Ozona has come to life week in spite of the unpleas- ant heat. Getting the school year under way always creates a frenzy of activity. Although classes do not begin until next week, teachers started to school this week. School and Junior High students are busy re-arranging, football players and members have been doing two workouts a day, the maintenance crew settled into the school

We need around here to complete the picture of a little cool weather, that doesn't seem likely. It does rain for that. However, some of the surrounding area received rain last week, so it's getting closer.

## Searing Drouth Grips Seven New Teachers Crockett Ranch Lands For 1970-71 Faculty

Hot and very dry is an apt description of the weather in Crockett County. With no appreciable amount of moisture since the final days of June, range lands are parched and a record amount of water is being used by home owners in an effort to keep lawns and plants alive.

Grass fires are an ever present threat under current conditions and have fortunately been at a minimum. However, the danger increases with every day of hot, dry weather.

Only a trace of rain fell during the entire month of July and in the aftermath of Hurricane Celia, a little more than a trace was recorded this month.

Ozona is currently in the grip of the most prolonged heat wave of the summer

with temperatures ranging around 100 degrees for each day's high.

TEEN CRUSADERS Dan Zeigler, left, and Terry Pettiet, right, will arrive in Ozona tomorrow for a three-day Youth revival at the First Baptist Church. Theme of the meeting is "Things Most Surely Believed." The young men are senior students at Hardin-Simmons University in Abilene and a preacher-singer team.

## Adult Leaders Needed For Girl Scout Program

Mrs. Jim Marks, who recently took over the duties of neighborhood chairman for Crockett County Girl Scouts from Mrs. Chas. Davidson III, has asked for volunteers to assist with Scouts in the fifth and sixth grade age group.

In getting the Scout year planned, adult leaders for this particular group are needed most, but Mrs. Marks said any adult who wished to help with Girl Scouts would be put to work.

She would be happy to hear from those who are new in Ozona and wish to help with Scout work. Unable to contact newcomers, she asks those who are interested to call her at her home.

Mrs. James Dockery and Mrs. George Montgomery were in Comanche during the weekend for that city's annual homecoming.

## First Baptist Youth Revival Starts Fri.

Terry Pettiet and Dan Zeigler, both of Hardin-Simmons University in Abilene, will arrive tomorrow to hold a 3-day youth revival at the First Baptist Church.

Services will be held each night at 8 p.m., Friday, Saturday and Sunday. The entire community is urged to attend and the nursery will be open each night, Rev. Keith Bailey, pastor, announced.

Terry Pettiet, the evangelist, was reared in Midland and is presently a senior at Hardin-Simmons. He served as Music and Youth Director at Highland Park Baptist Church in Abilene before becoming a "Teen Crusader" evangelist. He also served as assistant to the pastor at First Baptist Church in Midland where he was a member of "Chapelaire's" quartet. Pettiet is a popular speaker at boy's schools and institutions, urging them to do that which is right in their lives. A dynamic young preacher hurling a challenge to the youth of America, he speaks to thousands of young people every month.

Dan Zeigler, singer, was born and reared in Fort Worth. He was a member of "Travelers Quartet," a gospel ensemble popular in Texas as a few years ago. He served as assistant music and youth director in various Texas churches before surrendering to full-time evangelism. He is a senior at Hardin-Simmons and joined the Terry Pettiet Evangelistic Teams late in 1969. His wife, Kathy, is his most enthusiastic supporter.

## Doctor Visits With Eye To Locating Here

Ozona will host a prospective physician this weekend when Dr. Jim Moyer and his wife, Judy, visit the city to look over the medical facilities and discuss the possibility of moving here to open a medical practice.

According to Dr. James Everett Medical Director of Crockett County Hospital and Fred Greer, administrator, Dr. Moyer is interested in relocating his practice in Ozona. He is presently practicing in Amarillo, but has been in touch with Dr. Everett for some time.

It has been the goal of Medica Diversified, Inc., which has been managing the hospital here since June of this year, to secure another physician for the town, according to Greer, and he urged

that Ozonans give the doctor and his wife a cordial welcome during their visit to the city.

Dr. Moyer will spend all day Sunday and possibly Monday looking over the medical facilities, reviewing the needs of the community for a second doctor and looking over the city in general.

Dr. Moyer is a native of Bonner and a graduate of the University of Texas at Austin. He attended the University of Texas Medical Branch in Galveston and interned at R. E. Thomason in El Paso, taking the family type internship.

## T. Loudamy Has Narrow Escape In Auto Crash

Tommy Loudamy narrowly escaped fatal injury around 4:00 a.m. last Wednesday morning when the Volkswagen he was driving was hit by a butane transport truck.

Loudamy, who delivers the San Angelo paper before going to B & B Food Store where he works with his father, was pulling into the highway at 9th St. when a truck, driven by Allen Gamel also of Ozona, hit the small car and literally crushed it. Loudamy was thrown out to the pavement. He was hospitalized with head injuries and some broken ribs.

Driver of the truck was not injured. The truck was traveling south on Hwy 163 when the accident happened, and fortunately had slowed down to enter the business district. The driver was not injured.

Damage to the truck was around \$300. The Volkswagen was totally wrecked.

1970-71 RODEO QUEEN Bridget Dunlap, daughter of Mr. and Mrs. Basil Dunlap, holding the queen's trophy she was presented during the recent junior rodeo. Shelley Jones, former queen made the presentation the final night of the show. Bridget, sponsored by the Ozona Woman's Forum, won the title over eight other contestants.

YOU'LL FEEL THE HEAT

On a single day near the end of July, there were three "hot" news stories on the pages of our national press. The joker is that you may not "feel the heat" until next year—when Uncle Sam comes around to collect your contributions toward government expenditures now being appropriated by Congress.

The first story, from the Office of Management and Budget, revealed the sad news that expenditures for Fiscal 1970 exceeded income by \$2.9 billion. Earlier this year it had been predicted that we would have a surplus of \$1.5 billion. The loss, of course, will be added to our national debt—and you pay the interest.

On the same day it was announced that an aid to education bill had been passed, calling for an expenditure next year of nearly four and one-half billion dollars—\$435 million more than that requested by the Nixon administration. As if that was not enough bad news for one day, a joint Senate-House conference committee announced that it had "compromised" on a \$3.6 billion fiscal 1971 budget for the Department of Housing and Urban Development (HUD)—\$650 million more than requested by Mr. Nixon.

Why Congress insists upon jacking up government costs in the face of rising inflation is a matter difficult to understand. It gives a slightly hollow ring to all of the high-flown talk about the "poor, oppressed consumer." If the welfare staters are so all-fired concerned about the consumer, how about leaving him with a little more of his hard-earned money so that he can buy consumer goods?

Federal Reserve Bank boss Arthur Burns recently said that according to his calculations, about 35% of our national income is now going to taxes—state, local and federal. Prognosticators say that if the Big Spenders continue, come next year the government will be faced with a whopping \$10 to \$15 billion deficit—or another increase in taxes. How much a bigger cut does Congress intend to extract from our pockets? And isn't it about time for our representatives to start thinking in terms of spending less, and not more?

IT'S YOUR MONEY

A little noticed attack on a broad front against government employment practices deserves a bit of attention on the part of those who foot the bill to pay the salaries of government workers.

The attack is being waged through the courts by a group which may loosely be defined as the "new morality" cult—those who, in fact, have no morality, you "do your thing" without restraint—regal of ethical. But this tide of misbehavior is coming into increasing conflict with long-standing codes of conduct for federal employment.

For example, an admitted homosexual has, by court action, prevented the Department of Defense from revoking his security clearance as an employee of an electronics firm handling defense contracts. His argument, since he is openly an acknowledged homosexual, the government does not have the right to deny him access to secret information.

A U.S. district court in San Francisco ruled that the post office department was "arbitrary and capricious" when it discharged a postal clerk for living with a girl who was not his wife. You may recall the widely publicized case of the former FBI clerk who was fired by J. Edgar Hoover for admittedly sharing his bed with a girl not married to him. But did you know that the U.S. Court of Appeals in the District of Columbia ruled that the FBI could not fire the man without first "proving" that he had violated "ordinarily expected standards of personal conduct," and that the Government paid him \$3,000 and allowed him to "resign" from the FBI?

As a taxpayer, what sort of people do you want working for you? If you don't care, don't bother; but if you are concerned with where your tax money is going and what it is doing, it would not be a bad idea to write to your congressman in Washington and insist that government employment should be restricted to those of high moral conduct. And if the question should be raised as to what yardstick to follow—how about the Ten Commandments as a starter?

MISS MAHON HONORED AT RECIPE SHOWER TUESDAY

Miss Cynthia Mahon, bride-elect of George Griffin was honored with a recipe shower Tuesday afternoon in the home of Mrs. J. M. Baggett.

Guests included Miss Peggy Hagelstein, Miss Vicki Applewhite, Miss Chris Clegg, Miss Marsha Moore, Miss Beverly Loudamy, Mrs. Jeffery Sutton, Mrs. Douglas Davis and Mrs. Charles Hopf.

Former Ozonans Bart and Herbert Westfall were visitors here this week. Bart is a resident of Bannhart and Herbert lives in Paris.

TWO OZONA STUDENTS DEGREE CANDIDATES

Two Ozona students are among 133 candidates for degrees at Angelo State University this summer.

They are Juanita Diaz Perez de Pruneda and Frank D. Welch, both candidates for Bachelor of Arts degrees. Graduation exercises are set for 9:30 a.m. Saturday, Aug. 22.

Mr. and Mrs. Willie Schreffler and children, Shari and Dennis, left Sunday for their home in Willis Point after spending their summer vacation with Mrs. Schreffler's parents, Mr. and Mrs. Bud Coates.

GUESS WHO WON'T BUY THE IDEA!

Dear Editor— County Historical Survey Committee Plans Observance

Dear Kitty, Somehow we are managing to get the Ozona Stockman every week despite the fact that it is being mailed to Smotherville, Tex. We are smothering in this hot, humid climate, but I'm afraid the local Chamber of Commerce doesn't appreciate it very much. If your own Chamber of Commerce manager and our dear friend, Hubert Baker, got hold of this information I'm sure he would be delighted. However, for the best of all concerned, I think it would be best if you change it to Smithville. I always go to the post office by myself on Friday morning in order to get the Ozona paper and read it before our three youngsters get hold of it. If they get it before I do I have to get out the tape and put it back together in order to read it. It is rather ironic that we enjoy the paper more since we moved away than we did while we lived there, but not too surprising because while we were there we usually knew the happenings before they went to press. What we really miss are the little juicy tidbits that aren't printable in the first place. Kitty, your column in last week's paper was particularly amusing and I wish you could picture me sitting in the car by myself in front of the post office, smothering and laughing myself sick. I have a 14-year-old who is about to lose his curly locks and I'll be happy to see his face again too. Also, his neck and ears. We were surprised to learn that Ozona got more wind from the hurricane than we did. We were really frightened around here for a few days. Since we live in a mobile home, we batted down and prepared to move out to either the basement of the Methodist Church or the new high school. We waited and waited and didn't get enough wind to call a good breeze or enough moisture to call rain. I never have seen a full blown hurricane and haven't decided yet if I'm relieved or disappointed it missed us entirely. However, after seeing the pictures of the devastation I can honestly say we are very thankful it missed us. I can't tell you how much we miss the warm friendly people in Ozona. Even though we only lived there a year and a half, I think I'll always call Ozona home. I don't really think the people here are unfriendly. They just don't know how to treat new comers. One woman I visited with has lived here five years and she summed up Smithville in two words. She said everybody here is retired or retarded. Since we come under the heading of the second category, we should fit in very well. Maybe we will eventually. Please give our best regards to everyone and thanks for changing our address. Sincerely, Mrs. James L. Netherland Box 307 Smithville, Tx.

STILL A LITTLE AFRAID - This thought is reflected in this youngster's face as the swimming season comes to an end and the city's pools close for the summer. Boys in the deep end get in some horse play before turning their thoughts to something more serious with the beginning of school Monday. This was the scene almost daily at North Pool this summer.

Mrs. Harrell announced that the annual meeting of the Texas State Historical Survey Committee will be held October 23-24 in Fredricksburg. Mrs. Harrell expressed the local committee's appreciation to the county officials for the annual gift of \$400 to aid in the purchase of markers for local historic landmarks. Present were Mrs. W. E. # "Swimming Hole"

One of the greatest pleasures of being a boy is being able to find a good "swimming hole". Clear, cool, clean water in a natural environment, however, is rapidly becoming a thing of the past. Pollution from factory wastes, trash and litter left behind by unthinking citizens, slowly but surely ruin our beautiful rivers and streams. In addition to depriving our young sons the pleasures of the "old swimming hole", this constant polluting of our water will even deprive us of clear, clean water to drink. We must, individually, make constant efforts to keep our lakes, rivers and streams free of trash, litter, and all that would make them unfit for use by boys, men or even animals.

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

## Recipe of the Week From Kitty's Kitchen

**Pork Chops with White Wine**

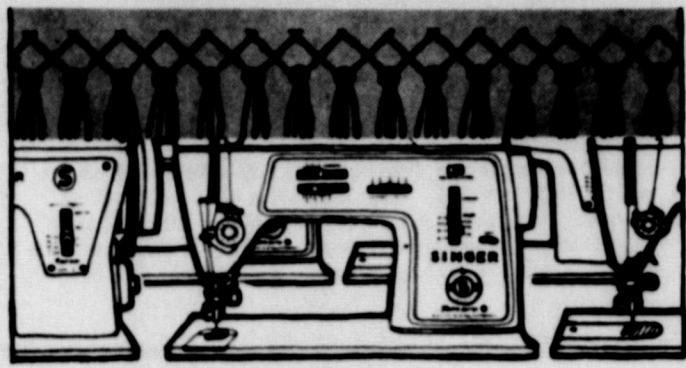

Six loin pork chops 1 inch thick.  
3/4 teas. dry mustard  
1 teas. salt  
1/2 teas. fresh ground pepper  
4 tbs. butter or margarine  
1 large onion sliced  
3/4 cup dry white wine  
Blend mustard, salt and pepper and season the chops with the mixture. Heat 2

tablespoons of the butter in a heavy skillet and brown the chops well on both sides. Remove them to a casserole, preferably one that will hold them in a single layer. Add remaining butter to skillet and saute the onion until soft but not brown. Spread over the chops and fill space with them. Clean out the skillet with the wine and pour over the chops. Cover and bake one hour in a 325-degree oven.  
The sauce is good as is but, if you prefer, drain the liquid from the casserole into a small saucepan and thicken slightly with flour-and-water paste.

Very good served with rice, corn pudding and a tossed green salad.

# WHEREVER WE LIVE

Harold assured Davie and Tommy that moving day did not mean the end of life for us. In fact, we were not going to the end of the earth. Many people would still be around us. Of course, not our same favorite people... whom we will keep on loving even though we don't see them... but new friends who would find places in our lives.

And that's the way it happened.

Our new neighbors opened their hearts to us. Our boys brought school friends home with them to play and sometimes to eat dinner.

Best of all, our family found a new church home - among people who welcomed us because they loved God. Anywhere we go in our country, there is always a church where we can worship with other people.

You, too, can find one wherever you move - and right where you are now.

### Court Accepts Architect's Plans Jail Renovation

In its meeting last week, the Crockett County Commissioners Court approved and accepted the architect's plans for improvements to the jail. The court also voted to continue the Commodity Food Program for another year and approved the hunting regulations recently set by the State Parks and Wildlife Board.

Also approved by the court were plans to hold the finals for the West Texas Junior Rodeo Assn. here in Ozona in September. Ozona has the most conveniently located facilities.

### BACK TO SCHOOL DANCE AT CIVIC CENTER SAT.

The annual back to school dance will be held Saturday night at the Civic Center. Couples will dance to a rock band from Monahans from 9:00 p.m. until midnight. All high school students in the area are invited to come and bring their dates.

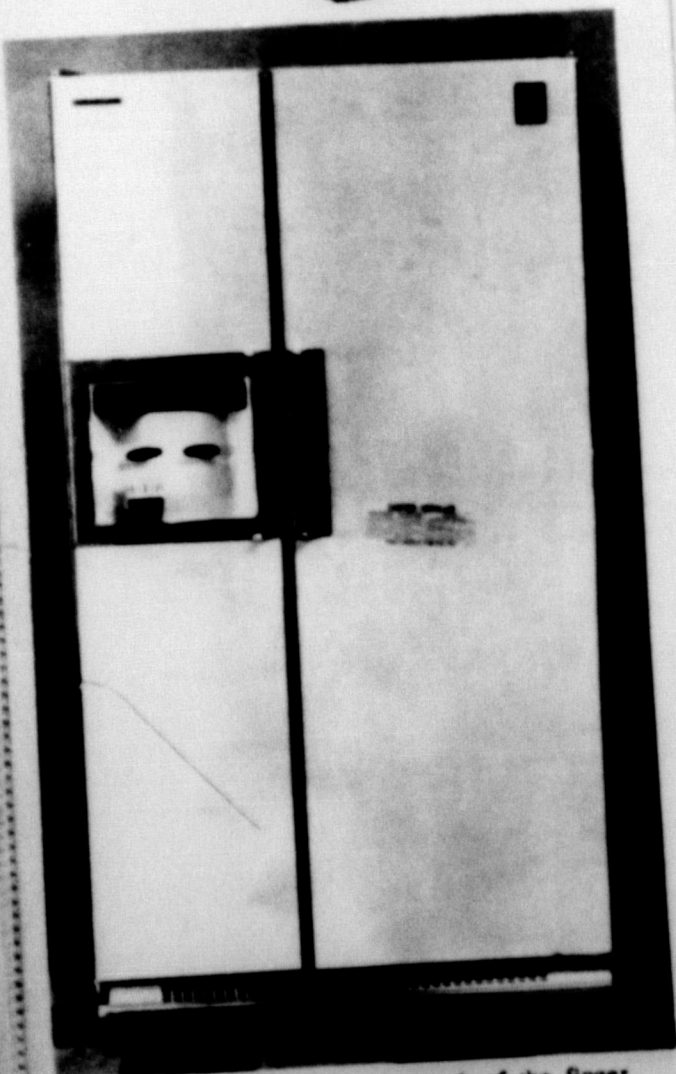

### Pickup Damaged In Sunday Crash North of Ozona

Highway patrolman John Harris, DPS, reported a one vehicle accident in the county during the week.

The accident involved a pickup and a trailer, loaded with bales of rags. Harry Giles of Del Rio was driving the 1969 Chevrolet pickup to Mesa when a rear tire blew and he lost control around 12 miles northwest of Ozona on Hwy 137.

The pickup overturned, causing extensive damage. The trailer remained upright. Neither the driver, nor his passenger, W. M. Ashing, also of Del Rio, were injured.

### Four Outposts Set In S'west Crockett

Monitor Natural Gas Co., Midland, will drill four projects, two of which are outposts, in the Ozona (Canyon sand gas) field of southwest Crockett County, approximately 33 miles southwest of Ozona.

All the projects will be drilled with Rotary to 7,000 feet.

The No. 1-51 Ira Carson, 1 1/2 miles south-southwest and separated by a depleted Canyon producer, is 1,320 feet from the south and 1,910 feet from the west lines of 51-Q2-18-CNRR.

The No. 2-53 Clegg, 26 1/8 miles west-southwest, is 1,420 feet from the north and

1,320 feet from the west lines of 53-Q2-D&SERR.

The No. 1-1 Childress, surrounded by production and 1/4 mile south of the nearest, is 1,320 feet from the north and east lines of 1-BBB-TCRR.

The No. 2-2 Childress, surrounded by production and one mile east-southeast of the nearest, is 1,980 feet from the north and 1,320 feet from the east lines of 2-A-TCRR.

Texaco, Inc. No. 1-C C. E. Davidson Jr., in 10-KL-GC&SF, assured fourth 7,890-foot Pennsylvania producer and a 2,200-foot southwest extension to that pay in the Davidson Ranch multipay field of Crockett County, four miles southeast of Ozona, flowed 44 hours, making 44 barrels of load water, plus gas at the daily rate of 1.6 million cubic feet.

Recovery was through a 3/4 inch choke and perforations at 7,868-97 feet. Testing continued.

The same operator was moving off rotary after setting 4 1/2-inch casing at 6,448 feet on a total depth of 6,450 feet at its No. 1-D-NCT-1 C. E. Davidson Jr., in 9-KL-GC&SF, a one-mile southeast outpost to Canyon sand gas production in the Ozona field, four miles southeast of Ozona. No tests have been reported.

## A Letter To CABLE TELEVISION SUBSCRIBERS

OZONA TELEVISION SYSTEM

OZONA, TEXAS COMMUNITY ANTENNA SERVICE

Dear Cable Subscriber:

Ozona Television System in its 15-year history, has carried on a constant program of improvement, from a pioneering start in 1955 with its tower and antennas bringing in acceptable but not outstanding reception. As months and years went by we tried new antennas, new amplifiers and other new equipment as it became available. Then in 1960 we installed the first microwave units to bring sharp signals from stations KMD, Midland, and KOSA, Odessa. Last year, 1969, two more microwave units brought two other stations, KMOM, Monahans, the ABC station, and KCTV, San Angelo.

Not counting the earlier 1960 microwave installation, this company has spent more than \$60,000 the last two years to bring you better service — the latest move in that direction is one presently nearing completion — the complete rebuilding of the local distribution system with stringing of new aluminum shielded cable throughout the town.

All of this by way of acquainting you with the tremendous and continuing effort your cable system is making to bring you good television.

Now, we have reached the point, not altogether because of system improvement expenditures, but because of continuing sharply rising costs, that we are forced to announce an increase in our monthly rates.

Some examples of the very real cost increases, we can point to that become effective this year, our pole rental (for our cable tied to WTU poles) will double. Also effective in another month will be a new per-subscriber tax imposed by the Federal Communications Commission for support of that agency. Another new and burdensome levy on the system, based on a per subscriber rate, will be a levy by the musicians union as a copyright charge. And, furthermore, local taxes, labor and material costs have all skyrocketed, making the rate raise imperative if we are to continue to serve you.

Effective with the next billing, the monthly rate will be raised from \$5 to \$6. All other rates will remain the same. This is the first rate change since the company was established 15 years ago.

In case you are presently paying your TV connection charge with a draft drawn on you at the bank, we will continue to draw such drafts but at the new rate beginning Sept. 1 unless notified to the contrary.

We value highly every subscriber to our system and we hope you will realize that this move is necessary and that we have no alternative in view of the new taxes and costs imposed.

Respectfully submitted,

For Gardeners

From The Garden Club By Bailey Post

Landscaping a home first to determine of landscape needed...

bloom may be used too, for they can be changed with the season.

Select shrubs and trees that will be in scale with your house and area to be planted without having to be constantly pruned.

Contrast in color and foliage gives more interest and pleasure to the public and you. Also, a variety of greenery will furnish plant material anytime you want it for long lasting arrangements in your home.

will need to be removed and good loam soil added to replace it. Others that can be grown here will need an acid soil mixture and a north, east or shady exposure to do well, for example, azalea, camellia, hollies.

Low shrubs, dwarf yaupon, (low hedge used at Ozona Bank) Burfordi Holly, dwarf Chinese holly, dwarf junipers, dwarf pyracantha, hypericum, (will need some pruning).

Medium shrubs which will need to be controlled are Nandina, Abelia, Mahonia, Pittosporum, senisa, Viburnum suspensum, Rapphollepis (Hawthorn), pink flowering shrub in April. Large shrubs, pyracantha, photinia, cherry laurel, Viburnum (glossy), loquat, Wilson holly, waxleaf ligustrum, Deciduous flowering shrubs,

cremyrtle, Althea, lilac, butterfly bush, mock orange, weigela, dogwood, pomegranate, hibiscus.

Next week's list will include trees and roses.

FACTS It is only through close and constant association with

the things out-of-doors that we gain insight into nature's balance and can do a really constructive job of conservation.

Living mosses can be found at all seasons in a wide variety of localities. The bark of the flowering

dogwood tree was used by early explorers as a satisfactory substitute for quinine. The Yucca plant furnishes an excellent soap substitute, made by agitation of the crushed root of the plant in water. The wood of the mulberry tree is used in making

kegs, barrels and tanks because it does not taint or discolor the liquid contents. There are at least eighty species of owls in North America. Their presence on your land is an asset to the other wild life and human inhabitants as well.

MRS. ROBERT BRUCE MAYFIELD, JR.

### Miss Bishop Bride Of Robt. Bruce Mayfield, Jr.

Miss Debora Kay Bishop became the bride of Robert Bruce Mayfield Jr. in a Saturday evening ceremony at the First Baptist Church. Rev. Keith Bailey, pastor, officiated.

Parents of the couple are Mr. and Mrs. J. L. Bishop of Ozona, Robert Bruce Mayfield of Ozona and Mrs. Earlene Mayfield of San Angelo. Wedding music was furnished by Miss Gilda Graves at the organ.

The bride, given in marriage by her father, wore a traditional wedding gown of white Peau de soie accented with pearl-embroidered rose lace.

Miss Pam Bishop, sister of the bride, served as maid of honor.

Best man was Richard Mayfield, brother of the bridegroom.

Ushers were Dennis Douglas, Fleet Coates and Morris Lee Coates.

In the houseparty for the reception in the fellowship hall of the church were Miss Karen Loudamy, Miss Sandy Mayfield, Miss Vidette Brown, Miss Cyndie Whitehead and Miss Beverly Whitehead and Mrs. George Thorpe Jr. of Sonora.

Mrs. Bishop attended Ozona

High School. A senior, she will attend high school in San Angelo this fall.

The bridegroom is a graduate of Ozona High School and a sophomore student in Angelo State University.

The couple will live in San Angelo.

Mr. and Mrs. Robert Bruce Mayfield of Ozona hosted the rehearsal dinner in their home.

### Mrs. McBea Named Hobby Club Proxy

The August meeting of the Pumpville Hobby Club was held recently at the Langtry Church of Christ with Mrs. W. D. Blackman as hostess assisted by Mrs. Paul Cole.

The menu consisted of hot biscuits, potato salad, ambrosia, bean salad, barbecue chicken, ham, beef roast, pinto beans, macaroni salad, lettuce and tomatoes, fried okra, peach cobbler, cherry pie, cake, tea and coffee.

A brief rest period followed the luncheon, after which officers were installed by Mrs. Cole. Installed were Mrs. W. M. McBea, president; Mrs. Newman Billings, vice-president; Mrs. Edwin Lillie, Jr., secretary; Mrs. Guy Skille treasurer, Mrs. B. C. Babb, parliamentarian and Mrs. Andy White, reporter.

Mrs. McBea took over the gavel and appointed chairman for the year. Mrs. Cole was appointed social chairman and Mrs. G. H. Stork, finance chairman.

Mrs. Cole and Mrs. V. A. Baldwin won the door prizes. Work on the yearbooks was completed and the books were presented to members. A gift was presented to Mrs. Cole in appreciation of the installation service.

A bazaar and Mexican supper will be the club's project for the year and will be held November 14, at Langtry. Everyone is welcome.

Mrs. V. A. Baldwin was welcomed as a new member.

Presented other than the above mentioned were Carl Reese, and Ray Reese of Austin, Jimmy Ray Clark, Lisa Lynn Cole, Debbie Clark, Ed Lillie, Brenda Sue Cole and Janet Cole. W. M. McBea was a luncheon guest.
