Susan McBee Sworn In For District 70 Mrs. Mayfield Is MOD Chairman For This Year

Susan Gurley McBee was sworn in as a member of the Texas House of Representatives on January 14, District 70, which she represents, includes the counties of Brewster, Crockett, Edwards, Kinney, Maverick, Sutton, Terrell, Val Verde, and Zavala.

Representative McBee expressed her appreciation to her electors and her enthusiasm for her new duties and said, "I hope the people of District 70 will call on me any time they feel I can be of help to them." Her mailing address is House of Representatives, Post Office Box 2910, Austin, Texas 78767; and her office telephone is 512/475-2763.

"Of course, I expect everyone from the district to come by to visit when they are in Austin," Representative McBee added. Her office is located in Room G 55-B1 of the Capitol Building.

Mrs. Bruce Mayfield has been appointed chairman of the Womans League March of Dimes project this year. Each year, for the past several years, the League has taken the March of Dimes as one of its projects.

The Mothers March is beginning its second quarter of a century of service to the nation's children, reports Mrs. Mayfield. In the weeks ahead, she will work with volunteers from the League for the traditional January appeal.

This year, members of the League will conduct the door-to-door appeal January 28, during their regular meeting hours of between 4 and 6 p.m.

The Mothers March, an integral part of the MOD campaign, began 25 years ago. The childhood enemy then was polio, and it was conquered with the staunch support of the annual outpouring of volunteers who marched to protect children from disease. Now the annual drive is conducted for combatting birth defects, our most acute child health problem.

NEW COMMISSIONER WELCOMED BY JUDGE -- Jesus (Chuy) Castro attends his first Commissioners Court meeting here Monday morning taking up his duties as Commissioner of Precinct 4. Castro, right, is welcomed by County Judge Troy Williams. Castro is the first Mexican-American to be elected to a commissioners' post in the history of Crockett County.

Commissioners Open Year With New Member & Heavy Agenda

The Crockett County Commissioners Court opened the new year Monday with a new commissioner being seated and a full first-of-the-year agenda. New members were appointed to county boards, salaries and holidays were set for the coming year.

The court welcomed Jesus Castro as new commissioner of precinct 4. Castro becomes the first Mexican-American to serve on the commissioners court in the history of the county. He defeated Glenn Sutton in the Democratic Primary last May and was unopposed in the general election.

Al Ramirez appeared before the court following a lengthy report by Dudley McCary and the monthly Civic Center report by Garland Young. He asked for a monthly salary of \$500 in lieu of the \$100 base plus a percentage on runs made and agreed to pay his stand-by out of the \$500. The court approved a new contract with Ramirez on these terms.

The hospital referred liability insurance bids to the court, and the low bid of \$939, annual premium submitted by The Baggett Agency was approved by the court.

The court also approved hospital salary raises in accordance with the minimum wage law to \$2 per hour. Mary Lee Kerby was raised to \$2.25 per hour in the only other hospital raise given.

A lengthy discussion on changes required by the Life Safety Code ensued. The hospital has been ordered to make the changes in order to keep Medicare. However, various inspectors have interpreted the code in different ways, so nothing clear-cut came from the discussion. The court did approve solid core fire doors and ordered McCary to start the changeover to a grounded electrical system to attempt compliance with the complicated code.

County Judge Troy Williams strongly advised obtaining a grant from the Concho Valley of Governments for a first aid course requiring enrollment of at least 20 persons. The court refused to pursue the matter, due to the fact that only 13 were enrolled in a first aid course recently sponsored by the Fire Department. They felt there would not be enough interested persons.

Nursing home drapery bids were opened at 2:00 p.m., with four firms submitting bids: Arnold Draperies of Austin bid \$4,379; General-Medical bid \$4,379; General-Medical bid \$4,379; General-Medical bid \$4,379.

Home Garden Program To Be Presented Here

Dr. William S. Peavy, Area Horticulturist, will present a garden program Thursday night, Jan. 30 at 7:30 o'clock at the Civic Center. Everyone is welcome to attend. The program will include planning your spring garden and features of the drip irrigation system.

With today's high food prices you can save money growing your own vegetables if you follow certain methods. Other benefits of your own garden are foods that are fresher, taste better, and are more nutritious for your family.

Features of the program will include where to locate your garden, how large it should be, use of drip irrigation and plants that grow best in West Texas.

Dr. Peavy is located in Ft. Stockton, and is familiar with gardening techniques and problems in West Texas. Dr. Peavy also will be in Ozona Friday to make garden visits and help answer your gardening questions.

Center Board Meets Tonight

The annual Board of Directors meeting for the Ozona Community Center will be held at the Center Thursday, January 16, at 7:00 p.m.

Annual reports will be given and officers and members for the year will be elected. The public is invited to attend the meeting.

Officials Well Pleased With Alien Response

Immigration officials are well pleased with the response of aliens in this area to address report requirements.

Joe F. Staley of the Immigration and Naturalization Service stated that although the program has been underway only 15 days, the number reporting thus far is well ahead of the number reporting during the same period last year.

Aliens have until the end of January to submit their address reports to the Government. Forms for the purpose may be obtained at any Post Office or any office of the Immigration and Naturalization Service.

Tips For Gardeners
From the Ozona Garden Club by Mrs. Bailey Post

Through the cold of January a delightful way to fight the winter doldrums is to buy yourself a few house plants. From the wide variety of plants available, purchase only the ones that suit your particular life style, and the growing conditions you can provide.

The casual gardener who enjoys plants, but has little time to devote to their care, can choose from the dracaena, philodendrons, and bromeliads. Some have variegated as well as solid green foliage. Those who have a tendency to over-water their indoor container plants should try spathiphyllum. It will tolerate wet conditions better than most house plants do.

Try to give foliage house plants adequate light, but never place in direct sunlight. Water only when the soil in the top of the pot feels dry.

This winter I have had excellent luck growing geraniums and African violets in east windows. As fast as the old blooms fade they produce more buds and blooms.

Plant shrubs and trees during breaks in the weather when the ground is not too wet. Follow a planting plan to avoid a random appearance of your landscape. Unless you have a slow-release fertilizer on hand, wait until the plants are well established before adding plant food. Quickly available nitrogen could damage young, tender roots.

You might want to consider shelter planting if you have an unprotected, wind-swept yard. Many of your shrubs could likely benefit from a shelter planting or a tall hedge. Such a screen will help reduce wind velocity, and give protection for more tender shrubs such as azaleas, camellias and others. Cherry laurel, oleagnus, holly, wax leaf ligustrum, photinia and slash pine (all evergreens) make excellent shelter plantings. Another evergreen and favorite hedge that does well in Ozona is the Nandina, and is usually beautiful and colorful the year around. Nandina grouped together will frequently set a much better crop of berries than those planted separately, due to poor pollination. Rain at the time flowers are open will wash away pollen and you will have less berries.

According to the moon's signs and phases 1975 planting days are: Above-ground crops-12, 16, 17, 21-26; Root crops-4 to 7-11 and 31.

We all have garments in our closets that we do not wear. Sometimes it is lack of style, but frequently it is lack of fit. Something is just not quite right about the way it looks.

Altering garments to fit may be a simple task of taking up a seam, or may involve a more complicated procedure of relocating darts or adjusting seamlines. Before you start to remodel for fit—ask yourself these questions: Is the material of good quality? Your time and energy are valuable. Don't waste it on material that is almost worn out or badly faded. Is the garment needed? Will it fit into your wardrobe needs? Is the garment stylish? Will you

wear it after altering for fit only?

The following instructions will give several techniques for correcting common problems of fitting.

When more width is needed across bodice back—let out the side seams of the back bodice as much as possible. Change the darts to tucks (stitch down only at waistline).

When excess fabric forms wrinkles just below waistline in back (swayback)—tie string around waist and pull up skirt until wrinkles disappear, and mark new waistline. Remove waistband. Cut excess fabric away 5/8 inch above new seam line. Reapply waistband.

If neckline gaps, the method to correct this depends on the style. Remove facings on front bodice. Take up excess at seams or create seams. Neckline may be eased and facing made smaller to make neck lie next to body.

To eliminate excess in front bodice across shoulders, remove the sleeves. Mark the amount of width to be removed. Trim off excess fabric around armhole and side seams. Replace sleeve.

When front bodice is too tight and bust darts too high, remove stitching in side seams, waistline, and darts. Lower underarm dart in line with crown of bust. Decrease length and amount of underbust darts. Let out side seams. Restitch seams.

When there are large puckers at each end of the darts of dress back, put on dress and mark length needed for darts. Remove dress and decrease length and width of darts. Put dress back on and pin out excess in side seams.

Thrift Shop To Open In New Location

Mrs. Bill Black and Mrs. Tony Allen, ACS Crusade Chairmen, have announced that the American Cancer Society Thrift Shop will be moved this week from its present location due to a business moving in. They have secured another building which will be rented by donations from those interested in seeing this project continue. The Thrift Shop will be located in the Williams Building on 10th Street, at the rear of Jack's Super Market.

Three persons have already made arrangements for bank drafts and the chairmen would appreciate hearing from any others wishing to help with this project on a monthly basis. The donations will be tax deductible.

Please call either Mrs. Black, 392-2468, or Mrs. Allen, 392-3414. A small monthly amount will be most welcome, and will enable the local unit to continue with "Rummage for Research."

USDA Food Stamp Series To Change

The U. S. Department of Agriculture (USDA) will replace the current \$0 cent, \$2 and \$5 food stamp series with a \$1, \$5, and \$10 series on March 1.

USDA's Food and Nutrition Service (FNS) said that the larger denominations were prompted by the volume of coupons needed to meet increased food stamp allotments, paper shortages, and increased production and shipping costs.

The new food stamps—brown (\$1), purple (\$5), and blue-green (\$10)—use a more sophisticated design to deter counterfeiting. They are incorporated into redesigned, revalued coupon books.

All current coupons not issued by February 28 of this year, will be collected and destroyed. FNS said that food stamp recipients must spend their current food stamps by June 30, 1975 since retailers will not accept any old coupons after that date.

Authorized food stamp stores will use the \$1 coupon for making change instead of the current 50 cent coupon and credit slips of 99 cents or less for change under \$1. FNS advised retailers to redeem the current food coupons as soon as possible; banks will continue to accept them for redemption until August 1, 1975.

USDA will issue new food stamp series in March. Values and colors of the new coupon books follow: Coupon book value, \$2; coupons inside book, two \$1, color of ink on cover, green—\$7, one \$5, two \$1, purple—\$40, two \$10, three \$5, five \$1, brown-gold—\$50, three \$10, three \$5, five \$1, blue—\$65, four \$10, four \$5, five \$1, reddish-brown.

Laugh with a smile

What was the Mona Lisa thinking about when Leonardo da Vinci painted her? Was she smiling? Some say that she was actually closer to tears!

It is centuries since Leonardo and his model lived, but throughs still stand before the painting in the Louvre and wonder at it. It is much smaller than people expect, but that in no way diminishes its attraction. For the Mona Lisa symbolizes the mystery of life. No matter how great our curiosity, we can never know all the answers.

There is a great deal of mystery in the Church too. Often this bothers those who would seek a logical explanation for everything. That is where we need faith — for faith is, in part, an acceptance of what we inherently feel but can't prove in ordinary, everyday terms.

Where to find faith? Admittedly, it can be quite a quest. But a good place to start that quest is in church.

CALLING ALL HOMEMAKERS
 Brought to you By Lillian Brown

In the old days, most bedroom decorating consisted of choosing the right bed plus adding such standard equipment as a low chest or dresser and a high chest--and that was about it.
 But today, people want more beauty and more convenience in their bedrooms, and more and more people are using different pieces of furniture to make their bedroom well-decorated so that it will stand on its own as a beautiful place.
 What can be added to a bedroom to achieve this new beauty and convenience? Here are a few ideas. How about a pair of straight chairs with a table between them; a desk; bookcases; an armchair; a beautiful dressing table; a chaise longue; a love seat; or an attractive bench.
 And, of course, the new bedroom can be coordinated with carpet, drapery, wall design, bedspreads and other accessories.
 But what about the old problem of storage? Most homes without dressing rooms or big closets still need bedroom chests--but you don't have to settle for the old standard equipment. You can see a variety of beautiful, high, low, single, double and triple dressers, chests and storage pieces that will not only hold clothing but improve a room decoratively.
 For all kinds of furnishings and ideas to add new beauty to your bedroom, stop in and browse around.

New county board members were named and approved, and Joe Page was approved as new deputy sheriff, replacing Sam Worthington, who recently retired.

Overall raises were not given to county employees. Mrs. Dale Bebee, secretary to the county judge, was raised from \$200 per month to \$300, as her salary was not raised with the other personnel last year. Mrs. L. A. McCaleb, fire station attendant, was raised from \$175 to \$200 by prior agreement. Dudley McCary's monthly salary was upped from \$675 to \$700.
 Levon Parker, who replaced Jack Gillit as county road superintendent, was given a monthly salary of \$1,100. He had previously been working on an hourly rate of \$4.25.
 The South Pool allowance was raised from \$350 to \$400 monthly. This was done to partially equalize the various pool managements. The North Pool allowance is \$600.

Horizons chairman Mrs. P. L.  All of the above projects were approved by the Crockett County Bicentennial Steering Committee in order that they may be official. Local groups and individuals are urged to
