### Italy Sends Air Fleet To Help Insurgents, Adds To Tension

European Situation Complicated By Mussolini's New Move And By Renewal Of Submarine Piracy In Mediterranean

LONDON, Oct. 5 (AP)—Operations of a squadron of the finest Italian bombing planes, piloted by Bruno Mussolini and other aces of the Italian air corps in the service of insurgent Spain, today thrust a grave new factor into the problem of European peace.

Authoritative sources regarded the disclosure in Rome of the aerial expedition as a very serious turn in an international situation made more critical by a new outbreak of piracy on the western Mediterranean.

The squadron of 23 fast Savoia-Marchetti bombers—the best Italy has—piloted by the 20-year-old son of the Italian premier and 22 other cogs of Italy's Progress expedition, was believed to have made its inaugural attack in a bombardment of Valencia.

The disclosure came at a moment already intensified by British and French waiting for Italy's reply to an invitation to discuss withdrawal of Italian aid from insurgent Generalissimo Francisco Franco.

The secret of the identity of the latest submarine attacker lay within a twisted hulk on sea bottom off the coast of Spain—provided the rider which attacked the British destroyer Basilisk had been within a half mile of one of the numerous depth bombs launched to blast it apart.

**Bargaining Position**  
London and Paris were convinced that Premier Mussolini was doing all he could to maneuver himself into a bargaining position on the "volunteers" issue by pushing for an insurgent victory over the Valencia republican government before winter sets in.

But this course seemed very likely to stiffen the hiterto "courageous" Anglo-French approach to get Il Duce's legions out of Spain.

Rome's reply to the London-Paris invitation to discuss intervention it was pointed out however, still held the key to the situation which will decide the course of future Anglo-French action to parry Italian intervention in Spain.

Tons of modern depth charges from seven British destroyers chased the newest Mediterranean piracy spot into a lake of death today for the mysterious submarine attacker of his majesty's destroyer, Basilisk.

The mighty convulsive forces unleashed under the Mediterranean off Cape San Antonio, Spain, seemed certain to have sealed the doom of the Andrea rider and his crew if caught within their area.

With Royal Air Force planes overhead, the destroyers plunged the depths with bombs weighing 180 to 300 pounds, catapulted or rolled from their decks, capable of explosion at any depth through hydrostatic firing valves. Each charge had a radius of destruction up to half a mile.

**Part Of Third Street Open**  
Other Sectors Due To Be Completed In A Week

Big Spring's delicate detour situation occasioned by construction of a 50-foot thoroughfare on Third street has been opened for traffic from San Antonio street to the west part of town by opening of a section of the street.

W. 3rd street, with curb and gutter and one course of caliche base in has been opened for traffic from San Antonio street to the west city limits.

Meanwhile, contractors are pushing curb and gutter work between Douglas street and Lancaster street where the new paving will join the old. The concrete work is due to be completed by the end of the week, more base hauled in and the street opened to traffic sometime next week.

Caliche is being placed on the new roadbed just west of the city to the point where the new route joins the old. Likewise, this stretch may soon be opened to traffic.

Laying of water lines has been completed on E. 3rd street and contractors will move concrete equipment to that sector as soon as W. 3rd street is in shape for opening.

The city started on the final lap of its paving operations on 10 blocks of city streets Tuesday. Asphalt topping was being placed and there was a possibility that the work would be completed by the end of this week or the forepart of next. The municipal street crew will then move in on Bell street for a five block paving project.

**PLAN DIDN'T WORK**  
DALLAS, Oct. 5 (AP)—A Pampa man paid a Dallas druggist \$1 to bind his hands with bandages, he said, to help him stay out of possible brawls in beer taverns.

He told the story from behind the bars in the city jail. He had been arrested for creating a disturbance.

**OKLAHOMAN DIES**  
OKLAHOMA CITY, Oct. 5 (AP)—Robert H. Wilson, 64, veteran Oklahoma political figure, died here tonight of a heart ailment.

Wilson was elected state superintendent of public instruction in 1910 and held that post for 12 years. In 1922, he ran for the democratic nomination for governor, losing to J. C. Walton.

## I DROPPED THE KLAN

This unusual picture of a supreme court justice in an unprecedented address shows Justice Hugo L. Black as he broadcast his denial of present affiliation with the Ku Klux Klan, which has caused a turmoil since his appointment to the bench. This picture was made with a candid camera as he made his broadcast from his home at Washington, D. C.

## Court Starts Its Work

**To Challenges Of Black's Place Among Subjects**

WASHINGTON, Oct. 5 (AP)—The supreme court began today its secret consideration of more than 400 petitions challenging the appointment of Justice Hugo L. Black to remain on the bench.

The conferences, held in a closely-guarded room at the rear of the court chamber, will continue on Thursday and Saturday.

Observers expect the justices to announce next Monday whether they will consent to pass on questions raised as to the eligibility of their new colleague, who took his seat yesterday.

His challengers—nearly of whom mentioned the controversy over Black's onetime Ku Klux Klan membership—are Albert Levitt, former federal judge in the Virgin Islands, and Patrick Henry Kelly, Irish-born Boston attorney.

They contended Black's appointment was unconstitutional because he voted for the bill giving retired justices full pay for life.

It was generally assumed that Black would not participate in consideration of the petitions affecting him.

After he marched into the chamber yesterday with the eight other justices, he listened gravely while Kelly and Levitt made their statements.

**STATE UNDERWRITER ASSN. PRESIDENT TO SPEAK HERE**

Big Spring Life Underwriters Association made plans Monday at its luncheon session for a banquet meeting on Oct. 13.

The affair, it was announced will be for members of the association, their wives and friends. President Douglas of the state underwriters organization will deliver the principal address.

At the meeting Monday at the Crawford, Dr. P. W. Malone was the speaker, discussing life insurance from the medical examiners point of view.

**OKLAHOMAN DIES**  
OKLAHOMA CITY, Oct. 5 (AP)—Robert H. Wilson, 64, veteran Oklahoma political figure, died here tonight of a heart ailment.

Wilson was elected state superintendent of public instruction in 1910 and held that post for 12 years. In 1922, he ran for the democratic nomination for governor, losing to J. C. Walton.

## Committee's Hearings To Open Today

Higher Levies Have Been Proposed On Eight Sources

AUSTIN, Oct. 5 (AP)—Persons from widely scattered sections of Texas converged on Austin today to protest loudly against higher taxes.

**Time Limited**  
The delegations came here in an effort to influence the house revenue and taxation committee, which had hearings scheduled for this afternoon and tonight on a bill proposing eight district tax increases. The committee agreed to give 45 minutes to the opposition to each levy.

A group estimated at from 75 to 100 came from Corpus Christi. It was joined here by "anti-taxers" from other parts of the state.

The bill being considered by the house committee would substantially boost levies on oil, sulphur, gas, carbon black, cement, admissions to picture shows charging more than 40 cents and utilities except telegraph companies.

The house heard more charges about department heads giving jobs to relatives of legislators, then sent the senate a resolution requesting the governor to open the subject of placing an "anti-kin-folks" rider on the departmental appropriation bill.

**Pension Liberalizing Move Gets Setback**

AUSTIN, Oct. 5 (AP)—A resolution proposing a legislative "sit-down strike" against new taxes until the old age assistance law was liberalized met a setback today when it was shunted to committee after sharp debate.

The resolution by Rep. Ross Hardin of Prairie Hill would have declared if the sense of the house that the pension statute should be liberalized and that no new taxes be levied until a liberalization bill had passed both legislative branches and been signed by Governor James V. Allred.

After refusing to kill the resolution, 56- to 57, the house by viva voce vote referred it to the state affairs committee for consideration and recommendation.

The resolution charged that Gov. Allred had changed pension age assistance, having told the people in his campaign speeches they would have no cause to worry until his administration, then having recommended liberalization and more recently having urged provision of additional revenue to relieve suffering among the aged.

**TO MINERAL WELLS**  
Herbert W. Whitney, city secretary-treasurer, will leave here Wednesday morning for Mineral Wells where he will take part in the Texas League of Municipalities City Manager E. V. Spence is to attend the concluding sessions of the league Thursday and Friday.

**AGENTS STRIKE AT NARCOTICS RING WITH MANY ARRESTS**

GALVESTON, Oct. 5 (AP)—Federal narcotic agents struck at an asserted \$5,000,000 narcotic ring today that operated domestically and abroad.

Thirty-six of 74 persons indicted last week in New York were arrested in the first sweep of the dragnet. H. C. Williams, assistant district narcotic supervisor, said the raids were an expose of the greatest narcotics ring in the history of the federal bureau.

**WIFE'S PLEA DUE TO BRING FREEDOM**

**U.S. Flier Court Martialled As A 'Rebel'**

SALAMANCA, Spain, Oct. 5 (AP)—Harold E. Dahl, the Illinois flier who joined the Spanish government air force and was shot down by Spanish insurgents, was court martialled today in the grand salon of an ancient Moorish palace.

Little more than an hour was required for Dahl to present his story to the military tribunal, contending that he went to Spain as instructor but was forced to fight.

The court withheld judgment until Thursday at 2 p. m. It must forward its verdict to Generalissimo Francisco Franco for approval or clemency.

Dahl entered the courtroom with three Russian aviators who followed him to trial on the same insurgent charge—"rebellion."

New clothes were brought to him by Mrs. Merite, wife of the defense counsel, and daughter of the Bolivian minister to Paris, and replaced the coveralls he had worn since his capture by insurgents last July.

A telegram from Mrs. Dahl, awaiting decision on her husband's fate in France, came for the captive aviator as the trial began.

"Heart and good wishes of the whole world are with you, Love, Edith," the telegram read.

Col. Frederico Acosta and four captains comprised the court, with a Captain Espinosa acting as prosecutor.

The public was admitted to the courtroom.

## Makes A Plea For Sanctity Of Treaties

Huge Crowd Cheers As He Attacks War-Inclined Nations

CHICAGO, Oct. 5 (AP)—A demonstrative throng of Midwest citizenry heard President Roosevelt rip into war-inclined nations today in sounding an emphatic world-girdling call for "concerted" action for restoration of universal peace.

**"Positive Endeavors"**  
Facing a crowd estimated by police at 50,000 gathered to watch him dedicate Chicago's outer link highway bridge, the chief executive in a stirring plea for sanctity of treaties and stability in international dealings, asserted:

"There must be 'positive' endeavors to preserve peace."

He did not disclose what he had in mind in this direction but he hinted at measures which in effect would "quarantine" the militaristic "10 per cent" to protect the 90 per cent of the world population he described as peace loving.

"It seems unfortunately true," he asserted, "that the epidemic of world lawlessness is spreading."

"When an epidemic of physical disease starts to spread, the community approves and joins in a quarantine of the patients in order to protect the health of the community against the spread of the disease."

The president motored to the center of Chicago's Centennial jubilee celebration through a down town stream of ticker-tape and paper scraps.

Scores of thousands lined Michigan boulevard and other streets to cheer him along.

The weather was mild, a warm sun permitting the president and members of his party to go out without topcoats.

The great throng cheered for a full minute and railroad and river boats shrieked their whistles as the president stood before a battery of microphones broadcast to the nation over three loudspeakers his most important message on foreign affairs since he took office.

Mayor Edward J. Kelly presented him as "our friend and good neighbor."

"The president declared the hopes of mankind for a continuing era of international peace, raised to great heights with the signing of the Kellogg-Briant pact 15 years ago, had lately given away to a haunting fear of calamity."

**Value of Treaties**  
Cheers and handclapping greeted his declaration that there "must be a return to a belief in the pledged word, in the value of a signed treaty" and recognizing the fact that "national morality is as vital as private morality."

"America hates war," he said emphatically. "America hopes for peace. Therefore, America actively seeks peace."

**REPLACEMENTS FOR FORCES IN CHINA**

SAN FRANCISCO, Oct. 5 (AP)—Replacements for the United States army contingent at Tientsin sailed today from San Francisco. They are the first regular army troops to leave the United States for the Chinese war zone since the start of Sino-Japanese hostilities last July.

The soldiers were among 1,132 men and officers sailing at noon on the army transport Grant from Fort Mason. Others are going to the Hawaiian and Philippine Islands. Army authorities did not disclose the number being sent to China.

## SEWER COLLAPSE FATAL TO 5

Five workers were killed and a score injured when a sewer blast at Detroit described as "a roar of wind that seemed as though it was going 75 miles an hour" trapped the men. This scene shows one worker covered with mud as he was brought to the surface.

## Japs Claim Foe's Air Fleet Is Wiped Out

Nipponese Drive On Land Halted, However; U. S. Marines Imperilled

SHANGHAI, Oct. 5 (AP)—United States marines were sprayed with shrapnel today and forced to evacuate their defense outposts along the northern boundary of the international settlement when Japanese warplanes rained 15 bombs on one of China's largest flour mills just across the 40-yard wide Soochow creek.

The Japanese claimed to have driven China's warplanes from the air, a spokesman asserting that some 300 Chinese fighting craft had been destroyed in the three months drive to crack the Chinese defense positions on land, however, and Chinese machine guns mowed down Japanese marines like ten pins.

As the battle raged just across the narrow creek from the American positions, Brig. Gen. John C. Beaumont, ordered his marines to withdraw temporarily out of the line of fire.

**Resume Positions**  
The marines reoccupied their positions 150 hours later. Gen. Beaumont explained the withdrawal as ordered because the Japanese bombardment did not endanger the international settlement and therefore it was needful to risk American lives in holding the endangered outposts.

The Chinese and Japanese lines were no farther apart than ten yards at many points of the line through the devastated Chinese city. The Pantheon theatre was changed into a no-man's land with Japanese sand bag barricades at the backdoor and Chinese at the front door.

Japanese bombers dumped 10-d after load on the area and in rapid succession landed three direct hits on Shanghai's North Station which is now a badly battered ruin.

As the bitter days of fighting for the environs of Shanghai ended in apparent stalemate, Japanese warplanes turned their bombardment at sunset to the Pootung industrial area across the Whanspoo river from the Shanghai bank while the flames from the big cotton warehouses they had just fired in the Chapei sector licked skyward.

Foreign observers were inclined to credit the Japanese claims of mastery of the air. For some time only one Chinese plane has been observed in the Shanghai area and there have been only occasional reports of aerial combat.

**Oil Hearing Set Oct. 20**

Surveys To Be Made Preliminary To Fixing Quotas

AUSTIN, Oct. 5 (AP)—The railroad commission today called a statewide oil-and-gas prorating hearing for October 20 in Austin.

Nomination by purchasing companies as to needs in November and reports on field conditions will be received as a preliminary to issuing a new order fixing production allowances.

Much interest will center on engineers' findings on bottomhole pressure in the East Texas field. The pressure has been declining for several months.

The allowable for the entire state on October 1 was 1,405,844 barrels but it has since increased due to completion of new wells and adjustments.

Authorized production for East Texas at the start of the month was 480,154 barrels.

The basic allowable for October was about 35,000 barrels less than that for the previous month and 24,456 below the estimate of market demand made by the federal bureau of mines.

**ABILENE WOMAN DIES**

ABILENE, Oct. 5 (AP)—Mrs. L. S. Kuehn, 42, died unexpectedly at the family home here this morning following a prolonged illness. She was a former resident of Dallas, leaving there six years ago, and was a graduate of Texas Christian university.

Funeral arrangements are still incomplete but burial will probably be in Fort Worth Wednesday.

## First Of Musical Art Series To Be Given Monday Night

### Indian Baritone To Make Appearance In Big Spring

The Big Spring Municipal auditorium has been selected by the Music Study club as the place of presentation for the musical art series sponsored by the club during the fall season. The first of which will be offered Monday evening, 8 o'clock, when Ish-ti-Opi, Indian baritone and interpreter of Indian folk lore, will make an appearance here.

Club members were enthused over sales of tickets which are offered at \$2.50 for the season which includes five outstanding performances.

Ish-ti-Opi who appeared here last year under sponsorship of the Music Study club, is a nationally known singer. His colorful and unique programs, as well as the unusually dramatic quality of his voice which possesses true tonal quality and wide range, and his charming personality, have made him a universal favorite. For three years he was a featured artist with Schubert on Broadway and his present cross-country tours have won him new laurels.

He is the author of "The Trail of Tears," a story depicting Indian life, legends and history. The book has been well received both here and abroad. It is sympathetically written and contains authentic material, handled in a scholarly manner.

In his programs, Ish-ti-Opi appears in beautiful Indian costumes of many tribes and are valued at many thousands of dollars. He includes in his programs, a brief his-

## Pattern To Crochet

By RUTH ORR

Pattern No. 253

Whether it's a lacy tablecloth or a long-wearing bedspread that you want, this motif is equally adaptable. Using No. 30 cotton, it makes a dainty 3-1/2 inch motif that will produce a lovely tea or dinner cloth. With the heavy crochet and knitting cotton that launders so easily and wears so well, the motif is 5 inches in diameter, so a whole bedspread can be made in a short time.

The pattern envelope contains complete, easy-to-understand illustrated directions, with diagrams to aid you; also what crochet hook and what material and how much you will need.

To obtain this pattern, send for No. 253 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Big Spring Herald, Inc., Needlework Department, P. O. Box 172, Station D, New York, N. Y. (Copyright 1937, by the Bell Syndicate, Inc.)

## First 'Week Of Prayer' Program Is Given At The Church Monday

The first "Week of Prayer" for State Missions program which is being held by the W.M.U. of the First Baptist Church was held Monday afternoon at the church.

Mrs. George Gentry had charge using scripture from Romans. "Walking With God Through the Halls of Memorial Hospital" was a paper discussed by Mrs. C. C. Coffee. "With The District Missionaries" was given by Mrs. Vernon Logan. Mrs. Martelle McDonald gave a paper entitled "Witnessing Through Mexican Missions," which was followed by discussion of "Witnessing Through Our Negro Work" by Mrs. C. G. Holmes.

"Lengthening The Cords And Strengthening The Stakes" which included discussion of work in the out of way places, was offered by Mrs. R. D. Jones. Mrs. J. J. Strickland used for her subject "Witnessing Out Women's Missionary Union."

## Two Items Discussed By W.M.S.

### Methodist W.M.S. In Business Session At Church

An election of a representative to the Christian Board of Education and discussion of a rummage sale constituted the main part of a program Monday afternoon when the W.M.S. of the First Methodist church gathered at the church.

Mrs. L. S. McIntosh, president, was in charge. Mrs. W. A. Miller gave an inspiring devotional entitled "The Way," followed by prayer led by Mrs. Bernard Lamun.

A report was heard from each officer and committee chairman, after which Mrs. E. L. Warren was elected to represent the W.M.S. at the Christian Board of Education. The society voted to have a rummage sale Saturday on the lawn of the church.

The society will meet in their respective circles next Monday afternoon. There were nine members of Circle One present; five members of Circle Two present; nine for Circle Three, and four for Circle Four.

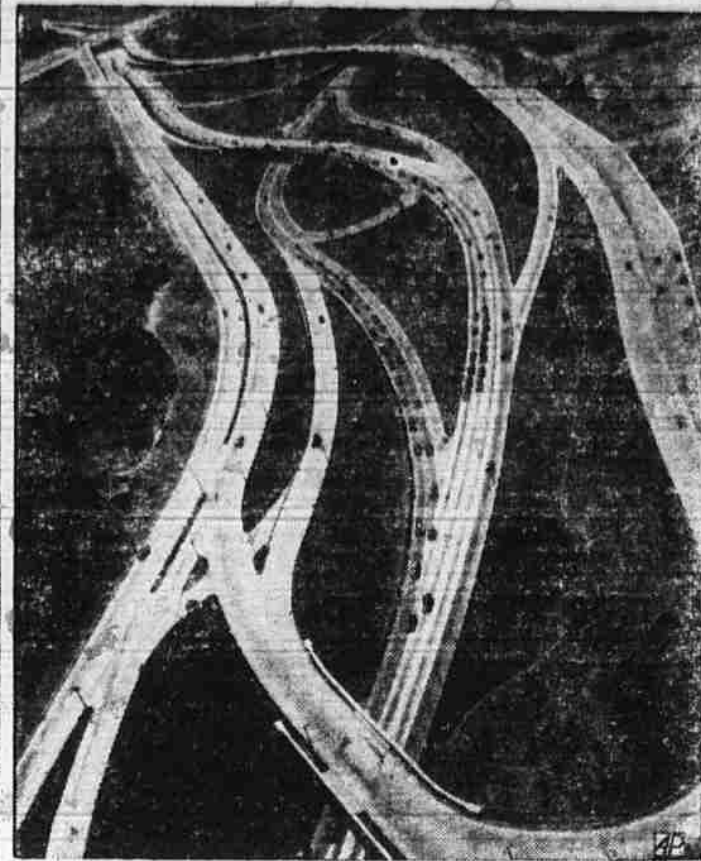

Present included Mrs. C. I. McClenny, Mrs. F. X. Stripling, Mrs. Pete Johnson, Mrs. Evelyn Williams, Mrs. Bernard Lamun, Mrs. H. M. Rowe, Mrs. C. E. Talbot, Mrs. Hayes Stripling, Mrs. Herbert Keaton, Mrs. M. E. Zinn, Mrs. I. S. McIntosh, Mrs. Pascal Buckner, Mrs. Clyde Thomas, Mrs. C. A. Bickley, Mrs. S. P. Jones, Mrs. G. E. Fleeman, Mrs. E. E. ## Mrs. Blomshield Leaves Today For Convention

Mrs. Carl Blomshield left this morning for Cincinnati, Ohio, where she will attend the General Triennial convention of the Episcopal church. Mrs. Blomshield is president of the Woman's Auxiliary of the North Texas district. She is one of the five delegates from this district to the convention.

## AMERICA PLAYS SAFE!

# N. Y. Cuts Death Toll With Hwy. 'Pretzels'

### By AP Feature Service

NEW YORK—"Pretzels" have cut down the crossing-crash toll on the maze of highways around New York City. Not real pretzels, of course, but welters of cross-over roads, like this one on the Long Island parkway system. This is the most complicated of several that have been built near the city in the last few years.

Such systems amount to switches. Cars are routed by signs to lanes that lead to intersecting roads. These lanes pass over or under main highways and take the car out on different roads so that a driver never has to face the hazard of cross-current traffic.

## Wesley Memorial W.M.S. Meets In Business Session

The Wesley Memorial W. M. S. met at the church Monday afternoon for a business meeting, at which time Mrs. W. W. Coleman directed the devotional period, using Matthew 5:11, 12 for her scripture reference.

A silver offering was taken for the superannuated preacher of this district. Reports were given for the third quarter.

Answering to roll call were Mrs. J. D. King, Mrs. J. I. Low, Mrs. Don K. Whittaker, Mrs. Herbert Drake, Mrs. W. R. Perry, Mrs. Cecil Nabors, Mrs. W. D. Lovelace, Mrs. W. G. Anderson, Mrs. Fannie Mae Barrett, Mrs. Witt and Mrs. Coleman.

## District Conference To Be Held In Midland

A district conference of the El Paso Presbytery has been scheduled for Thursday to be held at the Midland church. The meeting will be an all-day affair and the local Presbyterian church will be represented by approximately 15 ladies of the auxiliary.

## PERSONALLY SPEAKING

Miss Bobby Taylor, Big Spring representative to the Abilene fair, was accompanied to Abilene this morning by Miss Edith Gay. The two will return to Big Spring Thursday.

## Detroit Election A Labor Affair

DETROIT, Oct. 5 (AP)—Labor sought control of the Detroit city government today but was divided against itself in a hotly contested municipal primary election.

The Committee for Industrial Organization backed one slate and the American Federation of Labor another.

Nominees will be chosen for mayor and nine council seats.

Election board officials prepared for a vote of 300,000 although 226,971 in 1931 was the largest primary vote ever recorded here. The city has a total registration of 611,000.

The C.I.O., mainly working through the Automobile Workers of America, has endorsed Patrick H. O'Brien, former Michigan attorney general, for mayor.

## READING AND WRITING

By JOHN SELBY

### Some books about places—

The fall has produced twice as many books about places as normally—or so it seems. Today, for example, E. Arnot Robertson, one of the great and not unemployed army of British Writing Women, publishes "Thames Portrait" in this country.

This book tells the story of a 250-mile journey down the Thames in a funny little motorboat which looked, she insists, like an ice cream cart. One passes almost every possible English "sight" in such a journey; of these Miss Robertson writes with considerable charm and some humor. The photographs were snapped by H. E. Turpin, who is Miss Robertson's husband off stage. And the book itself has been nicely produced (Macmillan; \$4).

The most useful of the recent arrivals is, however, not from England. It is the second of the set of New England guide books written under WPA auspices, "Vermont: A Guide to the Green Mountain State" (Houghton Mifflin; \$2.50). The text is as informative as that of the recent issue on Massachusetts, and since the state is as a whole more calmly beautiful than any other New England neighborhood, the photographs and descriptive passages are particularly worth reading. Dorothy Canfield has her say too—as in practically every scrap of print dealing with Vermont.

Charles Morrow Wilson has had his say, too. He talks about Maine's potato empire in a book he calls "Aroostook: Our Last Frontier" (Stephen Daye; \$3), and in spite of the fact that the book is part community booster, part cook book, part history and part personally sketches, it exerts a pull on the reader. It probably will cause many cars to point noses northeast next summer.

A more conventional, but very understandingly written, travel book is "Fredrick W. Pickard's 'Monaco and the French Riviera' (Putnam; \$2.50). This is not new territory by any means, but it is fabulous territory for anybody who will take time to know the country instead of the casinos. The Pickard an excellent book out of their ards have done this, and have made venture.

## NEW INDUSTRY

LITTLE ROCK, Ark., Oct. 5 (AP)—Development of the pulp-paper industry in Arkansas will bring the state a \$1,500,000 salt cake plant, Harvey C. Couch, Pine Bluff utilities executive, announced here.

Couch, refusing to go into details, said the plant would be built "within less than 150 miles from Little Rock." He said salt cake, made from salt and sulphate, was used by pulp mills in making paper. There are two pulp mills in south Arkansas, at Crossett and Camden. Another large mill is being constructed south of the Arkansas border near Springhill, La.

Couch, addressing the Young Business Men's association last night, said he was told last Friday of plans for the salt cake plant. He said apparently geologists had found a supply of sulphate rock for which they had been searching in Arkansas.

## Is Elected President Of W.M.U.

### Mrs. Anderson To Lead East 4th Baptist WMU

Mrs. Lem Anderson was elected president of the Woman's Missionary Union of the East Fourth Street Baptist church at a meeting of the society Monday afternoon at the church.

The devotional was given by Mrs. R. A. Humble, followed by prayer led by Mrs. W. S. Garnett. During the business hour the "Week of Prayer" was scheduled to take place the first week in November. It was announced Mrs. Lee, of Dallas, district president, would direct a class in W. M. U. work here October 23.

Mrs. Doug Thompson was elected secretary and treasurer during the election of officers. Others will be named by the president.

Present for the afternoon's meeting were Mrs. A. S. Wood, Mrs. J. R. Phillips, Mrs. W. S. Garnett, Mrs. Leonard Pelford, Mrs. Betty Lajney, Mrs. O. R. Phillips, Mrs. O. F. Presley, Mrs. W. F. L. Low, Mrs. Clive Reed, Mrs. F. L. Tustin, Mrs. S. H. Morrison, Mrs. Joe Wright, Mrs. W. U. O'Neill, Mrs. H. B. Crocker, Mrs. B. A. Humble, Mrs. C. R. Bird, Mrs. Jack Dearing, Mrs. B. C. Bufnett, Mrs. George W. Harding, Mrs. E. D. Anderson and Mrs. V. Phillips.

## Twenty-Three Hear Program Directed By Mrs. Clay

Twenty-three members of the Woman's Council of the First Christian Church gathered at the church Monday to hear a missionary program directed by Mrs. Harvey Clay, who chose for her subject "Rural Life."

The program was opened by repeating the Lord's Prayer in unison followed by singing the song "Jesus Loves Us." Mrs. Kirk Baxter led the group in prayer. There were talks on the subject by Mrs. Baxter, Mrs. Charles Groselocke, Mrs. R. E. Boroff, Mrs. Wylie and Mrs. G. C. Schurman.

Others present included Mrs. Harry Lees, Mrs. C. M. Shaw, Mrs. A. C. Savage, Mrs. I. D. Eddins, Mrs. T. E. Baker, Mrs. Robinson, Mrs. Sam Stone, Mrs. H. Clay Reed, Mrs. Clara Glenn, Mrs. G. A. ## Luncheon Is Monthly Social For Sunday School Class

The monthly social for the Elizabeth McDowell Sunday school class of the First Presbyterian church featured a one o'clock luncheon given Monday at the church.

A decoration of Halloween made a charming background for the luncheon table which was appointed in keeping with the occasion. The program consisted of singing, songs by the entire group, readings by Laura Lou Morris and La Rue Tucker, piano selections, Mrs. Bill Edwards and a contest, "Looking for the Witch."

The Halloween motif was repeated in favors which were given. The program committee was Mrs. Hal Farley and Mrs. Tom Donnelly. Mrs. James Lamb, president, presided during a business hour which followed the meal.

The personnel: Mrs. Lamb, Mrs. Farley, Mrs. Donnelly, Mrs. L. E. Morris, Mrs. Jimmie Tucker, Mrs. Roy B. Tucker, Mrs. Sam Baker, Mrs. R. L. Carpenter, Mrs. E. C. Boatler, Mrs. Sam McCombs, Mrs. Charles Reed, Mrs. Mildred Jones, Mrs. R. V. Middleton, Mrs. L. G. Talley, Mrs. N. M. Agnew, Mrs. E. E. Fahrkamp, Mrs. T. E. Currie, Mrs. D. A. Koons, Mrs. Carl Strom, Mrs. A. A. Porter, Mrs. K. C. Stratton of Dallas, Mrs. H. D. Stanley, Mrs. Bill Edwards and Mrs. C. W. Cunningham.

## PHILATHEAS TO MEET

The Philathea class of the First Methodist church will meet at 10:30 Wednesday morning at the church for a business meeting and covered dish luncheon. All members are requested to come and bring a covered dish. The officers who were installed last Sunday will have charge.

FIRE PREVENTION WEEK

Insurance Policy Holders Benefit By Big Spring's Good Fire Record

The good fire record of Big Spring is amounting to sizeable savings for fire insurance policy holders, Eugene Sanders, state fire prevention chief, has declared in reviewing fire losses and credit ratings for this city.

By virtue of the 20 per cent credit this city now receives, policy holders are saved approximately \$14,792 on the cost of their insurance, he estimated. Had Big Spring received the full 25 per cent good fire record credit for 1937, an additional saving of \$4,311 would have been in order.

E. B. Bethell, city fire marshal, said that efforts were being made to reach the maximum credit rating during this year.

According to the review by Sanders, fire insurance premiums totaled \$61,870.44 in 1936 against losses of \$7,827.88 in Big Spring. Premium credit for that year amounted to 12 per cent.

Last year on \$29,208.93 premiums, only \$5,994.85 in losses was reported. Credit for the year was 16 per cent.

Operating this year under a 20 per cent credit rating, the city has suffered insured fire losses to Oct. 1 of approximately \$2,800, according to Bethell.

Duce's Son In Service Of Insurgents

Mussolini Determined To Bring Spanish War To An End

ROME, Oct. 3 (AP)—Fascist aviation circles disclosed today that Bruno Mussolini, 20-year-old son of Premier Benito Mussolini, accompanied by the flower of Italy's bombardment aviation, was in active service as a pilot for the insurgent armies in Spain.

The Italian premier's son and the crack squadron of 23 bombers which accompanied him to Spain was believed to have made their first raid on the capital of the Spanish government at Valencia.

The squadron is made up of Savoia Marchetti 79-type fast bombers—the best that Italy has—and the pilots include veterans of Marshal Italo Balbo's mass flight to the Chicago Century of Progress and the winners of the recent Paris to Damascus to Paris, air race.

The planes took off from Montecelio airport near Rome, halted at the island of Sardinia and then went on to Spain to serve in the armies of Insurgent Generalissimo Francisco Franco who is recognized by Mussolini as head of the true government of Spain.

Reports from Sicily indicated that another detachment of fascist volunteers had left for Spain to aid Franco. This, coupled with the departure of the crack bombing squadron, was taken by diplomatic circles to mean one of two things:

1. Mussolini has determined to make a big effort to settle the Spanish civil war in favor of the insurgents before winter sets in;

2. He has sent in more men in order to be in a better bargaining position with England and France if he finds it expedient to negotiate a settlement of the war.

Decrease Reported In Oil Production

TULSA, Okla., Oct. 3 (AP)—A decrease of 2,625 barrels daily in the United States output of crude oil during the week ending Oct. 2 was reported today by the Oil and Gas Journal. It brought the daily average down to 3,645,476 barrels daily. Oklahoma production declined 19,275 barrels daily to 581,175. East Texas was up 1,200 to 483,200.

The state of Texas was down to 1,497,922.

Louisiana increased 418 to 264,310. California increased 2,500 to 689,750. Kansas declined 8,525 barrels daily to 184,500.

Eastern states including Michigan increased 712 barrels daily to 192,219 and the Rocky Mountain area increased 4,160 to 82,270.

JUDGE DEMANDS JAIL FOR DRINKING STUDENT WHO KILLS MAN WITH CAR

Grid Slants

PUN'S AND PASSES (By the Associated Press) HAMILTON, N. Y.—The shake-up that Andy Kerr made in his Colgate squad following Saturday's 40-7 licking by Cornell may not be so hard on the veterans as it looked at first. A leg injury kept Tommy Eck from playing center; Pete Ritchko was busy with a class while Red Chesbro and Eddie Lalor were given a day's rest yesterday. The chances are they'll be back in there Saturday.

COLUMBUS, O.—If Francis Schmidt is going to teach his Ohio State players any new tricks this week, he'll have to do it in a hurry. The Bucks play Southern California this week and are scheduled to leave for Los Angeles tomorrow morning.

ATHENS, Ga.—Warning to Alabama and other opponents of South Carolina this season: Those Georgia boys are tough. They lost to Georgia last Saturday by a touch-down, but the victors lost Jimmy Fordham, sophomore fullback, with a back injury. Three others were slightly hurt.

STATE COLLEGE, Miss.—Capt. John Stokoe, who coaches the Mississippi State line, isn't worried about what his guards will do against Texas A. & M. next Saturday. "We don't have many of them—there are just six," he commented. "But if the quantity element is lacking, certainly the same cannot be said of quality."

a crime that threatens to become prevalent because too many think they can drink and drive. I plead for a public sentiment against the drunken driver and I pledge my entire term of office to stop the menace." Referring to himself as an alumnus of Amherst college and declaring that he held no enmity against students of the institution, the district attorney fairly roared, "I want to see this drinking at the college and fraternity houses stopped. It is a bad, immoral and vicious condition and I am ashamed of it."

Declaring that a fine means nothing to a "rich boy," the district attorney demanded a jail sentence of six months for the student and, according to the press, shouted, "What ought to happen to him? What happens to any man who

drinks and drives? He either kills himself or some one else. Death is the pilot of every automobile whose driver drinks intoxicating liquor and enters his automobile." Pounding the bench, Mr. Keedy continued, "these Amherst boys are as dear to me as my own two sons,

one of whom has graduated from that institution. I want to see this drinking at the college stopped. It is bad, immoral and vicious, and I am ashamed of it. Jail is the penalty for any man who drinks, drives and kills." (Submitted by the local WCTU).

THE SPORTS PARADE BY HANK HART

Big Spring's football team received a blow in practice Monday evening when Alton Bostick, sophomore end, fractured the internal condyle bone in his left arm.

Alton will be out for six or eight weeks. The youngster had earlier been put on the sidelines with a swollen hand. The kid is rated as a rare prospect by Coach Murphy and his absence will handicap the already weakened Big Spring.

From Blondy Cross, the vacationing scribe of San Angelo, we learn that the Associated Press credits Olie Cordill as hailing from the Concho City. Blondy goes on to say that that is partly right because Big Spring is a suburb of Angelo and we will finish up by stating that Mr. Cross and Mr. Taylor may still think that Big Spring is a suburb of the Sheep Town next month—an outfit from across the tracks.

From Portales, N. M., we learn that one Louis Madison was accredited with running some 50 yards to score a touchdown in a game with Albuquerque. Collich, Louie, you know, was ejected into unrolling his pack at Eastern New Mexico Junior college along with Jack Wilson, 1936 all-district guard of the Oil Belt. Jack is on the sidelines with an injured ankle.

The Dixie Series is arousing more interest locally than any series since 1930 when the Fort Worth Cats won their last pennant. Young Tommy Cille of the Union club is having difficulty in handling his end of the baseball tucker what with so many tips being batted around. The place was jammed last night by the old heads who haven't come out of their shell since Walter Johnson hurled his games in the water.

Cleaning the cuff: The Pittsburgh Panther did not lose a game from 1914 until 1920. The Cincinnati Reds won only four more games in '37 than they did in '34 and that was before McPhail started to rebuild. For tongue twisters along the gridlers this season, how about Gruskowski of Centre, 'Emighetti of Lehigh, and Trout-souvas of Stanford, and for short ones try Shu of Virginia Military, or Fry of North Carolina State.

Yanks Still Reign As Favorites On Eve Of Battle

Selway Banked On To Close Out Series Against Little Rock

By FELIX R. MCKNIGHT FORT WORTH, Oct. 5 (AP)—Big Ed Selway, the stingy Fort Worth right hander who has allowed one earned run in his last 30 innings, faces Little Rock's Travelers tonight in the game needed to clinch the Dixie Series pennant for his Texas League champions.

Selway, who shut out the Travelers, 3-0, in an Arkansas appearance last week, watched his mates pull out with a ten inning, 3-2 victory last night that gave them a decisive three-to-one edge in the series.

Manager Doc Prothro of Little Rock definitely announced that Lee Rogers, who twirled the deciding game against New Orleans and Atlanta that eased the Travelers into the series, would be his mound choice.

Last night's extra-inning thriller was climaxed when Joe Greenberg, brother of the famed Detroit first baseman, lashed a line single into center field with the bases loaded, two out and the score tied. Greenberg, playing in the outfield for the first time when Manager Homer Peck pulled himself out of the lineup after the first inning because of a troublesome injury, edged the Panthers closer toward their first Dixie pennant in seven years.

Strong Strategy Pitcher Byron Humphreys, who had twirled a masterful game for the Arkansas, intentionally walked Lee Stebbins, Fort Worth first sacker, to get to Greenberg, an easy victim in prior appearances at the plate.

Southpaw Clyde Small, despite five walks that got him in trouble and some ragged fielding of bunts struck out nine Travelers and allowed only four hits. The Travelers caught on to his fielding weakness early and attempted bunts throughout the ten frames.

JOE'S PAPA IN NEW YORK TO SEE SERIES

By PAUL MICKELSON NEW YORK, Oct. 5 (AP)—The proudest and most excited man in this big city today was an old, weatherbeaten salt who traveled across the continent to see a guy named Joe play in the world series.

His suitcase crammed with mama's famous cookies, cake and several bottles of wine, Joseph DiMaggio, Sr., made his first trip to New York in 41 years with only one bit of sightseeing on his mind.

"That," he said, "is to see my boy Giuseppe hit a home run against the Giants."

If you've ever seen an aged father glow over the exploits of a son, then you've got the picture of Papa DiMaggio. In more than 25 years of fishing off San Francisco bay, he's had more than his share of thrills but to come to New York, all expenses paid, to see Giuseppe strut his stuff before thousands of cheering fans tops papa's wildest dreams.

Papa arrived yesterday accompanied by his third son, Dominic, star outfielder of the San Francisco Seals who hopes to emulate his more famous brothers, Yankee Joe and Vincent, who did a fine job his first year up with the Boston Bees this season. Joe met them at the station, dined himself on the cookies and cake, and then took them out to Yankee stadium for the series practice.

Loboes Have Light But Fast Team

Coach Petty Seeking Scoring Punch After Successive Losses

CISCO, Oct. 5—Coach Red Petty of the Cisco Loboes, whose team has yet to win a game this season, may have his team schooled for an aerial attack when it takes the field against the Big Spring Steers Friday afternoon at 3 o'clock on the Cisco gridiron.

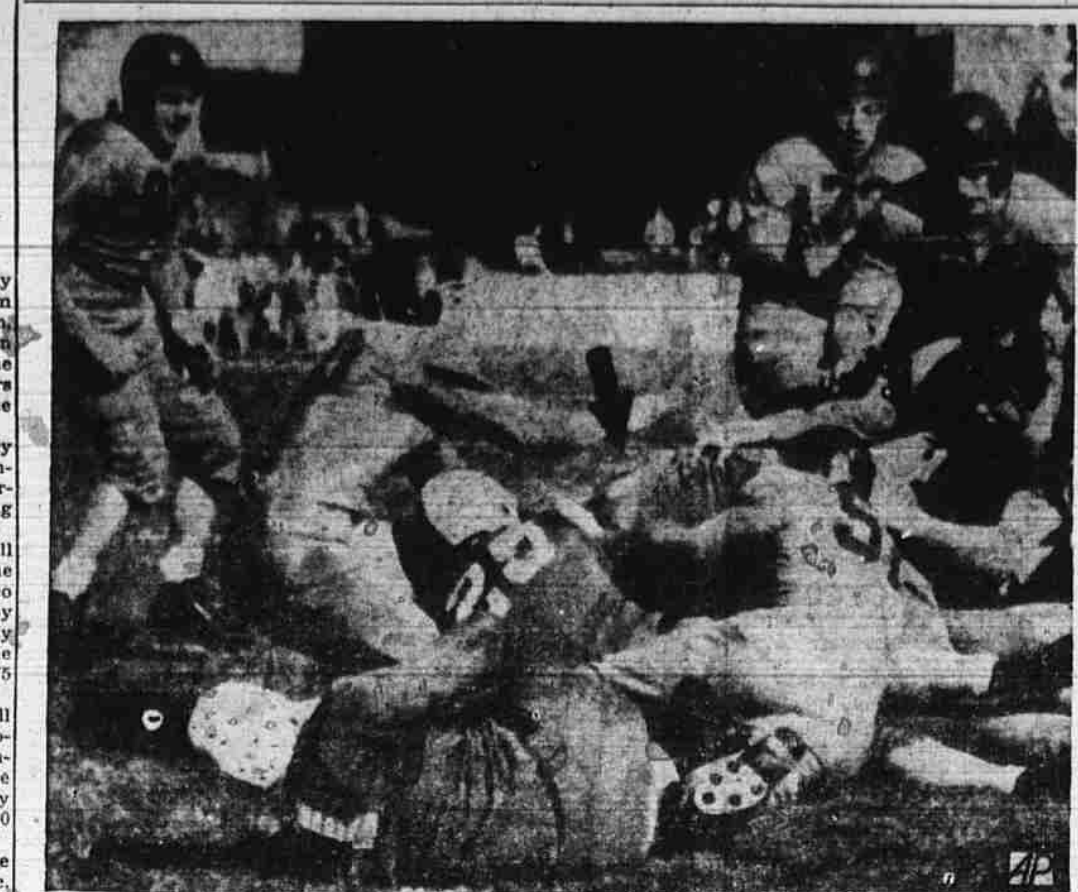

The Loboes have been soundly beaten by Lubbock and Stephenville and Petty is seeking a scoring punch capable of competing with the Steers' running attack.

The Loboes starting lineup will be considerably outweighed by the visitors. Heaviest man in the Cisco forward wall is the 168-pound Troy Stewart, center, who will play against Capt. Doug Rayborn of the Big Spring team, who tips in at 175 pounds.

RIGGS BEATEN BY BUDGE IN NET FINALS BERKELEY, Calif., Oct. 5 (AP)—Donald Budge is still the world's greatest amateur tennis player.

After winning the first three games of the minor league classic at Newark, the Red Birds had an idea that the "best of seven" series was in the bag. But the Bears bounced right back Saturday night to beat the Birds 8 to 1 on the local lot and last night they did it again, 1 to 0.

CORNHUSKERS UPSET DOPE

There isn't much of Johnny Howell showing, but the Nebraska game captain, indicated by arrow, is shown after a 4-yard plunge through the Minnesota line to give the Cornhuskers their first touchdown against the highly touted Gophers. Eldon McIlarray, (25), Husker fullback, who played a bang-up game before he was injured later in the third period, is shown on the ground next to Howell. The Cornhuskers went on to win, 14 to 9.

SPORTS ROUNDUP BY EDDIE BRIEZE

NEW YORK, Oct. 5 (AP)—Looks like Gomez and Hubbell in the opener. St. Louis Cardinals have signed a young pitcher named Jack Card from Ogden, Utah. His first pitching effort was a no run, no hitter and 23 batters whiffed.

Mebbe Pitt's opponents can chuckle this one off: When the Panthers made a short jump to Morgantown to play West Virginia, two guys who played 20 minutes each in the Rose Bowl last January weren't considered good enough to go.

WATERFILL AND FRAZIER FAMOUS WHISKEY

Gomez Due To Take Mound For Rifles

Carl Hubbell Still Terry's Choice, 50.00 Expected

NEW YORK, Oct. 5 (AP)—An all-southpaw pitching duel was assured today for the clinching game of the world series when manager Joe McCarthy announced he would send Vernon Gomez to the mound for the New York Yankees. Bill Terry of the New York Giants already has nominated Carl Hubbell for pitching duty in the first game tomorrow.

By GAYLE TALBOT NEW YORK, Oct. 5 (AP)—The Giants and the Yankees, both fit and both confident they hold a full-fledged ace, hold their final workouts this afternoon, and at 12:30 p. m. (CST) tomorrow they smack into each other in the second straight "subway series."

The battle lines are definitely drawn, pending a last-minute change by Manager Bill Terry of the Giants or Joe McCarthy of the Yanks. Carl Hubbell, the Oklahoma farmer, will try to win his third straight series opener for the Giants, and Vernon (El Goofer) Gomez, another lefty, will toil for the Yanks.

They are perhaps the leading southpaws in the game, and the prospect of a thrilling duel between them has led optimistic club officials to hope to break the world series attendance record of 65,000 set at the stadium a year ago. Indications today, however, were that opening day attendance would not be much more than 50,000.

Selkirk Back In The Yanks' lineup is settled for the series with the same array that swamped the American League under a deluge of base-hits, except that hard-hitting George Selkirk has recovered from a mid-season hurt just in time to take over his right field post. He, with Joe DiMaggio, Lou Gehrig and Bill Dickey, comprise the backbones of the Yankees' devastating attack.

The Giants, who are the weaker-hitting outfit and therefore compelled to consider every possible angle in their struggle for runs, will do considerable shifting about. Against Gomez tomorrow they will have big Hank Leiber, right-handed power hitter, playing centerfield and batting clean-up. When Red Ruffing, a right hander, takes the hill for the Yanks in the second game, Lou Chiozza will be in the middle pasture for the Giants, with Jimmy Ripple batting fourth.

Terry, who has so far recovered from his influenza that he took a few cuts at the plate in yesterday's practice, has delegated the veteran Gus Mancuso to catch both Hubbell in tomorrow's game and Slim Melton in the second game. Harry Danning is slated to catch Hal Schumacher in the third.

Strategy vs. Power All of which indicates the essential difference between the two New York teams. The Yanks are set to slug it out on their customary lines. The Giants are going to play it "cute" and fight for a run at a time, placing their trust in Hubbell, Melton and Schumacher to curb the enemy.

The key man of the series, with all due respect to Hubbell, is very likely to be Melton. If Melton, a 20-game winner in his first season, throttles the Yankee batters in the second game, then it's anybody's series, and probably the Giants.

Those who watched the rival teams in batting practice were struck by the obvious disparity in power. The Yankees, one after the other, rattled balls against the far boards and the stadium echoed with the vigor of their blows. Their rivals, on the other hand, seldom bashed one solidly. Their best hits looked like singles. But the Giants' infield displayed more zip and sparkle than the Yanks.

Reports have it that there has been an unusual amount of betting on the series, with the Yankees steady 2 to 5 choices. Those seem very attractive odds to the Giants' admirers, considering the pace their club has set in the past month.

A Yank fan, though, explained it all very succinctly: "Odds don't mean nothing when that DiMaggio and Gehrig and Dickey get up there. It's just 'pop-pop-pop' and what difference does the odds make?"

# Big Hay Crop For Texas

### Balers Busy In The Fields As Season Needs An End

AUSTIN, Oct. 5 (AP)—Farmers made hay while the sun shone in Texas today, nearing the end of a season due to produce one of the largest crops of baled prairie grass, Johnson grass, alfalfa, sorghum and other types of feed stuff in years.

The reaping presses were making their last journey, barns were bulging with trim bales, and only the clean-up—baling the oat and wheat straw and the scattering patches and "second cuttings" remained.

The United States crop reporting board here estimated 948,000 tons of hay would be realized this year,

compared to 815,000 produced last season.

The baling of hay in Texas is, generally speaking, a rather obscure industry. As a rule, not over two or three "outfits" operate in each county during the season, but they turn out thousands of bales, much of which is fed on the farm where the baling was done and a large proportion stored in barns for the higher price that comes with winter.

The "feeders," "fablers," drivers of the cumbersome "bull rakes" and the lighter "bu" rakes that get the straw closest to the ground, and those who have one of the toughest jobs of all—"tying out," which consists of pushing wires through slots in wooden "blocks" and binding the hay, begin their labors in the summer and work through October most of them at "two dollars a day and the work's sure hard."

The crop reporting board reports a good quality of hay is indicated this year, meaning it may reach "four-hits" or more a bale when winter's blasts send the cattlemen to town to replenish feed stock.

### FINAL TRIBUTE PAID FAMED PUBLISHER

ATCHISON, Kas., Oct. 5 (AP)—Atchison paid final tribute today to its most famous son, Edgar Watson Howe, philosopher and publisher.

Simple Episcopal church funeral services were set for 2 p. m. at Howe's residence on "Potato Hill," which was inseparably linked in his internationally acclaimed writings.

Two sons, Eugene, Amarillo, Tex., editor, and James P. Howe, Walnut Creek, Calif., came here for the services. They had attended Sunday the funeral of their mother, Mrs. Clara L. Howe at Falls City, Neb.

"Ed" Howe died early Sunday morning. He founded the Atchison Globe in 1877 and was the author of numerous articles on life in a small town.

Principal types of hay produced in Texas are Johnson grass, prairie grass in the coastal area and alfalfa in the trans-Pecos region.

### HOUSING OFFICIALS READY TO SHOW DUKE THEIR WARES

WASHINGTON, Oct. 5 (AP)—Government housing officials, as proud of their low-rent dwellings as any young bride, said today they would welcome a chance to show the Duke of Windsor how the United States has tackled the housing problem.

The duke, accompanied by his American-born duchess, is expected to leave Paris soon for a study of housing and labor conditions in Germany and this country.

From Stewart McDonald, federal housing administrator, came a statement that "we will give all cooperation and will make available to the duke and duchess all facilities of the FHA."

McDonald expressed the view Windsor might be interested in seeing several large-scale housing projects in the Washington area. These were financed by private enterprise in connection with the FHA.

### Episcopal Church May Create Office Of Primate

CINCINNATI, Oct. 5 (AP)—The Protestant Episcopal Church in the United States approached today an important decision on the creation of a primate, comparable to the Archbishop of Canterbury in the parent church of England.

This proposal, prompted largely by dissatisfaction in the present dual church leadership, developed as perhaps the most vital general convention, its 52nd triennial general convention, opening tomorrow.

At the same time an authoritative source said that reelection of the Rt. Rev. James Dewolf Perry, presiding elder for the last seven years, may hinge upon the convention's verdict on the proposal to create a primate, or archbishop.

If the convention, which is the church's supreme legislative body, sets up the office of archbishop, several members of the house of bishops may seek the position. If

### Scrap Metal Prices Called Cause Of More Vandalism

FORT WORTH, Oct. 5 (AP)—Theft of bronze tablets and ornamental work in cemeteries has caused a heavy loss in the last several years, according to delegates attending the annual convention of the Association of American Cemetery Superintendents.

This type of vandalism has been heavy because bronze in tablets and ornamental work brings a higher price at junk shops than any other metal used in monuments and memorial structures located outdoors.

The presiding bishop's status is not changed, Bishop Perry, who also heads the diocese of Rhode Island, is considered likely to be reelected for another six-year term, this source declared.

Mrs. K. C. Stratton of Dallas is houseguest of Miss Emily Bradley.

Vandalism in the United States cost approximately \$4,000,000 a year, Raymond C. Morrison, director of the Fort Worth school ground landscaping program, told the delegates.

Cure for vandalism, in his opinion, is to educate young people to appreciate the beauty and value of attractive buildings and well landscaped grounds, rather than to take special precautions to guard these improvements against depredations.

## Washington Daybook

By Preston Grover

WASHINGTON—A news writer in Moscow sends to America a dispatch beginning: "The new Russia is a land of inconsistencies, contrasts and strange events."

Meanwhile, in America... The president dictates a new \$75,000,000 dam, part of whose purpose is to irrigate new land and bring it into rich production.

In Washington, the president's secretary of agriculture advances a plan to keep the country from raising too much farm produce.

Southern states are fighting the proposed wage and hour bill, but New England states are hopefully urging its passage because they expect it to increase costs of mill labor in southern states.

Some liberal senators denounce the president for his proposal to pipe the supreme court full of new blood, but clamor to climb upon his train when he journeys across the country to "feel the pulse" of his populace.

Winking At Monopoly  
The federal government pays out millions daily for unemployment relief, but demand for cotton pickers is so great that Georgia farmers have trouble finding and keeping enough colored help.

The nation pleads for peace and disarmament and at the same time lays the keels of two whopping \$60,000,000 battleships, multiplies its cruiser and submarine strength and proposes subsidies for fast tankers of sufficient speed to keep abreast of the oil burning battle fleet on distant missions.

The government complains that heavy construction industries, particularly large scale building, are lagging, and yet the federal reserve system keeps interest rates so low that bankers complain they cannot safely lend money at such rates on the "slow" paper involved in financing the building industry.

The department of justice and the federal trade commission, with varying sprays of activity, fight private monopolies, yet congress enacts a bill permitting manufacturers to fix prices on their products. And price-fixing is the principal monopolistic evil against which the two federal agencies fight.

This Strange Land  
The state department seeks to keep the country strictly neutral in the Oriental conflict, yet sanctions a "safety first" policy under which government-owned ships may not carry munitions or military supplies to the belligerents. The act chokes off supplies to China, which has no ships, but allows Japan, which has plenty of ships, to buy American munitions and airplanes with which to wage the Chinese.

The country prides itself upon its excellent health measures and sound common sense, and annually dumps off 36,000 persons with automobiles.

Now all these things, and many another contrast and inconsistency spicing up the life of this old continent, can be explained, after a fashion to Americans with a sense of humor.

But if a Washington correspondent of a Russian paper should send home a dispatch saying "the new United States is a land of inconsistencies, contrasts and strange events," he could not be blamed too much.

### YOUNG SWEETHEARTS SHOT TO DEATH

NEW YORK, Oct. 4 (AP)—Police termed "a kid's job" today the woodland murder of a trusting couple shot to death in a parked car and marked on the forehead with red circles drawn with the slain girl's lipstick.

Convicted Frances Hajek, 19, and her sweetheart, Lewis Weiss, 20, had been trailed and killed by a jealous suitor, detectives questioned her parents to learn what other boys she knew.

### BRITISH LABORITES CALL FOR ACTION AGAINST JAPAN

LONDON, Oct. 4 (AP)—The British labor party unanimously adopted a resolution today demanding international action against Japan for "the massacre of helpless Chinese" in the undeclared Sino-Japanese war.

At almost the same moment Prime Minister Neville Chamberlain in London received the labor party's demand for a special session of parliament to debate the Sino-Japanese and possible British measures.

It was considered possible that the government might compromise by setting the debate as the first order of business for the regular session October 21.

### GOVT. STRONGHOLDS UNDER ATTACK

HENDAYE, Franco-Spanish Front, Oct. 4 (AP)—Insurgent forces, backed by wintry storms in northwest Spain, carried the war by air and sea to government strongholds in Valencia and Barcelona, where at least 200 deaths were feared today.

In Valencia, seat of the Spanish government, rescue crews clearing the wreckage left by more than 100 insurgent air bombs yesterday.

## Hollywood

Sights and Sounds By Robbin Coons

HOLLYWOOD—The call sheet that daily studio bulletin which tells actors where they're to work at what time is often a fascinating document.

The other day Warner's had one posted which still intrigues me. From 9 a. m. to 7 p. m. it called for scenes on eight sets, to wit: interior judge's chambers, interior courtroom, interior police station, exterior

Marjorie Weaver, exterior Pinky's home, exterior Cheap street, interior Pinky's home, exterior street near Pinky's home, and exterior Pinky's home.

Tyrone Is Grateful  
It seems there's a character named Pinky, and there's Conita Granville. The picture, after all this, seems appropriately titled: "Too Much of Everything."

On the set of "Second Honey-moon," Tyrone Power, between scenes, was studying a page from a London newspaper recounting the arrival of Robert Taylor, "Poor guy," he breathed, reading off such headlines as "Women Shriek: Give Us Our Darling Bob!" "Poor guy," he groaned.

And I think Tyrone was never more grateful that his studio provided him with a "public relations contact man" when he braved the eastern storms of feminine frenzy—a little item that usually cautious Metro neglected in Taylor's case.

Handy Southern Accent  
On the same set, and working with Marjorie Weaver, Tennessee "hot" brunette-working very hard because the picture is her first real opportunity in films.

After a year of study to lose her southern accent, Marjorie gets her big chance in the role of a little southern girl. She was nervous, but good. She delivered her long string of speeches, with pauses and gestures, in a way to bring braves from the onlookers.

Immediately she set out to look for her new stand-in, Judy Parks, Judy was Marjorie's friend and room-mate at the Kappa Kappa Gamma house at Indiana U.

### \$17,000 BLAZE

DALLAS, Oct. 5 (AP)—An improperly installed smokestack on a hat blocking boiler was blamed today for the \$17,000 blaze last night which damaged a downtown hat factory.

Fire Marshal L. M. Funk blamed the boiler and discounted all possible incendiary factors. The factory has had recent labor troubles, including a strike.

### BRIDGET'S MISTAKE

Bridget had been with the Stafford for 15 years, starting as a kitchen-maid. She had been a very good kitchen-maid, too, and had had every idea of working herself up to replacing Margaret, the cook, who was old and rheumatic.

So Bridget's career in the kitchen had been abandoned, and she had made a marvelous-looking waitress. Of course, in 15 years a few gray strands had crept in with the red, but she still had quite a presence.

"This morning, for a second, when she first came in, the color of her hair made Nina remember David Day; then she noticed that the maid's expression was unusually severe.

"Good morning, Bridget." How to begin? "Er, you know that mother got in late last night?"

"Yes, Miss Nina." Bridget's mouth was a thin, hard line. "I've been upstairs, already yet, I snuck in to lower your mother's window and turn on the heat, meself, because that Marie person says as how she's sick with the cramps."

"This morning," Nina began to howl with laughter. "I don't like those goings-on, Miss Nina, and I'm here by giving notice."

"Oh, Bridget, how funny!" she gasped. "Darling old Bridget, she's married to him! Get down off your horse."

"Well, glory be to God!" "I didn't dream you had such an evil mind, my friend."

"Well, the Lord save us! Married... Day before yesterday, in Chicago."

"Yes, Bridget. It's very nice. He's very nice, and what's more, you've got to be very nice about the whole thing, do you hear me?"

"Married!... The day before yesterday... and do we know him?"

"Well, glie, now. We got up till after five. His name is Chaloner, and he's a grand person. I'm very happy about it." She said it stoutly.

"Very happy. Now you run along and tell Margaret, I'll let you have the fun, yourself. And rouse Marie, cramps or no, and see if you can't think of something nice to surprise the bride."

Bridget went out, looking important.

Richard Wins Bridget  
The sun, rather strong and healthy for October, shone through the southern windows onto Nina's fair hair.

In the mornings she never bothered to brush the little individual curls over her finger, but combed it and combed it, vigorously, until it stood out like a halo of spun sugar.

Her brown eyes—her father's brown eyes—looked more arresting than ever, with her blondeness, when she wore it that way.

Honey used to say: "It's all right, darling, you'll make a success of marriage. You'll look too beautiful in the morning!"

Today, her pajamas were of soft green velvet, and she had a springy look to her, like a slender daffodil with her yellow top.

She was finishing her second cup of coffee, and was pulling, delicately, on her first cigarette, when her stepfather appeared in the doorway.

things usually dropped into his lap, like ripe fruit, so that he probably wasn't confronted with the problem, often.

"Tell me, where are you planning to take Honey for a wedding present, often."

**MAN IS HELD, WOMAN COMPANION WOUNDED**

SONORA, Oct. 5 (AP)—A man who, Sutton county officers said, gave his name as Bill Garrett, and said he was a jail breaker from Dallas, was held here today after capture last night with a woman companion.

The woman was in the hospital at San Angelo, with wounds in the arm and chest received in a scuffle when Sheriff B. W. Hutchinson and deputies accosted the pair on the highway as the officers investigated a sedan which had wrecked and burned.

Hutchinson said the man was armed with a rifle and the woman with a pistol.

Dallas authorities said Bill Garrett was the name of one of three Dallas men who escaped Sept. 12 from the Waxahachie jail after threatening jailers with a smuggled gun.

SAN ANTONIO, Oct. 5 (AP)—The victim of an attack, Private Clifford L. Valdois, 27, Sixty-eighth coast artillery, died at the station hospital, Fort Sam Houston, today.

Valdois, a member of headquarters company, came here with his outfit from Galveston for army maneuvers several weeks ago.

His head badly beaten, apparently with a blunt instrument, the soldier was found unconscious beside the highway 11 miles north of San Antonio last night.

Military police learned that Valdois had been at a service station and bar in company with another soldier an hour before he was found.

engages in the search for peace. He charged aggressor nations with violating the covenant of the League of Nations, the Kellogg-Briant pact and the nine-power treaty guaranteeing the territorial integrity of China, and of "ignoring" humane instincts.

This, he said, was creating a "state of international anarchy and instability from which there is no escape through more isolation or neutrality."

Another enthusiastic demonstration followed his statement that he was determined to "pursue a policy of peace and to adopt every practicable measure to avoid involvement in war."

**U. S. ENTRY**  
PARIS, Oct. 5 (AP)—A foreign office spokesman today hailed President Roosevelt's speech in Chicago, in which he pleaded for peace, as marking the "real entry of the great moral force of the United States" into the world's troubled affairs.

"The speech will have tremendous repercussions," the spokesman said. "The full backing of the United States for nations who are working to preserve peace means that they will be greatly strengthened."

"Those responsible for the state of international anarchy" will be made to think twice before they commit further depredations," he said.

**Oil Firms Claim Action Had OK Of Government**

MADISON, Wis., Oct. 5 (AP)—Col. William J. Donovan, chief defense counsel in the government's anti-trust case against the nation's major oil companies, told Federal Judge Patrick T. Stone today the 23 companies involved will prove their price stabilization activities had both "the written and oral" approval of the government.

The jury selected yesterday to try the companies and 46 executives on charges of conspiracy to exact excessive tank car prices on gasoline from independent Midwest jobbers was kept out of the courtroom during preliminary arguments.

"We claim that the proof we will submit," Donovan said, "will clearly show we had the authority and approval of the secretary of the interior (Harold L. Ickes)."

He referred to the oil code initiated under the national industrial recovery act which later was declared unconstitutional.

**Opposes Change In Wagner Labor Law**  
DENVER, Oct. 5 (AP)—J. Warren Madden, chairman of the national labor relations board, bluntly told the American Federation of Labor convention today that a Wagner act amendment the federation has proposed might make the country "the happy hunting ground for the company union."

Taking notice of A. F. of L. accusations that his board was "pro-C. I. O. Madden said the C. I. O. likewise had accused the board in some instances of being pro-A. F. of L.

"If this (Wagner) law shall ever be amended so that in words or in effect, it shall say that employees shall be entitled to be represented by a union of the employer's choosing, then all the rest of the law should be repealed for America will have become again the happy hunting ground for the company union," Madden said.

**14 INQUIRIES ON CARDS TO BE USED IN JOBLESS CENSUS**

WASHINGTON, Oct. 5 (AP)—Registration blanks for the forthcoming unemployment census will carry a message from President Roosevelt asking the cooperation of every family.

The cream-colored questionnaires were made public today. On one side are 14 inquiries, and on the other is this statement by the president:

"If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

"The census directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest and accurate. If you give me the facts I shall try to use them for the benefit of all who need and want work and do not now have it."

The cards will be distributed by letter carriers on November 16 and 17 to the nation's 31,000,000 families. Where there is more than one jobless person in a family, postmen will leave extra cards.

**Housewives Asked To Aid Salvation Army Campaign**

An appeal to housewives to make contributions to the Salvation Army budget here was voiced Tuesday by Envoy Phil Rainey, in charge of the campaign to raise funds for the army's work this year.

"There will be no canvass made to the housewives, and an urgent appeal is made through this medium for them to send in their contributions," she said. "The average contribution asked is \$1 per household, although this by no means represents the limit of gifts many make.

Such contributions may be mailed to Box 1148 and receipts will be given. The gifts may be left at 322 Main street.

**ANGELO SELECTED**

San Angelo won the next meeting of the West Texas Band Association in the spring. The bandmasters unit of the association, meeting here Sunday, awarded the Concho city the contest convention on a bid of about \$500. Lubbock and Brownwood asked for the convention but did not push their claims. The party is anticipated to draw at least 1,000 high school musicians for two days.

**ENDORSEMENT**

LITTLE ROCK, Ark., Oct. 5 (AP)—Mrs. Joseph T. Robinson, widow of the late majority leader in the senate, gave public endorsement today to the candidacy of Congressman John E. Miller, independent democrat seeking election to Robinson's unexpired term.

**GOOD WATER WELL ON OXSHEER RANCH**

One of the heaviest producing water wells tapped in this area appears in prospect at the Oxsheer ranch headquarters, according to reports received here.

The well, only 55 feet deep, is being estimated at 500 gallons or better per minute. A pump, reported to be capable of handling that much production, was said to be unable to lower the water level. Additional pumping equipment is being moved in for a more thorough test.

Located in the northwest quarter of section 8-34-28, T&P, the well is just over in Glascock county from Lomax, and is about 12 miles southwest of Big Spring.

**INFANT SUCCUMBS**

Death Tuesday claimed Charles Dee, the infant son of Mr. and Mrs. W. F. Reed. Beside his parents, he is survived by a two-year-old brother.

Charles Dee was born May 6. Services will be held at the home of his grandmother, Mrs. Reed, one mile north of Fairview. Burial will be beside his grandfather in the Mount Olive cemetery.

**County Schools Open New Term**

Five common school districts in Howard county opened their doors Monday for the first time this year.

They were Cauble, Fairview, Center Point, Morris and Moore.

Opening of the schools reduced the number of idle schools in the county to seven. All of this number have been opened previously out closed for cotton picking.

Those still closed for the harvest are R-Bar, Vincent, Gay Hill, Morgan, Richland, Vealmoor and Bonsh.

**GEHRING SERVICES SET WEDNESDAY**

Services for Mrs. Augusta Gehring, 63, who died at the home of a daughter 12 miles north of here Monday morning, will be held here Wednesday morning. German services in the Dorothy chapel will be followed by English rites at the St. Paul's Lutheran church. Rev. Brown of Roscoe will be in charge.
