## Kitty's Korner

by  
Kitty Montgomery

"I like spring, but it is too young. I like summer, but it is too proud. So I like best of all autumn, because its leaves are a little yellow, its tone mellow, its colors richer, and it is tinged a little with sorrow . . . its golden richness speaks not of the innocence of spring, nor of the power of summer, but of the mellowness and kindly wisdom of approaching age. It knows the limitations of life and is content."

As we celebrate Thanksgiving this year, perhaps this reflective thought by Oriental philosopher Lin Yutang may help us appreciate our blessings and our country from which many of them flow. For America, like autumn, is no longer either too young or too proud. Rather, we have come to know better, if not accept, our limitations as a nation. And, after nearly 200 years, we continue to enjoy some of the innocence of spring, the power of summer, and perhaps even a growing degree of autumnal wisdom.

The first Thanksgiving Day, of course, predates the birth of our country. Following a winter of tremendous hardship, Pilgrim Gov. William Bradford in the autumn of 1621 ordered a three-day festival to celebrate a life-sustaining harvest. "Our harvest being gotten in," wrote Edward Winslow in a letter of December 11, 1621, "our Governor sent four men on fowling, that so we might after a more special manner rejoice together, after we had gathered the fruit of our labours."

Despite this early beginning, shared with some 90 neighboring Indians, Thanksgiving Day was not celebrated throughout the United States as a regular national holiday until it was so proclaimed by President Lincoln on Nov. 26, 1863. Since that time, it has been celebrated annually and has become a cherished American tradition.

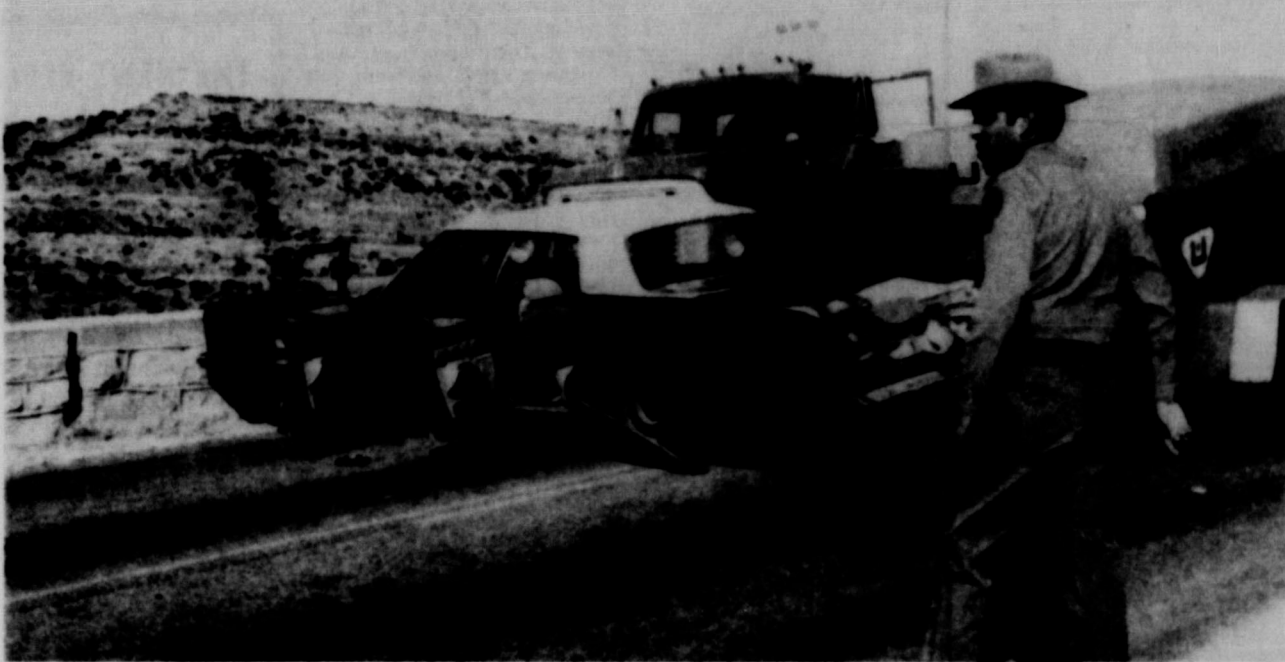

Our hope this year is that you will join with us in thanking a generous and merciful Creator for the blessings of liberty and abundance in which we continue to share. And may you have a Happy Thanksgiving!

## Immunization Clinic Set

Dr. David Blanton, County Health Officer, has announced that a free immunization clinic will be held December 2, from 1:00 until 5:00 at the Catholic Parish Hall. Parents need to bring all immunization records when they bring their children.

LANCASTER HILL SMASH UP - When the butane truck in background lost its brakes going down the hill a potentially dangerous situation occurred. The truck hit the back of one car, out of the picture, it in turn hit the U-Haul trailer causing the car to turn sideways on the hill, and almost plunge over the rock

wall. Then the truck crashed broadside into the car. Highway Patrolman Manuel Hartnett directs traffic around the wreck until wreckers could tow the vehicles away. Only the driver of the car required hospitalization, suffering from a back injury.

## Lionettes Take Four B'Ball Wins

Coach Sandy Tarno's Lionettes were victorious in all games played last week as they began the basketball season. They were host to the Miles teams Tuesday night and will play Grandfalls next Tuesday night.

The girls picked up wins over Sanderson and Miles in double-headers last Tuesday and Thursday.

The varsity downed Sanderson 44-37. High point girl was Nancy Womack with 22 points. Karen Bebee had 11 points and Kathy Sewell had 6, followed by Karla Fenton with 5 points.

In Miles Thursday night the score was 31-29 in favor of the Lionettes. Womack was high point girl with 16. Karen Bebee wished the nets for 9 points and Kathy Sewell added 6.

The junior varsity beat Sanderson 49-6. Kathy Sanchez was high point girl with 25 points. Janice Jones hit for 9 points. The junior varsity won the Miles game 40-24. Janice Jones was high point girl with 9. Ruth De La Rosa and Karen Warren had 7 points each.

## Follies Is Monday Nite

The Ozona Band Boosters will present the "Ozona Follies" Monday, December 1 at 7:30 p. m. in the High School auditorium, according to chairman, Ray Hoykin.

High School and Junior High School band students are selling tickets - \$1.50 adults and \$1.00 students - and seek your support for this talent show. Bring the family and have fun.

Dress rehearsal will be held at 8 p. m. on Sunday, November 30, in the auditorium.

## Ozona Lions Place On All-Dist. Team

Coach Rip Sewell's Ozona Lions got four places on the All District team at a meeting of coaches and officials for District 7-AA last week. The Lions got five slots on the second team and eight honorable mentions, plus the All-District punter award.

Vaden Aldridge, junior quarterback and punter, was awarded a special honor for all-district as punter. He led the district with a 39.3 yard average on 46 punts.

Placing on the first team offensive unit was Mike Fay, 160-pound junior tackle. On first team defense, Henry Fay, senior lineman, placed along with Ricky DeHoyos, junior end, and Gary Warren, junior back.

Placing on second team offense were Richard Harrison, senior guard; Henry Fay, senior guard; Gene Castro, senior tackle, and John Galvan, junior end. On defense, John Galvan made the second team at defensive end.

Honorable mentions for offense went to Vaden Aldridge, junior quarterback; Gary Warren, junior running back; Ricky Perry, senior running back; Lonnie Martinez, senior center, and Clifford Crawford, junior end. On defense three Lions received mention, Raul De La Rosa, senior lineman; Clyde Bailey, junior linebacker; and Clifford Crawford, junior defensive secondary.

## Thanksgiving Day Being Observed Here

The Thanksgiving Day holiday is being observed today by most Ozona merchants, with the exception of some service stations and cafes all business houses are closed for the day, including the bank, post office and the Ozona Stockman.

School children are enjoying a four-day holiday and will not return to school until next Monday. All county offices are also observing a four-day weekend.

It will be business as usual for most of the town come Friday morning.

## 2 Ozona Band Students Win In Regional

Ozona High School band students, Howard Huereca, Sr., (percussion) and Jennifer Nicholas, Jr., (trumpet), recently entered Regional Orchestra contest in San Angelo. Both students were successful in placing first chair in their respective instruments and have qualified for All-State Orchestra contest.

There are approximately twelve students entering Regional Band try-outs on December 12-13 to be held in Brownwood.

## Fall Clean Up Starts Next Week

Fall Clean-up Week is next week and Ozonians will have an opportunity to clean up around their premises and have trash and debris hauled away free of charge. County trucks will be cruising the residential areas and will haul off all trash and unwanted items. The annual clean-up is sponsored by the Ozona Garden Club with the cooperation of the Crockett County Commissioners Court.

Merchants in the downtown and other areas are urged to take advantage of the event and clean up around places of business and alleys. Vacant lots will also be mowed during the week by county equipment. Owners of vacant lots may call the County Road Department to get this free service.

The Ozona Lions, in their first basketball game of the season, downed Rankin Monday night to the tune of 52-45. The team will not see action again until next Tuesday night when they will play Lakeview there. The following weekend they will participate in the Lakeview tournament.

John Galvan was high point man for the Lions at Rankin with 13 points. The only other Lion in double figures was Frankie Garza with 10 points.

The Lion roster has three returning lettermen, Gene Castro, Greg Thompson and Frankie Garza, all seniors. Five juniors with B team experience are on the roster. They are Vaden Aldridge, John Galvan, Gary Warren, Mike Fay and Bruce Whitley. The team also has sophomore Douglas Bean.

## Governor Urges Caution In Holiday Traffic

Governor Dolph Briscoe has reminded Texans of the forthcoming holidays and urged extreme caution in driving in this potentially dangerous period.

Said the Governor, "Thanksgiving is a time to reflect our successes and to be thankful for the good things of life. It is a time for us to consider a closer relationship with our neighbors, friends and families. But, it is also a time to be mindful of the start of the busy holiday season.

"We are all going to be rushing to enter the spirit of the holidays. And, with this fast paced life style, some people are forgetful of the need to slow down and be more careful when driving.

"Traditionally, the month of December is a time when traffic deaths start to climb. But, with an increased effort, we can reduce the number of fatalities and injuries that usually occur during the most active time of the year.

"Texas is truly a land of plenty with a sound economy, fine highways and well planned cities. We have much to be thankful for, yet we still have traffic accidents that kill and injure hundreds of people.

"Therefore, I ask that each Texas accept a personal commitment to be more cautious during this holiday season. Let's make this Thanksgiving, Christmas and New Year, the best and safest time on Texas streets and highways," concluded Briscoe.

## Local Crime Spree Keeps Law Enforcement Officers Busy

Local law enforcement officers were busy this week attempting to solve the break-ins, burglaries and vandalism which has broken out lately in Ozona.

First, the new lights at the cemetery were put up and only on one night before vandals shot them out. The lights have been replaced and a \$500 reward is being offered for information leading to the identity, arrest or conviction of the perpetrators.

Monday night of last week, the Sam Perner home was burglarized. The family was attending the girls basketball game at the time. The thief or thieves entered through an unlocked door, went up to the bedroom, took two diamond rings and a small amount of cash. The Perners think the thief was scared off when one of the Perner girls came home and then left again. The theft was discovered when they came in from the basketball game later that night. Taken were a man's diamond ring and a ladies engagement ring with two diamond ring-guards, plus a small amount of cash. A \$200 reward is offered for recovery of the ladies rings which are of sentimental value to the family.

The same night someone entered the B & C Automotive through a back window and broke open the safe, making off with several hundred dollars in cash. Charles Preddy discovered the break-in when he came down to work the

following morning. The thief or thieves, using tools in the shop, broke the door of the building quite some time unobserved.

Monday night a ladies purse was stolen out of her car at the Adobe Mini-Mart. She saw the thief leaving in a car but did not get the license number. The purse was recovered Tuesday morning by R. B. Babbitt. He found it in the street where it had apparently been thrown after the thief became frightened. Everything was intact and nothing had been taken.

Chief Deputy Sheriff Jim Goss said Texas Ranger Clay Bednar is working with the department in the thefts and break-ins. There is some

evidence that the B & C Automotive burglary was committed by transients, since several break-ins of the same type have occurred from Kerrville west.

One important thing Deputy Goss stressed was the taking of license numbers. Descriptions of cars is helpful to officers, he said, but license numbers are essential when a crime is involved.

Ozonians are urged to report anything unusual or anything suspicious around their neighbor homes when they are gone. Also leaving a light on in both homes and business places often discourages thieves.

## Jr. Varsity Wins One, Loses One

Ozona High School freshman and junior varsity basketball teams picked up a win and two losses to begin the season last week.

Friday night the freshman team was downed by the Sanderson JV 43-37. Scoring for Ozona were Rogelio Longoria, 11 points, Clair McDaniel, 12 points, and Joel Sanchez, 11 points. The Ozona junior varsity lost to the Sanderson varsity 53-48. Scoring for the Lions were Blake Moody, 11 points, Manuel Longoria and Danny Weant, 10 points each.

Monday night the junior varsity got into the win column by beating Rankin JV 39-38. Bruce Whitley was high point man with 15 points. Manuel Longoria scored 11 points for Ozona.

## Stan Williams Wins Election In Penn. Vote

Stanley Williams, son of Mr. Ben Williams and the late Mr. Williams, was elected to the post of county commissioner in a recent election in Snyder County, Penn. Williams, a newcomer in the area, beat Snyder County native John Drumheller, a farmer, to take the post.

Williams a Susquehanna University professor is a Democrat and this was his first try for public office.

Mr. and Mrs. Sam Fowler of Floydada have been here visiting relatives for the past several days.

EXECUTIVE COMMITTEE MEMBERS OF MOHAIR COUNCIL OF AMERICA met recently in Austin to highlight the 10th anniversary of the founding of the Council. Highlighting the meeting was the official request to the Texas Commissioner of Agriculture for certification of the Council to conduct a referendum in February of 1976. Executive committee members were guests of Texas Governor Dolph Briscoe for lunch at the Governor's Mansion. From left to right, they are, Bob Childress of Ozona, Sid Harkins of Sanderson, Gov. Briscoe, and Noel Fry of Del Rio.

GETTING READY FOR SMOKEY IN THE SKY -- If you are wondering about the strange markings in the highway, we can give you some information. DPS personnel and Highway Department employees spent several days last week marking every 800 feet along Hwy. 290 and I-10. The purpose of the markings are to enable the DPS helicopter clock and catch speeders. Vehicles will be clocked from the air and speeders will be stopped and ticketed, by Highway patrolmen on the ground. There will be no more warnings by Co'ses.

LETTERS TO THE EDITOR

To Whom It May Concern:

If by chance anyone happens to read this, they will know right off, that I am not a writer, and this will be written in all simplicity. Perhaps, I will be thought of as off-beat for writing it, and as bad as I abhor the word poison, it will more than likely be used frequently in this article.

Our little dog Spot, just died from a lethal dose of strychnine, or a most powerful poison of some nature. My heart is heavy, and I am not ashamed of the tears I can't hold back. Spot's little playmates are grieving with me.

We were not fortunate, we don't have children, and our little dogs are part of our family. We love them dearly.

Over the years I have wondered who does this sneaky thing. What sort of heart dwells within, Christian, is kindness there, love, my enemy, when professing to be my friend. Really I can't think of anyone that dislikes me so much, I certainly don't have malice for anyone.

Spot, just a little ole mongrel, no breed in particular, but loving, she loved us, and was always reminding us that she did. As we also loved her, when I discovered she was stricken, I tried to help her, it came on so suddenly, was such a horrible death. Dr. Gary came, but she was already gone.

So many times I have wondered why the dog hater doesn't take a gun and shoot a dog. It would be much more honorable in my estimation, much easier for the dog, and its owner. A fellow told me the other, he had gotten rid of dogs, and he could do it again. Perhaps he kept his promise.

Some day the people who do this terrible thing, might have a particular headache (do they have a heart) come to them, and they might just think back, and know how some one else felt on a Sunday they had given poison to that persons little dog. Since this happened on the sabbath, and as the saying goes, if I am right in quoting, they were probably thinking, "The better the day, The better the deed."

We have other dogs, please I beg of you not to throw them poison. There are small children in the neighborhood on occasion. Wouldn't it be so very sad if a child were killed.

If our dogs bother, tell us, we would appreciate it, and try to remedy the situation. If you wish to kill them, for Heavens sake shoot them, if poisoned it is so heart breaking to watch them die.

However, there is one consolation, I just know, Little Ole Spottie is in dog Heaven.

POWER WALKS by U.S. Senator for Texas JOHN TOWER

Union Power Grab

WASHINGTON—The straps of organized labor are trying to augment their enormous power at your expense.

The American dream of a single family home may become a thing of the past for all but the very wealthy if a bill being pushed by the allies of the labor bosses in Congress becomes law.

Friends of organized labor in Congress are trying to exempt construction unions from the laws forbidding secondary boycotts.

The Common Situs Picketing Bill would permit labor unions to picket all contractors and subcontractors at a common construction site. It would overturn a 1951 Supreme Court decision that ruled that such picketing constituted an illegal secondary boycott.

No one disputes the right of a union to strike or picket an employer with whom the union has a primary dispute. But Congress has rightfully drawn the line at secondary boycotts, which represent an attempt to coerce an employer not involved in the primary dispute into pressuring the primary employer to accede to union demands.

Many different contractors and subcontractors work at the same construction site. Passage of the Common Situs bill would make it possible for a union that had a dispute with just one of the contractors or subcontractors at a construction site to shut down all the work at the site.

The effect on our economy would be catastrophic. At a time when housing needs, particularly for lower and middle income groups, are particularly urgent, this bill would all but assure that moderate-priced housing will not be available.

At a time when unemployment in the construction industry hovers around an astounding 21 percent, this bill will idle more workers through increased strike activity.

The cost of construction would skyrocket, affecting industrial and commercial building, public construction projects financed with tax dollars, and the construction of residential housing. Industrial users of buildings, forced to pay higher costs for construction, will inevitably pass this cost on to consumers in the form of higher prices for their products. State and local governments which must foot the bill for many public construction projects will be forced to raise taxes to cover these added costs.

Passage of the common situs picketing bill would benefit only a handful of labor bosses, not construction workers as a whole.

Workers on neutral unions would be forced to be idle—without pay—if one union is permitted to shut down an entire site.

Workers in small independent unions or non union workers could be forced off jobs or forced to join the large boss-dominated unions as the price for permitting work to resume.

There is not a single good thing that can be said for the common situs picketing bill. The Wall Street Journal summed it up best by saying: "Politicians should be advised that the only way to deal with common situs is to spray it, swat it, stamp on it."

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

wants to check his bases of support again.

AUSTIN — The debate goes on over whether the legislature will be faced with a billion dollar tax bill in 1977 — or none at all.

Comptroller Bob Bullock stated that if lawmakers continue their recent spending patterns they will have to pass a record tax measure.

But House Speaker Bill Clayton predicted the legislature will be "trying to maintain the status quo" and will avoid growth of the bureaucracy. In spite of Bullock's repeated warnings, Clayton said he is not convinced that a major tax bill will be required.

Gov. Dolph Briscoe at a governmental conference in San Antonio stated government at all levels must become more economical and efficient. He called specifically for "redirection" of spending for education.

State Sen. Peyton McKnight of Tyler, speaking more harshly, said runaway spending in education may bankrupt the state if it isn't brought under control. He called for a lid on education spending.

Meanwhile, the new Joint Advisory Commission of Government Operations (Little Hoover Commission) held its second meeting and adopted a time-table for a year's inquiry into 250 state units of government. Lt. Gov. Bill Hobby warned members to keep their eyes on the big spending areas and avoid "rabbit hunts."

Postponed Again

The Senate for the third time postponed the impeachment trial of District Judge O. P. Carrillo.

By a 16-10 vote, senators delayed the trial until January 5 to await outcome of a Judicial Qualifications Commission hearing and federal court final action on Carrillo's income tax conviction.

Carrillo said he will never resign his post on the Duval-Starr-Jim Hogg counties bench, although he has been suspended since last August following House passage of articles of impeachment.

Court Race On

New Texas Supreme Court Associate Justice Ross E. Doughty of Uvalde decided he will not be a candidate to retain his job in 1976.

Two Court of Civil Appeals chief justices immediately indicated an interest in a race to succeed Doughty who was appointed only about two months ago when Associate Justice Ruel Walker retired.

The prospective candidates are Judge Charles W. Barrow of the Fourth Court of Civil Appeals in San Antonio and Martin Dies Jr. of the Ninth Court in Beaumont.

Barrow says he is definitely going to run. Dies says he is "inclined to" but

Courts Speak

Reversing itself, the State Supreme Court agreed to consider whether a landowner, to claim an agricultural tax exemption, must prove 51 per cent of his overall income is derived from farming or ranching.

The Third Court of Civil Appeals threw out a State Board of Pharmacy appeal from a district court ruling blocking its enforcement of a limit on advertising prescription drugs. The intermediate court noted an appeal notice already has been filed with the Supreme Court, and two parallel appeals cannot proceed simultaneously.

The Third Court rejected approval by the Savings and Loan Commission of a fourth savings and loan association charter for Longview due to rulings on evidence by a hearing officer.

An injunction prohibiting the State Board of Insurance from enforcing a requirement of 90 days' notice for cancellation or premium increases in medical liability policies was upheld by the Third Court.

Improper jury arguments by Dallas prosecutors led to two reversals of cases by the Court of Criminal Appeals.

The Supreme Court directed an intermediate court to reconsider a workmen's compensation case in which the lower tribunal earlier had held a Brazoria County chemical worker intentionally jumped off a building.

AG Opinions

A blood sample cannot be legally taken without the consent of a person suspected of a traffic-related offense, Atty. Gen. John Hill stated in a recent opinion. A physician, taking the sample without apparent consent, could be subject to civil liability, Hill stated.

In another recent opinion, Hill concluded those acting under direction of physicians in filling prescriptions do not have benefits of statutory exemptions granted doctors, dentists and chiropractors.

Sales Tax Distributed

Six hundred and seventy cities and towns received October city sales tax rebates totaling \$14.5 million.

So far in 1975, the cities have taken as their share of the sales levies \$223.7 million — only \$10 million short of the total for all 1974.

Indications are the collecting cities will get \$25 million to \$30 million more this year than in 1974.

# New Ag. Yearbook Off The Press

Everyone in Crockett County will find a wealth of information in the 1975 Yearbook of Agriculture. This year's edition deals with research in agriculture and is appropriately titled, "That We May Eat," points out Billy Reagor, county agent with the Texas Agricultural Extension Service.

The 1975 yearbook, which is published annually by the U.S. Department of Agriculture, tells the story of the state agricultural experiment stations--their successes and ongoing research--on the 100th anniversary of the founding of the first experiment station in 1875 in Connecticut. The Texas Agricultural Experiment Station came into being in 1888.

Featured in the 400-page yearbook are the major contributions to consumers by the network of agricultural experiment stations throughout the nation--ranging from the discovery of vitamins to the creation of hybrid corn. The yearbook provides an insight into the fascinating search for ways to help increase food and fiber supplies and provide a better life for consumers, points out the agent.

The 76th volume of the Yearbook of Agriculture is divided into seven parts: Beginners; Milestones; The Food Destroyers; Meat, Milk, Fish; Golden Harvests; Toward a Better Life; and New Business. A free copy of "That We May Eat" is available from your U.S. Congressman or Senator. The yearbook may also be purchased for \$7.50 from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

A tract of land situated, lying and being in the County of Crockett and State of Texas, and being 85 feet East and West by 113 feet North and South, of Lots One (1), Two (2), and Three (3) of Herrera Addition to the town of Lima, Crockett County, Texas, as per map or plat approved by the Commissioners Court of Crockett County, Texas, and appearing in Vol. 5, page 95 of the Minutes of said Court, described as follows:

BEGINNING at the Southeast corner of Lot 1 in Block 3 of the Herrera Addition; THENCE South along the West line of Del Rio Street 113 feet; THENCE West parallel with the South line of Block 3, 85 feet; THENCE North parallel to the East line of Block 3, 113 feet to the Southwest corner of Lot 3 of said Addition; THENCE East with the South line of Lots Three (3) and Two (2) and One (1) in said Block Three (3), 85 feet to the place of beginning, together with all improvements thereon.

And on the 6th day of January, 1976, being the first Tuesday of said month, between the hours of 10 o'clock A.M. and 4 o'clock P.M. on said day, at the courthouse door of said County, and I will offer for sale and sell at public auction, for cash to the highest bidder, all the right, title and interest of Sam Rivera and Celia Munoz in and to said above described property.

Witness my hand this the 24th day of November, 1975, Billy Mills, Sheriff Crockett County, Texas The description of the property shall give the number of acres, original survey, locality in the county, and the name by which the land is most generally known, but it shall not be necessary for it to contain field notes.

UT Honor Roll Names Ozona Student

The College of Natural Sciences at The University of Texas named 726 students to the honor roll for the spring semester.

To be listed on the natural sciences honor roll, a student must earn at least 52 grade points during the semester, passing all courses. Total grade points are calculated by multiplying the number of semester hours undertaken by the value of each grade. (A equals 4 points.)

The list of honor students, announced by Dean Paul Oltum, included the following student from Ozona: Clifton James Montgomery.

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

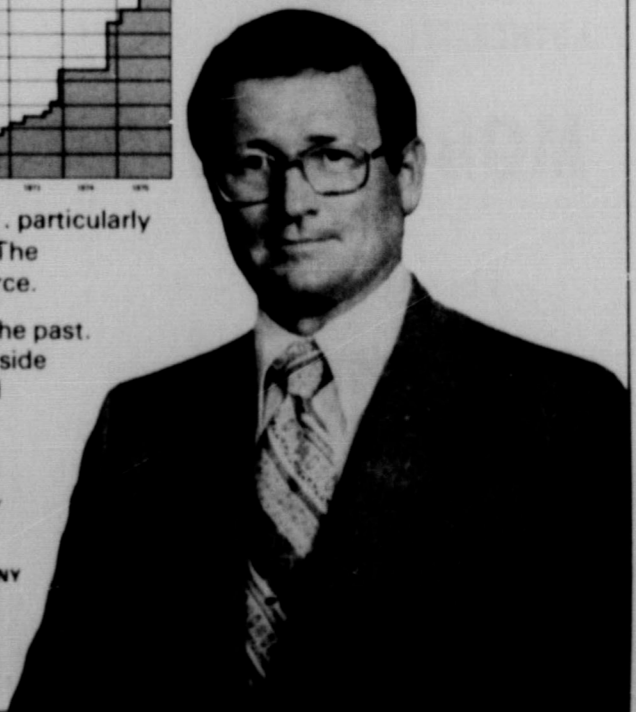

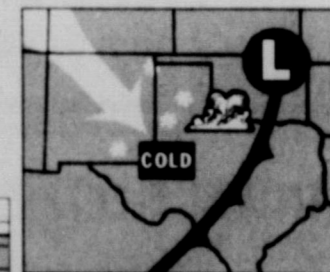

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

**Tips For Gardeners**  
From the Ozona Garden Club by Mrs. Bailey Post

With the arrival of Thanksgiving holidays upon us, you may consider the time until Christmas very short. We should all be thankful for the lush coverage of grass on the land of our area. It furnishes food for the many animals, and protects the soil from erosion by the gusty winter winds and dust storms that pollute the air we breathe.

This season should inspire beautifully planned table settings for your Thanksgiving table. For the center of interest design there are many beautiful evergreens, shrub berries, vegetables, fruits, and accessories to use in your arrangement.

Remember all evergreen shrubs entering winter with insufficient moisture are more susceptible to damage from low temperatures and drying winds. Though there has been rain this month, some shrubs may have been located where they didn't receive rain, so check any that may need water. Boxwoods are high on the sensitive list. Hollies and pyracanthas may drop their berries if too dry. Also, flowerbud dropping is one of the results of dryness at this time of the year. I notice azaleas and camellias are full of buds. Soak well to the root zone.

Cut tops of peonies back to a few inches above the ground. Add a cup of bone-meal to soil around the plant, and mound with soil for the winter.

Chinese hibiscus needs to be protected from freezes. Hardy ones growing in the ground outdoors should be cut back and mounded with soil. Keep pansies fertilized and watered if no rain, to keep them growing well. Continue fall clean-up to show our civic pride.

Whether your home has a separate living and dining room, or whether they're together, here's an idea to make the rooms seem different--yet still have harmony with each other.

Whatever colors you have on major items in the living room, use entirely different colors on accessories in that room--and then pick up those different accent colors to use on the major items in the dining room.

In this way, the two rooms would have contrast and still be harmonious, as the secondary color in the living room becomes the primary color in the dining room. Thus, you can draw the two rooms together without taking away from the distinctiveness of each.

You might want to use a different background color in the dining room than you have in the living room, and then you can use the same color that's the background color in one room on a few separate pieces in the other room to give you unity.

When it comes to furniture for the living and dining room, there are so many interesting pieces on the market today, and we'll be happy to show them to you and discuss your particular decorating problems with you. **Christmas Program Presented By Economist**

Doris Richards, home economist with West Texas Utilities Company presented her annual Christmas Program on Thursday at the Chamber of Commerce.

Doris explained that rhythm in a room is created by repeating the same color or theme at least 3 times. The decorating ideas were made from natural materials like corn husk, wheat, and greenery. These materials help carry out the bicentennial theme and also cut decorating cost.

Listed below are a few of the recipes and decorating ideas.

**CHILI CHEESE SQUARES**  
2 lbs. grated longhorn cheese  
1 dozen eggs  
2 - 4 oz. cans chopped green chilies (drain & save juice)  
Put 1/2 grated cheese in 9"x13" baking dish, put chilies on top of cheese. Add rest of cheese over chilies. Put eggs and chili juice in blender and blend well. Pour over top.

Thanksgiving is a day set aside for giving thanks and other blessings of the year. Always celebrated on the fourth Thursday in November, Thanksgiving first began in 1621.

Thanksgiving is one of the truly American holidays. It is a time for family gatherings and get-togethers among friends. Above all, it is a time for good cooking!

**QUAIL SUPREME**  
1/2 cup flour  
1/4 tsp. pepper  
1/2 c. melted margarine  
1/2 c. finely chopped celery  
4 c. cooked rice  
1 tsp. salt  
6 quail, legs split from breasts  
1 med. onion, finely chopped  
1 tsp. poultry seasoning

Combine flour, salt and pepper; pour into paper bag. Place several quail pieces in bag; shake to coat quail. Repeat until all quail are coated. Brown in margarine; remove quail. Sauté onion and celery in margarine. Add cooled rice and poultry seasoning; mix well. Form bed for quail in rice; place quail on top. Cover; cook over low heat for 1 hour. Yield 6 servings.

**CRANBERRY FRUIT MOLD**  
3 small packages strawberry jello  
pinch of salt  
1/2 cup finely diced celery  
1 can whole cranberry sauce  
1 cup crushed pineapple, undrained  
1 large apple, grated

Dissolve jello in 3 cups boiling water; cool. Stir cranberry sauce to break apart; add cranberry sauce and remaining ingredients to jello. Mix well; pour into mold. Chill until firm. Yield: 4-6 Servings.

Sprinkle paprika on top. Bake at 350 degrees 35 - 40 minutes. Cut in squares. May be frozen after baking.

**COCONUT POUND CAKE**  
5 eggs, beaten  
1 cup Wesson Oil  
2 cups flour  
2 cups sugar (blended with eggs)  
1/2 teaspoon salt  
Add alternately with:  
1/2 cup milk  
1 teaspoon vanilla  
1 teaspoon coconut extract  
1 large can Angel Flake Coconut  
Grease and flour tube pan (or spray with Pam). Bake at 350 degrees for 1 hour. Cool in pan while making sauce.

**Sauce**  
1 cup sugar  
1/4 cup oleo  
1/2 cup water  
1 teaspoon coconut extract  
Boil 1 minute. Pour over cake in pan and cool completely before removing from pan.

**HORSESHOE TREE**  
Construct tree shape from plywood and finish it with walnut stain. Dimensions of cross pieces are 12", 18", and 24", and the height of the center piece is 30".

Arrange the horseshoes in rows on the plywood branches and nail them in place. To add fullness and to relieve the starkness of the tree, wire green silk tree ornaments and sprigs of holly to it. Lights may be used. Mount the horseshoe tree securely on the fireplace wall.

**SALAD BRIDGE**

Mrs. L. D. Kirby was hostess for the Wednesday Salad Bridge Club in her home last week. Mrs. Bert H. Sorrells was co-hostess.

High score went to Mrs. Claud Leath, low to Mrs. Morgan Tolle, and bingo to Mrs. J. B. Miller.

Other members playing were Mrs. Larry Arledge, Mrs. Joe Bean, and Mrs. Joe Boy Chapman.

Guests playing were Mrs. Roger Dudley, Jr., Mrs. Gladys Harvey, Mrs. O. D. West, and Mrs. Evert White.

Whether your home has a separate living and dining room, or whether they're together, here's an idea to make the rooms seem different--yet still have harmony with each other.

Whatever colors you have on major items in the living room, use entirely different colors on accessories in that room--and then pick up those different accent colors to use on the major items in the dining room.

In this way, the two rooms would have contrast and still be harmonious, as the secondary color in the living room becomes the primary color in the dining room. Thus, you can draw the two rooms together without taking away from the distinctiveness of each.

You might want to use a different background color in the dining room than you have in the living room, and then you can use the same color that's the background color in one room on a few separate pieces in the other room to give you unity.

When it comes to furniture for the living and dining room, there are so many interesting pieces on the market today, and we'll be happy to show them to you and discuss your particular decorating problems with you. Stop in and talk it over. We think you'll enjoy seeing all the new furnishings and ideas.

**Womans Forum Has Thanksgiving Meet**

The Ozona Woman's Forum met last week for its annual Thanksgiving program at the Civic Center. Refreshments were served from a table featuring a lovely Thanksgiving motif. Hostesses were Mrs. J. B. Miller and Mrs. George Bunger.

Mrs. T. J. Bailey called the meeting to order and projects for the year were reviewed.

The program, continuing the bicentennial theme, was given by Mrs. Dempster Jones and Mrs. Ben Bohmfalk. Mrs. Jones gave an informative talk on "The First Americans." She recalled that the Indians first came from Siberia by way of Alaska, taking 15,000 years to settle the country. Also, she brought out that the Indians gave the colonists the idea for turkey for Thanksgiving. The Indians used turkey for their late fall festival. She cited numerous traditions still in use which came from the Indians.

Mrs. Bohmfalk spoke on "Religious influence during Colonial days." She pointed out that one of the main reasons people came to America was religious freedom. Early

PREPARING FOR THE ANNUAL CHRISTMAS PROGRAM -- Doris Richards, home economist with WTU from San Angelo, left, and Debra Price, Crockett County HD agent, make up the display for Mrs. Richards' annual program held Friday at the Chamber of Commerce building. Mrs. Richards' program featured everything for the holidays from good cooking to lovely decorations with an old-fashioned theme for the Bicentennial.

### Pecos Trail To Be Marked By Displays

Bright new displays in rest areas on Interstate Highways 10 and 20 may persuade thousands of potential visitors to enjoy the varied attractions of cities and towns along the Texas Pecos Trail.

Highways and Public Transportation is placing new emphasis on the Pecos Trail for increased travel efficiency. Departmental spokesmen point out that the trail segments, offering ready-made jaunts for a weekend or longer, provide more travel pleasure per mile, plus discovery of close-to-home recreational opportunities.

The 300-foot panels are being erected on rest area infokiosks and will soon be on exhibit in motels and restaurants along the trail highways that stretch from Pecos, Midland-Ozona in a great loop southwest to Junction, Brackettville and Del Rio.

The Pecos Trail is signed on highways, and free driving guides are available at local chambers of commerce along the way or by mail from the State Department of Highways and Public Transportation in Austin.

Supporting the state's new promotion of the pleasure-driving route that was established in 1968, the Pecos Trail Association, headquartered in Ozona, bought 32 of the colorful panels for display in prominent public areas along the trail route.

Featuring a Pecos Trail map plus colorful artwork depicting prominent points of interest, the panels cite the Sahara-like sands of Monahans and the beautiful Caverns of Sonora. Motorists are reminded that they can discover an old frontier fort, the legend of Judge Roy Bean, a Shakespearean theater and water sports on mighty Amistad reservoir.

### Business Crime More Lucrative Than Business?

This year, crime against business may reap \$23.6 billion, according to Norris A. Lynch, director of the consumer goods and services division, U.S. Department of Commerce. In a recent speech, he put this figure in perspective by pointing out that sales for the three largest department store retailers were \$22 billion in 1974. "Crime," he said, "makes more money than Sears, Montgomery Ward and Penney's combined."

Mr. Lynch added that the \$23.6 billion cost of business crime, calculated on a per capita basis, spread across the U.S. adult population, would come to \$165 per person.
