Kitty's Korner

By Kitty Montgomery

Around three inches of rain in these parts last Thursday literally dampened chances for the annual homecoming bonfire, but guess the Lions didn't need it since they won by quite a big margin. A thunderstorm Tuesday morning left a little over .22 of an inch of rain on the town, so it's just possible it might still be too damp for the bonfire tonight.

The couple of little cool fronts made it mighty pleasant the past week, and fall seems to be just around the corner.

Next week marks National 4-H week and one would be hard pressed to find a more active 4-H group than Crockett County has. They have some very good and dedicated adult leaders and get much help from County Extension Agents, Pete Jacoby and Debra Gentry. So our congratulations to this very active group.

THE QUEEN AND HER COURT - Miss Stacy Dockery, center, with Lion captain Gerald Huff, was crowned 1972 Football Queen during halftime ceremonies last Friday night during the Ozona-Mason football game. Other candidates and their Lion captain escorts are (l to r) Jan Pelto, David Sewell, Dana Collett, Randy Crawford, Gary Whitley, Darolynn Wilson, Ruben Tambunga, and Kay McMullan. Name of the queen was kept secret until the candidates were escorted onto the field. (D. Wallace Photo)

Fort Lancaster Work Resumption Is Urged

Further development of Fort Lancaster historical site, additional historical markers, and plans for the annual meeting of the State Historical Survey Committee in Austin in October drew attention at the monthly meeting of the Crockett County Historical Survey Committee Monday afternoon in the courthouse.

Mrs. R. A. Harrell, committee chairman and one of the prime movers in the study and preservation of things of historical interest in the county, presided over the meeting. Mrs. Harrell called attention to the continuing lag in promised development work at the Fort Lancaster site. Recently a considerable sum of funds allocated to Fort Lancaster were diverted by the Parks and Wildlife Department for development work at Fort McKavett. A strong protest from backers of the Fort Lancaster project brought promise from the Department that the funds would be returned to Lancaster, a halt of work at Fort Lancaster being necessary because of a lag in archeological exploration.

A letter on behalf of the committee is being forwarded to the Parks Department in Austin urging that promised development be carried out at the earliest possible time. Display

cases, constructed especially to fit available space in the visitors' center at the Fort, were promised but to date have not been supplied. These are necessary before existing and still to be uncovered artifacts can be safely displayed. University of Texas archeological teams have uncovered valuable artifacts in their work at the Fort site and these will be displayed, along with an expected large quantity of other items taken from the fort site in years gone by.

Mrs. Joe Clayton told the intensely interested group of the recent Winedale Workshop which she and Mr. Clayton attended at the Winedale Inn Properties near Round Top, Texas, in Fayette County, sponsored jointly by the Texas State Historical Survey Committee and the University of Texas Winedale Inn Properties. The workshop topic was "The Architecture of the Texas Frontier." Nineteenth century gardening on the Texas frontier was another facet of the two-day discussions. Among speakers were Dr. Marilyn Sibley of the Houston Baptist College; Pete Rippe, Director of Harris County Heritage Society; Dr. Abigail Curlee Holbrook of Austin; Dr. Perry Jordan, Department of Geography, (Continued on last page)

Canvass Next Week For Christmas Fund

Mrs. James Baggett and Mrs. Fred Hagelstein will canvass the town next week on behalf of the Chamber of Commerce sponsored, Christmas decoration fund.

Ray Boyd heads up the committee and engineered a successful drawing project for a rifle earlier in the year which helped the fund a great deal.

However, a balance remains on decorations purchased for the town last year, and some new ones are necessary for Ozona's Christmas sparkle this year. Next week's drive is expected to put the fund over the top.

Mrs. Hagelstein will call on the business houses and Mrs. Baggett will canvass the residential sections with her committee.

Three 4-H Clubs Elect Officers

Three 4-H clubs met and elected officers last week for the coming year. The Cloverleaf 4-H club elected Anne Tillman president, Rink Davis vice-pres., Judy Huckabee as secretary-treasurer, Mary Jo H yes as reporter and Bill Bissett as council delegate. Mrs. Tom Mitchell and Mrs. Ray Davis are organizational leaders.

Officers for the Horseshoe 4-H club are as follows: Jackie Hyde, President; Lisa Holt, vice-president; Sally Bailey, secretary-treasurer; Deklyn Cain, reporter; and Kay McMullan, council delegate. Organizational leaders are Mrs. Frank McMullan, Jr., Mrs. Lonye Cain, Mrs. Eddie Hale and Mrs. Jack Hyde. Mrs. Otis Holt will serve as refreshment chairman.

The Mustang 4-H club elected Karen Kirby as president, David Ivy as vice-president, Lea Montgomery secretary-treasurer, Rebecca Everett reporter and R. J. Everett, III, as council delegate. Regina Everett is program chairman and Jeffrey Young is refreshment chairman. Mrs. R. J. Everett Jr., and Bill Ivy are organizational leaders.

C of C Hunting Lists Go Out

Hubert Baker, manager of the Ozona Chamber of Commerce, reports an unusually large number of requests for hunting leases this fall.

As of Monday, 820 hunting lists had been mailed out to prospective hunters for Crockett County.

Of the lists sent out, over 600 were sent to hunters who hunted in Crockett County last year, or who registered for the hunting prizes.

48-22 Rout Of Mason Highlights Homecoming; Sonora Broncs Next

The Ozona Lions gave the home fans their money's worth during the annual homecoming game Friday night, pounding the Mason Punchers 48-22. A sell-out crowd was on hand to root for the Lions. The Lion victory knocked the Punchers out of their second place ranking in the Associated Press high school 1A poll.

The Lions will be in Sonora tomorrow night in an effort to knock the Broncs out of first place in the poll. The Broncs haven't been beaten since the Lions edged them on their home field two years ago.

Kay McMullan Is Best All Around At Iraan Show

Ozona's Kay McMullan won the Senior All-Around Horseman award during the fourth annual Iraan Junior Horse Show at Yates Arena at Iraan Saturday.

Kay was riding Diablo Bars Junior all-around horseman was Pam Powers of Sonora riding Poco Tuffy Red.

Some 44 contestants participated in 27 halter and performance classes. Prizes for the show included equipment, belt buckles and ribbons.

Judges for the show were Johnny Fitzgerald of Fort Davis and Dale Davis of Fort Stockton.

Other Ozona participants and winners in various events were Karen Kirby, Tracy Fikes, Shelley Jones and Cliff McMullan.

Ozona scored first in the

second quarter on a 13 yard pass from Sewell to Huff with Sewell kicking the extra point. Mason bounced right back and scored on a pass-play, kicking the extra point to tie the score.

A 41-yard bomb put Mason out front for a short white 14-7, but the Lions marched down the field to allow Tambunga to hit paydirt from 5 yards out. The PAT was good and halftime saw the game tied 14-14.

About mid-way in the third quarter, Huff fired the Lions up with an exciting 76 yard touchdown run right through the middle of the Mason line. Sewell toed the point and the Lions were out in front to stay.

A flurry of Lion scoring (Continued on last page)

Ozona's defense was outstanding, holding the Punchers to 89 yards rushing and putting a damper on the fantastic passing of Ted Giestweid. Rick Webster did an outstanding job for the Lions on defense, knocking numerous Puncher passes astray, and other times stopping the receiver in his tracks in what would otherwise have been sure touchdowns for the Mason club. Other standouts were Gary Mitchell and Randy Crawford, who dumped the Mason Puncher behind the line pretty consistently during the second half.

Ozona racked up 462 yards rushing, and besides Huff, two more Lions had over 100 yards rushing, Ruben Tambunga and Timmy Evans.

Neither team scored in the opening quarter, although the Lions controlled the ball for the most part.

Ozona scored first in the

second quarter on a 13 yard pass from Sewell to Huff with Sewell kicking the extra point. Mason bounced right back and scored on a pass-play, kicking the extra point to tie the score.

A 41-yard bomb put Mason out front for a short white 14-7, but the Lions marched down the field to allow Tambunga to hit paydirt from 5 yards out. The PAT was good and halftime saw the game tied 14-14.

About mid-way in the third quarter, Huff fired the Lions up with an exciting 76 yard touchdown run right through the middle of the Mason line. Sewell toed the point and the Lions were out in front to stay.

A flurry of Lion scoring (Continued on last page)

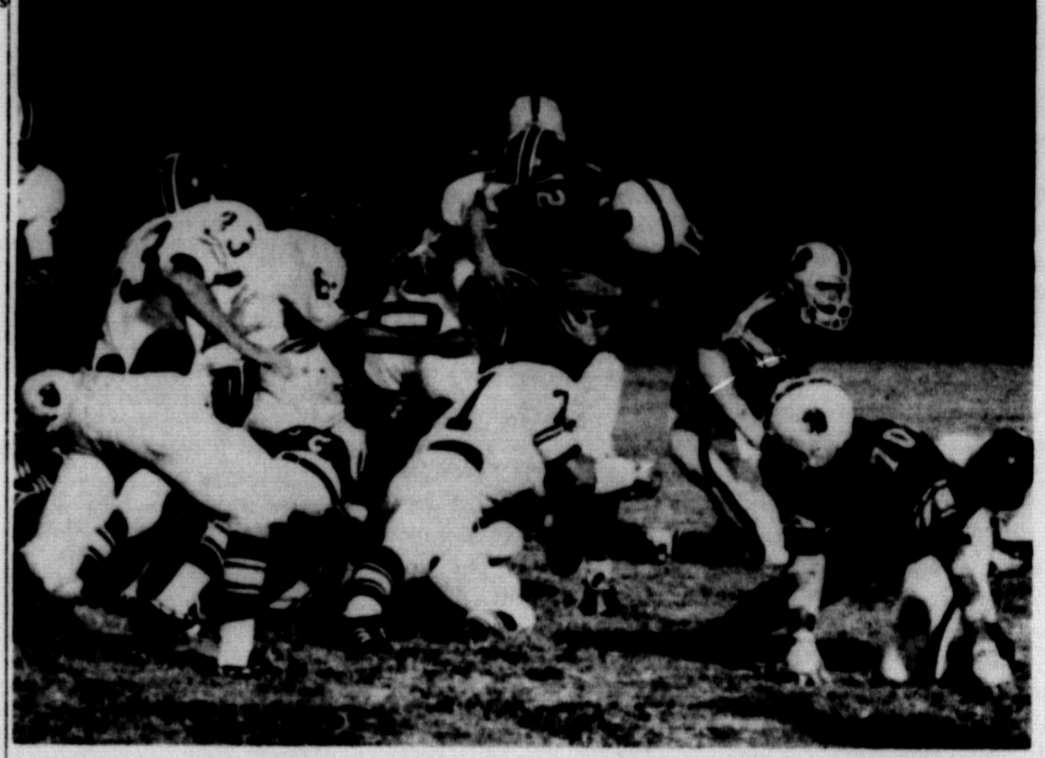

Pvt. Donald Olson Completes Basic Training in Army

Army Private Donald F. Olson, son of Mr. and Mrs. George D. Olson, of Ozona, completed eight weeks of basic training at the U. S. Army Training Center, Infantry, at Ft. Polk in Louisiana.

He received instruction in drill and ceremonies, weapons map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

He received the training with Company B, 1st Battalion of the 1st Training Brigade.

Private Olson is a 1971 graduate of Ozona High School.

RACKING UP YARDS FOR THE LIONS is Gerald Huff, leading ground-gainer in the Ozona-Mason game, and leading scorer for the Lions. He is stopped by a bevy of Mason defenders here, but not before making a good gain for the Lions. (David Wallace Photo)

National 4-H Week Oct. 1-7; JV And Cubs Pick Up Three Wins Last Week

The green and white banner strung across main street is Crockett County's commemoration of National 4-H week. There are approximately 160 Crockett County youth enrolled in the 4-H program.

Some of the projects which Crockett County 4-Hers participate in are feeding projects for sheep, goats, horses, swine and beef cattle, also they are interested in clothing, food and nutrition, range management, bicycle safety, health, home management, photography, arts and crafts, citizenship, gun safety, community improvement and many others.

College Station---How often have we looked progress in the eye and then turned our backs because we were unsure which direction to go or which new method or technique to follow?

Well, 4-H is a venturesome organization of active boys and girls and these youngsters are constantly eyeing progress and taking the necessary steps to move forward and to grow and develop. 4-H is reaching

out into new areas, involving youth with new interests and backgrounds, points out Dr. Don Stormer, state 4-H and youth leader for the Texas Agricultural Extension Service.

Thus it's appropriate that this year's theme of National 4-H Week, October 1-7, is "A New Day -- A New Way."

"4-H is reaching more and more of our youth across the state," says Stormer. "It's reaching into urban areas and involving youngsters with a multitude of backgrounds, needs and interests. Thus 4-H has expanded its program area to meet these varied needs and interests."

4-H has actually taken on a new look, according to the state leader. Boys and girls are now encouraged to "do their own things, set their own pace, venture into new areas of interests."

"4-H'ers are limited only by their imagination, and that's what makes 4-H so exciting today," believes Stormer. "4-H is also atruned to (Continued on last page)

Ozona's Junior Varsity and the junior high Cubs won three games against their Junction counterparts last Thursday night, to put Ozona solidly in the win column in the football department for the week.

The three teams were scheduled to play in Junction, but switched fields due to homecoming activities. In spite of rain, the three teams won easily.

The Junior Varsity chalked up a 31-0 win, eighth grade cubs won 24-14, and the seventh graders took an 18-0 win.

The Cubs will host Big Lake tonight for a double-header and the Junior Varsity will be in Big Lake.

Fullback Richard Gonzales led the JV to its big win, scoring three touchdowns for the Lions. T ilback Romaldo Cervantez scored a touchdown and kicked an extra point for the winners and Richard Sanchez, in his slot as defensive back, intercepted a Junction pass and ran it back for the final tally.

Outstanding in defensive

play were Henry Fay, freshman middle guard, and Robert Rodriguez, defensive tackle.

The win gives the JV a one win-one tie season. They tied the Sonora JV in the first game of the year.

Scoring for the eighth grade Cubs were Orlando Deltoyas with 2 touchdowns and a 2-point conversion; Johnny Castro with a touchdown, and Clifford Crawford, end, caught a pass from qb Valen Aldridge for a two-point conversion. The team remained unbeaten for the season, having taken a 28-0 win over Sonora in the first game.

Blake Moody, quarterback, scored all three touchdowns for the seventh graders. They are also 2 and 0, beating Sonora 12-8 in the first game.

Mr. and Mrs. Brooks Dozier and son of Irving were here for the homecoming weekend. Dozier was head basketball coach at Ozona High School for many years and Mrs. Dozier taught at North Elementary.

A WAY TO END A BALL GAME -- For the Lions that is. The photographer took this shot of the scoreboard as the final whistle sounded in the homecoming game Friday night. The sign below was one of several made by cheerleaders and fans. They pop up on campus during the week and are displayed on the football field during the games. (David Wallace Photo)

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected if called to the attention of the management.

CLASSIFIED RATES — 6 cents per word. Minimum charge \$1.00 per insertion.

PRISONS AND THE PUBLIC

Since the time of Thomas Jefferson, prison reform has been an interest of humane Americans. Jefferson was probably the first to realize that a society is judged by how it treats its less fortunate.

Demanding better treatment and living conditions for prisoners, Americans have come to realize that persons are not in prison to be punished. Being there is punishment.

Now that kind of treatment and rehabilitation are emphasized in our prisons, some look forward to the day when there are no prisons. Many Americans feel that we are on our way to a crimeless society. More understanding and patience towards the criminal, it seems, are all that is necessary.

Reason dictates, however, that unless man's nature is changed, crime and criminals will continue in spite of the most well-intentioned efforts of social workers.

It is not likely that liberal social theorists will change man's nature. Thus, we must derive a civilized method for protecting the good people from the bad.

Judging from so-called enlightened prison reform attempts, more must be done than sympathizing with the criminal.

One might give the case of the furloughed Florida prisoner as an example. Given 20 years for murdering his wife, the man was granted a weekend furlough after only one year behind bars. For his furlough, the prisoner chose a tavern. He soon got in a fight with his late wife's brother and is now accused of killing him.

Persons like this show anti-social behavior all their lives. Yet, social workers refuse to believe that they are really bad, and release them on an unprotected public. Ending harsh prison conditions should be encouraged, but not at the peril of law-abiding citizens.

HANOI'S NEWEST SANCTUARY

Thanks to a successful propaganda effort, the North Vietnamese can now stock war supplies in full view of American pilots without being attacked.

The Communists place guns, spare parts, ammunition and vehicles on their dikes. American pilots cannot attack them where they are because that would cause a furore at home — Jane Fonda, Ramsey Clark, The New York Times, George McGovern and Abbie Hoffman would have a fit.

So, instead of blasting concentrated military supplies, U.S. planes must attack single trucks as they leave the dike sanctuaries. This is more dangerous and less effective. Too often, supplies get through and more fliers are lost. Oh that's ok, say some, as long as those precious dikes are not touched.

Besides this haphazard military procedure, there is another danger. Red anti-aircraft batteries could be placed on the dikes. Naturally, the U.S. still would not attack the dikes, leaving us a Manchurian sanctuary situation. (During the Korean War, U.S. pilots could not chase Red planes into "neutral" Manchuria.)

The whole situation is so ridiculous that it defies reason. Defying reason is nothing new to our peace-at-any-price advocates, but can you imagine them saying it was unfair to bomb German dams, storage areas and supply centers during World War II?

No one complained when we bombed Japanese cities and destroyed their dikes. President Roosevelt did not beg Tokyo to end the war. Resolution and strength in battle and diplomacy are the ways wars are won.

If the U.S. had promised not to bomb parts of Japan, the Japanese would certainly have used those sanctuaries to their advantage. But now we are granting the Communists this advantage, an advantage that will prolong the war and cost much blood.

Party Lines

Improved Production Subject Of Sheep Day

San Angelo—Discussions on improving production efficiency in sheep will highlight the Sheep Field Day, Oct. 3, at the Texas A&M University Agricultural Research and Extension Center at San Angelo. The day-long event will begin at 9:30 a.m. with a welcome by Dr. Carl Mentzer, resident director of research and professor with the Texas

Agricultural Experiment Station.

Allen Turner, district agent with the Texas Agricultural Extension Service, will serve as master of ceremonies.

Lead-off speaker will be Dr. Guy Smith, associate professor with the Texas A&M Center, will talk on maximizing the reproductive performance of range fine-wool ewes and will also discuss breeding, culling and selecting animals for improved reproduction.

The mating vigor of rams and raising more lambs by artificial mating and preventing perinatal mortality will be discussed by Dr. C. F. Parker with the Ohio Agricultural Research and Development Center.

Jack Geff of Kerrville, Extension sheep and goat specialist, will present information on the feasibility of shearing sheep twice a year.

Mentzer will lead off the afternoon session with a discussion on multiple lambing.

NOTICE TO BIDDERS

Sealed bids will be received in the Court House, District Court Room, Ozona, Texas, until 2 o'clock P.M., CST, October 10, 1972, and be publicly opened and read aloud, for the construction of a Crockett County Road Department Building located in Ozona, Texas.

Proposals will be received on the building for all General Construction, Electrical, Plumbing, Heating, Ventilating and Air Conditioning as a combined bid. All proposals be received after closing time will be returned unopened.

Bids shall be made with ink or typewriter and be enclosed in a sealed envelope and marked "General Construction Bid on Crockett County Road Department Building" and addressed to the Commissioners Court, Crockett County Court House, Ozona, Texas.

Plans and specifications may be obtained from Leta Powell, County Clerk, Crockett County, Texas, for a deposit of \$25.00. The deposit will be returned, provided the plans and specifications are returned in good condition within three (3) days following the date of opening.

All bids must be accompanied by Bid Bond, Certified Check, Money Order or Surety Bond in the amount of not less than five percent (5%) of the total amount of bid payable to County Judge of Crockett County, Texas. The successful bidder will be required to furnish performance bonds in the amount of one hundred percent (100%) of the contract, also he will be required to execute a formal Contract within ten (10) days after bid opening.

Attention is called to the fact that there must be paid on this contract not less than general prevailing rates of wages for all classes of Laborers and Mechanics as required by law.

All questions or matters pertaining to the contract and Contract shall be referred to the Honorable County Judge, Crockett County, Texas, or Mr. Ronnie Owsen, 1004 S. Oaks, San Angelo, Texas. The Commissioners Court reserves the right to reject any or all bids submitted.

Washington News Letter

By Congressman O. C. Fisher

Military survivor benefits and suspension of Federal safety and health inspections, were featured news items on Capitol Hill last week.

The survivor benefits measure is a landmark in military personnel legislation. As one of the original authors of bills on the subject I attended the President's signing ceremony at the White House. For a memento I was given one of the pens used in the historic signing of the bill that was enacted.

In general terms, this law gives the families of military retirees the same protection available to the families of civil service retirees, and will require comparable monthly contributions by those who participate. And it puts a \$200-per year floor under the income of all current military widows.

A House approved amendment, which I offered to the annual HEW-Labor Department appropriation bill will, if retained by the Senate, suspend during the current fiscal year inspections by Labor Department agents of small business firms, ranchers and farmers, under the Occupational Safety and Health Act (OSHA). Hopefully, the time will be extended.

A joint discussion on raising sheep in confinement by Roger Hackman, Coleman County Extension agent, and Heribel Wilson, a sheep producer, will conclude the program.

Activities of the Texas Sheep and Goat Raisers Association will be discussed prior to the noon luncheon by John Cagle of San Angelo, president of the association.

Field day visitors will also have an opportunity to inspect exhibits which will include performance tested Suffolk rams, crossbred ewes and methods of pregnancy diagnosis in sheep.

The field day is open to the public.

Small firms which will benefit from my amendment are those which employ no more than 15 workers.

This law (OSHA) has become extremely burdensome to small business and to farmers and ranchmen. Federal inspectors can, without warning, impose heavy penalties. In Texas, the State health and safety laws are fully ample for this purpose, particularly as applied to small business. Under the Federal law the Labor Department has incorporated nearly 100,000 "safety standards," covering the structure of stairways, floors, walls, wiring, piping, etc., and even requires two toilet facilities in each business -- even though only a man and his wife work there.

My amendment would give temporary relief to 85% of businesses now covered and would apply to 25% of all workers now subject to OSHA.

Tips For Gardeners

From the Ozona Garden Club By Mrs. Bailey Post

From now until Christmas this is the most enjoyable season of the year to me. With the countryside well-covered in grass, we should miss the usual unwelcome sand storms.

With the cooler days coming on, there are a number of chores you can do around the garden this fall that will make next season more productive and much easier.

If you did not divide or plant new bearded iris in the spring, they may be planted now. The iris bed should be in full sun if possible and should be well drained. Soil should be light in texture with a balanced plant food added.

Try alliums in your roses. The colorful flowering onions. The allium is just as effective as its strong-smelling vegetable cousins in chasing pests and a lot more attractive, says "Organic Gardening."

Any of the dozen varieties available to gardeners are also well worth planting for their long-lasting, ball-like clusters of blossoms in a range of sizes and colors.

Let me remind you it's compost heap time. Recipe next week.

Womans Forum In Regular Meeting

Members of the Ozona Womans Forum met for their first regular meeting of the year Tuesday at the Civic Center.

Mrs. Larry Arledge, president, presided. Hostesses were Mrs. Dempster Jones, Mrs. Carl Appel and Mrs. J mes Lively.

The Forum launched the new club year with a luncheon earlier in the month, with Mrs. Gully Cowser, Heart of Texas District President, as guest speaker.

Presenting the program for Tuesday's meeting were Mrs. Kirby Moore, Mrs. W. H. Whitaker and Mrs. P. C. Perner, Jr. The program was entitled "A Stitch in Time Conservation."

Other members present were Mrs. James Baggett, Mrs. T. J. Bailey, Mrs. Charles Black, Jr., Mrs. Iohn Coates, Mrs. L. B. Cox, III, Mrs. Brock Jones, Mrs. Beecher Montgomery, Mrs. W. T. Stokes, Mrs. Arthur Kyle, Mrs. Marshall Montgomery, Mrs. L. D. Kirby and Mrs. Jake Young.

Debra Says:

By HD Agent Debra Gentry

Fifty-five persons visited the Crockett County Extension Office last Wednesday for the first open house ever in the facility. After arriving for work Thursday morning, I found the Texas A&M Agricultural Extension Service sign lying face down on the floor.

I guess all the excitement was more than it could stand, or maybe it had something to do with the terrific thunder storm the night before.

Some visitors asked for directions to the Extension office, because this was their first visit. Your Extension Office is located on the top floor of the Courthouse Annex. You won't find refreshments everyday - but everyone is always welcome.

If you're defrosting meat for your family's meal tonight, keep this in mind: For faster defrosting, place the product in a watertight raper and place it in cold water.

Whoever you are and whatever your age, there is a place for you in 4-H. Youth between the ages of 9 and 19 can enroll and participate in 4-H.

Members of the club are selling tickets for the drawing at \$1 each. Holder of the winning ticket number need not be present to win.

Proceeds from the project will go toward financing the many civic projects financed by the club throughout the year.

Mrs. Bill Whatley of Wichita Falls and Mrs. Audra Moore of San Angelo were Ozona visitors last week.

FOR SALE - Four duplex brick apartments, income around \$350 per month. Also, will sell lot next to apts. Financing can be arranged. Call Claud Leath, Ph. 392-3068 23-tfc

Methodist W.S.C.S.

The Womans Society of Christian Service met last Wednesday in the church parlor to begin a new mission study.

The program "Faith and Justice," was directed by Miss Dorothy Price and Mrs. R. A. Harrell.

It was announced that the annual conference will meet in Brownsville October 13-15.

Others present included Mrs. Roy Killingsworth, Mrs. Maudie Couch, Mrs. L. B. Cox, Jr., Mrs. S. M. Harvick, Mrs. L. L. Bryant, Mrs. W. O. Reeves, Mrs. L. D. Kirby, Mrs. J. A. Fussell, Mrs. Bill Cooper and Mrs. Bailey Post.

Mrs. Stephen Perner is in Friendswood, visiting with her son, Chris Perner, and his family.

Rev. and Mrs. Gene Welch were honored with an ice cream supper in the fellowship hall of the First Baptist Church following the evening service Sunday.

Rev. Welch, who came here from Odessa as pastor of the church a few months ago, resigned earlier this month and he and his family moved to Dallas Monday.

LION SIGNS are a fairly common sight this year around Ozona High School Campus on Fridays, especially clever were the signs for last week's OHS homecoming. A Lion fan club of sorts, headed by the cheerleaders has been formed and they enjoy doing the art work seen at the games, on campus and at the Friday pep rallies. The above sign was placed on the lawn behind the school and Friday night decorated the field.

The The Function Of Conservation Districts

By-Clitis H. Sinclair,

D. C. - S. C. S.
What is a soil and water conservation district? How do they operate?
Since the first soil and water conservation district was organized over 3,000 districts have been established. Today, 97 percent plus of the farms and ranches in the United States are in such districts.
Soil and water conservation districts are people - not just an idea or a program. The directors elected to hold office are in a very important position. Directors govern the districts. They are all citizens of the districts they serve, and are usually farmers or ranchers. They are chosen by their neighbors and they work with little salary and with little praise.
Soil and water conservation districts are created by local people under authority of State law. The districts are financed by State and county appropriations, by money earned by the

districts, and by contributions from private sources. Districts are units of State government.
District directors, however, have the authority to enter into formal agreements with Federal, State, and private agencies. The U. S. Department of Agriculture has an understanding with the board of directors after the Board has prepared its district program and requested Department assistance from the Soil Conservation Service and the help of other Department agencies.
Each board director is responsible for soil and water conservation within its district. In addition to deciding on a district program, and planning and arranging for assistance to put the program into effect, they are responsible for making cooperative agreements with farmers and ranchers; seeing that soil surveys needed for sound technical work are made; making the best use of available funds; setting up practical work priorities; cooperating in adopting practices and rates for cost sharing in applying needed conservation; acquainting landowners and operators with sources of credit; and informing all people of the soil and water conservation problems in the district.
A soil conservation district is divided into five zones. A director is elected from each zone to serve for a five year period. One director is elected each year.

S.S. Visit For October Is Set

Johnny Grammer, Field Representative for the San Angelo Social Security Office, has scheduled his October visit to Ozona. He will be at the County Courthouse on Wednesday, October 18th from 10:30 a.m. to 12:00 noon. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058."

My Neighbors

The Directors of the Crockett District are as follows: Alvin Harrell, chairman; L. B. Cox, Jr., sec.-treas.; Bill Baggett, vice-chairman; Charles Davidson III, and Joe Couch, members.

'73HS Grads May Apply For ROTC Scholarships Now

Maxwell AFB--Male high school students who will graduate in 1973 and are interested in flying are eligible to apply for an Air Force ROTC four-year college scholarship. One thousand four-year college scholarships are available for students who will enroll in the Air Force Reserve Officers Training Corps at one of the colleges and universities in the United States and Puerto Rico which offer the four-year program.

The scholarships will be awarded to qualified students who agree to become Air Force pilots or navigators after college graduation. Each scholarship pays full tuition, laboratory fees, and text book reimbursement. In addition, each scholarship student receives a monthly nontaxable subsistence allowance of \$100.

All applicants for a scholarship must qualify on the Air Force Officer Qualifying Test and on an Air Force medical examination. A special committee of Air Force officers will evaluate all students who apply for a scholarship. They will consider the student's scores on the American College Test or the Scholastic Aptitude Test, high school grades, extracurricular activities and personal references. Interested students must submit their applications postmarked no later than November 15. Application forms and additional information may be obtained by writing Directorate of Admissions, Air Force ROTC, Maxwell Air Force Base, Alabama 36112.

ICE CREAM PARTY HONORS 4-Hers

Mrs. Tom Mitchell honored her 4-H cooking group with an ice cream party at her home Monday evening. This was the kick-off meeting for the cooking club which will be under Mrs. Mitchell's leadership for the year.

1973 Century - Buick's Newest Design

Buick's all-new intermediate line for 1973 is represented here by the luxurious Regal coupe (top) and the Century Lux Colonnade hardtop sedan. The Regal styling is enhanced by a crisp, formal roof and uniquely-styled quarter windows that provide it a complete identity of its own. The Century Lux sedan has three side windows for better visibility. The entire Century line features an unprecedented number of new body and chassis features and a cockpit-styled instrument panel which permits easier servicing.

Increase Noted In WT Antelope

San-Angelo--West Texas prong-horned antelope are increasing by leaps and bounds. The Texas Parks and Wildlife Department reports that 60 percent of pronghorn does in the Trans-Pecos and Permian Basin had fawns this year. Panhandle antelope crops shape up to be the second best in the past 12 years. Department biologists out west will issue special permits to landowners which are required for coming hunts in the fall. George Litton of the Parks and Wildlife will issue 163 permits to landowners in nine Permian Basin counties. Tom Hailey will allocate 938 permits to Trans-Pecos landowners. Panhandle landowners will receive about 381 permits from Dick DeArment.

All permits will be issued by department officials prior to Sept. 20.

In the Panhandle Regulatory District, the pronghorn season runs from Sept. 30-Oct. 3 with a bag limit of one.

The season is open Sept. 30-Oct. 8 on the Possum Kingdom, Permian Basin and Trans-Pecos Districts with a bag limit of one.

Parks and Wildlife Department biologists report that the herds are in excellent condition as a result of good range.

In the past, one lucky hunter in the Permian Basin bagged an antelope with horns exceeding 39 inches in length. The Boone and Crockett record is over 22 inches but the Texas animal is rated as one of the four best pronghorns killed in the state.

Imagine the possibilities for this year.

Calling All HOME MAKERS

Brought To You By J. D. Brown

DOES YOUR HOME HAVE "EUPHORIA?"

The dictionary defines euphoria as "a feeling of well being" - and when all is said and done -- this, more than anything else, BROWN is what every woman is hoping to accomplish in furnishing her home.

Take a slow walk through all your rooms and take a good long look at all of your furnishings and decor. Look at your floors, walls and ceilings, at the colors, textures and arrangements of your furniture, and you will soon know if you get that feeling of well being.

If you and your family get this feeling you are very fortunate and will surely enjoy every moment spent in your home.

If you don't get this feeling (and many people do not then, it's time to make some changes.

This does not necessarily mean that you need a complete re-furnishing job. You may not need anything new at all. Your problem may be solved by re-arranging your furniture or adding just one or two new things.

Just as many women get a lift by buying a new hat, you may do the same for your home by adding a piece or two. A new chair, lamp or a new cocktail table may do the trick. Very often a change of color can give a lift to a room. Do whatever it takes to create your own euphoria.

And when you need help, we stand ready to serve you.

Let's pretend you're in the driver's seat of that car cruising down this road. See the blind curve ahead? Of course not. Neither did many others. Some landed in hospitals; a few were less lucky. You? If you make it past that curve, look out for the old narrow bridge...the falling rock area...and more dangerous curves. Your license fees, your gasoline taxes, are part of the funds

available to upgrade old roads for the safety of today's cars and drivers. But threats are being made to divert this money to other than highway uses. Won't you do something...something to keep this road from remaining a killer? Contact your local highway officials. Remember: you're in the driver's seat.

THE JUNIOR TWIRLERS were full of the homecoming spirit too last week. Here they pose in front of the side entrance to the high school before the snake dance last Thursday night. By their happy faces, it's obvious the rain didn't dampen their spirits. The girls are, front row, 1. to r., Jacinda Marley, Donna Lilly, Jana Lilly; back row, Lea Montgomery, Lisa Mitchell, Gigi McKinney, Jeanine Perry, and Debbie Whitley. (David Wallace Photo)

Miss Hearn and Mr. Weant Married In Sonora Rites

Miss Betty Lois Hearn and Curtis Steven Weant were united in marriage at the First United Methodist Church, September 18, 1972. The Rev. John M. Weston, pastor of the church, officiated at the double ring rites.

Parents of the couple are Mr. and Mrs. Jack Hearn and Mr. and Mrs. James Weant, Jr., of Ozona.

The bride, given in marriage by her father, wore a floor-length white satin gown, home sewn by her mother. Tied lace trimmed the sleeves and accented the high waisted bodice. Her veil was white satin bow, trimmed in lace, which was also fashioned by the bride's mother.

Mrs. Leo J. Wilson, organist, played traditional wedding music.

Serving as maid of honor was the bride's sister, Miss Doris Hearn, who wore a pale blue floor-length dress, which was fashioned by her mother. David Weant, brother of the bridegroom, served as best man.

A reception following the ceremony was held in the

Hearn home. Serving at the reception were Mrs. Jack Hearn Jr. and Mrs. Luther Chalk.

The bride is a 1971 graduate of Sonora High School and attended Angelo State University. The bridegroom is a graduate of Ozona High School and also attended Angelo State University.

Following a wedding trip to the Big Bend, the couple will be at home in Oscoda, Michigan where he is stationed at Wurtsmith Air Force Base.

GIRL SCOUT TROOP 189 MET TUESDAY

Girl Scout Troop 189 met last Tuesday afternoon in the home of Mrs. Lawrence Jones.

A trip overnight to San Angelo to the Shrine Circus was discussed during the business meeting.

Present were LaDawn Adcock, Laurie Allee, Pam Cumby, Janice Jones, Cheryl Kiser, D'Anna Koerth, Tracy Knox, Samye and Tamyie Rogers, Tammy Sessom, Debbie Wallace, Brenda White and Colleen Redd.

The Alpha Alpha Mu Chapter of Beta Sigma Phi held a salad supper and business meeting Monday evening in the Civic Center.

Mrs. Joe Boy Chapman presented a program on "Self-Analysis." A series of written questions were given to each member to estimate and evaluate their individual personalities. Mrs. Jim Williams presided over the business meeting. A report on the spaghetti supper was given.

Members present were Mrs. R. B. Babbitt, Mrs. Lloyd Baird, Mrs. Jack Bentley, Mrs. Jay Berry, Mrs. Eddie Hale, Mrs. Floyd Holbit, Mrs. Sonny Kirklen, Mrs. Jim Leech, Mrs. J. W. Lott, Mrs. Terry McPherson, Mrs. Ruben Pena-Alfaro, Mrs. John Richey, Mrs. Charles Spieker, Mrs. Bob Wallace, Tommy Wilson and Mrs. Sheryl McCleery.

RECIPE OF THE WEEK

from Kitty's Kitchen

Quick Peanut Butter Cupcakes

A peanut butter cupcake iced with peanut butter frosting is double good because peanut butter is a high energy food, rich in protein and an excellent source of niacin, one of the B vitamins. The oil in peanut butter is a good source of the essential polyunsaturated fatty acids.

Empty one (18-ounce) package yellow cake mix into a large mixing bowl. Add 1 cup water, 1/2 cup milk, 1/2 cup creamy or chunk style peanut butter and 2 eggs. Mix according to package directions for cake. Fill 2 1/2 x 1 1/2-inch cupcake pans with liners half full and bake according package directions for cupcakes. Makes about 36 cupcakes.

Peanut Butter Frosting

Stir 2/3 cup light corn syrup and 1 teaspoon vanilla into 1 cup creamy or chunk style peanut butter. Add 1/3 to 1/2 cup milk alternately with 4 cups sifted confectioners sugar, beating until smooth and creamy after each addition using just enough milk to make a good spreading consistency. Makes enough for 36 cupcakes.

Reduce excess body fluids with FLUIDEX, \$1.69 - LOSE WEIGHT with Dex-A-Diet capsules, \$1.98 at VILLAGE DRUG. 29-5tc

(Continued from page 1)
highlighted the fourth quarter of play, with Tambunga opening it up with a 60-yard TD scamper. On the next possession Timmy Evans made a 50-yard dash for another Lion score. Another score came when Sewell hit Huff with a 22-yard bomb.

Mason finally managed another score late in the quarter when a Punter scooped up a Lion fumble and ran for the score. The pass for two points was good.

With five seconds left in the game, Huff fired a 32-yard pass to Oliver Payne for another TD. The PAT failed, and that was the halftime.

Gary Don Whitley came up with the only interception of the game for the Lions. Sewell punted two times for an average of 32 yards.

An outstanding halftime show by the Ozona High School Band entertained fans. At the break, Miss Stacy Dockery, daughter of Mr. and Mrs. James Dockery, was crowned 1972 Lion football queen. She was escorted onto the field by Lion Captain Gerald Huff, who also presented her with the traditional bouquet of red roses and crowned her with the queen's tiara.

Other queen candidates and escorts, all senior captains, were Dana Collett, escorted by Randy Crawford; Kay McMullan, escorted by Ruben Tambunga; Darolyn Wilson, escorted by Gary Whitley, and Jan Peltz, escorted by David Sewell.

Miss Dockery is a senior at Ozona High School; she has been a cheerleader three years, head cheerleader last year and this year, and has participated in basketball and tennis.

The last historical marker planned for this year will be that at the site of old Emerald, simultaneous with Ozona, the first townsite in Crockett County. Other markers are planned for important historical sites for the coming year.

Two bits of interesting memorabilia were displayed, one a pay voucher representing the month's paycheck for a Mrs. Williams, a teacher at Emerald in 1893 -- a year longer than most historians believed Emerald existed. The other was a piano recital in Ozona in 1923 by pupils of Mrs. Mauldin in which a long list of present day Ozonans performed.

such present-day concerns as community development and improving the environment.

Although there now are more than 100,000 boys and girls between the ages of 9 and 19 enrolled in 4-H in Texas, many more are eligible to join. And with the upcoming observance of National 4-H Week, the call goes out to these youngsters to become involved in a real "action-oriented" program--4-H.

Special programs and activities will be staged in counties throughout the state during 4-H Week to recognize 4-H'ers, their parents, friends and other supporters," notes Stormer. "This is a good time to learn more about 4-H and then to make the decision to invest a little time and energy to become involved in an organization that has something for everyone. Being a 4-H'er can mean the most exciting years of your life."

4-H is a part of the educational program conducted by the Texas Agricultural Extension Service of Texas A&M University. It is directed at the local level by county Extension agents who work with volunteer 4-H adult leaders and other local citizens.

Senator Snelson Named To Chair Committee

State Senator W. E. (Pete) Snelson of Midland has been named by Lt. Gov. Ben Barnes to chair the important Senate Committee on Intergovernmental Relations.

Snelson, a veteran legislator from District 25, was also appointed as vice chairman of the Education Committee. He will also serve on the Finance Committee and its Subcommittee on Taxation.

The Senate, in its fourth called session of the 62nd Legislature, is operating under new rules which require a reduction in the number of standing committees from 27 to 9, and which allow Senate members to serve on only 3 standing committees.

Ed Cade is Shannon Hospital seriously ill from a heart attack suffered here Friday. His condition was stable at mid week.

James Childress and Bill Childress recently returned from a hunting trip in Alaska. Both men got a bear.

FOR SALE - 3 bedroom house, bath and a half, central heat and air conditioning. Call Bobby Halydier, 392-3120.

Dressing And Preparing Game Birds For Cooking

College Station--- Hunting seasons for dove and quail are at hand for most parts of Texas. Although dove season has opened in the northern zone, elsewhere the seasons don't begin until later.

Frances Reasonover, foods and nutrition specialists with the Texas Agricultural Extension Service, pointed out that dove and quail make tasty wild game treats when properly dressed and prepared.

"Age quail and dove at a temperature just above freezing for 24 to 28 hours to remove some of the gamey flavor which may detract from eating pleasure," the Texas A&M University specialist directed.

She recommended dry-plucking the birds, rather than skinning them, to conserve flavor and moisture. After they are plucked, singe them over a flame to remove the down.

Next, make a cut along or across the back to split the bird apart and remove the entrails. Then remove the head, claws and feet. Wipe the body cavity clean with a damp cloth.

Once dressed this way, they are ready for immediate use or for freezing.

"Frying is a popular way to prepare quail and dove," Miss Reasonover continued.

SS Taxes Paid By All Ages

There is no age limit for the payment of social security taxes, but all workers, regardless of their age, pay the tax on their covered earnings. This reminder comes from J. M. Talbot, social security manager.

"It makes no difference that a worker may be over age 65, or over 72, or receiving social security insurance payments," Mr. Talbot explained. "Social security taxes are payable if a worker is paid covered wages of any amount, or has covered income of \$400 or more from his own business in a year."

Wages paid to the spouse, or child under age 21, by an individual employer, are not covered by social security and should not be reported, Mr. Talbot pointed out. However, the wages of a parent who works in the business of his son or daughter are covered but not if the parent works in his child's home.

For more information, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058".
