This newspaper is dedicated to giving community news without partiality to any segment of the population or the community. We have consistently fought injustice in any manner wherever we found it without regard to the consequences. We will continue to do so. We have never, nor will we ever be, a mouthpiece for any kind of propaganda. We do not speak for one segment of the community, but for the community as a whole. We do not publish meetings without charge unless it is a community endeavor where all will be welcome.

We believe our subscribers will realize this has been a consistent policy of the Stockman for many years. We do not want to see a return to separatism and will be a formidable foe to those who take up the banner to isolate any part of this community. We see no good coming from this kind of action for the individual or for the community.

We realize we have a very responsible position in the community, an almost frightening position, considering the fact that we must decide what is news, what is not, and all the editorial opinion must be decided and/or written by personnel of this newspaper, let the chips fall where they may. We accept this responsibility and understand that we must be devoted to serving the public. We hope other individuals in the community will allow us to do this, and we in turn will allow them to serve whom ever they have chosen to serve. Our letters to the editor column is open to all dissenters, and this is the only section of this newspaper where views may be aired.

We make every effort to be fair, and have not changed our position one twit, in spite of anonymous letters, phone calls, (some threatening), irate phone calls to our home in the late hours of the night or letters to the editor in a daily newspaper.

Easter Seal Drive Is Going Well

Crockett County's Easter Seal Representative reported today that the 1975 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well but urged all citizens who have not responded to the Appeal to do so. Roy H. Thompson serves as Easter Seal Appeal Treasurer for the County.

The 1975 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas.

DOCTOR, LAWYER, MERCHANT, CHIEF has to be a good caption for this picture of German men who visited here last week under the Group Study Exchange sponsored by Rotary International. From left to right the men are historian Michael Schwieger, Doctor of Medicine Eberhard Haubold, professor Wolfgang Knobloch, banker and group leader Peter Borchardt, musician Volkman Kohler, and lawyer Alexander Graf von Rex. Showing them around Ozona were Rotarians Ray Boyd, Rev. Ben Bomfalk and Hubert Baker.

Several Ozona Men Honored At Safety Awards Ceremony

A number of Ozonans were honored Tuesday, as award ceremonies were held at the Texas Highway Department Maintenance Offices here. Presenting the awards was District Engineer D.R. Watson of San Angelo. Ozona Resident Engineer William F. Dixon and his personnel met jointly with Supervisor Scottie A. Houston and his forces.

The awards represent the attainment of outstanding safety records for those who operate State motor vehicles in the course of their duties. These awards are given under a stringent set of rules established by the Highway Department Insurance Division, extending even to accidents caused by poor loads and mechanical failure, which means the entire Department must work as a team. Prior to 1970, such awards were made only to those operating two ton or larger trucks, but now include operators of all motor vehicles. These Driver No-Accident Awards represent the years of accident free driving for each person.

Those who received awards from the Residency Office of

Engineer William F. Dixon are: Charles W. Roberts, 1 year; Robert A. Barfield, 2 years; William F. Dixon, 3 years; John A. Lowe, Donald F. Mahannah, James C. Montgomery, Freddie R. Nicks, Julius C. Schroeder, Jessie S. Segars, and L.B. Taylor, 4 years.

Receiving awards from the Maintenance Section of Supervisor Scottie F. Houston were: Jimmie L. Baker, 1 year; Guy W. Hester, Basiliso

L. Ramirez, Jr., 2 years; Francisco E. Garza, 3 years; Jack D. Adkins, 15 years; and Otilio V. Duran, 22 years.

"The awards presented here today represent a total of 79 years of accident free driving. When you consider that these thousands of hours of driving were done under the hazardous conditions of road construction and repair, in all kinds of weather, it is an outstanding achievement," stated District Engineer Watson.

Ozona Gets Easy Win In Tennis Tournament

Ozona won its own tennis tournament Saturday with Sonora a distant second.

Ronnie Schneider had no problem winning the boys singles for Ozona. He beat Low of Mertzon 8-0, Inseburg of Sonora 8-3, Elguea of Iraan 8-1, and walked away from Street of Sonora in the finals 6-0 and 7-6.

Shannon Dockery made it to the semi-finals in girls

singles before losing 8-2 to Haeclhton of Paint Rock 8-2. On her way to the semi-finals, she beat Lorring of Paint Rock 8-1, and Borrego of Iraan 8-6. Lori Gibbs of Sonora won the girls finals.

The match of the day came when Fenton and Maness, trailing 7-3 came back to win against May and Jones of Paint Rock 9-7, in first round play and went on to win girls doubles. After the exciting first match, they beat Iraan 8-2 and Big Lake 8-4 before retiring the Ozona team of Kirby and Bebee 6-3, 9-7 in the finals.

Karen Kirby and Karen Bebee, on their way to the finals, retired Stanton 8-0, Menard 8-2 and Sonora 8-3.

In boys doubles, Greg Thompson and Ricky Perry made it to the semi-finals for Ozona before losing to Big Lake 8-5 in the semis. They beat Stanton 8-0 and Iraan 8-3 before losing the semi-final match.

Karr and Hoover made it to the finals for Ozona by retiring Menard 8-6, Iraan 8-3 and Mertzon 8-0. They lost to Big Lake in the finals 6-4 and 7-5.

The tennis team hosted Eldorado Tuesday and will participate in the Iraan tournament Friday and Saturday with 13 schools competing.

Leta Powell was in Big Lake Sunday to attend an open house for retiring Reagan County auditor Flossie Coates. Miss Coates has been working for the county for 42 years.

25-YEAR MAN WITH OZONA VOLUNTEER FIRE DEPARTMENT -- B. B. Ingham, Jr., right, receives his 25-year award from Fire Department President Weldon Maness. He joined the department March 21, 1950. He joins three other Ozona men who have 25 years with the organization, Cleophas Cooke, B. W. Stuart and Bill Cooper.

Crockett County Care Center Dr. Tandy Fund To Furnish Recreation Room And Patio

The Dr. H. B. Tandy Memorial Fund will be used to furnish the recreation room and the terrace-patio in the new Crockett County Care Center, projected to open May 1, of this year.

Trustees of the fund, Pascal Northcutt, Mrs. J.B. Parker and Mrs. E.H. Chandler, met with hospital board members and hospital administrator Keith Peters last week and made the decision.

The fund, which was started shortly after Dr. Tandy's death in late 1960, has just over \$9,000 in it at the present time. The furnishing of the recreation room will also include a piano and Dr. Tandy's portrait, which now hangs in the hospital, will be hung in the room.

Dr. Tandy, who served as family physician for Ozonans from July, 1933, until his death November 14, 1960, was instrumental in building a hospital where the courthouse annex now stands and was largely responsible for the building of the present hospital. He dreamed of a modern rest home facility for Ozona, and following his death, the Dr. Tandy Memorial Fund was started toward that aim. Many contributions and memorials were made to the fund in the early 60's, but it seemed the nursing facility was only a dream and donations tapered off. However, with the actual opening of the care center in

the offing, donations to the fund have picked up.

The fund will continue, and monies received will be used for the purchase of supplies, equipment and many items which will need to be replaced through the years.

Hospital administrator Keith Peters reported that there are now sixteen names on the waiting list of persons who wish to move into the facility when it is finished.

People have taken an active interest in the facility, Peters reported, and have been most generous. Donations have now

paid for all but 14 semi-private rooms, some pieces of smaller equipment and the nurses' lounge. Peters suggested that those wishing to pledge funds toward the furnishings might consider furnishing half of a semi-private room, if they find the total cost of \$1450 prohibitive. He said the semi-private rooms could easily be listed with two names.

Organization of an auxiliary for the center is in progress, but activities will be planned around those who actually reside in the center, and this will not actually get under way until the center is open and the need is assessed.

There will be a public open house at the center shortly after the finish date.

High Winds Dominate Weather Scene

High winds and dust hit the Ozona area at mid-afternoon Monday with wind gusts up to 68 miles per hour. The windstorm lasted well into the night.

Limbs were torn from trees and most streets were littered at daylight Tuesday, but no real property damage was reported.

The wind fanned a brush fire on Avenue 1 and three fire trucks were dispatched. However, it was quickly brought under control with only one truck in action.

1975 Savings Bond Goal Is \$25,000

According to Mr. Lowell Littleton, Chairman of the Crockett County Savings Bonds Committee, the 1975 Savings Bond goal for the county is \$25,000. January sales of E and H United States Savings Bonds totaled \$1,186 for 5 percent of the sales goal.

The 1975 sales goal for Texas is \$234.3 million. During the month sales were \$23,290,606 compared to January 1974 sales of \$21,189,711.

Parks Is New Executive V.P. For Ozona Bank

John L. Parks, native of San Saba, has been named Executive Vice President of the Ozona National Bank, the position left vacant last month when Lowell Littleton, long time executive vice president, was named president of the bank.

Parks comes to Ozona from Citizens State Bank in Georgetown, where he served as vice-president. He was with the Georgetown bank two and a half years. Prior to that, he served as a national bank examiner with the U.S. Treasury Department for eight years.

He is a graduate of Texas Tech University. His wife, Mary Helen, and two daughters, Christy, 8, and Jennifer, 5, will join him in Ozona when school closes in Georgetown in May.

Lessly Russell On Honor List At Southwestern

George L. Russell, III, of Ozona has been named to the Distinction List for the fall semester at Southwestern University at Georgetown. He is the son of Mrs. Katherine Russell.

A student is included on Southwestern's Distinction List if his or her semester average is at least 3.6 out of a possible 4.0 on 12 or more academic hours of work and if the student is in good standing with the University, according to Dean F. Burr Clifford.

BICENTENNIAL PROJECT UNDER WAY -- Members of the Crockett County Historical Society began taking orders for the History of Crockett County in the bank Monday. There will be members of the society on hand daily during banking hours until May 1, to take advance orders for the books. All orders must be in by May 1. The books will sell for \$15 and advance orders must number 2,000 for publication. Sheriff Billy Mills signs up for a book as Mrs. Lowell Littleton and Mrs. Pleas Childress, III, explain the terms.

THE CHAMP -- Ronnie Schneider makes tennis look easy. And, indeed it must have been Saturday during the annual Ozona Invitational Tennis Tournament, at least for Ronnie. He walked off with the boys singles, downing opponents 8-0, 8-3, 8-1 on the way to the finals and made it 6-0 and 7-6 to win the championship. Ozona won the tournament.

Letters To The Editor

To Kitty Montgomery:

As a newspaper woman, I thought that you would be a more broad-minded person than what you recently showed, by denying to print the article given to you by the Mex-American Community Organization.

I don't know where you have gotten your information, pertaining to MACO, (probably from gossip) but I know that you have never attended one of the meetings, to at least know something about this organization.

The MACO is a very new thing in our community and already you have had judgments about it, without knowing its purposes or goals. At least give us a 50-50 chance to prove that we are a good thing for our community, or as you said, and I quote, "are we going back to the days of racism?"

If you so desire a copy of our by-laws and constitution can be sent to you, and then you can let us know what is radical about it.

Thank you, Robert Flores P.S. Since you went through the trouble of finding out that I could not run for commissioner in Prec. 1, I'll let you in on a secret, I never had planned to run, but it's not because I don't live in the precinct I would represent, I would not be the first living out of my precinct. This letter is for you, so if you don't print it it's O.K.

ED. NOTE: This newspaper published the proposed organization of MACO, the first meeting of MACO and the election of officers for MACO, in spite of the fact we were unable to get information about the organization, when inquiries were made, we were told that we would not be turned away from the meetings, but that if we did not have a knowledge of Spanish we were likely to get nothing out of it. Not once did the organizer, any officer or any member come to this office to give official details and purposes. We received press releases, brought to us by Blas Vargas, without signature or even a telephone number to check with the writer, yet we did publish these articles. When we received the editorial-type article mentioned in the letter above, we chose not to publish it. It was not news and this newspaper has editorialized to the point of nagging on the importance of registering and exercising the right to vote. All notices of meetings of dues-paying organizations in this newspaper are paid weekly or monthly at regular advertising rates. The P. S. is in reference to an article published in the San Angelo Standard Times, and our statement was made to correct facts, it is never any trouble for us to do a little research before we print something, just to be sure we have the facts. We endeavor to be responsible and to report facts.

We would like to keep an open mind and would welcome a clear-cut report on how MACO plans to improve and aid the entire community.

The only contact we have had are the press releases mentioned and the people from the Mexican-American community (if we must be separate) who have made it a point to come by and tell us MACO does not speak for them.

Dear Editor: Today, my pet, a cocker spaniel-poodle, was brutally poisoned. Several other animals in the Chandler Addition have met the same fate. A total of thirteen dogs have been killed.

Something must be done about this senseless killing. Whoever is doing this is a maniac and should be held accountable for this. The next death may not be "just" a pet, children may be next!

If there is anyone who knows the source of these strychnine poisonings, he should make an attempt to stop the person or persons involved in some manner, whether it be by police action or some other way. Please do not allow this slaughter to continue.

Respectfully yours, Michele A. Nations

Cattle Feeding Down, Number Up in Texas

Cattle feeding is down in Texas but the number of cows and calves is up. While cattle feeding has remained under pressure during the past two years, the breeding herd should be under pressure to be reduced in 1975, according to a livestock marketing specialist for the Texas Agricultural Extension Service.

"In Texas cattle feeding on Feb. 1 was 47 per cent below levels last year," points out Dr. Ed Uvacek. "At the same time feeding levels were down 37 per cent in the seven major cattle feeding states."

Uvacek says that placement of cattle and calves into Texas feedlots has also dropped considerably--being down 56 per cent in January compared to the same month a year ago. Placements were down 42 per cent in the seven major feeding states.

"With most feedlots facing a breakeven cost for Choice steers of about \$42-45 per hundredweight--and market prices nowhere near that level--the feeding industry will continue at a crisis level," contends Uvacek.

On the other hand, the number of breeding cows in the United States is up four per cent over last year, with cow and heifer numbers up six per cent in Texas.

"This means a large calf crop in 1975 that will continue to add to the woes of the cow-calf operator," notes the specialist.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN - A senator and a representative revised an old idea for a new reason - dividing big Texas into five states.

Sen. Bob Gammage, a Houston liberal, and Rep. Fred Agnich, a Dallas Republican, proposed a 1976 referendum on the big carve-up.

Gov. Dolph Briscoe immediately frowned publicly on their proposition, and few colleagues were expected to go along in the legislature.

Agnich recommended a division by population into Central, North, South, East and West Texas.

The late former Sen. and Rep. V. E. "Red" Berry of San Antonio regularly recommended dividing Texas, in the interest of bringing liquor-by-the-drink and horse racing to South Texas.

Gammage and Agnich want to increase Texas' clout on the national scene. With five states, they argue, the states of Texas could have 10 U.S. senators and a proportional increase in presidential electoral votes.

Sponsors claim the split-up is authorized by the articles of annexation of the Republic of Texas in 1845.

INTEREST BILL PASSES Governor Briscoe is pondering whether to approve (or again veto) a bill which opponents in the Senate charged would raise interest further on real estate loans.

The bill (HB 351 by Rep. Ben Munson of Denison) would provide for spreading all interest charges, including "points" now paid in advance over the life of real estate loans. It also would permit loans of \$500,000 or more for interim construction or real estate financing to individuals at greater than 10 per cent interest.

Briscoe indicated he may sign because the bill appears to be more specific on the type loan to which it applies than the 1973 bill which he vetoed.

APPOINTMENTS TROUBLES Trouble over appointments flared like brush fires for the Governor in the Senate.

First, he had to withdraw the nomination of Bryan oilman Ford Albritton Jr. for the College Coordinating Board in the face of almost certain rejection. Then, some liberal senators opposed confirmation of Walter G. Sterling, 73-year-old Houston manufacturer and son of former Gov. Ross Sterling, as a University of Texas regent, after Sterling admitted a brief membership in the John Birch Society.

Meanwhile, Sen. D. Roy Harrington of Port Arthur had threatened rejection of Mrs. W. Smythe Shepherd of Beaumont to the Lamar University board of regents. About the same time, two liberal senators threatened to veto against former Sen. Dorsey Hardeman of San Angelo if he is reappointed to Texas Water Rights Commission.

COURTS SPEAK The State Supreme Court has agreed to hear a \$10.5 million lawsuit over a collision of two horses and se-

vere injury of a 15-year-old rider.

The High Court also ordered a jury trial in a Port Arthur man's suit against a finance company which he claimed put out a false telephone report that his brother was dead.

A five year prison sentence of a 17-year-old boy for theft was reversed by the Court of Criminal Appeals because he was slapped and choked by a policeman before "confessing."

APPOINTMENTS Governor Briscoe named board of regents members for three more institutions.

Appointed to the Texas Tech University board were Don R. Workman of Lubbock, Robert Lee Pfleger of San Angelo and Charles G. Scruggs (reappointed) of Dallas. Gen. G. P. Disoway of Dallas was placed on the Midwestern University board. Homer Lee Bryce of Henderson, Joe Bob Golden Jr. of Jasper and James Irvine Perkins of Rusk were reappointed at Stephen F. Austin State University.

In addition, Briscoe reappointed Bernard G. Johnson to the Board of Regents for State Senior Colleges.

Wilmer Smith of Wilson, Grady C. Clark Jr. of Corpus Christi and Heino Staffel Jr. of Austin were reappointed to the State Seed and Plant Board.

J. D. Wendeborn of Laredo and James D. Keister of Amarillo were reappointed to the Texas Board of Physical Therapy Examiners.

UTILITIES BILLS SLOWED Three bills to create a state utilities commission to regulate rates and services landed in a Senate subcommittee after a hearing which stretched over a week in three separate sessions.

Utilities spokesmen attacked the measures as unnecessary, a handicap to their attracting needed capital and no assurance of lower rates.

Proponents by the score urged the proposed new state agency to help them with their rate problems.

Indications are a bill will emerge from the Senate State Affairs Committee eventually, but Chairman Sen. Bill Moore of Bryan said the vote will be "pretty close."

SHORT SNORTS A bill to prohibit discrimination against the handicapped passed the State Senate.

So did a measure adopting the Interstate Mining Compact, another prohibiting "child sale," and authority for all home rule cities to levy hotel occupancy taxes for tourist-recreational facilities.

Comptroller Bob Bullock said an audit uncovered a \$3 million tax liability against a gas production company.

The Senate jurisprudence committee approved a bill providing that losers in libel and slander lawsuits pay reasonable attorneys fees and court costs.

Tips For Gardeners

All around our city it seems most everyone is busy with some phase of gardening, repair or painting to freshen up for spring and summer outdoor living.

Good Friday is an excellent day for planting flower seeds, putting out new plants or your vegetable garden.

Move house plants from stronger sunshine if they prefer subdued lighting. Most plants that do not bloom are in this class, along with African violets.

You should take pride in your house plants when they are healthy, and attractive, and remain that way, if one of them should droop and die, we feel we have somehow been negligent.

Hoya camosa (waxplant)-- Does better if kept cool and slightly dry during the winter. Remove from direct sunlight.

Cissus Rhombifolia (grape ivy)-- Makes a great hanging plant because of its long, trailing growth. Prefers fairly good light and virtually pest proof.

Plectranthus australis (Swedish ivy)-- Robust and fast growing, will trail 4 to 6 feet. Prefers direct sun, but can get along without it if necessary.

Draecena marginata (Madagascar dragon tree) is a tough and adaptable plant that is also uncommonly good looking. Doesn't like too much water.

CALLING ALL HOMEMAKERS

Brought to you By Lillian Brown

Oddly enough, many people don't give enough attention to selecting the coffee and end tables in their homes.

Actually, there are more sizes, shapes, and types to choose from today than ever before, and a different coffee or end table can add new beauty and distinctiveness to your home.

For example, if you've always had a rectangular coffee table in front of your sofa, why not try a round, square or oval one?

You might also think about "bunching" or "piggy-back" coffee tables than can be used as one unit, or separated to give you extra tables when needed around the room.

When it comes to end tables, you'd be surprised how many people have tables that are not right for them or their room. Many of those end tables are either too big or too small for the space and the job the table is supposed to do.

Also, there's no law that says your end tables have to match each other. You might consider making your room decorative by using two entirely different tables on either end of your sofa.

In any case, you don't have to settle for ineffective coffee and end tables, regardless of your budget. You can get ones that will help your room, and we'll be happy to aid you in your selection.

isn't fussy about light, but does prefer a cool location. Will grow very tall. Draecena deremensis-- A sturdy plant that can grow 15 feet tall with leaves up to 2 feet long.

Philodendron selloum is a good-natured charmer that will adjust to most indoor environments. It prefers good sunlight, but will do well under lightless conditions.

Dieffenbachia amoena-- Requires light, but not direct sunlight. Water thoroughly, then not again until plant is nearly dry.

Chlorophytum (spider plant) likes good light and even moisture.

Sansevieria (snake plant)-- Will grow with or without light and needs little water.

Aechmea fasciata-- A decorative bromeliad, produces a flower spike bearing pinkish bracts that can last up to 5 months. Roots require infrequent watering, but the center well that's formed by leaves should always be full of water.

March 21 and 22 will be the Third Annual "Bake and Take" days.

Cathedral bells grow up to a height of 20 feet and produce bell-shaped, blue or violet flowers.

This is an opportunity for you to show love and concern by "Baking" your favorite cake, bread or cookie and "Taking" it to shut-ins, senior citizens, residents of nursing or convalescent homes or just to neighbors and friends.

The personal satisfaction for you for the expression of thoughtfulness and remembrance shown to others will far outweigh the joy created in the hearts of the recipients.

Suggested recipes include: SCOTCH SHORTBREAD 1 c. (1/2 lb.) butter 3/4 c. brown sugar 2 1/2 c. sifted flour 1/2 tsp. salt

DIABETIC CHOCOLATE NUT BROWNIES 1/3 c. and 1 Tbsp. margarine, melted 2 Tbsp. liquid sweetener 3 tsp. vanilla 2 eggs, beaten 2 Tbsp. cocoa 1 c. cake flour 1/2 tsp. salt 1 tsp. baking powder 12 chopped pecan halves

Combine margarine, sweetener, vanilla and eggs. Sift cocoa, flour, salt and baking powder. Add to liquid mixture. Stir in nuts. Pour into greased 8 inch square pan. Bake at 325 degrees for 20 minutes. Cool and cut into 16 squares.

Let me remind you of the beginners and advanced sewing classes each Tuesday night (6:30 to 9:00) at the Ozona Community Center. All homemakers are welcome to attend.

The classes will include taking measurements, selecting pattern size, pattern alteration, and construction techniques. Portable sewing machines will be available at the center. Participants will purchase a pattern and fabric and do actual sewing during the workshop.

Flowering Vines Add Color To Landscape

One way to add color and variety to your home landscape is with annual flowering vines, says one expert in landscape horticulture.

"All that is needed to grow flowering vines is a wooden lattice, woven wire fencing or string to support the plants," says Everett Janne with the Texas Agricultural Extension Service.

Among annual flowering vines that are attractive in home landscapes are morning glories, cathedral bells, moonflowers, nasturtiums, canary birds, gourds, cypress vines and black-eyed Susans.

The morning glory is colorful with white, blue or red flowers. It grows to a height of up to 15 feet.

Start the vines in four-inch pots and transplant them two or three weeks after the usual last frost date.

"Don't plant morning glories in rich soil or use fertilizer, as this will produce vigorous vines but few flowers," says the horticulturist with the Texas A&M University System.

Mrs. Jones Is Ozona Delegate At Convention

Mrs. Ralph Jones represented the Ozona Garden Club at the annual spring convention of District 8 garden clubs in Del Rio last week.

"Home is Where the Heart Is" was the theme of the convention. Pre-convention activities were held in the lobby of the Holiday Inn Tuesday, followed by a shopping tour and dinner in Old Mexico.

The following day, Carol Whitehead, the former Carol Friend of Ozona, was hostess for coffee hour in the Civic Center. She was representing the Cactus Thorn Garden Club

of Del Rio. Business meetings and programs took up the remainder of the morning. The meeting was adjourned for a luncheon held in the San Felipe Country Club honoring outgoing district officers.

Door prizes, installation of new officers and credentials filled the afternoon activities. On behalf of the award winning Ozona Garden Club, Mrs. Jones gave the courtesy resolutions and called for adjournment of the convention.

Legend has it that, long ago, the dogwood came into bloom on Calvary and that, afterwards, a cross was implanted into the flower itself, to remain for all time.

Many of us carry crosses, faint like the dogwood's emblem but with us, nevertheless. Somehow, in this Lenten season, we become particularly conscious of them and of our need for help--a certain kind of help, that can be found only through the things we learn in Church.

The Church doesn't pretend to banish our cares and woes. But, its teachings realistically consider the experiences of life itself. No matter what our personal cross may be, we seem able to bear its burden with more strength.

Lent is a wonderful time in which to begin making church-going a regular part of your life--if you haven't already.

Lions Manage A Fourth In Alpine Meet

The Lions had rough sledding at the Alpine track meet last weekend and only managed a fourth place behind Pecos, Alpine and Fabens. High winds, fast times, illness and injuries hurt the Lions in their effort to make it two first places in a row.

On the plus side, the Lions showed improvement in the field events by scoring 31 of their 59 points in this area.

Tomorrow, Friday, the Lions will participate in the Brady Relays. The same line-up as last week will be used if illness and injuries abate.

How the Lions scored at Alpine:
Shot - David Bean, fifth.
Discus - Lonnie Martinez, seventh.

High Jump - David Bean, third, 5'8". Richard Sanchez, fourth, 5'6". John Galvan, sixth.

Long Jump - Romaldo Cervantez, second, 20'9". Blake Moody, seventh.

Pole Vault - Howard Huereca, second, 11'8". Blake Moody, fourth.

440 Relay - Henry Fay, Richard Sanchez, Romaldo Cervantez and John Galvan, seventh.

880 - Clifford Crawford, first, 2:05.1.

120 High Hurdles - Richard Sanchez, second, 15.9. Rodney Sutherland, eighth.

330 Intermediate Hurdles - Richard Sanchez, second, 43.2. Rodney Sutherland, eighth. 220 - Clifford Crawford, fifth.
