Mrs. R. Watson Crockett Pioneer Buried Saturday

Mrs. Ralph Watson, pioneer Ozona ranchwoman, died last Thursday in a San Angelo hospital after an illness of six weeks. She was 83 years of age. Funeral services were held at 10:30 Saturday morning from the Ozona Methodist Church, with the Rev.

John Berkley, pastor, officiating. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

Mrs. Watson, the former Myrtle Chapman, was born Sept. 12, 1886 on the Rio Frio. She came with her family to Crockett County with her parents, Mr. and Mrs. Jim Chapman, at the age of six years. On July 2, 1905, she was married to Ralph Watson, son of an early-day West Texas minister. Mr. Watson operated a stage line serving points between Ozona and San Angelo for several years before entering the ranching business in this county.

A resident of Ozona for almost 80 years, Mrs. Watson often expressed her delight with Ozona which she considered one of the finest places in the world to live. Mrs. Watson, together with her two daughters, Mrs. Henry Carden and the late Miss Wanda Watson, continued to operate the family ranch, located in southwestern Crockett County, after her husband's death in 1959.

Mrs. Watson is survived by one daughter, Mrs. Henry Carden of Ozona, two grandchildren, Ralph Carden of Albuquerque, N. M., and Mrs. Henry Sellers (Wanda) (continued on last page)

ried in this week's Stockman and in other area newspapers. Bids will be received by the State Building Commission, Sam Houston State Office Building in Austin, until July 30 at 10 a.m. when they will be opened and read. Plans and specifications are available from the State Building Commission, P. O. Box 12172, Austin, Tex. Land for the DPS office building and radio station was recently decided to the state by Crockett County, the site selected by the state out of county owned lands just south of the route for Interstate 10 through south Ozona. If bids are accepted at the July 30 letting, construction will probably get underway immediately, with completion possible by late summer.

The land transferred is a plot 200x200 feet. It will accommodate the office building and radio center and provide for parking space for cars of personnel. Major E. K. Browning of the Midland DPS office said that the installation here will mean the addition of approximately five families to Ozona. The building, in addition to housing the area communications unit, will provide offices for all field services of the Department of Public Safety in the area. This will include the Highway Patrol, the Driver License Division, the License and Weight Division and the Motor Vehicle Inspection Division, in addition to the radio communications crew.

Dr. Edmund Heinsohn, for many years pastor of the University Methodist Church just off the campus at the University of Texas in Austin, will fill the pulpit at the Ozona United Methodist Church next Sunday in the absence of the pastor, Rev. John Berkley. Rev. Berkley and family will be away on vacation. Dr. Heinsohn is one of the outstanding leaders in the Southwest Texas Annual Conference of the Methodist Church. He has been retired for some time, but remains active in church affairs by filling speaking engagements throughout Texas. The public is cordially invited to hear Dr. Heinsohn at the Sunday morning service next Sunday.

County Studies Plans For New Jail Addition

Preliminary plans for a proposed addition to the present antiquated Crockett County jail were studied at the regular meeting of the Commissioners Court Monday.

Architect Jack McDermitt of San Angelo, on invitation of the court, submitted a preliminary sketch of floor plans for the proposed addition. Sheriff Billy Mills was present and various changes were suggested by the court and the sheriff. The architect promised to have an amended sketch available for presentation later in the week.

The move for modernization of the jail was launched partly as the result of a recent report on an investigation of the local jail by representatives of the State Health Department, plus a couple of recent successful jail breaks from the aged

housegow. The health department check listed a number of ways in which the local jail fails to meet the minimum standards for county jails set by statute. Included were lack of sufficient number of cells to permit segregation of the various classes of prisoners, a number of deficiencies in security and safety and in the field of sanitation and health.

As soon as preliminary details are worked out and legal questions settled, the jail proposal will be submitted to the public for study with a view to submission of the question to vote in the form of a proposed bond issue.

The four alternates, who will replace any missing all star are Clyde Bailey, Johnny Castro, Lonnie Martinez and Bobby Knox. If Ozona wins the first game with Sonora, there will be much the same lineup in the Big Lake game with the exception of pitchers, this, of course, will be determined following the first game. Should the Sonora stars win, Ozona will be knocked out of further all-star play.

Conference Clears Up Questions Concerning Hospital Operation

A flood of rumors concerning the operation of the Crockett County Hospital under the temporary management agreement with Medica Diversified, Inc., brought a group of citizens before the Commissioners Court Monday afternoon.

Funeral Services Monday Morning For Mrs. Williams

Funeral services for Mrs. Dolly Katherine Williams, 57, were held here from the Ozona Church of Christ at 11:00 a.m. Monday morning. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

Mrs. Williams died about 9 a.m. Saturday in Crockett County Hospital after a brief illness. She had been a patient there overnight.

Mrs. Williams had been an Ozona resident for the past 42 years. She was born March 26, 1913 in Belmont.

Survivors include a daughter, Mrs. Rayburn Smith of Patterson, La.; a sister Mrs. C. F. Hamilton of Dallas; two brothers, Alfred Cook and E. D. Cook both of Oklahoma, and two granddaughters.

And they received an intelligent answer to every rumor from Dan Barfield of Eldorado, attorney for the corporation, and from County Judge Bernice Jones.

Lawrence Jones, spokesman for the group, opened the discussion with a recitation of the rumor that the hospital management had employed a totally untrained person "as laboratory technician."

The only function this person performs, Mr. Barfield explained, is to draw blood and prepare urine specimens. "She does not run tests nor in any other manner perform the duties of a laboratory technician," Barfield emphasized.

"We are making every effort to secure the service of a certified and qualified lab technician," he said, "but just as in the case of doctors, they are not too readily available for service in hospitals such as this, but we feel confident that we will be able to employ one in the not too distant future."

"In the meantime," Mr. Barfield explained, "blood and other samples are being sent to a laboratory in San Angelo, in Austin, in Dallas and wherever we feel the best service on a particular specimen is available, but the young lady we now have will probably still be here drawing blood and preparing urine specimens when we have a certified technician."

Judge Jones explained the court's position in the negotiations that led to the management agreement with Medica Diversified.

"We felt that our hospital was not serving the people," she said, "in spite of the tremendous expense to the county. We now that hospitals in small towns are going to lose money and we were not solely concerned with the cost but mostly with the lack of service."

"If you will examine the records of the hospitals in Sonora, Big Lake and San Angelo, you will see that they were serving far more Ozona people than the local hospital. We spent months investigating these people, we talked to people in Eldorado and found them extremely happy with Medica Diversified in the operation of their hospital and nursing home. We felt

that any change would be for the better in providing medical service. We tried and numbers of other people tried to get doctors here and failed. These people promised to bring us a doctor and we have one. Dr. Everett seems to have impressed many people favorably. We believe the change is for the better."

Mr. Barfield, in response to a question, explained the relationship between the corporation and the doctor.

"We do not pay the doctor and we do not employ him. The doctor's practice is his own. We are able to offer him something in the way of retirement plans, possible only through our corporation and not through the doctor's own self-employed status. He has free office space from the county and he is approved to practice in the hospital. We can pay him something as a director of the hospital sometime in the future as a means of assuring his interest in the hospital's operation in a manner to best serve its patients."

Mrs. James Baggett, president of the Ozona Women's Forum, who had been invited to join the group of citizens, injected an enthusiastic note of approval for the action of the Commissioners Court in making the Medica Diversified trade.

"I told the group when I was invited to this meeting that I might not be the one they want," Mrs. Baggett said. "I just want to say how pleased I am with what the Commissioners Court has done. I am so happy that we have a doctor and that in case of an emergency I won't have to go a hundred miles for help."

"I think it's just terrible what people are saying. I think people should do everything they can to make this thing work. I want to go on record as extending a vote of thanks to the Commission-

Ozona Track Team Wins Top Honors

Ozona collected 135 points in the summer track meet in San Angelo Saturday to nail down first place in the senior division. They won the Intermediate division with 61 points and only two boys participating.

Coach John Richey took five Ozona tracksters to the meet and managed to place in each of the 17 events.

In the senior boys division David Pagan placed first in the discus event with a throw of 146' and third in the shot put with 46'8".

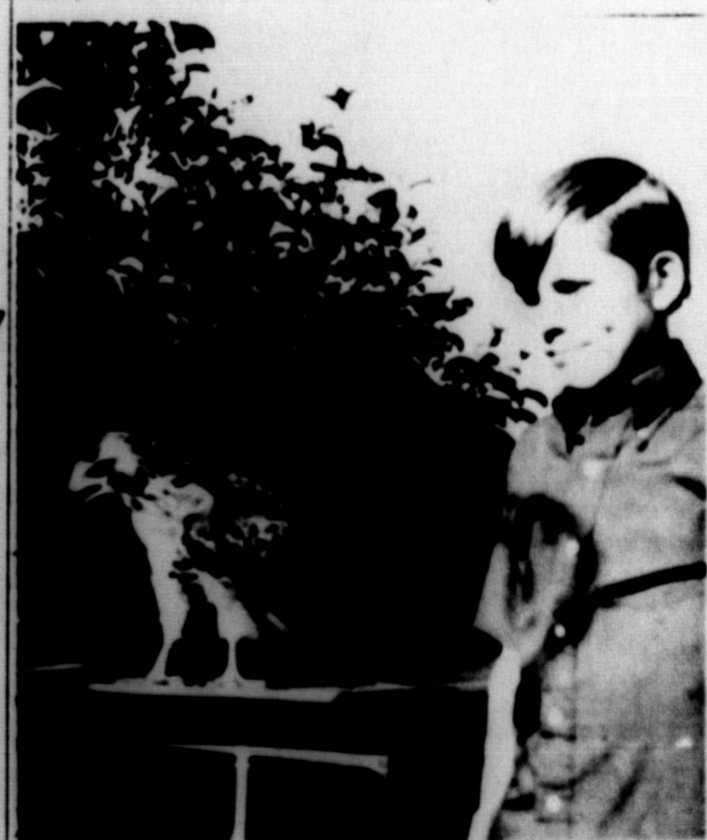

Chuck Womack took first place in pole vault with 12 feet even. The 440 relay team of David Sewell, Gerald Huff, Womack and Maldonado, won first.

Womack and Maldonado placed fourth and fifth respectively in the broad jump and second and third in the 220 with Maldonado taking second and Womack a third.

Two Ozona boys, David Sewell and Gerald Huff, piled up the 63 points in the junior boys division to win it for the Lions.

Sewell won the high hurdles in his first attempt at the event in 16.3 and went 12' even in the pole vault to win it also. He won first place in discus and second in the intermediate hurdles.

Huff got a third place in the high jump and a tie for third in the 100 yard dash. He got a second in the discus and a second in the 220-yd. dash.

GREG THOMPSON AND HIS PET HAWK "CHOPPER" - Greg found Chopper in an alley near his home with an injured wing several weeks ago. He took him home and along with his parents, Mr. and Mrs. John Thompson, and the rest of the family, he nursed him back to health. Greg said they named the red-tailed hawk "Chopper" because he sort of bites on you with his beak, not hard though. The Thompssons believe that Chopper is about half grown, since he still has lots of white "baby feathers." Chopper is able to fly now and often flies to the roof tops of neighbor's homes. However, he seems reluctant to leave the immediate vicinity and always returns at meal time.

RUMORS ARE SQUELCHED

We were treated to a most delightful experience Monday afternoon when we sat in on a meeting where a group of citizens met with the Commissioners Court to get some answers to some questions about the hospital operation. The information the group had was based on rumors, they told the court, and they felt that if the rumors were correct then they wanted no part of the plan. Well, the court and a representative of the hospital management corporation effectively squelched the rumors with facts. That's as it should be. Rumor has no place in one's decision about a plan. Only fact should be accepted and the only place to get facts is to ask the person who knows. "They say" as Judge Bernice Jones pointed out, is not a dependable source of information and if that is all one is able to quote then the quote had best be left unquoted. And the interested group of citizens took the right course in going to the court for their answers. After all, the country's business is everybody's business and everybody should be interested in the country's business. The commissioners and Mrs. Jones were most cordial and anxious to make every detail of their operations plain to the inquiring citizens. We were most impressed with the sincerity of the representative of the hospital management corporation, Mr. Barfield. He answered every question frankly and fully and one could not help coming away from the meeting confident that Ozona is going to get the best medical service possible under the circumstances. The corporation has secured one doctor and has promise of another before the end of the month. For this, we for one, are grateful and hopeful that in the not too distant future Ozona will have good medical and hospital care and that the rumor factory will be shut down for good.

TREE HOUSE

There is joy in the tree house nestled high in the boughs . . . for the boys climbing up to play in it . . . for the adults remembering the golden afternoons of their own childhood.

Sometimes grownups say wistfully, "I wish I were that age again." But do they really wish it? Being a child is wonderful, but maturing can be a painful process.

Help your children enjoy the precious childhood hours — never forgetting that they must grow up. Remember you have a never-ending source of guidance. The church will help your children preserve the spirit of youth and give them the wisdom, courage and faith that will sustain them through the rest of their lives.

THE LETTER

The ordinary act of dropping a letter in the mail is so usual that it is rarely, if ever, noticed. The letter being mailed, however, may be the beginning of far greater accomplishment than a rioting or angry mob could set in motion. Throughout the history of man, authors have noted that “the pen is mightier than the sword.” In our government of the people, by the people, for the people anyone can write a letter to the elected representatives. Our representatives are eager to hear from the people, whatever their age, education or situation in life.

WHAT A WONDERFUL BLESSING THAT WE ARE STILL ABLE TO VOICE OUR OPINIONS THROUGH THE PEACEFUL MEANS OF THE MIGHTY PEN.

©Coleman Advertising Serv., P. O. Box 34664, Dallas, Texas 75234

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

MISS CYNTHIA ANN MAHON

Wedding Plans Of Miss Cynthia Mahon Announced

Mr. and Mrs. G. Dixon Mahon announce the engagement and approaching marriage of their daughter, Cynthia Ann, to George Odell Griffin, II, son of Mr. and Mrs. George Odell Griffin of Austin.

The couple will be married August 22 in an evening ceremony at the Ozona United Methodist Church.

Miss Mahon is a graduate of Ozona High School and a senior, majoring in interior design, at the University of Texas at Austin.

NOTICE TO BIDDERS

Sealed bids will be received by the State Building Commission, Sam Houston State office building, Austin, Texas, until July 30, 1970 at 10:00 A. M. for construction of Radio Station and area office building, Ozona, Texas - Project No. 0-010-405.

Plans, specifications and instructions available from the State Building Commission, P. O. Box 12172, Austin, Texas 78711. Contractors must receive written permission from the State Building Commission to obtain the plans and specifications. Bids to be made in accordance with state procedure.

Her fiancé is a graduate of Putnam High School in Oklahoma City, Okla. He attended Oklahoma State University and is presently a senior student at the University of Texas at Austin, majoring in business. He is also an employee of the Texas State Highway Dept. of Highway Design.

A 36-unit nursing home is in prospect at a cost of less than \$150,000, Barfield said, and the court explained that the cost can be retired in five years with the amount the county is now spending to meet the hospital payroll.

"Another rumor we have heard and we heard it in Eldorado, Mr. Barfield said, "is that we are coming in here to make a lot of money and charge exorbitant rates for hospital care. The rates now being charged in the Ozona hospital are more than we are charging in Eldorado. Rates are a controlled item."

As to indigent care, Mrs. Jones explained that the county has a responsibility to care for its indigents and such patients will be screened by the hospital board and care provided at county expense as always.

Mr. Jones, speaking for the group, told the court they were pleased with the information they had received.

They had heard these rumors and wanted answers, he said. "As for me I have my answer and I am well satisfied," Jones said. Many in the group explained that they are receiving questions from interested people who hear the rumors and they hoped that hereafter people with questions would contact the Com-

Tips For Gardeners

From The Ozona Garden Club
By Mrs. Bailey Post

If you want to see the difference rain can make in a short time, drive down southwest of Ozona not very many miles and you will find the pastures and even the hills covered with lush green grass. Brownie Harvick was delighted to have her ranch all dressed in green and native flowers still in bloom when she hosted the Methodist WSCS meeting last week.

One of the foliage plants that lasts much longer than any of the flowering plants and is easy to grow are the many varieties of fern. They are showy from the time the first friddle heads appear in the spring until they reach full development in the fall.

The ideal place for them is the south side of the house or where they have plenty of shade. Ferns need a good supply of moisture and humus in the soil. Deciduous ferns make a fine ground cover and background for flowering plants or spring bulbs. Some of the native ferns are rampant growers and will halt erosion and another most woods.

Notice that many crepe myrtles are in bloom. If they stop blooming in July, they can be brought back into flower by working about one-half cup super phosphate per foot in relation to height of plant into the soil under the tips of the outer branches. Plants that were pruned rather severely in the fall are putting bud heads on now and will have larger flowers than those not pruned. Keep plants well watered during the blooming period.

Dwarf dusty miller (artemisia) makes an attractive border for flower beds or is an ideal contrast and accent plant in the taller variety. It needs good drainage, a sunny spot and not too much water.

If you have not checked your trees for bag worms, do so, for they seem to be appearing all over town.

Notice from out of town papers that grasshoppers are invading yards, orchards and farms in the counties north of us. Be on the watch, because if the drought continues and vegetation becomes scarce, they will be coming in for food. Check with your county agent for correct information on control of insecticides.

Now is the time to start gathering material to dry for dried arrangements. Especially watch for the grasses (pampas) and cattails. Gather these when less than half matured. To cure, place in jar containing a solution of one cup glycerine and 2 cups water, as soon as stems are cut.

Kay Kyle Honored At Gift Tea In Montgomery Home

Miss Kay Kyle, bride-elect of David Alexander, was honored with a gift tea Saturday afternoon, July 11, in the home of Mrs. George Montgomery. Tea hours were from 5 until 6:30 p. m.

The serving table and gift rooms were decorated with large arrangements of pink carnations. Members of the houseparty wore corsages of pink with gold leaves, the bride's chosen colors.

Presiding at the bride's book were Miss Cora Kay Coates, Mrs. Billy Carson, and Mrs. Eugene Vinson, Jr.

At the serving table were Mrs. Bill Cooper, Mrs. L. D. Kirby and Mrs. Ted White.

HOSPITAL—

(continued from page 1)
ers Court for what they have done."

Mrs. Jones thanked her and added:

"You people will have a voice in any action this court takes. We are not trying to sneak around behind people's backs. We have made exhaustive investigation of these people and we believe we are dealing with reputable people and with a workable plan. We have undertaken to spend your money to the best advantage, but we felt that we were spending money and not serving the people. We would not have been too concerned about spending the money, but we felt that we were not serving the people and spending their money nevertheless."

of Wellbom, the bridegroom's grandmother, Mrs. George Kyle, sister-in-law of the bride elect of College Station and Miss Esther Williams.

Other hostesses included Mrs. Gene Williams, Mrs. Fred Hagelstein, Mrs. W. T. Stokes, Mrs. Keith Mitchell, Mrs. C. O. Walker, Mrs. Stephen Permer, Mrs. Beecher Montgomery, Mrs. Eugene Miller, Mrs. Charles Applewhite, Mrs. Bud Coates, Mrs. W. R. Baggett Jr. and Mrs. Roy Killingworth.

Out-of-town guests included Mrs. LaVern Kottmann, Mrs. Russa Nell Loeffler and Mrs. Nell Kottman, all of Junction, and Mrs. Rex Russell of Midland.

"I have heard these rumors. When people call me and identify their source of information, I can nearly always give them an answer. But when they quote 'They say' I can't be of much help. We are all interested in the same thing, in providing the best medical service at the least possible cost. We welcome your questions and we are happy you came. Let's keep the lines of communication open at all times."

Specific details of the role of Medica Diversified was explained by Mrs. Jones and Mr. Barfield. Presently the county has employed the corporation in a managerial role to manage the hospital. The county still operates the hospital, receiving revenues and paying the costs. Medica Diversified is managing the hospital under a temporary agreement, looking ultimately to a full scale lease of the facility, with construction of a nursing home annex envisioned as a condition for the final lease agreement.
