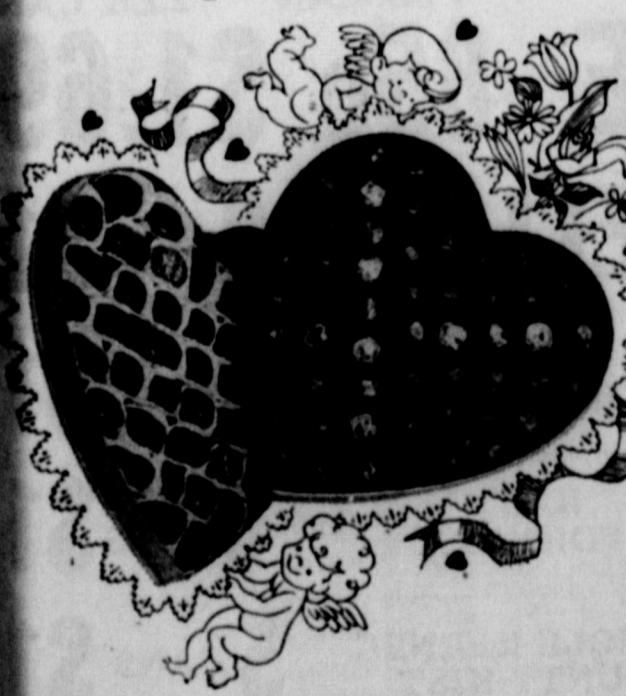

So, join the smart ones. Call Pioneer today and tell them you'd like to find out more about installing gas air conditioning in winter. A representative will come tell you just what it will take to convert your present forced air heating system to gas air conditioning. It costs you nothing to get a complete cooling survey of your home or business.
