Kitty's Korner

By Kitty Montgomery

To "Wondering," I couldn't agree with you more, but it is against our policy to print anonymous letters. We can withhold names in our letters to the editor column, but we must have a signature for our own benefit. If you write a letter and sign it, and ask that your name be withheld, we will honor your request. Too bad, it was a good letter.

Our first norther brought delightful temperatures plus much needed rain. The rain no doubt was a result of Della, but it was delightful all the same for us West Texans. Although we've had some hot weather since the delightful rain and cool days and nights, fall is definitely in the air. If you don't believe it, just count the football games you have seen on television. I knew that football season would all run together some day, and it seems it's going to be sooner than later, like maybe this year.

I've tried to think of all the things I needed to discuss with Tom, prior to football season, but all this pre-season business caught me by surprise. We won't be communicating now until after the Super Bowl.

Another sign of fall is the appearance of the new television line-ups. It looks like another season of watching old movies for entertainment. I'm unimpressed with what I've seen so far.

School has been open almost a month, the first football game is behind us (the first Lion football game that is), all the clubs have met at least once, we've had our Christmas card catalogs since July, and before you know it, fall will have passed us by and the holiday season will be in full swing. I still don't know what happened to summer.

The pace gets hectic around a newspaper office around this time of year and bedlam reigns until spring appears upon the scene. Things are especially nightmarish just before and a good while after the Tuesday deadline. I mention this in order to point out to whom it may concern that we have a small but very competent staff and anyone who answers the phone can probably answer your questions or give you the information you seek better than I. Probably much better on a Tuesday afternoon. I have a tendency to turn into a witch when I can't get the paper put together to my satisfaction, and it just never seems to fall into place.

We never harbor ill feelings against individuals who disagree with our views, although we often regret that so many people can be wrong.

CUTTING THE RIBBON for the opening of the new Montgomery Ward store in the shopping center last Thursday is Hubert Baker, manager of the Ozona Chamber of Commerce, Billie Neyman, owner, holds one end of the bright red ribbon, while her father W. O. Tippetts holds the other end. Looking on from

left to right are Joe Belden, district manager for Montgomery Ward of Midland, Mrs. Tippetts, and Rev. Nelson Lanham, pastor of the Ozona First Baptist Church. During the opening ceremonies Rev. Lanham gave the invocation and Mr. Baker gave the welcoming address.

Lions Take On Eldorado Eagles After Losing Opener To Junction

The Ozona Lions will be in Eldorado tomorrow night for a tough one in the Eagles' home nest. After dropping their opener in Junction Friday night by a score of 7-6, the Lions expect to be much improved and at full strength for the Eagles.

All the scoring came in the first quarter at Junction last Friday night. The Lions drew first blood with a 37-yard touchdown pass from Craig Talliaferro to Rick Hunnicutt. The try for extra points failed and the Lions led 6-0 briefly.

Also in the first quarter Junction recovered an Ozona fumble to drive 19 yards in seven plays and see Jerry Davis plunge over from two yards out for the score. The extra point try by Rathke was good and it was 7-6 Junction. That ended the scoring for the night. Junction had a strong defensive ball club, and the Lions were also strong on defense, so the remainder of the battle was between the defensive sides of both teams.

The Lions had four fumbles and dropped a couple of passes, which probably decided the victory in favor of Junction. In the statistic department, both teams were fairly even. The Lions had 110 yards rushing

to Junction's 135, they caught three out of nine passes for 66 yards while Junction was 0-3, the Lions had 6 first downs to Junction's 7. Ozona drew 5 penalties for 45 yards and Junction had 5 for 35. The Lions lost four fumbles to Junction's 1. Chris Reeves punted 4 times for the Lions for a 37 yard average, and Junction punted three times for 36 yards.

Romaldo Cervantez was the leading rusher for the Lions, carrying the ball 25 times for

69 yards. Talliaferro passed for 66 yards. Hunnicutt caught one pass for 37 yards and the touchdown while Mark Kerby caught one for 35 yards. Pete Maldonado caught one pass for a minus six yards.

Eldorado returns seventeen lettermen, including seven starters. Coach Rip Sewell feels the Lions have their work cut out for them if they are to overcome the Eagles. The game starts at 8 p.m. in Eldorado.

Dry Ozona Receives Over 2 Inches Rain

Ozona and Crockett County benefited from the aftermath of tropical storm Della last weekend. After a day of high winds, rain began to fall Wednesday night and fell into the early hours Saturday morning. From all reports the rainfall was general throughout the county with up to over two inches reported in all areas.

The official gauge at the water district office recorded 2.58 inches for the three-day period. A total of .54 of an inch was recorded late Wednesday night and early Thursday morning. Rainfall all day Thursday amounted to 1.90 inches and another .14 of an inch fell Friday.

The rain which was sorely needed brought a halt to shearing activities on many ranches, but nobody seemed to be complaining. Dry weather had posed a serious threat to rangelands in the county, and grass fires were a common occurrence.

The rainfall brought the total for September to 2.98 inches and the total for the year to 14.12. July brought the heaviest rainfall to the county, 4.70 inches, but the July rains were spotty and some parts of the county were extremely dry. Only a trace of rain was recorded in August and hot, dry, windy days had taken their toll.

As the season's first cold front collided with the warm, moist air from the tropical storm, temperatures dipped as rain fell. However, by late Saturday summer was back in full force and air-conditioning units began to hum again.

A hard shower at noon Monday dumped an additional .31 of an inch on the city in approximately 15 to 20 minutes. The rain came again Tuesday at noon and another .25 of an inch was recorded.

Steamy heat of a tropical nature dominated the afternoon temperatures, as rain clouds continued to threaten.

ported in all areas. The official gauge at the water district office recorded 2.58 inches for the three-day period. A total of .54 of an inch was recorded late Wednesday night and early Thursday morning. Rainfall all day Thursday amounted to 1.90 inches and another .14 of an inch fell Friday.

Large Crowds At Montgomery Ward Opening

Large crowds were on hand each day during the opening of the new Montgomery Ward store in the shopping center last Thursday through Saturday last week, in spite of inclement weather the first two days.

The largest crowd came Saturday and stayed for the drawing Saturday afternoon. Winner of the television set was Louise Dyer. Other winners of small appliances were Edward Ramos, G. G. Allen, Ann Mayfield, Gloira Moran, Margie Coates, and Seferino Fierro. Several Montgomery Ward officials were on hand for the opening.

A ribbon-cutting ceremony in the rain opened the store Thursday morning. Rev. Nelson Lanham, pastor of the First Baptist Church, gave the invocation, and the new owners were welcomed by manager of the chamber of commerce, Hubert Baker.

Judd Montgomery Receives Eagle Rank In Scouts

The annual Boy Scout Court of Awards was held Monday evening at the Civic Center.

Highlight of the awards was the presenting of the Eagle Scout Award to Judd Montgomery, son of Mrs. Vic Montgomery. The Eagle award is the highest rank in scouting.

Other Boy Scouts receiving awards were Wilson Hill, Jerry Weant, Douglas Bean, Ray Hill, Danny Weant, Randy Allen, Trzell Hayes, Jr., Cliff McMullan, Jeffrey Young, Shane Fenton, Robert Buckner.

Paul Perners Celebrate 64th Wedding Date

Mr. and Mrs. Paul Perners celebrated their 64th wedding anniversary Friday, Sept. 7, with members of their immediate family at their home here. The occasion also marked Mrs. Perners' 84th birthday.

It was a quiet day with visiting and dinner for family members. On hand for the occasion were Mr. and Mrs. Marshall Montgomery, Mr. and Mrs. P. C. Perners, Paul Perners, III, and Mrs. W. A. Wilson of Odessa.

CVCOG Threatens To Disapprove Crockett County Nursing Wing

The Crockett County Commissioners Court met Monday in regular session. Among other matters taken up by the governing body, were the setting of the annual tax rate and a discussion of the hold-up of approval of the nursing home wing for the Crockett County Hospital by officials of the Concho Valley Council of Governments Health Planning Committee.

Present for the Court's annual budget meeting were Larry Curtis, representative of Shell Oil Company and V. C. Harris with Texaco.

The court adopted the budget as presented and set the tax rate at \$1.25 for the county, \$1.56 for schools and 22¢ for the state, making a total tax rate of \$3.03, down 5¢ overall from last year's rate of \$3.08.

The hold-up of approval of the nursing home by COG's Health Planning Committee was discussed at length.

County Judge Troy Williams gave the court a report on a meeting he attended along with John Berkley, with officials of the Concho Valley Council of Governments.

Officials of COG were concerned with the availability of surplus nursing beds in adjacent counties and requested information showing the potential number of aging people in Crockett County and adjacent counties not now served by a nursing home.

Another obstacle to approval by that governing body was the fact that Ozona at present is only able to keep the hospital

open because of a waiver granted from year to year from the Federal Government, waiving the requirement of a Registered Nurse on duty at all times.

The committee pointed out to Judge Williams and Rev. Berkley that it appeared foolish to build an addition to a hospital which was now only showing an occupancy rate of less than 28%.

The local men assured the

Services Here Thursday For Wm. A. Metcalf

Funeral services for William Andrew Metcalf, 73, were held Thursday in the Ozona Church of Christ with Bill Morrison, pastor, officiating. Burial was in Cedar Hill Cemetery.

Mr. Metcalf died Wednesday in the Sonora hospital of a heart attack.

He was born Jan. 15, 1894 in Clay County. He was a retired farmer and had lived in Ozona the past seven years. He was married to Lucille Matthews in Fort Worth in 1953.

Survivors include his wife of Ozona; two sons, Willard L. Metcalf of Eagle Nest, N.M., and W. C. Metcalf of Wichita Falls; two brothers, Carl Metcalf and Jess Metcalf, both of Archer City; a sister, Mary Baughman of Archer City; five grandchildren; and nine great grandchildren.

committee that the proposed construction was indeed a nursing home and that there is a need for such in Crockett County.

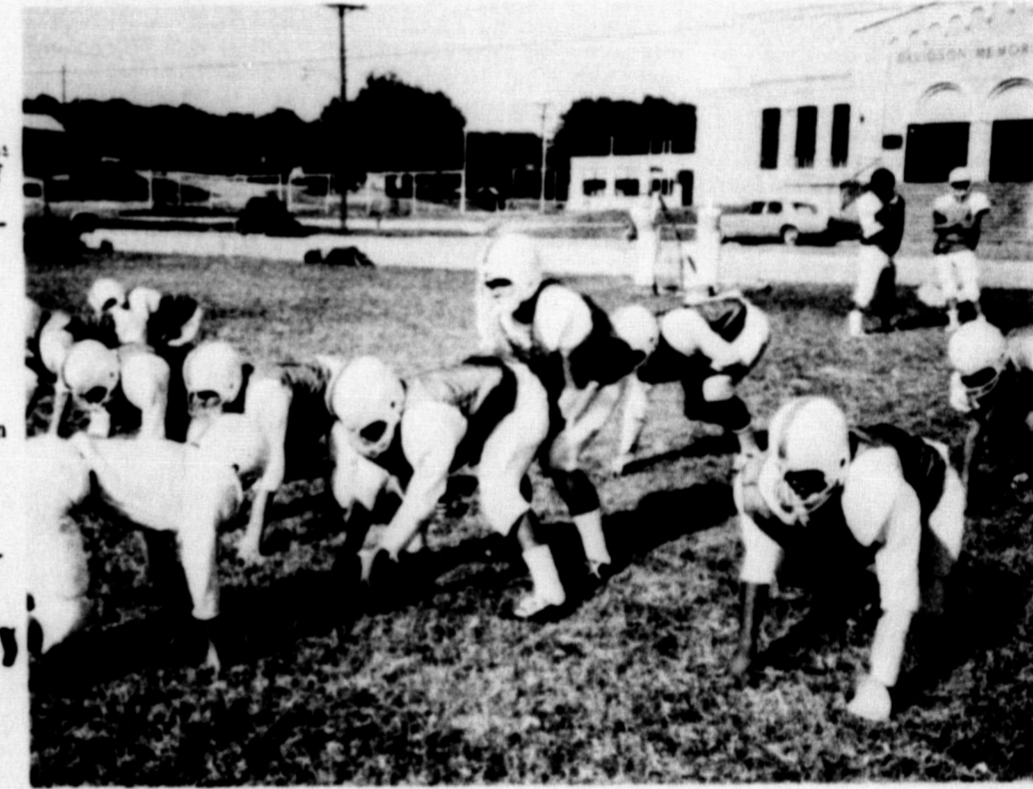

The Governor's office of Comprehensive Health Planning is authorized by Federal Statute to approve or disapprove capital expenditures for hospital facilities that are not needed. Judge Williams reported. They have 60 days from the date the application is filed with COG to either approve or disapprove. Without their approval, Judge Williams pointed out, the nursing facility will not be licensed for medicare and medicaid patients.

The COG health facilities committee will use 45 of the 60 days to study and analyze the application. They will then forward it to the Governor's office, along with their recommendation of approval or disapproval.

The commissioners took exception to COG's role in the matter, and felt they were being pressured to join the organization. Dues only amount to \$189 per year, but the commissioners expressed the feeling that Crockett County would lose some of its independence by becoming a part of the organization.

Judge Williams told the commissioners that Jim Ridge, executive director of COG would like to meet with this court and the courts of several neighboring counties to explain the benefits Crockett County would receive from

(CONTINUED ON LAST PAGE)

THE CUBS prepare for their season opener with Sonora this afternoon in Lion Stadium. Over 70 junior high and sixth graders suited out this season. Above, the eighth graders scrimmage the seventh graders. There will be two games tonight. The seventh graders will lead off with a game at 5 o'clock and the eighth graders will follow.

RM 1973 Approved For Paving In Crockett Amoco Production Gets Strike In SE Crockett Co.

The Texas Highway Commission has approved development of 5.0 miles of a Farm to Market Road in Crockett County as a part of the 1973 Texas Farm to Market Road Program. District Engineer J. A. Snell of the Texas Highway Department said additional funds in the amount of \$6,000 were allotted for the construction of a previously authorized project in Crockett County on R.M. 1973, from 5.0 miles south of State Highway 163, Southwest a distance of approximately 5.0 miles.

Work authorized for this county is part of the 559.4 miles of paved secondary roads statewide which will be developed in this program.

A total of 261.6 miles will be newly designated roads. The remainder of the \$22.2 million program will develop Farm and Ranch to Market

Roads and recreational roads which previously have been designated as part of the state maintained highway network.

The additional mileage brings total mileage of the FM-RM system to almost 41 thousand miles. Much of this mileage represents former county road routes which have been transferred to the state system. FM and RM projects are selected cooperatively by the Texas Highway Department and local county commissioners courts.

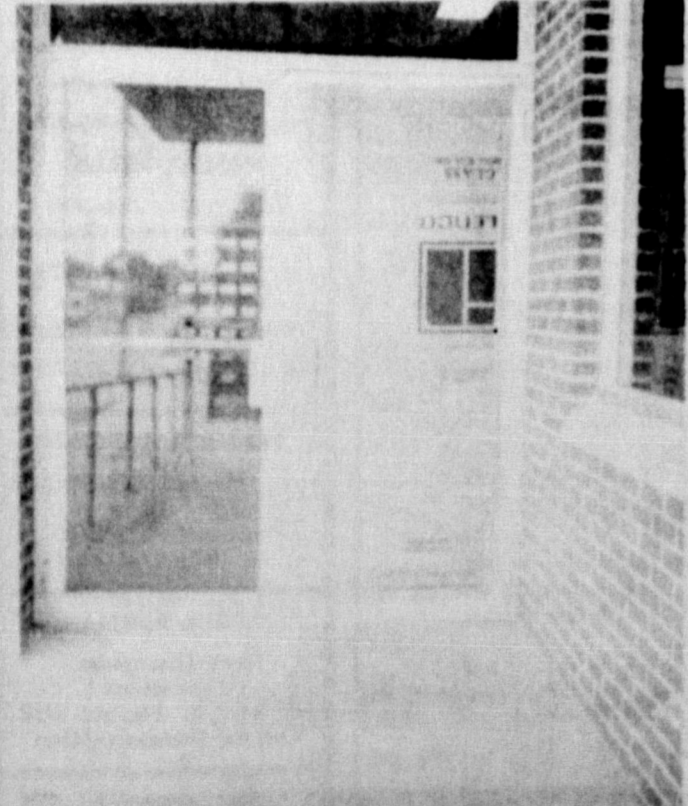

The Farm to Market Road program originally was conceived to "get the farmer out of the mud". On that score it has been successful by opening new economic, social and education opportunities to the millions of Texans who live in rural areas. For example, of the newly designated roads,

Amoco Production Co., Odessa, No. 1 Mrs. L. M. Morrison Estate, Crockett County unidentified discovery, five miles south-southeast of Canyon gas production in the Ozona multiphase field, 3 1/2 miles northwest of the proposed one-well Euleone (Wolfcamp gas) field and 35 miles southwest of Ozona, was finalized for a calculated, absolute open flow of 430,000 cubic feet of gas per day.

Production was through perforations at 5,123-87 feet, which had been acidized with 3,000 gallons and fractured with 32,800 gallons and 64,000 pounds of sand.

Drilled to 6,150 feet, operator set 4 1/2-inch casing at 6,067 feet and plugged back to 5,965 feet. Location is 1,320 feet from the south and west lines of 16-A-TCRR, Abst. 5052.

PECULIAR REFLECTION? Not really, it's a cardboard carton patching the door at the post office. The plate glass was shattered last week when the door hit the brick building. Expensive, yes, but no one was injured by falling glass.

Equal Rights

Stung by setbacks in many states this year, leaders of various American women's action groups say they are launching a new campaign to win ratification of the so-called equal rights amendment to the Constitution by 1976. Having originally targeted victory by this year, this is an admission of defeat, at least in the immediate future.

Greece

In Greece, that country's first President, George Papadopoulos, has started his enemies and surprised his friends, by freeing practically all political prisoners, promising to remove all the military men from his Cabinet, promising parliamentary elections for next year and taking other steps to ease the regime's restrictions.

Marijuana

Following a period when it seemed fashionable for medical authorities to minimize dangers stemming from the smoking of marijuana, recent months have produced several highly impressive warnings from medical authorities that marijuana is indeed a dangerous, destructive habit.

Miles Per Gallon

The U.S. automobile industry has long stressed style, speed, power and a comfortable ride in selling cars. Rather far down the priority list in sales publicity has been miles per gallon.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

BY BILL BOYKIN
Texas Press Association

An executive order has been issued by Gov. Dolph Briscoe creating the Division of Rural Community Services in the Texas Department of Community Affairs.

Governor Briscoe, who has listed rural development as one of the priorities of his administration, created the new division in response to what he termed "the urgent needs of rural areas."

In announcing the new rural services office, Governor Briscoe said the role of the Texas Department of Community Affairs is to make all state resources available and accessible to local communities as they strive to help themselves.

The Rural Community Services Division will provide information and technical assistance to rural communities and will assist in development of a state policy for rural development, the Governor said.

The new office will serve as a clearing house and will be a central state office that rural communities can go to for help, said Briscoe.

Raymond L. Prewett, executive director of the Texas Rural Development Commission, has been named to head up the Division of Rural Community Services.

A major part of his new duties, said the Governor, will be to assist rural communities in their relations with state and federal agencies and to direct communities with specific problems to the appropriate agencies.

Along the same line, the Governor has acted to expand the Texas Industrial Commission to include three members from rural areas. In the past, membership on the Commission has been two employers of labor, two employees or laborers and five members from the general public.

The Texas Industrial Commission is responsible for planning, organizing and operating a program for attracting and locating new industries and to promote the expansion of existing industries in Texas.

New rural members of the TIC are James Hunt of Sonora, president of Stockman's Feed Company; James B. Bond of Navasota, an attorney and director of the Navasota Industrial Foundation; and William A. Porter of Terrell, a farmer and businessman.

REVISION COMMISSION REVERSES ITSELF--The Texas Constitutional Revision Commission reversed its August 25 decision--that the Texas Legislature should meet annually--and voted that the proposed new Constitution should require the legislature to meet once every two years. But the time and duration of session or sessions would be set by the lawmakers themselves.

POT LAW RULING DUE--The Texas Court of Criminal Appeals is expected to rule later this fall on an amendment to the state's criminal code to allow resentencing of persons previously convicted of possession of marijuana.

Just because you call a horse a cow doesn't make it a cow," Smith told the Criminal Appeals Court. "Just because they (the Legislature) call it a resentence doesn't mean it's not a commutation," said Smith.

Lawyers on the other side of the question claim the resentencing provision is an authorization for the courts to review sentences, upon request from the defendant, and amend them, if justified.

About 800 persons serving terms in Texas could be affected by the outcome of the ruling. Conviction of possession of marijuana carried possible sentence of up to life imprisonment prior to revision by the 63rd Legislature to reduce first-possession penalties.

THE FAMILY LAWYER

Filing out an application for life insurance, Edwards came to a question about his health. He said he had a clear record, failing to mention that a doctor had once given him aspirin for a cold.

After Edwards died, his family put in a claim for the insurance. But the company refused to pay off, charging that he had not told the whole truth in his application. And in a court test, the judge agreed with the company that the policy was null and void. The family didn't collect a cent.

Plainly, that was a harsh decision. But it was handed down almost a century ago. It is hard to imagine a court today throwing out a family's life insurance on such flimsy grounds. While you are still expected to tell the truth in an insurance application, modern courts would judge your answers more reasonably.

In a recent case, an applicant for life insurance was asked whether he used liquor to the point of intoxication. The man said he did not. Actually, however, he had been somewhat intoxicated on two occasions during the previous five years.

Was his answer wrong enough to invalidate the policy? No, ruled a court, ordering the company to pay the family's claim.

"An occasional use of intoxicating liquor," said the court, "does not (make) a man in-temperate."

THE NEWS REEL

A re-run of "The Ozona Story" as gleaned from the files of "THE OZONA STOCKMAN"

T. J. Bailey is to succeed W. R. Cabaness as manager of West Texas Utilities. Mr. Bailey and his family were to have moved here this week from Abilene.

Haskell Leath was commissioned in the field on Saipan to the rank of Second Lieutenant in the U. S. Marine Corps. He was raised from Staff Sergeant after demonstrating his ability in five major battles with the Japanese.

Charles McDonald, son of Mr. and Mrs. Bryan McDonald, left early in the week for Canyon, Texas, where he is to enroll in the West Texas State Teachers College.

The swimming pool, open for the first time this summer, will close next Sunday after a very successful season. Many improvements are planned for the winter.

A national sugar shortage was reported this week by the U. S. Dept. of Commerce, but there will be no reduction in allotments for industrial usage.

Rainfall in the last two weeks has brought the heretofore meager yearly total up to 15.36 inches, well within reach of the average for this section.

Mr. and Mrs. Ira M. Carson announced the engagement of their daughter Eloise to Lt. William R. Clegg at a tea Saturday afternoon in the Carson home. The couple plan an October 14th wedding.

Responding nobly on the home stretch, Crockett county home-fronters during the past week more than made up a \$27,000 deficit in their Fifth War Loan drive "E" bond purchases, and further swelled total purchases of other types of securities to push the county well over the top.

Washington News Letter

By Congressman O. C. Fisher

Following a month-long recess the Congress is back at work, and should be able to wind up its business by November 1. Unfortunately, I was forced to be absent for several weeks during June and July, during which time I underwent open-heart surgery in Houston, at the hands of the world renowned heart surgeon, Dr. Denton Cooley. The operation was highly successful.

As a result of this experience I have learned quite a bit about heart ailments which I never knew before. Actually, I did not have a heart problem, as such. My problem was occlusion of coronary arteries which supply the heart with blood. The operation to correct this condition is a delicate one in which vein segments are borrowed from a patient's leg and then transplanted to bypass the deficient veins in the heart area. In my case there were three such transplants.

The bypass technique, described by Thomas Thompson in his book entitled HEARTS as "the newest and hottest operation in heart surgery," works like this: Through the use of coronary arteriogram cardiologists can determine with remarkable accuracy exactly where occlusions occur in arteries. Before bypass came along less than 10 years ago, surgeons were baffled in efforts to find ways to deal with vein blockages. They tried reaming arteries and even wrapped blood-starved portions of the heart with adhesive, hoping that the adhesion would force new vessels to spring up and serve the heart. None proved satisfactory, but the search continued--and led to the remarkable bypass discovery.

Today in the Heart Center in Houston and in scores of other medical centers over the country, bypass heart surgery is commonplace. And in most instances the results are very much on the plus side.

In my own case, although not yet fully recovered from the surgery, I feel better than I have felt in several years.

THE LION'S ROAR

NEWS FROM OZONA HIGH SCHOOL BY TERESA SHAW

Class meetings were held last Wednesday for the Juniors to discuss concession stands for football games, Thursday morning, assembly was held in the Boys gymnasium by the cheerleaders. They showed us the new yell they learned at school this summer.

Football players sure do wish cold weather would get here!

Tia S. is known for her filing fingernails in typing class instead of typing!

What was written on Rick's pants on the way to Junction?

Gary feels that Mrs. Jones likes everyone else but him to chew gum in study hall.

Coming back from Junction on the band bus, Anne T. and Dawn B. harmonized by playing violins.

In this column that I write, I would like you to know that other people in the Senior class help me, and that any information that is given to me, I will publish if it is passed by a higher authority!

Friday afternoon going to Junction, Dan D. decides to take off his boots and relax by sticking his feet on the seat in front of him. Do you always make it a habit to put on two different colors of socks, Dan?

There were many comment about the band Friday night. It's really looking and sounding great. Much appreciation is given to Mrs. Sanker for making the Lion banner used in front of the band. It surely is pretty!

Dear Lionel: What would your solution be if someone told you they were going to get married be-

fore school was out this year? She is 16, a sophomore, and he is 18, a senior.

Signed, Troubled

Dear Troubled: If I were financially capable, mature, and out of high school, I would wish I were in your place.

Nicknames: Jimmy W. - Daffy Duck Jimmy G. - Oogy Doggy Melvin R. - Carol Dan D. - Danny Mark K. - Terry Melecio M. - Poco Taco Oliver P. - Shaft Chris R. - Dubies Debra C. - Cowtown Jan P. - Pluto Rick H. - Head Red Helen B. - Bugger Larry B. - Mustache Karla F. - Bouncy Darryl K. - Buff Tracy F. - Fido Tony H. - Tan

Coach Spieker had his foot in the carburetor last Friday night going to Junction. Right, Coach?

If you haven't bought a mum or donated some money to the Senior Class, we surely would appreciate it if you would do so!

We have a new attraction in our school this year--- a counselor. His name is Mr. Probst and would like for all students to feel free to come see him anytime, whether you have a problem or just want to talk. He feels that your time is his, so drop by his office sometime when you don't have anything to do in study hall. He'd appreciate it.

Ozona Lions will be playing in Eldorado Friday night. Let's beat 'em! PRIDE + DESIRE = VICTORY

Miss Sharp Is Married To Airman Korby

Miss Kip Anne Sharp became the bride of Mr. Reginald Kerby during a ceremony Sunday afternoon, September 2, at the Ozona United Methodist Church, Rev. John Berkeley, pastor, performed the ceremony.

Parents of the couple are Mr. and Mrs. E. F. Sharp and Mr. and Mrs. Herbert Kerby, all of Ozona.

The couple will live in Austin where he is stationed with the U. S. Air Force at Bergstrom AFB.

Shower Honors Mrs. R. Kerby

Mrs. Reggie Kerby, the former Kip Sharp, was honored with a kitchen shower last Thursday afternoon in the George Glynn home with Mrs. Glynn and Ann, hostesses.

Appropriate games were played and refreshments of fruit kabobs and Cokes were served. Guests were Senior classmates of the bride. Special guests were Mrs. E. F. Sharp and Tia, Mrs. H. H. Kerby and Phyllis.

Appliance Service

William Roach, service technician for QUALITY APPLIANCE SERVICE, will be in Ozona every Thursday to service washers, dryers, refrigerators, freezers, etc. There is no mileage charge from San Angelo. Local phone: 392-2533.

Tired of your old living room furniture? Let BROWN FURNITURE furnish with new, large selection of quality living room furniture now on the showroom floor.

RECENT BRIDE

Miss Jo Kelly Schauer and Terry M. Sinclair were married late last month in a double ring ceremony in the Sacred Heart Catholic Church in Del Rio. Parents of the couple are Mr. and Mrs. Nelson Schauer of Comstock and Mr. and Mrs. Robert S. Sinclair of San Angelo. The couple is at home in San Angelo where both are students at Angelo State University.

WANTED - Housewife or semi-retired man to work 15 hours per week. Average \$3 an hour. Write P. O. Box 430 San Angelo, Tex. Ph. 653-6011.

Football For All, From PeeWee Up

There will be plenty of football in Ozona this week and weekend. The junior high and junior varsity begin the season today. The freshmen will have their first game Saturday and pee-wee football begins Saturday.

Pee-wee football is available to all boys between grades one and five. To be eligible boys must have headgear and shoulder pads. Boys should be at the football field at 10 o'clock Saturday morning.

The junior high seventh and eighth grade teams will play Sonora here beginning at 5 p.m. today. The seventh graders will begin play with the eighth graders to follow at about 6 p.m.

Junior varsity players will open the season tonight in Sonora. Kick-off time is 6:30.

Saturday afternoon at 2 o'clock the OHS freshmen will host Lee Junior High of San Angelo.

Sept. Social Security Visit Is Scheduled

Ken King, Field Representative for the San Angelo Social Security Office, has scheduled his September visit to Ozona. He will be at the County Courthouse on Wednesday, September 19th from 10:30 a. m. to 12:00 noon.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058".

THE OZONA STOCKMAN

Garden Club Begins New Club Year

The Ozona Garden Club began its new club year with a breakfast in the home of Mrs. Gene Lilly Monday morning. Other hostesses were Mrs. O. D. West and Mrs. Joe Boy Chapman.

The invocation was given by Mrs. O. D. West. The new president, Mrs. Joe Boy Chapman, welcomed members and plans for the new year were discussed. Mrs. Bailey Post did the floral arrangement of the day. The meeting closed with a tour of the Gene Lilly garden.

Others present were Mrs. Joe Tom Davidson, Mrs. Armand Hoover, Jr., Mrs. Bailey Post, Mrs. Stephen Perner, Mrs. Max Schneemann, Mrs. Herbert Kunkel, Mrs. S. M. Harvick, Mrs. Steve Kenley, Mrs. J. C. Schroeder, Mrs. Glenn Sutton, Mrs. Maggie Crawford, Mrs. Starley Lenamon, Mrs. A. S. Lock, Mrs. Charles Williams, Jr., Mrs. Bob Childress, Mrs. Terry Gries.

Officers for the 1973-74 club year are Mrs. Joe Boy Chapman, president; Mrs. Gene Lilly, vice-president; Mrs. J. C. Schroeder, recording secretary; Mrs. J. W. Howell, corresponding secretary; Mrs. Bob Childress, treasurer; Mrs. Steve Kenley, historian and publicity; Mrs. O. D. West, parliamentarian.

Mr. and Mrs. Bailey Post have sold their home to Mr. and Mrs. Bill Forehand, and are in the process of moving to an apartment.

Reserved Seat Tickets On Sale For Mason Game

High school principal Foy Moody announced this week that reserved tickets for the Mason-Ozona game would go on sale in his office Wednesday for those who wish to purchase them.

Tickets will be \$1.75 each, and there are 200 available for Ozona fans. Moody has been assured that the seats are good.

The game with Mason will be Sept. 21. Tickets will be sold in the high school office until Friday noon, that date, or until sold out.

Cadillac '74

More than ever...
America's Number One Luxury Car.

It is a matter of record that in the model year just ending more people chose to own Cadillacs than ever before in history—more than double those of the nearest competitor. And it is true that Cadillac traditionally leads all U.S. car makes in both resale value and owner loyalty. It's a record without equal. Yet in many ways the Cadillacs of 1974 are superior to the cars that established this record.

It's what you expect of Cadillac ...and something more.

More choice. And what a choice it is—the greatest in the luxury field. There are the three you see here. The classic Fleetwood Brougham. The magnificent new version of America's only luxury convertible—Eldorado. The newly styled Coupe DeVille. Plus six other basic models. Plus...

New Special Edition Cars. Luxury versions of

DeVille. A new Brougham d'Elegance. And the new ultra-elegant Fleetwood Talisman.

More elegance. Inside every 1974 Cadillac is a new instrument panel. Interiors are more luxurious than ever.

More flair. The smart new styling of the Coupe DeVille is a case in point. Its new lines, highlighted by the private quarter window, accent its youthful flavor.

More driving pleasure. Finer engine performance... from start to stop. Due in part to a

new combustion chamber, a new camshaft, a choke reindexer to provide quick starting, a snorkel to supply the engine with cooler air.

And something less. Even less engine noise with high-damping engine mounts, a fan clutch and a muffler for air intake. Inside the car, a virtual network of acoustical materials—including double seals on doors—silently does its job. After all, it's a Cadillac.

To own or lease the 1974 Cadillac of your choice, see your Cadillac dealer now.

Now on display by your authorized Cadillac dealer.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

With the late afternoons becoming cooler, outdoor living will be more enjoyable as the fall months approach. Usually we have pleasant weather, beautiful fall flowers, and colorful foliage throughout our area.

There are plenty of garden chores to be done this month. Special attention should be given to crowded iris, day-lilies and other perennials.

When dividing thick clumps of iris that have sparse blooms and hollow-centered foliage, this chore should be attended to before September 30. Before replanting rhizomes, cut out old bloom stalks, and pull off withered leaves. Cut leaves back in a fan shape to 6 or 8 inches high to reduce loss of moisture. Discard the deteriora-

ting rhizomes. If iris are being replanted in the same bed, the soil should be worked to a depth of 12 to 15 inches. It would be well to remove part of the soil and add to the remaining soil well-rotted compost, and sand in equal amounts. Aged barnyard manure will improve the mixture. If in no hurry, water well and let stand a week or two before planting iris. To plant, make a mound of soil, firm with hand, then place the rhizome with roots divided on each side. Cover roots with soil, again press firmly so rhizome won't be covered more than two inches. Plant about 12-14 inches apart in groups of three of same variety, or stagger plants in a border. If not replanting iris, remove all dead foliage, old bloom stalks, and cultivate so not to injure the roots. Water every two weeks in the winter if no rainfall. Feed in November and February or when new growth starts. Use 1/2 cup to new clumps, and 1 cup to old clumps. Any balanced fertilizer may be used, worked into soil and watered.

Don't forget to feed your roses, water well and keep watered if it doesn't rain. Stake mums, feed until color shows, and keep moist.

NOTICE OF REWARD

I am offering **\$500 Reward** for apprehension and conviction of guilty parties to every theft of livestock in Crockett County - except that no officer of Crockett County may claim the reward.

Sheriff, Crockett Co.

Sorority Plans Spaghetti Supper

The Alpha Alpha Mu Chapter of Beta Sigma Phi met Monday in the home of Mrs. Walter Spiller.

Mrs. Floyd Hokit, Ticket Chairman, distributed tickets to members to sell for the upcoming Spaghetti Supper to be held September 28. The annual event will be held at the Civic Center and tickets will be \$1.75 for adults and 75¢ for children under 10. It was also announced that Bumper Stickers entitled "This is Lion Country" will be on sale at the door during the supper.

Mrs. Tony Allen, president, reported that the International Office of Beta Sigma Phi had notified the Chapter of a Three Star Rating, the highest award given, based on achievement, cultural programs, attendance and community service.

Do you sometimes have trouble with your pie crust? Tender, flaky pastry is not so hard with a little practice. The most common problems are dry dough, tough pastry, and pastry which buckles and shrinks. If you know how to prevent each problem from happening you can make good pastry.

A tough pastry is caused by too much flour or too little shortening. Use at least 1/3 cup of shortening to each cup of sifted flour. Use as little flour as possible when rolling the dough. To keep the pastry from buckling and shrinking, prick the sides and bottom of the crust before baking. Do not stretch the pastry during fitting. Do not prick a pastry which is to be baked at the same time the custard is.

NEVER FAIL PIE CRUST
3 cups flour (not sifted)
1 cup shortening
7 tablespoons cold water
1 teaspoon salt
1 egg slightly beaten
1 teaspoon vinegar

Lightly spoon flour into measuring cup and level. Add salt to flour. Cut shortening into flour until mealy. Add the remaining ingredients. Stir only until dry ingredients are moist. Dough may be rolled, re-rolled, handled or patched. Make fluted edge on pie as you desire. 1 trim my crust about 1/2" to 1" larger than plate--then fold edge of dough up and over to form a rim-pocket. Then you are ready to make the edges.

Dough can be frozen either cooked or uncooked. Recipe makes 2 double crust pies or 4 singles.

Life would be more enjoyable if you tried to enjoy it.

PANDALE STUDY CLUB

Mrs. W. O. Mills was hostess to members of the Pandale Study Club at Pandale Community Center Thursday, September 6.

Following the business meeting, plans were made for the annual style show to be held Oct. 4 at 2 p.m. in the Pandale Community Center. The show will be presented by Mae-Lu's dress shop of Ozona.

Cake and coffee were served Mrs. Elmo Arledge, Mrs. Larry Arledge, Mrs. Welton Bunker, Mrs. Terry Gries, Mrs. Herbert Kunkel, Mrs. Carl Malone, Mrs. Henry Mills, Jr., Mrs. Ted White and a guest, Mrs. John Rowland, Jr., of Del Rio, Texas.

CARD OF THANKS

We would like to take this means of expressing our appreciation to all our friends who were so kind after our recent accident. Thank you for your thoughtfulness.

Sincerely,

The Traveling Salesman WHO CANNOT SEW

Sunday morning in Buffalo--and a button falls off my last clean shirt. "Sorry, sir, valet service does not answer!"

Little girls can sew on buttons. Tailors can sew on buttons. My tough old sergeant could sew on buttons. But not me! I never got around to it.

I'm going to church anyway. Long time ago I realized that it may take a bit of effort, and some determination, and quite a lot of experience to become a regular church-goer. But life is full of real crises that demand faith and courage and a Source of guidance. There isn't much comfort in discovering that others can overcome such crises--while you never got around to it.

So any Sunday . . . in Buffalo, Rochester, Syracuse or Troy . . . you'll be seeing me in church. (I'm the stocky fellow, with the red hair--and the button missing from his shirt!)

Vitamins, Minerals, and FDA

The Food and Drug Administration has spent the past decade investigating consumer needs and the FDA role in regulating vitamins, minerals, and food supplements. This study included two years of formal hearings on every aspect of the various issues. Industry, science, medicine, and consumers participated.

The FDA has published new regulations based on this study. The FDA aim is to protect the consumer against proven hazards from toxic amounts of nutrients and to require accurate labeling, honest promotion, and rational formulation of vitamins and mineral products. The FDA believes that with full and valid information

the consumer will be better able to make informed decisions about personal nutrition practices.

The new regulations have been the subject of much misinformation and some misrepresentation. Here, to set the record straight, is what the Agency is trying to do and why.

FDA's regulations begin with a series of basic definitions:

The term "United States recommended Daily Allowance" or U.S. RDA describes a new and more effective system for measuring human nutritional needs. Based on continuing study for many years by the National Academy of Sciences, the system represents the best available scientific judgments on the daily intake of vitamins and minerals needed to maintain a positive state of health. It replaces the old and generally lower Minimum Daily Requirement or MDR which was based on the minimum intake necessary to prevent deficiencies and related illness. With adoption of the U.S. RDA standard, the FDA is recommending generally higher daily intake of essential vitamins and minerals.

Products supplemented with up to 50 percent of the vitamins and minerals needed to maintain health (U.S. RDA) are general foods.

Products supplemented with 50 percent to 150 percent of the U.S. RDA are dietary supplements. The term "dietary supplement" is limited to the use of vitamins and minerals by well and healthy individuals seeking "insurance" against irregular or poor eating habits. The term does not cover the use or promotion of vitamins or minerals for the treatment of any disease or medical condition.

Products containing more than 150 percent of the U.S. RDA are drugs. Any vitamin

or mineral used at any dosage for therapeutic purposes is a drug and should be understood by the consumer, regulated by the FDA, and marketed by industry as such. This definition implies no automatic restriction on public availability any more than does the FDA designation of aspirin as a drug.

High-potency nonprescription vitamin-mineral products have been available for many years, and FDA does not intend to require all high-potency vitamin-mineral products to be sold on prescription. This point has been broadly misunderstood and broadly misrepresented to the public.

Another major misunderstanding concerns the broad range (50-150 percent) allowed for the definition of dietary supplement products. Although 100 percent of the U.S. RDA is sufficient to meet the nutritional needs of essentially any healthy individual, FDA has provided for an additional 50 percent of the U.S. RDA in these products in recognition of the possibility that the nutritional needs of some individuals may vary greatly. Thus, the permitted range covers the dietary supplement needs of all individuals except for circumstances where consultation with a physician is appropriate.

The single most important purpose and effect of the new FDA regulations is to require full and honest labeling as well as promotion of vitamin and mineral products, whether marketed as foods, dietary supplements, or as drugs. The regulations redefine and clarify FDA's intentions to act against false labeling or deceptive promotion of such products.

In general, the regulations seek to protect the

consumer against promotional claims for dietary supplements so low in potency as to be nutritionally ineffective or so high as to exceed any reasonable definition of a dietary supplement.

Specifically, the regulations seek to protect the consumer against unfair or deceptive promotional claims by requiring that:

1. No food or dietary supplement because of the presence or absence of certain vitamins or minerals may claim or suggest it is sufficient in itself to prevent or cure disease.
2. No food or dietary supplement may imply that a balanced diet of conventional foods cannot supply adequate nutrients or imply that transportation, storage, or cooking of conventional foods may result in an inadequate or deficient diet, thus suggesting that everyone needs a dietary supplement.
3. No food or dietary supplement may claim that inadequate or deficient diet is due to the soil in which a conventional food is grown.
4. All dietary supplements must list the source of their ingredients, but no supplement may claim superiority for either a natural or synthetic source. Rose hips, a part of the rose blossom, for example, cannot be promoted as a better or safer source of vitamin C than ascorbic acid tablets. (Vitamins and minerals are the same in chemical structure regardless of natural or synthetic origin.)
5. No nutritional claims may be made for ingredients such as bioflavonoids, rutin, inositol, and similar ones having no scientifically recognized nutritional value. Such unproven ingredients may continue to be marketed as food items, but they may not be combined with

(CONTINUED NEXT WEEK)

for the construction of sea walls and breakwaters upon a vote of the resident property taxpayers.

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 5 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed amendment as it will appear on the ballot is as follows:

NUMBER EIGHT ON THE BALLOT (S.J.R. 29)

Article XI, of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population, and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town, or village as are necessary to pay the principal of and interest on when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property taxpayers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million.

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified.

Provide that, in the event of the death of an eligible

THE OZONA STOCKMAN

18-Year-Olds Must Register For S. Service

Young men are again reminded of their obligation to register with Selective Service within 30 days of their 18th birthday. If, for any reason, a young man has failed to register he should do so at once in order to escape the penalty of Federal law.

Failure to register may result in a fine, imprisonment, or both, under provisions of the Military Selective Service Act.

A young man may go to any of the following named volunteer Registrars in the Ozona area to register:

Mr. J. Floyd Hokit, located at the Post Office in Ozona

Miss Leta T. Powell, located at the Court house in Ozona

R. Crawford Completes Air Force Training

Airman First Class Richard L. Crawford, son of Mr. and Mrs. Bill Crawford of Ozona has graduated at Keesler AFB, Miss., from the U.S. Air Force communications equipment repairman course conducted by the Air Training Command.

The airman, who was taught installation and maintenance of high-powered ground communications equipment, is being assigned to March AFB, Calif., for duty with a unit of the Strategic Air Command.

Airman Crawford is a 1972 graduate of Ozona High School. His wife, Debbie, is the daughter of Mr. and Mrs. Herbert Kerby of Ozona.

Nile Perch A Possibility For Texas Rivers

Braving crocodile-infested streams and four types of malaria, two biologists have made initial preparations for study of the Nile perch in Africa.

The two, Bob Chew of the Texas Parks and Wildlife Department and Dr. Clark Hubbs of the University of Texas, have been making contact with authorities and members of the scientific and engineering communities in Ethiopia in order to set up research.

In a report to Texas Parks and Wildlife Department authorities, they say opportunities in Ethiopia are good for studying the fish, but there were a few drawbacks.

One problem is the plentiful supply of crocodiles which accounted for the deaths of three Peace Corpsmen last year. Other drawbacks are the many parasites and diseases, including malaria.

All water consumed by the biologist is purified by adding 10 drops of laundry bleach to five gallons of water, but Chew has already become ill and recovered from what might have been typhoid.

The fish which they will be studying, the Nile perch, is one which biologists hope can be introduced into Texas waters, especially the warm waters connected with cooling lakes for power plants.

The fish is huge, some more than 300 pounds, and could give anglers quite a tussle. In Africa, they grow to 20 pounds in a year and up to 200 pounds in five years.

The biologist report good relations with the Ethiopian government and personnel of the University of Ethiopia.

Young Hunters Must Be Supervised

Hunters under 17 years old who wish to hunt on one of the Texas Parks and Wildlife Department's wildlife management areas must be supervised by adults 21 years of age or older on a one-to-one basis, according to department officials.

Department policy allows hunters as young as 12 years old to participate in public hunts, but there must be one adult for every child under 17 years during both hunts for which drawings are held and for open hunts such as those for quail, dove, squirrel and waterfowl on certain management areas.

Department officials say there were several misunderstandings of this policy last year when applications to hunt arrived at department headquarters in Austin for one adult and two or three juveniles.

According to department officials, failure of the sponsor to supervise the minor during the hunt will be considered cause for forfeiting hunting rights for both the sponsor and minor.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for regular annual sessions of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even-numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days.

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$18 per day for each day of each regular session or special session.

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows:

The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975.

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults.

NUMBER FOUR ON THE BALLOT (S.J.R. 1)

Article XVI, Section 59 of the Texas Constitution is amended by adding a new Subsection (e) which:

Provides that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts.

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property taxpayers.

Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 5 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

The constitutional amendment stating that the district court concurrently with the county court shall have the general jurisdiction of a probate court, and providing the jurisdiction thereof, and further providing that in any probate proceeding the district court shall also have jurisdiction otherwise conferred upon it by law, and further providing that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, and further providing that the legislature shall have power to adopt rules governing the filing, distribution and transfer of all such cases and proceedings as between district courts, county courts, and other courts having jurisdiction thereof, and further providing that the legislature may provide that all appeals in such matters shall be to the courts of civil appeals.

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million.

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified.

Provide that, in the event of the death of an eligible

Nursing Home—
(Continued from page 1)
Joining the organization. The meeting was tentatively set for October.

Judge Williams was directed to continue working with COG in an effort to secure their approval of the geriatrics wing. A meeting was set for September 12.

Routine reports were received during the day from various boards and county departments.

The Food Stamp Program was discussed. The program is to be in operation October 1, with the final issue of commodities scheduled for Sept. 19.

John Berkley appeared before the court to discuss problems with health care at the hospital. The discussion came about over the treatment or

or lack of treatment of two wreck victims last week. Jack Williams was authorized to secure a lighted sign marking the hospital and emergency room.

RM Roads

(Continued from page 1)

183.1 miles or 70 percent are school bus routes and 168.3 miles or 64.3 percent are rural mail delivery routes.

But FM and RM roads have benefited more than just those Texans who live in the country. Thousands of miles of FM and RM roads provide primary access to the greater outdoor recreational resources in the state.

The FM system also provides access to new industrial enterprise located in smaller Texas cities. Many employees at some plants enjoy both a good paying industrial job and the benefits of country living because of easy access afforded by the FM system.

Farm to Market Roads also serve as the framework for distribution of finished goods and supplies moving from commercial and industrial centers. In that sense, the Farm to Market system also could be called the "Market to Farm" network.
