David North Transferred To Local Hospital

David North, who suffered a head injury in an accident with a horse here the night of July 17, was transferred from Odessa Medical Center to Crockett County Hospital here last week. He is much improved and is being allowed visitors at certain times during the day.

David was in critical condition and was unconscious for almost a week following the accident. He was transferred out of intensive care at the Odessa facility early last week and allowed to return to the hospital here late last week.

Funeral Service For Bill Friend In Big Lake Tue.

Funeral services for W. A. (Bill) Friend, 60, were held Tuesday morning at First United Methodist Church in Big Lake, followed by Masonic services in Glen Rest Cemetery in Big Lake.

Mr. Friend died Sunday afternoon at Reagan County Memorial Hospital.

He was born Sept. 8, 1912 in Ozona, the son of a pioneer Crockett County ranching family. He was a longtime resident of Big Lake, an active member of the Masonic Lodge, the Scottish Rite and the Shriners.

He was married Sept. 23, 1934 to Joan Williams in Big Lake.

Survivors include his wife, one son W. A. Friend, Jr. of Big Lake; three daughters, Mrs. John Holyfield of Springdale, Ark., Mrs. Louise L. Farr of Lubbock and Mrs. George Kidd of San Saba; three sisters, Mrs. Pat Wood, Mrs. Hudson Mayes and Mrs. Eddie Arnold, all of Ozona; a brother, W. E. Friend Jr. of Ozona, and five grandchildren.

Wildcat Slated For Crockett Co.

American Quasar Petroleum Co., operating out of Midland, will drill the No. 2-26 Jean Scheuber, a 9,200-foot wildcat in Crockett County, 15 miles southeast of Ozona, 2 5/8 miles east of 7,890 Pennsylvania gas production in the Davidson Ranch multipay field and 1,990 feet south of its No. 1-26 Scheuber and the same distance northwest of its No. 1-30 Scheuber, both "tight" wildcats.

Location is 1,980 feet from the south and 1,520 feet from the east lines of 26-K1-TCRR. Ground elevation is 2,431 feet.

The firm also has four other wildcats in the vicinity, all of which are "tight"

VIEW FROM THE STOCKMAN OFFICE Friday afternoon during a torrential downpour shows a very wet downtown Ozona. Sheets of rain dim the view of the courthouse only a half block away, and the main street was like a rushing river, lapping over the

July Brings Biggest Rainfall Of Year

July left Ozona well-blessed with rain this week, leaving the scene with the distinction of having brought more rain to the area than any other month of this year.

Almost all parts of the county received rain in the thundershowers which roamed the area over the past week.

Heavy clouds moved into the skies over Ozona Friday and by 3 p.m. the heavens opened up, dumping 1.50 inches of rain on the city in about two hours, according to the official gauge at the Water District office. Additional showers Friday evening and night brought another .85 of an inch, for an official total of 2.35 inches for the day. Some gauges in the north and west part of town recorded over three inches. During the midst of the downpour, city streets were curb-high with water.

For awhile Friday afternoon, traffic was stopped on U. S. 290 through town from both the east and west. The storm came from the northwest, but the extreme west parts of the county did not receive the heavy rainfall, and had no moisture of any consequence.

Monday night and early Tuesday morning thundershowers visited the city again, adding 1.10 of an inch of rain to the Friday total. A trace of rain fell Sunday afternoon.

All told, the total rainfall for the month amounted to

4.68 inches, bringing the yearly total to 11.12.

Friday's heavy rainfall did not cover as much of the county as the showers which fell Monday night and Tuesday morning. As much as 2 inches was reported early Tuesday in the dry west and northwest part of the county which had had no rain in previous showers.

Vacation Bible School To Begin At C of C

Vacation Bible School will be conducted by the Church of Christ August 6 through 10, from 7:30 to 9:30 p.m.

The public is cordially invited to attend. There will be classes for all ages from cradle roll through adults.

Teachers will be Gary Vannoy, general assembly director; Bud Loudamy, Myrtle Schneider, and Ann Mayo, freshman committee; Cradle roll, Nancy Morrison and Oleta Reed; Nursery, Wanda Loudamy and Beverly Preddy; Pre-school, Berta Granado and Juanita Cumbly and Jeanie Hughes; Primary, Anita McPherson and Karen Morris; Juniors, Cecilia Allen and Barbara Wallace; Intermediate, Tod Holmsley; junior high, Gary Vannoy; high school, Bill Morrison; Adults, J. W. Johnigan.

School Begins Aug 20 Registration Aug 15-16

The fall term of school will begin August 20. It was announced this week by Supt. L. B. T. Sikes. Registration of high school and junior high school students will take place the week before.

High School juniors and seniors will register Wednesday, August 15, at the high school. Senior students will be registered between the hours of 9:30 and 11:30 that morning. Juniors will be registered during the afternoon between the hours of 1 and 3 p.m.

Thursday, August 16, will be set aside for sophomore and freshman registration. Sophomores will register that morning from 9:30 until 11:30, and freshmen will be registered in

OHS Band To Begin Practice

Ozona High School Band Director Lane Scott announced this week that band practice for all students begins Monday, August 13. The band will practice twice daily through August 17. Practice times are 7 a.m. to 9 a.m. and 6 p.m. to 8 p.m.

All freshmen and new high school band students should contact Mr. Scott at the band hall during the hours of 8:30 a.m. until 10:00 a.m. from Monday, August 6, through Friday, August 10.

Crockett 4-H Members Attend Ozona Home Horse Camp

Four Crockett County 4-H members with their horses attended the District 4-H Horse Camp at Camp Musquiz near Fort Davis last week. Those in attendance were Ed Hale, Janice Jones, Lisa Mitchell and Gay Burns. Adult leaders accompanying the 4-H members to the camp were Tissee Mitchell and Cyndie Corbell.

The 4-H members and leaders received in depth training in horsemanship during the week-long camp by 4-H horse specialists. A parent night program was given on Friday night. Attending were Mr. and Mrs. Eddie Hale and Mr. and Mrs. Glenn Burns. The local group returned to Ozona on Saturday. Leaders and members reported a very enjoyable and educational experience at the camp.

the afternoon between the hours of 1 and 3 o'clock.

Books will be given out at the time of registration and Monday, August 20, will be the first full day of school. The day will begin at 8:05 a.m. with assembly in the auditorium for high school students and in the girls' gym for junior high students.

Junior high students will register on the same dates, August 15 and 16, from 9 a.m. until 4 p.m. with an hour off for lunch. Seventh graders will register August 15 and eighth graders, August 16.

All students, high school and junior high, must have their date of birth, their mailing address as well as their home address or street number, and their parent's telephone number. This is most important information, and parents should be sure their children have it.

Late students will, of course, be registered after school begins, but all students are urged to register before school starts to avoid delay.

Elementary school students will register the same day school starts, Monday, August 20. All Ozona school children eligible for kindergarten through second grade will attend Ozona Primary School, and children in third through sixth grades will attend Ozona Intermediate.

Grocery Store Owners Make Ozona Home

Mr. and Mrs. Jack Rotan have moved here from Fort Worth to take over active management of Jack's Super Market.

The Rotans are associated with Jack Ferguson in a family owned and operated chain of grocery stores. Besides the store here, they own stores in Mason, Goldthwaite and Fort Worth.

Mr. Rotan, who has assumed active management of the store here, moved to Ozona last week with his wife, Dorothy, from Fort Worth. They are presently residing in Holiday Terrace Apartments, but plan to build or buy a home in Ozona.

Mr. Rotan said plans are underway to completely remodel the store from fresh paint to carpet. He also plans to increase the inventory considerably and specialize in meat and produce.

Work Began This Week On 10 Mile Strip Of IH 10 In County

Work was started this week on the construction of a 10.226 mile section of Interstate Highway 10 in Crockett county under a contract awarded in mid June by the Texas Highway Department in Austin.

The section is to begin at the west end of the newly constructed 7.2 miles of the super highway from Ozona west. It will, when completed, extend the Interstate a distance of 17.4 miles west of Ozona. All of the construction on this segment will be south of the present Highway 290 except that at the end of the section, the newly built sections will intersect the present highway at a point east of Bachelor Hill.

Being altogether south of Highway 290, the new construction will not interfere with through traffic on that highway. It will, however, cross two county roads, necessitating construction of an overpass at the Clayton road, west of the Texas-New Mexico Pipeline station, and a full interchange at the county road known as the Howard Draw road. In addition, the contract includes construction of several major drainage structures.

Contract was awarded to the low bidder, a joint venture by Mid-County Asphalt Company of Euless and Concho Construction Company, Inc. of Dallas. It is for grading and drainage structures only, the paving or hard surfacing on the entire 17 miles to come later.

A pre-construction conference was held Thursday of last week in the office of the State Highway Department's Resident Engineer, W. L. Dixon, with representatives of the contracting companies and the Highway Department present. The purpose of these conferences is to secure a closer cooperation between the personnel of the various interested parties concerning construction and accounting procedures as well as the safety and convenience of the traveling public.

Representatives of the contractors stated that plans call for erecting barricades on or about July 28 and fencing of the right of way on July 30. The clearing of the right of way, grading and structures work will follow in normal

sequence as the fencing is completed to the various cross fences. The contractor will fence each area prior to beginning actual construction in that area.

At the two county road crossings where traffic will contact the construction, such traffic will be carried through in these areas on graded detours. The public is requested to cooperate by complying with all barricades and warning signs.

Faculty Is Complete For Fall School Term

The Ozona School faculty is complete and principals reported for duty Monday at the four public schools in preparation for the opening of the fall term of school.

Teachers will report to their respective schools Monday, August 13, for a week of in-service training before the beginning of school Monday, August 20.

Several new faces will be on the scene among the faculty due to resignations and retirement.

Ted Cotton, who has been with the school system several years, teaching first at the old South Elementary then at junior high, will be principal at Ozona Intermediate School. He will replace Roy Killingsworth who retired last spring.

Leslie M. McLaughlin will replace Jim Williams as high school physical science teacher and coach. Williams resigned in the spring. McLaughlin has a B.S. degree from Angelo State University and comes here from the Dublin

school system where he taught for three years.

A new position has been created at high school this year, that of counselor. Bobby Jack Probst has been hired for the spot. He has ten years experience in the field and comes here from Luling. He has a master's degree from Southwest Texas State University.

Mrs. Chas. (Tomaline) Spieker will replace Drex Vincent, who resigned, in the high school English department. She has a B.A. from Angelo State University and has taught here for the past three years.

Sandra Tarno has been retained as high school girls P.E. coach. She is a graduate of Mary Hardin Baylor University and has seven years experience. She comes here from industrial, and replaces Mrs. Susan Webb who resigned last spring.

Other new teachers at Ozona Intermediate include Evelyn Irene Evans, sixth grade, no

16th Annual Junior Rodeo Gets Underway With Parade Friday

Plans are complete and from all indications, Ozona will have one of the largest junior rodeos ever this weekend. The 16th Annual Ozona Junior Rodeo will get underway with a downtown parade Friday afternoon at 5 o'clock, led by the standard bearers and Miss Debra Clayton, rodeo queen.

The annual event is sponsored by the Ozona Lions Club and General Chairman L. D. Kirby said at mid-week that all committees were putting forth their best efforts to have one of the best rodeos ever.

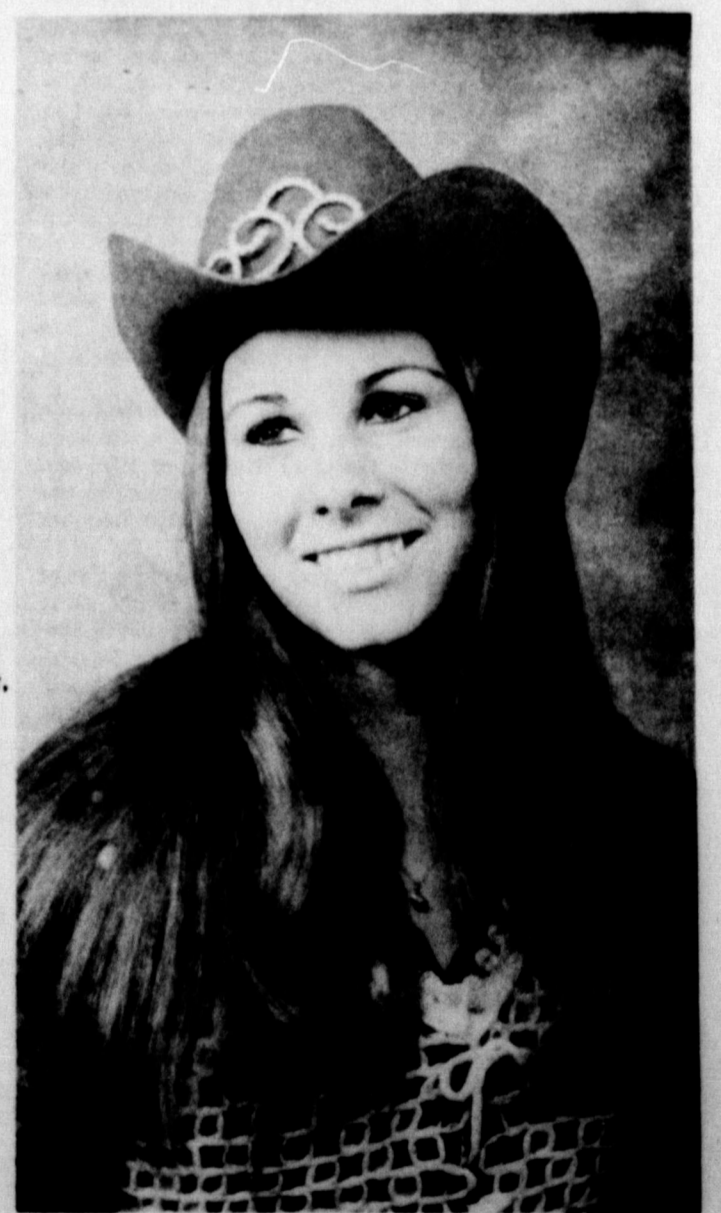

A record number of contestants will be entered in the many events and spectator interest is expected to be high. The show will get underway each night at 7 o'clock with the colorful grand entry, with events to follow.

Special event Friday night will be the "Concho Riders" from San Angelo. An 8-member, 4 men and 4 women, pony express ride which promises to be unusual and exciting entertainment.

The highlight of Saturday night's performance will be the crowning of the new rodeo queen, who will reign until this time next year. The queen will be chosen from six lovely contestants representing six Ozona business firms. She will be selected by out-of-town judges and the announcement will be made at a break in the performing events. The girls are Dawn Burns of The Village Drug, Karla Fenton representing the Baggett Agency, Luann Ferner of South Texas Lumber Co., Sally Bailey sponsored by Stuart Motor Co., Mary Jo Hayes of Mae-Lu's Dress Shop, and Lynn Maness, sponsored by Big "O" Theatre.

The winner will be crowned

(CONTINUED ON LAST PAGE)

LEADING THE PARADE tomorrow afternoon will be Rodeo Queen Debra Clayton, daughter of Mr. and Mrs. Mike Clayton, and a junior student in Ozona High School. Debra has been a cheerleader for two years, a member of the basketball team and tennis team. She was queen of the Rankin junior rodeo in 1971 and is an active cowgirl, participating in junior rodeos throughout the area and 4-H horse shows.

RIDING OFF INTO THE SUNSET, not on Old Smokey, but on a two-wheeler. The photographer caught this cyclist just as he was making a jump at the motorcycle track in the south part of town. Kids and grown-ups alike are enjoying the track afternoons and on weekends throughout the summer, and spectators seem to have as much fun as participants. (Don Ingram Photo)

August, 1973

There are a number of interesting dates in the month of August. Perhaps the most nostalgic is August 14th, the day President Truman announced the surrender of Japan, ending World War II, in 1945.

Hitler committed suicide in the face of Germany's defeat and his imminent capture in Berlin by the Russians on the last day of April. Germany surrendered on the 8th of May, ending the war in Europe. But the Japanese struggled on, even though President Truman and the retiring Prime Minister of Great Britain, Winston Churchill, gave Tokyo a virtual ultimatum at Potsdam on July 26th, warning that unless they surrendered the nation faced "prompt and utter destruction."

The massive U.S. fleet steamed into Tokyo Bay and sank the remainder of the Japanese fleet. Army and Navy bombers struck hard at many targets. The Japanese fought on until the first atom bomb fell on August 6th, on Hiroshima. In a few days another was used, and further warnings were issued. These new weapons and the horror of their destructive potential proved decisive. Japan surrendered, almost certainly thereby avoiding hundreds of thousands of casualties which would have been suffered in an invasion of Japan itself.

On the 14th, in 1935—ten years earlier—social security was established in the United States, amid cries from the opposition that it would ruin the nation. Columbus sailed from Palos, Spain, on August 3rd, 1492, in his voyage to the New World. And David Crockett was born August 17th, 1786, in Hawkins County, Tennessee.

A political assassination in 1935 took the life of Huey Long of Louisiana, then the virtual dictator of that state, who was born August 30, 1893, in Winfield, Louisiana. And finally, the worst earthquake known east of the Mississippi occurred August 31st, 1886. It was most disastrous at Charleston, South Carolina, but was felt from Jacksonville, Florida, north to Canada, and west to Iowa.

Nixon's Future

Although Washington Post columnists, predictably, continue to call for President Nixon's impeachment, resignation or appearance before the Democratic-controlled Watergate Committee, the recent testimony of John Mitchell, John Ehrlichman and others casts strong doubts on the earlier testimony of John Dean.

Ehrlichman calls Dean's story pure fabrication. The President's former counsel has spoken even more disparagingly of it. Mitchell says he would have known if the President had been aware of the now-famous bugging operation and also that the President didn't know of the cover-up operation for a long time afterward.

Everyone is, of course, entitled to his own Watergate opinion, or appraisal; the significance of the recent testimony by former higher officials than Dean is, however, that it makes proving Dean's charges almost impossible. And other denials of Dean's story are reportedly on the way.

This does not mean Watergate has not damaged the Nixon Administration deeply and permanently; it does not mean Democrats are not enjoying better prospects for 1974 and 1976 because of it. It does not mean that the nation, its money, the stock market and the American image have not been adversely affected.

But it does mean the ruthless, often unethical, effort of a strong segment in this country to drive Mr. Nixon out of office is probably thwarted. The long-term effect of Watergate will be to guarantee that such abuses will not be possible again, a gratifying achievement; the nation would have gained nothing further, of course, by the destruction of its President, the object of much mud-slinging and personal vilification of late.

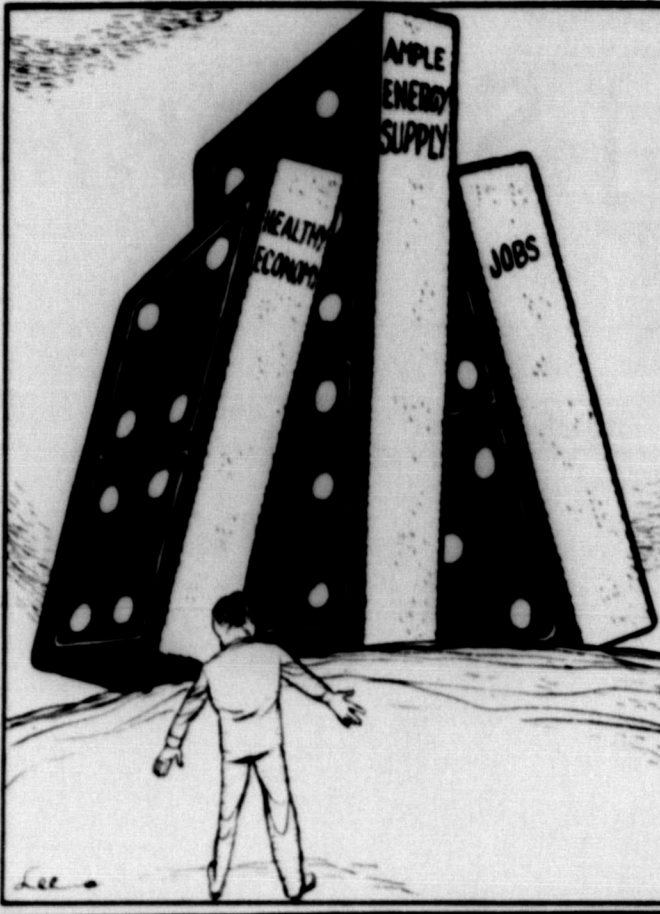

New Sister State

Facing problems in recent years with Cuba, the United States now looks fifty miles east of Florida to a newly-independent black nation, the Bahamas, and wonders what the future holds.

There is strong resentment against whites in the Bahamas; the British, however, have gracefully bowed out of their former colony and the present Prime Minister, Lynden Pindling, is a moderate. In his speech accepting independence in July Pindling pledged a regime respecting democracy and laws.

But who will come after him? Can he or anyone else control the people of the 700 islands that make up the new nation, many of them inhabited by people speaking different languages?

In the years to come the United States will find out; the answer is important to the security of the nation because the Bahamas are so close, cover such a vast area and therefore are, by their nature, so difficult to govern, control and police.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

BY BILL BOYKIN
Texas Press Association

Texas may be better off under its present type of government than the so-called cabinet form being advanced in preparation for constitutional revision, according to Texas Research League.

League staff members in a new report to the Constitutional Revision Commission point to advantages of the present system and offer these key observations:

While there is room for improvement, Texas government is not the "administrative jungle" portrayed by critics. There are 174 legal entities which might qualify as state agencies, but fewer than 30 of them control 99 per cent of money and personnel in state government.

Texas still has one of the most economical big state governments in the nation. Ohio and Missouri rate slightly lower, but Texas spends more in support of its schools than those two states. Major suggestions by the League for economies have been in the areas of education and welfare financing. Overhead administration and control functions cost 1.9 per cent of Texas' total budget, while the national average is 2.6 per cent.

Major Texas agencies such as the Highway Department, Education Agency, Department of Corrections and Department of Public Safety rate high nationally. The League found few agencies in other states "clearly superior" to Texas counterparts.

While advocates of the cabinet theory claim it provides for holding the governor accountable for all aspects of government administration, political realities dictate that he can be held accountable at the polls only once or twice. Further, it is difficult for voters to assess thousands of acts by the chief executive during any four years.

Whether authority to appoint 20 cabinet officials but no sub-cabinet-level personnel would strengthen the governor in policy-making is debatable. Merit system employment to insulate state employees from the spoils system is considered part of the cabinet theory. This means echelons below the cabinet level are beyond the governor's control.

The present pattern of part-time boards, according to the League, provides opportunity for participation in government by many key citizens, who, in turn, provide a powerful reservoir of support for a governor's policies. The League suggests more fiscal power for the governor and authority to order governmental reorganization subject to legislative veto.

TOP 100 PRESCRIPTIONS STUDIED -- Computers are being used by the Texas Pharmacy Board to determine the top 100 prescription drugs being sold in this state.

Under new state law, H. B. 750, druggists must post the prices of the 100 most prescribed drugs at their counters this fall.

The new law will also prohibit advertising about "wholesals" "cut rate" prices, and limit drug stores to advertising about services, keeping "family records" and dangers

of mixing certain types of drugs.

Consumers will be able to check the prices of the top 100 most common drugs at each prescription counter, states Joe Arnette, Texas Pharmacy Board, who is using the computer method to make the state-wide survey.

AUTO RATES CUT -- True to its promise, the State Board of Insurance ordered an average statewide reduction of 4.3 per cent in private auto coverage premiums, estimating 90 per cent of motorists will save at least \$25 million. New rates are effective August 27.

Further, according to Board Chairman Joe Christie, the competitive rating law September 1 will mean further savings for many. Christie said one company has indicated it will ask authority to cut its rates 15 per cent across the board when the competitive rating law takes effect.

Another law passed by the legislature this year, however, may cancel out the savings for some and actually bring a slight increase. The personal injury protection coverage of at least \$2,500 for medical expenses and lost earnings or services due to accident, regardless of who was at fault, will be added to all policies automatically unless motorists reject it in writing.

Christie said even rejections written on "brown paper sacks" will be considered valid. P. I. P. coverage costs \$22 to \$44, but many will substitute it for medical coverage which already costs \$15 to \$22 a year.

PRICES SOARING -- Disruption of normal buying habits is pushing poultry prices up to the level of some cuts of beef, Texas Department of Agriculture's market news analysts reported.

Broiler prices are expected to reach the 80-per cent bracket this week, according to the department's projections.

"Hoarding" and "panic buying" are contributing to run-away prices, commented Mike Walton, Agriculture Department market news chief. Walton said a return to normal buying habits will help return prices to more-normal levels.

CONSTITUTIONAL REVISION RECOMMENDATIONS EYED -- All seven sub-committees of the Texas Constitutional Revision Commission reported their tentative recommendations at a three-day meeting near here last week-end.

Proposals were taken under advisement along with suggestions of 3,000 advisory committee members in 19 areas. Actual voting by the full, 37-member commission on matters for inclusion in its report to the legislature will begin next month. Meanwhile, House and Senate planning committee members held their first joint meeting in preparation for the 1974 constitutional convention.

Do-Nothing-ism

In some modern minds, the legendary Confucian advice to "see no evil, hear no evil, speak no evil" has been translated into one simple rule: "Don't get involved." Do nothing, says this rule, and you won't get into trouble.

To a considerable degree, do-nothing-ism has been sanctioned by the common law. Traditionally we have been reluctant to impose any legal penalty for the mere failure to be helpful.

For example, courts have turned down damage claims against the following individuals:

1) a man who watched impassively while a young woman drowned, even though he could easily have gone to her aid;

2) a man who called no warning to a neighbor's child whom he saw hammering on a tube of gunpowder;

3) a man who failed to remove a rock from the roadway, even though he knew it was a menace to traffic.

In each case the moral duty was plain enough. But the courts all agreed that moral duties were a matter of conscience, not law.

In recent years, however, the law has been requiring people to lend a hand in an increasing number of situations—notably, when there is a special relationship between the parties.

Thus, courts have imposed an affirmative duty on a host toward his guest, on a store toward its customer, on a hotel toward its patron, on a railroad toward its passengers.

Legislators, too, may create a duty to act in specific circumstances. Under hit-and-run statutes, for instance, a motorist may be required to give aid to accident victims regardless of whether he was legally to blame for the accident.

This kind of responsibility is based neither on fault nor on any special relationship. Rather, it is based on a humanitarian feeling that when the moral duty is so clear, the law ought to put muscle behind it.

Screwworm Cases On Rise Throughout State

Screwworm cases are on the rise in Texas and the end may not be in sight until November 1, warns the U.S. Department of Agriculture (USDA). As of July 20, Texas had recorded 224 cases, almost three times as many as had been recorded for the same period in June.

"From now until November 1 is considered the crucial time in the screwworm program," explained Dr. M. E. Meadows, veterinarian-in-charge of USDA's Screwworm Eradication. "Screwworm activity increases as the summer lengthens until case numbers peak in September and October. With the recent rains in the Hill Country area adding to the already ideal screwworm environment, livestock producers and pet owners will have to be twice as alert for screwworm infestations."

The Texas Animal Health Commission, in cooperation with USDA's Animal and Plant Health Inspection Service, is spraying infested herds with a pesticide free of charge. Livestock producers must have submitted a confirmed screwworm sample in order to qualify for the spraying.

"We are also air-dropping over 40 million sterile screwworm flies in the Hill Country region each week in an effort to control the reproductive cycle," explained Dr. Meadows. "But the spraying and ciate of the late Judge Chas. E. Davidson, became Crockett County's judge. He was appointed at a Commissioners Court at a special session.

29 years ago
Appraisers for the Commodity Credit Corporation, appraised 182,000 pounds of a 12 month staple wool in storage. The price ranged from 43¢ to 50¢ per pound.

Dr. George W. Cox, State Health Officer, urges all parents with children school age, to get physically ready with the smallpox vaccination and immunization against diphtheria.

29 years ago
Ozona Boy Scouts gathered over a ton of waste paper in a house-to-house collection. They are still short of the goal by a ton of paper.

fly-drops are only part of the program. We need the ranchers' cooperation in inspecting and treating infested animals to make the program really effective. If we all cooperate, we should be able to keep the screwworm in check. I don't believe anyone wants to see Texas suffer another disastrous year like last year." Texas recorded over 90,000 cases in 1972 during the worst year in program history.

Screwworm sample collection kits can be obtained from county agents, livestock inspectors or local veterinarians. Livestock owners are encouraged to inspect their stock frequently treat infested animals and send in worm samples.

Little Cars

The news from Detroit is that the American car buyer has unexpectedly turned to smaller cars in recent months—probably because of the gasoline shortage—or alleged shortage.

It is now said U.S. makers face a glut of big automobiles at a time when so many dealers can't get enough compacts or small cars. Since the big cars must be passed on to dealers the glut in big cars is to be also a dealer problem—even at a time of near-record sales, in a good car-buying year.

The new turn in buyer preference became apparent too late to change production schedules. Next year's models are, in fact, the current preoccupation of manufacturers.

Since the turn in buyer preference has meant increased foreign-car sales, the new trend will have major significance. If it reduces gasoline consumption, that is, the rate of increase, this will help alleviate an expected future fuel shortage. If it means more smaller cars burning less fuel, creating less pollution on the nation's roads and highways, this will be a plus.

My Neighbors

TIPS FOR OUTDOORSMEN

KEEP RODS IN TUBES
Safest way to care for your fishing rods is to pack them in a metal or heavy fiber tube carrying case. They should not rattle around loosely inside the case, since this may result in breakage of the rod tip.

TEA RELIEVES BURNS
Best emergency first aid treatment for burns is to cover the damaged areas with a strong tea solution.

SAVE ORIGINAL CARTONS
Keep those original cartons that camp supplies come in. Nothing is better than the original packaging for transporting such items and keeping them like new.

PLIERS AS HOOK REMOVERS
Needle-nosed pliers are great for removing a hook from deep inside a fish.

COFFEE CAN FOR ANCHOR
Make an economical boat anchor by taking a pound-sized coffee can and filling with cement. Add a hook of heavy wire in the wet cement for an eye to which to attach the anchor line.

LOSS PREVENTATIVE
One way to keep from losing a predator call, is to tie it on a string and carry it around your neck, or attach it to the buttonhole of your camouflage clothing.

SALT SHORTAGE CAUSES THIRST
On hot days when you can't seem to get enough to drink, try adding a pinch of salt to your water. Lack of salt, curiously enough, causes the thirst.

PLASTIC CAPS FOR SCOPES
Shop around the drugstore until you find plastic pill bottle tops the same size as your scope. They work and they're cheap. And they prevent damage to the glass when not in use.

PARAFFIN PROTECTS MAPS
To waterproof maps, heat paraffin and rub into the paper.

TOOTHPASTE SHINES SPOONS
A tube of toothpaste keeps spoons shiny. Rub paste on spoon with fingertip. Slight abrasion shines 'em up.

Mrs. McGinnis Is Honoree At Gift Coffee Sat.

Mrs. Jerry McGinnis, the former Beverly Loudamy of Ozona, was honored with a gift coffee Saturday morning in the home of Mrs. Huey Ingram. The bride's chosen colors of yellow and orange were used in decorations and floral arrangements. Copper appointments were used on the serving table.

Receiving guests were Mrs. Ingram, Mrs. McGinnis, her mother, Mrs. Buster Loudamy. Presiding at the bride's book were Mrs. Gloria Richman, sister of the bride, of Arlington, and Mrs. Chuck Morris, a cousin.

Other hostesses were Mrs. Bruce Mayfield, Mrs. L. B. T. Sikes, Mrs. Scottie Houston, Mrs. Jack Davee, Mrs. Harold Shaw, Mrs. S. E. Carnes, Mrs. Bob Moore, Mrs. Hank Wellman, Mrs. E. F. Sharp, Mrs. T. R. Conner, Mrs. George Hester, Mrs. Doyle Easterwood, Mrs. A. O. Fields, Mrs. G. B. Therwanger and Mrs. George Glynn.

Phillips To Drill Wildcat

Phillips Petroleum Co., Odessa, will drill a 7,000-foot wildcat in Crockett County, five miles northeast of Iran, 3 1/4 miles southwest of the depleted KCA (Wolfcamp) field 4 1/2 miles southwest of the depleted Que Suerte (Pennsylvanian) field, and 2 1/2 miles north of shallow oil and gas production in the Noelke multiphase field, but separated from all by failures. It is the No. H-A Bouscaren.

MR. AND MRS. RANDY UPHAM TO MAKE OZONA HOME
Mr. and Mrs. Randy Upham moved back to Ozona last week where Mr. Upham has taken up duties as manager of Crockett County Wool and Mohair Co. and Ranch Feed and Supply Co.

The Uphams have rented the Noelke house on the west hill. Both are former Ozonans. Randy moved with his family to Jal, N. M. when a junior in Ozona High School. Mrs. Upham, the former Elizabeth Jones, is a graduate of Ozona High School.

Randy received his degree in Agriculture from the University of New Mexico and was until recently employed in New Mexico by the federal government in an agricultural capacity.

June Sales Of Bonds Total 28% Of Goal

June sales of Series E and H United States Savings Bonds amounting to \$1,218 in Crockett County were reported today by County Bond Chairman Lowell Littleton. Sales for the first six months totaled \$8,373 for 28% of the 1973 goal of \$30,000.

Sales in Texas during the month amounted to \$16,998, 554 while sales for the first half of 1973 totaled \$19,984, 282 with 55% of the yearly goal of \$216.6 million goal achieved.

MISS MAYFIELD HONORED
Miss Carolyn Mayfield of Germany was honored with an open house at the Bruce Mayfield home Thursday evening.

Miss Mayfield is here visiting her father, Ivy Mayfield, and other relatives. She moved to Germany several years ago where she has been employed with a U. S. firm.

Mr. and Mrs. David Wallace of Houston, formerly of Ozona, were here visiting this week.

THE OZONA STOCKMAN

RECIPE

By Sarah Anne Sheridan
Homemade ice cream is almost a forgotten treat. There's a certain nostalgia about homemade ice cream at family gatherings.

Custard Ice Cream
3/4 c sugar
2 T cornstarch
1 c milk
2 egg yolks
1/3 c coffee cream
2 egg whites
1/2 c whipping cream
2 t vanilla extract
pinch of salt

Mix sugar and cornstarch. Add scalded milk gradually, stirring constantly. Cook in double boiler 25 minutes. Stir several times during cooking. Combine with well beaten egg yolks. Cook for 5 minutes, stirring constantly. Add salt and coffee cream. Mix well, strain and cool. When custard is cool, whip cream and fold into custard.

Pour into refrigerator trays and freeze. Before the ice cream has frozen solid enough to serve, remove the tray from refrigerator. Stir well with a spoon from front to back of tray. Then carefully fold in stiffly beaten egg whites. Freeze. If you like churned ice cream increase amount of custard needed and use your hand or electric churn. Freeze according to your churn's directions.

*Serve plain or with your favorite topping.

Come by and say "Hi"

Ranch Feed & Supply Co.

Don't fall for any so-called "clean-up deal" before you see your Chrysler-Plymouth Dealer.

Darrell Rayne

You might be surprised how easily you can afford a Chrysler at year-end prices.

If you're looking for a really good buy in a fine car, you really ought to know all the facts—facts about value—before you put down your hard-earned money. That's why your Chrysler-Plymouth dealer has asked me to invite you to come in and compare his '73 Chrysler. He'd like you to compare it with any other car around. Compare Chrysler for beauty for ride... for comfort... for features. And, of course, compare his year-end price. You'll find, for all its value, a Chrysler is surprisingly affordable. Rather than go for a "clean-up deal," why don't

you see for yourself what kind of value your Chrysler-Plymouth dealer offers in a '73 Chrysler at year-end prices.

Your Chrysler-Plymouth Dealer is out to win you over!

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

Here it is the last month of the summer and fall will be fast approaching. Although we haven't had hot, drying winds as we do sometimes in driving around out city, it seems most lawns are unusually beautiful and green, to have had such a very small amount of rain for several months.

Overgrown clumps of perennial flowers can be divided and transplanted now. This includes bearded, spuria and Louisiana iris, lilies, daylilies, and shasta daisies.

Until the middle of the month, continue to disbud and stake dahlias and late flowering, exhibition type mums. Continue feeding mums until color shows.

Some Do and Don't hints for Gardeners.

Do - Follow a regular feeding program for trees and plants. Always follow directions when using commercial fertilizer. Feed plants while they are making buds. (Holly) Feed plants after pruning to cause good growth. Feed plants after they have finished blooming to replace food they have used in making blossoms. Follow a regular watering schedule both summer and winter. Remember, nothing will take the place of regular care and

cultivation.

Don't - Over feed plants. Apply plant food without knowing what food is needed. Grow the same kind of plants in the same location year after year without replacing the soil or adding plant food. Feed plants that look sick. Plants need to recover before being fed heavily. Keep well watered and when plant begins to revive, apply feed gradually. Think plants can be set out and left to take care of themselves. Forget to take a pail of water along so that the ends of flowers may be plunged immediately into water after cutting. The best time for cutting is early morning or late evening.

EXCHANGE STUDENT IS ROTARY CLUB SPEAKER
Miss Gill Jardi of Johannesburg, South Africa, was guest speaker last week at the weekly Rotary Club luncheon.

Miss Jardi is an exchange student and will attend Del Rio High School for one year. She is staying in the David Trent home in Del Rio. The exchange program is sponsored by the Rotary Club in Del Rio.

Miss Jardi, one of the 15 million white people living in South Africa, spoke on the differences in the schools and the government in South Africa. She was complimentary of U. S. schools.

Debra Says:
By HD Agent
Debra Price

With end-of-summer parties underway, "weiner roasts" are fun--and seem to be a favorite at outdoor activities. The frankfurter plays a major role in these cookouts--and its contents affect the flavor. The shopper needs to know what to look for. The label is the consumer's guide in buying frankfurters--there are no secrets in a hot dog. Everything that goes into them is inspected and regulated according to federal standards.

Shoppers should read labels on product packages and compare them. For example, if the label states "all meat," the franks contain skeletal muscle tissue--the same as steaks, chops or roasts. If a product utilizes tripe, heart, lips, or other parts, they must be specifically listed on the label.

A label also must indicate if poultry meat is a constituent of the frank. If so, it's limited by law to less than 15 per cent. Law also limits certain other ingredients. For example, a certain amount of fat is needed for good flavor, but the content is held to 30 per cent. Taste tests at Iowa State University consistently show that franks containing less than 15 per cent fat are rated barely edible.

Chemicals, including nitrates and nitrites, which are added to products have received much attention lately. Actually, nitrates and nitrites are the oldest meat preservatives known--they've been used since cave-man days. Sodium ascorbate or sodium erythorbate are added to speed up the curing rate. These salts of ascorbic acid (vitamin C) sometimes are listed on the label.

In order to keep the meat in a tubular shape, a binder

such as cereal or soy protein is included. However, this is limited to three per cent. Water also is added--in the form of ice--to keep the meat cool. This is also regulated, and most is lost during cooking and smoking.

- BANQUET FRANKS**
- 1 doz. frankfurters
 - 2 c. cracker crumbs
 - 1/3 c. evaporated milk
 - 1/2 tsp. pepper
 - 1/4 c. chopped onion
 - 1 tbs. melted butter
 - 1/2 tsp. salt
 - 1/2 tsp. pepper
 - 1 c. chopped pimiento
 - 1 c. chopped parsley
 - 1 tbs. sugar

Split frankfurters lengthwise on one side. Combine remaining ingredients; stuff franks. Wrap in foil. Cook on grill until done. NOTE: May be baked in baking dish, covered at 350 degrees for 15 minutes. Uncover for 15 minutes. Yield: 6 servings.

Gift Tea Sat. Honors Miss Chris Clegg

Miss Chris Clegg, bride-elect of Bruce Hill was honored with a gift tea Saturday, July 28, in the home of Mrs. Kirby Moore.

Other hostesses were Mrs. L. D. Kirby, Mrs. Lowell Littleton, Mrs. Bob Moore, Mrs. David Scott, Mrs. Bob Bailey, Mrs. Roy Thompson, Mrs. Jack Baggett, Mrs. Billy Mills, Mrs. Gene Lilly, Mrs. Joe Logan, Mrs. Dixon Mahon, Mrs. Frank McMullan, Mrs. B. B. Ingham, Mrs. J. W. Henderson, and Mrs. C. O. Walker.

Greeting guests were Mrs. Moore, Miss Clegg, Mrs. Bill Clegg, mother of the bride-elect; Mrs. Gerald O. Hill of Lubbock, mother of the prospective bridegroom; Mrs. Jeffrey Sutton and Mrs. Ira Carson.

Mrs. James Childress, Mrs. Bill Carson, Mrs. Bob Childress and Mrs. Boyd Baker were at the serving table. The table was centered with an arrangement of yellow roses and white carnations.

Mrs. Bill Carson Jr. and Miss Sharon Logan presided at the registry table.

Others in the houseparty were Mrs. Alice Baker, Mrs. Massie West of Del Rio and Miss Peggy Hagelstein.

It's a new Land Bank serving a new agriculture in new ways

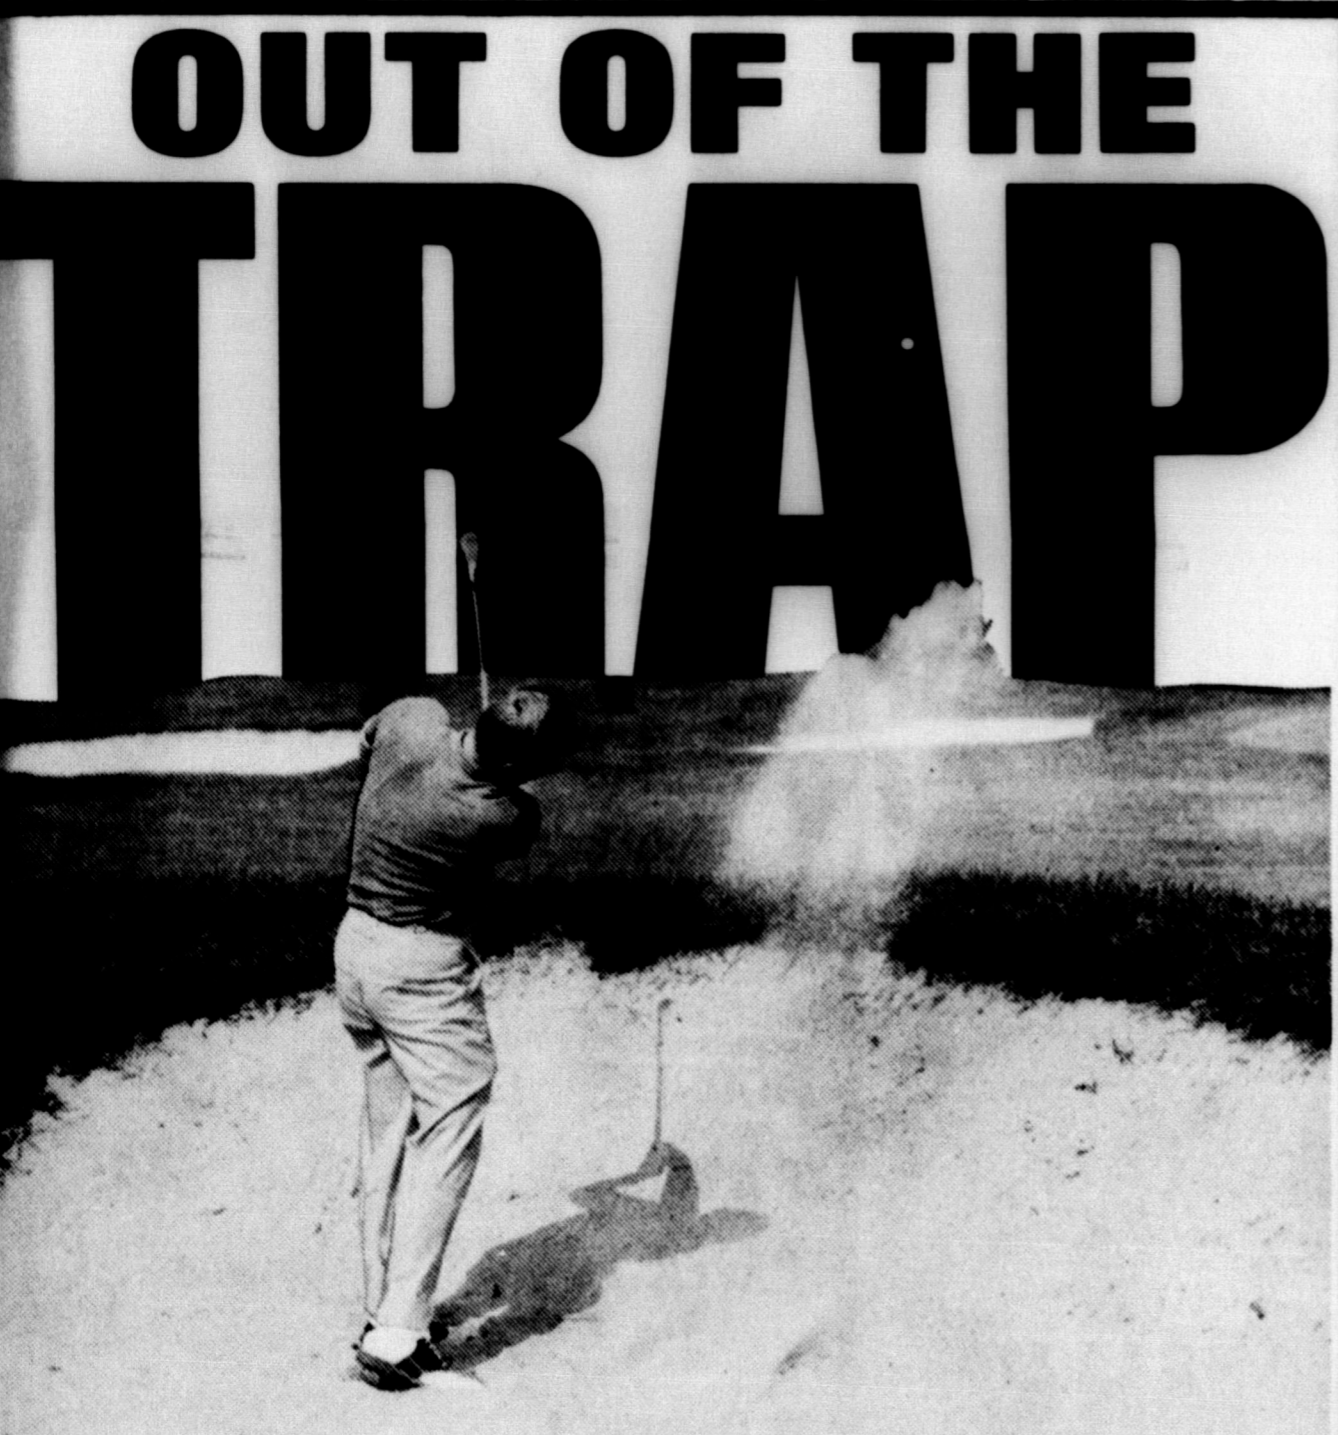

Over the next ten years, agriculture will require a minimum of \$60 billion in new financing to meet unprecedented changes and challenges. Because there is a Federal Land Bank--created to insure an abundance of capital at reasonable rates--you can have more confidence this need for credit will be met.

The Land Bank will continue to obtain loan funds in the nation's money markets on the very best terms it can. It will continue to make financing available to farmers and ranchers at reasonable cost. And with increased flexibility now permitted by the Farm Credit Act, it will help more people in more ways.

Today, more than ever, you should understand the operation of your Federal Land Bank. If you are not an Association member, let's get acquainted. If you are a member, let's get better acquainted. Let's work together... to build a secure place for you and your family in a viable, prosperous agriculture.

FEDERAL LAND BANK OF SONORA

Senora, Texas
Phone 387-2777

Federal LAND BANK Association
FARM CREDIT

The game of golf reveals something fundamental in the character of man. For when man builds a golf course he deliberately creates hazards for himself. He builds his fairways between clumps of trees... dots them with bunkers and sand traps... often terraces his greens with confusing slopes. The whole idea--to make things harder for himself!

It is this same trait in human character that constantly concerns our churches. Christianity doesn't teach that life can be--or should be--easy. It teaches us that hazards must challenge us to choose the right way. And it teaches men how to recover from their mistakes--with God's help.

For thousands who find themselves in one of the traps of life... our religion offers precious help and reassurance.

FINA

OZONA OIL CO.

Faculty—

(Continued from page one)
 experience, B. S. degree from Angelo State; Kay Ellen Marks, music, no experience, B. A. from Hardin Simmons; Ruben Pena-Alfaro, playground director, no experience, B. S. from Angelo State; Mrs. Frank (Kathy) Reavis, third grade, no experience, B. S. from Angelo State University, and Mrs. John (Jorene) Richey, sixth grade, no experience, B. S. from Angelo State.
 Only one new teacher at Ozona Primary has been announced. She is Mrs. Lupe Rodriguez, a B. S. degree from Sul Ross with two years teaching experience.

Retiree include Mrs. Beecher Montgomery, for many years a sixth grade teacher in Ozona Intermediate; and Mrs. Basil Dunlap who has taught for several years at Ozona Primary.

Elementary teachers who resigned are Mrs. David Wallace, who moved with her husband to Houston; and Mrs. Linda Anthony, who resigned to be married.

A complete list of the faculty will be announced in next week's paper.

Confirmer Set

MacArthur Oil Co., Midland, will drill the No. 1 University as a 3/8 mile southwest stepout to the two-well Susita (1,400 Grayburg gas) field of Crockett County, 16 miles northwest of Ozona.

Location is 1,976 feet from the south and 1,860 feet from the west lines of I-31-University. Contract depth is 1,400 feet.

Rodeo—

(Continued from page 1)
 by the current queen Miss Debra Clayton.

Anyone may ride or perform in the parade. All participants are asked to be on hand at 4:30 at the vacant lot across from South Texas Lumber Co. According to parade chairman Weldon Maness, the parade will proceed along the route toward the center of town, around the park then west on 290 where the group will disperse on the south side of the street. The parade will include all participants in the rodeo, the rodeo queen contestants and the Lions Club Sweetheart, Miss Teresa Shaw will be featured. Teresa is

the daughter of Mr. and Mrs. Harold Shaw.
 The Ozona Roping Club will assist with the rodeo. Members will be handling stock both in and out of the arena. The Club helped organize the rodeo and much of the credit for successful performances must go to the members of the club.

The concession stand will be open during all performances, according to Jim Marks, committee chairman. All kinds of food and drink will be available, including the barbequed hamburgers which have been a favorite of fans for years. The stand will also be open Saturday morning.

The dance slab will come to life after both Friday and Saturday night performances. Nolan McCleery and the Western Echoes will be furnishing music both nights.

Tickets will be available again this year for the drawing for prizes donated by local merchants. Tickets will be sold by Lion members and will be \$1 each. The drawing will be held during Saturday night's performance.

Tony Allen will serve as arena director. Johnny Hughes and Lloyd Comer will serve as bull judges, and timers will be Sam Perner, Johnny Hummcutt, and Bill Seahorn.

Admission Tests To Be Given Saturday At ASU

A residual version of the American College Test which is required for admission to Angelo State University will be given at the campus Saturday, August 4.

This will be the last opportunity for students who plan to enroll this fall to take the exam. The ACT is required for all high school graduates and those who have completed the high school equivalence test.

The examination will be given at 8 a.m. in the auditorium in the administration building. Students who plan to take the test at this time should plan to arrive shortly before 8 a.m. to allow for processing. The fee for taking the exam is \$7.50 and all checks should be made out to Angelo State University.

Those planning to take the exam who have not yet notified the admissions office should do so in person or by phoning 942-2041.

The deadline for making application to attend Angelo State this fall is August 20. Questions about applications or the ACT should be directed to the admissions office.

Wish I'd Said THAT

"Nowadays a lucky coin is any coin you still have."—Lee R. Call, Star Valley (Wyo.) Independent.

"You should learn from the mistakes of others. You can't live long enough to make all of them yourself."—Dale Holdridge, The Langford (S.D.) Bugle.

"Carry only today's burden, don't add to it the burden of yesterday and the day before."—Mrs. Gary Hiott, The Pickens (S.C.) Sentinel.
