OZONA, CROCKETT COUNTY, TEXAS, THURSDAY, APRIL 16, 1942

5 Cents Per Copy

NUMBER 2

## Plans Progress For Stunt Night Program April 23

### Gymnastics, Sing-Song, Band, Gay 90's Revue Are Features

Plans are progressing for a full evening of entertainment for Ozona on Thursday, April 23, when school-sponsored stunt night is to be staged in the High School gymnasium.

The program is being arranged as a purely entertainment feature, to boost public morale and to raise funds with which to purchase magazines and other reading material to be sent to army camps.

The entertainment will begin at 7:15 p. m. and will open with a concert by the High School band under the direction of Cyril Pingel.

A community sing-song will then be enjoyed, with Miss Elizabeth Biser directing, Miss Ruth Laydon accompanying.

A group of boys from the grade school, coached by R. H. Garner, and the High School group coached by Elmo McCook, will stage a program of gymnastics. These groups of boys have been practicing at their gymnastic stunts for the past several weeks and have become quite proficient at it. They promise a very entertaining feature of the evening's program.

A Gay Nineties revue will top off the evening, plus a clown act to be staged by Hubert Baker, who is also director of the Gay Nineties sketch. Included in this part of the program will be solo numbers, a male quartet, mixed octet, and time string music and a square dance.

Admission charges for the evening will be 15 cents for students and 35 cents for adults, tax included. All of the proceeds from the event will go to the purchase of magazines to be sent to army camps.

## Fourth National Registration Day Set For April 27

### Men 45 To 64 To Enroll; 300 Expected To Sign Up Here

Announcing the distribution of instructions to Texas local boards concerning the April 27 registration, General J. Watt Page, State Selective Service Director, said today that plans are under way to register approximately one and one-half times the number of men who were registered in the third registration. Approximately 300 are expected to be registered in Crockett County.

As soon as the President's proclamation calling for the fourth registration has been received at State Headquarters, Governor Coke Stevenson will, according to the Director, issue a proclamation calling upon all men in this State who had attained their forty-fifth birthday on or before February 28, 1942, and have not attained their sixty-fifth birthday on April 27, 1942, to register as of their home address between 7:00 a. m. and 9 p. m. on Monday, April 27.

General Page pointed out that although the men affected by this registration are not liable for military service under the Selective Training and Service Act of 1940, amended, they will be registered in much the same manner as men who enrolled in previous registrations.

Local boards will conduct the registration with the assistance of volunteer registrars, and will record the same information on registration cards as was required in the first three registrations.

Registration cards will be buff colored and there will be no substantial change in form.

General Page pointed out that registrants who were forty-five years old or over on February 28, 1942, are not liable for military service, there will be no National

## Exchanging 'Autographs' in Britain

United States soldiers, part of the A. E. F., who have just arrived in London, are shown making friends with British girls in uniform. According to the British caption which came with this photograph, they are exchanging "autographs."

## USO Drive For 1942 Budget Is Planned Here

### Midland Oil Man Regional Head; Peters Local Chairman

Preliminary plans were made here this week for a Crockett County organization to direct the drive for this county's quota in the 1942 United Service Organizations' budget campaign to raise \$132,000,000 in the nation to carry on work of the USO in providing recreational centers for men of the armed forces in training in this country and in populous war production centers.

J. W. House, division superintendent for the Humble Oil and Refining Co., with headquarters in Midland, who is regional director for 21 West Texas counties, was in Ozona yesterday conferring with Scott Peters, Crockett County USO chairman, and laying plans for the coming drive.

The 1942 USO campaign is scheduled to get under way all over the nation on May 11, with a national goal of 32 million dollars to continue the worthwhile work of the combined service organization.

Texas' quota in the 1942 campaign has been set at \$1,110,000, Mr. House said. "To meet that quota it is going to be necessary for Texans to dig down deep, and I know we will go over the top in short order," Mr. House declared.

Crockett County's quota in the opening USO drive was \$450 and that amount was raised in full under the direction of Mr. Peters. The county has again assumed that as its quota and expects to have the amount subscribed in a short while after opening of the official campaign, Mr. Peters said.

## Ancient Pecos River Irrigation Project Subject Of Interesting Paper Presented At Crockett Historical Society Meet

An interesting account of his quest for the site of a Mormon settlement believed to have existed at one time along the Pecos river in this county or in the immediate area was given for members of the Crockett County Historical society at its meeting Monday night by W. R. Baggett.

Visible evidence of an early-day irrigation project on the Pecos, at first mistaken as the site for the Mormon settlement, was described by Mr. Baggett, who has made considerable study of this and other spots of historic interest in the area. The irrigation project, consisting of a dam across the river and some 16 miles of irrigation ditches, was installed by the Torris Irrigation and Manufacturing Co., Mr. Baggett said. Site of the experiment is on what is now the Homer Tippet ranch on the west side of the river. Ruins of the headquarters adobe houses are still visible and the irrigation ditches can be traced for long distances, the speaker declared.

The Historical Society discussed plans for binding and preserving copies of Ozona newspapers from around 1900 secured from the Powell estate in Dallas. Mrs. Alvin Harrell, president of the Society, announced the possibility of bringing Dr. Rebecca Smith, head of the English department of TCU in Fort Worth, here for the next meeting of the group this summer.

Following the program, members of the Society were entertained in the home economics rooms by pupils of the H. E. class of Mrs. Alena Westerman. The girls were dressed in Colonial costumes. Ethel Mayes greeted the guests at the door. A cleverly arranged table, with its center piece a campfire scene with figures of cowboy singers grouped about the fire, logs used as candle holders and Texas bluebonnets for decorations, held the refreshments.

Priscilla Baker poured coffee and gingerbread was served by Florence Luther. Assisting in the serving were Mary Perner and Vera McCaleb. Old time tunes

(Continued On Page Eight)

## Monday Holiday To Be Observed By Local School System

Next Monday, April 20, is to be observed as a holiday in the Ozona school system, the fifth and last holiday of the current school term, it was announced by Supt. C. S. Denham.

The holiday is in observance of San Jacinto Day, which falls on Tuesday. The Monday holiday was selected by school authorities so that pupils and faculty might get the maximum benefit from the holiday week-end and to avoid the interruption of the school program with a holiday placed a day after the week-end off period.

The schools will observe San Jacinto Day with a Texas history program at the assembly hour in the auditorium this afternoon at 3 o'clock. The program will be presented by a group of seventh grade pupils under the direction of Miss Zelma Scott.

## Only Two Weeks Before Deadline For AAA Applications

Just two more weeks remain in which ranchmen of this county may sign up for participation in the 1942 range conservation program, Miss Betty Bratcher, administrative officer of the AAA in this county, reminded this week.

May 1 is the deadline for signing up for participation in the range program, Miss Bratcher said, and there can be no extension of time beyond that date. Those who sign up for participation are not obligated to do the work outlined, but unless they do so sign before the deadline they will not be eligible for payment.

A total of 84 operators have already signed applications for participation this year, Miss Bratcher announced, while 32 others who participated in the program last year have not yet signed.

## County To Aid Civic Groups In Clean-Up Drive

### Streets To Be Graded, Cleaned, Draws Opened, Trash Hauled

Seeking to make this spring city-wide clean-up as nearly 100 per cent complete as possible, committees representing the various co-operating civic groups who recently launched the clean-up campaign here Monday appealed for and received the wholehearted cooperation of the Commissioners Court in the undertaking.

In addition to a house-to-house canvass of the city by the clean-up committees, the county will grade back and side streets and clean up surface gravel, weeds, roots, etc., moved by such grading, the Commissioners promised members of the representative committee in conference Monday.

The annual summer mosquito menace also came in for attention of the court and clean-up committees. County road machinery will be used in cleaning out the draws, opening up drainage to permit water holes to drain and prevent accumulation of standing water in which mosquitos breed. Brush and obstructions in the draw channels are to be removed to permit quick drainage and by this method it is hoped that the usual summer scourge of mosquitos can be avoided.

Committees from the Ozona Woman's Club, the Junior Woman's Club, the Parent-Teacher Association, the Rotary Club and women's societies of the three churches are cooperating in the clean-up campaign. Each section of the town has been assigned to a worker from one of these organizations and these workers are making a house-to-house canvass of their assigned areas urging householders to clean their own premises and to have all accumulated trash hauled off.

To bolster morale and to get all possible materials which can be salvaged for war use, the federal and state governments are urging citizens to lend their full cooperation in the clean-up campaign. Those who customarily have their trash hauled off regularly are urged to continue to do so, but those who are unable to have trash hauled are asked to call their area committeeman and trucks employed for the purpose will be available for hauling trash provided it is stacked and made convenient for loading from the street or alley, it was announced.

## U. S. Employment Service Visits To Ozona Weekly

### Seek To Aid In Placing Workers Needed In War Posts

Representatives of the United States Employment Service regional office in San Angelo will make weekly visits to Ozona in the future for the purpose of serving this area in assisting workers who desire placement in government war work posts and in aiding workers who may have unemployment claims for servicing.

This was the information brought here yesterday by L. L. Ruttle, representing the Employment Service office in San Angelo, who spent several hours here making arrangements for the weekly visits of members of the regional office personnel.

A representative of the service will be in Ozona each Wednesday from 10 a. m. to 1:30 p. m., Mr. Ruttle said, and persons with qualifications for any of the many phases of war work which the government needs are invited to confer with such representative during these hours each week. The employment service representatives will be available at the courthouse each week, leaving here at

## Resigns

According to an announcement made by Gen. Charles De Gaulle, Free French leader, Vice Admiral Emil Muselier has resigned from the Free French national committee, on his own initiative. Vice Admiral Muselier is shown above.—Soundphoto.

## Wear Brothers Get 5 Years On Burglary Count

### Pair Given Minimum In Theft From Arthur Phillips Ranch

John Anthony and James Edward Wear, brothers who gave New York state as their home, were assessed penalties of five years in the Texas state penitentiary by a Crockett County jury when they were tried jointly in 112th district court here Wednesday before Judge W. C. Jackson. The jury was out more than an hour in reaching its verdict of guilty with the minimum penalty for a burglary and theft charge.

The Wear brothers were charged with burglary of the Arthur Phillips ranch home south of Ozona on or about January 10 of this year. The men were charged with entering the Phillips home and also a bunkhouse on the ranch and theft of a pistol, shotgun, a quantity of clothing and other items. They were arrested the following day by Del Rio officers and Deputy Sheriff R. E. McWilliams and Justice of the Peace Bill Johnigan went to the border city and brought the men back here to await trial.

Judge Jackson passed sentence on the brothers, their five-year terms to begin on January 10, the day of their arrest.

The two brothers declined the court's proffer of legal counsel to assist in their trial, the older of the two, John Anthony, assuming the conduct of their defense. They were assisted, however, in selection of a jury by Houston Smith under appointment of the court.

Oscar Davis, foreman on the Phillips ranch, was the chief state witness, declaring that doors to the ranch home and bunkhouse were closed when he left about 7 o'clock the evening of the burglary and that when he returned he found doors open and articles of clothing and other items missing. Davis identified the pistol as one belonging to his employer and Phillips also identified the items. Mr. McWilliams also testified for the state.

John Anthony Wear, taking the stand to testify in behalf of himself and his brother, made a statement without benefit of questioning by defense counsel. He declared that Babe Phillips owed him were on their way to Babe Phillips

(Continued on Last Page)

## Air Raid Warden Training Films To Be Shown Here

### OCD Sponsored Movies Offered To Clarify Duties

Two movie shorts, made especially to aid in the training of air raid wardens, have been secured for showing here, it was announced this week by Boyd Lovelace, chief air raid warden for Ozona under appointment of the local defense coordinating committee.

The two movies, "Air Raid Warden" and "Fighting Fire Bombs" will be shown Monday evening, May 11, in the high school auditorium starting at 8 o'clock, it was announced. All local wardens are requested to be present for the showing.

The "Air Raid Warden" film is the first American made film dealing with the specific functions of the air raid warden. It is described, however, as a training film for the entire community, acquainting all with the role of the warden before and during a blackout. The other film, "Fighting the Fire Bomb" presents a detailed analysis of the nature of incendiary bombs, what makes them work, and what puts them out. Both films are approved by the Office of Civilian Defense.

The public is cordially invited to witness the presentation of these films. The program of two films will require about 25 minutes for showing.

## Brock Loses Suit For Damages Against Couch

### Jury Finds For Defendant On Special Issues Charge

Deciding the controversy on 14 special issues submitted by the court, a Crockett County jury late last week decided against the plaintiff, W. C. Brock, in a suit in which he sought to collect damages in the sum of \$15,000 as a result of an automobile accident several months ago in which cars driven by Couch and Brock collided.

Brock claimed to have been injured in the collision and sought damage for such injuries which necessitated treatment of physicians and also for damage to his automobile.

On the special issues involved, the jury found Couch was not at fault in causing the wreck and the court awarded judgment in favor of the defendant. Brock gave notice of appeal.

THURSDAY, APRIL 16, 1942

WINGED SERGEANTS

The Army Air Corps has brought to fruition one of its forward moves in the matter of personnel. Composed of men drawn from the ranks, its first class of staff sergeant pilots has been graduated. There is no reason that every military pilot be a commissioned officer. A man can fly a plane just as well whether he wears a chevron on his sleeve or a bar on his shoulder; and according to present plans there shortly will be one staff sergeant pilot to every four commissioned pilots.

GETTING A LESSON

The war is getting close home to Japan. United States submarines operating in Japan's own waters are teaching the lesson that countries which embark on vast military enterprises generally expose weak points in their lines.

MINOR WORRIES

The WPE ban on production of lawnmowers, effective June 30, coming hard on the heels of razor blade curtailment, may be taken by alarmists to portend rank and disfiguring growths of both facial and front-yard foliage to mar the war-time landscapes.

THINGS TO FORGET

There is no place today for the worn-out argument that we ought to have stayed out of this war and that we would have stayed out if we had been more wisely led. For we are in the war with everything we possess, and most certainly we shall lose everything that Americans cherish if we lose the war.

ONE PROOF

"My wife is a very capable woman." "There's no doubt of it." "Yes, she can get home 15 minutes ahead of me and look as if she had been there all day."—Christian Science Monitor.

ALL IN THE VIEWPOINT

Nature gave the horse a long face, but the human can control a similar tendency by merely keeping his chin up. This war isn't over by a long shot.—Los Angeles Times.

The word comes that there will be plenty of tea this year if panic is avoided. The trouble about panic is that it will lead to further demands for tea to quiet the nerves.—New York Sun.

SPRING FLIGHT

SCHOOL CHILDREN Asked To Contribute To Navy Relief Fund

DALLAS—Over one million and a half school children of Texas will be asked to contribute to the Navy Relief Society fund on Navy Day, a date to be announced by L. A. Wood, State Superintendent of Schools.

THE PEOPLE APPLAUDED

Every once in a while simple justice comes to the Man in the Street. Today's case: An automobile-driver who drove through puddles to splash muddy water on persons waiting for street cars, was sent to prison for 10 days by Judge Thomas F. Maher!—Detroit News.

Total employed manpower in the United States is now around \$50,000,000.

According to current estimates, it will have increased by 2,000,000 this year and a similar amount next year to take care of America's war production job.

One supplier is now branding the owner's initials on new "ration" automobile tires.

Advertisement for 'THIS BUSINESS OF Living' by Susan Thayer, featuring an illustration of a woman and a dog.

Kitchen Thinking

Never before has my kitchen looked so beautiful to me as it does this spring after an early cleaning. The curtains are freshly washed and ironed, the walls are newly painted, and the linoleum has a new coat of wax.

Side Glances on Texas History

By Charles O. Hucker, University of Texas Library

TALL TALES AND "WOULD BE" ARISTOCRATS

Then, as now Texans had little use for the poseur, the pretender, the man who "puts on airs." Then, as now, they had simple but effective methods for deflating the braggart.

100 YEARS AGO IN TEXAS

Morals of Houston—it must be a subject of peculiar gratification to those interested in the welfare of Houston, to learn that the morals of this city will now bear a comparison with those of the best regulated cities of the United States.

A TALL TALE TO END TALL TALES

Deweese recounts, in a letter dated Colorado River, Nov. 6, 1831, an episode that occurred in a San Felipe tavern:

Don't Let This Happen To You!!

Hot, hungry tongues of flame can consume in a few brief hours all the prized possessions you have carefully accumulated in a lifetime.

### Patriotic Men Are Serving On U. S. Rationing Boards

This war has introduced a new volunteer to America—the man on our local rationing board. There are more than 21,000 fellows like him through the country—almost all through two modern Army divisions. His station may be Park Avenue in New York, the ranch country of Montana, the Texas Panhandle.

You may not have seen him, because he works quietly, frequently at night. He doesn't make many speeches. He doesn't wear a uniform. But the public is aware of him because since January 1 he has kept it from getting new automobiles and new tires as usual. It is his job to say who can and who can't have the less than half a million new cars now on reserve. He decides who is eligible to get new tires now that there are only a few million in stock. He is also Uncle Sam's agent in the rationing of sugar, which brings him in contact with every man, woman and child in the country.

The job these men do to conserve rubber, metals and other vital materials for guns, tanks, ships and planes, could not be done in Washington. It takes a field force, a big one organized to execute plans and instructions almost the day they are made. Such a force is now in operation.

The job of the rationing board member can't be summarized with the "Yes," or "No," he tells the applicant for a tire, or a car. He has to be able to say "No," of course, but—and this is important—he must make people like it.

"The rationing job never could be done by Washington alone," one OPA official admitted. "It has to be done out in the cities, on the prairies. It's a lip-selling job. Explain to people why they can't have tires and cars as usual and they won't feel so bad."

Sometimes, of course, the rationer says "Yes." He may say it to a doctor, a minister, a visiting nurse—or anyone else whose duties are linked directly with the war effort or with public health and welfare. He may say it until his quota of tires and cars runs out, that is. But when he does say "Yes" he doesn't forget it. He remembers to check if that car, or that tire which he has certified are used for the purpose for which

### Learning Sea Trade at 'Little Annapolis'

A gunnery class at the state merchant marine academy, Fort Schuyler, N. Y., is shown (left) operating a naval gun. Future officers for the U. S. merchant marine are being trained here to sail the seven seas under Old Glory. They learn not only to sail their ships but to fight them if necessary. Right: Cadet Robert King is shown studying the gyro-compass at the merchant marine academy.

they were granted. He keeps his eye out for cases like that of a Midwestern doctor who pleaded before his board for a new set of tires—needed for his professional work, he said. Then the day after he got them, he and his wife left on a motor vacation trip to Florida.

Imagine that rationing board when the doctor comes in for his next set of tires for "professional duty."

#### QUININE CONTROLLED

Control of the supply and distribution of quinine has been established by the War Production Board, in order to build a stockpile for military needs. Ninety-five per cent of cinchona bark, from which quinine is derived, has come from Java, in the Dutch East Indies. Fair amounts of the bark probably will be received from South America this year.

### Texas Medical Service Organizing For Emergency Action

AUSTIN — Supplying the need for an immediate program of expansion in the medical personnel available for the Health and Emergency Medical Service, Dr. Geo. W. Cox, State Health Officer, today announced that the United States Public Health Service is offering reserve commissions to physicians and dentists whose services may be used to care for evacuees in the event of enemy action.

Recruitment for those reserve commissions will be largely from older age groups, from those minor physical disability, making them ineligible for military service, and from women physicians.

Dr. Cox, who serves as State Chairman on Health and Emergency Medical Service, pointed out that it is essential that staffs for operating base hospitals in safe areas be adequately planned to go into immediate effect, in event of disaster. "Caring for the sick and injured in the event of enemy action is a grave responsibility, and no one has the right to assume that we are immune from attack," Dr. Cox said. "Emergency base hospitals in safe areas to which casualties may be evacuated, together with lines of evacuation, and means of transport have been established in almost all sections of this state."

Dr. Cox said that applications for reserve commissions will be serviced by his office, and pointed out that while the commission covers a reserve, inactive basis so that the physician may continue service in his community, nevertheless those commissioned will be subject to immediate service in case of actual emergency.

#### CITATION BY PUBLICATION

THE STATE OF TEXAS

Lampton, and the unknown heirs and legal representatives of each of the above named persons.

#### GREETING:

You are commanded to appear and answer the plaintiff's petition

**NOTICE OF REWARD**  
I am offering  
**\$500 Reward**  
for apprehension and conviction of guilty parties to every theft of livestock in Crockett County — except that no officer of Crockett County may claim the reward.  
**MRS. W. S. WILLIS**  
Sheriff, Crockett County

at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25th day of May, A. D., 1942, at or before 10 o'clock A. M., before the Honorable District Court for the 112th Judicial District of the State of Texas, of Crockett County, at the Court House in Ozona, Texas. Said plaintiff's petition was filed on the 9th day of April, 1942.

The file number of said suit being No. 789.

The names of the parties in said suit are: Albert Faltin and L. A. Faust, as Plaintiffs, and Obid Marshall, Mary E. Martin, Mary C.

Marshall, Virginia Elizabeth Marshall, Virginia Elizabeth Clark and husband, George H. Clark, V. E. M. Clark, John H. Herndon and wife, B. M. Herndon, J. C. Herndon, Cornelia Herndon Mayfield and husband, J. C. Mayfield, Ann P. Lagroue, W. L. Hanscom, M. Halff and Brother, M. Halff, S. Halff, Mrs. A. P. Lagroue, John McDugall, C. L. Thurmand, Jr., Mrs. A. P. Lagroue, Mrs. A. P. LaGroue, A. C. Herndon, Florence Groce and husband, L. W. Groce, F. M. Maddox, John W. Maddox, Dan Balian and Thad B. Lampton, and the unknown heirs and legal representatives of each of the above named persons, as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiffs allege that they are the owners of the Southeast Quarter (SE 1-4, of the Obid Marshall Survey, Abstract No. 2827, Crockett County, Texas, and that on January 2, 1942, Defendants unlawfully entered upon and dispossessed them of such premises and withhold from them the possession thereof to Plaintiffs' damage in the sum of Fifty Dollars (\$50.00). This suit is brought as well to try title as for damages, and plaintiffs pray for judgment for title and possession of the above described land.

Issued this the 10th day of April, 1942.

Given under my hand and seal of said Court, at office in Ozona, Texas, this the 10th day of April, A. D., 1942.

GEO. RUSSELL, Clerk, District Court of Crockett County, Texas. 2-4t

Home Cooked Foods At Their Best

## Quitters Never WIN!

ALMOST any man you may see who has succeeded at anything, who has accomplished any task, is invariably a man who has persisted at the task. Whether in business, on the farm, at a laboring job, in an executive capacity—the man who goes to the top is the man who persists at the job, often in the face of difficulties and discouragement.

**THE QUITTER** never wins. Many is the man who has ceased trying at his task when difficulties beset his path. This man is not the man who is successful in business, in farming, or in whatever capacity he works. He is the quitter.

**THE MAN** who is successful at his job, in his business, or on his farm is the man who faces difficulties with a resolve to overcome them. He is not the man who thinks "what's the use," and quits. He is a fighter.

**IN ADVERTISING** and merchandising, the man who is successful is not the quitter, either. He is the man who persists, through thick and thin, who tries to overcome any difficulties, who knows not discouragement, who fights to the end. If he tries hard enough, you may rest assured he will succeed. And the rewards will be worth the effort.

**IN ADVERTISING** and merchandising, the man who succeeds is not the man who makes occasional half hearted efforts. The man who succeeds in this endeavor is the one who sets his course and sticks to it. He knows he cannot learn to advertise successfully any more than he could learn to do any other task successfully without trying. So he persists. And he learns. And in the end—he WINS!

Carson Is Speaker At Meet Of Baptist Brotherhood Tuesday

The Brotherhood of the Baptist Church met in semi-monthly meeting last Tuesday evening with a fine group present for the program. The main speaker of the evening was Ira Carson who brought a very inspirational message on "The Business of the Christian."

The next meeting of the group will be on April the 28th and the pastor will discuss the subject, "The Christian and his Government." The men of the town are cordially invited to share with the Baptist men in all the services of this organization.

Church Of Christ Members To Attend Sonora Revival Sun.

Members of the Church of Christ here plan to go in a body to Sonora next Sunday evening for the closing services of a revival meeting being conducted at the Church of Christ in Sonora by J. D. Moss, minister of the local church.

Services are being held daily on week days in the Sonora meeting; which got under way Wednesday of last week. The daily services are being held at 8:30 p. m., with no day services. Sunday there will be two services to close the revival, at 11 a. m. and 8:30 p. m.

FIRST BAPTIST CHURCH Clyde Childers, Pastor

Schedule of services: 9:40 Sunday School, 10:50 Morning Worship, 8:15 Evening Worship. Wednesday—3:00 W.M.S. meets at church for Bible Study, 8:15 Mid-Week Worship, 9:00 Choir Practice.

In the evening worship hour the pastor will discuss some of the questions which have arisen in the minds of many people from time to time with regard to many of the miracles of the Bible. We urge you to be present for this discussion.

We appreciate the fine attendance on all the services last Sunday and trust that every person of this church will be in his place if possible on next Lord's Day.

If you have no church home you will always find a cordial welcome to every service of this church. Let every person in our town worship with some congregation on next Sunday.

CHURCH OF CHRIST J. D. MOSS, Minister

Calendar of Services Sunday School at the regular hour, Communion Service 11 a. m., Wednesday, 4 p. m.—Ladies Bible Class.

Wednesday, 8:30 p. m.—Mid-Week Service. There will be no preaching service at the morning or evening hour. The minister will be in Sonora where he is conducting a revival meeting.

There will be two preaching services at Sonora at the Church of Christ, 11 a. m. and 8 p. m. The story is factually told in April issue of West Texas Today. One article, a composite, shows for the region a total of 23 army cantonments, replacement centers and air training schools of various types, established or authorized by the War Department up to April 1, with facilities for total uniformed personnel of 251,500 and initially costing \$190,000,000.

The Stockman Pulpit

Pastor of the First Baptist By Rev. Clyde Childers Church

"To all the saints at Ephesus . . . grace be to you and peace." Eph. 1:1, 2.

There are thirteen epistles in the New Testament which have the Apostle Paul as the author. It is interesting to note that in the salutation of every one of these epistles he attaches the expression "grace . . . peace." Yet that is not the most important thing about it. That which should arrest our attention to these two words is the fact that they are never reversed. Always it is the grace of God then the peace of God.

In the opinion of the majority of people the thing the world needs most today is peace. We are told that of the 6500 years of recorded history the world has enjoyed less than 250 years of world-wide peace. This is an astonishing and saddening fact. Man has made remarkable advancement in every line but somehow has never learned how to get along with his fellow man. Can it be that evil men who have the promise of profit from wars possess more brains and power than men who work for peace? Can it be that it takes a different kind of mental effort to overcome the war-mindedness of some than it takes to overcome epidemics, famines and illiteracy? Can it be that men have tried to solve the problem by the wrong method? Andrew Carnegie spent five million dollars for a peace palace at the Hague. The nations of the earth spent more than that to house the League of Nations. Neither of these achieved the purpose for which they were brought into being. Moreover, the League of Nations was the world's 26th effort of its kind organized for the same purpose, to end all wars.

This war minded world has been cutting corners to try to arrive at a lasting peace. It has ignored the person and teaching of the one who said, "My peace I give unto you." We must come to realize that only the grace of God in the hearts of men will bring the peace we want personally, nationally or internationally. Reducing the navies of the world, the size of the armaments and the setting up of an international police will not bring international peace. A foundation must be laid within man. It must be even in his heart. Until such a foundation is laid we cannot expect peace to be lasting. To that end may we pray that men may come to the Cross of Christ and it shall become the peace table of the world.

West Texas Doing Its Part In War Effort, WTCC Finds

West Texas is very much on the map, is doing its full part in furthering the war effort, says the West Texas Chamber of Commerce, both in the training of youths for the armed services and in helping meet the new national goal of increased agricultural production.

The story is factually told in April issue of West Texas Today. One article, a composite, shows for the region a total of 23 army cantonments, replacement centers and air training schools of various types, established or authorized by the War Department up to April 1, with facilities for total uniformed personnel of 251,500 and initially costing \$190,000,000.

Before Pacific War Council Session

Meeting with members of the new Pacific War council, Lord Halifax, British ambassador, is shown talking to President Roosevelt just before the council went into session in the cabinet room of the White House. The purpose of the council was to determine the grand strategy of the United Nations to defeat Japan in the Pacific.

More Light Rains Fall In Area To Benefit Range Land

Light rains, coming on the heels of falls the middle of last week, again visited this area Sunday, proving of great benefit to the ranch lands badly in need of moisture to speed up spring growth of range feed. Some light hail accompanied the fall.

While soaking rains fell to the east in the Sonora and surrounding sections, the rains in this vicinity were lighter, but added to the moisture of the previous week will go far toward relieving drought conditions on the favored sections. Ranch lands in this county, however, are still greatly in need of moisture, late winter and early spring rains having failed to come to this section.

Texas Canneries Pack Tomatoes For US

COLLEGE STATION — The Texas USDA War Board has certified eleven Texas canneries who are guaranteeing minimum fair prices to growers for tomatoes for canning. B. F. Vance, board chairman, has announced.

Under the terms of the government price policy, canners who are certified will receive higher prices for that portion of their tomato pack which is purchased by the government. The War Production Board has ordered all canners to set aside 35 per cent of their tomato pack for the government.

LAMAR CASBEER ILL

Lamar Casbeer, building custodian for the high school and grade school buildings here, who has been in a critical condition in a San Angelo hospital for several days following an emergency operation for appendicitis, was reported yesterday to be somewhat improved. Casbeer underwent several blood transfusions and was reported yesterday to have rallied under the treatment.

Gene Williams, son of Mrs. Charles Williams, who recently enlisted in the U. S. Army and is now stationed in Los Angeles, has been promoted from a private to the rank of Corporal.

Mr. and Mrs. Clay Adams have purchased a home in Fort Stockton and will take up residence there as soon as some additions to the house are completed.

War Makes Run On Math Teachers, Resignations Hiked

According to a survey just reported by the Texas State Teachers Association, 49 per cent of the Texas high school teachers who resigned during the opening of schools last September and February first of this year, were teachers of mathematics; although fewer than 20 per cent of Texas high school teachers teach in the field of mathematics, Dean E. F. Pittinger, president of the Texas State Teachers Assn. declared in a statement to the Board of Education. The field of mathematics had about two and a half times as many resignations during the first half of this school year as did the field of high school teaching as a whole. Moreover, Texas teachers have been resigning at more than twice the usual rate during the current year. At least five times as many high school teachers of mathematics have left the positions in which they started last September as would have left in any normal year.

Other high school teaching fields which are losing teachers at excessive rates are the physical sciences and shop work. Each of these fields accounts for more than 18 per cent of the high school changes between last September and February first. The field of mathematics, shop work, physics and chemistry account for 86 per cent of all of the changes among high school teachers during the first half of the current school year. Most of the other changes were doubtless made by teachers of physical education, accounting and stenography and typewriting.

Obviously, these are the fields of high school teaching upon which the war effort most directly depends. Teachers in these fields are receiving very attractive inducements to go into war production work and other related activities. Since most of the men teachers in high school are in these fields, the draft also is responsible for their leaving. No doubt the service of these teachers are badly needed in the places to which they have gone. But it is also evident that if this movement continues unchecked, the training of high school students in these fields will be very adversely affected. Sooner or later the supply of trained persons in mathematics, physical science, the business subjects, physical education and shop activities will come up short both as to quality and quantity.

War—'Down Under'

Australian soldiers are pictured concreting a gun emplacement near Darwin, in northern Australia, as they prepare to meet the onslaughts of the invading Japs. This is in the MacArthur theater of operations, where sizeable U. S. fighting forces have joined with their Anzac brothers. Note the colorful campaign hats.

Over 12 Miles Of Caliche Base Laid On South Highway

More than 12 miles of caliche base had been laid on Highway 163 south from Ozona on the 19-mile paving project now under way on the highway south from Ozona, according to Lamar Cunningham, acting as county engineer on the paving contract.

Public Construction Co. of Denton, contractor on the project, is making record time on the paving work. Crews of the firm are working almost around the clock because of a late start on the job and in order to complete the work as soon as possible so that the equipment can be released for national war work projects soon to be started.

Jack Holt of Ballinger, who operates a ranch north of Ozona, was a visitor here Wednesday.

Rev. and Mrs. Clyde Childers attended the worker's conference of the Pecos Valley Association at Imperial last Tuesday and Rev. Childers spoke on the subject, "Loyalty to God's Word."

N. W. Graham has been confined to his home this week by illness.

Doug Kirby has been sick with a cold this week.

Mrs. H. B. Tandy and Mrs. Elton Smith are in Belton for the State Music Club Convention.

Mrs. Arthur Phillips is back from a hospital in San Angelo with her daughter, Diane, who has been ill.

Mary Anne North, Phillip Childress and Graham Childress are measles victims this week.

Mrs. Tommy Harris writes her parents that she has joined a class in bookkeeping and typewriting at NTAC in Arlington.

Mrs. Scott Peters, Mrs. J. V. Blaylock, and Mrs. Eugene Slater are visiting in Austin.

Dr. Stanley Jones To Conduct Week Of Lectures At U. Of T.

AUSTIN — Launching a week of religious activities on the University of Texas campus, Dr. E. Stanley Jones, authority on India and one of the World's leading missionaries, will address a mass meeting in Gregory Gymnasium at the University Sunday night, April 19.

Dr. Jones has accepted the invitation of the faculty committee on student religious life, to visit the University campus for a four-day period, during which he will confer with student and faculty leaders and will address numerous meetings.

Invitations have been mailed to churches in many surrounding towns, urging their participation in the mass meeting, for which several Austin churches are also doing their Sunday night services in order to join.

Dr. Jones, since 1907, has served the Methodist Church in India, Japan, Korea, Burma, China and Malaya. He has written eight books, mostly centered about his works in these countries.

Ozonans Attend Meet Of Directors Paisano Encampment

A meeting of the directors of the Paisano Baptist Encampment will be held next Tuesday on the Encampment grounds between Alpha and Marfa. Attending from Ozona will be A. C. Hoover and Rev. Clyde Childers. The purpose of the meeting will be to outline the program for the Encampment next summer and also the program of the Boys and Girls camps which are held the last of June and the first of July each year.

## Work Of Women In Church Is Topic Of Society Study

"Work of Woman in the City Church" was the topic for study at the meeting of the Woman's Society for Christian Service of the Methodist Church which met Wednesday afternoon at the home of Mrs. Monroe Baggett.

Mrs. W. R. Cabaness directed the program from the "Upper Room." Work of women in the city churches was found to be similar to that in the rural or smaller churches, it was pointed out, the universal task being to make real and effective the teachings of Christ to all peoples.

"Women of the world must work for Christian citizenship all over the world to the end that a lasting peace might result," the lesson taught. Speakers on the program were Mrs. Paul Perner, Mrs. J. M. Baggett, Mrs. M. Johnson, Mrs. J. A. Fussell, Mrs. E. B. Baggett and Mrs. Floyd Henderson.

The next meeting of the society will be a continuation of the study, "Christianity and Democracy in America." Mrs. Eugene Slater is teaching this study course and next Wednesday's meeting will be in the Slater home beginning at 3 o'clock. "Every woman in the church should be hearing herself to meet conditions of the present world situation," the organization's reporter urged. "You are invited to come."

Mrs. Eugene Slater and Mrs. Scott Peters are in Austin this week attending the Annual Conference of the Woman's Society for Christian Service. Miss Mary Riddle, who had a part on the program, was unable to attend the conference because of the illness of her mother.

Present for the meeting yesterday were Mrs. Charles Williams, Miss Elizabeth Fussell, Mrs. Johnnie Henderson, Mrs. John Bailey, Mrs. Carl Colwick, Mrs. Joe Pierce, Mrs. L. B. Cox, Jr., and those having parts on the day's program.

## Book Reviews Heard By Woman's Club

The Ozona Junior Woman's Club met Thursday at the home of Mrs. R. H. Garner, with Mrs. L. B. T. Sikes, assisting.

Miss Zelma Scott was leader of the program. Mrs. Marl Westerman gave a review on "Open Up the Pores of Your Heart" by Channing Pollock, "The Silence of European Women" was given by Mrs. Doug Kirby. Miss Hazel Kirby told a short story "Gettysburg Address by an English Refugee."

Those attending were Mrs. W. E. Friend, Jr., Mrs. Marbury Morrison, Mrs. A. O. Fields, Mrs. Arthur Kyle, Mrs. Rex Russell, Mrs. Walter Augustine, Mrs. Vic Montgomery, Miss Wanda Watson, and Miss Georgia Williams.

## Mrs. Colwick Reads Book For Program At Woman's Club

The Ozona Woman's Club entertained the Junior Woman's Club and other guests with a seated tea Tuesday afternoon at the home of Mrs. George Bean.

Mrs. Carl Colwick gave "The White Cliffs," by Conrad McCann, as a musical reading. Mrs. J. W. Henderson accompanied her at the piano. The book is written in poetry and is very impressive, telling the story of an American girl who went to England, fell in love with an Englishman, gave him up in the World War, reared his son in England then finally gave the son in the Second World War for England.

Those present were Mrs. J. C. Montgomery, Mrs. Evert White, Mrs. L. B. Cox, Jr., Mrs. Alice Baker, Mrs. W. R. Cabaness, Mrs. I. G. Rape, Mrs. Paul Perner, Mrs. Early Baggett, Mrs. W. E. Smith, Mrs. Joe Pierce, Mrs. Wayne West, Mrs. Floyd Henderson, Mrs. W. E. Friend, Jr., Mrs. B. B. Ingham, Mrs. R. H. Garner, Mrs. L. B. Sikes, Mrs. Hugh Childress, Mrs. W. R. Baggett, Mrs. L. B. Townsend, Mrs. Rex Russell, Mrs. Marbury Morrison, Mrs. Madden Read, Mrs. C. S. Denham, Mrs. S. M. Harvick, Mrs. Charles Williams, Mrs. John Bailey, Mrs. George Montgomery, Mrs. Marl Westerman, Mrs. Ira Carson, Mrs. Hubert Baker, Mrs. J. A. Fussell, Miss Wanda Watson, Miss Zelma Scott, Miss Elizabeth Fussell.

The house party consisted of Mrs. Stephen Perner, Mrs. Max Schneemann, Mrs. N. W. Graham, Mrs. M. Johnson, Mrs. George Bean.

## P. T. A. To Meet Tuesday, April 21

The PTA will hold its next meeting Tuesday, April 21, Monday, April 20, being planned as a school holiday in observance of San Jacinto Day. Mrs. W. E. White will be the leader of a program on "International Goodwill," during which a film will be shown. The hostesses will be Mrs. H. B. Tandy, Mrs. O. D. Busby, Mrs. Eunice Graham and Mrs. Ralph Cabaness.

No delegate will be sent to the convention this year.

Parker's Dry Cleaners will pay 50c a hundred for coat hangars.—Adv. 2-3tc

## LAS AMIGAS CLUB

Mrs. A. O. Fields entertained the Las Amigas Club in her home Friday afternoon. High score was awarded to Mrs. Rex Russell and Mrs. Oscar Kost won bingo.

Others present were Mrs. Richard Flowers, Mrs. Arthur Kyle, Mrs. Hubert Baker, Mrs. L. B. T. Sikes, Mrs. Bill Baggett.

## T. C. U. Freshman Favorites

These three girls and three boys have been selected by their classmates as "Favorites" of the freshman class at Texas Christian University. They are: Dorothy Bryant, Fort Worth; Edwin Carruth, Fort Worth; Beverly Boswell, Fort Worth; Mason Cox, Topeka, Kan.; Barbara Bundock, Fort Worth; and Harvey Glasgow, Fort Worth. —Flea-Engert Photos

## Indomitable Fighting Men Of United Nations Armies Exhibiting Spirit Which Will Bring Final Victory Over Axis

### Texas Composers Study Topic For Music Club Meet

Texas Composers' Day was observed by the Ozona Music Club when it met Monday afternoon at the home of Mrs. Hubert Baker, with Mrs. J. D. Moss, and Mrs. L. B. Townsend, assisting.

The roll call was answered with discussion concerning Texas composers. David Guion of Ballinger, Allen Neilson of Wichita Falls, Meredith Tatton of Harlingen, and Dot Echols Orun of Fort Worth were some of the composers named.

Mrs. Rex Russell conducted a true and false parliamentary quiz. The business meeting was presided over by Mrs. Neal Hannah, president. The club voted to set aside a special listing of programs for all members of the Music Club.

The programs are as follows: Sunday 2 P. M. CBS—New York Phil Harmonic Orchestra John Barbaroli—Conductor; Sunday 3:30 p. m. CBS—"Pause That Refreshes on the Air"—Andre Kostelantz orchestra—Albert Spalding, violinist; Monday 8 p. m.—NBC—Telephone Hour—Don Voorhees—conductor, James Milton—tenor; Francis White—soprano, and the Bell Chorus. Friday 7 p. m. NBC—City Service Concert, Frank Black—conductor, Lucille Manners—soprano, Ross Graham—baritone.

Attending the meeting were Mrs. Dudley, Mrs. Rex Russell, Mrs. Neal Hannah, Mrs. Bascomb Cox, Mrs. S. M. Harvick, Mrs. Hilary Phillips, Mrs. H. B. Tandy and Mrs. Elton Smith.

Mrs. Elton Smith, president-elect, and Mrs. H. B. Tandy left Wednesday to attend the State Music Club Convention at Belton.

### MRS. MARLEY HOSTESS

Members of the Twentieth Century Club and guests met with Mrs. Jesse Marley at the Hotel Ozona Saturday afternoon.

Miss Wayne Augustine won high club, Mrs. Arthur Kyle, guest high, and bingo went to Mrs. Joe Sellers Pierce.

Others attending were Mrs. Richard Flowers, Mrs. Dempster Jones, Mrs. Bill Conklin, Mrs. R. H. Garner, and Mrs. Joe Clayton.

### FRIDAY BRIDGE CLUB

The Friday Bridge Club met Friday afternoon at the ranch home of Mrs. Ben Robertson. Mrs. J. C. Montgomery won high club, Mrs. Bert McDowell, high guest, Mrs. Wayne West received bingo and low was awarded to Mrs. Carl Colwick.

Others present were Mrs. Joe Davidson, Mrs. Early Baggett, Mrs. Watt Turner, Mrs. Monroe Baggett, Mrs. Johnnie Henderson, Mrs. Hudson Mayes, and Mrs. Scott Peters.

land. It is a significant commentary on the Australian outlook that its government asked President Roosevelt to send MacArthur, an American General, to take command.

MacArthur's first words on reaching Australia indicated the temper of his thinking. "I came through. I will return." Those who know him say that he will not remain on the defensive an hour longer than is necessary. He is a brilliant advocate of offensive war. His plan is to strike hard and mercilessly at the enemy. Those generals who placed their faith in defensive strategy have disappeared into the limbo of defeat. It took us a long time to learn what Hitler's commanders understand so well—victory belongs to the daring.

In the interim before the major counter-offensive is launched, we may be certain that the American Navy and Air Force, working with other United Nations forces, will give a good account of themselves. The submarine fleet has taken a heavy toll of Jap warships and supply ships. Some important blows have been struck by American bombers. The enemy is being bled. Whenever we have had anything approaching equality in numbers and equipment, we have won the engagements.

A short time ago, Chiang Kai Chek told a group of American officers that he would entertain them one day in Tokyo. The United Nations mean to take this way straight home to the enemy—with a vengeance.

Miss Lois McWilliams of Austin is visiting with her parents, Mr. and Mrs. R. E. McWilliams.

## Navy Swamps Army In Baseball Tourney Of Junior High

Two mighty forces—the Army and the Navy—clashed here recently and the Navy floated off with the victory over the landlubbers.

It was in the Junior High School annual round robin baseball tournament. It was played for the best two out of three games and the Navy took the series. R. H. Garner was coach.

Blue ribbons for the winning team will be presented in assembly this afternoon. Players composing the squadrons were Etheel Ross, Buddy Russell, Bernard Lemmons, Earl Tillery, Marshall Sweeten, Jack Coates, Charles Dryden, John Fussell, Billy Joe McDonald, Carlton Smith, Estes Smith, Stanley Williams, Sam Perner, Ralph Carden and Ira Yancy.

### ACE CLUB MEETS

Miss Elizabeth Coose was hostess to the Ace Club Saturday afternoon at her home.

Mrs. John Henderson, III, won high, Mrs. Jack Baggett, low, and bingo was awarded to Miss Catherine Childress. Others attending were Mrs. Bill Baggett, Mrs. Bill Friend, Mrs. Joe Thomas Davidson, Mrs. James Childress, Miss Posey Baggett, Miss Betty Bratcher, Miss "Mac" McWilliams, and Miss Johnnie Boyd.

Guide: "This, ladies and gentlemen, is the greatest cataract in the country, and if the ladies will only be silent for a moment, you will hear the deafening roar of the waters."

## Charter No. 7748 Reserve District No. 11 REPORT OF CONDITION OF OZONA NATIONAL BANK

CORRECT—Attest: Scott Peters, J. M. Baggett, W. W. West, Directors.

## REPORT OF AN AFFILIATE OF A NATIONAL BANK Published in accordance with Section 5211, U. S. Revised Statutes. Report as of April 4, 1942, of OZONA LOAN COMPANY OZONA, TEXAS

which is affiliated with Ozona National Bank, Ozona, Texas. Charter No. 7748 Federal Reserve District No. 11 Kind of business: Mortgage Loan Business.

Manner in which above-named organization is affiliated with national bank, and degree of control: Shareholders of the Bank and Loan Company are identical and each corporation has the same officers and directors.

Financial relations with bank: Stock of affiliated bank owned None Loans to affiliated bank None Borrowings from affiliated bank None

Stock of affiliate registered in name of bank or known to be owned by bank directly or indirectly None Other obligations to, or known to be held by, affiliated bank None

Other information necessary to disclose fully relations with bank None

I, Heyward White, Secretary-Treasurer of Ozona Loan Company, do solemnly swear that the above statement is true, to the best of my knowledge and belief.

HEYWARD WHITE, Secretary-Treasurer.  
Sworn to and subscribed before me this 10th day of April, 1942. (SEAL) L. B. TOWNSEND, Notary Public. Crockett County, Texas.

# TRY THE SENSATIONAL NEW REMINGTON DUAL SHAVER

## FREE!

### 90 SECONDS FOR COMFORTABLE BLADE-CLOSE SHAVES

Try this fast, modern shaver in your own home—entirely without obligation—for 90 whole days. We're willing to wager that once you find how much faster, closer and more comfortably this new Remington Dual whisks off whiskers with its TWO cutting heads, you won't want to part with it!

And we know it's fast—because in a series of tests made by the nationally-famous U. S. Testing Company, Inc. the Remington Dual shaved as clean as the best blade shave in half the time... and gave presentable, going-to-business shaves in a stop-watch average of 90 seconds flat!

Richly packed in a tan cowhide grain case with bright copper trim. Huge cord and head guard. **\$15.75** AC-DC

Note how the two heads automatically tauten the skin. The whiskers are projected so that they can be cut off below the surface of the skin.

### THE PRESS CLUB

By Adele Keeton  
 May I begin this, my last editorial by giving a little advice to Freshmen, and Sophomores, of next year. A student never realizes the value of being a member of the press club until he has been one for a year or so. In the first place, I think a student should participate in every extra curricula possible. He receives much good from going to the meetings and helping to do his part to make the high school days of some value other than just learning from books.

In the second place, it is surprising how much writing articles for the paper helps a student in English. It makes writing themes much easier. It also teaches students to do a little thinking for themselves as they do not usually have help in writing their articles. I believe that I have received more real benefit from being in the Press Club than from any other thing that I have done in high school to have spent so little time in doing the work. I think that every high school student should be a member of the Press Club so that, together, they could make a paper that would really be worth something to themselves and to the people who read it.

### Editor's Musings

By Jack Sawyer

Two of the hardest words for any human being to say are the words, "I'm wrong." These two little words, insignificant as they are, convey a large amount of understanding. When one utters these words, he admits defeat. He also admits that he is not stubborn. This particular quality proves that he has a large amount of understanding.

Any person who will say these words usually will listen to both sides of an argument. By basing his decision upon sound reasoning, his decision is usually correct, even though he does say, "I'm wrong." When he is wrong, the right and correct thing to do is to admit that fact. Thus he can admit that he is wrong and still be right.

Traveling hand in hand with the admittance of a mistake is an apology. This ability to apologize marks the difference between a polite, civilized person and a crude, impolite being. However difficult it may seem, an apology is always proper when one is in the wrong. Everyone is wrong at one time or another. The difference between a wise man and a fool is in the fact that a wise man will admit his mistake and try to correct it, while a fool will not. Which are you?

### Echoes From The Library

by Florence Luther

Hear ye! Hear ye! Monte Cristo is now among us in "The Count of Monte Cristo."

Betrayed by people he trusted as friends, Edmund Dante, innocent, was flung into prison on the charge of having conspired to aid the return of the Emperor Napoleon to the throne.

Four long years he remained in terrible imprisonment, until, by the aid of a secret tunnel dug from one dungeon to another, he became friends with the imprisoned Abbe Faria, an old man who taught him great knowledge and disclosed to him the secret of treasure on the island of Monte Cristo.

After the death of his beloved Faria, Dante escapes from his prison, comes to the Island of Monte Cristo, where he finds his enormous fortune. Disguised as the count of Monte Cristo, he revives his acquaintance with those who betrayed him and finds revenge. A most dramatic and absorbing story, full of fascinating interest is this book.

## Supt. Denham In Group Evaluating San Angelo Schools

Superintendent C. S. Denham was one of the 25 school men chosen from the surrounding territory to check the evaluation of the San Angelo High School last week. He was chairman of the committee on school staff. The staff is evaluated as to their qualifications, selections, experience, improvement, teacher load, tenure, and retirement system. The evaluation program is nation wide and all Secondary Schools must be evaluated to keep their affiliation with their respective sectional association. Texas High Schools belong to the Southern Association of Secondary Schools and Colleges.

Plans are being made to evaluate Ozona High School in February of 1943.

### Senior Historical Club Entertained

Ginger bread and coffee were served to the members of the Senior Historical Club last Monday night in the H. E. Department. The club met in the study hall and then went up stairs to be served and entertained by the H. E. IIa girls. The guests were served from a table covered with a fringe wool sack, with three extremely bow-legged cowboys standing around a camp fire as a centerpiece. Also on this table were candles in log holders decorated with bluebonnets. Girls attending to the serving and acting as hostesses were dressed in typical pioneer costumes. "Break down" music was played, thus furthering the pioneer motif. Some of the girls did some of what might be called "modern square dances." These consisted of "Put Your Little Foot" and "The Schottish." The whole evening was thoroughly enjoyed by all those present.

### THE WISE OLD OWL

By RUSSELL and COATES

Really, now, Jimmy (Pharr) how does it feel feeling like a daisy? Geometry class is a bit trying isn't it?

Priscilla sandwiches dates and goes one over. Three—and all very cute. Gee Pris, what's your secret?

Lizzie has decided that working in a drug store is just a little easier than marking lambs.

Gem Ella was really having a good time Sunday. But, she had to go to church. Drastic, isn't it? Calling all girls! Calling all girls! Claudie would appreciate it if you would only leave her boy friends alone.

When girls are too tired for dates, well that is really being tired.

Bill was looking for a "smoocher" on Saturday night. No luck, however, so he took Wayne to the bowling alley.

Vera has a new boy friend so we hear. His initials are "P. M." I believe that is all that she will tell.

Bland is really worried. Priscilla's flowers are drooping. Gee, what a shame.

If Lorain couldn't pass tests, who would? Everyone depends upon him when Jack is gone.

Billy thinks it's too much trouble to get a date. Well, he'd better do a little work, because there are lots of people who think that Mary is worth a little work.

Roy is really the cutest boy? Everyone thinks so.

OLD-STYLE ICE BOXES  
 Manufacturers of non-mechanical refrigerators will be permitted to continue to use during April, May and June this year 60 per cent of the amount of steel they used in average monthly production for the 12 months that ended June 30, 1941, but after July 1, they'll be restricted to 20 pounds of steel for each ice box.

This is no concession, though, to civilian requirements, for the WPB excluded kerosene mechanical refrigerators April 30 because more than 15,000 of such boxes will be needed for "essential government requirements."

## NEW LION'S ROAR STAFF AND EDITOR TAKE OVER PUBLICATION OF PAPER

It is the custom of the Press Club to have a banquet each year. As it was impossible to have a formal banquet this year, the Press Club members enjoyed a barbeque supper in Mr. Denham's backyard April 14, instead.

It is at this time of year that the new Press staff takes over the paper. The new members of the staff are editor, Rozelle Pharr; assistant editor, Florence Luther, make-up editors, Virgil Oden and Jack Sawyer, and typists, Mary Elizabeth Gray and Louise Beam.

The program consisted of the group singing several popular songs and cowboy melodies. The out-going editor, Adele Keeton, made a brief speech and turned over to the new editor.

A very delicious supper of barbeque, beans, Spanish Rice, potato salad, cake, coffee, and tea were served to Adele Keeton, Gem Ella Dudley, Garrett McWilliams, Mary Faye Lucas, Claudie Everett, Lottie Jo Owens, Joy Coates, Rozelle Pharr, Florence Luther, Mary Perner, Margaret Russell, Ethel Mayes, L. B. Cox, Charles McDonald, Jack Sawyer, Virgil Oden,

Rozelle Pharr

Louise Beam, Mary Elizabeth Gray, Jim Ad Harvick, Mr. and Mrs. Denham, Mr. and Mrs. Evert White, Mr. and Mrs. Sikes, Mr. and Mrs. McCook, Mrs. Westerman, Miss Hazel Kirbie, and Mr. Cyril Pingelton.

### Cogitations

By MARY PERNER

Red just loves to look through other people's notebooks. . . . Flosie was one of his innocent victims. . . . She never found out. . . . Strange things happen in Ozona. . . . Something happened to Bill's Daddy's car, or something. . . . Oh well, probably only a rumor. . . . L. B. was sporting a new spring outfit Sunday. . . . And very smooth, too! . . . The show Sunday, "Hellzapoppin'" was silly and didn't make sense so Jimmy Pharr really liked it. . . . So did James Chapman. . . . Well, so did I. . . . Joyce's newly cut bangs are glamorous—if you don't believe it, ask her. . . . They are though, no fooling. . . . Mr. Denham's records are very pretty, but they wouldn't quite do for one of the student body's dances. . . . Why does everybody always want to sit by Jack Sawyer during tests? . . . Three guesses. . . . By the way, everyone should read the editorials each week by Jack. . . . They have some very worthwhile thoughts written in an interesting way. . . . Wayne West can't seem to find his fountain pen anywhere. . . . Little does he suspect. . . . Dynamite comes in little packages. . . . Well, let's talk about the weather for a while. . . . Hot isn't it. . . . Dick certainly has to work hard. . . . But he shouldn't feel bad. . . . It's probably good for him. . . . L. B. is so dumb. . . . He doesn't think it's practical to count the sheep's legs and divide by four. . . . He doesn't even want to count the ears and divide by two. . . . Foolish of him. . . . The bell is ringing, so I'd better stop. . . . Aren't you happy?

### SENSES

OWENS-MAYES

### HEARD—

Billy L. and Junior have broken up. Now just what could have caused this?

Jimmy just loves Algebra. He has had two years of it, but he doesn't know how to take the square root of a number yet.

Walgreen Drug Stores in San Angelo are good places to be at 5 o'clock on Saturday afternoon. Ask Pris for further information.

A person can have a much better time in San Angelo since there are a great many soldiers running around. Faye and Adele can probably tell you more about this.

T. E. M. was talking over the telephone to J. C. (not James Chapman) when all of a sudden some boy interrupted the conversation. Neither of the two seem to know who it was. J. C. was worried. T. E. M. was out late if the boy was talking over the same telephone as he was and T. E. M. was worried. Could a boy have been at her house that late at night? Now just who was the boy and where was he talking from? A mystery problem to be solved!

## Boys Quartet And J. E. Moss Present Assembly Programs

The Boys' Quartet opened the assembly program last Thursday with "Be Honest With Me." Next they sang "I've Got A Gal." As an encore they sang a short lyric, "Going To Press."

Supt. C. S. Denham introduced the speaker of the afternoon, Rev. Moss of the Church of Christ. In opening Rev. Moss read a passage from the New Testament on the destruction of Jerusalem. After reading the Scripture, he talked on Joseph's account of the way Thadus conquered and destroyed Jerusalem.

At the close of the assembly program, Mr. Denham made his announcements and dismissed the student body.

## GRADE SCHOOL NEWS

### Fifth Grade News

The following are some stories written by the members of the fifth grade:

#### How Beavers Live

I am Mr. Beaver, I live in lakes and swamps. I build houses of mud and willows, it is a very good protection to me. I make my door under the water.

I have a big thick tail that I swim with. When danger comes I slap my tail against the water, which means danger.

We Beavers will not work in the day, we work in the night. The two front teeth are to cut down trees. And the others grind the food. The mother Beaver is just as good as a father. They cut down the trees. The mother Beaver will not let the little beavers get out of the pond until they are one year old.

Armond Hoover

#### Jimmy The Beaver

I am Jimmy the Beaver and I am going to tell you my life.

First I lived in a river on Mrs. John's ranch. I lived in a little home that was made out of mud and sticks. Now I am going to tell you how to make the house. First we cut down trees then we cut them up in long sticks next we get mud from the bottom of the river then we stick these sticks with mud to make a round little house. Our front door is in the bottom of the house to protect us from enemies.

J. G. Hufstедler

#### How Beavers Live

I am Grandfather Beaver, I am going to tell you the story of how beavers live.

Beavers build very strong homes which no one but a bear or a man could tear down, I built my home on a ranch and the owner, Cowboy Hal didn't mind at all. He had many poplar trees and that is what we beavers build our homes of so it was just dandy. We live under water so our enemies can't get in. We are perfect swimmers.

Here comes my wife, so goodbye.

Sue Meinecke

#### Second and Third Grade News

##### What We Are Studying

We are learning about birds. We read about them in our library books. We find out what they eat, where they live, how they make their nests.

We are keeping a record of the different birds we see.

Some of us are making bird houses.

Gussie Ruth Sparks

#### The Baby Robins

The eggs must be kept warm. The father and mother take turns, sitting on the nest. In two weeks the eggs hatch out. It takes over two weeks before the baby robins learn to fly.

June Perner

#### Robins

A robin nest is made of twigs, string and cotton. It is lined with mud and grass. The female robin lays three or four greenish-blue eggs. The eggs must be kept warm. So they take turns sitting on them. In two weeks there are baby robins. When they are about two weeks old they learn to fly. Some robins lay eggs as many as three times in one summer.

Nova Belle Mears

#### Baltimore Oriole

The male is black and orange. The female is dull gray. Her nest is made of milkweed strings. It

## Ozona Declaimers Take Prizes At Stockton Meet

On Friday of last week, five declaimers from Ozona went to Fort Stockton in order to participate in the District Meet of the Interscholastic League. Those going to the meet were Jonel Oden, Max Word, Nan Tandy, Arthur Phillips, and Virgil Oden.

Those from Ozona placing in Fort Stockton were Virgil Oden, first place winner in Senior Boys; Arthur Phillips, second place, Junior High School boys, and Jonel Oden, second place, Junior girls.

After the declaiming, comments were heard by the judge, Baxter Polk from College of Mines.

The pupils wish to express their sincere appreciation and gratitude to Mrs. R. J. Adams for taking them to the meet.

is deep and long. It swings in the wind.

Baltimore Oriole lays six eggs. It takes almost two weeks for the eggs to hatch. The babies eat caterpillars. In two weeks they have feathers on their backs and tails. Now they can fly.

Dora

#### The Baltimore Oriole's Nest

The female builds the nest. First she takes milkweed string. She takes the string and loops it over and over the limb. Then she weaves more string in and out until it looks like a deep bag. This makes it easier for her to lay her eggs. They will not fall out.

Jerry Carl Lonsky

#### The Baltimore Oriole's Mate

The female oriole lays six white eggs in the nest. The nest is made of string. The father bird does not help her sit on the nest. He sits on a limb and sings. He tells her when danger is near.

Ben Byrl Conkin

#### Fourth Grade News

The Fourth Grade plans to give a radio broadcast to the second and third grades early this week. The theme of the program is the study of birds. The students select their own stories and poems to be used for the program. This program will combine the studies of the three classes. The second and third grades are studying birds. The fourth is studying communication. Later in the week they plan to visit the telephone and newspaper offices.

#### Seventh Grade News

Thursday the Seventh Grade will present the San Jacinto Day program under the direction of Miss Zelma Scott, the Junior High social studies teacher. The program will be opened by the group singing "Deep In the Heart of Texas." Bill Hoover, the president of the class, will introduce the program. He will trace briefly the story of Texas under the six flags. This will be followed by a chorus singing "Colonel David Crockett." A playlet will then be presented. The theme will be "Our Responsibilities and Duties to the Lone Star Flag." Ann West will represent the shadow of the flag and Max Word will play the part of Mr. Average Flag Maker. He interviews other citizens of Texas who contribute to the progress of our great state. Our state song, "Texas Our Texas," and the pledge to the Texas flag will also be given. Jimmie Choate will be soloist, and the class will join in the chorus of "Your Flag and My Flag." Every member of the seventh grade Social Studies class will participate and the class includes Sue Beasley, Jimmie Choate, Joy Gay Deakins, Bill Hoover, Joe Hufstедler, Jo Kelly, Geraldine Leatherwood, Robert Lavelace, Sue Meinecke, Ramona Martin, Juanita Oathout, Jonel Oden, Joe Perry, Corrine Phillips, J. C. Porter, Patsy Schwalbe, Jimmy Shofner, Ann West, Stanley Williams, and Max Word.

OHS

#### BUY FOR HUMAN NEEDS

The standard of waste which came into American homes during the early days of 1900 must give way to a household program of saving and conservation on a scale the younger generations never heard of, Dr. Bruce L. Melvin, Southwestern region consumer representative of the Office of Price Administration, told members of the Texas Federation of Women's Clubs at Dallas last week. "Perhaps we shall learn to buy things according to human need, instead of in accordance with human desires," Dr. Melvin said.

A preacher walked into a saloon, ordered milk, and by mistake was served a milk punch.

After drinking it, the holy man lifted his eyes to heaven and was heard to say: "Oh, Lord, what a cow!"

20 Persons Died  
Texas Fires First  
Months of 1942

AUSTIN — Fire has cost the lives of 120 persons in Texas during the first three months of this year, Marvin Hall, State Fire Insurance Commissioner, said today.

From the list of fatalities by fire, Hall revealed that the year had a horrible beginning. Forty-two persons were burned to death in the first 10 days of 1942, with a single fire resulting in seven deaths.

Twenty-eight persons died in eight fires which caused two or more deaths during the three-month period. On each of two days, Jan. 1 and Feb. 18, fires resulted in the death of nine people. The death of eight persons was reported on Jan. 2; seven on Jan. 8, and six on March 29.

Forty-nine of the 1942 fire deaths were children 15 years or younger. The fire victims' ages ranged from infancy to two of more than 100 years.

"Fire fatalities are always horrible," said Commissioner Hall. "The deaths recorded this year would stand as grim reminders for all of us to be careful with fire at all times. Besides those lives which have been lost, there has already resulted countless hours of agony by persons suffering from serious burns. Carelessness with fire — the toleration of needless fire hazards — too often bring death and disaster upon us."

The War Production Board has ordered an immediate stop to production of cover caps made of tinplate, or terneplate, designed as casures for tomato catsup, chili sauce, and for home use jars of jelly and preserves. After a four-week period, the same order halts the manufacture of such caps for bottled beer and soft drinks.

Behind The Scenes  
In American Business

By John Craddock

NEW YORK, April 13 — CONSUMERS' DURABLES — Last week, as the natural, inescapable climax of the trend that has been gathering speed for many months, came an order from War Production Chief Donald Nelson banning manufacture of practically all consumer durable goods by May 31. While it means no more ice boxes, vacuum cleaners and radios for most of us, Nelson pointed out that the production-stopping orders will have a "relatively slow effect on the standard of living" because manufacture of maintenance and replacement parts for most durable goods will continue . . . and besides, there still is a fair backlog of these goods in retailers hands. But in the long pull, this order is going to "change the face of American industry," the War Production Board chief said. The order is just one more milestone in marking industry's swing over to war production, and incidentally, the swing of the business pendulum appears to be really accelerating at this writing. The pace of Uncle Sam's war production effort for March has just been reported by Nelson as being at the rate of \$30,000,000,000 annually—a new high.

DOLED SELLING — Last week the Office of Price Administration took official action on its automobile rationing rules—the new orders aim at moving 360,000 cars to essential users in the next year . . . Sales of leading bakery companies are running 10 to 30 per cent above a year ago. Housewives are buying more cakes and cookies to save wear and tear on the family sugar bowl. The baker's sugar supply is limited too; he can only use four-fifths as much sugar per month as

New York Primed for Night Attack

It seems as if old Father Knickerbocker has sprouted porcupine quills instead of a beard as he prepares for a possible air attack. Men are manning anti-aircraft guns, and each night huge searchlights (right) scan the skies. The parapet (lower left) protects the men from concussion and bomb fragments during an attack.

he used in the corresponding month month in 1941. Result: thinner icings on the new "streamlined" cakes . . . Sears Roebuck and Montgomery Ward, two biggest mail-order houses, have appointed priority experts for their retail outlets and mail-order plants. Their job is to explain to other employees what evidence a would-be customer must have to prove his qualifications for purchase of more than 1,000 items. It is no longer possible to buy 10 to 20 pounds of nails without answering a few questions. The customer will have to prove that his need is essential from the standpoint of contributing to the war effort in some way.

TIP-OFFS ON THE TIMES — Representatives of approximately 15,000 employees of the Schenectady plant of General Electric Co. have voted to waive time and a half and double time pay for Saturday, Sunday and holiday work in a 40-hour work week . . . Employees of Pullman-Standard Car Manufacturing Co. celebrated Army Day by donating a big howitzer carriage and trench motor which they had made autographed and paid for. The weapons, painted red, white and blue, were dedicated to "General Douglas MacArthur and his gallant Philippine army." As parts for the guns passed along the production line workers die-stamped their names and scores of phrases on the control levers, axle and other parts. Slogans such as "Greeting to Mac," "Tokyo Special" and "Victory for MacArthur" were engraved on the guns. In addition to giving the guns to the Army, the workers purchased defense bonds totalling \$12,000 during March. . . . At a war conference of the United Automobile Workers, delegates not only voted to waive premium pay for holiday and weekend work, but also reaffirmed a pledge to refrain from strikes and work stoppages and to submit all disputes to mediation for the war's duration.

TRADE DATA — Steel mill operations at Pittsburgh climbed to 100 per cent of capacity, for the

thousand dealers in business." The work is being done on drills, grinders, lathes and other machines uncovered by the auto company's recent survey of 40,000 dealer establishments.

THINGS TO WATCH FOR — A glass board to substitute for cork in ice-box and roof insulation. The board, made by compressing tiny glass fibres and coating with asphalt, can be cut with an ordinary hand saw . . . A blackout awning, made in segments of steel that nest together in a telescopic manner. It can be used for sunlight protection when lowered half-way down; for blackouts when fully lowered . . . Piggybank premiums inside flour bags, with coins already inside . . . Shatter-proof glass made by applying a transparent resin to ordinary window pane.

ZIPPERS AND CLEANERS  
Production of vacuum cleaners must be discontinued after April 30, the WPB ruled, in a move to convert that industry's plants and tools to military manufactures. It also prohibited, effective April 1, the use of copper and copper base alloy and restricted the use of steel, zinc and zinc base alloy in the manufacture of zippers, snap fasteners, hooks-and-eyes, brassiere hooks and other garment closures.

Aircraft manufacturing as an industry began in 1910, when about 100 planes were produced by manufacturers. Today's goal is 60,000 planes, with even more to come next year.

"Just A Little BETTER Service"

### "Who says that you can't sell by TELEPHONE?"

"And all for a sixty-cent Telephone call. Boy! I was worried about that pending order in the next town. I couldn't be in two places at once. Lucky I thought of telephoning, for the Telephone sure pulled that order right 'out of the fire' and made this month a honey."

Many a salesman could boost his earnings by using Long Distance telephone calls to sell out-of-town customers. Try it awhile, you'll find the cost surprisingly low and the results surprisingly high. Long Distance is Sure . . . Quick . . . Inexpensive.

### New Staff Named At Annual Banquet Of Press Club

Rozelle Pharr was named the new editor of The Lions Roar, Ozona schools student newspaper, published each week as a part of The Stockman, at the annual banquet of the Press Club held Tuesday evening.

Because of the lack of a banquet hall, a formal banquet could not be held this year and the club substituted for its annual gathering a barbecue supper in the back yard at the C. S. Denham home. Barbecue and all its attendant necessities plus home-made cake constituted the plentiful fare.

The quill, representative of the editorial directorship, was passed to the new editor by Adele Keeton, 1941-42 editor in a brief ceremony. The retiring editor announced other key appointments on the new staff, with Florence Luther as assistant editor; Virgil Oden and Jack Sawyer as make-up editors; and Mary Elizabeth Gray and Louise Bean as typists. The new staff will take over with the next edition of the paper next week.

Present for the annual affair were Adele Keeton, Gem Ella Dudley, Garrett McWilliams, Mary Faye Lucas, Claudie Everett, Lottie Jo Owens, Joy Coates, Rozelle Pharr, Florence Luther, Mary Perner, Margaret Russell, Ethel Mayes, L. B. Cox, Charles McDonald, Jack Sawyer, Virgil Oden, Louise Bean, Mary Elizabeth Gray, Jim Ad Harvick, Mr. and Mrs. Denham, Mr. and Mrs. L. B. T. Sikes, Mr. and Mrs. W. E. McCook, Mr. and Mrs. Evert White, Mrs. Allena Westernman, Cyril Pingelton and the Press Club sponsor, Miss Hazel Kirbie.

### Wear Brothers—

(Continued from Page One) Phillips' ranch and thought that the Arthur Phillips ranch home was the Babe Phillips place. He declared that Babe Phillips owed him money, that Babe Phillips was his friend and that he and his brother did not think that they were committing burglary when they took the pistol and other items from the ranch house in lieu of the money said to have been due him.

Under questioning from District Attorney Callan Graham of Junction, the defendant was not certain as to whether or not the doors to the ranch home were open but denied a statement made at the preliminary hearing that the doors were closed.

Judge Jackson adjourned the April term of court after completion of the trial of the Wear brothers after nine days in session, Monday and Tuesday of this week the court heard two civil suits. In the case of Oil Royalties Corp., vs. R. H. Henderson, the court held in favor of the defendant. The suit by the oil concern sought to enforce a lien on a producing well on lands of Mrs. Clara Couch in this county, drilled by Roger Harris on acreage which Henderson originally secured on a drilling contract but which he subsequently turned over to his son-in-law for completion. The suit was based on a judgment the oil company held against Henderson but the court held that the lien was not effective as concerned the Couch well since Henderson had no direct connection with it.

Another suit to clear title to the Shannon estate lands in this county was tried. It was a suit styled J. S. Hixson, et al, against Clara Babb Allen and a long list of other defendants, holders of lease and royalty interests in an old oil lease made years ago on certain sections of the Shannon lands. Judgment was for the plaintiffs to correct title to the lands in question.

### Rotary Carries On While Seeking Place For Weekly Luncheon

Rendered temporarily homeless by the closing of the only two local cafes where assembly halls were available, the Ozona Rotary Club is carrying on its weekly programs with unabated enthusiasm while it seeks a permanent meeting place. Since closing of the Hotel Ozona cafe and Rendall's Drive Inn, the club has been served the past two weeks at Hotel Ozona.

Next week's meeting, however, will be in an improvised assembly hall in the new O. W. Smith building, with Mrs. Charley Butler serving from her cafe two doors away. The club Tuesday held a business meeting followed by an interesting round-table discussion of the club's aims and ideals.

Saving of 35,000 tons of steel will result from the WPE order putting an immediate end to manufacture of fluorescent lighting fixtures, except for essential uses. Until April 22, manufacturers may produce fixtures and parts from materials on hand.

### U. S. Troops Start Building Alaska Highway

Upper picture shows journey's end, as U. S. engineer corps troops arrive at the end of the steel ribbon, at Dawson Creek, B. C., to start building a highway to Alaska from the end of the present road at Fort St. John. Below: First activity of road building at start of construction of the Alaska highway. Note men in foreground with track pulling another road-building truck out of a ditch. All equipment for the project was shipped from the States.

### Four New Tests Are Scheduled In Crockett World Pool

M & M Production Co. and Shell Oil Co., Inc., have filed applications for permits to drill two tests each in the World pool in Crockett County.

M & M's pair would be on the northwest 160 acres of section 63-BB-EL&RR, the lease on which recently was acquired from Harris G. Eastham, Jr., of Midland. There are two producing wells on the tract. M & M No. 7-D L. P. Powell would be 440 feet out of the southeast corner of the north half of the west half of section 63 and No. 8-D Powell 440 feet out of the northeast corner of the tract. Both would be scheduled 2,700-foot tests.

Shell plans to drill No. 2 L. P. Powell 440 feet out of the northwest corner of the north half of the southwest quarter of section 63-BB-EL&RR and No. 3 Powell 440 from the north, 2,419 feet from the west line of the north half of the southwest quarter of the same tract. Both would be scheduled 2,800-foot tests.

Sun Oil Co. was scheduled to begin Tuesday the plugging for abandonment of its No. 1 Shannon Estate, western Crockett County wildcat, which the day before encountered a hole full of sulphur water from 2,085 to 2,089 feet, the total dept. There was a rainbow showing of oil with the water. A slight showing of gas was logged at 1,305 feet and slight showings of oil at 1,580, at 2,095 and at 2,085 feet.

### Fourth National—

(Continued from Page One)

Lottery and no order numbers will be assigned, although the registration cards will be serially numbered by local boards.

Because of the difficulties which may be experienced with elderly registrants, registration places will be carefully located in every local board area throughout the State and sufficient registrars will be provided so that registrants will not face transportation difficulties or long delays at the registration places, the Director stated.

In the metropolitan areas special registration places will be arranged.

### Masking the Bushman

This photo, made in Australian territory, shows a native being introduced to the blessing of modern civilization, the gas mask. The warrior seemed quite pleased with it.

### U. S. Employment—

### Model Airplane Week Celebrated June 22-27 at A. & M.

COLLEGE STATION — The week of June 22-27 will be Model Airplane Week, Dean Gilchrist of the A. & M. College School of Engineering, announced today. During this week instruction periods will be arranged, conferences will be held, and various model plane contests will be held at College Station and at other points in the State co-operating in the movement.

Dr. Howard W. Barlow, head of the A. & M. Department of Aeronautical Engineering, will be the director. The Department of Industrial Education will be in charge of instruction.

"The present war will be won in the air," Dean Gilchrist said. "Model airplane builders the nation over are co-operating with our army and navy in constructing models and in designs. Model Airplane Week is just another important step in the A. & M. College's participation in the war effort."
