Kitty's Korner

by Kitty Montgomery

We have consistently gone the way of Great Britain in almost all phases of our national life. That country is at its lowest ebb, and even after the recent national elections we still hear newscasters praise their political system.

A system that has allowed a nation to become paralyzed is obviously not a good system. Some political experts point to Great Britain as the true democracy, but their class system is an abrupt denial of that fact, in spite of all their nationalization of private industry.

They are so much worse off as a country than the United States, that it's just hard to believe there are those who would have us follow their path to self-destruction. In their head-long dash to socialism, they have become a second rate power and nation.

It's sad indeed to see what pitiful little is left of the nation the "sun never set on." But it is a good example of how socialism simply does not work in any form.

The recent British elections proved absolutely nothing, and if they were held again tomorrow they would no doubt prove the same thing.

Our system operates in a far more superior manner, in spite of everything, and the media left-wingers with the loud voices will never convince the average American that socialism is better. We do need to take a better look at the men we send to Washington to Congress, however, we have many programs in the mill which if passed would hurry American down that dangerous path.

"Strakers" have even moved Watergate off the front pages this week. I can't say I'm all for the newest college fad, but it's refreshing to read about something different.

Sheep & Goat Field Day In Sonora Mar.

Animals in the 25th annual Ram Performance Test gained more weight per day, as a group, than those in all previous years.

The record daily gains were announced by Dr. Leo B. Merrill of the Texas A&M University Agricultural Research Station at Sonora, site of the annual performance testing and of the annual Sheep and Goat Field Day, March 13, this year.

Merrill, professor of agriculture in the Texas Agricultural Experiment Station and supervisor of the Sonora unit, said ranchers could spend the morning of March 13 inspecting both the 151 rams and the records in the latest test.

After a barbecue lunch,

NO LIMIT TO WOMEN'S LIB -- A shortage of ranch hands is no problem during marking time on the Mike Clayton ranch, the Clayton girls just pitch in and get the job done. From left to right the girls are Lori, Lisa and Debra Clayton, all daughters of Mr. and Mrs. Mike Clayton, and neighbor Sally Bailey, the daughter of Mr. and Mrs. Bob Bailey. The girls do the whole bit, including rounding up and penning the sheep. All four are winning rodeo participants and expert horsewomen.

Morton To Address Local Boy Named To Cattle Raisers Assn. Air Force Academy

Secretary of the Interior Rogers C. B. Morton will give the keynote address at the 97th annual Texas and Southwestern Cattle Raisers Association convention in Dallas, Texas, March 17-20, says William C. Donnell, TSCRA president.

Morton will address the convention's noon membership kickoff luncheon on Monday, March 17, at the Sheraton-Dallas Hotel.

The annual convention,

which is expected to attract more than 1,000 cattlemen and their wives, will begin with registration on Sunday morning and continue throughout the day. An evening reception is planned for the convention registrants from 5:30 to 7:00 p.m.

Committee meetings will occupy Monday morning, followed by Secretary Morton's kickoff luncheon address. At the directors' meeting Monday afternoon, Topper Thorpe, general manager of Cattle Fax, a division of the American National Cattlemen's Association, will give the projection and current information on anticipated market trends. The activities that evening will be highlighted with a dinner-dance featuring country-western entertainment Jim Ed Brown.

The first general membership session will be called to order by TSCRA President Donnell in the Sheraton's grand ballroom at 9:00 a.m. Tuesday, March 19. Governor Dolph Briscoe, a former TSCRA president, will address the gathering. Charles L. Becker, president of Handy Andy Inc., a large food store chain in South Texas, will speak on the beef business as seen through the eyes of the retailer. Mark McLaughlin, San Angelo rancher and former assistant attorney general, will provide an update on the progress of the constitutional convention and proposals affecting cattlemen and rural landowners. Paul Engler, group vice-president, carcass division of Iowa Beef Processors, Dakota City, Nebraska, will give the packer's viewpoint of the beef story.

Following afternoon committee meetings, the day's activities will be climaxed with the traditional Cattlemen's Ball, featuring the orchestra music of Ed Gerlach.

The convention will be concluded with Wednesday morning's general session. Officers will be elected and various committee reports presented.

"I would recommend that all members get their reservations in early to get priority accommodations," Donnell says. All requests should be directed to the Sheraton-Dallas Hotel, Southland Center, Dallas, Texas 75221. Telephone number is 214/748-6211.

--0--

Rev. John Berkley was rushed to Shannon Hospital in San Angelo late last week after becoming ill at his home here. He was reported resting comfortably Tuesday.

--0--

CRAIG TALIAFERRO

Craig Taliaferro, son of Mr. and Mrs. Warren Taliaferro, Ozona High School senior, has received an appointment to the United States Air Force Academy as a member of the Class of 1978. Craig is to report to the Academy in Colorado Springs, Colo. July 1.

High School Principal Foy Moody announced Craig's appointment this week after he received a letter of acceptance from Lt. Gen. A. P. Clark, superintendent of the A. F. Academy, and a congratulatory message from Congressman O. C. Fisher, who was instrumental in getting the appointment for Craig.

In making the announcement, Moody said, "We're very proud of Craig and his accomplishments, especially of his receiving the appointment to the Air Force Academy. We feel he'll be a fine student and make a fine officer for the Air Force. His 4-year scholastic average is one of the highest in Ozona High School in several years." Craig will be 18 years of age August 21, 1974. He attended all grades in Ozona schools and his four-year high school average is 96.9. He will graduate magna cum laude. He has been active in sports during his high school career. He played football four years, starting at quarterback for the

Cemetery Assn. Meets Monday

The Cedar Hill Cemetery Association will hold its annual meeting Monday, March 11, at 1 p.m. in the district courtroom at the courthouse.

Mrs. Jack Baggett, chairman of the association, urges that all those interested in the care and maintenance of the cemetery be present.

Lions this past season. He played basketball four years and is currently on the golf team for the fourth year. He participated in University Interscholastic League contests, including slide rule, science and typing.

Craig is active in 4-H Club work and has been on several winning judging teams. He was a finalist last year for "Citizen of the Year."

Lions Fall On Hard Times At McCamey Meet

Bad luck followed the Lions like a black cloud all day long last week at the McCamey Track Meet, according to coach John Richey. The Lions will be in Iran this week with about the same teams and lineup as at McCamey.

Richey said the bad luck began when the lead-off runner in the sprint relay dropped the baton 30 yards out of the blocks when he was blown into the curb by a strong gust of wind. Timers mis-read their watches on the Lions' best hurdlers by one full second and they almost missed the finals.

Meet officials had Ozona and Denver City runners in the wrong lanes in the mile relay and the Lions were bumped three times on exchanges, costing them a victory in the event.

The blame for bad times in all events was placed on sore muscles due to heavy workouts getting ready for the meet, Richey said. Lion long jumpers missed the finals by 1" and the high jumpers missed by 1". The Lions missed scoring in the discus by 2 1/2" and the shot put by 5", and their 100-yard dash man missed the finals on the flip of a coin.

Coach Richey said the only bright spots were the 120-yd. high hurdles where Rick Hunnicutt got a third place with a time of 16.2 seconds, and the 440 yard dash where Oliver Payne picked up a first place with 52.3 and Cliff Crawford got third with a 53.4. Rick Hunnicutt was second in the 330 intermediate hurdles and Rodney Ruthardt was fifth, in spite of the fact that both men hit the fourth hurdle and almost fell. The mile relay team came in second with Frankie Garza, Juan Garcia, Cliff Crawford, and Oliver Payne running legs.

After the McCamey meet, the Lions can only hope for a better day this weekend at Iran.

Ozona's Gasoline Situation Is Not Critical At Present Time

Ozona's gasoline situation has not become critical because local stations are geared to the heavy tourist traffic. That traffic has fallen off drastically since the shortage, and the percentages of last year's allocations given the local stations has been enough to keep them in business. If traffic does pick up during the summer months, we may expect a marked worsening of the gas situation.

Ozona service station operators have varied opinions about the current gasoline shortage but they are all of the opinion that regardless of what element kicked it off, there is cause for concern. One service station owner summed it up when he said "I say there is no gasoline shortage, that it's just a lot of baloney, but when I go out and see 200 gallons in my tanks, I know that somehow there is a shortage, at least in my gas tanks."

Most of the service station men surveyed said that fortunately they had not run completely out of gas. A few said they had had months they had not sold their allotment and most said there had been times since last June they had had to close their closing hours in order to have enough gasoline to finish the month.

Charles Preddy at B & C Automotive, who operates an Exxon station, said he had a few gallons of gas left over from his February allotment. He is one of the few who ex-

Lion Golfers Take 20 Stroke Lead In District

Coach Charles Spieker's Ozona Lion Golfers took a 20-stroke lead in District 5-AA here Saturday in the first tournament of the year. The Lions came in with a low score of 309, followed by Big Lake with a 329 and Crane with a 330.

McCamey is in fourth place with a 342. Stanton came in with a score of 386 and Coahoma is last with a 419.

The Ozona B team totaled a score of 361. Lesly Russell was top man for the Lions with a 72. Ronald Koerth had a 76, Craig Taliaferro scored 77, Michael Hayes, 84 and Weldon Nicks, 88.

Scores for the B team were Tommy Hoover, 86; Chris Reeves, 91; Kirby Kirklen, 92; Eugene Hood, 92, and Tony Conner, 104.

Individual scorers were Wilson Hill, 102, and Rod Allee, 116.

The Coahoma tournament was held Tuesday in Big Spring and the third tournament of the year will be held Saturday in Stanton. Scores will be given in next week's Stockman.

LION GOLFERS JUMP OUT TO DISTRICT LEAD after the first tournament here Saturday. The Lions held a 20-stroke lead over Big Lake when the first tournament of the year ended at the Ozona Country Club Saturday afternoon. Coached by Charles Spieker, the boys are, 1. to 5. Ronald Koerth, Craig Taliaferro, Lesly Russell, Michael Hayes, and Weldon Nicks.

He received 90% of the last year's volume in February, and has not been notified about March purchases.

Spokesmen were not available at other service stations contacted, but generally the situation seems somewhat better in Ozona than in other parts of the country. If less gas is allocated during the summer and tourist traffic picks up we could see a worsening of the gas situation locally. Most men contacted were at a loss to explain the "energy crisis," much as state and federal officials seem to be.

A cut-back in gasoline production to assure enough fuel oil for the east coast and other areas of the nation last fall evidently played a big part in the gasoline shortage. Due to a mild winter, there are reports of an over-abundance of fuel oil. Refineries will no doubt be given the "go ahead" to produce more gasoline during the summer months. With so much confusion about the energy shortage in federal circles, it is impossible to get accurate predictions about the fuel shortage for the coming months. There were no optimistic station owners in this survey.

Sul Ross Sets Student Teaching In This Area

Student teaching for 153 Sul Ross State University students got underway March 4 in 21 area high schools. Richard Rodriguez of Ozona is one of the students participating from this area.

According to Dr. Bob Pannell, coordinator of the student teaching program at Sul Ross, the students will work in the classroom under the direction of a supervising teacher through May 3.

The 21 West Texas cities involved in the Sul Ross program include Alpine, Andrews, Balmorhea, Big Spring, Del Rio, Eagle Pass, Ft. Davis, Ft. Stockton, Imperial, Kermit, Marathon, Marfa, Midland, Monahans, Odessa, Ozona, Pecos, Rankin, Sanderson, Uvalde and Wink.

New Rotary Club Officers Told

New officers for the Ozona Rotary Club include Rev. S. Nelson Lanham, president; Clayton Robinson, vice-president, and A. O. Fields, re-elected to the post of secretary-treasurer.

New officers will take over July 1, according to outgoing president Ray Boyd. The district Rotary Convention will be held in San Angelo April 4-5.

MAKES SOLO FLIGHT -- Mrs. Starley Lammam, the former Glycer Womack, is shown here after completing her solo flight to Midland in her Aeronca airplane. She is working on her private pilot's license.

IT'S NOT THE SHORTAGE

The fact that we have a fuel shortage in this country is not what is bugging us. Our big beef is the way in which it is being handled.

At the outset, most Americans set their thermostats back 6 to 10 notches and began wearing sweaters. Oh, there was some grumbling and some who still do not think there is any real shortage refused to do with less heat and light. But the majority of citizens went along with this simple, obvious way of using less fuel.

Then everyone seemed to get into the act. Congress, the White House, the Executive Branches of the Federal Government, and the State Government all began issuing statements or proposing regulations or passing legislation that each day brought more woe.

Two of the outstanding examples were the return to daylight saving time and the gasoline allocation.

Utility spokesmen and school officials have confirmed that daylight saving time has saved very little if any power throughout the nation. On the other hand, it has created a real danger to children who have to go to school in the dark. Some have been killed. We don't think the inconvenience and the real danger in this one action has caused is justified by the results achieved.

At the same time, the helter-skelter results of the gasoline allocations include a truckers strike, accidental deaths on the highways, traffic tie ups, hours wasted by motorists looking for gas, violence and an increase in crime.

Basically, we believe a great deal of the trouble the country is faced with today in the fuel crisis results from a lack of confidence the people feel in those who are handling it. There are too many statements being issued combining pessimism and optimism.

We need someone to step up and tell us how it is and what we need to do to meet it. The American people can take it. They just don't want to be nagged into a panic.

PRESIDENT NIXON'S FAMILY

Russia's last czar, Nicholas II, was forced to abdicate in March, 1917, by the Russian Revolution. Seventeen months later he was taken by the Bolsheviks to a cellar and shot. For good measure, his family was executed along with him.

Let us make it perfectly clear: we are not equating President Nixon with Czar Nicholas. However, we believe that a certain parallel does exist between the way the family of Nicholas was treated and the way the President's family is being treated today. And we don't like it.

As a newspaper, we are the first to grant that President Nixon is fair game for the press. He freely chose the pitfalls of public life and is well aware of the adversary relationship that often exists between elected officials and the media, especially in an era characterized by government scandal.

That said, however, we must wonder aloud why some members of the press insist on dragging the President's family down with him.

Item: A UPI story dated January 1 from Alderwood Manor, Washington, with this sensational lead paragraph: "Mrs. Edward Nixon, sister-in-law of the President, says it's 'tough' to be left home alone with the couple's two children while her husband is 'off being paid to do nothing.'" (Is there a mother/housewife alive who hasn't complained at one time or another about being home with the kids while hubby is out bringing in the bacon?)

Item: Another UPI story, dated February 1 from Washington, D.C., in which the President's daughter, Tricia, felt compelled to answer rumors in the press that her marriage to Edward Cox is breaking up: "I don't know how they get started," Tricia said. Then, looking at her husband, she said, "We really love each other."

As we said above, the President is fair game to the press. We believe, however, that the great majority of comments in the press regarding the family amounts to nothing more than gratuitous mischief making. We think it should cease.

WHEAT SALE VS. ALASKA PURCHASE

As if to add insult to injury, the Russians, apparently, have offered to sell wheat to the United States to help replenish our grain stocks that are now at their lowest point since World War II.

It would not be a bad deal for the boys in Moscow. Wheat is now going for about \$5.00 per bushel and will probably go higher yet. Russia bought a huge quantity of American wheat at about \$1.65 per bushel following their 1972 crop failure. They got themselves one whole of a bargain.

Of course, the Russian "offer" may have a tongue-in-cheek quality to it. It was made in a news conference by one Vladimir S. Alkimov, a visiting Deputy Minister of Foreign Trade. He reminded his audience that the U.S. bought Alaska back in 1867 for \$7 million. "That was cheap, too," he said, "but you don't hear us complaining."

STATE CAPITAL Highlights AND Sidelights

By Bill Boykin

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Many delegates to the Constitutional Convention think it is now virtually impossible to wind up their revision job by April 7.

President Price Daniel Jr.'s 90-day timetable for the historic task went out the window when debate on the education article dragged over 11 half-day sessions.

Even Daniel conceded as the education article debate droned toward a close that the convention is off schedule.

He said he still feels, however, that there is a chance to make up for lost time by speedy action on relatively non-controversial (if any) sections.

More pessimistic delegates are stating now that the whole convention assignment is in jeopardy due to strong feeling on many issues.

At root of the problem, many now acknowledge, is the basic difficulty of getting elected officials to agree on monumental decisions during an election year.

Pressure is mounting for recess until after the May and June primary elections.

Daniel hopes to keep the delegates plugging away at decision making until early April. If it is then obvious that the job is a long way from complete, he probably will go along with motions to take off until after the elections, although he isn't ready to commit himself to that.

Some delegates would like to move up the recess date to March — and head for home as soon as all convention committees have handed in their reports.

NIXON POLL NOTED — An informal poll on the question of impeachment of President Richard Nixon at the January Texas Press Association convention drew the attention of the White House.

According to Margaret Mayer, Dallas Times Herald Washington correspondent: "A call from the White House communications office recently directed the attention of the Times Herald Washington Bureau to a story that, in the opinion of the White House, merited more attention than it had received."

"Publishers of Texas daily and weekly newspapers attending a January meeting of TPA in Austin were asked how they would vote on impeachment of President Nixon if they were members of the House," Mayer added.

"Eighty-nine would have voted against impeachment, one, for," Mayer's story pointed out.

GASOLINE ALLOCATED — The Rio Grande Valley and the Midland-Odessa area, which reported severe gasoline shortages, have received additional supplies through the State Emergency Fuel Allocation Office.

ley and 869,000 gallons to Midland-Odessa.

The total emergency allocation routed to the Valley now comes to about 925,000 gallons.

Shipments are made from the state's set-aside for emergencies and hardships. SEFAC operates in conjunction with the Federal Energy Office to administer the federal fuel allocation program.

The state's set-aside amounts to three per cent of all fuel marketable in Texas on a month-to-month basis. SEFAC determines where it is to be delivered based on need. Other emergency allocations include 120,000 gallons to Laredo, 195,000 to Corpus Christi, 8,000 gallons to San Antonio, 90,000 to Longview and 60,000 to Dallas.

JUNIOR DIVISION TENNIS PLAYERS WIN TOURNAMENT

In the first junior division tennis tournament here March 4, the Ozona players downed their Sonora opponents in every match.

In girls doubles, Karen Kirby and Karen Bebee won 6-1. Gigi McKinney and Jeannine Perry won 5-2, and Cindy Williamson and McKinney won 4-3. Singles winners were Karla Fenton, 7-0 and Shannon Dockery, 6-1.

Boys doubles saw Jerry Weant and Tony Davee winning 5-2 and 6-1, and Trazel Hayes and David Brownrigg, 5-2. In singles Danny Weant won his match 6-1 and James Hokit took a 7-0 win.

THE NEWS REEL

A re-run of "The Ozona Story"

As gleaned from the files of "THE OZONA STOCKMAN"

March 8, 1945

THE LION'S ROAR

NEWS FROM OZONA HIGH SCHOOL
BY TERESA SHAW

Happy Birthday James Knox and Mr. Scott.

--LR--
Help: Anyone in town having artificial plants or trees that they wouldn't mind lending the juniors for the Prom for a few days, contact Mrs. John Lee Henderson, Jr. The juniors will be happy to pick them up and will take them back for you.

--LR--
The track team ran in the McCamey track meet last Saturday. Due to a few accidents, we lost. Don't lose faith, Lions, you can do it! The Lions will be running in Iraan this weekend.

--LR--
Results of the golf meet here last Saturday came to an end with the Ozona Lions winning. We were 20 strokes ahead. Hang in there! The golf team went to Big Spring Tuesday.

--LR--
Last week the tennis team walked all over Eldorado. Saturday they are holding a tennis tournament here at 9:00 a.m. Keep up the good work!

--LR--
We are still able to get the All Sportsmanship Trophy. This is something we want and can get, if we just set our minds to it.

--LR--
The H. E. class is studying nutrition on animals and these animals happen to be mice. Monday, one of the poorly nourished mice bit a hunk out of Lara A. I bet they thought to themselves, "Lady, you're my meat," if at first you don't succeed in catching them, forget it!

--LR--

All the high school girls are busy every day practicing football for the game Thursday. The juniors and Fish are planning on doing something really funny when they run out of the field house.

--LR--
The Powder Bowl is finally here. The seniors are running around getting everything together. The game starts at 7:00 here at Sissy Stadium. Don't miss it! Lay your bets at the gate. The admission is only 50¢. See the beautiful cheerleaders and twirlers and the husky players. It's an unusual sight and one you surely wouldn't want to miss. Come join the crowd.

--LR--
The senior plays are going to be March 18.

--LR--
What is insanity?
Juan G., when I finish the mile; Ann G., this semester; Dan D., English IV, trig and physics; Karla F., remembering the plays in football; Tony D., going to study hall; Richard H., Waffles; Kevin P., when I'm in hand; Jan P., when Teresa asks me questions like this; Sally B., living with my mother; Rex P., Lori; Lonnie M., when I'm loco, stupid; Jack C., my half hour lunch; Karen C., being sore after football practice; Virginia H., when I'm sneezing; Melecio M., girl's football practice; Harvey W., wondering if cattle truck will make it one more day.

6 WAYS TO CONSERVE AND SAVE ON HOME LAUNDRY

1. Wash and dry a full load, but never overload... it is essential for each item to move freely for proper cleaning and drying.
2. Choose the correct cycle for washing modern materials. Perhaps hot water isn't needed, and only a gentle drying temperature.
3. Too much detergent can clog machine and drains... always measure, don't guess. Follow the manufacturers recommendations for your equipment. Mixing brands of detergents can cause graying of clothes.
4. Many manufacturers of permanent press garments recommend machine washing and machine drying for best results. Following instructions on the garment tag can preserve the life of your clothing and give you wrinkle-free clothes without need for ironing. A big savings!
5. An important maintenance function for you to do is to clean the lint trap and lint filter on both washer and dryer after each load of a full day's use of your home laundry.
6. Never-never pour bleach directly into the washer with clothes in it. Always dilute bleach before adding it to wash water. Also, timing is important. Bleach should be added after the clothes have washed at least 5 minutes.

Dobra Says:
 by
 Debra Price
 HD Agent

Although patented some 110 years ago, the roller mechanism of a window shade has changed very little. After all, who needs to improve a good thing? When properly handled and adjusted, window shade rollers should last a lifetime. Shade fabric, on the other hand, can be replaced as needed to keep your shades looking pretty.

Slight problems can arise that require adjustment--such as a too-tight spring or a shade not catching properly. The adjustment is simple.

To fix a too-tight spring, roll shade all the way to the top. Take it down from the brackets and unroll it about six inches. Replace shade in brackets and test. Repeat procedure until shade has desired tension.

For a loose roller, simply reverse the procedure. Pull shade down about 12 inches from top, remove it from brackets and roll it up about six inches. Replace, test tension and repeat if necessary.

When shade doesn't catch and hold easily, check bracket installation. The roller should have one-sixteenth to one-eighth inch play to work smoothly. Also make sure the flat spear is vertical in the bracket slot. Never oil the mechanism. If brackets are too widely spaced, the shade may fall, if only a minor adjustment is

needed, pull out the roller's round pin about one-fourth inch--or slightly bend brackets inward.

THE OZONA STOCKMAN

Tips for Gardeners
 From the Ozona Garden Club by Mrs. Bailey Post

Spring is marching our way this month. Again when the strong and unwelcome March winds hit us full blast, they discourage gardening, but let a beautiful calm day arrive and the windy days are forgotten.

March is the first really ambitious gardening month, so you should be active in the outdoor garden. Some of the very foundations for summer gardens should be laid now, to take advantage of every favorable opportunity the weather affords. Everything you do now in preparation for the coming flower show in April, as well as for summer enjoyment will repay you in fine exhibits and daily pleasure of your garden.

Summer flowering perennials should be divided and replanted before new growth is

very far advanced. These include candy tuft, phlox, Shasta daisy, hollyhock and poppies.

Select and plant gladiolus corms for summer cut flowers. Planting at two-week intervals through the spring will give you a long period to enjoy these flowering spikes. Choose large, healthy corms and plant them in a sunny, well drained location. Plant about 4 inches apart and cover with 4 to 6 inches of soil. Keep the soil moist.

Be sure to have your bush-type roses pruned by the 15th of March.

Feed pansies liquid fertilizer if you have not done so recently. Watch for early insects.

March is the last month recommended for planting and transplanting trees, unless balled and burlapped. When

planting shrubs and trees, don't forget they grow, so don't plant too close to the house where they will become crowded and ill-shaped. Another fault is planting too many, especially if you purchase small specimens. Fill in the first year with annuals and perennials to make an attractive planting.

Lumber shortage, fuel shortage, paper shortage and so on--but there is NO shortage of service and friendliness from the folks at BROWN FURNITURE CO. We have a good stock of "Everything for the Home."

Prayer is a party line

The man who prays can hear the prayers of others... especially when he prays for those human needs which are common to all men.

But even when he prays for needs that are solely his own, he knows that those who care for him are joining their prayers with his.

And God's answers come back along the party line.

You're never quite sure the message was meant for you. You are tempted sometimes to think it was intended for someone else... until you realize that this answer which God has inspired in your heart *does* fit your prayer.

There are times when it's good for everybody on the party line to pick up the phone at once... and speak what they all feel... and listen to what they all need to hear.

That happens regularly on Sunday morning.

Local Cancer Society Plans Annual Drive

The Crockett County Unit Board of the American Cancer Society met at the Methodist Church, Monday evening, with Mrs. Charles Williams presiding.

Ted Cotton, Education Committee, gave a comprehensive report on education being conducted within the school system and reported that films had been shown and posters are on display; he also outlined future plans.

Mrs. Williams, Service Chairman, reported on service to local patients and Mrs. Nicholas announced that the business drive, headed by Hubert Baker, would commence March 18. She also reported that Mrs. Johnny Hughes of Beta Sigma Phi Sorority, would head the northside residential drive assisted by her sorority sisters and by Mrs. Charles Williams as neighborhood chairman for the eastern part of town. April 1 is the date set.

Jim Kramer, ACS San Angelo, reported that Ann Lee, R.

LADIES GOLF

The winning team at Ladies Golf Day this week at the country club was the team of Mrs. Byron Stuart, Mrs. Roy Thompson and Mrs. S. L. White.

Low net trophy was won by Mrs. White and low putt trophy by Mrs. Stuart.

Other golfers were Mrs. Dick Webster, Mrs. Demp Jones and Mrs. Bill Clegg.

Harrells Return From Trip Abroad

Mr. and Mrs. R. A. Harrell returned home Sunday from a five-weeks trip during which they traveled to Venezuela, Argentina, Brazil, South Africa, Madagascar, Iran and Greece.

In Buenos Aires they enjoyed a visit with a niece, Sue Littleton Gotthell and in Isfahan, Iran with Mrs. Harrell's sister, Mrs. Thomas N. Boothe and Mr. Boothe.

Iran was of special interest to them because of its modern cities and the ancient ruins of Persepolis where a very high civilization flourished as early as 2500 B. C.

League Tea For Federation Day

The Ozona Womens League held a Federation Day Tea last Tuesday in the Civic Center, with members of the Ozona Womens Forum as guests. Mrs. Gully Cowser, president of the Heart of Texas District, spoke on "Federation and Your Club Duties."

Approximately 30 people were served by hostesses Mrs. Herb Noelle, Mrs. Lane Scott, Mrs. Tommy Wilson and Mrs. Bob Bissett.

Others attending the meeting were Mrs. Glenn Sutton, Bud Meinecke, Mr. and Mrs. Herbert Kunkel and Hubert Baker.

The meeting concluded with a film featuring Lucille Ball and Sheila Graham entitled "For a Wonderful Life" stressing the importance of the Pap Test.
