RED FINGERS IN THE COOKIE JAR

The Soviet Union's flagrant disregard for world peace has been demonstrated over and over again. Their latest display of contempt for harmony and security between nations has been made more than obvious by the tricky attempt to use the present cease-fire agreement in the Middle East to strengthen Soviet military and political power.

For months the United States, on the highest diplomatic levels, has been endeavoring to calm the Middle East conflict through a series of very delicate negotiations. All the while the Soviets, were issuing public propaganda statements giving lip service to "world peace," "friendship," and "solidarity." Finally on August 7-8, the United States was able to bring the two sides together in a cease-fire, standstill agreement—the first step toward what could bring about, hopefully, a peaceful solution. Part of that agreement was that neither side would move from their positions at the time of the cease fire.

Now it has been revealed through undeniable photographic evidence obtained by our U-2 "spy" planes that a large number of Soviet SA-2 ballistic missiles have been moved into the 31-mile truce zone along the west bank of the Suez Canal—a monstrous act of betrayal. Thanks to the United States intelligence system—often maligned—they were caught "red-handed" in the act.

President Eisenhower once remarked that we—all the peoples of the world—are, in this atomic age, literally sitting on top of a powder keg. What terrified him, said Ike, was that some fool would come along with a match. The Soviets are dangerous because they delight in going about the world playing with matches—and threatening to light one any time they feel that by so doing they could further the aims of communist conquest.

Let us pray that the efforts of the peace-makers will be successful in spite of the wrecking activities of the Marxist-Leninists.

"THE LUNATICS ARE RUNNING THE ASYLUM"

So said Al Capp at the Tenth Anniversary convention of Young Americans for Freedom at Sharon, Connecticut, describing circumstances at a few college campuses in our country today.

"The new lunacy now dominates the old ceremonies," Mr. Capp told the 500 YAF delegates, representing 50,000 students from all parts of the country. "It has made carnivals of commencements, so obscene that only the student hysterics and hyenas, the brawlers and the bedwetters, the muggers and the arsonists, the criminals and the creeps, can safely attend them."

"Some come to those ceremonies solely to stomp out of them, shrieking slogans from old editorials in the Daily Worker or from the sermons of William Sloan Coffin. Some, whose talent for obscenity has earned them the honor of speaking for their class, come to curse their parents, guests and faculty hosts. But the mindless and mannerless minority all come, in complete confidence that no matter how beastly their acts, how foul their mouths, they will be welcome and protected."

"Two students this year, more typical of the majority, didn't dare come to their graduation. They knew their colleges would not dare protect them from the hyenas, or even from being hurt by them."

"These two had committed such social crimes as attending classes instead of riots, and of getting married before they moved into an apartment together."

"But, most unforgivable of all, these two came from families considered by many in Princeton's Social Science Department, to be more ill-bred than the Jukes of the Kallikahs; they came from families which had each bred a President."

"1970 is the year Julie and David Eisenhower were, in effect, barred from their graduations. It is the year Jerry Rubin and Abbie Hoffman took charge. It is the year of the lunatic."

Al Capp placed the blame squarely upon the "intellectuals" running the colleges - described by Capp as "the world's highest paid baby sitters." The university administrators who have allowed the new Hitlerites of the Socialist Scholars Conference and others to teach hatred and spread venom are directly responsible for the tragic deaths and destruction we have seen this past year. There are some who hope that we may be able to shame the academic community into initiating reform. But we doubt it. Those who have no sense of decency have a similar lack of capacity for shame.

Tips For Gardeners

From The Ozona Garden Club By Mrs. Bailey Post

September brings the beginning of fall and cooler weather. Gardening efforts begin to change from maintenance chores to stressing activities connected with planting and transplanting. The upkeep of plants nearing maturity calls for staking, tying, disbudding and other routine work.

Repot plants that have spent the summer outside and need new soil or a larger pot. They should be taken inside two or three weeks before the furnace is turned on.

Plants of tender perennials or annuals that are to be carried over the winter, either for growing into larger specimens or to provide cuttings later, should be potted now.

Impatiens or Sultanas should produce a wealth of flowers at any season. However, after a long period of blooming the plant may become straggly and have less blooms. If this happens, cut the plant back, repot in fresh soil and water lightly until new growth is well started. New cuttings produce better blooming plants that retaining old plants. For winter bloom take cuttings now and for summer bloom take cuttings in February. They are easily rooted in water, then pot in light, rich soil and keep quite moist, but not waterlogged. Proper light is a must for Sultanas. As spring progresses, they need more and more shade. In the fall, the reverse is true. When brought indoors they should be gradually adjusted to full light to bloom properly. Mine were covered in blooms last winter in a west window.

Rev. Rios Has Surgery On Hip

Rev. Eliseo Rios, who was scheduled for surgery on both hips in a Lubbock hospital, has had one round of surgery, and is making satisfactory progress, according to his daughter, Alma Rios.

He will undergo surgery on the other hip at a later date. The operation has not yet been scheduled.

Rev. Rios is pastor of The Temple of Jerusalem Baptist Church.

Larry Albers, after undergoing one bout of surgery in King's Daughters Hospital in Temple, two weeks ago, was scheduled for more surgery last week.

CARD OF THANKS

I would like to express to all my friends my thanks for their expressions of sympathy and for the many ways in which they were kind and helpful on the occasion of the recent death of my father. I shall always remember and be grateful.

Mrs. Edward Collett

Mrs. Sam Fowler of Floydada was here last week for a visit with her mother, Mrs. Fay Drake and her sisters, Mrs. Pete North and Mrs. Joe Friend.

NOW IS THE TIME

TO CHECK YOUR HEATING SYSTEM

Don't wait until the cold weather is here to find out if your heating system is in tip-top shape. Do it now before the first cold snap.

For complete heating service call your plumber or heating contractor. Ask him to change the oil and fans, and check the vents. But call now and avoid the rush.

PIONEER NATURAL GAS COMPANY

1971. You've changed. We've changed.

Chevrolet

Worth seeing. Worth owning. Worth waiting for.

Vega. Not just another little car, but one little car that does everything well. You get more room, more weight and more power than most little cars give you, yet the gas mileage is right in the same neighborhood with the best of them. Vegas come dressed up, too, not stripped to the bone so you have to add a lot to make them liveable. Drive one. You'll see.

Caprice. There's a double layer of steel in the roof, a steel guard beam in each door, power disc brakes in front, a new power ventilation system inside, a wheelbase two and one-half inches longer. You get the look and comfort of a six- or seven-thousand-dollar car, but at Chevrolet prices. And that's the kind of change during these tight-money times that all of us can appreciate.

Vanishing tailgate. A big change in our big wagon. The window goes up into the roof, the tailgate goes away tailgate vanishes beneath the floor. Out of sight. Out of your way for easy loading even in a close garage or when you have a trailer hooked on.

See what we mean by putting you first? September 29 at your Chevrolet dealer.

DETROIT - The 1971 Cadillac features a new low horizontal front-end motif with widely-spaced head lamps set into individual bezels as shown on this Sedan de Ville (top). The front bumper has greater impact and parking protection and enhances the new horizontal look. Two vertical chrome bumper guards with rubber impact strips frame the license plate and reduce possible bumper damage. The grille is of traditional Cadillac cross-hatch design and features an in-depth frame for each opening. All standard Cadillacs are powered by a 472 cubic inch engine designed to operate on leaded or new low pollutant fuels.

The Cadillac Fleetwood Eldorado Coupe (bottom) is totally new for 1971. The tailored and chiseled lines of the '71 model draw parallels between the great era of the fine classics and the new Eldorado. The bevel on the long hood continues through the body to the rear quarter and is rimmed by a painted accent stripe. Adding a proud touch on the hood is a new stand-up Cadillac crest, spring mounted to meet the safety requirements and resist damage. The horizontal head lamps are framed by a crisp fender highlight above the head lamp bezel for a delicate touch. The boldness of the grille with a new vertical accent, dramatically complements the 500 cubic inch Eldorado engine. The vertical bars framing the license plate have rubber impact strips for greater impact and parking protection. The coach style fixed window in the upper rear quarter is seen as a style leader of the future.

WASHINGTON NEWS LETTER

Cong. O. C. Fisher

As the session goes down the home stretch, with October 15 as the adjournment target, it appears that total spending for this fiscal year will probably be lower than Administration requests. In any event, it should be.

During the last fiscal year, which ended last June, the Congress appropriated \$6-billion less than the Administration asked for. And the cut could and should have been even more.

Right now, with a sizeable deficit in the offing this year, Arthur Burns, new Chairman of the Federal Reserve, had repeatedly warned that if the White House welfare expansion plan (which has been approved in the House) is enacted, it will cost the taxpayers about \$5-billion the first year, over and above present welfare costs. And it would be more next year.

Those of us in the House who opposed this welfare bonanza were outvoted by a formidable Republican-liberal coalition. It appears the Senate may water it down.

The welfare scheme would immediately add about 14-million to the welfare rolls, and would guarantee each family of four an annual income of \$1600, plus \$800 in food stamps.

Such expensive programs account for much of our present financial dilemma, and the resulting high taxes and inflation.

The inflation spectacle is aggravated by reports of some exorbitant wage hikes. As an example, take the case of Operating Engineers Local 150 in Chicago which just forced a wage rise to \$11.05 an hour, not counting overtime. This inflationary pattern is being followed throughout the construction industry, and elsewhere.

WASHINGTON AND SMALL BUSINESS

AS HEARD BY HEARD

No Sauce For Gender

The Potomac lights see some strange sights. But never a sight so strange do they see. That oft comes out of F.T.C.

There is an organization of women's and men's apparel salesmen comprising some 12,000 independent sales representatives who sell for a living.

One of the principal activities of the association is to conduct trade shows where buyers are brought together to view and buy the new styles in such clothing created by most of the manufacturers.

In the highly individualistic and always fast moving apparel industry there are those operators who refuse to abide by any code of conduct and prefer to do business on a no holds barred basis.

As a matter of protecting the independent sales representative from deprivations by the lone wolf operators, the salesmen's organizations issues a list of noncooperative manufacturers which to all intents and purposes excludes them from the trade shows.

But the Federal Trade Commission has ruled that the independent salesmen have a right to do this. Further, the FTC charges they are acting in restraint of trade.

The organization of independent salesmen set up a defense against the ruling that it operates as a union.

But the FTC took the position that the salesmen's organization does not meet the legal specifications of a union, and trust laws.

Two interesting doctrines are set up here.

One is that a government agency has the right to decide what is a union and what is not. This is quite a far reaching power.

The second interesting point is this fact.

FTC has also reaffirmed the government's position that a union can disregard with impunity the antitrust laws and set in restraint of trade. Presumably if the apparel salesmen were paying dues or a head tax to the AFL-CIO, or the teamsters, they could operate as usual.

Thus, what is legal for some workers is illegal for others.

But the decree that the sauce for the goose is not necessarily sauce for the gander again emphasizes the validity of the long drive of the nation's independent businessmen, voting through the National Federation of Independent Business, to place unions under the antitrust laws.

METHODIST WSCS

The Woman's Society of Christian service met in the parlor of the Ozona United Methodist Church at 9 o'clock Wednesday, Sept. 16, with Mrs. James Lively, president, presiding.

Mrs. Bailey Post, membership chairman, announced that September 23 would be visitation day, at which time her committee, Mrs. Douglas Fisk, Mrs. R. A. Harrell, Mrs. B. B. Ingham and Mrs. W. D. Cooper, would visit all inactive, ill, elderly and new members of the church.

Mrs. John Berkley, missionary education chairman announced that a church wide happening on How the Word gets Around would be held in the fellowship hall Sunday, Sept. 27 at 7:30 p.m.

Mrs. R. A. Harrell announced that the District Fall Mission Study would be held at St. Luke's Methodist Church Saturday in San Angelo and urged all members to attend.

The program was under the leadership of Mrs. Berkley, assisted by Mrs. Cooper and Mrs. Harrell. The program was on where the funds of the society go. Mission fields were studied to commemorate Mission month. A movie, giving the complete history of missionary work of the Woman's Society from its beginning in 1784, was shown.

The meeting was closed with a worship service.

Others present were Mrs. Wayne Gooch, Mrs. Fred Chandler, Mrs. J. A. Fussell, Mrs.

Bob Hohertz, who recently lost part of his hand in a hunting accident, is reported recovering satisfactorily in Shanon hospital in San Angelo. He is undergoing therapy on his hand and probably will be confined to the hospital another two weeks.

Formal Opening Saturday For The Red Apple

The Red Apple, drive-in snack center on Highway 290 west, will observe formal open house all day next Saturday, J. B. Miller, owner, announced this week.

Mrs. Willena Holden is manager of the refreshment center and she has a crew of helpers in serving customers.

The Red Apple was formerly known as the Dairy Mart. It has been completely refurnished and refurnished inside and all new kitchen and storage equipment installed.

Featured in the open house period will be the firm's Chicken in a Bucket, a new recipe the management hopes will be accepted by the public with the same enthusiasm it has met in its introduction. The fried chicken will be a special of the firm for the formal opening weekend.

The formal opening will be from 10 a.m. Saturday. Free coffee and free drinks will be served all day. The public is cordially invited to view this newest eating facility.

A LOOK AT CAPITOL HILL WITH Dick Gill YOUR CONGRESSMAN FOR THE '70s AND BEYOND

Last February President Nixon sent to Congress his Federal Economy Act of 1970 which was aimed at the reduction, termination, or restructuring of 57 programs labeled by the President as "obsolete, low priority or in need of basic reform". Fourteen of these programs required Congressional action to change.

The Democratic-controlled House has blocked, procrastinated on, and outright ignored President Nixon's requests in every instance. In fact, as Presidential Counselor John Ehrlichman noted "Congress... has perpetuated all 14 and in some cases has increased either the authorization or the appropriation associated with some of them."

Faced with the continuing threat of inflation, this is inexcusable, and no matter how hard G. C. Fisher tries he cannot dissociate himself from the policies of the Democratic House leadership to whom he is completely subservient and whom he votes to keep in power year after year after year. The solution is clear: President Nixon must have the strength of a Republican-controlled House.

Lion B Beats Sonora Cubs Tie One Lose One

In Thursday night's football games, the Lion B beat the Sonora B 12-13, the seventh grade Cubs fought to a 6-6 tie with the Colts in Sonora and the eighth grade Cubs took a 50-22 drubbing at the hands of the Sonora eighth graders.

Tonight the Lion B will be in Junction and the Cubs will host their Junction counterparts for a double header at Lion Stadium.

In the double-header at Sonora last week, Gene Castro was the only seventh grader to score. He blocked a punt and ran it back 30 yards for the score.

Somado Cervantez was the score-getter for the eighth grade. However, the first score came for the Cubs when Richard Gonzales ran the kick-off back 70 yards for the first Cub touchdown. Cervantez ran it in for the extra point.

Ronnie Pearl passed to Cervantez for the second Cub score and the play was good for 70 yards. Cervantez again got the extra two points.

The final score for the Cubs came on a 20-yard run by Cervantez.

The Coaches were extremely proud of all the boys over the week's performances. Coach Jim Williams reported.

Especially elated was Coach Williams at his B team's victory over Sonora. It was a tough contest, with total yards on offense standing at 237 for Ozona and 230 for Sonora. All of the Ozona yards were made on the run.

P. T. A. VOTE TO CONTINUE ITS MONTHLY FUNCTION

A P. T. A. meeting was held Monday night with President Joe Borrego, presiding.

The purpose of the meeting as announced by the president, was to discuss and vote on whether or not to continue the organization. The votes were counted and majority was in favor of continuing.

President Joe Borrego will hold directors meeting the 29 of Sept. at the Ozona Primary Cafeteria, to discuss a new name, dues and plans for the coming year.

The next regular meeting will be held Oct. 1st at the Ozona Primary School Cafeteria. Every interested parent is urged to attend.

ground while Sonora's gain was about half on the ground and half in the air.

Tim Evans was the Lion B leading gainer, with 151 yards on 31 carries. Mike Wellman gained 25 yards on 10 carries and Pete Maldonado carried 3 times for 57 yards.

Gary Mitchell led the defense with 18 tackles while Paul Smith and Pete Maldonado had 11 each.

Ricky Webster intercepted two passes one of which he returned 80 yards for a Lion touchdown. He returned the other intercept on 8 yards. The locals picked off 2 other Sonora aerials, one by Paul Smith and the other by Steve Wilkins. Tim Evans scored the other Ozona touchdown, a 68-yard scamper on a power play. Gary Mitchell kicked the extra point.

A two-quarter game between Ozona and Sonora freshmen teams preceded the B game. It resulted in a 6-6 tie. Lucio Fierro scored Ozona's lone touchdown with an interception. He ran the ball back 96 yards for the marker.
