

U. S. DELEGATES — John Foster Dulles, Mrs. Franklin D. Roosevelt, Secretary of State George C. Marshall and Warren Austin (L to R), members of the United States delegation to the second annual United Nations Assembly, confer at Flushing Meadows in New York City shortly before the opening of the Assembly session. (AP Wirephoto).

BLISTERING CENSURE OF REDS

Marshall Hurls Challenge Before U.N. To Save Greece

Leader Asks 'Supreme Effort' To Break Sinking World Crisis

NEW YORK, Sept. 17. (AP)—In a speech bristling with censure of Russia, Secretary of State George C. Marshall challenged the United Nations today to make a "supreme effort" to break the world's "deepening political and economic crisis" and save Greece from the "attacks" of its Balkan communist neighbors.

Marshall bluntly accused Yugoslavia, Albania and Bulgaria of "hostile and aggressive" acts against Greece, told how three Russian vetoes had blocked security council action to protect the country, then flung this sharp warning to the 55-nation U. N. assembly.

"This assembly cannot stand by as a mere spectator while a member of the United Nations is endangered by attacks from abroad. If the United Nations should fail to protect the integrity of one small state, the security of all small states would be placed in jeopardy."

Marshall laid before the assembly a seven-point action program, dramatically reversing American policy on the veto issue and demanding that the assembly set up its own full-time security committee to backstop the veto-ridden security council.

He announced that the United States now favors drastic "liberalization" of the veto by eliminating it entirely from all security council decisions on Pacific settlements of international disputes. The veto could then be used only on issues involving forcible action against aggressors.

He also called for immediate creation by the assembly of a Greek border commission—which Russia had vetoed in the security council; threw the Russian-American deadlock on Korea into the assembly; asked an assembly solution for Palestine; demanded that Russia come to terms on atomic energy control and called for vigorous planning of arms regulations.

Marshall's address evidently marked the opening of an American diplomatic offensive against Russia in the United Nations and stressed the new American policy that when Russia hampers the security council with veto votes the general assembly must take over.

For that purpose he would have the assembly's proposed security committee in constant session, and would give it a membership of 55 members like the assembly itself.

Then with a plea to the great nations to use their power and privilege with restraint, Marshall warned grimly: "The United Nations will never endure if there is insistence on privilege to the point of frustration of the collective will."

Torres Bode's speech was interpreted as the opening gun in a Latin American campaign to seek a revision of the veto section of the U. N. charter. Argentina has placed the veto issue on the assembly agenda and it is slated to be one of the hottest battles of the 1947 session.

Air Crash Blamed On Locked Controls

WASHINGTON, Sept. 17. (AP)—The Civil Aeronautics Board said today that locked controls probably caused the takeoff crash of a United Airlines plane at New York May 29 in which 43 persons were killed.

In a report on its investigation, the CAB said that apparently the gust lock was on, preventing the pilot from moving the controls. The gust lock is a device actuated by a handle in the cockpit which permits the pilot to lock the control surfaces and rudder.

NRLB Leader May Extend Anti-Red Affidavit Deadline

WASHINGTON, Sept. 17. (AP)—Robert N. Denham, general counsel of the National Labor Relations Board, disclosed today that he is considering union appeals for a five week extension of time to file non-communist affidavits under the Taft-Hartley act.

RUSSIA DELAYS U. N. SPEECH

NEW YORK, Sept. 17. (AP)—Soviet Deputy Foreign Minister Andrei Y. Vishinsky today withdrew his request to speak before the United Nations assembly this afternoon following the major U. S. policy speech of Secretary of State George C. Marshall.

The Soviet Chief Delegate's move was not explained, but it appeared that "Russia wanted time to study Marshall's speech and perhaps get new instructions from Moscow."

Forrestal Is Sworn In As Defense Head

WASHINGTON, Sept. 17. (AP)—James V. Forrestal today became the nation's first secretary of defense — civilian boss of the Army, Navy and Air Forces.

The senior member of President Truman's cabinet relinquished his duties as secretary of the Navy at noon and took the oath of his new office from Fred M. Vinson, chief justice of the United States, in a ceremony at the Navy department.

The act, making him head of the country's armed services, set in motion a series of important changes in the defense establishment.

High-ranking civilian leaders attended the ceremony along with top-ranking military officials, including Gen. Dwight D. Eisenhower, Army chief of staff; Fleet Adm. Chester W. Nimitz, chief of naval operations; and Gen. Carl Spaatz, commanding general of the Air Force.

Under the new defense set-up, Secretary of War Kenneth Rayall will become Secretary of the Army, and John L. Sullivan, who has been serving as Navy undersecretary under Forrestal, will become Secretary of the Navy.

W. Stuart Symington, who has been undersecretary of the Army for Air, will become secretary of the new Air Force department scheduled to be formed within 24 hours after Forrestal becomes secretary of defense.

Dallasite Takes Post In Prison Group

LONG BEACH, Calif., Sept. 17. (AP)—Mrs. William Crawford III of Dallas, succeeds D. W. Stokes, manager of the Texas prison system, as a member of the board of directors of the American Prison Association.

Soaring Prices Enter Foreign Aid Picture

Many Solons Doubt Need Of Special Session

WASHINGTON, Sept. 17. (AP)—New demands arose on Capitol Hill today for the Administration to weigh its foreign aid program against soaring prices at home.

But even as many lawmakers were voicing doubt that a special session of Congress should be convened to consider emergency help abroad, the State department heard its third urgent plea from Italy that the fate of that country hangs on additional American assistance before this year ends.

Senator Lodge (R-Mass), recently returned from a six-week tour of Europe, summed up what appeared to be a growing sentiment among Congress members that prices at home and demands for help abroad are "two halves of the same apple."

At the same time the general tenor of congressional comment has been to proceed slowly. Senator Byrd (D-Va.), although he did not touch directly on the issue of domestic prices, cautioned against any appeal for action based on "The hysteria of an emotional atmosphere."

Byrd said the American people "are entitled to a completely frank and accurate appraisal of the foreign situation," and that before "new billions" are appropriated the people and their representatives in Congress should have:

"1. A full accounting of what has been done and the results.

"2. A bill of particulars of what the Administration plans to accomplish in the expenditure of additional funds to be requested" under the Marshall plan for European recovery.

Some Schools May Lose Affiliation In Texas System

Failure to submit teacher salary budgets to the state board of education may result in the prospect of quite a number of Texas schools losing accreditation, L. A. Woods, state superintendent, said Tuesday in Austin.

No definite deadline has been set for final action, but department officials have recommended budgets be turned in around the first of October. Under terms of the minimum teacher salary law passed by the 50th legislature, pay scales must be approved by the state superintendent and state board of education. Failure to comply with the law may cause a district to lose its accreditation and affiliation, Woods indicated.

He said several districts had not submitted budgets or even made inquiry about approval. Most districts have complied by submitting budgets, although a few have protested the superintendent's ruling that Negro teachers be included on the same pay schedules as others. The state board has a special committee making a study of the matter.

Gollum Testifies In Overall Case

SANTA ANA, Calif., Sept. 17. (AP)—George (Bud) Gollum was called back to the witness stand today to resume giving his answer to the state's charges that he and his sweetheart, Louise Overall, murdered the girl's parents, wealthy Mr. and Mrs. Walter E. Overall.

Unequivocally the 18-year-old Louise, sole heir to her parents' \$350,000 estate, testified yesterday that she did not kill her parents, did not see them killed and did not know who may have killed them.

Gollum, in beginning his testimony, said he purchased 50 pounds of dynamite the day before the Overall yacht blew up in Newport Harbor last March 15. He said Mr. Overall asked him to buy the explosives.

Trio Break Jail At Colorado City

COLORADO CITY, Sept. 17. (AP)—West Texas police have been alerted to be on the lookout for two men, a white man and a Negro, who fled the Mitchell county jail sometime after midnight this morning.

Monster Hurricane Roars Over Florida

Disaster Is Called Worst In 19 Years

REMOVE VICTIM — Barbara Buckley, 18, is lifted from the wreckage of an auto driven by Leland O. Hanson, Jr. (body on ground) just after Hanson was killed and Miss Buckley fatally injured in a head-on auto-truck crash in Sacramento, Calif. Chief Deputy District Attorney A. H. Mundt said Jack Ruggard, 22, driver of the truck, told him that he (Ruggard) and Hanson were playing a game which consisted of swinging from lane to lane as they came toward each other. The truck was laden with tomatoes. (AP Wirephoto).

MIAMI, Fla., Sept. 17. (AP)—The most terrible hurricane in 19 years roared out of the churning Atlantic Ocean today, lashing the lower Florida east coast with monstrous fury and driving hundreds of thousands to public shelters.

Cyclonic winds bore down on the coast from just off Delray Beach, and were expected to rip West Palm Beach shortly after noon.

The Coast Guard reported a 38-foot picket boat and a crew of three had disappeared on a rescue mission and was presumed lost, but it later was sighted in very high seas and was believed to have evacuated a dozen persons stranded by high water southeast of Miami.

A private yacht with three aboard radioed an S O S, but the Coast Guard said mountainous waves and screaming winds prevented a rescue attempt. The passengers are Dr. A. M. Bosworth, Richard Marshall and Frank Martin-Vague of Miami.

Trees, light poles, communication lines and temporary structures buckled under the massive onslaught, and gusts up to 108 miles an hour slammed Miami.

All communications between Miami and outside areas went out abruptly shortly after 10 a. m., and the New Orleans weather bureau said the great storm apparently was centered "very near the coast a short distance south of Palm Beach" at 11 a. m.

The Coast Guard sent word that wind gusts up to 120 mph were mauling West Palm Beach.

An estimated 10,000 refugees from the rich Okeechobee farming and grazing area streamed through Sebring, Fla., in flight from the huge dike-bound, hurricane-lashed lake. In 1928, approximately 1,500 persons drowned in the same lowland.

MacDill Field near Tampa on the Florida west coast, hurriedly evacuated its heavy bombers, sending B-29's to Scott and Chanute fields in the Midwest.

OPENING FRIDAY

HCJC Enrollment Reaches 200 Mark

Enrollment at Howard County Junior College Wednesday hit the 200-mark on the eve of the final formal date and as faculty members made preparations to start classes Friday.

Response to date left little doubt that last year's initial enrollment would be exceeded. The 200 figure does not include night school classes, which have received several registrations in advance of the enrollment dates on Monday and Tuesday evenings.

Tuesday President E. C. Dodd met with the faculty in outlining plans and programs for the first semester. Including the vocational school staff, there are 20 individuals on the faculty for this season, 15 of them in the college proper.

One last-minute development made the courses in distributive education improbable this semester. Mrs. Sally Louis, who had been named instructor, submitted her resignation due to illness of a son, Dodd said. This left a vacancy which Dodd feared could not be filled readily.

First general assembly for students has been set for Tuesday with June Hyer of Southwestern University at Georgetown as the speaker. She is to tell students of conditions as she found them on an extended tour of Europe the past summer.

As for evening school, those interested in any field of instruction are asked to report at the college at the bombardier school on Monday and Tuesday evening for enrollment and textbook issuance.

Present for the faculty meeting were Dodd, Dean M. J. Fields, Mrs. Maok Martin, secretary and registrar; John Frank Jones, business administration; Harold L. Davis, physical education and commerce; J. T. Clements, science and mathematics; Eddie Lou Haug, music and speech; Mary Watson Jones, homemaking and biology.

Ina Mae McCollum, social studies; Ruth L. Schaefer, social studies and English; Frank Billy Medley, industrial education and mechanical drawing; Mrs. Doris Thurman, librarian; Mrs. Vada B. Hall, English; Wiley F. Layton, mathematics; George M. Hank, Spanish (part-time).

Representing the Howard County Vocational school, of which Dodd is co-ordinator, were Lawrence G. Adkins, assistant co-ordinator and agriculture; J. D. Poage, John W. Millar, W. Q. Thompson, and Sid Sandlin.

Lt. Gen. John C. Lee Arrives In Germany

FRANKFURT, Germany, Sept. 17. (AP)—Lt. Gen. John C. Lee, whose Mediterranean command recently has been under investigation by the Army's inspector general, arrived here today enroute from Italy to retirement in the United States.

Lee said he could say "nothing" about reports that he might become President Truman's representative to the Vatican, the position now held by Myron C. Taylor. Earlier reports he intended to take up a religious career and fight for "Christian unity."

Winds Smash 12 Planes At Miami

MIAMI, Fla., Sept. 17. (AP)—A dozen commercial airplanes used in service to Pan-American countries were smashed today when winds estimated at 100 miles an hour blasted an airport at Miami.

Getting through by telephone to the Associated Press Bureau at Atlanta after a communications blackout of several hours, AP correspondent E. V. W. Jones said the planes had been moored to the ground in advance but that the moorings proved of no value.

"All of the planes were wrecked or badly damaged," Jones said. "They were large two-engine planes. One huge ship was hurled into the passenger port at the airport. There were no reports of any injuries."

Local Trio May Attend Meeting

A group including County Judge Walton Morrison and Commissioners Grover Bissard and Earl Hull will probably represent Howard county at the semi-annual meeting of the West Texas County Judges and Commissioners association, which gets underway tomorrow and continues through Saturday.

The local trio will probably go down for the convention on Friday.

THE PEOPLE GIVE

Wedding Gifts Being Made Ready For Princess Elizabeth

LONDON, Sept. 17. (AP)—Wedding gifts for Princess Elizabeth, to be married Nov. 20 to Lt. Philip Mountbatten, were being made ready today over Britain and the Commonwealth some day will rule as queen.

Millions were clanking trapezium bits (nickels) and half crowns (half dollars) into collection boxes to buy them. Silver and gold and fine feathers were in store for her.

Her parents, King George VI and Queen Elizabeth, announced meanwhile that they would give a wedding party Nov. 17 — three days before the Westminster Abbey ceremony — so that guests could see Elizabeth's presents.

International Relations Is Topic At Business, Professional Club

A. V. Karcher, secretary of Cosden Petroleum Corp., and the Rev. Trinidad Cano, pastor of Latin American Baptist church, spoke on international relations and their ultimate influence on world peace Tuesday evening at the dinner meeting of the Business and Professional Women's club at Hotel Settles.

Evangel Wilson, accompanied by Mrs. Bill Griesse, sang songs with English and Spanish translations, and Erlinda Flores sang Mexican folk tunes.

The banquet tables used an international relations theme in miniature flags of Mexico and the United States, and individual place cards hand-painted with a cactus motif.

Present as guests were Connie Reque, Mrs. K. H. McGibbon, Lou Brewer, Mrs. A. V. Karcher and Thora Morris.

Introduced as new members of the club were Elizabeth Canning, Peggy Kraser, Leola Clere, Betty Farrar, Leatrice Ross, Gladys Wilson and Salome Hugo.

Members attending were June Asbury, Ollie Eubanks, Gladys Hutchison, Beth Kay, Beth Luedcke, Mamie Mayfield, Ina McGowan, Irene Meier, Jewel Barton, Mary Cantrell, Margaret Christie Faye Coltharp, Ima De-

son, Helen Duley, Edith Gay, Mary Louise Gilmour, Lillian Hurt, Marie McDonald, Florence Mosley, Pyle Perry, Moore Sawtelle, Elizabeth Stewart, Mabel Brothier, Tot Sullivan, Frances Tucker, Dorothy Wilson, Maurine Ward, Frances Newsom, Arah Phillips, Pauline Sullivan and Oma Buchanan.

Airport Baptist WMS Has All-Day Meeting Tuesday

The Woman's Missionary Society of the Airport Baptist conducted an all-day meeting in observance of the Mary Hill Davis Day of Prayer Tuesday.

The morning activities got under way at 10:30 a. m., and the evening session began immediately following luncheon.

Having part on the morning program were Mrs. J. T. Buchanan, who conducted the devotional; Mrs. Franklin Esry, speaking on "Our Service to the Rural Churches;" Mrs. J. J. McElreath, "Our Baptist Cooperative Program;" Mrs. Virgil Smedley, "Who Owns the Wool?" Mrs. Lester Esley, "How the Women Can Do More For State Missions;" Mrs. C. V. Warren, "The Stoneburg Baptist Church;" Mrs. J. T. Blair, "The Bryson Baptist Church."

Mrs. McElreath opened the evening session with the devotional. Mrs. C. V. Warren discussed "Our Schools in Texas," and Mrs. Early spoke on "Christian Education and Veterans of World War II." Responsibility of Texas Baptist Toward Nurse Education," was given by Mrs. A. W. White and "Our Hospitals as Agencies For Soul-Winning" was discussed by Mrs. Virgil Smedley. Mrs. Blair spoke on "The WMS and Our Simultaneous Revivals." Mrs. J. W. Hull on "Individual Effort in Evangelism," and Mrs. Buchanan on "Praying Down a Revival."

Jimmie R. Dorsey, Carmen Miller Wed

Mr. and Mrs. J. A. Adams have had as their visitors, Mr. and Mrs. Jimmie R. Dorsey of San Angelo. Mrs. Dorsey is their granddaughter, and was before her recent marriage Carmen Miller.

The couple was married Sept. 14 in San Angelo, and will be at home there.

The bride attended the Big Spring schools and is now vocalist with the Tune Ramblers in San Angelo.

The bridegroom, a graduate of Ballinger High school is the assistant manager of the Dixie Club in San Angelo.

The bride wore a brown suit with green accessories and a corsage of white gardenias.

Those present for the ceremony were Mr. and Mrs. Jack Jacobs, Mrs. A. P. Mercer, Daunita Barker, and Mr. and Mrs. Elmer Little.

Parent-Teacher District Board Meets For Session In Big Spring Thursday

MRS. R. B. KERBOW

MRS. H. A. HAYNES

MRS. J. J. BLACK

MRS. JOHN REESE

The Parent-Teacher Association of Big Spring will be hosts to the Executive Board of District 16 which will convene in the Settles Thursday morning at 10 a. m.

Attending will be the seven vice-presidents, and recording secretary, the chairmen of the committees as well as the president.

Mrs. John Reese of Colorado City, second vice-president, serving Mitchell and Sterling counties holds a State lifetime membership; served as first president of Colorado City PTA and has held various offices and taken an active part in the school cafeteria and health program there.

Mrs. H. A. Haynes of Garden City, third vice-president, serving Howard and Glasscock counties served as secretary, vice-president and president of the Garden City P-T-A and as safety chairman of the Sixth District in 1942-43.

Mrs. R. B. Kerbow of Lamesa serving Dawson, Borden and Scurry counties, is seventh vice-president and has served as president of Lamesa P-T-A for two years and was vice-president of the 14th district last year.

Other vice-presidents are Mrs. G. B. Dillard, of Abilene, serving Taylor and Runtels counties who is first vice-president and aide to the president; Mrs. J. J. Black of Midland serving Midland, Ector and Andrews counties is fourth vice-president; Mrs. R. B. Whitaker, of Stanton, serving Martin and Gaines counties is fifth vice-president; and Mrs. C. C. Robinson of Sweetwater, serving Nolan and Coke counties, is sixth vice-president.

Mrs. Murray H. Fly, of Odessa is serving fourth term as recording secretary. She has served as president, vice-president, recording secretary, treasurer, and chairman of various committees in the Odessa organization. She holds a lifetime membership.

Mrs. Jack Fulwiler of Abilene is corresponding secretary.

Mrs. Holland Holt, district president, will preside at the meeting.

Mrs. Oliver Watt Speaks At Meeting Of WMU Groups

Mrs. C. Oliver Watt of Vincent, president of the Associational Women's Missionary Society which convened with other groups representing 36 churches at the Big Spring Baptist Associational meeting Monday at the First Baptist church, spoke on the WMU work at the close of the all-day meeting Monday evening.

Other speakers were the Rev. Arch Deloch of Odessa, who discussed the recent Baptist World Alliance in Copenhagen, Denmark, and the Rev. Vernon Yerby, who gave a missionary address.

Nidra Williams conducted the devotional at the meeting and a quartet of high school girls sang hymns.

The WMS of the host church served luncheon to approximately 350 persons.

Annual Friendship OES Banquet Held

Approximately 125 members of the Order of the Eastern Star from six neighboring towns attended the annual Friendship night banquet held at the Masonic Hall by the local OES Tuesday evening.

Ruth Pittman, Worthy Matron, extended the welcome to visitors. Veda Carter spoke on "Thought on Friendship," and readings were given by Mrs. Marjorie Norris and Mrs. Sudie Gibson. Mrs. Ina Richardson, accompanied by Mrs. Norris gave a whistling solo.

Gladys Dalmont was toastmaster. A "Friendship" theme was suggested by an open-window scene in which were placed a lighted candle and an open Bible. Grand officers present lighted candles as a symbol of their good-will. Presiding at the window was Euta Hall, who gave bookmarks to visitors and grand officers.

Grand officers present were Mrs. Anges V. Young, Big Spring, Past Grand Matron; Mrs. Ruth Jobe, Lamesa, Deputy Grand Matron of District 2, section 8; and Ethel Barron, Lamesa, Grand Representative of New Hampshire.

Following the business meeting and program, dinner was served in the dining room decorated to simulate a Chinese garden. Presiding were Mrs. Ora J. Johnson, Mrs. Charlene Kee, Vera Gross and Euta Hall.

Kent Morgan Ranch Scene Of Barbecue

The Kent Morgan Ranch was the scene of a barbecue supper Monday night when Groups Three and Four of the Bluebonnet Class of the First Baptist church entertained their families.

Mrs. Bennie Collins, Mrs. D. E. Meier, Mrs. Harold Hall, Mrs. Kent Morgan, Mrs. Grover Blissard, and Mrs. Orbin Daily were hostesses.

Bridge and 42 were entertainment. Those attending were Mrs. Grover Blissard, Mr. and Mrs. Winset Nance, Mr. and Mrs. R. C. Thomas, Mr. and Mrs. D. E. Meier, Mr. and Mrs. Adrian Vaughn, Mr. and Mrs. Frank Timmons, Mr. and Mrs. Ray Bond, Dr. and Mrs. J. E. Hogan, Mr. and Mrs. Lyndell Ashley, Mr. and Mrs. Orbin Daily, Mr. and Mrs. Harold Plum, Mr. and Mrs. Jack Cook, Mr. and Mrs. Bennie Collins, Mr. and Mrs. Harold Hall, Mr. and Mrs. R. R. McEwen, Jr. and Mr. and Mrs. Kent Morgan.

Iris Lanham Receives Surprise Shower Honors Bride

Iris Lanham was initiated into the Rebekah Lodge 284, at Tuesday's meeting. Two persons will be initiated next week.

A. C. Crocker, noble grand of the Odd Fellows, made an announcement that the new lodge hall had been paid for in full as well as a three year lease on the land. This is the first IOOF hall ever owned by the Big Spring Lodge.

An open house is planned for the near future, as soon as the re-decorating is completed.

Thirty-two members were present.

John A. Kee Rebekahs Have Five New Members

Five applicants were elected to receive the Rebekah degree, one by withdrawal and four by initiation at the meeting of the John A. Kee Rebekah Lodge, 153, Tuesday night in the Settles hotel.

A Back to School party was planned by the lodge to be given by Jewell Rayburn at her home, 1109 Rannels, Monday night, Sept. 22, at 8 p. m.

Plans were made for a rummage sale Oct. 4.

The lodge will celebrate the birthday anniversary of the IOOF next Tuesday. Mrs. Beatrice Bonner, lodge deputy, will sponsor it. Beatrice Vieregge, noble grand, presided at the meeting. Approximately 30 members attended.

Forum Cancels Meeting

The Junior Woman's Forum will not meet Friday. It will meet with the Modern Woman's Forum and the Spoudazio Fora for a banquet, Sept. 26, instead of the regular meeting Friday.

The next regular meeting will be Oct. 9.

TOO FAT? Get SLIMMER
this vitamin candy way
Have a more slender, graceful figure. No starving. No laxatives. No drugs. With the simple AYDS Vitamin Candy Reducing Food you don't cut out any meals, starches, proteins, calories, but you simply eat them down. It's the candy when you enjoy delicious (vitamin fortified) AYDS candy before meals. Absolutely harmless.
In clinical tests conducted by medical doctors, patients who ate only one 24 to 36 lbs. average in a few weeks with AYDS Vitamin Candy Reducing Food.
Only supply of AYDS only \$3.95. If not delivered with money, MONEY BACK on very best terms. Phone Sam Fisherman's and Collins Bros. Drug.

The CHIROPRACTOR and You

No. 20 Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.
WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By x-ray analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.
CASE HISTORY No. 125. A victim of asthma for ten years. Many remedies had been tried without results. An operation on the sinus was undertaken to try to correct the condition, but she still suffered. After some time friends suggested Chiropractic. Analysis indicated displacement of an upper vertebra. Adjustments to correct the displacement were successful and improvement was immediate. The patient now enjoys excellent health and there has been no recurrence of the asthmatic condition.
CASE HISTORY No. 98. A typical case of Sciatica. Patient unable to move without suffering great pain. Condition gradually became worse until finally Chiropractic aid was sought. Within one week following adjustments of the spine, he could move around quite freely and in less than two weeks the patient was able to resume an active life.
FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, Phone 419. Appointment only.

Many, many people have reported amazing results in weight reduction after taking one bottle of Barcentrate. But we want you to give Barcentrate a real test. Therefore, take advantage of this remarkable free bottle offer. Here is what you do—Just go to your druggist and buy two bottles of Barcentrate. Then send the two labels from bottles to us, using the coupon below, and we will send you a free bottle. Thus, you can make a real test at a cost of \$2.00—three bottles for the cost of two. We pay the postage.
This Lady Lost 24 Pounds on 2 Bottles of Barcentrate
"I want to tell you that I lost 24 pounds on the first two bottles of Barcentrate and I am still taking it faithfully, for it relieves me of that tired, run-down feeling; also that sluggish feeling so many women have. I can say that Barcentrate keeps me peppy and always ready to go."
Mrs. Tony Meek, 429 Lipscomb Street, Fort Worth, Texas.
Don't Buy Sales Talk—GET BARCENTRATE
Don't Be "Switched"
The vast majority of druggists are honest and will sell you what you ask for. If someone tries to "switch" you to another product—just try another drug store. Barcentrate is low in cost—just \$1.00. Don't allow anyone to sell you another product which may be higher in price, when you want Barcentrate. Ask for and get genuine Barcentrate.

Bottle of BARCENTRATE
We Want You to Make This 3 Bottle Test to

TAKE OFF UGLY FAT

Barcentrate is the original grapefruit juice recipe. It's simple; just pour the contents of a bottle of Barcentrate into a pint bottle—add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it.
If these three bottles don't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves—if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the label FROM THE FREE BOTTLE and get your \$2.00 back.

You need never know a hungry moment while taking Barcentrate—no starvation diet—no pruned diet list to buy—no vitamins to fortify you against weakness while going hungry, for you won't be hungry.

Lost 40 Pounds and Did Not Diet
"I lost about 25 pounds taking Barcentrate in 6 weeks time. Then I continued until I had lost 40 pounds. People really marvelled at my success. Besides looking so much better, Barcentrate keeps me feeling fine."
Mrs. E. G. Guthrie, 883 Pecan Street, Abilene, Texas.

AAF Buildings For Sale May Be Inspected

Prospective bidders may begin Thursday morning to inspect 167 buildings at the Big Spring Army Airfield which will be disposed of on Sept. 30 at a site sale to be conducted by the War Assets Administration.

The buildings, which include all of those not already disposed of in transactions with priority holders, include several different types of structures. More than 100, however are barracks buildings measuring 20 feet wide by 100 feet long.

Among others will be recreation buildings, administration buildings, mess halls and several miscellaneous smaller units.

The inspection period will continue through Sept. 29, and bidders must register between 8 a. m. on Sept. 30. The WAA hopes to sell all of the offerings to highest bidders. However, the government agency reserves the right to reject bids and also to withdraw some or all of the buildings from the sale list.

Successful bidders will be required to make settlement at the site on the day of the sale, and purchaser must remove buildings within 60 days. Payments may be made by certified check, cashier's check or money order made payable to the Treasurer of the United States.

Separate bids must be submitted for each building offered for sale. Lump sum bids covering several or all items will not be considered.

City officials reminded today that the city has no connection with the WAA sale. The buildings being offered to bidders are those which remained as property of the government after grants and purchases negotiated by the city, the Howard County Junior college and the Big Spring High school. City Manager H. W. Whitney said that several prospective bidders had made inquiries at the city hall concerning the buildings listed in the site sale.

MIDLAND SALE The War Assets Administration has announced that 25 buildings will be sold at the Midland Army Airfield. Priority groups may purchase through Sept. 26 and then the general public may submit bids until Oct. 7.

Listed for the Midland sale are hospital wards, administration, hospital barracks, mess halls, a laundry, a steam plant, a boiler house, a dental clinic and infirmary.

WHITE CANE, SEEING EYE DOG, SENSE OF SMELL HELP BLIND

DALLAS, Sept. 17. (AP)—A developed sense of smell, a Seeing Eye dog and a white cane combine to help a blind man walk with assurance through a world of darkness. Speaking yesterday before the Oak Cliff Civitan club, Lloyd Sparkman, blind 18 years, said he could tell a drug store, cafe, clothing store or any kind of a store, by smell.

Sparkman, executive director of the Lighthouse for the Blind here, introduced Hell, his Seeing Eye dog, who he said never forgets a place once she's been there. "But if she realizes I don't know where I am," he said, "She halts as if to say 'Hey bud, it's up to you now.'"

Under a Dallas city ordinance a person with a white cane, he said, is recognized as a blind person and is given right-of-way. A blind person, however, is not required to carry a white cane but having one is a big help.

Some 500 sightless persons are benefitted through the Lighthouse for the Blind here, he said.

Plymouth No. 1 Returns Only Sulphur Water

Prospects for Ellenburger production on the northeast side of the Permian Basin were jolted Tuesday when the Plymouth Oil No. 1 Georgia Frost, north-central Sterling deep exploration, returned only sulphur water on a test run. It had been reperforated from 8,365-70 feet with 90 shots after an attempt was made to seal off water for a second time. On Aug. 24, it flowed at the rate of seven and a half barrels of oil hourly from 8,355-75 feet and was killed to run tubing.

In an attempt to shut off water when efforts at revival returned fluid other than oil, a squeeze job was run to 8,210-20 feet. The rest was then reperforated at 8,356-76 and when 112 barrels of water were returned with 110 barrels of oil in 24 hours of swabbing, the holes were sealed and another squeeze job run. Bottom of the hole is 8,385. Operators indicated that swabbing would continue. Location is 1,980 feet from the south and west lines of section 39-1, H & TC, 1 1/2 miles north and slightly west of Sterling City.

Seaboard No. 1-A John H. Robinson, Ellenburger test in southeastern Dawson county's Spraberry (San Andres) pool, was reported at 10,230 in line and shale, possibly the Mississippian or Pennsylvanian. Location is in the C NW SW 37-34-5N, T&P.

Naval Recruiter Is Here This Week

M. R. Cook, A. C. O. M., Lubbock, is in Big Spring and will remain here until Saturday to assist men in naval enlistments. Cook will maintain offices in room No. 21 in the post office basement while here. In addition to furnishing information about enlistments in the Navy, Cook will distribute American defense and victory medals to all ex-Navy men rating them. They should bring their original discharge and notice of separation (form 553). Cook is attached to the Navy recruiting office in Lubbock.

Markets

LIVESTOCK PORT WORTH, Sept. 17. (AP)—Cattle 4,200; sheep 2,300. Cattle prices mostly steady, some early sales cows stronger; calves rather slow prices steady to weak common to medium steers and yearlings 13.00-22.00; good and choice kinds 23.00-30.00, top paid for 24.00-28.00. Individual yearlings 11.00-16.00; good beef cows 14.00-18.00; hogs 11.00-16.00; good sows 12.00-15.00; 23.00; common and medium calves 13.00-18.50; most stocker calves, yearlings and steers 16.00-21.50; feeder steers, yearlings and steers 22.50; stocker cows 13.50 down.

WALL STREET NEW YORK, Sept. 17.—The stock market pushed ahead today in an extension of Tuesday's recovery more. Rubbers, farm implements and aircraft issues, along with some rails, were brought to the fore in active trading. Scattered laggards persisted. Although activity slowed at times, gains of fractions to more than a point were retained near midday.

Brokers reported some inflationary sentiment among customers making broader commitments in common shares, this development leading suppliers to markets that appeared ready for a comeback. Expansion of total transfers on the upturn was regarded as encouraging.

Western Union touched a new 1947 high. Others moving forward included U. S. Rubber, Goodrich, J. I. Case, Oliver Corp., Deere Co., Douglas Aircraft, United Aircraft (at a new high for the year), Glenn Martin, Schenley, Santa Fe, New York Central, American Smelting, General Motors, Bethlehem Steel, Republic Steel, Public Service of N. J., General Electric, Dow Chemical and Johns-Manville. Some rail bonds improved. Commodities were mixed.

Large Crowd Hears Speech On Alcoholism

Upwards of 500 people heard Horace Fort, Dallas, assistant director of the National Committee for Education on Alcoholism, declare that "alcoholism is a disease" and therefore may be cured as may many diseases.

Fort spoke to a community gathering in the city auditorium Tuesday evening on "Alcoholism, Public Health Problem No. 4." A rehabilitated alcoholic himself, he at one time was principal of Austin high school in El Paso. He thesis was that "alcoholism is as much a disease as diabetes, and it is much like diabetes in that alcoholics cannot take alcohol any more than a diabetic can take sugar."

"Alcoholism is a disease because it has a delirium phase. It affects the rich and poor alike, and if a person recovers he must have a will to do so, as in many other diseases; it has symptoms and a convalescent period. More persons will try to recover when they recognize that they are suffering from a disease."

It is Fort's belief that a vast majority of the nation's 3,000,000 alcoholics can be rehabilitated if three concepts regarding alcoholism can be understood. These concepts are that alcoholism is a sickness; the alcoholic is ill, can be helped, and is worth helping; alcoholism is a public health problem and therefore a public responsibility.

Miss "Jerry," a recovered alcoholic woman, who belongs to Alcoholics Anonymous in Dallas, talked on "Women and Alcohol." Mayor George W. Dabney was master of ceremonies. The Rogans sextet musicians and Lamun's Male quartet furnished the music. Approximately 75 out of town guests attended the meeting which was larger than the one in Washington, D. C. and Syracuse, N. Y., he said.

Country Club Heads Favor Improvements

Stockholders of the Country Club meeting in called session Tuesday evening, voted to continue current plans of raising funds for club improvements by contributions. A proposal had been made for an assessment to finance improvements which would feature expanding and modernizing the club house. However, assessments are subject to 20 per cent federal tax. A majority of those attending expressed themselves in favor of the club house improvements.

Fined On Liquor Charges Here

Daniel Ferrell, picked up by members of the Texas liquor control board several days ago on a charge of possessing liquor for purposes of sale without a permit, entered a plea of guilty in county court Tuesday afternoon and was fined \$200 plus expenses. Investigators said Ferrell bought a case of whisky at a local package store and was on his way to Abilene via a little used road when apprehended.

Looking For Some Positive Causes

One refreshing study being undertaken is that of the National Planning Association, which is delving into the cause for industrial peace.

This is in contrast to the usual procedure to probe out the cause for industrial unrest and strife. In fact, most of our emphasis has been put on strikes—seeking to find out the causes and more particularly the means for resolving them.

The study—"The Cause of Industrial Peace under Collective Bargaining"—spotlights a positive side, one which we have overlooked almost. While strikes and threats of strikes have been splashed across the front pages in great frequency during the past two years, and more or less regularly for the past decade or more, it is nevertheless a fact that many large

firms and industries have been free from this sort of thing.

Why? Well, that's what the study proposes to ascertain. Doubtless it will turn up many rather intangible qualities which contribute to amicable relations between industry and labor. They may find some examples of good public relations between the two. They also may get some leads of responsibility.

It is too much to expect that the report—whatever it is—will revolutionize matters. As we have suggested, the presence of so many intangible factors will make it difficult to reduce to black and white. Moreover, attitudes must be changed in the vast majority of instances. If, however, it offers a basis for sincere men to approach understanding, it will be most welcome on the American scene.

Something On Which To Pin Hopes

Accompanied by tributes reflecting hope and by comments tinged with foreboding, the United Nations assembly has reconvened in New York.

Much emphasis has been placed on the necessity of mitigating the gulf between Russia and Western Powers. Unless this trend is retarded and eventually halted, many believe that effectiveness of the world organization will be dimmed or extinguished.

Against this, Mayor O'Dwyer of New York City, in welcoming the assembly, noted that "our haste makes us impatient and nervous and sometimes shortsighted." Here the mayor has put his finger on one element which too many of us overlook—the element of time.

The story is told recently how a Chi-

nese envoy shrugged his shoulders at the possibility of Communist control of his nation. While he didn't relish it, he wasn't alarmed. "Why in 500 years we will have absorbed and overcome it," he said complacently.

Certainly we hope it will not require 500 years to establish a system of workable international peace on this globe, but neither should we believe that it will come to pass in a matter of months. The UN is full of imperfections, it is fraught with obstacles and obstructionism. Yet it represents the only major start in the direction of international amity. If we did not have it, to what could we attach hopes. Hardly in shot and shell and rising and falling governments, for on the scale of time they are too transitory.

Affairs Of The World—DeWitt MacKenzie

Italy Caught In Battle Of Blocs

As the signs read the battle is about to be joined between the eastern bloc (headed by Russia) and the western bloc (led by America) to determine whether Italy shall become another satellite of the Soviet Union or whether she shall be an independent democracy.

It is an ironic circumstance that the fresh ironies should descend on the Italian peninsula just as the signing of the peace treaty by the Allies formally signalled the end of World War II for Italy. Stripped of much money and territory and, what, hurts worst, of her position as a great power, her government now is facing a fight for its life with a powerful communist party.

The Allies signed treaties with four other nations besides Italy—Finland, Hungary, Rumania and Bulgaria. All except Italy already are within the Russian zone of

influence. That circumstance is not a happy omen for Italy. It means that the forthcoming fight between communism and the anti-Red forces is going to be a tough one.

With the hope of forcing the issue on Italy before the Marshall plan can become effective, the communists are adopting drastic measures. Sunday, on the eve of the formal ratification of the Italian peace treaty, Palmiro Togliatti, Russian trained Italian communist leader, made a bitter speech in which he charged America with "working eagerly to prepare a new war." He also criticized President Truman and Pope Pius.

A cry of "death of Truman" was voiced by perhaps a dozen of the throng listening to Togliatti.

While this speech was being delivered the country was being torn by labor troubles which Pie-

mier Alcide De Gasperi's Christian democratic party charges were inspired by leftists. Italian harvests were threatened by a strike of 1,000,000 farm laborers. Leaders of 850,000 metal workers announced that they would begin a 48 hour strike today.

It is worth of note that the United States and Britain must withdraw their occupation troops from Italy within ninety days of the signing of the peace treaty, thus leaving the government to look after itself. Moreover Moscow has let it be known that there is a Nolotov rehabilitation plan ready for the relief of those who desire it. This is bolstered by the announcement of a bumper Russian grain harvest—the Soviet Union being virtually the only area in all Europe where crops haven't failed or been bad.

So the world has gone out that Russia will be able to provide bread for the needy.

The Nation Today—James Marlow

Supreme Court Cases About Reds

BY MAX HALL

(For James Marlow)
WASHINGTON.—Three famous supreme court cases on the subject of communism are worth recalling today.

They are the Harry Bridges, William Schneiderman, and Joseph George Strecker cases.

They have taken on new interest because the U. S. immigration service again has accused the communist party of advocating the overthrow of the government by violence.

On this ground, the immigration service is making new attempts to deport aliens whom it believes to be communists.

The principal law involved is the Immigration Act. It provides for the exclusion—or deportation—of aliens who are "members of or affiliated with" any organization which "believes in, advises, advocates, or teaches the overthrow by force or violence of the government of the United States."

Let's look at the three earlier cases, in the order in which the supreme court decided them:

1. Joseph George Strecker was an Austrian-born alien, living in Arkansas. In applying for U.

S. citizenship in 1933, he admitted he had joined the communists in 1932 but said he had left the party.

The government ordered him deported. But in 1939 the supreme court ruled against the order. The court said the Immigration Act, as then worded, required deportation only for "present membership" in a subversive organization, and not for past membership.

(In 1940, Congress changed the law to provide for deportation if the person had been in such an organization "at any time after entering the U. S.")

2. William Schneiderman was born in Russia and naturalized at Los Angeles in 1927. Twelve years later, in 1939, the immigration service sought to cancel his citizenship under the Naturalization Act.

Schneiderman admitted he had been a communist in 1927 and was still a communist in 1939.

The government said he had "illegally procured" his citizenship because the communist party advocated the violent overthrow of the government.

But Schneiderman denied that

either he or the party advocated this.

In 1943 the supreme court ruled in a 5-3 decision that membership in the party was not sufficient to deprive Schneiderman of his citizenship.

3. Harry Bridges, the West Coast labor leader, was born in Australia. He was ordered deported in 1942 by Francis Biddle, at that time U. S. attorney general, after long hearings by the immigration service. The immigration service is a part of the justice department.

Biddle said Bridges had been both affiliated with and a "member" of the communist party, and that the party advocated violent overthrow of the government.

Bridges denied either affiliation or membership.

Finally, in June 1945, the supreme court set him free in a 5-3 decision.

In none of the three cases did the supreme court make a clear-cut finding on the question as to whether the communist party really does advocate the overthrow of the government by violence.

The immigration service is still trying to prove its point.

Texas Today—Jack Rutledge

Push Button Farming Is On Way

Push-button farming is so near gentlemen of the soil smell the day they may sit under a tree and direct operations by radar.

Already many of the slow and costly chores are being done by machines. A demonstration of new equipment indicates that in the future, farmers will be just another bunch of white-collar workers.

We are no farm expert, but we were accompanied about 500 county agents on a tour of the Texas A. and M. College Brazos river plantation and watched with sagging jaw as Buck Roger type machines did everything but teach cows how to talk.

For example:

The days of dunking cattle in trenches full of chemically-treated water are gone. They get rid of cattle lice, ticks, other parasites now by fog. Yes, fog. A machine called an aerosol generator (for machine vaporizes water and chemicals, produces something that looks like a smoke screen, and bingo—clean cattle

Mechanical cotton picking is not particularly new, but we saw one of the big machines in operation for the first time, and believe me it works—and works fast.

There are several types, but the kind apparently best adapted for Texas use is one about the size of a well-developed tank with a second story attached. It rolls down the field at about the speed you navigate traffic and picks cotton as neat as you'd want.

Flame chopping of cotton is something else—they really use flames from butane gas, and go up and down the field thinning out your cotton, killing weeds, etc. It doesn't cost much.

Another machine, operated by one man, rolls along picking up and baling hay, dumping the completed bales every few hundred feet.

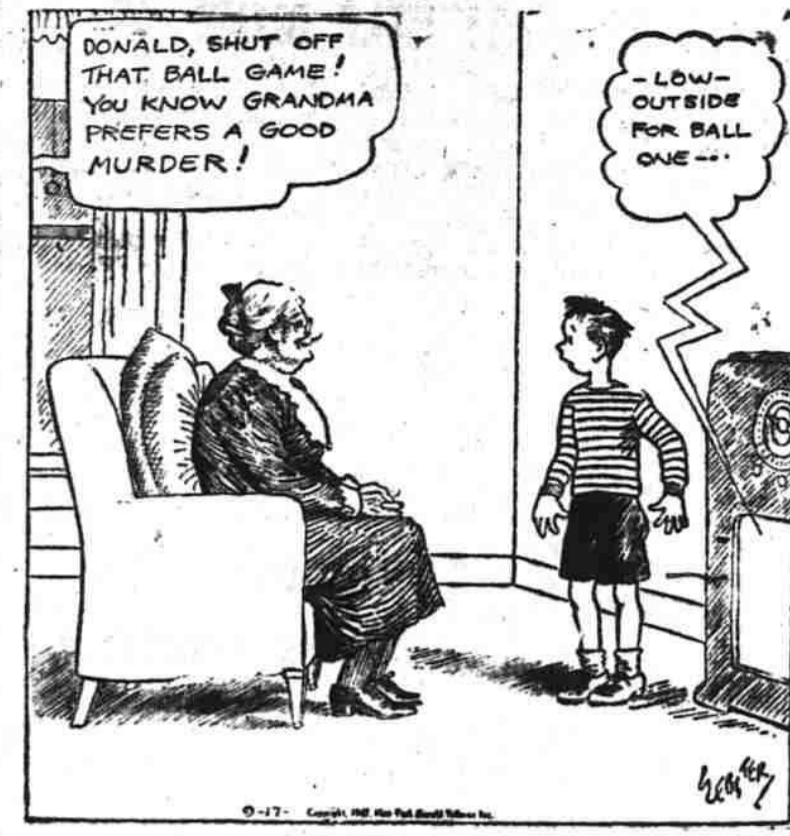

There are also hay dryers and grain dryers that save most crops in a few hours time. And plows that do two and three things at a time. And planters

WOODEN NICKELS
MADISON, Wis. (U.P.)—Found—a man who actually does take wooden nickels. Carroll Swearingen, a Two Rivers, Wis., teacher, collects wooden money. Right now he's looking for some wooden nickels.

EYE FOR BEAUTY
ATLANTA, Ga. (U.P.)—A burglar ransacked the house of Mrs. C. W. Wrigley here but took only one tempting article—a calendar illustrated with pictures of scantily-clad girls.

INDUSTRIOUS FAMILY
SOUTHBRIDGE, Mass. (U.P.)—Ten members of the Dumas family of Southbridge have worked for the American Optical Co. a total of 320 years.

THE UNSEEN AUDIENCE

Hal Boyle's Notebook

Good Old Vacation

BY HAL BOYLE

NEW YORK.—Every time I go on a vacation I swear I will never come back and resume this mental straitjacket called civilized life.

For if there is anything worse than having no vacation at all it is going back to work at the end of a vacation.

The only reason I ever want to go back to my desk is to be sure somebody else hasn't been hired to put his feet there where mine belong.

My idea of a vacation is to wait until after Labor-Day, then go to a beach, lie down and cease from effort so utterly that I would die rather than blow up a pair of waterwings to save me from a sudden surge of surf.

That's what I did. The reason for waiting until September is that, contrary to popular belief, the ocean is warmer then. And there is more sand on the beach than people. Try it some time. In July and August you don't lie in sand—you lie in ice cream cone drippings, cigar stubs and beer bottles.

I found a nice beach on Montauk Point which is as far east as you can go from Broadway without swimming into a British accent.

There I laid me down in the

sun and left instructions to be turned over every half hour until the vacation was over.

When I got restless, I just opened one eye and counted fat ladies on the beach until I fell asleep again. I never had to count more than a round dozen.

Whenever the wind blew a discarded newspaper along the beach I would reach out, grab it and read out loud to the "sand dabs" about high prices in America, Moscow appeals for more work from the comrades, and religious massacres among the Moslems and Sikhs in India.

But the little "sand dabs" paid no attention.

They could not realize how we are all fools of fate in our separate ways. But one of man's feathered friends once expressed that sentiment perfectly. This famous bird was a parrot, a mascot aboard the vessel *Elise Fay*. In 1890 the *Elise Fay* crashed into the Montauk rocks and sailors aboard heard above the roaring waters and splashing timbers the voice of the parrot croaking philosophically:

"We'll all go to hell together, boys!"

Sure enough, the parrot was washed ashore the next day frozen stiff as a hotel mattress.

Broadway—Jack O'Brian

Larry Adler's Father

NEW YORK.—Larry Adler, the harmonica wizard, tells this one about his recent trip to Chicago.

... He was sitting with Ernie Byfield in the Pump Room of the Ambassador Hotel, and Ernie, who runs the Ambassador and Sherman hotels in the Windy City, was asked how he first got into the business.

"My father was running the Sherman at the time," said Ernie without cracking a giggle. "One day I met him in the lobby and he took a liking to me."

Back for a gander at "State of the Union," my first since it opened more than a year ago, and found it not only just as delightful as when it first rated a Pulitzer Prize, but just as timely as ever; in fact, more so.

Howard Lindsay and Russel Crouse, in fact, have neglected their projected sequel to their "Life With Father," called "Keep 'Life With Mother" to keep right on top of the latest headlines with constantly changing dialogue in the topical passages.

I NOTICED in particular that the play has now included in its later phases the emergence of Senator Taft as a presidential potential, the Truman attitude on labor, discussion of recent union legislation and the new crop of political leaders since the play premiered. Quite a startling change, and somehow or other Lindsay and Crouse manage to not only note these constant political wind shifts, but to tlemize them in cohesive and amusing commentary occasionally out-right belly laughs. Smart literary cookies, Howard and Russel.

Helena Bliss, star of "Gypsy Lady," known during its London visit as "Romany Love," will play her next role with a Lohegrin accompaniment, Bartone John Tyers being the scheduled groom. They met in musical stock in Louisville, Ky. Joyce Otis, of the elevator family, making her movie debut after summer stock appearances.

KATHY YOUNG, blonde darling in "Dear Ruth," is a direct descendant of Pocahontas, she says. "Harry Hopkins" widow, Louise Macy Hopkins, now working for a Fifth Avenue department store. . . Rudy Vallee sent his venerable sax and megaphone to the Smithsonian. . . Pinky Lee, Latin Quarter comic, says he has the semantic solution for the difficulties in Big Four parleys. . . The initials of France, England, America and Russia spell the reason," says Pinky.

Drucila Snyder, daughter of Treasury Secretary John Snyder, aiming at a theatrical career now that she's graduated from George Washington U., where she majored in drama.

Washington Merry-Go-Round—Draw Pearson

Famous Words On Price Control

WASHINGTON.—Words certain statesmen would like to forget (made during the OPA debates one year ago):

Sen. Kenneth Wherry, Nebraska Republican—"Taft! Taft! Everybody's always talking about what Taft has done to OPA. I'm the fellow that knocked out meat control, and I've done more to that bill than anybody else."

Rep. John Taber, New York Republican—"OPA is at the present time the chief promoter of inflation."

Sen. Robert Taft O., Republican—"Prices somewhat higher than normal tend to increase production. We certainly should not force such a reduction of prices as to interfere with more production."

Rep. Reid F. Murray, Wisconsin Republican—"I do not care to vote for any more money for the OPA and thus increase the dangers of starvation. . . Chester Bowles and the other agencies are there to keep businessmen from making a profit."

Rep. Henry D. Larcade, Jr., "OPA was run in a high-handed, dictatorial and discriminating manner, treating not only the members of Congress but the people of the country as a whole with disdain, disrespect and discourtesy."

Rep. Chase Woodhouse, Connecticut Democrat—"Let us have the courage to face a few more months of orderly decontrol as the price of economic stability and peace."

Rep. Jessie Sumner, Illinois Republican—"Subsidies are just OPA's black-market way of concealing the fact that the cost of living is going up and your money is buying less and less and less."

Rep. William Lemke, North Dakota Republican—"Today the question is should the OPA be liquidated—abolished? my answer is that it should never have been created. It is an un-American, illegitimate child. It was born of foreign parentage."

Rep. Carl T. Curtis, Nebraska Republican—"OPA is a sham and a fraud. It is one of the prime causes of inflation."

Rep. Edward O. McCowen, Ohio Republican—"Let us make this break now, and then let the price-control act die its natural death. There will be confusion for a few months. . . Then confusion will end, prices will be stabilized and production will be normal and sufficient."

In Hollywood—Bob Thomas

Top 'Dressing Room Comic'

BY RALPH DIGHTON (For Bob Thomas)
HOLLYWOOD.—You may not think Jack Carson is funny—and even Jack will admit you could be right—but around town he's known as one of the greatest "dressing room comics" in the business.

That's a left-handed compliment. That's like saying your cologne would be a great racehorse if only he were a horse.

The trouble with Jack's dressing room humor is that "Dressing room" is a misnomer. It should be "locker room." It's funny, but not in print.

I stopped by the "April Showers" set to see Carson in a vaudeville routine with 12-year-old Bobby Ellis. They had been dancing all morning, but when Carson stepped down off the

stage it was as if he hadn't been dancing at all. It was more like he had been wrestling hogs.

Carson found a seat and sprawled.

"Never try to be a dancer late in life," he whispered.

Carson is getting a little weary of the workhorse routine. "The studio appreciates it, and you get a lot of money that way, but

you don't get any credit," he sighs.

"But what can you do? I work up a new story, with real gags in it for me. I sell it to the studio and what happens? Somebody else plays the movie."

"Maybe someday—I keep hoping—there'll be a Carson movie and you'll be able to find Carson in it."

When it opened, Kaiser asked chief critic Rich if he knew how

the government had lost on war plants built for U. S. Steel.

"No," replied the gentleman from Pennsylvania.

"Well," said Kaiser. "The government lost more than \$300,000,000 in surplus deals with U. S. Steel and I don't hear a lot of congressmen threatening to investigate that."

"On the Geneva, Utah, plant," he continued, "the government took a loss of more than \$151,000,000. They sold it to U. S. Steel for exactly 20 cents on the dollar. Then you say we at Fontana have to pay up 100 cents on the dollar. That means the extra debt burden Fontana pays adds 16 dollars a ton to the price of steel we charge our customers. We don't want to gouge our customers to pay back the RFC. The government wants lower prices, yet the government forces us to charge high prices."

"But Mr. Kaiser," interrupted Virginia's Democratic Congressman Porter Hardy, "if the government forgives you these excessive wartime construction costs, won't that mean they'll have to do the same for every other firm that has a war-built plant?"

"No, it doesn't," Kaiser replied. "The only other possible company in the same position is Reynolds Metals."

Kaiser also pointed out that the government took a loss of more than \$60,000,000 on three surplus plants sold to U. S. Steel in Homestead, Duquesne and Braddock, Pa.

As the hearing closed, doubting-thomas Rich finally seemed satisfied.

MERRY-GO-ROUND

The Air Forces is keeping it quiet for the sake of the other services but it has been snowed under with applications from former Army, Navy and Marine Officers—begging for enlisted status in the Air Corps. More than 24,000 applications have poured into recruiting offices from ranks as high as Navy captain and Army colonel. Those who can meet the Air Corps' tough standards are assigned new ranks, ranging from corporal to master sergeant. . . Although enlistments are booming under the impetus of a vigorous recruiting drive, the Air Corps is still short 67,000 enlisted men.

Fined \$51 And Costs

George R. Maxwell entered pleas of guilty to charges in two separate courts Tuesday and paid fines totaling \$51 and costs. Judge Walton Morrison levied a fine of \$50 and costs in county court on the accused on a charge of driving while under the influence of intoxicants. Maxwell also paid a fine of \$1 and costs in justice court for driving a vehicle without an up-to-date license.

RIOT IN TRIESTE AS TREATY RATIFIED — Military police with Jeeps stand by at lower left while civilian police attempt to break up a riot between Italians and Slavs in a Trieste square as the Italian peace treaty under which Trieste became a free state went into effect. Day-long rioting resulted in at least three deaths and numerous other casualties. (AP Wirephoto via radio from Rome).

Alcoholics Can Be Aided, Says Representative

Alcoholics caught between a sense of compulsion and allergy for alcohol, are sick people, should be regarded as health problems and can be helped, Horace Fort, Dallas, assistant director for the National committee for Education on Alcoholism, told Rotarians Tuesday. Like the weather, no one thought anything could be done for alcoholics, he said. Yet today efforts are being made to get public understanding of the problem. There are something like three million in the U. S. who are affected by the ailment which results in "insanity or death... if not cured." Fort cited himself as a recovered alcoholic, telling of the heartaches his plight had brought him. Guests included Bill Condra and T. C. Root, Lubbock, who invited Rotarians to the 24th annual inter-city meet there Sept. 24. Others were Jim Rose, Shell Pipeline, Glenn Trueblood, Jr., Juneau, Alaska, C. S. Blomsheld and Sam Goldman. Otto Peters, president, urged members to attend the Monday evening meeting to meet with the

district governor to develop plans for the district convention here in May. New Zealand's radio is state-owned and directed by civil servants.

NEW TRAFFIC LAWS

Children Riding School Busses Given Added Protection By Code

(Following is another in the series of articles dealing with changes and amendment in Texas traffic laws, which went into effect Sept. 5).
Children riding school busses are given new and increased protection under the new traffic code. For the first time in the history of Texas, it is illegal to pass a stopped school bus without first coming to a halt. After halting, the vehicle's operator must not proceed past the bus at a speed greater than ten miles per hour. All vehicles used for transporting students to and from school must have a sign on the front, rear and both sides in letters not less than eight inches in height identifying it as such. Regulations as to the design, color and operation of all school busses must be adopted by the State Department of Education and the Department of Public Safety. Each school bus is required to carry at least one fire extinguisher with a minimum of one-quart capacity. Persons who have a falling for following fire trucks may find themselves in trouble. All are subject to penalty if they follow within 500 feet of the equipment. Neither can they drive into or park in a block where fire apparatus has been stopped to answer an alarm. Driving over an unprotected fire

B' Spring Mentioned In T&P Magazine

Big Spring is mentioned in an article about "reefers"—refrigeration cars—in the current issue of T & P Topics, company magazine. The picture used to illustrate the short feature shows a "reefer" train roaring out of Big Spring to the east. The Big Spring reefer service maintained by Southern Ice is one of six on the T&P, the others being Shreveport, Alexandria, Texas, Arkansas, Longview, New Orleans and Fort Worth, the latter being the largest. Refrigerated car service dates back to 1857 when a car load of dressed beef under refrigeration moved from Chicago to the East. First shipment of fruit under refrigeration was made in 1866 from southern Illinois to Chicago. The previous year a car of berries had been shipped from Norfolk, Va., to New York, and in 1888 the first car of citrus fruit from California to New York was made in a refrigerated car.

Murder Suspect Is Killed By Diabetes

WICHITA FALLS, Sept. 17.—Funeral services were held Tuesday at Throckmorton for John Ed Miller, 18, who had been charged with murder in the death of his father, J. E. Miller, 63. Young Miller died Sunday night of diabetes in the Wichita Falls state hospital. He had been brought to the hospital ten days ago for observation. He had been ill for some time. The youth was charged with murdering his father at their farm home in Throckmorton county on the night of Aug. 10.

USE FOR TISSUES
NEW YORK (U.P.) — Lipstick tissue booklets, designed as a giveaway item for women customers of shops, restaurants and beauty salons, have been put to a new use by camera and optical house managers. The booklets of tissues intended as a pocketbook beauty aid are being distributed as lens cleaners by shops selling glasses and photo equipment. The booklets carry the advertising of the store handing them out.

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness. To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better. Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

WILLIAMS and HERR COMING! WATCH SUNDAY PAPER!

ELECTRIC SERVICE-- The Great Equalizer

The West Texan of yesterday had a name for the formidable six-gun which played such an important role in the taming of the wild and woolly frontiers of the 1800's. He called it "The Great Equalizer" on the theory that whether a man was big or small, old or young, rich or poor didn't make much difference when he had a Colt 44 in his hand—his "shoot-in' iron" put him on equal footing with any adversary he might face.

"The Great Equalizer" of modern times is electric service.

Electric service brings to the folks in the cottage in the middle of the block the same comforts and

conveniences enjoyed by those who live in the mansion on the hill.

The homemaker in the cottage has the same time and work saving electrical appliances at her service day in and day out as does her wealthy neighbor. The coffee-maker, the toaster, the radio, the vacuum cleaner, the electric refrigerator, the clothes washer, the room coolers and the many other electrical appliances in the big house are identical with those in the cottage down the street.

The biggest bargain in any home today—large or small—is the efficient, low-cost electric service which provides so many conveniences equally to all.

TEXAS ELECTRIC SERVICE COMPANY
C. S. BLUMSHIELD, Manager

Week's Prep School Grid Activity Opens Tonight

LOOKING 'EM OVER

With TOMMY HART

Whether or not that element of fans who took part in the demonstration following Monday night's baseball game in Ballinger realize it, the community received a "black mark" from Organized baseball and must henceforth discipline their conduct or suffer for it.

Obviously, there are parties in the Runnels county city who think the cornerstone of baseball is embedded in Ballinger and George Trautman's minor league organization could not function without the franchise. They came in late, as the saying goes.

Such over-wrought individuals, whether they be residents of Ballinger, Big Spring or Des Moines, should be discouraged from patronizing the sport if they excite that easily. What the mayhem-bent spectators there did not seem to realize is that umpires, the over-worked and under-paid boys in blue, are the traffic cops of a nationwide organization that looks after its own help. No arbiter has ever been barred from baseball for crookedness or shady dealings. The Longhorn league officials may not be the best in the country but at least they are honest.

Members of the Ballinger team are to be commended for doing their best to help break up the near riot and restore order. They could easily have inspired trouble by siding with the fans and rushing the umpires. Instead, they did their best to oil the troubled waters and send the patrons on their way.

Willard "Pop" Ramsdell, the Kansas hurler who got his star in professional baseball here, is going to get another chance with Brooklyn next spring.

Ramsdell was purchased from Fort Worth by the Brooklyn Dodgers recently for 1945 delivery. In fact, if Fort Worth gets sidelined in the current playoffs, Will may be called in to pitch a game or two for the Bums this year.

Pop went to spring training with the Dodgers last February 5 but was returned to Felteneville just before the season got underway. He proceeded to win 21 games and emerged with one of the best

Sunset Opposes Highland Park

By The Associated Press

Fifty-eight games, bringing all except five of the Class AA teams into action, gives Texas schoolboy football fans a week-end crowded with outstanding battles.

Figuring most prominently in the schedule are the finalists of 1946—Odessa's champion Broncos who meet tough North Side at Fort Worth and Thomas Jefferson's Mustangs who tackle powerful Temple at San Antonio.

These top a slate of 39 inter-district games which feature the Childress-Amarillo, Denison-Wichita Falls, Abilene-Brackenridge (San Antonio), Waco-Austin, Highland Park (Dallas)-Sunset Dallas, Port Arthur-Longview and Paris-Tyler clashes. All of these match powerhouses from respective districts.

The big schedule starts off tonight as Highland Park meets Sunset at Dallas.

There will be one conference game, Corpus Christi's mighty Buccaneers, top favorites of the southern bracket of the Interscholastic League race, playing Harlandale of San Antonio in District 15.

There also are five inter-sectional tests. Last week Texas team swept the boards in games with eleven from other states. This week they play Oklahoma, New Mexico, Arizona and Louisiana clubs, with John Reagan, one of the Houston district favorites, meeting Lake Charles, La., always a tough team, at Houston.

Here is the week-end schedule by districts:

- 1—Friday: Childress at Amarillo, Austin (El Paso) at Borger, Sweetwater at Pampa.
- 2—Friday: Denison at Wichita Falls, Denton at Graham, Vernon at Altus, Okla.
- 3—Friday: Brackenridge (San Antonio) at Abilene, Brownfield at Midland, Cisco at Big Spring, Plainview at Lamesa, Lubbock at San Antonio.
- 4—Thursday: Douglas, Ariz., at Bowie (El Paso); Friday: Arlington Heights (Fort Worth) at El Paso High, Yaleta at Carlsbad, N. M.
- 5—Friday: Bonham at Arlington.
- 6—Friday: Greenville at Sulphur Springs, Grand Prairie at Irving, Sherman at McKinney.
- 7—Thursday: Gainesville at Poly (Fort Worth); Friday: Odessa at North Side (Fort Worth); Saturday: North Dallas at Amon Carter-Riverside (Fort Worth).
- 8—Wednesday: Sunset (Dallas) vs Highland Park (Dallas); Thursday: Marshall at Woodrow Wilson (Dallas); Saturday: Fort Worth Tech at Adson (Dallas).
- 9—Thursday: Cleburne at Stephenville; Friday: Electra at Mineral Wells, Paschal (Fort Worth) at Breckenridge.
- 10—Friday: Forest (Dallas) at Corsicana, Ranger at Hillsboro.
- 11—Friday: Port Arthur at Longview, Fair Park (Shreveport) at Gladewater, Paris at Tyler, Nacogdoches at Henderson, Austin (Houston) at Texarkana.
- 12—Friday: Kilgore at Jacksonville, Waxahachie at Bryan, Athens at Palestine, Sam Houston (Houston) at Conroe.
- 13—Thursday: St. Thomas (Houston) vs Jeff Davis (Houston); Friday: Lake Charles, La., at John Reagan (Houston).
- 14—Friday: San Jacinto (Houston) at Beaumont, Lufkin at South Park (Beaumont), Kirwin Galveston at Pasadena, Milby (Houston) at Goose Creek, Brownsville at Orange.
- 15—Friday: Temple at Thomas Jefferson (San Antonio), Harlandale (San Antonio) at Corpus Christi (Conference), Waco at Austin, Brownwood at Kerrville; Saturday: San Antonio Tech vs Burbank (San Antonio).
- 16—Friday: Mission at Edinburg, Falfurrias at McAllen, Mercedes at Harlingen, Kingsville at Alice, San Benito at Pharr—San Juan-Alamo, Central Catholic (San Antonio) at Laredo, Victoria at Robstown.

Mustang Aerial Circus Should Glisten Again

(This is the last of a series discussing Southwest Conference football prospects)

DALLAS, Sept. 17. (AP)—If he hasn't already heard (which would be a miracle), young Doak Walker is going to have much in common with Atlas this football season. Walker doesn't exactly resemble the mythical character who carried the world around on his shoulders, because Doak is only 5-foot-11 inches and weighs a bare 175 pounds.

But Walker seems to be built just right to do the gridiron plans at Southern Methodist University and is capable of carrying the team to a high place in the Southwest Conference race.

Walker gained fame in 1945 when he came home from the service to play just one month with the Mustangs. He turned the Methodist from a doormat to the best team in the conference at the finish. Some may argue that the competition wasn't so tough in those days and that Walker will find the going quite difficult in a South-west conference campaign expected to reach an all-time high in quality. But you can't argue that with Coach Matty Bell and his assistants out on the hilltop. Walker, they say, would have been good in the same kind of league two years ago.

Doak was a star in service football last year; he has returned to S. M. U. the same coolly efficient passer, runner, kicker and thinker of 1945. He is the spark of what looks like the best Methodist team in six years.

Walker heads an imposing array of jettermen—26 to be exact. The Mustang squad has three outstanding passers including Walker. Gilbert, from other states. This week they play Oklahoma, New Mexico, Arizona and Louisiana clubs, with John Reagan, one of the Houston district favorites, meeting Lake Charles, La., always a tough team, at Houston.

Cobb Shatters World Standard On Salt Flats

BONNEVILLE SALT FLATS, Utah, Sept. 17. (AP)—A determined Englishman—John Cobb—gave the world proof today that man can travel more than 400 miles an hour in an automobile.

The pleasant London fur broker, bedeviled for a month by bad weather or mechanical bugs, streaked through a measured mile at 403.135 MPH in setting new world records for that distance and the kilometer.

On what he called "the roughest ride I have yet had on the Salt Flats," he erased the old marks he set here in 1939 and posted these new ones as dusk gathered last evening:

Measured mile—394.196 (Old record, 368.9)

Kilometer—393.825 (Previous mark, 369.7)

To claim records, Cobb was required to drive both south and north on the 14-mile straightaway on this old lake bed. It was on the return northward trip that he exceeded 400 MPH, the fastest man ever traveled on land.

Happy as he was over his feats, the Briton decided against making any attempts to shatter the records he holds for the five kilo- and 10 miles. During the tests and record runs begun in mid-August the Ralston Mobil special speedster underwent "terrific punishment," he explained, and "it has been decided not to risk possible serious damage to the automobile."

The huge, turtle-shaped vehicle, costing \$100,000, will be crated and shipped to Great Britain.

Herd Engages In Scrimmage Without Regular Fullback

Madison Sick With Influenza

Pat Murphy's Big Spring High school football Steers have gone through two scrimmages this week without Gordon "Moe" Madison, who has long figured into the Irishman's first-string backfield plans.

Madison has been confined to his home with a slight case of the flu. He reportedly is better and may shortly rejoin the Longhorns, who are preparing for the first test of the season Friday.

Dickie Cloud, up from the B string, was running in Madison's fullback slot yesterday. If Moe isn't ready to function against Cisco this weekend, Cloud will have to do most of the work at that position.

Outside of that post, Murphy's lineup is fairly well set. Harold Berry, who has developed to satisfaction as a kicker, B. B. Lees and either Paul Shaffer or Charley Seydler will start at the other backfield spots.

At the moment, Eddie Houser and Roy Pool have the inside track as the ends, Jim-Bill Little and Delmar Turner appear the class of the tackles, Ike Robb and Pat Lamb are the regular guards while Donald Hale is to be at center.

Murphy is expected to devote the remainder of the training week toward brushing up on the Bovines' plays and oiling the passing game. The locals are due to make liberal use of the over-head attack all week due to their lack of weight.

Sportsmen To Air Off-Shore Oil Prospecting In Gulf

BEAUMONT, Sept. 17. (AP)—The problem of the killing of fish by off-shore oil prospecting in the gulf will be aired at a meeting at 2 p. m. tomorrow in the Galveston county courthouse.

Everett Brahear, president of the Gulf Coast Rod, Reel and Gun Club here, said sportsmen, commercial fishermen, oil company representatives, county attorneys and newspapermen would be invited to attend.

He said the meeting was called after a telephone conversation with Sherwood Brown of Galveston.

Amon Carter, Bride Are On Honeymoon

FORT WORTH, Sept. 17. (AP)—Amon G. Carter, president and publisher of the Fort Worth Star-Telegram, and his bride, the former Mrs. Minnie Meacham Smith were on their honeymoon today.

They were married last night at the home of the bride's mother, Mrs. H. C. Meacham.

Mrs. Carter's father was the late H. C. Meacham, former mayor and department store owner here.

HARRISON HOMERS

Ballinger Edges Steeds, 14 To 8

BALLINGER, Sept. 17.—Ballinger's Cats spotted the Big Spring Broncos four runs and then walloped them, 14-8, in the fourth game of the Longhorn baseball league championship series here Tuesday night, pulling even in four games played.

The Hosse's pitchers — there were four in all — were somewhat short of sensational. Humberto Baez tried it a while. Gerry Rodriguez reported when Baez retired but gave way to Charley Parlier before he warmed to the task. Ray Mendosa finished.

Big Spring's hitters tried to keep pace with the Ballinger offensive machine for a while but at length gave it up as a bad job. The Felines crowded four runs across in the fifth, four more in the seventh and capped off the fireworks with a five-run uprising in the eighth.

The Steeds got rid of Joe Hare, the Ballinger starter, in the eighth but Paul Cook came in to queer the works.

A total of 18 assorted blows, including Ronald Harrison's fifth inning home run which put the resident nine ahead to stay, were collected by the winners. Harrison had three other blows besides his round tripper while Miles Smithbart did as well. In short, the Ballingers were in a hitting mood.

The Big Springers collected 12 safeties on their own hook but the

Martin County Fair Supported

STANTON, Sept. 17. — Encouraging support is being given plans here for the annual Martin County Fair, Oct. 3-4.

To date more than two score business firms have signed contracts to decorate store fronts and a Big Spring firm has been engaged to do the work and hang streamers over the streets a week in advance of the show dates.

For the first time, a parade is contemplated this year. Several concerns and organizations are working toward float entries, and the 70-piece Crane high school band will march in the parade. An invitation has been extended to the Big Spring high school to take part.

On the evening of Oct. 3, the Stanton high school Buffaloes will meet the Golden Cranes of Crane Fair, Oct. 3-4.

The following day there will be a myriad of exhibits of livestock and agricultural products on display at the gymnasium, and on the nearby fair grounds a carnival's midway will be in operation. Prizes for prizes have been arranged under the sponsorship of the Lions club. Preparations indicate it will be one of the biggest events in the history of Stanton.

TO TAKE OATH
 AUSTIN, Sept. 17. — James P. Hart of Austin, successor to Judge C. S. Slatton as associate justice of the Texas supreme court, will take his oath of office Oct. 1, he said yesterday.

NEW BILL

Senators Revise Farm Aid Program

WASHINGTON, Sept. 17. — Seven senators today tackled the job of revising the government's aid-to-agriculture program on a long range basis — at a time when farm income is at a record high.

Senator Aiken (R-Vt.), chairman of the planning group, said he hopes to have a bill ready for congressional approval before the 1948 party conventions.

"There are some things too important to have them injected into political campaigns," Aiken told a reporter.

Senator Lucas (D-Ill.), another member of the agriculture subcommittee, said the shortages and world consumer demand which led to current high level farm profits "cannot last when world production recovers," and added: "We must keep at least a skeleton of the present program available."

Lucas suggested that since the government has supported prices to prevent losses on farm surpluses in the past, Congress might decide it would be fair now "to put a ceiling on them as well, to prevent these runaway prices."

Aiken noted that most of the price-support programs expire at the end of next year.

A recent congressional staff study made for the special Senate-House price investigation said that most farm products now are well above government price-support levels except for potatoes, eggs and dry skin milk.

Aiken said the entire farm situation will be reviewed by the subcommittee, which also includes Senators Bushfield (R-SD), Wilson (R-Iowa), Thyne (R-Minn.), Elmer Thomas (D-Okla.) and Ellendorf (D-La.).

Oil Well Fire In Mexico Is Controlled

POZA RICA, Mexico, Sept. 17. — Well No. 6, afire since Sept. 8, today was still a problem although under control.

Fire fighters directed by U. S. experts reached the head of the well yesterday for the first time since it caught fire, but an attempt to cap it off with cement failed.

Once capped, Pemex, the government petroleum monopoly, said mud would be pumped into the tubing to kill the well until repairs can be made.

 Charles Gomez left Monday to enroll at McMurry college, Abilene.

Cuban Policemen To Face Charges

HAVANA, Cuba, Sept. 17. — The Army press bureau announced today that five policemen have been charged with homicide as the result of a two-hour gun battle Monday in which five persons were killed and 14 wounded.

Those charged, the bureau said, included Police Major Mario Salabarría, chief of the enemy activities bureau, and four other policemen under his command.

The shooting broke out when Salabarría tried to arrest police Major Emilio Tro at the home of Major Antonio Marin Doptico on suspicion of having been involved in the recent slaying of a captain.

Salabarría and the other policemen will be tried by a military court, and 10 civilians arrested as a result of the affray will face lesser charges in civilian courts.

Texas Seeks Federal Aid For Hospitals

AUSTIN, Sept. 17. — Texas has entered its formal application for \$24,000,000 in federal aid to be used as one-third the cost of constructing \$72,000,000 worth of community and non-profit hospitals over the next five years.

Acting jointly with the state board of health, the state hospital advisory council has approved tentative plans for Texas' participation in the federal hospital aid program. At the same time taking note that the expenditure of the full \$72,000,000 will pay for only one-fourth the facilities needed.

Norman B. Roberts, director of the health department's hospital construction division, told 200 persons attending a public hearing on the state plan that facilities for 54,136 additional hospital beds must be constructed before Texas' health program will meet standards set by the U. S. public health service.

Figured at a cost, set by the government, of \$10,000 per bed for full-equipped hospitals, the program would cost approximately \$54,100,000.

Roberts, whose 18-month-long survey is the basis for the state's program, said he believed the hospitals could be built for "nearer \$8,000" per bed, or a total of \$433,000,000.

With the federal government ready to allocate \$24,000,000 to the state over the next five years, and with communities scheduled to put up \$48,000,000, Roberts said: "There is \$361,000,000 that the communities, the doctors, the churches, or state is going to have to dig up."

Auto Racing Comes To S'west; Arlington Downs To Be Converted

ARLINGTON, Sept. 17. — The \$3,000,000 Arlington Downs racing plant, built for horse racing but idle since 1937 when pari-mutuel betting was outlawed in Texas, will reverberate the cheers of the crowd again come Oct. 26.

This time, however, the fans will be watching automobiles and not horses whirl around the racing strip.

Leasing of the plant by Racing International of Dallas, operated by Babe Stapp of Los Angeles and Fred H. Lockwood of Dallas, was announced today.

The two partners said the date of Sunday, Oct. 26, already had been sanctioned by the American Automobile Association for a 100-mile championship race that would bring top drivers and big racing cars from over the nation and would officially decide the 1947 United States Automobile Racing championship.

The lease agreement was negotiated with Guy L. Waggoner and E. Paul Waggoner, wealthy Vernon, Tex., cattlemen who operated the Downs as a horse racing plant when it was known as the "Saratoga of the Southwest."

Racing international has rented the property for two years.

The new operators of the Downs said more than \$75,000 would be expended in improvements to the track, buildings and other physical properties before the Oct. 26 race.

AMERICAN AIRLINES

Ohio Lawmaker Calls For Buyers' Strike

WASHINGTON, Sept. 17. — Rep. Bender (R-Ohio) said today a buyers' strike may be necessary to bring down prices.

Remarking on 90-cent butter and high costs of other things, the Ohio lawmaker declared in a statement: "It is time for the buyer to do something more than beware."

"It may be necessary for the housewives of America to take the issue into their capable hands once more with an old-fashioned buyers strike."

"It is all too clear that any efforts to hold the price line through independent action on the part of retailers will be utterly unsuccessful," he added.
