Airport Guard, Work On Hangar Is Called Off

County Would Buy Site Of Port and Tender For Gov't. Use

Plans for county employment of day and night guards for the county airport, 5 miles west of Ozona, were called off this week when the commissioners Court met in extraordinary session to clarify its position on the proposal.

Also suspended was the unauthorized construction of a 60 by 100 foot hangar at the airport and plans for material for the hangar construction were cancelled. A committee from the court had been named to investigate the cost of construction but no court order had been passed for the work.

Discussion of the plan for maintaining a 24-hour guard at the airport arose over announced rules of the Civil Aeronautics Authority that all unguarded civilian flying fields would be closed if not guarded, such closure order to take effect February 15. All civilian planes flying from unguarded fields are to be grounded, according to the rules as explained here by E. R. Kinser, commissioner in charge of airport supervision. However, the local airport is open to use of U. S. Army Corps pilots in cross-country training from Goodfellow Field in San Angelo and the training base at Coleman.

Looking toward making the airport pronounced by Army and Navy as one of the best flying fields in West Texas, available for use in the huge U. S. war pilot training program, members of the Commissioners Court are carrying on negotiations for purchase of the land on which the port is located, owned by Mrs. Clara Couch of San Angelo. If such a deal can be made, the port will be made available to the government for whatever use it may be put, and members of the Commissioners Court expressed a willingness to use county funds for its improvement, if necessary, if the field is suitable for use in aiding the nation's war effort.

County Committee Will Coordinate Defense Efforts

Aircraft Warning Service To Be Set Up; Three Named

Orders from Governor Coke Benson, County Judge Chas. E. Addison has appointed a committee of three citizens of Crockett County as a coordinating committee of defense activities for this county.

One of the first duties to be performed by the committee is to set up an Aircraft Warning Service over the county, with listening posts scattered throughout the county area, located at ranches with telephone connections manned by volunteers to report all airplane movements. Named to the county defense coordinating committee are Will Pettit, Scott Peters and Deputy Sheriff R. E. McWilliams.

Representative from the Texas Department of Public Safety is scheduled to be in Ozona sometime next week to meet with the committee and outline the organization for this county. Setting up of Aircraft Warning Service spotters throughout the county has been urged by the governor in letters to county judges, most of the counties in this state have already organized such a service. Ranch headquarters with telephone connections are to be set up and reports of all aircraft movements over this area is to be collected and relayed to sifting centers in the larger cities of the state. Thus, a quick check will be maintained on all aircraft movements in the state.

NEXT INSTITUTE SPEAKER
—Dr. Hugh C. Stuntz, Nashville, Tenn., will speak on "Our Neighbors in Latin-America" at the High School auditorium next Monday night. Dr. Stuntz is the third in the current Rotary Institute of International Understanding series brought here by the Ozona Rotary Club.

Victory Book Campaign Gains Momentum Here

75 Volumes Received to Date; Campaign to be Closed Feb. 28

Approximately 75 books have been received to date in the Victory Book Campaign in Crockett County, according to Mrs. Carl Colwick, chairman of the drive in this county for books to be placed in libraries of USO buildings, army camps, Marine and Naval bases for the benefit of American service men. Baker's Food Store has been designated as local depository and any person who has books of any type, educational, works, fiction, biographies, dictionaries, etc., are asked to deposit them in a special receptacle arranged at the store or to call Mrs. Colwick.

The Victory Book Campaign is to be closed out in this county February 28, Mrs. Colwick announced, and those who have books they will donate for this purpose are asked to act immediately so that Ozona can make the best possible showing in this worthwhile effort in behalf of the nation's fighting men.

The largest single local contribution to the campaign was a complete library of 63 volumes donated by Miss Lola Taylor. The collection fitted exactly into the needs of the program and were highly appreciated, Mrs. Colwick declared.

Delegates From 7 Churches Here For All-Day Meet

Staff Meeting And Missionary Institute Held Wed.

Churches of the Sub-District of the San Angelo district of the Methodist Church held their staff meeting and missionary institute in Ozona yesterday. Leaders for the day were Dr. Harold G. Cooke of San Angelo, Superintendent of the San Angelo-Llano district, Rev. and Mrs. Horace King of San Antonio, Mrs. John Palmer of Nixon, Miss Lucy Foreman of Nashville, Tenn., and Dr. Robert W. Goodloe, professor of church history in the school of divinity at Southern Methodist University in Dallas.

The morning session was given to group meetings for children, young people and adult workers under the direction of the visiting leaders. Luncheon was served at noon to all the guests. The afternoon session was devoted to short talks by the visiting ministers, a book, "The Meeting House," by Dr. discussion of the missionary study Goodloe, and a message on "World Service" by Dr. Cooke. Officers (Continued on Last Page)

War Views Of British Told By Grimwade

Hope America Will Not Abandon Peace After War Is Won

Some of the grim realities of war and its grimmer possibilities, something of what is in the minds of the people of our great ally, Great Britain, their aims of war and peace, and something of the tremendous effort this nation must make to save the whole civilized world from collapse were told to an Ozona audience Monday evening by Eric I. Grimwade, a native of England, now a naturalized American, in the second of the Rotary Institute of International Understanding lecture series being brought to Ozona under sponsorship of the local club.

An astute student of international affairs, Mr. Grimwade told some of the background of European history which led to the success of Hitlerite Germany. European division into Frenchmen, Poles, Norwegians, Czechs, and the other nationalities made it possible for the material and spiritual blight of Hitlerism, he said. The Germany method of making sure that if they win the war they will not lose the peace as did the Allies in the last war was described by the speaker in pointing to the complete pillage of conquered countries, removal of their industrial machinery and supplies to Germany to insure that they might never threaten Germany with force of arms.

The German plan is revealed with its double purpose, Mr. Grimwade pointed out, that of reducing its neighbor nations to peasantry and building an industrial Germany with world trade advantages through cheap or slave labor. The German New Order is repulsive to 90 per cent of Europeans, who are awaiting the day of their deliverance, he said.

A defensive war is the most discouraging of all war methods, Mr. Grimwade said, and he voiced the hope that the United Nations would adopt a method of fighting their present defensive war offensively until such time as they can take the war to their enemies on an all-out offensive scale. This has been the method of the British fleet, he said.

To impatient Americans, who want to win the war this week so that they might again go about their business of living, Mr. Grimwade had this significant description of the British concept, gained from close association with the English people and a long visit in (Continued On Page Eight)

Busby Attracts Big Crowds In His 23rd Annual Meeting Here

Twenty-three years, with ten days out of each year, makes 230 days, and twice that may sermons, 460, and still Horace W. Busby, Fort Worth evangelist of the Church of Christ, "packs 'em in" at the local church to hear his inspiring messages each afternoon and night in the annual February gospel meeting in progress this week. The popular Fort Worth evangelist, called one of Ozona's "old timers" by reason of his devotion to the local congregation as attested by his return each year for the annual meeting for nearly a quarter of a century, is preaching each afternoon at 4:15 and each evening at 8:15 to large crowds. The meeting time next Monday evening will be set up to 7:30 in order to complete the service in time for the congregation to hear Dr. Hugh C. Stuntz, Rotary Institute of International Understanding lecturer, who will speak at the High School auditorium beginning at 8:30.

SON TO MILLERS

Mr. and Mrs. Eugene Miller are the parents of a son, born Sunday in a San Angelo hospital. The new addition has been named Eugene Pierce Miller. He weighed 6 pounds at birth.

Norther Brings 14 Degree Temperature To West Texas Area

After balmy days during which buds swelled and spring seemed in the air, winter returned with a vengeance to West Texas Wednesday morning. A biting wind, which swept down from the north as a cold wave enveloped the nation, drove the temperature here to a reported low of 14 degrees above zero.

Many ranchmen who are shearing or have just sheared goats expressed fear of moisture accompanying the cold. The cold without rain or snow will not kill the fresh shorn animals, ranchers said, but the severe weather will cause some set-back in all stock.

Survey Area For Growth Of Guayule Plant

West Texas Being Explored For Growing Rubber Plant

Investigating the possibilities of growing guayule, the native rubber producing plant, in West Texas, a Mr. McPherson, from the Department of Agriculture in Washington, and a Mr. King of San Antonio, stopped briefly in Ozona Wednesday and conferred with T. A. Kincaid, Jr., chairman of the Crockett County USDA War Board and other officials.

The government is investigating this area as a possible site for growing the rubber producing plant, which once thrived so profusely in the Marathon area that a rubber plant was in operation there for several years.

According to these officials, the guayule plant requires an arid climate and well drained, rocky soil. A temperature below 15 degrees in the winter will kill the plants, it was declared.

Guayule, if planted according to government recommendations, will produce approximately a ton of raw rubber when harvested, from two to four years. Present markets value the crude rubber at 20 to 30 cents a pound. The plant is not palatable to most animals and consequently is not harmful to livestock, with the possible exception of goats.

Boys Cage Squad, Girl Volleyballers Win Over Big Lake

By a narrow squeak, Ozona High School Lions wound up their 1942 basketball season on the home court Tuesday night with a victory of the Big Lake Owls. The score was 23 to 21 and the Owls were thumping at the basket regularly when the final whistle blew that eased the tension.

Before the cage battle, the Ozona girl volleyball squad took the Big Lake girls in camp to the tune of 41 to 31, with most of the second string girls getting a chance to perform in the closing minutes. The girls will close their season against Eldorado here Friday night.

Mr. and Mrs. Robt. V. Hamilton and son, Jimmie, are visiting a few days with Mr. and Mrs. Boyd Lovelace. Mr. Hamilton is minister of the Church of Christ at Sanderson.

Wichita Falls Man Wants To Buy A Good, Gentle Longhorn Ox! Don't Crowd, Folks

Anybody have a nice, gentle Longhorn ox for sale? If so, there's a ready market for him. No, a Hereford bull won't do. Down here where sleek white faced Herefords replaced the scrub of Longhorn stock before the turn of the century, and where there is an average of two motor vehicles to the family—somebody seeks to buy a good, gentle Longhorn ox! And so may we before long if we don't hurry and slap the Jap back on his puny island. The foresighted fellow who is preparing for the end of the automobile era, just in case, is a Wichita Falls, Texas, man who writes: "I am in the market for a good, gentle Longhorn ox. If you know of someone in your community who has one for sale, please give him this letter. "State color, age, length of horns (from tip to tip) and the price." We are still looking for someone to take the letter. (Continued on Last Page)

Production Chief

Donald Nelson, named by the President to head a war production board, superseding the supply, allocations and priorities board. Nelson has "final" authority over all matters of production.

Tax Collections Reached Total Of Near 95 Per Cent

Crockett Property Owners Shell Out To Pay Government Costs

Crockett County taxpayers came through with another record in tax payments this year, an incomplete check in the office of the tax collector here this week reveals.

Approximately 95 per cent of taxes due were paid over the collector's counter, according to estimates made by Claude Russell, deputy in charge of collections. Of the total due of around \$156,000, the collection had reached past the \$146,000 mark, with payments of second half taxes, due in June, to be counted.

The county's voting strength will stand in the neighborhood of 850 this year, with a total of 801 voting polls and exemptions issued, and an estimated 50 over-age exemptions which are not recorded.

Ozonan To Judge Rambouillets At San Angelo Show

SAN ANGELO, Feb. 18 — John H. Jones, Texas A. & M. College, College Station, is to judge the fat lambs of the San Angelo Fat Stock Show and Rodeo, March 5-9, authorities announced this week. Entries indicate that Jones' job will be one of the most extensive of the 11 judges to work this year's program.

Judging the Hereford breeding cattle will be Cal Kinzer, Calvert Hereford breeder, and W. L. Stangel, Texas Tech, Lubbock, is to judge the Aberdeen-Angus cattle.

The baby beef class will be judged by Ray C. Mowery, Texas Tech.

Other judges include Vic Pierce, Ozona, Rambouillet breeding sheep for men; Jack Downs, Mertzon V. A. teacher, men's and boys' Corriedale breeding sheep; Col. R. E. Ireland, Fort Reno, Okla., Thoroughbreds and Half Thoroughbreds; Fred and Armer Earwood, Sonora, Angora goats, and Marion Badger, Paint Rock, county agent, men's and boys' Delaine breeding sheep.

Friday, Feb. 20, is the deadline for filing of entries with show officials here.

197 Registered In 20-44 Year Old Group Here

Third "R Day" Falls Short Of Expected Number

Registration of men in the 20 to 44 year-old group fell fifty to sixty short of the expected total in the third "R Day" held here and throughout the nation Monday as Uncle Sam took inventory of manpower that will be available for service in his armed forces to crush the Axis powers.

A total of 197 men were registered by a corps of workers in this county's registration headquarters at the courthouse in Ozona. Of this number, 20 were transients or persons living here temporarily and who gave home addresses outside the jurisdiction of the Crockett County local board. The net Crockett County registration will not be known for several days until all cards of men who list this as home are received from other registration centers.

Registration here was under the direction of the local Selective Service board. The board expressed its appreciation to the group of volunteer workers who assisted in the registration in a most efficient manner. Special registrars who volunteered for service included Miss Posey Baggett, Miss Mary Alyce Smith, Al Fields, Ele Baggett, E. B. Baggett, Jr., Miss Betty Dudley, Boyd Lovelace, W. R. Cabaness, Samuel Martinez and Andres Tijerina. The board is also grateful to the large number of other citizens who offered their assistance in the work and to all the courthouse gang for their assistance in arranging and carrying out the registration procedure.

Accomplishments Of Women's Clubs Told Rotarians

Heads Of Four Organizations Speak To Men's Group

That the men might have more patience with their clubwomen wives on club days, heads of the four federated women's organizations in Ozona told of the history and accomplishments of their respective organizations in a program presented before the Rotary Club at its regular luncheon Tuesday.

Mrs. S. M. Harvick, president of the Parent-Teacher Association, introduced the heads of the other organizations in turn. Mrs. Carl Colwick of the Woman's Club, Mrs. Neal Hannah of the Music Club and Mrs. W. E. Friend, Jr., of the Junior Woman's Club.

Mrs. Colwick said that the Federated Woman's Clubs was the largest organization of women in the world, more than two million women being enrolled. The General Federation of Women's Club was 50 years old in 1940, she said. The ten departments of work in the federation were named as citizenship, American home, education, fine arts, international relations, junior club women, legislation, public welfare, press and publications and defense.

"There has hardly been a social reform in America that was not initiated, or at least promoted, by club women," Mrs. Colwick said. "The history of the women's clubs is a history of a humanizing force." She told of the organization of the Ozona Woman's Club as a study club, known first as the "Thirteen Club." She told of its many accomplishments over the period of years and of its continuing program of community betterment. Mrs. Harvick told of the Parent-Teachers organization in 1942 with a membership of 53 men and 48 women. "Now the only men who are members are the men school teachers who have to belong," she said. TO KEEP THEM FLYING . . .

The typical automobile owner uses 15 barrels of gasoline a year. To such a customer the orders placed by Uncle Sam are almost unbelievable.

A striking illustration of this has just been made known by Jesse Jones of the RFC. The modern fighting airplane works best on a gasoline of 100 octane rating, which means a gasoline with a zero knock rating.

Now the government is calling for a total of 150,000 barrels of 100 octane gasoline to be delivered every day, by the end of this year. It is estimated that it will cost \$300,000,000 to build the necessary plant facilities to turn out this extraordinary quantity.

DRINK IT DOWN!

The orderly officer was going his rounds at breakfast and stop at one table with the usual query, "Any complaints?"

LIVE AND LEARN . . .

In 1918 the Army had on order 244 planes, according to the recent book "Airways," by Henry Ladd Smith. On April 26, 1939, a dispatch from Washington told of a "record-breaking order" given by the War Department for 571 bombing, pursuit and interceptor planes.

Let's All Pull Our OWN Oar

WARS ARE NOT WON WITH WORDS . . .

This war will not be won with words. It will not be won with talk about sacrifice and privation. Those things the American people will take as a matter of course.

A Senate Committee, under the chairmanship of Senator Thurman, has made its report on the defense effort up to the middle of January. It cites example after example of waste, inefficiency, failure and self-interest.

WE MUST PURSUE A DIFFERENT PATH IN THE FUTURE.

a one-man defense head and the abolition of the bungling, indecisive OPM are important steps in the right direction. Now there is only one job for all of us, from the President down to the lowliest worker in the smallest defense plant.

Look at the American industrial machine. What nation in history has ever been so rich in resources and machines? The motor plants, the coal and metal mines, the oil fields, the power and light systems, the plane makers, the steel mills, the transportation agencies—these and a thousand other enterprises constitute an industrial empire which has long been the envy of an imitating world.

To fail in this war, on either the home front or the military front, would be death for free enterprise, death for free government, death for all the other freedoms.

THIS BUSINESS OF Living

BY SUSAN THAYER

The Miles Grow Long Again

The last new car has come off the assembly lines until the war is over. New tires are not to be had, except in unusual circumstances, and the miles suddenly grow long again!

For many years now, each season has made the county, the state, the nation, a smaller place as cars were improved and new roads constructed. We've shopped regularly in towns that were a long day's journey away in our grandmother's time and a neighbor has been anyone within 20 miles.

Now, almost over night, there are fewer automobiles on the highways. An out-of-state license plate begins to become a curiosity and we ourselves think twice about the 12 mile drive over to the county seat.

But it's not only the actual physical changes in our every day living that I've noticed. There's a new feeling in the very air, with the automobile something to use only when necessary and then, carefully, at about 40 miles an hour instead of an impudent 60!

Bill, who is 14, can for the first time in his life understand what the world might have been like 50

years ago before the railroad came through this part of the country. And Judy, whose boy friend can no longer take her to dances 30 miles away, is beginning to get some place with her knitting.

It may be a little difficult to adjust ourselves to a war-time world in which there's a limit on cars, tires, and perhaps on gasoline. These things have become to us Americans almost as common as air and water and just about as necessary. A while back we wouldn't have thought we could possibly get along without them.

When the war is over and the automotive industry can turn from war work to passenger vehicles once more, we'll have better cars than ever—because new things about motors and streamlining are being discovered every week. We'll have thousands more planes, too; some say "flivver" planes for regular family use and all say transports for freight, as well as passengers.

Side Glances on Texas History

By Charles O. Hucker, University of Texas Library

ROASTED ALLIGATOR TAIL

Legend and history of Texas are full of man's ingenuity in devising rare dishes in his extremities—squeezing the juice from cactus for drink, frying rattlesnake steaks, and so on.

But it remained for a sailor named "Jack", accompanying the family of Dr. Johnson Hunter of Missouri, to tackle a Taylor's Bayou alligator, kill it, cut off the tail and roast it to feed a hungry family.

This experience is recounted by Hunter's son, in a little volume of reminiscences entitled "Narrative of Robert Hancock Hunter, 1813-1902," written about 1860, and published a few years ago by Beulah Gayle Green. A copy of this book is found in the University of Texas Library's 30,000-volume Texas Collection.

STORMY WEATHER

The Hunter family, according to the editor, was perhaps the first of Stephen F. Austin's colonists to settle within the present limits of Harris County. Sailing in a scow, the colonists found a little schooner on the beach of San Jacinto Bay and appropriated it, tying their boat behind before sailing for Galveston.

In simple and vigorous if somewhat unlettered prose, Hunter described their voyage: "While out a peace, a south east gale blowed up, and we come on until about 8 or 9 o'clock, when our scow broke loose and went a shore, and we come on to the mouth of, what is now called Taylor's Bayou. There we camped."

DISASTER AND HUNGER

But the temporary abandonment of scow proved permanent. For when "Pa" Hunter and "Jack our Saylor" returned to rescue the provisions and belongings they were too late.

"When they got there, Old Yokham and about 30 men was there, and no scow, and the men all drunk on Pas Rum," Hunter wrote. "He had a barrel of Rum on the scow,

and he had to come away the best he could, and got nothing. He lost everything we had.

"Pa got back the next evening, he was gone two days, and we had nothing to eat. Jack killed an alligator, and roasted the tail, and we ate it, and not a drop of water to drink. Pa saved 4 trunks, out of the scow, and in one of them was bolt of domestic. Pa took it, and spread it out on the grass, and got it wet with dew, and rung it in a bucket and that done us until we got to Galveston that evening."

100 YEARS AGO IN TEXAS

Red River Raft—This mammoth encumbrance to the navigation of Red River, will be removed by the 10th of February, so as to enable boats to ascend freely to the upper country. The Natchitoches Herald says the steamboats South Western and Rochester are busily employed in clearing the snags! The steamer Embargo from Louisville with emigrants for the Cross Timbers, passed through the lakes and bayous to the other side of the raft, and their (sic) discharged her cargo and passengers. The boat has since left on a trip for provisions, and when she arrives again will be able to pass through without obstruction, and wind her way freely nearly fourteen hundred miles above the town of Natchitoches. The steamer Relief is lying up at the raft, awaiting eagerly its opening. One fifteen thousand bales of cotton are above at present, but of the large amount, the freight of a considerable portion is engaged, and we would be far from advising steamboats on other water course to change their trade in the hope of realizing a fortune on Red River. —The Weekly Texian (Austin, Feb. 16, 1842.

MORE LEBENSRAUM . . .

Hans and Fritz were discussing conditions in Germany. "Der Fuehrer," said Hans, "has done great work. We now have more living space than ever." "Is that so?" asked Fritz. "Why—because we have more land?" "No," was the retort. "Because we have less soldiers." —Christian Science Monitor.

New Rules Seek To Avoid Delay In Auto Titles

Bottleneck Caused By Rush Not To Delay License Issue

AUSTIN, Feb. 18.—Due to the emergency and the necessity for maintaining defense and highway travel, the Texas Highway Commission has adopted measures to avoid a serious bottleneck in registering motor vehicles for 1942 caused by the requirement that all motor vehicle owners must have a certificate of title to the vehicle before the tax assessor-collector may issue new titles.

The Commission requested county tax collectors to accept applications for 1942 registrations and license plates where the applicant can show he has previously applied for a certificate of title but which has not been received because of delays encountered in their issuance. Tax collectors also were requested to issue plates if the applicant for registration presents a certificate of title which has been properly assigned to him, surrenders the assigned title and simultaneously makes application for a

Making Barrage Balloons for Defense

A view of the new huge balloon room at the plant of the Firestone Tire & Rubber company in Akron, where as many as 12 great barrage balloons may be inflated at one time. These gas bags have proved their worth in defending vital points against enemy aircraft in Great Britain. Workers in foreground are assembling a big bag.

new title in his own name. The law requires motor vehicle owners to have a Texas certificate of title to their vehicle prior to Jan. 1, 1942. Since its passage, thousands of persons have come to Texas to work in defense industries and are not familiar with the requirements of the state certificate of title law. Additional thousands of Texans have entered the armed forces, leaving their vehicles in custody of wives or relatives. Many thousands of Texas motorists simply failed to file their applications for certificates of title in time for them to be cleared speedily and the certificate of title division is swamped with applications.

The Commission pointed out that thousands of persons were using their vehicles in transporting themselves and others to work in defense construction projects and in defense plant industries and that it was imperative that the operation of such vehicles be maintained without interruption in the interest of national defense. The Commission also acted so that necessary civilian travel could be maintained with a minimum of inconvenience and interference.

Tax collectors were advised to issue registration papers to out-of-state owners, provided the out-of-state title is surrendered with the application for a Texas certificate of title. In cases where the out-of-state title is in possession of a lien holder it will be necessary for the Texas applicant to obtain this out-of-state title and surrender it at the time he applies for a title in Texas. If the out-of-state lien holder declines to surrender this title, it was suggested that an application for Texas title be properly filled out recording the lien and then mailed to the out-of-state lien holder so he may attach the out-of-state title and return all papers direct to the county tax collector.

In cases where vehicle owners now are serving with the armed forces and the civilian custodian does not have the certificate of title in his possession, the Department, upon request, will write the custodian a letter giving the latest title record on the vehicle which will be sufficient evidence on which the county tax collector may

Big Lake Center For Crockett-Reagan Oil Industry Scrap Drive

Mr. Charles E. Beyer of Big Lake was today appointed chairman of the Crockett-Reagan County Committee for the collection of the scrap metal and rubber of the Texas petroleum industry.

The appointment was made by Charles F. Roeser of Fort Worth, general chairman of the oil and gas industry's collection campaign and also general chairman of District 3 for the Office of Petroleum Co-Ordinator for National Defense. The drive to recover for use all the old metal and rubber at oil leases, yards, plants and the like, is being organized by the Texas Mid-Continent Oil and Gas Association at the request of the Fed-

eral Government. The collection center for this county will be Big Lake where Mr. Beyer will select a collection lot where the scrap will be piled awaiting shipment. At the special request of the Government, the scrap will not be given away but purchased at prices set by the Office of Price Administrator. Also at Federal request, it will be handled through regular scrap buyers who are expected to get it back to mills for re-melting as soon as possible to alleviate the present national shortages.

A number of local petroleum industry leaders are being named on the State collection committee. These men will serve in this county to collect all scrap here, and also co-operate with county chairmen in all other areas where they operate to have the scrap collected there. Thus the collection drive will be made State-wide to reclaim for use the thousands of tons of old iron, steel, aluminum and rubber no longer usable by the operators. Much of the scrap will move back to mills making new oil field goods, helping the oil industry to meet the greatly increased demands being made upon it by the victory program.

"I feel sure the oil and gas operators of our country are as patriotic as any in the industry," said Mr. Beyer. "We are expecting 100 per cent cooperation in collecting the scrap which our nation so vitally needs."

Something New
Something new in the gun sight business we note is the circle sight. You've had game to show through a circle of vines, limbs, or an opening in the trees, haven't you? It always gave you a feeling of aiming dead center in the circle and you would get your game. The circle sight is for shotguns. You have the game within your shot pattern when it shows within the circle. Pretty interesting. They'll

re-register the vehicle in the name of the titleholder. Motor vehicle owners can co-operate in solving the problem by filing their applications promptly and properly with the tax collector of the county in which they reside so that all titles may be cleared between now and the final date for registration of vehicles for 1942, this date being April 1.

provide watering places for deer and turkey, induce migratory birds to remain in areas where there is water and provide habitats for other fur-bearing animals.

Sportsmanship

A Louisiana game warden has listed what he believes to be the essentials of a good sportsman. His list follows:

- (1) Be as courteous to me as I am to you.
- (2) Display game and licenses without being asked when I identify myself as a warden.
- (3) Think of a warden as an aid to better fishing and hunting, rather than an obstacle to your hunting and fishing happiness.

No Sit-Down Strikes Either

By building dams and thus producing ponds, beaver are considered very valuable. The ponds they build furnish fish habitats,

Hitler, so the story goes, had looted Michelangelo's "Moses" from the Louvre and carried it off to Berchtesgaden.

When asked by his associates why he had stolen this particular treasure he replied, "Oh, it is a great piece of art, you know." But one of the Gestapo, spying on the boss, has reported another explanation. He saw the Fuehrer on his knees before the great Jew, and he was saying: "Dear Moses, tell me how you got across that strip of water?"

Buy Defense Bonds N O W ! ! !

"Who says that you can't sell by TELEPHONE?"

"And all for a sixty-cent Telephone call. Boy! I was worried about that pending order in the next town. I couldn't be in two places at once. Lucky I thought of telephoning, for the Telephone sure pulled that order right 'out of the fire' and made this month a honey."

Many a salesman could boost his earnings by using Long Distance telephone calls to sell out-of-town customers. Try it awhile, you'll find the cost surprisingly low and the results surprisingly high. Long Distance is Sure... Quick... Inexpensive.

Eclipse of the Rising Sun!
● CHALLENGED in two hemispheres, America faces a tremendous test. But the fighters and bombers that will blot out the Rising Sun—the tanks and guns that will help smash the Swastika—are pouring off our production lines.
The biggest industrial job in history is being done because America has the electric power for the job!
The electric industry was ready when the crisis came. The business men who manage the nation's electric companies had built up power reserves in advance—and interconnected company systems so that power could be delivered almost anywhere overnight.

They were ready, too, to meet new demands with new construction. They added enough power in 1941 to light one-fourth of all the homes in the U. S. A.
We're glad that the electric industry has been able to help make Uncle Sam so powerful. We're determined to stick to the job until the blood-red sun has set and a new day follows darkness!

THE METHODIST CHURCH
Eugene Slater, Minister

Calendar of Services
Sunday School, 9:45 a. m.
Morning Worship, 11:00 a. m.
Youth Fellowship, 7:00 p. m.
Evening Worship, 8:00 p. m.
W.S.C.S., Wednesday, 3:00 p. m.
Choir Rehearsal, Wednesday, 8:00 p. m.
Dr. Goodloe will give the last of his lectures on "The Bible" at 9:30 Friday morning, and the last lecture in the series on "Christian Beliefs" Friday evening at 8:00 o'clock. You will want to be in these two classes.
Our people will worship with the Church of Christ folk this Sunday evening at 8:15 o'clock.

CHURCH OF CHRIST
J. D. MOSS, Minister

Calendar of Services
Sunday School—10:00 a. m.
Preaching—11:00 a. m.
Evening service, 8:15 p. m.
The time listed above is War Time. This will be observed by the church until further notice. We take this means of inviting our friends of the town to be with us in our services, that are being conducted daily at 4:15 p. m. and 8:15 each night. We will continue at least until next Wednesday night.
Special Notice: Next Monday night, February 23, we will meet earlier at 7:30 in order that we may get out in time to attend the lecture at the High School. Please remember this.

The Stockman Pulpit

By J. D. MOSS

Minister Church of Christ

There are some things that are eternal. Truth, is eternal; God is eternal; The Soul of man is everlasting; and the kingdom that Christ gave to the world is to be an everlasting kingdom. It is difficult for our minds to grasp the thought of eternity or everlasting because we see so many things changing form upon this earth. But there are some things we accept as true. Not because we reason them out but we accept them by faith or because so far as we can see with our limited powers, they are true. Two straight lines

POLITICAL ANNOUNCEMENTS

The Stockman is authorized to announce the following candidates for political offices, subject to action of the Democratic primaries:

For Sheriff, Assessor and Collector of Taxes:
R. E. McWILLIAMS
FRANK JAMES
MIKE COUCH

For County Treasurer:
TOM CASBEER
(Re-election)

For County and District Clerk:
GEORGE RUSSELL
(Re-election)

For Commissioner, Precinct 1:
ROB MILLER
(Re-election)

For Commissioner, Precinct 2:
CHAS. BLACK
(Re-election)

For Commissioner, Precinct 4:
E. R. KINSER
(Re-election)
T. A. KINCAID, JR.

Delegates—

(Continued from Page One)

and workers were present from churches in McCamey, Rankin, Big Lake, Mertzon, Eldorado, Sonora and Ozona.

Next Monday, February 23, Dr. Hugh C. Stuntz of Nashville, Tenn., who is the third speaker in the Rotary Institute of International Understanding brought to Ozona by the local Rotary Club, will speak to members of the church at 5 p. m. Dr. Stuntz, president of Scarrett College, is considered an authority on South America, as he has had eighteen years missionary experiences there. His talk to the church is sponsored by the local Board of Missions and Church Extension and they invite all persons interested to be present.

On next Wednesday, February 25, Miss Mary Riddle and her mother, Mrs. Jenny Riddle will bring reports and a message from the Jurisdictional meeting of the Woman's Society of Christian Service, in session this week in Oklahoma City. All members are urged to be present.

parallel do not intersect, so far as we are able to prove. So we believe that they would go on to an indefinite length this same way. Yet we cannot prove them to be so. The man who does not accept anything except that he knows has little to stand upon.

We eat what is set before us each day asking no questions because we have faith in the ones who prepared it. We might be wrong and eat something destructive. But we believe our food is good and eat it. We accept most everything that has been tested and tried by generations and usually pronounce it good. So often when we come to religion we like to say: Can you prove there is a God? Can you prove the Bible is true? If not then why accept it? Some set about to try to destroy the whole of the Bible by attacking some verse or statement that seems to them contradictory. Or, they begin by trying to show that something in the Holy Scripture has been injurious to some person or group of people. Have we forgotten that parts of the Bible may be used in the wrong way, zealous religious leaders have burned so called heretics at the stake. But the Bible has never upheld anyone destroying his fellow man like this. These well meaning people thought they were doing good. Religious people have practiced and allowed many things that were not the teachings of Christ. They only thought they were doing right.

To me the Bible is proof in itself that it contains the truth. The laws therein are basic laws of life. We do not expect anything but that a river shall run down hill. Or that a body dropped from the air shall fall to the earth. We would be indeed astonished if it happened otherwise.

It seems that some have never realized that God has placed spiritual and moral laws in the universe also. These become the bases of our social, political and economic structure. As long as we observe them all is well. Just as long as we allow the river to flow it's natural course all is well. But try to stop it and you do not break a law you simply change the direction of the force for awhile or hold it in check. It will sooner or later assert itself.

Men trifle with truth, thwart its purposes, or hold it in check. But "truth crushed to earth shall rise again."

Richard Miller, Jr., is the latest Ozona man to be accepted for training as a flying cadet in the air corps. Jack Williams has also enlisted in the air corps and is at Goodfellow Field in San Angelo.

A CALL TO PRAYER

Father of all mankind, throughout this day, and every day, help me to remember that a very real portion of Thy Kingdom has been placed in my keeping—Thee:

With all my mind—that I may think Thy thoughts after Thee, from dawn to dark, making beautiful and significant each decision of my daily living; help me to remove all prejudice and small-mindedness, O Lord:

With all my heart—that I may love those whom Thou lovest, feeling for even the most unlovable and difficult of Thy children Thine own everlasting mercy:

With all my soul—that I may seek fresh ways in which we can all be one in Jesus Christ our Lord, praying for Thy divine power to surge through my commonplace routine from morning till night:

With all my strength—that I may work the works of Him who sent me while it is day, seeking to channel through every act

Thy devotion to the needs of both my neighbor and myself. Remind me from moment to moment that this is not optional, but the last command of Jesus Christ, our Lord. Quicken me and use me this day, for Thy name's sake, Amen.

World Day of Prayer will be observed in Ozona Friday, February 20, at 3 o'clock at the Methodist church, under sponsorship of the Women's Society of Christian Service. This annual interdenominational observance on the first Friday of Lent is an "international prayer meeting"—with women all over the world, from dawn to dusk uniting in a chain of prayer that the world may come to know and to follow in the way of Jesus who said, "I am the way"; the way we have lost; the way back to God; the way of self-surrender; the way of peace; the way of love; the way of light; the way of power.

Everybody is invited to take part in this service.

Marriage March 15 For Madye Jo Bailey

To Become Bride Of John Forrest Green, Jr. In Ceremony Here

The marriage of Miss Madye Jo Bailey, daughter of Mr. and Mrs. Thomas Albert Bailey of Rock Springs, to John Forrest Green, Jr., son of Mr. and Mrs. John Forrest Green of Hamlin, will be solemnized at 2 o'clock in the Methodist Church at Ozona on March 15. Plans for a spring wedding have been cancelled because of the war.

After the ceremony, a reception will be held in the home of the bride's uncle and aunt, Mr. and Mrs. L. B. Ozona.

Bridge-Luncheon For Sunflower Club

Mrs. W. E. Friend, Jr., entertained members of the Sunflower Club and guests with a luncheon bridge Tuesday at Rendall's Drive Inn.

Defense stamps which were given as prizes were awarded to Mrs. Evart White, high, Mrs. T. A. Kincaid, Jr., consolation, and Mrs. Massie West, bingo.

Others present were Mrs. Doug Kirby, Mrs. Boyd Clayton, Mrs. Clay Adams, Mrs. Arthur Phillips, Mrs. C. E. Davidson, Jr., Mrs. Joe North, Mrs. T. A. Kincaid, Jr., Mrs. Hillery Phillips, Mrs. Melvin Brown, Mrs. Hilton North, Mrs. Walter Augustine, Mrs. Roy Henderson, Mrs. Hubert Baker.

TAKES FLIGHT TRAINING

Maurice Lemmons, son of Mrs. Ben Lemmons of Ozona, a student in the University of Texas in Austin, is among a group of 50 University boys accepted for training with the Civilian Pilot Training program in Austin. Students will have 40 hours of primary flight training when they complete the 3 months course.

Help win the war—Buy Defense Bonds now!

War Views—

(Continued from Page One)

the British Isles last summer. "The British people have long since ceased to think of the war in terms of a definite period of years. They are in it for the duration and are going about the business of making war until they win—from now on if need be."

Of the peace, Mr. Grimwade expressed the hope that the same mistake would not be made again by the United Nations that led to the hasty treaty of Versailles. There must be a period of waiting after hostilities cease until people are adjusted to the new conditions and animosities have had time to cool. A period of years should elapse, he said, during which the conquered nations should be policed, and then a far-sighted peace could be made.

After the lecture, an open-forum discussion of the history making events of the present was enjoyed by the audience. Rev. Eugene Slater presided and introduced the speaker. Miss Ruth Graydon played a piano number to open the program.

The next speaker in the Rotary Institute of International Understanding series will be heard next Monday evening in the auditorium.

"Grouchy" Husbands

and wives, may be suffering from aggravating bowel gas, sour stomach or headache, caused by spells of constipation. Try ADLERIKA. It effectively blends 5 carminatives for relief of gas pains, and 3 laxatives for gentle, quick bowel action. Your druggist has ADLERIKA.

TSGRA Directors Meet In Sonora Monday, March 2

Problems Of Industry In Wartime To Be Discussed

The second quarterly meeting of the Board of Directors of the Texas Sheep and Goat Raisers Association will meet in Sonora, Texas, on March 2. This date has been set in order not to conflict with the San Angelo or Fort Worth stock shows. Association members and friends are also cordially invited to attend.

Due to the affects of the war many problems vitally affecting the ranch industry have developed. The wool and mohair situation, priorities, wool bags, freight rates, tire rationing, and other topics will probably be discussed. The following program has been outlined:

9:30 a. m.—Standing Committees meeting, court house.
Women's Auxiliary breakfast,

starting at 8:30. He will be Dr. Hugh C. Stuntz of Nashville, Tenn., president of Scarrett College in Nashville, who spent 20 years of his life in South America, as a teacher and writer. He is competent from experience and ability to interpret the Latin-American scene. Persons who have heard Dr. Stuntz declare his lectures to be among the most interesting of the series.

given by Sonora Women's Club.
10:30 a. m.—Directors morning session, court house. Women's Auxiliary meeting, Sonora Women's Club.

12:30 p. m.—Steak dinner, given by Sonora Lion's Club.
1:30 p. m.—General Resolutions Committee meeting, court house.
2:30 p. m.—Directors evening session, court house.
9:30 p. m.—Dance, given by Sonora Fling Ding Club.

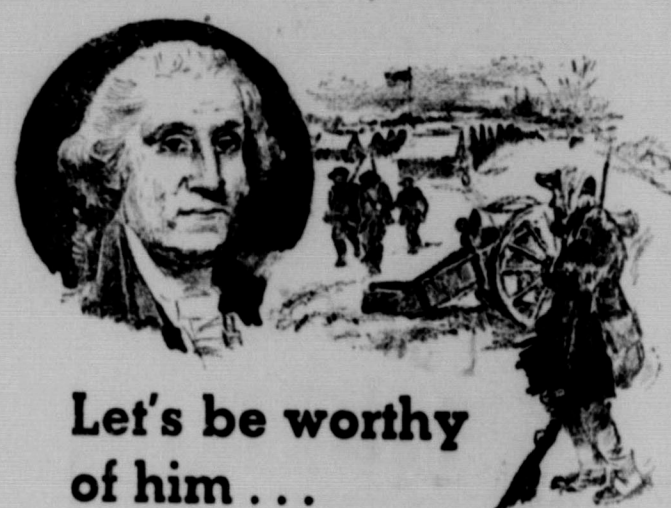

The Sonora Lions Club will be hosts to the Directors and their wives honoring them with an old-fashioned steak dinner at 12:30 p. m. Hot steaks off the grill, skillet bread, gravy, salad, pinto beans and various desserts will be served.

The Sonora Woman's Club will honor the Auxiliary of the Association with a breakfast given at Mrs. Rex Cusenberry's residence, starting at 9:30 a. m. Following the breakfast the Auxiliary will meet in the Sonora Woman's Club building for their business session.

National Defense Study Topic For Junior Woman's Club

The Ozona Junior Woman's Club which met Thursday afternoon in the home of Mrs. Arthur Kyle studied national defense. Members answered roll call with the name and location of an army camp. Mrs. W. E. Friend, Jr., was leader and spoke on Army Camps in Texas, their economic value to the state, and food and national defense. Miss Zelma Scott gave a talk on use of women in defense industries.

Attending the meeting were Mrs. Walter Augustine, Mrs. A. O. Fields, Mrs. W. E. Friend, Jr., Mrs. Rex Russell, Mrs. Oscar Kost, Mrs. Dan Patterson, Mrs. Mart Westerman, Mrs. R. H. Garner, Mrs. Richard Flowers, and Miss Wayne Augustine, Miss Wanda Watson, Miss Zelma Scott, Miss Eleanor Neal, Miss Rebecca Anderson, Miss Marzee Hammons, Miss Georgia Williams, and Miss Elizabeth Fustell.

Mr. and Mrs. John Bryant of Eden visited in the home of Mrs. Bryant's parents, Mr. and Mrs. L. B. Townsend, during the past week-end.

Mrs. Vera Baker, and Mr. and Mrs. Roy Parker spent the week-end with Mr. and Mrs. Edwin G. Bower in Sweetwater.

Mr. and Mrs. Vernon White have moved to San Antonio where Mr. White is to enter defense work.

Carsons Hosts To Forty-two Club

Mr. and Mrs. Ira Carson were hosts to members of their forty-two club at the Carson home Friday night. High score prize for men went to Charley Coates and for the women to Mrs. Hillery Phillips. Roy Henderson took the tarvelling prize and James Childress the guest award.

A garden theme was used in decorations. Tallies were made of packages of garden seed and arrangements of vegetables were used in decorations. Garden implements were given as prizes.

Present were Mr. and Mrs. George Bean, Mr. and Mrs. C. S. Denham, Mr. and Mrs. Hudson Mayes, Mr. and Mrs. Hillery Phillips, Dr. and Mrs. G. L. Neersta, Mr. and Mrs. Charley Coates, Mr. and Mrs. Roy Henderson, Mr. and Mrs. James Childress and Mrs. Alice Baker.

Breakfast And Bridge Saturday

Mrs. Byron Stuart entertained friends Saturday morning with a breakfast and bridge in the home of her mother, Mrs. Ray Dunlap. The Valentine theme was carried out.

Mrs. Alvin Scheel won high score prize, and Mrs. J. E. Newkirk received second high.

Present were Mrs. R. J. Adams, Mrs. Slick Miller, Mrs. Dewey Waggoner, Mrs. O. Z. Fenner, Mrs. A. E. Deland, Mrs. J. E. Newkirk, Mrs. Cleophas Cooke, and Mrs. Alvin Scheel.

Commandos Examine Captured Field Piece

British troops examine a German field gun, captured during their occupation of the island of Maaloy, Norway. The British commandos were landed on the Norwegian islands of Vaagso and Maaloy, after coast defenses had been silenced. Fifteen thousand six hundred and fifty tons of enemy shipping were destroyed, with munition dumps, oil tanks and storehouses.

Assn. Honored At Founders Day Program Past Presidents Of Parent-Teachers

Past presidents of the Ozona Parent-Teachers Association were honored when the association met Monday afternoon in the High School auditorium to observe Founders Day. The day's program was under the leadership of Mrs. S. M. Harvick, president.

The program opened with the invocation by Mrs. W. A. Kay of Fort Stockton. Mrs. H. E. Tandy sang "A Little Child Shall Lead" by Jaccard. Mrs. Clyde Childers read a paper on Founders Day, which was followed by a brief history of the Ozona Parent-Teacher Association given by Mrs. Stephen Perner. Miss Ruth Graydon played "Poems" by Fibich, with Miss Rebecca Anderson accompanying.

The Ozona Parent-Teacher Association was organized in 1924. The organization has 14 past presidents, all living in Ozona except two, and all present for the dedication service here this week. The past presidents were introduced by Mrs. Harvick. They are, in order, from 1924, Mrs. Frank Friend, Mrs. W. R. Baggett, Mrs. J. J. North, Mrs. J. M. Dudley, Mrs. W. A. Kay, Mrs. W. H. Bungler, Mrs. Ira Carson, Mrs. Joe Pierce, Mrs. W. P. Seahorn, Mrs. Joe Davidson, Mrs. George Bungler, Mrs. Elton Smith, Mrs. Taylor Word and Mrs. Stephen Perner. Mrs. S. M. Harvick is president this year.

Mrs. Frank Friend, first president of the association, was given special recognition, not only as the organization's first president but as a "native son" author. Mrs. Friend has recently had published a volume of poems under the title "Yucca Lillies." She read two of her poems before the assembly.

The meeting closed with the dedication by Mrs. Harvick, after which refreshments were served in

the H. E. rooms by Mrs. Marbury Morrison, Mrs. John Mitchell, Mrs. George Russell and Mrs. Charlie Davidson.

Two Tables Of 42 At Douglasses

Mr. and Mrs. W. E. Douglass entertained with two tables of forty-two in their home Friday night. A sandwich plate was served and the Valentine theme was carried out.

Mrs. Hubert Baker received the high score gift for women and L. B. Townsend won the high score award for men.

Present were Mr. and Mrs. Boyd Lovelace, Mr. and Mrs. Hubert Baker, and Mr. and Mrs. L. B. Townsend.

Mrs. Bill Baggett Ace Club Hostess

Members of the Ace Club met Saturday afternoon in the ranch home of Mrs. Bill Baggett. The Valentine motif was used and defense stamps were given as prizes. Miss Marzee Hammons won high score award, second high went to Miss Mary Alyce Smith, and Miss Jean Drake received the bingo award. After the party, Miss Posey Baggett, chairman of the club, drew up the bi-laws and a copy was given to each member.

Those attending were Misses

"Mac" McWilliams, Betty Bratcher, Mary Alyce Smith, Posey Baggett, Jean Drake, Eileen Cory of Houston, Estelle Caruth, Marzee Hammons, and Catherine Childress, and Mrs. Vick Montgomery, Mrs. Jack Baggett, Mrs. John Henderson, III.

Miss Augustine Is Club Hostess

Members of the Twentieth Century Club and guests were entertained Saturday morning with a breakfast and bridge at Rendall's Drive Inn by Miss Wayne Augustine.

High club prize was awarded to

Mrs. Phillip Lee Childress. Mrs. Boyd Clayton won high guest, and bingo went to Mrs. Hillery Phillips.

Others attending were Mrs. Mrs. George Bungler, Mrs. Dempster Jones, Mrs. Jesse Marley, Mrs. T. A. Kincaid, Jr., Mrs. Doug Kirby, Mrs. Joe North, Mrs. Melvin Brown, Mrs. Joe Clayton, Mrs. Jack Wilkins, Mrs. Ewart White, Mrs. Hubert Baker, Mrs. Early Chandler, and Mrs. Al Nimmo.

Mr. and Mrs. Babe Phillips and Mrs. S. B. Phillips were San Angelo visitors the first of the week. Mrs. S. B. Phillips remained in San Angelo for a visit with her daughter, Mrs. Joe Nussbaumer.

I found 20 ways to get longer life from our car...

The family car is my responsibility—and I'm taking it seriously, nowadays. Because I didn't know much about what goes on below the hood, or underneath the car, I asked our neighborhood Humble service man about his new plan "20 Ways to Get Longer Life from Your Car." It's all in a booklet, written so anyone can understand it—and my husband is enthusiastic.

"The Humble service man showed me just what we ought to do, to get longer life from our tires, and keep our car young. I went over his suggestions with my husband, and he said, 'That shows a genuine desire to help... you can depend on that fellow.'"

What about your car? How long can you expect it to keep giving you trouble-free service? Experts say the average car is capable of 10 years performance, if you give thorough, regular attention to a few important things. At your neighborhood Humble station is an experienced service man, anxious to give you help and advice about your car. Let him show you the new booklet "20 Ways to Get Longer Life from Your Car." It will pay you in more miles of better service.

Drive by your Humble station today—ask for the facts on "20 Ways to Get Longer Life from Your Car."

Mrs. Geo. Montgomery Friday Club Hostess

Mrs. George Montgomery entertained members of the Friday Bridge Club and guests Friday afternoon in her home. Red Carnations and flags were used in carrying out the Valentine and George Washington motif. Defense stamps which were given as prizes were won by Mrs. Joe Pierce, high, Mrs. Wayne West, consolation, and Mrs. W. E. Smith, bingo.

Others present were Mrs. W. R. Baggett, Mrs. J. M. Dudley, Mrs. Early Baggett, Mrs. Monroe Baggett, Mrs. Carl Colwick, Mrs. Tom Harris, Mrs. Hudson Mayes, Mrs. S. M. Harvick, Mrs. Scott Peters, Mrs. John W. Henderson, Mrs. Tom Smith, Mrs. Joe Davidson, and Mrs. Victor Pierce.

ROTARIANS TO DEL RIO

Ozona Rotarians will present a program for the Del Rio club at a meeting Wednesday, February 25. Rev. Eugene Slater will be the chief speaker.

It is easier to keep good eyes good with proper glasses than to make bad eyes better!

OTIS L. PARRIS
OPTOMETRIST

5 W. Beauregard Dial 6006 San Angelo

Sure we can do it!

Old Man Texas has sharpened his pencil. There's a job to be done.

Uncle Sam has a war to win and it will be paid for by you and me.

Our big job is to meet rapidly increasing federal taxes and buy defense bonds. And added to these are the costs of our local and State governments, including bond issues. The money to pay for them must all come out of the same pocket.

To make the bill fit our pocket, we're going to have to cut out some of the things we can do without. Among these are new bond issues, new State and local taxes and nonessential spending in every branch of government.

Old Man Texas is looking to taxing officials all over the State to be on the alert to effect economies.

Every local tax dollar saved for Texas taxpayers is another dollar available for victory.

PREPAREDNESS . . .

If the motto "Be Prepared" is good enough for Boy Scouts, it is good enough for all high school students. Some day everyone of us will have to provide for ourselves. We will not always have our parents to lean back upon. When that time comes, will we be prepared? This is a question we should think about now. We can't wait until the time comes. There is no time like our high school days to start preparing for the future; because, in the first place, we don't know how soon we may need to put these preparations into use. Often we spend much of our time just "loafing" when we could be learning something which might be of much use to us someday. With our country in war, it is extremely necessary that we learn all we can in high school because many of us may be unable to attend college. There are many vocations now which we can follow with a good high school education. There is only one thing that would keep an OHS graduate from having a good education; that is, he just didn't try to get it, not because he couldn't get it in a school as good as ours.

It would be good advice to the freshmen to tell them to use every moment they have in high school in taking advantage of every opportunity offered them.

Editor's Musings

By Rozelle Pharr
"Toda Afertacion es mala." These are the words of Cervantes. In English they mean: "All affectation is bad." Have you ever observed a person who "put on" so much and carried on such a ceaseless chatter that you became weary just watching him. When most people who are noted for their outstanding personalities are asked how one may obtain such a personality, they reply, "Be yourself." High school students usually term a person who vies for all the attention by affectation as a "show-out." First of all such people usually talk about themselves all the time and do not give other people a chance to say anything. They may also be classed as "braggarts" because they are so self-centered. Yes, they prevent lulls in the conversation, but they always leave an artificial, and often bad impression. They are not the sort that have many true friends.

Ozona Cagers End Good Cage Season

The Ozona basketball team winds up its season Tuesday night. The Big Lake Owls, winner of the section, are the guests. The Ozona team has completed a good season. The Lions were runner-up to McCamey in their tournament here. Big Lake won the consolation cup and, therefore, the game promises to be an exciting one.

There is only one boy who will complete his high school basketball career in the Big Lake game, Billy Hannah. The rest of the team is composed of junior, sophomores and freshmen.

The juniors are Bud Cox, Wayne Babb, Mervin McLaughlin, Henry Patrick, Lorain Wyatt, Charles McDonald, Bland Tandy, and Jimmy Pharr.

Tom Ed Montgomery and Jim Ad Harvick represent the sophomores.

Billy McWilliams and Jimmy Read are the freshmen.

Junior Band Has Been Discontinued

Mr. Pingelton, when asked about the Junior Band, stated that it has been definitely dropped. When the band was organized there were about 25 members but now only about five come regularly. He also stated that until the pupils are required to come just as the High (Continued on Page Seven)

Ozona PTA Observes Founder's Day

The anniversary of the founding of the National Congress of Parents and Teachers in Washington, D. C., in 1897, occurs on February 17. This anniversary has been observed very generally by local associations each year since 1910 in accordance with a vote passed that year at the annual convention. Gifts which are made on this day are for extension of Congress work. The field service has been almost wholly financed from this source.

The local Chapter of P.T.A. observed Founder's Day at their regular meeting in the auditorium of the Ozona High School. Mrs. S. M. Harvick, the present president presided.

The invocation was given by Mrs. W. A. Kay, president of the association in 1929-31. Mrs. H. B. Tandy sang "A Little Child Shall Lead" by Jaccard. Since this is a nation-wide organization, Mrs. Clyde Childers discussed its history as such, its objectives, and its purposes. Mrs. Stephen Perner read a paper entitled "Reminiscence." In this, she gave the history of the Ozona P.T.A. from the beginning. Material for this was gathered from the past minutes of the meeting. The second musical number on the program was a violin solo by Miss Ruth Graydon accompanied by Miss Rebecca Anderson. Mrs. Harvick introduced the former presidents of the association. Mrs. Frank Friend, the first president of the P.T.A. in 1924-25 was introduced. A similar organization had existed before this, however; but it was not known officially as the P.T.A. Mrs. Friend read some of her own poems from her book called Yucca Lilies that is just off the press. As Mrs. Harvick said, it is surely a treat to know a poet, but to hear her read her own poems is a double pleasure. Mrs. Harvick closed the meeting with the dedication.

Punch, sandwiches, and cookies were served. The centerpiece for the table was the crystal punch bowl with a base made of yellow and pinks. The presidents of the club wore corsages of the same flowers. Everyone left the meeting with a firm conviction of the noble purpose of such an organization and an earnest desire to do all possible to keep such an organization in existence.

Student of the Week

Dark, litesome, eager, and with a nose that wrinkles when she laughs could be a description of no one else except a senior girl, prominent in her class. Her place, after her graduation, will be hard to fill for she takes part in almost all of the extra-curricular activities. Her music, press club work, dramatic interests, and her academic work keep her mind and body employed toward progressiveness. She is easy to get along with and always ready to do her part in any place where she might be needed. In selecting some adjectives to describe this girl, you might use "swell, friendly, and unspoiled."

Answer to last week—Billy McWilliams.

Echoes From The Library

Doesn't everybody like a good story? "The Scarlet Pimpernel" was the chief of a daring band of young Englishmen whose purpose was to rescue members of the French nobility from the Terrorists of France. In the story the identity of this brilliant and resourceful leader is faithfully guarded by his followers, and eagerly sought by the agents of the French Revolutionary government. Scenes of intrigue, danger, and devotion follow close one upon another. The heroine of the story is a woman of wonderful charm, who in the end shares the honors with the Scarlet Pimpernel.

This is a new fiction book that has lately appeared in the library.

A chip on the shoulder usually indicates that there is wood higher up.

SENSES OWENS-MAYES

HEARD—Mustard singing "The Wedding March" in Spanish class. Well, first it's seventeen, then a beard—now, what?

That to some one's delight Chappon has come back to school. Well, Joyce is still at it, we see.

That snow makes "Red" wish for a log cabin, a fire place, and a dog.

That Margaret goes to Bill's and catches the flu. It wasn't just being in the room with him either, we are destined to believe.

That L. B. and Gem Ella would be better off if they never opened their mouths. They finally got it back on Bill, however.

Flossie wanted to hit a post while driving her car to see if it was very solid. For some reason Mrs. Luther didn't want her to.

Some Iraan boys wanting Mary's telephone number from Joyce. Now, Joyce, was that nice to give them yours instead.

Snow and more snow at Iraan. It was very disappointing to find none in Ozona.

A good school dance Saturday night. There were a great many "fish" there. Nice going.

Bill and Cecilia together quite often lately. Woo, woo.

L. B. dancing with a lamp shade on his head. Are you afraid of the light L. B.?

FELT—Dizzy! twirling around for some time will make you dizzy, won't it?

OHS

Band Begins Work For Spring Contest

Mr. Pingelton has received the music to be used for the competition-festival to be held in Abilene in April. The band has started working on these numbers, and from now on there will be extensive practice and drive on both the musical numbers and the marches.

These festivals that are held both in state-wide and nationwide participation are in line with the present educational trend whereas students may be brought together to enjoy association in inspiring programs and to be given important culture experiences and opportunities for all to share in the benefits and enjoyments of this important phase of the musical education program. Recognizing the evils in contests, officials have decided that the adoption of the so-called "Competitive Festival" is the best solution to the problem. In enables a band to re-

Best dressed—Mrs. Westerman.
Most capable—Mrs. Nimmo.

Eric I. Grimwade, Lecturer, Speaks To Student Body About Turkey

ERIC I. GRIMWADE

Eric I. Grimwade from Chicago, Ill., spoke to OHS students on "Turkey" in relation to the world conflict. Dr. Grimwade said that it is pretty important to us whether or not Turkey comes in on our side because, if they had been on our side in the last war, the war would have been over two years sooner. He discussed the government of Turkey and one of the founders of this government, Mustafa Kemal. He compared them and their ways to the English and American ways as to dress, clothes, and some of their customs such as the treatment of women. He brought out the fact that although Turkey is a very poor country, there are a great many modern improvements. These improvements were made possible by the people's remaining poor and giving what they make in order to make Turkey better for their children.

As to the government in Turkey, it is a democracy as much as ours. It would be hard for them if they should give in to Hitler and join the Axis powers. It would be a great help to Germany to have Turkey on her side because it would help them to get to the countries where there is oil.

Eric I. Grimwade was born in England and has been there until September of last year. He is a student of international affairs, journalist, and lecturer. He spent most of his time during the last several years in the European continent as a student, businessman, and journalist. During four months in the spring and summer of 1939, he traversed Europe as far as Ankara, the modern capital of Turkey.

Every one of the students listened attentively to this great speaker. They are also looking forward to the next two speakers.

Grade School News

Attention readers! You are about to read some of the writings of our future Sara Teasdales, Edgar Allan Poes, James W. Rileys and yes, even Sir Walter Scotts.

These poems were written by the pupils of Miss Hammond's room. They are short and snappy, but after all you have to have a beginning. And these pupils have made a swell one.

Second Grade Valentine Poems Apples are red, Violets are blue. Here is my Valentine Wish for you.

Someone gave me a Valentine I don't know who. It is very pretty Did it come from you? Gordon Williams

Third Grade Valentine Poems I made a Valentine Just for you. I hope you like it, Indeed, I do!

Barbara Adams Here's a Valentine to send To my very best friend, It is trimmed with lace And has a heart-face.

Barbara Ann Speer I have a Valentine It says "Be mine." It is red and white And it shines like a light.

Doris Armentrout The boys and girls Like the snow Ho, ho, ho. In the snow They like to play Hey, hey, hey.

Pat Miller The snow is falling Down, down, down. The snow is falling On our little town.

Bessie Yancy Third Grade Snow Poets The snow is cold The ground is still. We can't go when we are old So let's go down the hill.

Kenneth Parker Sleddy-red, sleddy-red. Who would like To ride in my sled? Hiddy-ho, hiddy-head, Who would like To go in my sled?

Sid Jeffreys I have a snow man Whose name is Dan. He likes the cold And he doesn't need a fan.

Joe Albert Brown

War Affects Local High School Sports

This time is a time of great crisis. With Singapore conquered, the war is going full speed. The war will last at least a year longer; so the shortage of rubber will go on indefinitely. Because of this fact the sale of tires has been discontinued, as you probably know or have felt by now. Since the rubber shortage is on, the tires are gone and for that reason Iraan has cancelled all interscholastic athletic activities. All basketball games and volleyball games have been cancelled. The Iraan boys said they might go to the state in track if they were good enough, but that wasn't likely. Power to them. The athletes of OHS sincerely hope that the athletic activities of this school are not cancelled; but if they are, we, the boys and girls, must do everything in our power to help "Slap the Japs."

And by the time people like Joe Louis get through "Slapping those Japs," they won't be able to get up and "take" another round, now or any time.

OHS

Six OHS Teachers Eligible For Draft

Every man-teacher in high school is eligible for the army. These teachers include Mr. Denham, Mr. Sikes, Mr. McCook, Coach Patterson, Mr. Pingelton, and Mr. Garner. It looks as if the women teachers will have to carry on. Not only will it take the superintendent, but it will also take the well-liked principal. As a matter of fact all of the teachers are well-liked. Most of the eligible teachers have been here at least two years and some of them have been here longer. There will really be a space left in the school if all these teachers leave.

OHS

Seniors Change Class Play From "Don't Rush Me" To "The Saturday Evening Ghost," A Mystery-Comedy

After a week of work, the Senior class changed their play from "Don't Rush Me" to "The Saturday Evening Ghost."

The new play is a mystery-comedy that is certain to be an outstanding success everywhere. The production is in one simple setting and offers unequalled opportunities for characterization to every member of the cast.

Hiram Otis, played by Boochie Coates, is multi-millionaire American soap magnate, who rents the ancient Canterville castle in England from Lord Canterville, played by Floyd Hokit, its bankrupt owner. The Otis family comes to live in the castle, derisively skeptical of the legend that it is haunted by the ghost of Sir Simon de Canterville, portrayed by Billy Hannah, a seventeenth century knight. However, their skepticism is short-lived, for one Saturday night Virginia Otis, portrayed by Gem Ella Dudley, the lovely 20-year-old daughter of the house, meets the ghost in person! Then follows one of the most charming and delightful romances in all English literature. Because of a youthful indiscretion, Sir Simon was doomed to walk the earth every Saturday night, searching for a girl who knew how to bake a real old-fashioned plum pudding. Now, after

three hundred years, he thinks he has reached the end of his long quest. But, alas for romance! Somebody is always throwing a monkey-wrench into the works, even in the spirit world! The "somebody" in this case are the impish Otis twins, Sonny-boy and Pet, played by Bill Carson and Mary Faye Lucas, two little "full-of-the-devil helions." Afraid of a ghost? Not they! They make things pretty miserable for Sir Simon with their pranks and their "ghost-trap." In the end, Sir Simon is finally permitted to rejoin his ancestors; and as for Virginia—well, don't worry, she finds her romance after all. Other good characters are Mrs. Umney, Dorothy Capps, the housekeeper of the castle, and Lord Archibald, played by "Red" McWilliams, a very "English" Englishman.

Although this play is all about a ghost, it is not the stock, mystery-play type of ghost—nothing weird or uncanny about him. The dialogue has been written in a humorous vein—one of the high spots is when the ghost begins spouting American slang. If you want to see a play that's decidedly different—a play that will have you chuckling throughout and send you away in a high good humor, come to see "The Saturday Evening Ghost."

Ozona Girls Play Eldorado Girls

Three cars of volleyball girls left for Eldorado for a game with the Eldorado girls Friday night only to return home defeated.

Judging from some comments heard, lack of good and well-planned practice was one of the reasons of defeat; also, the absence of the Ozona boys might have been an important factor. According to the girls a good practice game with the boys is the best practice work they receive.

The Eldorado volleyball team is to play a return game here Friday at 8 o'clock, and the Ozona girls plan to return their defeat.

In spite of losing the game, the girls were supplied by a good supper afterwards which was ordered by Mr. Sikes.

OHS

THE WISE OLD OWL

By RUSSELL and COATES

Mrs. Westerman is unfair to Sug! She told Sug that she would read her note from Dick if she said another word during the study hall. For shame!

Dick thinks he knows a great deal about these girls around here; but if he doesn't make sure he is sure before he says things, someone is going to disable him for life! (A hint to the wise is sufficient!)

Bud Cox certainly did look nice in Spanish class on Thursday. For your information, he was wearing brown pants, a white shirt and slip on sweater. Very attractive!

Flash! A new freshman style. Dress over slacks and hairnets. Gloves and unmatched shoes add a finishing touch! Now, everyone should see them.

Friday the thirteenth is certainly not a very appropriate day for volleyball, at least not for the Ozona team.

Mary is one who can't pass up life's little temptations. Consequence: Bud got a sound lick! Where? Can't you guess?

Was the dance very successful on Saturday night? Ask the stags. They paid 25c.

Mrs. Westerman auctioned Sug and Dick's note off for three dollars. The curious fellow was Wayne West! Not bad at all! Clear profit!

It seems to be the opinion of several volley ball girls that each letter-player should receive satin jackets and reserves should receive sweaters.

Mrs. Nimmo certainly does have a pretty red dress. It must be nice to be married to a woman who is attractively dressed all the time!

Looking closely—well, not too closely, one should notice Jimmy's large mouth! (That is referring to that Pharr brat!)

Dot saying that she took more cold Friday night. Now, Dot, please tell us.

My, how Cecilia does get around. Bill C. is not doing bad a-tall!

Mary, don't you think you had better watch out for Billy or had (Continued on Page Seven)

Band Begins
(Continued from Page Six)

ceive constructive criticism from expert judges, to compare its work with that of other school bands, and yet at the same time the festival emphasizes selected groups, massed performances, and the inspiration which comes to children and adults alike from the gathering together of large numbers of musicians.

In the competitions, each participating band performs three compositions. The Ozona Band has not chosen its "warm-up" number and will play either "Overture American" by Buchtel or "Vogue" by Holmes for their selective number.

The required number is "Two Admirals," by Joseph Skornick. This overture is based on a book by the same name by James Fenimore Cooper which is considered one of the three greatest sea stories ever written.

For the first time, the Ozona Band received second division rating at the festival last year, and it has continued its progress. If the attendance of the band improves, Mr. Pingelton hopes that with unusual effort on both his part and that of the members that the same promising results may be achieved again this year.

Junior Band

(Continued from Page Six)

School Band is, they will continue to come only as they please and gain nothing. He believes a period should be set sometime during school hours for this practice; for at the time they are now coming which is 4 o'clock, most of the students have been out of school for about an hour before band practice and they forget to come back for band. When these two things have been accomplished the Junior Band will probably advance much faster than it has in the last few months.

Wide Old Owl

(Continued from Page Six)

Billy better watch out for you? These "cops" do scare people at times don't they?

Attention! Boys thanks a lot for bringing dates and making the dance such a success.

More measles still breaking out. Wonder who it could be now?

Volleyball girls attention! Remember we forgot that score!

Ruth had a date with Charles to the dance. Monday morning Charles came to school with his finger in a cast. Looks suspicious to me.

Margaret, who's senior ring have you been wearing?

Sug wasn't expecting any candy the 14th. Anyway she ended up with four boxes.

"Liz" Gray got sick during the dance. What was it you drank Liz or should I say ate?

Margaret Wiggs back in school again.

The dance was wonderful Saturday night even though one of the hostesses got sick afterward.

Bro. Busby Addresses Students in Study Hall

The students of OHS had a meeting in study hall Monday, Feb. 16. Mr. Denham introduced Brother Moss of the Church of Christ.

Brother Busby made a brief talk on meeting obstacles. He said, "I think our school work is improving. The boys and girls are being taught more useful things because of the world. After this war we will be a stronger race of people."

Mr. Denham made an announcement concerning the speaker brought here by the local Rotary Club. He also announced the basketball and volley ball games to be played here Tuesday, Feb. 17.

Do You Have Accurate Records OF YOUR Ranch Operations?

Now, more than ever before, it is essential that you keep accurate record of your ranch operations. Taxes must go up to finance our tremendous war effort. Every citizen wants to pay his share on the basis of his earnings but only by keeping accurate records can he be sure he is not paying more than his share. You can take credit for every expenditure made in the course of your business operations. Be sure you get credit for such business operations, by recording them promptly and accurately.

THE STOCKMAN'S RANCH RECORD BOOK

- Will provide accurate records of every transaction with a minimum of bookkeeping effort on your part.
- Printed headings for every deductible expenditure make for simplicity in recording expenses and totalling each type of expense for income tax reports.
- Receipts sections provides columns for recording income from all sources. Inventory sections permits entry of indisputable records.

Survey Val Verde Co. For Strategic Minerals For War

AUSTIN, Feb. 19—Minerals for war production are the object of a survey of Val Verde County, begun this week by the Bureau of Economic Geology of the University of Texas, working with the Works Projects Administration.

Manganese and barite are the ores particularly being sought by the survey, since both are needed in war industry. New supplies of manganese are particularly in demand, and since small deposits of low-grade ore have been known to occur in Val Verde County for many years, it is hoped that the search will find deposits of economic importance.

A similar survey has already uncovered large deposits of celestite, a mineral used in making flares, in three Texas counties. The Bureau of Economic Geology also has workers in Llano County exploring graphite occurrences, and in Houston and Atascosa Counties searching for high-alumina clays.

Friends of Jones Miller, pioneer Crockett county rancher, were glad to learn this week of an improvement in his condition. Mr. Miller is recuperating in a San Angelo hospital from an attack of pneumonia. He is reported this week to be improving rapidly. Mrs. Miller has also been ill the past week, but she also is reported much improved.

beautification, organization and outfitting the band, playground equipment, etc.

Organization of the Ozona Music Club in 1927 was the first real step toward the encouragement of musical talent and betterment of musical appreciation in Ozona, Mrs. Hannah declared. The Music Club is a federated organization and receives much benefit from the federation in the planning of programs and promotion of music.

The Music Club has definite study courses, such as studies of American music, Indian music, influence of the Negro's contribution to music, patriotic and folk music and learning to be good listeners, Mrs. Hannah said. The clubs encourage young artists, sponsor local choruses, cantatas and other musical events and encourage music in the schools. At present the music clubs are contributing to national defense by gathering music, recordings and instruments for the entertainment of America's armed forces, she pointed out.

Mrs. Friend told of organization of the Junior Woman's Club in 1932 under sponsorship of the senior club. The club now has 20 active members and in its ten years of existence has been a potent force for community betterment. Among the junior club's outstanding accomplishments is Ozona's new modernized telephone system.

"Any town is better off for having a group of women as interested as we are in making Ozona a

better town," Mrs. Friend concluded.

"I believe it the best thing that ever happened in Ozona when the Rotary Club was organized, and

we hope for your club a long and useful life in the community," Mrs. Harvick said in concluding the very interesting program brought by the group of ladies.

HERE'S HOPING . . .
The Japs certainly are spreading themselves out. Whether it is entirely too thin, they probably will know in due time.—Kansas City Star.

Accomplishments
(Continued from Page One)

The P.T.A. has made much progress in its program of child welfare, Mrs. Harvick pointed out, and recounted some of the local accomplishments, such as aid to underprivileged children, school ground

George Washington . . . cut down his father's cherry tree—Williams prices cut down your living costs. George Washington among other things was famous for his truthfulness. Williams among other things is noted for the same thing.
