Here we are again and this is another week when the news crowded the column out. It usually doesn't matter a great deal, but this week I felt I really had something to say.

I wanted to go into detail about the protest meeting at the courthouse Monday. I've personally never believed in segregated cemeteries and tried to find out how this came about. I heard as many stories as people I asked. But if we didn't have two, we wouldn't have one protest. Right?

Funeral Service Sunday For Mr. Tom Harris

Funeral services for Thomas C. Harris, 81, were held Sunday afternoon in Ozona United Methodist Church with burial in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mr. Harris died in Stephenville Friday morning after a sudden illness. He and Mrs. Harris were attending a reunion of her family at the time.

LIONS CLUB BROOM SALE was its usual annual success Saturday. The Lighthouse for the Blind truck was parked in the shopping center and a booth was manned by Bill Watson outside his store downtown. All articles sold were made by the blind and the

good workmanship has sent Ozonan's back to the sale year after year. Proceeds from the sale go to the blind and the Lions Club. The club's share is used to buy eyeglasses for the needy.

Mexican Americans Protest Use Of Cemetery Road By Oil Co.

A large delegation of Mexican Americans was on hand at the courthouse Monday afternoon to protest the use of a county road by an oil company. The protest arose over the fact that the road in question is also the entrance to Lima Cemetery.

Several members of the group protested that their representative was not consulted when action was taken by the Commissioners Court in emergency session last month. Three county commissioners and the county judge met with a representative of an oil company wishing to gain access to a well site south of the townsite of Lima and agreed to allow the company to move its equipment in by the county road rather than down Monterey Street. Commissioner of Precinct 4, Jesus Castro, was not notified and was not present at the meeting when the action was taken.

Judge Troy Williams explained the action to the crowded courtroom. Commissioner Castro asked why he was not notified and the judge apologized. In no uncertain terms, Castro informed the judge that he expected to be informed on all issues and decisions affecting his constituency.

The judge outlined the agreement with the oil company for those present. He stressed the fact that the road in question was a county road running between Lima and Cedar Hill cemeteries.

Delegates from the floor were recognized. Several spoke out against using the road, protesting that it was the entrance to the cemetery and heavy trucks and equipment traveling it would damage the entrance and trees along the entrance way. The group stated that they would form a human bond across the road before they would allow the road to be used in this manner.

Several made heated protests about the action, protesting the planned use of the road as well as the fact that the court acted without notifying Commissioner Castro.

Hector Delloyos suggested the use of a road on the Friend ranch which turns off Hwy. 290. He said the road was within a quarter of a mile of the location of the drilling site.

Judge Williams said the county could not give permission to the company to go through private property.

Thomas Delloyos suggested that if a county road had to be used for those present, perhaps the road traveling down the center of Cedar Hill Cemetery should be considered, as it was a county road also.

Mrs. Jack Baggett, president of the Ozona Cemetery Association was present, and when questioned by several members of the group, she expressed her sympathy for their cause and said that the association would object to allowing the oil company to travel the Cedar Hill Cemetery road.

After everyone had been recognized from the floor, Judge Williams told the group that the court would discuss the possibility of an alternate route with the oil company representative. However, he did caution them that the road by the cemetery and Monterey Street were county roads and that legally it is possible that the oil company could use either of the routes in spite of the action of the court.

Services Held For Mother Of Ozona Man

Funeral services for Mrs. Ruby K. Grant, 90, mother of Oscar Kost of Ozona were held Thursday in the Carmen Christian Church at Carmen, Oklahoma, with burial in Carmen Cemetery.

She died in the Carmen Nursing Home Wednesday where she had been a resident for several years.

Mrs. Grant was born in Athens, Ohio November 2, 1884. She moved with her parents to Oklahoma in 1907 and lived there the rest of her life. She was a former school teacher and served as City Clerk in Carmen from 1947 until her retirement in 1959.

Cinco de Mayo Queen Is Miss Higginbottom

Janell Higginbottom, daughter of Mr. and Mrs. Walter Higginbottom has become the new Cinco de Mayo Queen as a result of the recent campaign sponsored by OUPH Catholic Church. Janell was sponsored by the St. Joseph's Mens Society, daughter of Mr. and Mrs. Antonio Gomez, was sponsored by the Sacred Heart Women's Society.

The Mexican-American community of Ozona will celebrate Cinco de Mayo this weekend with a barbecue being held Saturday afternoon and Sunday, a coronation dance Saturday night, and the annual parade Sunday afternoon at 3:00. The parade route will be from the Catholic Church to the downtown square and back to the church.

Cinco de Mayo is an important date in the history of Mexico's struggle for its freedom and independence. It is a holiday annually celebrated by Mexican-Americans all over the United States. It is similar to the Irish-American celebrating St. Patrick's Day.

19 Applications For Residency In Care Center Are Accepted

Nineteen applications for residency in the Crockett County Care Center had been received by Hospital Administrator Keith Peters as of Monday. The projected opening date of May 1 was scrapped last week by architect John Childs Allen and the date moved up to June 1. Peters said the facility might be ready for patients by June 1, but that the open house for the public would be announced at a later date.

In this month's meeting of the Commissioners Court it was voted to assess a fine of \$100 per day for each day the construction was not complete after May 1. The action was taken at the request of the architect. However, after closer inspection last week, Childs apparently decided it was impossible to complete last minute construction, and moved the finish date up a month. Completion date for the facility was originally March 15, 1975, but shortages of materials late last year and early this year ruled that date out.

However slowly, plans are coming along surely for the many intangible details which go along with the opening of such a facility. Members of a volunteer group, headed up by the Ozona Women's Forum, Mrs. Larry Arledge chairman, met yesterday afternoon with an official from San Antonio who made suggestions and

assisted in planning for activities of future residents of the center.

Peters said he felt good about the staff for the new facility, some of whom are undergoing intensive training for nursing home work, and that he felt the staff would be complete and ready for employment by the time the facility was finished.

The 36-bed wing, which includes four private rooms, has been almost entirely furnished by donations from

interested citizens.

Donating furnishings for private rooms are Mr. and Mrs. Roy Henderson, Mr. and Mrs. George Bunker, Mrs. Welton Bunker and Mr. and Mrs. Perry Jones.

The nurses station and lounge will be furnished by the Hillery Phillips family, both junior and senior, and Mr. and Mrs. John R. Hummcutt. Mrs. Jess L. Marley furnished the staff dining room. Furnishings for the Personal services room were donated by Mr. and Mrs. Tom Powers, Mr. and Mrs. Jeff Owens furnished the Patient dining room. The recreation room and the patio were furnished with funds from the Dr. Tandy Memorial Fund, plus a piano.

Mr. and Mrs. Tom Mitchell donated furnishings for the quiet room and lounge. Mrs. J. M. Baggett donated the organ, Oscar Kost, a television and the Taylor Deatons, a housekeeping appliance.

A total of 8 semi-private rooms remain to be furnished by donations.

Funeral Service Friday For Former Ozonan

Funeral services for Ebbie F. Brownrigg, 70, were held Friday at 11 a.m. in the Ozona Church of Christ with burial in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mr. Brownrigg died Wednesday in a Dallas hospital.

He was born September 10, 1904 in Paint Rock and had been a resident of Ozona for many years before moving to Dallas several years ago.

Survivors include three sons, Herman Brownrigg and Charles Brownrigg, both of San Antonio and S. F. Brownrigg of Dallas; two daughters, Mrs. Nancy Simpson and Mrs. Louise Barnett, both of San Antonio; two brothers, Royce Brownrigg of Goldthwaite and Earl Brownrigg of Big Spring; eight grandchildren and seven great-grandchildren.

Little Rain Accompany Thunder Storm

A fast moving thunderstorm Sunday night threatened rain with high winds, thunder and lightning, but only produced .11 of an inch of moisture. Some hail was reported.

The brief shower brought to an end a muggy, hot day in Ozona, and temperatures dropped somewhat. However, bright sunshine prevailed and temperatures climbed by Monday afternoon.

The brief shower did little to alleviate the drought in the area and brought the monthly total to 1.17, which was not the promised April showers expected for this time of year.

He got his first job with a lumber company in Stephenville, where he married Leona Gray June 1, 1915.

They moved to Barnhart in 1916 and in 1919 he was made manager of West Texas Lumber Company there. He moved to Ozona and took over the management of West Texas Lumber Company in 1937. The company was purchased by Foxworth Galbraith in 1939 and he continued as manager.

He retired and his son took over management of the business in 1959, but there was seldom a day he was not at the store where he did all the bookkeeping and assisted customers until the time of his death.

New Test Possible in Korea

A test of what is left of U.S. policy in Asia could come soon and very specifically in South Korea. After it became apparent that the U.S. was giving up in Indochina, North Korean President Kim Il Sung wasted no time in dashing off to Peking.

The temptation to North Korea to try again to "unify" Korea by force must now be enormous. They would need at least a guarantee of substantial material assistance from Russia and China, and perhaps the smokescreen of some sort of opposition uprising against South Korean President Park.

How would we react? Would we consider a Soviet and Chinese green light to North Korea for a new invasion of the South as within the tolerable limits of detente? Would we fight, and if so, with what objectives? Given our State Department policy to fight no-win wars, would the American people again support a massive U.S. intervention with no other purpose than to maintain the status quo?

The answers to these questions are at best uncertain. The U.S. maintains 42,000 troops in South Korea, and President Ford specifically alluded to our mutual security relationship with that country in his State of the World message to Congress.

If Congress is willing to stand by the President on support for South Korea, as we hope it is, then we think a new Resolution to that effect would be in order. It will also be interesting to see what Resolutions are passed in the Japanese Diet, as Kim Il Sung's policies take shape.

The Capitalist Goose Lays Golden Eggs

No country in the world has, over the period of so many years, enjoyed the degree of free and unfettered enterprise as the United States. True, the encroachments of government control over private industry have been growing, and the mismanagement of money by Congress has had devastating results.

Confirmation of this fact has come from, of all places, the United Nations — no friend of America. The truth is revealed in the official "1975 World Population Data Sheet," published by the Population Division of the UN.

This compares to \$1,400 for the much-vaunted Socialist "utopia" of Russia, only one-quarter that of the United States. Red China shows up even worse, only \$160 GNP per capita.

Apologists for Communism will often point to the devastation of World War II as an excuse for the low standard of living behind the iron curtain. But that alibi doesn't hold water, because free Germany, which was even more devastated than Russia, enjoys a per capita GNP of \$3,390. The difference — Germany, immediately after the war, abolished national socialism in favor of capitalism. The USSR, on the other hand, continued the bankrupt policies of socialism.

The message for the United States is clear. If we wish to enjoy our standard of living, every last one of us must do his utmost to strengthen and preserve the free enterprise segment of our economy, and we must bend every effort to curtail and diminish the government segment of our economy. This means we must reduce the number of workers employed by the government, and expand the numbers of workers engaged in truly productive labor.

OZONA CHAMBER OF COMMERCE

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN—A utilities regulatory bill finally surfaced in the Senate but immediately ran into stiff criticism after early indications it might pass promptly.

The bill (SB 42) remained on high center while sponsors tried to satisfy complaints with amendments.

A Texas Coalition for Utility Regulation spokesman termed the Senate bill "a monopoly's dream and a consumer's nightmare."

Some charged it would mean an automatic rate increase for most utilities because of provisions of the rating formula. Lt. Gov. Bill Hobby termed this concern a "misapprehension."

The bill would set up a three-member appointed Public Utility Commission with jurisdiction over intrastate telephone rates.

Cities would retain jurisdiction over electric and gas rates. The Utilities Commission would have jurisdiction over electric rates outside city limits, while the Railroad Commission would have jurisdiction over gas rates outside municipal boundaries.

Appeals from electric rate decisions by cities would go to the Utilities Commission. Appeals in gas rate cases would go to the Railroad Commission.

SPEED BILL KILLED The Senate sent the so-called "no-pain" speed bill to a painful end.

Senators voted down 10-19 the House-passed measure which sought to limit fines for speeding violations under 70 mph to \$25 (including court costs). The original bill also would have prevented 55-70 mph speeding violations from being entered in drivers' records for insurance premium enhancement and license suspension purposes.

The legislature earlier extended the present 55 mph speed limit to conform with federal energy-saving requirements. Enforcement apparently will be "monitored" by the federal government.

SUPERINTENDENTS AXED

Thirty-nine county school superintendents would receive no more state aid under a bill passed by the Senate and returned to the House.

The measure (HB 226) would take away state support for superintendents in Jasper, Newton, Sabine, Anderson, Atascosa, Austin, Bexar, Brazos, Burleson, Camp, Crosby, Delta, Donley, Eastland, Gonzales, Gregg, Hardin, Harrison, Hunt, Jack, Jones, Karnes, LaSalle, Leon, Liberty, Medina, Orange, Red River, Robertson, Rusk, San Augustine, San Jacinto, Starr, Tarrant, Tyler, Upshur, Walker, Waller and Washington Counties.

COURTS SPEAK Third Court of Civil Appeals held a lawsuit claiming Secretary of State Mark White Jr. helped dissolve a corporation in an improper manner can be tried in Travis County.

A Nueces County man should be released from custody for contempt, since he had a right not to answer a question put to him at a deposition taking, the Texas Supreme Court held.

A Dallas County black won a new trial on rape charges. The Court of Criminal Appeals reversed the case, on grounds the trial judge would not allow the defendant's attorneys to question prospective jurors about racial prejudice.

AG OPINIONS Alien children are entitled to attend public schools in their home district, regardless of whether they are legally or illegally within the U.S., Atty. Gen. John Hill held.

In other recent opinions, Hill held:

There is no difference in rights reinstated by a pardon or a restoration to citizenship. But a restoration to citizenship might not satisfy a requirement that a pardon and a proof of innocence are necessary for an award of compensation to a wrongfully-convicted person.

The federal election campaign act amendment repeals Texas Election Code expense reporting requirements for candidates for federal office.

Preliminary and tentative suggestions in a school board committee report are exempted from disclosure under the Open Records Act, as are charges against identifiable individuals.

WINNERS NAMED Winners of the Governor's 1974 Industrial Extension Awards were named by Texas Industrial Commission for civic and economic contributions to their communities. Winners were Mooney Aircraft Corp. of Kerrville, Amoco Chemical Corp. of Alvin, Times Corp. of Abilene, G&H Casting Corp. of Slaton, Inca Metal Products Corp. of Lewisville and Mr. Fine of Athens.

The award winners will be honored in ceremonies during May. Fourteen other companies were selected for special citation.

SHORT SNORTS Mrs. Selma Wells of Houston was named to the State Board of Pardons and Paroles. She is the first woman member, and the first black, on the board.

Fuel-Saving All-Season Fun Fun-loving, energy-conscious families can have the best of both worlds with a barbecue grill. More and more families are finding that all-season grilling is one of their biggest inflation-fighting and fuel-saving weapons in the battle of the budget.

From the basic burger to the most exotic full-course meal, food tastes better—costs less, when cooked on a grill like the Structo Kettle Grill, pictured above. With a Structo charcoal grill, using 3.7 lbs of briquets for instance, it's possible to feed a family of four for less than 30 cents a meal. And there's no shortage of briquets either, as adequate supplies are ready for immediate use almost anywhere at a wide variety of retail outlets. Gas, electric, and charcoal grills are available in any style and any price for any location; the backyard, the patio, or the beach.

Observations by W.E. White

She was tall and handsome, strong and extremely well built. She had a beautiful face and a very pleasant expression, one of content and satisfaction with her lot. She drove into the post office parking lot in a late model car that showed signs of having been in some sort of recent melee.

The handsome young mother, whose baby was contentedly buckled into a car seat on the driver side, cut off her motor, smiled and made some reassuring remarks to the contented baby, then put both arms through the open window of her car, lifted herself to a sitting position in the car window and then gracefully threw one leg and then the other out and slipped to the pavement with all the ease and grace of a fawn. She was wearing slacks, of course, and returning from her business in the post office, she again stopped first to greet and reassure the baby that nothing was amiss, even though the methods had changed somewhat.

Then she again elevated herself to the open window of the car, sliding inside to the seat and then lifting her legs back into the car. With not a trace of care on her face, she started the motor and drove on to other chores, perhaps, at home or about town. A look at both sides of the car revealed the reason for her unusual mounting maneuvers. Both doors had been bashed about the opening area, not in a particularly unsightly manner, but no doubt enough to prevent either door from opening and closing. The car also had been rammed in the back.

But that beautiful young mother was in no wise abashed to use it. The motor would still run and she and the baby needed to make their rounds. So of gives one a feeling of content that maybe, in spite of all that's wrong with the world today, a competent young generation is coming on to solve its problems.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

After the colorful month of April has passed, the cold nights have kept seed from germinating as quickly as they should...

Also grass seed can be sown now, and they should come up without waiting too long.

When mowing, set mower for St. Augustine grass about 2 inches high and Bermuda 1 1/2 inches high.

Many beautiful vegetable gardens are beginning to show up all over our city.

May planting days: Above ground crops - 11th, 14th - 16th, 21st - 24th.

Root crops - 1st, 5th, 6th, 10th, 27th - 29th.

Sorority News

Alpha Alpha Mu Chapter of Beta Sigma Phi held its annual Founder's Day Celebration Monday night in Grammy Miller Hall.

Mrs. Tommie Wilson and Mrs. John Richey.

Mrs. Tommie Wilson presented the highlights of the year and Mrs. Tommie Wilson led the chapter in its 44th Annual Pledge to the sorority.

Mrs. Eddy Hale presented a special message from the World Headquarters in Kansas City, Missouri.

Special awards were presented to outstanding members. Those receiving awards were Mrs. Tony Allen and Mrs. Gary Vannoy for "Program of the Year".

"Perfect Attendance" awards were presented to Misses Bob Wallace, Terry McPherson, Frank Hill, Chuck Morris, Denny Roach and Lane Scott.

Officers for the new year were installed. They are Mrs. Terry McPherson, president; Mrs. Joe Boy Chapman, vice president; Mrs. Johnny Meyer, recording secretary; Mrs. Tommie Wilson, corresponding secretary; Mrs. Bob Wallace, extension officer.

Other members taking part in the celebration were Misses Jack Bentley, Ray Boykin, Ruben Pena-Alfaro, Gary Pfister and Nancy Miller.

COUNTRY CLUB BRIDGE

Mrs. John R. Hurnicutt was hostess for bridge at the Country Club Thursday.

High score went to Mrs. Ewart White with second high going to Mrs. Hillery Phillips. Low went to Mrs. Sherman Taylor.

Others playing were Mrs. Kirby Moore, Mrs. Gene Perry, Mrs. Hillery Phillips, Jr., Mrs. Frank Tillman, Mrs. Gene Williams and Mrs. Tommie Wilson.

There are still a few specialty prices soft at Brown Furniture Company for your seating satisfaction.

Meadows Family Donates Acreage At Fort Site

by Cynthia Harrell
Crockett County Judge Troy Williams and State Parks and Wildlife historian Barry Hutcheson of Austin expressed gratitude to the Claude Meadows, Henry Meadows and Mrs. C. H. Benckenstein families for their donation of 42 additional acres to the Fort Lancaster Historic Site during informal presentation ceremonies Wednesday at the site.

Following a luncheon hosted by the Crockett County Historical Survey Committee, Judge Williams praised the Meadows families for being so "public spirited" instead of merely wanting to develop a tourist trap at Fort Lancaster.

When mowing, set mower for St. Augustine grass about 2 inches high and Bermuda 1 1/2 inches high.

Many beautiful vegetable gardens are beginning to show up all over our city.

May planting days: Above ground crops - 11th, 14th - 16th, 21st - 24th.

Root crops - 1st, 5th, 6th, 10th, 27th - 29th.

Debra Says

Spring brings more indoor-outdoor living. Redwood furniture can often be a good investment.

Kiln-dried redwood weathers well and resists moisture, insects and decay from exposure.

Pete Jacoby
 Opens Real Estate Office

A real estate business has been opened in Ozona and the Crockett County area by former county agent Pete W. Jacoby. "Many have expressed the need of such a service by a qualified expert in the field of Real Estate," Jacoby said. Since retirement in August last year, Jacoby had been attending Real Estate courses in Austin, San Antonio and San Angelo. Jacoby recently passed the State Real Estate Broker Exam in Austin, after completing required courses in Real Estate, and now is a licensed Real Estate Broker. He also has been accepted as a member of the Texas and National Realtors Association. Jacoby will complete a course in Real Estate Appraising next week at Angelo State University. He also plans to attend a Land Economics and Land Appraisal School at Texas A&M University in June and plans to complete a course in Real Estate Law in San Antonio later this year. Mr. Jacoby will operate his Real Estate business from his home at 401 Hillcrest.

The track team failed to qualify any of the three district winners, and did not get to the finals Saturday.

- A POTPOURRI OF IDEAS FOR YOU.
1. You may not have room for a large breakfast, but how about a small secretary or hutch? They're so useful and attractive.
 2. Break away from the same old colors you've been using year after year. Try some new ones and add new sparkle to your life.
 3. Remember that dining rooms don't have to be restricted to just dining. You can furnish them in ways to make them useful more often than just eating times.
 4. Use contrast in your wood finishes as well as in your color schemes.
 5. Remember, there is no budget on color. You can make a room brighter and cheerier by simply picking the right colors.
 6. You can put an "over-weight" room on a "diet." The trick is to balance heavy furniture with a few lightly scaled elements.
 7. Sometimes you don't need more space. You just need better use of the space you have. We'll be glad to offer suggestions.
 8. To get furniture you'll love, we hope you'll agree it's a good idea to see us.
