Kitty's Korner

By Kitty Montgomery

I've taken quiet a ribbing this week about the opening of last week's column (i.e. spring has sprung, etc.). The minute the paper hit the streets, it started raining, snowing, sleet and freezing. Anyway, I haven't seen the sun but, well, and that was only for a minute, since those words were written.

Isn't it amazing that a few words from me can change the elements like that?

You may all laugh and size fun at me now, but wait until July or August. You'll all be wanting to pay me to write about the hot, dry weather. I've already had one offer from a dry-land rancher.

SWINGING SEVENTY STYLES will be displayed Saturday at the Woman's Forum Style show at the Civic Center. A pre-show peek is given by Mrs. Beecher Montgomery, upper left, who is wearing an at-home ensemble by Dynasty, a colorful print of synthetic silk. At upper right, Mrs. P. C. Perner models a brown tapestry print, fashioned of sculptured cotton by Mardi Gras. At left Mrs. J. B. Miller shows a black and white pure silk designed by Mr. Blackwell.

Stokes, Mrs. Tommy Stokes, Mrs. P. C. Perner, Jr., Mrs. Hershell Upton, Jr., Mrs. Joe Pierce, Jr., Mrs. Jake Young, Jr., Mrs. Fred Hagelstein, Mrs. Chris Hagelstein, Mrs. Marshall

Joe Bean Is Candidate For School Trustee

Joe Bean, Crockett County rancher and native Ozonian, threw his hat into the ring for Crockett County School Board trustee when he filed for a place on the ballot with County Judge Bernice Jones Tuesday.

The annual election will take place Saturday, April 3. Four board members' terms expire this year. However, three of the four have filed for re-election with Judge Jones. Seeking re-election are Bud Cox, Charlie Fuentos and Bill Seahorn. P. C. Perner, the other board member whose term expires, has not filed for re-election.

Deadline for filing for a place on the ballot is March 4. Candidates must file with the judge before that date.

Holdover members of the board are Taylor Deaton, president; Ray Boyd and Chas. E. Davidson, III.

Lawrence Janes, president of the Chamber of Commerce will serve as master of ceremonies and give the welcome address as well.

"Outstanding Citizen of the Year" will be selected by a three-man committee made up from the board of directors. His name will be announced and the award presented sometime during the after-dinner activities.

Jim Marks, outgoing president, will introduce chamber officials and directors, and Pete Jacoby will introduce Reagan V. Brown, guest speaker.

U. S. (Rusty) Smith

Rusty Smith, Long Time Co. Official, Dies

Funeral services for Ury Seth (Rusty) Smith, 72, were held Saturday afternoon at 2 o'clock from the Ozona United Methodist Church with burial in Cedar Hill Cemetery under the direction of James Funeral Home. Rev. John Berkeley conducted the services.

Mr. Smith died shortly before midnight last Thursday in Crockett County Hospital. He had been ill for several months.

He was born January 26, 1898 in Sulphur Springs. He had been a resident of Crockett County since 1918. He was married to Nell Neblett May 27, 1926 in Stephenville.

Rusty, as he was best known, was county commissioner for fourteen years, active in civic affairs and in work with children. He was the recipient of many awards, including the 4-H award in recognition of ten years as a 4-H leader, the Lions Club award for meritorious service and though he had no children of his own, he was given a life membership in the Texas Congress of Parents and Teachers.

He will probably be best remembered for his portrayal of Santa Claus every Christmas for years until his health failed him. (Continued on Last Page)

Area Soaked By 1.52 Inches In Weeklong Rains

Wind, snow and rain dominated the weather picture during the past week, leaving a total of 1.52 inches of moisture, according to the official gauge at the Water District office yesterday at 8:00 a. m.

Temperatures dipped with the arrival of an Arctic cold front Friday and snow and sleet throughout the day accounted for 20 of an inch of moisture. Rain fell daily through Tuesday. The sun was out briefly Tuesday afternoon but skies were heavily overcast again Wednesday and temperatures were in the thirties.

The rainfall for the six-day period was the first of any consequence for this year. February 1 a total of .08 was recorded, so this far in the month the record is 1.60. Added to the .45 of an inch in January, the total for the year now stands at 2.05 inches.

Charles Farris Dead Of Heart Attack At Home

Funeral services will be held at 10 o'clock Friday morning from the Ozona Church of Christ for Charles Adron Farris, 46, with A. C. Knight officiating. Graveside rites will be held at 4 p. m. in the Cowboy, Texas, cemetery, with James Funeral Home in charge of arrangements.

Mr. Farris was found dead in the yard of his residence here Wednesday morning by two employees of the telephone company. He apparently died of a heart attack as he was preparing to get into his car and had been dead over an hour before the body was discovered around 8:30.

Mr. Farris was born July 17, 1923, in Brady. He was married to Elvira Kruckmeyer January 18, 1946 in Brownwood. He was an oil company employee and had lived in Ozona for several years. He was a veteran of World War II.

Survivors include his wife; two sons, Charles A. (Buddy) Farris, Jr., and Marlin Farris, both students at Sul Ross University in Alpine; a daughter Mrs. Jimmy Watts, also of Alpine; five brothers Marvin Farris and Curtis Farris, both of Fort Worth, Clarence Farris of York, Ala., J. L. Farris of Big Spring and Frank Farris of Fort Lavaca; his mother, Mrs. Jesse Farris of Mercury, and two sisters, Mrs. Walter Jones of Brownwood and Mrs. Joe McDowell, Menard.

Funeral services will be held at 10 o'clock Friday morning from the Ozona Church of Christ for Charles Adron Farris, 46, with A. C. Knight officiating. Graveside rites will be held at 4 p. m. in the Cowboy, Texas, cemetery, with James Funeral Home in charge of arrangements.

It was nothing like that when the head of our family started on his weight-lossing program. We were discussing our weight one day and what the years do to one, when my better half (?) mentioned his weight. I, in turn, mentioned mine. After a short discussion, we discovered that since our wedding day, he had gained 60 pounds and I had gained 6. And, that's what started him on his present diet.

I've heard a lot of talk about X-rated movies. They tell me that every adult should see at least one, before they can begin to realize how sick the movie industry has become. I certainly intend to see one at my earliest opportunity and that is when I have found a suitable disguise.

It seems that little cars with big engines are on the way out, except for the very rich. Most of the nation's major automobile insurance companies are adding surcharges ranging from 20 percent to 50 percent of the premium on so-called "muscle cars," according to an article in a recent Wall Street Journal.

Can you imagine what this is going to do to young men under the age of 25 and unmarried, who already pay fantastic insurance premiums each year?

At the rate premiums are climbing, you'll soon be paying more for your teen-age son's car insurance than for his car. This is terribly unfair. The safe driver is penalized. (Continued on Last Page)

CONTEMPT—OR DISSENT?

The uproar following the contempt convictions by Judge Julius J. Hoffman in the Chicago 7 trial was predictable. We recall reading, perhaps four or five years ago, noble statements by some of those who hate America that it was all right to break the law, because, they said, they would be willing to suffer the consequences. Of course, their subsequent behavior has been quite the opposite. When called to the bar of justice, the lawbreakers weep, wail and gnash their teeth, and they fight with every legal device at their disposal to escape the consequences of their anti-social behavior.

We believe that it is most important for all of us to keep clear heads and not be deceived by the flood of hysterical and misleading statements stemming from the "Chicago 7" controversy. We could cite a dozen examples, but to mention just one; there appeared in the left-of-center Washington Post a story highly favorable to defense attorney William M. Kunstler, 50, who was sentenced to over four years in jail for contempt of court. The story was headlined: "Kunstler Defends Dissent."

But let us consider the word, "dissent". We believe we know what the word means; most certainly this paper reserves the right to dissent, or disagree, with all sorts of things. However, during the trial of the "Chicago 7", Judge Hoffman was verbally abused with outbursts, usually screamed out, such as: "Tyrant! Tyrant!" "You Schtunk — your idea of justice is the only obscenity in this room." "Julie, how's your war stock?" "You're the laughing stock of the world. Every kid in the world hates you. You're synonymous with the name Adolf Hitler. Adolf Hitler equals Julius Hitler." At one point, a defendant screamed at the government prosecutor, in largely unprintable language: "You know you ain't got no case" — and then to Judge Hoffman: "Sick it up your bowling ball."

We are not about to pre-

tend to be legal experts, but if the remarks and behavior of the Chicago extremists did not constitute utter and complete contempt, then we simply don't know the meaning of the word. One thing we do know; the Washington newspaper headline was — bluntly speaking — categorically false.

There is a vast difference between legitimate dissent in the American tradition of an open society with free speech, free assembly, fair play, or sharp debate with its challenging interplay of opposing ideas and opinions. Dissent has nothing in common with the sneering, snarling contempt displayed by the "Chicago 7" and their "new left" lawyers.

THE IRONY OF WAR

Probably no "war" in the history of our country has been so confusing to so many people as the one in which we are involved now in Vietnam. We put "war" in quote marks in our editorial context, because there is even some question among our highest authorities as to whether, technically speaking, we are "at war". No war has officially been declared; the savage conflict in which we are involved, and in which we have committed thousands of American troops and lost thousands more in deaths and injuries just seemed to grow like Topsy. Furthermore, several Presidents of the United States including the man now in office, have declared that "it is not our objective to win a war; it is our purpose and policy to deter aggression" — or words very close to those.

Just how we are going to stop the Communists from taking over South Vietnam — without trying to "win" — is, of course, the \$164 question, and one that can start a real good argument with almost anybody at the mere drop of a hat. We have been hoping that Mr. Nixon would be a little more direct, and a little more precise, in

spelling out American policy in Vietnam than were his predecessors. Unfortunately, however, the President has left many fuzzy edges all around the Vietnamese question. All we know is, from the experienced position of this Editor's chair, that if you stop ten people and ask them about Vietnam, you will very probably get ten different interpretations as to why we are there, how we got there in the first place, what we really intend to do, whether our efforts have been worthwhile or a waste, and whether, in the end, the Communists will win or lose.

But, if there is confusion here, there are signs that some of the enemy is terribly confused, too. The Congressional Record on February 5, tells the story of a young Vietnamese girl brought by her Aunt for treatment to a U. S. Air Force doctor, Capt. Jerold D. Albright of Haven, Kansas, stationed at an American hospital in the Mekong Delta area. The girl suffered ghastly wounds; both of her hands had been blown off at the wrists. After Dr. Albright had treated the girl as best he could, she told him that she was helping her Aunt, a Communist Viet Cong, to plant a bomb under the seat of the doctor's jeep in order to kill him. . . . but the fiendish device went off prematurely. How ironic that when disaster struck, the Communist woman took her niece not to her "comrades" but to the American who intended to murder! And at what an awful cost to the unfortunate girl.

All wars produce their ironic stories, but the Vietnam war seems to have more than its share. We can but pray that out of all the confusion, the horror and the tragedy of Vietnam there will come liberty, and justice and freedom for the people of Vietnam.

Mrs. Don Patrick has returned to her home in Tulsa, Oklahoma after visiting her parents Mr. and Mrs. John W. Walker.

WELCOME FOREIGN POLICY SWITCH

President Richard Nixon's state of the world" message — described as "the most comprehensive statement ever made on American foreign policy" — contained some happy news for long-suffering taxpayers; that the burden of bailing out the rest of the world would be shifted more and more from the shoulders of American taxpayers to the foreign governments.

Only recently, Representative Otto E. Passman (D. Louisiana) entered in the Congressional Record a staggering resume of what has happened to a great many of our hard-earned dollars.

For the period encompassing the fiscal years 1946 through 1969, the total net foreign assistance to 121 nations and seven territories of the world has amounted to \$122 billion. Total net interest paid on the money we had borrowed to give way

exceeded \$60½ billion, for an overall total of \$182½ billion. Here are some other items which should interest taxpayers:

From the end of 1950 to the end of 1968, United States gold holdings dwindled by more than \$12½ billion. In the same period, gold holdings of the other countries of the world increased by more than \$17 billion. At the same time, short-term dollar claims of foreigners against the United States increased by more than \$27 billion. Meanwhile, our balance of payments was in the red in every year but two, showing a total net deficit for the period of \$36.896 billion.

The dozen nations that have received the greatest portions of our largesse,

stated in billions were: Korea, \$7.8; Great Britain, \$7.7; India, \$7.5; France, \$7.0; Vietnam, \$5.9; Italy, \$5.4; Turkey, \$5.4; Republic of China, \$5.0; Greece, \$3.7; West Germany and Berlin \$3.7; Japan, \$3.6; Pakistan, \$3.5.

The American foreign policy shift will not be reflected this April 15th, approaching too fast for comfort; but hopefully we will see some respite in 1971. Provided, that is, that the "well-fare staters" fail to find someplace else to spend our money.

KAREN WEARS A DRESS

By Georganne Jones
 Karen Sewell wear a dress? Never, until February 16, that is. Also thanks to Curtis Weant, she will wear one from 8 a. m. to 3:30 p. m. every day until March 5.
 Karen and Curtis wrote a contract which stated that if Karen wore a dress for 14 days in a row, Curtis would wear a dress for one full day. To make sure that Curtis didn't back out of the deal, Karen had a majority of the students sign the contract.
 When Betsy heard that Curtis would wear a dress, she said that she would wear one, too. Karen decided to make the deal binding so she wrote another contract and also had it signed by students.
 Karen has worn a dress ever since. There seems to be no loopholes of escape for Curtis or Betsy. —ohs—

HI SCHOOL HOROSCOPE

By Elizabeth Jones
 Ozona High School students now have only about twelve weeks of school left. After the last six weeks, who could take too much more of this?
 The track boys travel to Ft. Stockton on Saturday to attend their first track meet of the year. Those students who aren't grounded (for obvious reasons) should support the track boys by going to Ft. Stockton. There will be lots of other boys besides those from Ozona for

the girls to watch.
 The volleyball girls started off their season this week with lots of support from the student body. Keep it up!
 The week, in general, should glide by since teachers are over and teachers have slacked up (for a day or two anyway).
 Predictions: Bad, sad seniors.
 Volleyball girls running, running, and running.
 Track boys winning in every event in Ft. Stockton. Some boys going to a pay sale. —ohs—

TRACK

By Sadie Tillman
 There are 14 events in a track meet and each school may enter three boys in each event except the two relays. A school may enter only one relay team with fourboys on it in each relay race, the 440 relay and Mile Relay. That means there are 44 places to make a track team. The events that are run in Texas are:
 440 relay, 880 yard run 120 yard high hurdles, 100 yard dash, 440 yard dash, 330 yard intermediate hurdles, 200 yard dash, mile run, mile relay, shot discus, high jump pole vault, and long jump.
 Coach Richey said that about 55 boys are going out for track. The captains are being elected and will be in next week's article. —ohs—

The AMERICANA

OZONA BUTANE CO.

New Camaro. Feb. 26th.

We've never announced a car at this time before. But then nobody's ever announced a car like this before.

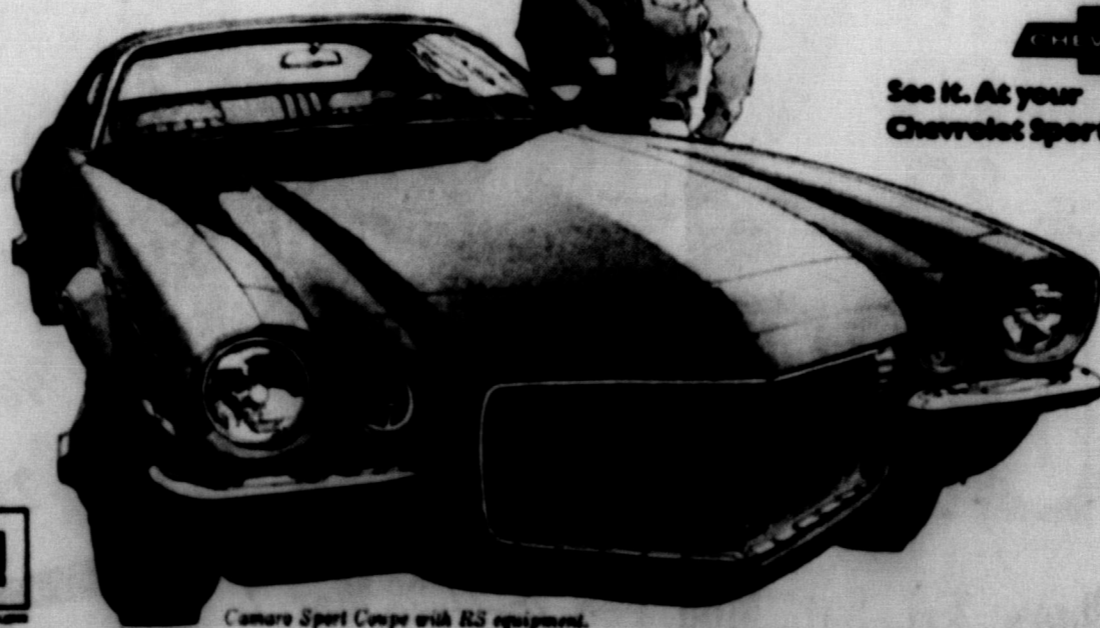

Super Hugger

If it were an ordinary sportster, we'd have introduced it at the ordinary time. Instead, we took the time to build a whole new Camaro.
 We started with a sleek new shape and a low road-hugging stance.
 And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.
 The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.
 There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.
 And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger.

Other sportsters always feared it might come to this.
 And they were right. Only their timing was wrong.
 Putting you first, keeps us first.

See it. At your Chevrolet Sports Dept.

WASHINGTON AND SMALL BUSINESS

AS HEARD BY HEARD

How High Can Up Be?

No one can predict when a strike will end, but as this is written the strike at General Electric continues.

It is not a proper activity for small business to jump to the defense of any big corporation, as they can usually take care of themselves.

But the basic issue involved in the G-E strike, assuming it is still going on at this time, is a most provocative one.

Lemuel Boulware, a distinguished industrial consultant, who was second in command of the War Production Board in World War II, has developed a doctrine that labor leaders have dubbed "Boulwarism," and it is this doctrine which is involved in the G-E strike.

Basically, the issue is this: Before the time came up for renewing its labor contract, the G-E management studied all factors of the industry. The cost of raw materials, the apparent capacity of the consumer to buy, were all weighed into the considerations. Other considerations included the cost of money for maintenance and expansion, and the ever increasing competition created by an increasing flood of imports.

Out of this study it was determined that G-E could afford a certain level of pay raises. Now instead of announcing a much lower figure, then finally going to the figure offered after weeks of haggling at the bargaining table, G-E merely announced the proposed raises as the only offer.

The labor leaders immediately raised a hue and cry about this offer and pulled the workers out on strike. Their position is that this procedure does not leave room for bargaining, and thus defeats the aims of collective bargaining. Insofar as current laws go, they perhaps have a valid point.

But there is still a further consideration: Are present labor laws in themselves valid?

After all, it appears quite illogical for such important matters affecting the economy of the nation to be decided like a pro football game.

There comes in economics, as there comes in all things, a point of no return. Production costs can get so high that the consumer does not buy, then the entire economy totters.

While in the G-E dispute there is no way of telling whether the company offer was as far as it could go, one thing seems quite obvious. A business, no matter how big, or how small, cannot go on forever paying out more than it takes in.

If, as it appears at present, the nation's politicians have jumped on the bandwagon of "consumerism," perhaps it is well to consider the consumer's ability to continue to pay more and more.

House To House Heart Fund Drive Saturday, 5 To 7

Volunteers for the Heart Fund will be on the march Monday, March 2, from 5 until 7 p. m. Members of the Woman's Forum have taken the Heart Fund as a club project this year with Mrs. Jake Young as chairman.

Volunteers are asked to meet with Forum members Monday afternoon at 4:45 at the Hiway Cafe to pick up kits and information for the house to house canvass.

The heart volunteers will visit homes in every section of Ozona to accept contributions to the 1970 Heart Fund Campaign, and, as educational ambassadors, to distribute heart-guarding literature.

Where the volunteer finds no one at home, she will leave a pre-addressed mailing envelope in which a contribution may be conveniently sent to Heart Fund headquarters during the next few days. The house-to-house canvass marks the end of the Crockett County Heart Association's annual Heart Fund Drive. However, memorials may be sent throughout the year to Mrs. Dempster Jones, Heart Fund Memorials Chairman.

Letters to the Editor

Editor,

The Stockman
Ozona, Texas

Dear Sir:

America needs a 3rd party. The Democratic and Republican parties have failed the average American whose taxes support the nation.

The Republican and Democratic parties are purposed to help certain organizations — not the Average American. The Al Price Party if elected will devote all its efforts for the Average American and for America. The Al Price Party is not against organizations — but the Al Price Party is firstly concerned with the Average American and America.

Crime, Pollution, waste, war, etc will be controlled by the Al Price Party — pronto. The Al Price Party will spend all its time and

efforts promoting the positive — for all Americans and for America.

HIGHLIGHTS AND SIDELIGHTS

From Your State Capital

By Vern Sanford
Secy. Texas Press Assn.

Austin Texas — Homeowners throughout Texas apparently are in for a substantial increase in their insurance payments.

State Insurance Board's staff has recommended these average hikes:

Statewide extended coverage, 6.9 per cent.

Fire insurance, 1.7 per cent.

"Homeowners" policies, 18 percent.

Recommendations were made as the insurance board held its annual hearing preparatory to promulgating new rates and possibly some new changes in its rules concerning these forms of insurance.

Board will set new rates around the end of next month, making the effective date early July.

Rates actually will vary according to location, building use and construction.

Another jolt would be Texas Insurance Advisory Association's recommendation of mandatory \$250 deductibles statewide on all windstorm, hurricane and hail coverage. Mandatory deductible now applies only to seacoast territory for this type coverage and that is limited to \$100.

TIAA further suggested one-year optional "homeowners" policies be permitted. Present policies now run for three years.

notice it still intends to enforce the law against sale of liquor by the drink despite the court's invalidating its private club "guest" rule.

Case involving the rule is on appeal to the State Supreme Court. Meanwhile, ABC said club owners are mistaken in interpreting the Court of Civil Appeals' decision as giving them the go-ahead for mixed-drink sales to walk-in guests.

BUSING REFERENDUM CONSIDERED — Gov. Preston Smith asked the State Democratic Executive Committee to consider putting the question of school busing to achieve racial balance on the May 2 Democratic primary ballot as a referendum issue.

While not stating his own position, Smith argued that Texas voters should have a chance to express their opinions. He noted that the problem is "a federal and local issue" and called on federal officials to "assist us at the state and local level to upgrade our neighborhoods and our schools."

Meanwhile, the busing issue came in for attention from Democratic Senatorial candidate Lloyd Bentsen, who called compulsory busing "the most disruptive threat facing public education in America."
