## Kitty's Korner

By Kitty Montgomery

Young Americans for Freedom, founded in 1960, is the nation's largest youth group dedicated to the challenge of preserving and expanding the freedoms of our heritage. YAF chapters are becoming active on the campuses of our nation in an effort to stem the harm done by the radical left. You have heard very little, if anything about this national organization of young people. However, Young Americans for Freedom, 50,000 strong, is actively countering leftist notions with constructive programs through our heritage of lawful processes. They are directly responsible for the "Tell It to Hanoi" anti-communist tabloids being circulated wherever the job rears its ugly head.

Young Americans for Freedom is not as well financed as the radical left wing group and freedom is not as easy. These kids must depend on patriotic donations to stay in business and become more effective. I do usually solicit funds in this column, but will make an exception in this case. You may make your contribution to freedom by sending your check to Young Americans for Freedom, 1221 Massachusetts Ave., NW, Washington, D. C. 20005. The nearest chapter I know is at Baylor University in Waco.

Bear in mind that the radicals were able to raise \$1,000 just for their mass October 15, Moratorium. The fact that most of this money came from the Communist elements doesn't make it any the less impressive. The Vietnam Moratorium was organized by the "New Mobe" whose leaders, according to FBI Director J. Edgar Hoover, are coordinating their activities with international Communist elements."

It's a funny thing, I went to see the movie the other night and see Elizabeth Taylor, and could hardly help remembering. When she gained national stardom with "Nation Velvet," more years ago than I want to think about, and I were the same

Yet, when I read anything about her these days her age spoken of as "in her late thirties." Here I am in my middle forties. How come?

A new crop of kids are this week with "Driver Education." Part of it is sitting in the park and watching down traffic violators and they are really at work. Soon they will be shown films of automobile accidents and the results of same. Many won't be able to sleep at night after seeing these film strips. It comes the driving with instructor. In this case Rip Sewell. This experience will probably get his ready for football season. Otherwise it will do him good at all. However, they have to have the "be the wheel experience." Usually they take their final after passing the driver's license test. You will see the safest bunch of drivers you ever saw. For a year that is then seem to forget everything they have ever learned.

Wonder if it would not well make a stipulation that licenses issued to the driver set that they must the film strips once a month until they are 25. After that would do more for them (Continued on Last Page)

**RUNNERSUP** in the week end partnership golf tournament at the Ozona Country Club were Duane and David Childress, pictured at the No. 1 tee leading off for the second round. Duane, foreground, appears not too happy with brother David's shot. The brothers were one stroke back of the winners, Burkett and Allen from Big Lake.

## Allen-Burkett Repeat For Tourney Crown By Edging Childress Bros.

The annual Ozona Partnership golf tournament was a repeat performance of last year with H. O. Allen and Eddie Burkett both of Big Lake, successfully defending their title with a one-stroke victory over Ozona's Childress brothers, Duane and David. Allen Burkett carded a 164 over the 45-hole match and David and Duane were a close second with a 165 in the championship flight.

There was a tie for third with scores of 166. Winston Koerth of Ozona and Blackie Howard of San Angelo won the flip of the coin over Stuart Chancellor and Roy Waterhouse, both of San Angelo.

A Big Lake pair also won the first flight. Jerry and Clyde Perry took the honors when the dust cleared Sunday with a 45-hole total of 174. Jimmie Barbee and Beecher Montgomery were second with a 176 total for the two days and Doug Moore

Mrs. Kaleta Shepperson will be installed as Worthy Matron and R. L. Flowers as Worthy Patron.

Other chapter officers to be installed are Gale Jones, Associate Matron; Scottie Houston, Associate Patron; Letta Powell, Treasurer; Jean Connor, Conductress; Eula Elmore, Associate Conductress; Gertrude Perry, Chaplain; Mary Logan, Marshall; Mildred Webb, Adah; Lorene Cade, Ruth; Juanita Mills, Esther; Jan Allee, Martha; Billie Jo Hayes, Electa; Glenn Webb, Warder; Donna Hightower, Sentinel.

Mrs. Jordice Poehler of Big Lake will serve as installing officer; Mrs. Rose Hughes of Big Lake, will be installing marshal, Mrs. Mary Lee Hull of Sonora, installing chaplain; Mrs. Esther Loeffler of Sonora, installing organist, and Mrs. Billie Edison of Big Lake, installing secretary. The public is invited.

## Collision; Cow Is Dead, Pickup Smashed

Only one automobile accident was reported in the county this week by Highway patrolman John Harris, DPS, a pickup-cow collision 35 miles southwest of Ozona on the Pondera Road. There were no injuries except for the cow, which was killed and damage to the brand new pickup was \$300.

Lewis Doran, had driven the pickup, purchased that day by the Joe Blakney ranch, from San Angelo and had almost made it to the headquarters ranch when he rounded a curve and a black Angus cow, belonging to Jake Young was in the road. Doran attempted to miss it, but hit the cow almost head-on.

**Airman Johnny L. Barbee**  
**Airman Barbee**  
**Completes Basic**  
**At Lackland AFB**

San Antonio — Airman Johnny L. Barbee, son of Mr. and Mrs. Jimmy L. Barbee of Ozona, Tex., has received his first U. S. Air Force duty assignment after completing basic training at Lackland AFB, Tex. The airman has been assigned to a unit of the Tactical Air Command at MacDill AFB, Fla. for training and duty in the civil engineering structural and pavements field. Airman Barbee is a 1969 graduate of Ozona High School and attended San Angelo (Tex.) University.

Mr. and Mrs. Jeff Kearney of Waco were here over the weekend visiting Mrs. Kearney's parents Mr. and Mrs. Beecher Montgomery. The couple recently moved to Waco from Fort Worth where they both received bachelor degrees from T. C. U. Mr. Kearney is enrolled in Baylor Law School in Waco.

## American Legion Post Named For Sgt Gary D Pagan

Ozona's newly formed American Legion post has been named the Gary D. Pagan post, in honor of Sgt. Gary D. Pagan, son of Mr. and Mrs. J. A. Pagan, who was killed in action in the Republic of Vietnam November, 1968.

It is customary for American Legion posts to take their name from a list of local war casualties. In this instance, Sgt. Pagan's name was selected to receive the honor. Sgt. Pagan was Ozona's last war casualty.

Sgt. Pagan was killed while going to the aid of a member of his patrol who was pinned down by enemy fire. Among the many medals received by Sgt. Pagan's family is the Silver Star for gallantry in action, the third highest honor given to American service men. He was a member of the First Air Cavalry of the U. S. Army. Many medals of honor have come to the Sargeant's family from the United States government and from the Republic of Vietnam.

The post held its first regular meeting last Thursday night at the courthouse. Memberships are still being solicited and any veteran of World War I, World War II, the Korean or Vietnam Wars is eligible. Claud (Hack) Leath was elected post commander at the organizational meeting, attended by 17 veterans.

## Two Members of Ozona FFA Chapter To Get State Farmer Degrees

Ozona FFA member Jim Bob Bailey and Alton Everett were both accepted as candidates for State Farmer Degrees. The State Farmer Degree is the highest rank an FFA member can attain on the state level. The award is based upon leadership and the project program in Vocational Agriculture. Both boys have outstanding programs and will receive their state degrees at the State FFA Convention in San Antonio in July.

Alton Everett was also named the Area II winner of the Texas Sheep and Goat Raisers' award. By being selected as the number one student in the area in sheep and goat production, his records are now being analyzed and judged on the state level. The state winner will be announced at the state convention.

Jim Bob Bailey was in competition for Area II president but was unable to secure enough votes to be elected. He will serve as vice-president for the area this coming school year. Mark Tillman and Alton Everett served as the official voting delegates from Ozona for the convention.

## Contract Let For 3.5 Miles Hiway 163 Construction

Austin — A contract for highway construction in the San Angelo district has been awarded by the Texas Highway Commission.

The work will be under the supervision of District Engineer J. A. Snell, and will be in Crockett County.

Allan Construction Co., Inc. of San Antonio was awarded a contract for grading, structures, foundation course, two-course surface treatment and delineation on 3.5 miles of State Highway 163. Low bid was \$237,256.81.

The project extends from 113 miles south of Ozona to 0.8 mile south of Ranch to Market Road 1973. W. F. Dixon of Ozona is the Highway Department engineer in charge of the project which will take an estimated 100 working days.

Children will be divided into three groups and each group will have its own activity throughout the summer. This summer's theme is "Come and bring a friend."

## Scouting Camp Takes Players LL Games Cancelled

Due to so many Little League's attending Boy Scout Camp, no games were scheduled for this week. Play will get underway as usual Monday night at 6:30.

Thursday night the Flying W Ranchers held onto their second-half lead with a squeaker over Ozona Oil in the second game of the night. It was 0-0 until the bottom of the fifth inning when the Ranchers scored the first run of the ball game. However, the Oilers came back in the top of the sixth to tie the score and hold off the Ranchers for two extra innings bowing out 4-3. The seventh inning was even with the Oilers scoring 2 runs and the Ranchers coming back to score 2. The Oilers failed to score in the eighth and the Ranchers drove in a run to win the game.

Johnny Castro got the only hit for the Ranchers while five of the Oilers had a hit each. Winning pitcher was Cruz Garza and the loser was Doak Field.

The first game was a run-away. Moore Oil got back in the running with a lopsided 18-5 victory over B&B Grocers. Ricky Perry led the Oilers attack with two doubles and a single. Rod Allee hit one over the fence for the losers and Pinkey Gonzales and Lonnie Martinez had two hits each for the Grocers.

Winning pitcher was David Torres and the loser was Pinkey Gonzales.

Bascomb Cox is in Baylor Hospital in Dallas where he is undergoing tests and treatment.

Mr. and Mrs. Kelly Walker and son of Houston were here last week visiting with Mr. Walker's mother, Mrs. Jack Ward and Mr. Ward.

## Story Hour At Library Starts Tuesday Morning

Tuesday the annual Story Hour, sponsored by Beta Sigma Phi Sorority, gets underway at the high school library for children between the ages of 4 and 12 years.

Parents are urged to take advantage of the activity and bring their children each Tuesday at 10:00 a. m. Books may also be checked out by the children for taking home at the end of the reading period.

Children will be divided into three groups and each group will have its own activity throughout the summer. This summer's theme is "Come and bring a friend."

**NEW OZONA BUSINESS.** Cecil Westerman, longtime Sonora and San Angelo drug store operator, is nearing completion of renovations of the Taylor building in downtown Ozona in preparation for opening of his Ozona store. The attractive sign was installed this week and Mr. Westerman expects to be open within the next week or ten days.

### LET'S HOPE THEY GOT THE MESSAGE

A small handful of "doves" in Washington have claimed that they were "surprised" and "confused" by our Cambodian action. There is no reason why they should be. In a major policy speech on Vietnam on November 3, 1969 which was heard and read by millions of Americans, the President announced our policy of gradual withdrawal, and the reduction of our forces by 60,000 men before the end of 1969. (Over 100,000 have now been withdrawn). But the President also enunciated a very clear, and in our opinion unmistakable warning. He said:

"Along with this optimistic estimate, I must in all candor leave one note of caution. . . . I want the record to be completely clear on one point. . . . I want to be sure there is no misunderstanding on the part of the enemy. . . . We have noted the reduced level of infiltration and the reduction of our casualties and are basing our withdrawal decisions partially on those factors.

"Hanoi could make no greater mistake than to assume that an increase in violence will be to its own advantage. If I conclude that increased enemy action jeopardizes our remain-

ing forces in Vietnam, I shall not hesitate to take strong and effective measures to deal with that situation.

"This is not a threat," said the President. "This is a statement of policy which as Commander-in-Chief of our Armed Forces I am making in meeting my responsibility for the protection of American fighting men wherever they may be."

On November 14 last year, in another major policy declaration, the President said:

"I reaffirm now our willingness to withdraw our forces on a specified timetable. We ask only that North Vietnam withdraw its forces from South Vietnam, Cambodia and Laos into North Vietnam, also in accordance with a timetable.

"We include Cambodia and Laos to ensure that these countries would not be used as bases for a renewed war."

When, in April of this year the communists did increase their aggression on the Cambodian front, stepping up their infiltration to an estimated 80,000 armed troops and guerilla fighters, they were, in effect, calling our bluff.

Let us fervently hope that, this time, the Communists got the message. The withdrawal program of the United States does not contem-

plate turning the people of South Vietnam over to the tender mercies of the Red goons and killers. The war in Vietnam will be over on the day that the communists cease their aggression and withdraw their troops to North Vietnam. And let not the enemy misinterpret our prayers toward that end as a sign of weakness.

### DISGRACEFUL AND SCANDALOUS

America's Future, a non-profit educational organization in New Rochelle, New York, quotes a "highly experienced newspaperman" in New York who must be nameless as saying that the network television news media handling of our Cambodian action has been "disgraceful, even scandalous."

The newsman, says America's Future, spent several days monitoring the major tv networks. The impression given, he reported, was that "the entire country, including every college campus in the United States, was not only opposed to the President's action but actually horrified by it." The tv reports "played up heavily that about colleges and universities shut down."

But did 200 colleges and universities close down? One of the major newspaper news services, after a national search, came up with a figure of only 60. Why the difference? Was it the idea of someone in the tv news department to try to make things look as bad as possible for the United States?

What has been your impression from tv news, of campus disorders in the United States? That millions of students on virtually every campus in the land has indulged in a binge of violence?

Then listen to this: a survey made by the Government Accounting Office for the Senate Government Operations Committee, covering a 20 month period of "peak" disorders, shows that out of 2,373 institutions of higher learning in the United States, there was no disorder, violence or lawlessness on 2,162 campuses — more than 90%. Violence and lawlessness, the study showed, occurred at only 211 colleges and universities — less than 10%. Is that the impression conveyed by the big networks? What sort of "balance in the news" can be

### WATCH OUT—IT'S YOUR MONEY

found when millions of peaceful, law-abiding, education-seeking youth are all but totally ignored?

Did the tv networks suggest to you that most of the campus riots, bombings and burnings have been against Presidential policy (whether Nixon or Johnson)? Wrong again. The GAO survey shows that more than half of the student radical attacks were against school administration policy. The other attacks were against the Viet War and draft, ROTC, Corporate recruiting on campus; Military Research (by the school); and military recruiting (on campus) in that order.

May we suggest that your newspaper (whatever our shortcomings and human limitations) is your best, most reliable, up-to-date and accurate source of information

on current events? We'll stand behind that statement against all comers.

### STOP CODDLING YOUTHFUL CRIMINALS

Congressman Edward J. Derwinski (R-Ill.) inserted in the March 17, 1970 Congressional Record some most appropriate remarks by Judge Samuel S. Leibowitz of the New York Criminal Court relative to "juvenile" delinquents.

Judge Leibowitz said: "Throughout our land, grown men cower in their homes with their wives and children about them. Our residential streets are nighttime challenges for only the bravest. Lurking in the shadows, wait robbery, murder and rape.

"The tragic fact is that an ever increasing number of these crimes are being com-

mitted by juveniles . . . her; the "kids" who terrorize the candy store owner before killing him. Do we rehabilitate monsters?

"These are criminals in every sense of the world but one — by reason of their ages, they are children. So they wind up in our juvenile courts to be pampered, coddled, 'understood' and too often given 'another chance'. Certainly, we would rather rehabilitate our young than stigmatize them for life as criminals. But one reaches a point where one starts thinking of the protection of society. ### Murderous Holidays

There is a rumor that Congress will soon be asked to outlaw three day holidays.

Probably not too much credence should be placed in this rumor but it makes as much sense, if not more, than the hysteria raised over gun control.

After all, any national three day holiday usually results in the grisly toll of somewhere around 600 people killed, with no particular count made of the number who are maimed.

Now a nut is a nut, whether he has his hand on a gun, on the steering wheel, around a butcher knife, or if he stands up in a canoe.

Of course, a lot of nuttiness would be eliminated if the use of marijuana and other narcotics were stopped, but so far the Congress has not been able to cope with this situation. In fact, it has appropriated funds to bureaus which have announced they are seeking to see if "grass" is really harmful.

There has been a great deal of nonsense indulged in equating guns and political assassinations. Assassinations have no place in the American scheme. They are deplorable.

They were deplorable in the closing era of Rome, too. But it is significant that it was not until Roman political leadership became decadent that the rash of political assassinations became the vogue. Is it possible

that history is trying to tell the American Republic something?

Congressman Wright Patman, who has lived through a great deal of the turmoil of this century, including combat in World War I recently wrote "Highly restrictive gun registration laws that come close to confiscation actually endanger many thriving small business concerns. I still believe that legitimate gun ownership is an asset to the individual and to the nation... an opinion that I share with the framers of the U.S. Constitution."

It is significant that a group called the Commission on Violence advocates confiscation of all hand guns, but does make an exception for small businesses that are subject to robbery and other depredation.

In essence, what this worthy group is saying is "It is no longer safe to live in the United States, thus, because your government cannot make it safe for you, it should take away from you the only means you have of protecting yourself from the lawlessness that cannot be curbed."

So, why not do away with three day holidays? A nut at the wheel is deadly. Perhaps the solution is to remove nuts from the American society.

If this were possible, it would be a great boon to the taxpayers as such action would surely thin the ranks of Washington bureaucracy.

### TIPS For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

This spring the country landscape has been unusually beautiful with the lush growth of colorful native flowers. Several have asked the names of some growing along our highways which are now in bloom. Two from the mint family are Salvia farinacea, blue sivia or blue sage which grows mostly in pastures between here and Austin in a massed glorious blue with gay foliage. To me, it competes in beauty with the bluebonnets. Another is Monarda dispersa or purple horsemint which grows in pastures and along railroad tracks. Bee keepers consider it one of the most important sources of honey in Texas. It grows 1 to 2 feet high with long showy, purple rosettes at intervals along the upper portion of the stems. The East Texas variety, Monarda fistulosa, bears only one pink flowered rosette at the tip of the stem. It is easy to grow, as it spreads from year to year by new plants arising from the root stalks. The tall spikes are especially delicate and pretty to use in spring arrangements.

From the phlox family is another tall attractive plant to be seen now, Gilia rubra, standing cypresses, with the upper one-third of the stem covered with scarletred, five-pointed, tubular flowers. Still another showy plant of the limestone hills is the Erythraea beyrichii, mountain pink, from the gentian family. It is a low mound-like, fork-branched plant, two to ten inches high, covered with a mass of star-like pink blossoms. Truly a ready-made bouquet. Early settlers used it for a fever medicine.

Texas has such widely differing physiographic conditions that Texas A&M University divided the state into nine soil districts, which are the basis of our organization. Ozona is in District VIII, which includes 24 counties from Del Rio on the south to Olney on the north. Some plants which are considered weeds in one section, require protection in others. Each district is given the privilege of setting up its

### own wild flower conservation list.

Last year, the lowly Johnson grass was featured at the National Garden Club meeting in Dallas. When plans had been made several years before, the nine districts had been invited to help with the decorations. District V, thirty counties east of our district wanted to make something representative of its area which would be remembered and would include the capitol of Texas, home of former President and Mrs. Lyndon B. Johnson, the great farming and ranching country of central Texas, Ladybird's Beautification Program, and tales of "Tall Texans."

Upon walking into the immense ballroom, the sight was one to behold. Tall topiary trees with great masses of gold Johnson grass and profusions of red ladybirds were the center of interest at each table. One lucky lady at each table was the winner of a tree to take home with her. One of the winners started a whole new chain of events, which has created a great deal of amusement and interest. A former president of National Council of Garden Clubs of Butte, Montana, contacted the director of District V, wanting to make duplicate arrangements for the Montana meeting, but felt that Montana did not have a comparable wheat or grain to the precious Johnson grass.

So again the ladies of District V are gathering the grass to be imported to Montana for their summer meeting. According to the Lone Star Gardener, they are concerned that if the preserving and painting of the Johnson grass does not kill the fertility, the entire state of Montana may sue District V for its kind endeavor.

# SCHOOL IS OUT! VACATION TIME IS HERE!

Isn't it a wonderful feeling! This is the season of the year when families really get together and enjoy the many things that America has to offer.

It is, also, a great joy and satisfaction to be able to enjoy so many of the good things in life, due to our sound credit economy. The extra clothing, sports gear or whatever we may need to make a pleasant vacation trip, we can use our privileges as a good credit customer to say "charge it," and have the extra time to take care of our obligations.

No where else do people enjoy this privilege as do the people that live in free America. — Aren't you glad you are an American?

LEGAL NOTICE

Being certified by the Commissioner of Agriculture of the State of Texas for its purpose, the Texas Turkey Federation of Bryan proposes a referendum election on July 27, 1970, under provisions of Article 16, Vernon's Civil Statutes, of the proposition of whether or not turkey producers of the State of Texas shall assess themselves a maximum amount of two cents per live hundredweight plus an additional one cent per head on mature birds as defined by U.S.D.A. to be collected at the time of first processing or sale and to elect members of a fifteen man commodity producers board to administer proceeds of such assessment for purposes of promotion, research, education, and disease and insect control designed to encourage the production, marketing, and use of turkeys.

The referendum and election will be held by mail ballots furnished to all eligible voters prior to election date. Ballots must be mailed to the polling place at P. O. Box 3929, Bryan, Texas 77801 before midnight on the election date.

For purposes of this referendum, a turkey producer is defined as a person, firm, or corporation having actual ownership of turkeys being produced. All persons in this category are eligible to vote in the referendum and election, since they would be required to pay the proposed assessment.

Any person qualified to vote in this referendum and election may place his name in nomination for election to the proposed commodity producers board by application to the above organization signed by himself and other persons eligible to vote in the referendum. Such application must be filed at least 30 days prior to the election date.

Any person qualified to vote in this referendum who does not receive a ballot prior to July 12, 1970, may obtain one at his local County Agent's office. 11-31c

### Carl Conklin Earns Many Honors In Fine Record Being Maintained As Student In U of H Law School

Carl Conklin, Ozona law student at the University of Houston law school, has received numerous honors while attending that institution and took office this week as president of the senior class. Carl will finish law school and receive his degree next January.

Awards accorded this young man include Justice of the Honor Court, which is made up of five students. Purpose of the Honor Court is for the five students, acting as a court, to hear all matters in regard to law school policy and to make decisions or rulings on any violations by students or professors of the law school honor code. This court has the power to recommend dismissal from the law school, etc. Appointment to this body is a great honor for a law student.

Carl is a member of the "Advocates," an honorary moot court organization which is quite exclusive. Only 12 members out of 600 students make up the organization and Carl is serving his second term as associate justice. To be an Advocate, a student must win so many rounds or arguments in advanced competition with other students. These arguments are before actual Court of Appeals Judges and lawyers and are conducted exactly like arguments before the Court of Civil or Criminal Appeals. The student must write and file a brief on the question before the court. In short Advocates are students who excel in oral advocacy.

Presently serving as Attorney General in this capacity, Carl represents the entire University of Houston system. Purpose of Attorney General is to represent and prosecute on behalf of the University and University of Houston Student Assn., before the student court of the U of H and before the University Court any violation of rules set out by the University. This includes all cases of misconduct, riots, destroying of U. of H. property, etc.

Carl has received two awards for outstanding service to the Bates College of

DON'T BE A POLITICAL DROPOUT

Law Student Bar Association the Student Bar Service Award and the Howard Pollock Award. He received the latter award this spring for being the overall outstanding law student in Bates College of Law. This award is based on all-around qualities such as service and contribution to the law school and field of law.

He is a member of Phi Alpha Delta Legal Fraterni-

ty, which is the largest legal fraternity on the U of H campus and in the world. He has served as an officer in this fraternity and has been voted the outstanding member of the fraternity and will compete nationally.

Conklin is the son of Mrs. W. P. Conklin of Kerrville and the grandson of Mrs. B. B. Ingham of Ozona. He is a graduate of Ozona High School and A&M University. Before entering law school, he ranched southwest of Ozona on the Pecos River.

THE DOOR through which hundreds of laughing brides and grooms have made their exit in a shower of rice.  
 THE DOOR through which a thousand babies have been brought for holy baptism.  
 THE DOOR through which tens of thousands have entered to worship God and left to serve mankind.  
 THE DOOR which opens and closes countless times — always leaving its mark on the souls of men and women.  
 Today before THE DOOR boy meets girl. No better time. No better place.  
 Will their friendship blossom into love? Will they one day share that shower of rice — and bring their own child to the font?  
 THE DOOR cannot answer such questions.  
 But THE DOOR can open for them, as it does for all men, the Way to God's blessing in our dreams and our hopes.

### THE DRAFT & HS SENIOR Things Happen In Draft Board When Boy Is Graduated

Following are excerpts from a recent Selective Service bulletin containing information of value to recent High School graduates. The bulletin, titled "The Draft and the High School Senior" is a message from Col. Morris S. Schwartz, Texas state SS director.

What happens when this year's male high school senior gets through with commencement exercises in the spring?

In nearly every case, if he is a normal, healthy young man, his draft board is going to classify him in Class I-A as available for military service.

Does this mean that he is going into the Army right away? No. Then why is he put in I-A?

Well, he's no longer a student, so the draft board has to take him out of Class I-S (H), and since at this point, he is usually not qual-

ified for any other deferment, he has to go in Class I-A.

If a high school senior this year graduates in the spring and plans to start to college or university in the fall of 1970, what should he do to assure himself that his draft board will co-operate with him?

Just as soon as he completes high school and he and his parents have decided on the college he is going to attend, he should inform his local board in writing, giving the name and location of the college. When he signs his name, he should write his Selective Service number under it. He must request an SSS Form 104 from his board and sign a request for deferment on this form if he wants deferment in Class II-S. The board can't grant a deferment without this request.

If he is then in Class I-A, or is placed in Class I-A later in the summer, he will remain in I-A normally until he gets into college, usually in the fall.

It Pays To Advertise.

### Boating Safety Rules Proclaimed

Austin — Going boating without the proper equipment isn't just foolish; it's against the law, according to the Water Safety Services Division of the Texas Parks and Wildlife Department.

Craft up to 16 feet operated on Federal waters must carry proper lights and a fire extinguisher if of closed construction; craft from 16 to 26 feet long must carry in addition a hand whistle or horn audible for at least one-half mile.

Larger pleasure craft, up to 65 feet long require a hand or power operated whistle.

Most states have similar equipment requirements.

Other items of equipment aren't mentioned in the regulations, but common sense dictates carrying them — anchor, line, paddle first aid kit, flashlight, tool kit, extra can of fuel, compass and distress flares.

## Accurate and Complete RANCH RECORDS

Are More Important Today Than Ever

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

### Easy To Keep - Complete Record - In 1 Volume

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Send a letter to North Vietnam. Right now hundreds of Americans are being held captive in North Vietnam. A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation. But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent. For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing. Maybe you can change this. By writing to the one man who can change it: The President of North Vietnam. Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to insure proper medical treatment and living conditions. Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution. North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will. But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often. Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam. It'll cost you a quarter. But it might save a life. THE AMERICAN RED CROSS + Maybe they'll open it. [Image of a bamboo cage]

safe driving than charging all boys with the outrageous insurance premiums we parents are forced to pay until they are 25 years of age.

The high cost of insurance doesn't impress my teenager at all, but the gory film strips surely did and I for one, think they should be shown in school at least once a year. Sort of a "lest we forget" project.

Locally, another country and western jamboree, is on tap for Saturday night. It's amazing at the large reservoir of talent we possess around these parts if you like western and folk music, and I do.

It's just lots of old-fashioned fun and the entertainers enjoy it every bit as much as the audience. One Ozona child was heard to remark to her mother, "Gee, mother, we have our very own "Hee-Haw"."

If there is any doubt in the minds of Crockett County citizens that we need a new jail, they should take the time to look it over inside and out. Any time a little guy with a bed rail and a broom handle can break out through a double thickness of rock wall, it is time to be giving some thought to a new facility.

Not that I have any particular concern for the safety of the prisoners, should the old building give up and just fall down, but I do hate the thought of Sheriff and Mrs. Mills being buried in bed some night by the collapse of the ancient structure.

Mrs. Dixie Pettigrew of Clovis was here last week visiting her mother, Mrs. Frank McMullan, and other relatives.

**Diz Reeves Coached Arizona All-Star Team**

Former Ozonan Edwin (Diz) Reeves, son of Mr. and Mrs. W. O. Reeves of Ozona, head baseball coach at Round Valley, Arizona, High School, was named coach of the North All-Stars in a benefit game placed last Saturday at Phoenix Municipal Stadium in Phoenix, Ariz.

Reeves, a native of Ozona, has been coaching seven years, the last three at Round Valley. In that span he has won one first place and took second in his conference five times. At Round Valley his team had a record of 12 wins and 5 losses the first season after winning only one game the year before. Last year the team ended up with 10 wins and 3 losses and this year they have a record of 12 wins and three losses.

Reeves attended Odessa College on a baseball scholarship. While there he was named to the Conference all-star team. He also attended Sul Ross State at Alpine. He coached at Boerne, Texas, before going to Round Valley.

**ENGAGED —** Mr. and Mrs. Clifford E. Wilson of East Haven, Conn., have announced the engagement of their daughter, Marjorie Elizabeth to James Arnold Burton, son of Mrs. Arnold F. Burton of Hamilton, Texas, and the late Mr. Burton, former Ozonans. James Burton was graduated from Texas Tech at Lubbock with B. S. and M. S. degrees. He is currently engaged in post graduate work at Oxford University, Oxford, England, and will be a candidate for the Ph. D. degree in biochemistry in June from Yale University. He was graduated from Ozona High School in 1958.

**New Youth Center Proving Popular In Vacation Time**

Richard Armistead, director of the Youth Center and the Civic Center building, reports that since the opening of the Youth Center, May 19 around 450 young people have taken advantage of the facilities.

The first dance, held Saturday night was a little disappointing as far as the crowd was concerned, Armistead said. There were around 75 couples on hand and a much larger crowd was expected from area towns. However, Armistead pointed out that the event was forced to compete with at least two junior rodeos and other events already scheduled. Another dance is being planned for July.

Although 81 high school memberships have been purchased and 23 junior high, the center still needs members. Memberships may be purchased from Armistead at the center. Fees for high school membership are \$2 and for junior high memberships, \$1. When school begins in the fall, junior high members who will be freshmen turn in their cards along with \$1 for high school membership.

Mrs. Jack Wilkins spent the week in Dallas and Fort Worth.
