

Inspection Tour Goes So Well That FDR May Repeat

By DOUGLAS B. CORNELL
WASHINGTON, Oct. 2. (AP)—President Roosevelt's inspection of bustling war establishments around the edge of the nation worked out so well that he was giving earnest consideration today to another tour or two through the central and southeastern sections of the country.

He missed those areas while traveling 8,754 miles through 24 states in the last fortnight, paying surprise visits to private war plants and teeming army, navy and marine bases. But he had hopes of visiting them next spring to find out at first hand what they are contributing to the war effort.

He voiced that hope late yesterday, at a press conference at which he released details of his swing around the periphery of America and gave his impressions of what he had seen.

The trip was conducted with all possible secrecy. Not a line was to be published about it until Mr. Roosevelt had come safely back to Washington.

It took him into plants turning out deadly war weapons and to army, navy and marine bases where men were being put into fighting trim. He saw production lines turning out endless streams of tanks, bombers, ships and ammunition.

The president got the idea, he said, that these arsenals were operating at 94 or 95 per cent of efficiency, that they were approaching the tremendous production goals set for them, and that employers and employees were doing their utmost to obtain maximum output.

He said he considered 94 or 95 per cent pretty darned good and added that it would be impossible to reach 100 per cent before the end of the year—because of all kinds of causes, little and big, the majority unpreventable.

He said he was going to ask for a great deal more in the next few months, indicating that the goals would be set higher than they were last January.

At that time he called for 60,000 planes in 1942 and 125,000 in 1943, 45,000 tanks this year and 85,000 next, 30,000 anti-aircraft guns in 1942 and 35,000 next year, 8,000,000 tons of shipping this year and 10,000,000 in 1943. The shipping totals later were boosted.

Mr. Roosevelt said he found the finest kind of morale among the people—a willingness to sacrifice and to accept any necessary war measures. He described the war spirit of the country as a whole as very much alive—except in the nation's capital.

Containing that the war spirit here was far less than in the rest of America, the president spread the blame for this condition among portions of congress, the press and radio, and administration officials.

Seeking to justify their service to the war effort, he said, numerous legislators pry into matters better left to military experts who know more about them. History shows, he remarked somewhat resignedly, that congressmen have been doing this since the Revolutionary war.

He accused a minority of the press and radio, chiefly commentators and columnists, of disseminating reports not based on fact and telling the people things that don't exist. This minority, he said, seems to be unfamiliar with the country, just as are some congressmen, and it thinks in local terms and distributes sensational news.

Mr. Roosevelt declined to mention any names. As for government officials, he said some fifth rate executives or publicity seekers, whose points of view are not rounded out, make picturesque speeches or act out of a belief that their specialties are not receiving due emphasis. He recommends that they button their lips.

The kind of spirit needed in Washington, he said, was that which he learned about in some of the agricultural areas. As he traveled along, he said, he had heard how the local bankers, druggists, newspaper editors and children were going out into the fields and getting in the crops to help farmers unable to obtain labor.

Russian Defenders Able To Make New Counterattacks

WASHINGTON, Oct. 2. (AP)—The War Production Board today ordered the entire output of the nation's distilleries diverted into industrial alcohol for wartime purposes after October 8.

Directives were issued to the beverage distilling industry to ship its entire output of "high wines"—raw whiskey of 130 to 140 proof—to commercial redistilling plants for conversion into 190 proof industrial alcohol used in explosives and in butadiene, the main ingredient of synthetic rubber.

WPB officials had estimated there now is something more than 3 1/2 years' supply of beverage whiskey in the country, despite already extensive conversion of the industry to industrial alcohol output.

About half the industry, by volume has been converted to industrial alcohol production in the course of this year.

The nation's principal pilot training center, at San Antonio, drew a presidential visit. Mr. Roosevelt viewed air corps activities at Kelly, Bunker Army Airfield, and at an aviation cadet center, and he reviewed the 2nd infantry division, which he had known in World War days, at Fort Sam Houston.

The inspections ended with calls at another Consolidated bomber plant at Fort Worth, a Higgins Industries boat yard at New Orleans, and at Camp Shelby, near Hattiesburg, Miss., and Fort Jackson, outside Columbia, S. C.

Quarters Sought For Health Unit
A survey of empty Big Spring buildings is being made by the city in an endeavor to find suitable quarters for a health unit which will open here shortly.

City Manager Boyd J. McDaniel said Friday.

The health unit will occupy space in the city hall now used by the health department but these offices will be used only temporarily, McDaniel said, because they are not spacious enough for the needs of the health unit.

As Junior Rangers They'll Go To Work On Axis—
School Children Commissioned To Get In The Scrap

AUSTIN, Oct. 2. (AP)—More than a million Texas school children today solemnly took the oath as junior Texas rangers enlisted for two weeks to spark the state's scrap salvage campaign, then pinned on their red badges and went to work.

In school rooms on busy streets and at remote cross-roads in the woods and plains, youngsters with their voices and stout hearts full of determination repeated Colonel Homer Garrison's radio-broadcast words:

"I do hereby acknowledge to have voluntarily enlisted, this second day of October, 1942, as a junior Texas ranger division, department of public safety of this state, for the period of two weeks, unless sooner discharged by proper authority;

"And I do solemnly swear that I will faithfully and impartially discharge and perform all the duties incumbent upon me as a junior Texas ranger, according to the best of my ability, agreeably to the constitution of the United States and of the state of Texas."

Garrison, director of the department of public safety and chief of the rangers, charged the children to "live up to the name of ranger, and your country will live forever."

Inflation Bill Sent By House To Committee

Price Control Plan May Get To President Tonight

WASHINGTON, Oct. 2. (AP)—While apparently ready to accept major elements of the senate version on inflation control, the house decided today to send the legislation to a formal senate-house conference committee for quick adjustment of phases still in controversy.

Congressional leaders predicted the bill, conferring broad powers to stop the upward spiral of living costs, would be routed to the White House before midnight, just a day past the Oct. 1 deadline set by Mr. Roosevelt in his Sept. 7 you-do-or-I-will message to congress.

Even before the house decision, conferees representing the house and senate were at work on an informal basis.

They worked under the impetus of a reproof from the president, who pointed out on his return from a cross-country trip last night that during the economic crisis of 1933 it was the normal thing for congress to pass needed legislation in 24 hours or in a couple of days.

In his Labor Day message of Sept. 7, Mr. Roosevelt demanded the legislation by Oct. 1, declaring he would act if congress did not.

Contented with the purely domestic crisis of 1933, the president today's situation threatened the very existence of the nation from the outside and it was important to have speed.

Before the laboring lawmakers were the senate substitute for a house bill, with altered provisions for farm price controls and other changes.

With house farm leaders apparently ready to accept the senate provision that "adequate weighting" be given to the cost of farm labor in the establishment of price ceilings, the chief point of difference of 90 per cent of parity under farm prices.

Illness Fatal To J. R. White

J. R. White, 58, succumbed Thursday evening to a fatal illness following an illness of a few months. Services will be held from the East 4th St. Baptist church Saturday afternoon at 2 o'clock.

The Rev. R. E. Dunham, pastor, will be in charge of the rites. The church choir will furnish the music.

White, who was a member of the Baptist church at Knott, was a farmer-stockman. He was born September 14, 1884, Blount county, Tenn., and came to Texas 55 years ago.

He moved to Big Spring the first of January, 1920, and had resided here ever since.

He is survived by his wife, two daughters, Miss Winnie White, and Mrs. Alice Hughes, and a son, Ewell White, all of Big Spring. His mother, Mrs. Margaret E. White of Franklin county, two stepchildren, Jack Campbell of Houston and Lorena Campbell of Knott.

Also surviving are three brothers and two sisters, R. A. White of Big Spring, Holman White of Coshocta, and John G. White of Franklin county, and Mrs. Sallie Patterson, Big Spring, and Mrs. Rubbie O'Neal of Franklin county. Ten grandchildren also survive.

Interment will be in the Central cemetery. Valley Funeral home was in charge of arrangements.

Funeral services will be held at 2 o'clock, Monday, at the home of Mrs. Sallie Patterson, Big Spring, and Mrs. Rubbie O'Neal of Franklin county. Ten grandchildren also survive.

Worker Suffers Electric Shock
Leo Hayes, electrician working on the army airport project, was recovering in a local hospital Friday from the effects of electrical shock.

He came in contact with a line bearing 12,000 volts while working on a pole Thursday afternoon. Workmen said he fought against the current, trying to break loose from the wire before the current finally cut and fellow workers hauled him down. Hayes suffered burns as the result of the mishap.

U. S. Planes, Subs Take Heavy Toll In Pacific Areas

WASHINGTON, Oct. 2. (AP)—The navy announced today that two Japanese ships probably were sunk, two others were damaged and six Zero fighters were shot down in a recent series of army air attacks against Japanese in the Aleutian islands.

Earlier today the navy announced that United States submarines operating in the western Pacific had sunk five more Japanese ships, probably sunk two others and damaged one.

Listed as probably sunk in the Aleutian operations were a submarine and a transport. Another transport and a cargo ship were damaged.

The only United States loss in the actions was one fighter plane.

Navy department communique, No. 137, said: "North Pacific. On September 27 army Liberator bombers dropped bombs on enemy ships and shore installations at Kiska. One Zero fighter was shot down. Damage to bomb objectives could not be determined. All our planes returned."

"2. On the same date near the island of Attu three army bombers attacked a transport, escorted by a destroyer. Near misses damaged the transport which, when last seen had stopped."

"3. During the morning of September 28 a strong force of army heavy bombers, escorted by pursuit craft, again bombed enemy ships and buildings at Kiska. Zero fighters and anti aircraft batteries on surface vessels attempted to repel this attack. A transport and a submarine were damaged and probably sunk and five Zero fighters were shot down. One of our

pursuit planes was lost. "4. During the afternoon of September 28 army bombers again attacked the Kiska area, strafing and bombing ships and shore facilities. Results of this attack are not known."

"5. During the same afternoon army planes attacked an enemy cargo ship northwest of Kiska. The ship was bombed and strafed and left in a damaged condition."

Navy communique No. 138 said: "Far East. "1. United States submarines have reported the following results of operations against the enemy in Far Eastern waters: "One large seaplane tender sunk. "One large cargo passenger ship sunk. "One large freighter sunk. "Two medium sized cargo ships sunk. "Two medium sized cargo ships damaged and probably sunk. "One large tanker damaged. "Two actions have not been announced in any previous navy department communique."

Willkie Now In Chungking

CHUNGKING, Oct. 2. (AP)—Wendell Willkie stepped from a United States army transport plane here today at the end of a long flight from Russia over an inner Asia route seldom crossed by an occidental and was welcomed with the greatest demonstration ever accorded a foreigner in this free China capital.

Some 10,000 representatives of various organizations were at the field when the transport "Tian Shan" (Heavenly Mountain) landed with Moon F. Chin, Baltimore-born ace flier of the China National Aviation Corporation, at the controls.

Willkie's arrival ended the closely-guarded secret of the stages of his 4,000-mile air journey from Kulybashev, Russia.

His route had brought him across the semi-desert expanse of Sinkiang, where he stopped at Urumchi (Tihwa), the provincial capital, and the northwest interior provinces of Kansu and Szechwan, whose respective capitals, Lanchow and Chengtu he also visited.

As Willkie was driven behind a motorcade escort to the residence prepared for him, more thousands of Chinese lined the thoroughfares of this bomb-battered but still thriving city for a glimpse of President Roosevelt's emissary.

Says U. S. Sales Tax Likely To Replace State Levies
WASHINGTON, Oct. 2. (AP)—A suggestion that states might well consider giving up their sales taxes for the duration to open the way for a federal sales levy sweeping "clear across the board" came today from Senator Herring (D-Iowa).

He made the remark in an interview just before he and other members of the senate finance committee met for a final inspection of the new tax bill, which contains no sales tax but has a 5 per cent "victory tax" on individual gross incomes over \$24 a year.

Otherwise, the bill proposes steeper rates on individuals and corporations, a broadened income tax base, and sharply increased excise levies.

Treasury experts say it will add about \$6,500,000,000 to present annual revenues of \$17,500,000,000, but Committee Chairman George (D-Ga.) figures the additional income will reach at least \$4,000,000,000.

The committee accepted the victory tax somewhat reluctantly after rejecting the treasury's proposal for a "spending levy" which members found too complicated. Herring said he would not be surprised to see a sales tax offered on the floor as a substitute for the victory tax.

Wiping out state sales levies, he said, would remove any objections that a similar federal tax would bear harder on one segment of the population than another.

Besides, he declared, states and well afford to make some sacrifices in wartime for the national benefit.

Secretary of the Treasury Morgenthau has expressed strong opposition to the sales tax principle, declaring it hits the poor a relatively harder blow than the rich.

Herring countered that the income tax, with its sharply graduated rates, gives assurance that the rich man will pay his share.

# Civilian Meat Consumption Ordered Cut By 20

## Govt. Move Is Preliminary To Rationing

WASHINGTON, Oct. 2 (AP)—The amount of meat for civilian consumption was cut nearly 20 per cent today by a government order intended to assure sufficient quantities for the armed forces and lend-lease.

A preliminary to the meat rationing program which will limit consumers to about two and a half pounds a week by the end of the year, the order was issued to meat packers last night by the Office of Price Administration.

The directive, effective until Dec. 31, specifies the amounts of beef, veal, pork, mutton and lamb that packers may distribute for civilian use.

Large packers slaughtering more than 500,000 pounds quarterly were ordered to reduce beef deliveries to 80 per cent of the amount distributed in the same period last year. Pork deliveries were cut 25 per cent and lamb and mutton, 5 per cent.

Smaller slaughterers were instructed to limit deliveries only to the amounts of their 1941 deliveries.

OPA's food requirements committee previously indicated veal would be cut to 80 per cent of the 1941 delivery. OPA, however, explained the armed forces did not plan to consume as large quantities as expected and consequently, veal deliveries would be limited to the amount delivered in the same period last year.

The army and navy said 80 per cent of the "cutter and canner" grades of beef will be taken by lend-lease. This was intended, an agriculture department official said, to allow the army to build up supplies of "iron rations" during the rest of the year for American expeditionary forces.

Lard, liver, hearts and kidneys are not restricted by the order, and while canned meat, sausage, scrapple and similar products are not subject to quota restrictions, they will be affected by the order because the meat used in their preparation is subject to the restrictions.

Quota violators are liable to a year's imprisonment or \$10,000 fine, or both, and suspension of the right to deal in meat or other rationed products.

Earlier, an OPA spokesman who declined to be quoted by name, said cities remote from cattle areas could expect a shortage of choice beef within the next few days because of the new 25-cent-a-pound price ceiling on dressed beef.

## Mines, N. Mexico Open Races In Border Circuit

ALBUQUERQUE, N. M., Oct. 2 (AP)—The Texas College of Mines, one of the question marks of 1942 border conference football, opens its season on home grounds at El Paso tonight against New Mexico University.

The game is one of two conference contests of the week end that sends four teams into inter-sectional strife, while the ninth, Arizona State of Flagstaff is idle.

In the other conference game this week, the Temple State Teachers of Arizona visit West Texas State at Canyon tomorrow.

Top billing in the inter-sectional game tomorrow night at San Antonio against the Texas Aggies.

Arizona University seeks its first victory over Utah, defending champion of the Mountain Six conference, tomorrow night at Tucson.

In other inter-sectional games, the New Mexico Aggies entertain McMurry college of Abilene, Tex., at Las Cruces tomorrow, and Hardin-Simmons is host to North Texas State at Abilene tomorrow night.

## Meet The Bombardiers

Sketches Of Cadets Stationed At BSAAFS

From other states come these cadets who're training at the Big Spring flying school. Here are some fellows you would like to know—and may get to know before they're gone:

**North Dakota**  
We have a school teacher too. His name is Floyd Fredenburg, and he comes from Edgeley. Floyd attended Ellendale Normal & Industrial college, and is not interested in anything but music, teaching, the girl he left behind him and bombing.

**Ohio**  
A steel mill foreman is the next on the list. He's a lad from East Liverpool and his name is Frank Arnold. Frank starred in basketball and swimming both at high school and Miami University.

And Johnny Dugan from Steubenville was a wallpaper printer's helper before the president sent him "Greetings." Then there's Paul DeMarsh from Canton. Paul was service manager for a Ford dealer, and made quite a reputation for himself as a midget racer.

From Columbus we have a Captain University boy by the name of Ira Dodd. Ira's last job was that

of truck driver for the Curtis Wright Corporation. And that cross-country star Willie Behoteguy of Wooster College came all the way from Akron just to visit with us in Big Spring.

**Pennsylvania**  
Reading is represented by John Reddy and Thurman Sallade. Reddy is a life guard, and Sallade is an advertising salesman who chased after so many reluctant accounts that he gradually developed into a cross-country runner. Vincent Cartfield deals in figures. He's an artist-auditor from Verona, and had attained the rank of Staff Sergeant in the Air Corps before accepting an appointment as a cadet.

From Phillipsburg high school in the town of the same name comes Roy Black, a basketball player. Roy says that he was the very best bench-warmer in the business.

But here's a lad who was kept off the bench as much as possible. He's from Lebanon and his name is Arthur Ditt. And if that isn't enough for you—dear reader—let us remind you that he's the same lad who played fullback position for the University of North Carolina football team back in the mid-

## FSA Stresses Food Output

A possibility that all food will be rationed is foreseen by U. D. Kendrick, rural rehabilitation supervisor for the Farm Security Administration in Howard county.

"Unless our small farm operators can produce greater quantities of food," he said, "our country will be compelled to ration almost all foods and there is no assurance that we can maintain nutrition needs of our civilians."

Kendrick said that the federal government has ordered the Farm Security Administration to extend every possible aid to low-income farm and ranch owners to enable them to increase production.

All programs of the FSA are being coordinated into a wartime food production effort, Kendrick said.

"The farmer's main job is to produce food and this will continue to be his main job until the war is won," Kendrick continued. "Farm security is anxious to help all eligible borrowers in the nation so that they may exert every effort to feed the United Nations as well as themselves," he concluded.

## Nashville Go One Dixie Series

SHREVEPORT, La., Oct. 2 (AP)—The Nashville Volunteers and the Shreveport Sports boarded trains today for the Tennessee city where they resume the Dixie Series Sunday with the Southern Association champions in the lead three games to two.

Nashville defeated the Texas league playoff winners here last night, 8 to 3 with a surge in the last three innings that was good for all the visitors' runs.

Probable pitchers for Sunday: Gordon Maltberger (R) for Shreveport and Paul Erickson (R) for Nashville.

Last night Doyle Lade held Larry Gilbert's players scoreless for six innings while Shreveport first frame.

## Senators Get A Sample Of Hike In Food Costs

WASHINGTON, Oct. 2 (AP)—Senators who spent the week debating the need for new price and wage controls, had the problem brought home to them today, when the senate restaurant put out a new menu increasing most of the a la carte orders.

The regular prepared lunches were not raised in price, but, on the contrary were enlarged by the addition of an appetizer, soup and a wider choice of vegetables.

Some of the special items, however, went up as follows: planked tenderloin steak, from \$1 to \$1.50; lobster with potatoes and salad, from \$1 to \$1.25; chef's salad with shrimp and sardines, from 40 cents to 60 cents. A number of other dishes went up 10 or 15 cents and a few had five cents added.

All sandwiches except lettuce, and tomato and chicken were raised five or 10 cents.

D. W. Darling, new manager, explained that the cost of the food supplies have gone up, and that steaks that cost the restaurant 42 cents a year ago now cost 72 cents.

## Navy Is After More Athletes

Navy athletic directors are needed and interviews will be given those interested in this service at the main navy recruiting station in Dallas Oct. 12 and 13. Ratings of chief specialists will be conferred on those accepted.

Two more interview dates than previously announced for applicants in the construction battalion division of the U. S. Navy have been arranged by navy recruiting offices. Dates set for "sea-bee" applications are: Oct. 4-5-11-12-13-18-19-20-26-27-28 and Nov. 2-3-4-9-10-11-17-18-19-24-25-26.

Men interested in joining this branch of the naval service are requested to apply at the navy recruiting offices in the basement of the postoffice building.

L. A. Haston, Big Spring, enlisted in the construction battalion Thursday. M. F. Helderburg, Midland, W. R. Cheery, also of Midland, and Roy J. Hoback, Jr., of Lamesa, enrolled as apprentice seamen V-6.

## Connally Hints That Willkie Is Talking Too Much

WASHINGTON, Oct. 2 (AP)—Chairman Connally (D-Tex.) of the senate foreign relations committee, a critic of Wendell Willkie's observations in Russia in behalf of a second front, asserted today that too much talk by people in public life endangers the unity of the war effort.

Connally told reporters he thought "all of us, especially public officials, should exercise great caution in making unguarded statements which may operate to hurt the national interest."

Willkie's recent assertion in Russia that allied officials might need "padding" to initiate second front action was assailed in the senate yesterday by the gray-haired Texan in the course of a "dressing down" administered Senator Mead (D-NY) for advocating United States occupation of "all French possessions within the American sphere of civilization."

Connally accused Willkie of creating newspaper "headlines."

"Statements by public men usually carry a certain degree of significance and supposed basis of fact," Connally declared today, "and too much talk by them can do great harm."

## Pioneer Judge's Portrait To Be Presented Here

Old timers will have their day when the 70th District Bar association receives a portrait of Judge William Kennedy, first judge of the old 32nd judicial district, at a meeting here this evening.

The banquet affair, to which wives of bar members have been invited, will be held at the Settles hotel.

The Hon. W. P. Leslie, chief justice of the district court of civil appeals at Eastland, advised District Judge Cecil C. Collings, association president, that he would be unable to attend and speak as had been planned. Judge Leslie, a former county attorney at Odessa, was to have related his experiences in those days.

Similarly, it was doubtful if the Hon. Edward W. Smith, chief justice of the court of civil appeals at San Antonio, would be able to attend. Mrs. Smith is the daughter of the late judge. However, Mrs. Ellis Douthit, Abilene, another daughter of Judge Kennedy, and her husband will attend.

Address of the evening will be brought by S. H. Morrison, dean of local attorneys. Judge A. S. Mausey, Sweetwater, present 32nd district judge, and Judge Garland, Lamesa, have been invited to attend. Judge Collings said he hoped that Judge R. C. Crane, Sweetwater, acknowledged historian of West Texas, could be on hand.

The portrait of Judge Kennedy, who presided over the 32nd district when it was formed in 1885 until his death in 1897, will be hung later in the district courtroom here. The area that now is the 70th district once was in the old 32nd district.

## Food Stamp Volume Off

Food stamp purchases, and correspondingly issuance of others, declined again in September, the regular monthly report of Claud Wolf, in charge, showed Friday.

During the month those certified for public aid in one form or another bought \$4,479 orange stamps and at the same time \$3,272 was given in blue stamps (expensible for surplus commodities) to 233 families embracing 1,376 persons.

During August constituents bought \$4,804 in orange food stamps, and were given \$3,503.50 blue stamps to 310 families of 1,376 individuals.

Wolf said that the figures now were less than half of the peak, reached several months ago.

Food available to Howard county families using blue food stamps during October will be the same as for September except fresh pears have been dropped from the list. The list includes fresh apples, all fresh vegetables including sweet and Irish potatoes, shell eggs, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

## Army Has Jobs For Women

The U. S. army needs women between the ages of 21 and 45 for service in aircraft warning, Sgt. Edwin R. Turner, local army recruiting officer said Friday.

Women are also wanted, he said, for duty in hospitals and offices and there is a need for 40 other types of specialists.

The war department, according to Sgt. Turner, is encouraging colored women to apply for enrollment in the WAAC since the department can use any qualified woman, white or colored.

Six men entered the army through the local recruiting station Thursday. They are: Earl B. Richardson, Midland, Guy H. Spinks, Stanton, Roy L. Barnhill, Stanton, Milton E. Davis, Knapp, Wm. R. Fruser, Stanton, and Douthitt H. Buchanan, Big Spring.

## Forms For Buying Farm Machinery At ACA Office

Application blanks for purchase of rationed farm machinery may be had on request at the county agricultural conservation association office, it was announced Friday.

Dealers were advised to secure supplies of the forms. One type of applications must be reviewed by the county farm machinery rationing board, headed by L. H. Thomas. The board, organized last Saturday, has issued one such permit to E. L. Counts for purchase of a hammer feed mill for use in preparing dairy feed.

Lighter types of farm machinery may be had on a certificate of necessity filed with the dealers, and hand tools generally require no permits of any sort.

The board probably will meet once weekly to pass on applications for purchase of new, heavy machinery.

## Interested Crowd Sees Bomb Control Demonstration

A demonstration of incendiary bombs held Thursday night at the fire station under the direction of Chief Frank Williams of the firemen's school at A. & M. college was an outstanding success, Big Spring fire department officials said.

Chief Williams, who has conducted many such demonstrations, held the interest of a crowd estimated at 100 people. Best methods for handling fire bombs were explained by Chief Williams.

## Couple Married By Justice Grice

Mrs. Vada Belle Davidson and Pvt. John J. McGill were married in rites performed Thursday at 9:30 p. m. by Justice of Peace Walter Grice at his home.

The bride was dressed in blue with black accessories. She is the daughter of Mr. and Mrs. J. M. Thomas and he is the son of Mr. and Mrs. Alva McGill of Richmond, Tex. The single ring ceremony was pronounced by Grice and Mrs. Fay King and James J. Smith were attendants.

WOMEN FLIERS TO MEET  
AUSTIN, Oct. 2 (AP)—Texas women fliers meet here today and tomorrow to study how their services may be best utilized in the war effort.

## Food Stamp Volume Off

Food stamp purchases, and correspondingly issuance of others, declined again in September, the regular monthly report of Claud Wolf, in charge, showed Friday.

During the month those certified for public aid in one form or another bought \$4,479 orange stamps and at the same time \$3,272 was given in blue stamps (expensible for surplus commodities) to 233 families embracing 1,376 persons.

During August constituents bought \$4,804 in orange food stamps, and were given \$3,503.50 blue stamps to 310 families of 1,376 individuals.

Wolf said that the figures now were less than half of the peak, reached several months ago.

Food available to Howard county families using blue food stamps during October will be the same as for September except fresh pears have been dropped from the list. The list includes fresh apples, all fresh vegetables including sweet and Irish potatoes, shell eggs, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

## Schools Reminded Again Of Curb On Use Of Buses

With football fever fast filling the air, the Howard county rationing board Friday issued a final reminder to schools in the county that school buses used for transporting players or supporters to football games would not be eligible for more tires.

Use of school buses for these purposes completely removes them from the list of eligibles for more tires or for retreads, reminded B. F. Robbins, general chairman of the rationing board.

Schools with more than one bus were cautioned against use of one bus only in going to and from football games. This will be of the same effect as if all buses owned and operated by the school were used for the purpose.

## Col. Scott Will Be Sent Overseas

DALLAS, Oct. 2 (AP)—Col. Stanley L. Scott, head of the southwestern division of United States army engineers, has been ordered to Washington preliminary to assignment overseas and will be reassigned Oct. 12 by Col. Robert E. Neyland, former football coach of the University of Tennessee.

Announcement of the change was made yesterday by Col. Neyland at Norfolk, Va., where he has been serving as army district engineer.

Coolnel Neyland, a native of Greenland, Tex., has a distinguished record as an army officer. He attended Texas A. & M. college in 1909 and 1910 and was appointed to West Point in 1911.

## Group Opposed To Dropping Poll Tax

WASHINGTON, Oct. 2 (AP)—A senate judiciary subcommittee legislation (S1280) which would abolish the requirement of a poll tax receipt as a voting prerequisite in the election of members of congress and presidential electors.

Senator O'Mahoney (D-Wyo) was preparing a report to be filed with the full committee, expected to meet next Monday. Details of the vote in the subcommittee, which acted in executive session, were not known immediately.

## Would Make Theft Of Tires A Felony

AUSTIN, Oct. 2 (AP)—Rep. Gordon Davis of Waco announced here that he will introduce a bill before the 48th legislature which would make theft of a tire from an automobile a felony instead of a misdemeanor.

A similar measure by Sen. Karl Lovelady of Meridian last session failed to get out of a house committee.

## Nazi U-Boat Yards Pounded By RAF

LONDON, Oct. 2 (AP)—British bombers pounded the Nazi submarine yards at Flensburg and other objectives on the German Baltic coast last night in a resumption of their aerial offensive against Germany after a seven-night lull, it was announced today.

Seventeen planes were reported lost in the night's operations, which included attacks upon axis shipping off the coast of Holland.

## 'Second Guessers' May Gather For Football Re-Hash

Second-guessers will have their inning each week during this season, and starting at 8 a. m. Saturday, on the Settles mezzanine, they can get a lot off their chest.

All they have to do is to turn out for the weekly meeting of the "Quarterbacks Club," said John Dibrell, high school athletic director and football coach.

"I'll be on hand to listen and to try to explain anything fans want to ask about," said the coach.

Literally, no verbal holds will be barred and irate customers who believe everything is bad may say so and give their reasons. If they want to know why it's bad, the coach will try to dig up a reason.

For those who want to have certain plays analyzed, the coach will attempt to deal with any confusing rulings during the game.

Should the Steers look good on any Friday evening, and should someone want to say so at the Quarterbacks Club, Coach Dibrell will be overwhelmed and will proudly tell how it happened.

## Laborers Wanted At Navy Bases

The naval ammunition depot at Hawthorne, Nevada, and the Mare Island navy yard and naval ammunition depot at Vallejo, California need classified laborers immediately, L. T. Lee, local representative of the U. S. Civil Service said Friday.

Quotas have been established for Texas and Louisiana, Lee said, but no applications will be accepted from men now engaged in war work.

Applicants must have had at least four years of grade schooling or at least six months experience in manual labor. Men accepted must be physically fit and pass a strength test.

Applications may be secured from the Big Spring postoffice, the U. S. employment service offices, or from L. T. Lee at the city hall. Immediate appointments will be given applicants who qualify, Lee stated.

## ABC-ers Stand A' Quiz On Sports

Quiz program on sports was conducted by C. O. Nalley for the American Business club at luncheon Friday at the Settles hotel.

Funds from the event are to go to the Boy Scout troop sponsored by the club.

A. V. Karcher, guest speaker, announced the Boy Scout drive on October 13 and asked the club to appoint a chairman and assistants amounting to 80 men to help in the drive. Nalley was named as chairman from the club.

Board of governors meeting was announced for Oct. 13 when important club activities will be discussed.

## For 17th Year, He's First To Pay Taxes

COLORADO CITY, Oct. 2.—Maintaining the record he set for himself 17 years ago, T. J. Goss, Sr., of Colorado City was again the first citizen in Mitchell county to pay his taxes. He has received tax receipt number one each year since 1926 and last year was given recognition in Robert Ripley's Believe It or Not column for his unique achievement.

## FORGERY INDICTMENT

Bill Follis, named on a forgery complaint, was indicted for the offense by the grand jury in its final session this week, District Attorney Marielle McDonald said Friday. Follis was in custody.

## NEW PATROLMEN

Two men, B. O. Poe and H. E. Davis, were added to the police force Thursday, City Manager Boyd J. McDaniel announced Friday. The men will serve as patrolmen, he said.

## City, School Tax Collection Is Delayed

City of Big Spring and the Big Spring Independent School district tax offices will not be ready to receive payments of taxes until mid-October.

The Herald erred Thursday in including these two agencies with the county, state and common school districts in the list of those receiving 1942 payments now.

City and school tax rolls cannot be completed until after the board of equalization session Monday and Tuesday (Oct. 5-6) and until the rolls are then compiled and submitted to the city commission and the school roll to its trustees for approval. At the same time, receipts must be prepared in advance of the start of collections.

The city is bending every effort, said City Manager B. J. McDaniel, to get tax statements in the mail by the night of Oct. 15. This still would give taxpayers a chance to pay taxes in October and avail themselves of a three per cent discount.

## Here And There

It is had to shoot craps, alias roll dice, anywhere, but it is particularly bad to engage in such sport on city streets. Four laborers on the airport job could testify to that following their arrest by Constable J. F. Crenshaw and his deputy, Johnny Ralston. They were, said the officers, shooting craps on the street, using headlights of a truck for illumination.

Estella Beatrice Stuart, a native of Australia, had applied Friday in 70th district court to change her name to Norman, because, she said, the name Norman was lucky. Judge Cecil Collings didn't argue for he figured perhaps she should know. Estella's business is fortune telling.

Mrs. J. B. Chiles, Abilene, is here to visit with Mrs. J. E. Jennings, who is convalescing at the Big Spring Hospital from major surgery to which she submitted Sunday. Mrs. Chiles is a sister to B. N. Ralph.

Big Spring corporation court tried 20 cases Thursday and found 19 of those charged guilty. Fines of \$15 each were imposed on 10 gamblers, four vagrants, and four drunks. One case for vagrancy was dismissed.

A total roundup of 34 gamblers has been made by Big Spring police in the last four days.

Mr. and Mrs. P. T. Redding have received a letter from their son, Pvt. Morris E. Redding, from somewhere in England. Pvt. Redding, who has been in the United States army for 11 months, wrote that he would like to receive some packages from home. He also stated that every time he got moved it was "farther from home." This is the first word the Reddings have had from their son of his safe arrival in England.

Women Injured In Auto Collision  
Mrs. L. A. Eubanks and Mrs. Gaslin Sanders were being treated at the Cowper Clinic Hospital as the result of a car collision near 15th and Johnson streets today.

Mrs. Eubanks suffered lacerations of the scalp and left leg and was bruised and badly shaken, but was not believed to be seriously injured. Mrs. Sanders, who was in the other car, was receiving treatment for abrasions about a knee and around the left eye. The cars were badly damaged.

## ACA Work Here Is OK'd By Supervisor

Performance work by the county ACA staff has been checked this week and approved by Claud Cotten, state performance supervisor. He checked both range and farm records. More cotton farms (only five or so at the most), will be out of compliance with current farm regulations this year. They were so excessively over-planted that operators did not desire to blow up the excess.

MARINES GET A FIGHTER—Tommy Loughran (left), retired undefeated light heavyweight champion, wears a National Red Cross glove issued up by Lt. Col. W. Dudley Smith at Guadalcanal where Loughran entered the Marines as a private.

CAIRO, EGYPT—A corner of an advanced dressing station in the desert after a recent battle on the El Alamein front. The wounded get their first treatment here and are later moved by plane or auto ambulance to hospitals far behind the lines in Alexandria or Cairo. Your purchase of War Bonds helps to insure the best possible care and the best possible medical supplies for such men as these injured in battle.

# WASTE FATS

### WHAT TO DO:

And housewives can help in saving greases to go into the making of explosives.

1. Save all your waste cooking fats.
2. Strain into a wide-mouthed container.
3. Keep in cool, dark place until you have at least a pound.
4. Take it to your meat dealer. He will pay you 40 a pound, for strained fats, 30 a pound for unstrained.

CARD OF THANKS

My darling brother I miss you so This ache in my heart will not cease

But you, my dear, Have left the land of pain And gone to the one of lasting peace.

We are taught that you are not dead Just gone from these that loved you so

But the empty days ahead Only those like us really know.

Your tender smile, your cheery "hello"

How your sister grieves

Do you really know? To our Father we turn in faith and trust

He will ease this hurt, He will help this pain

Because he said "you shall live again."

To your friends and to mine

And those who knew us both I'll thank them with a prayer that's true

Cause you dear—you are gone But I'll do for you what ever I can.

—SISTER SADIE. (Pd.)

**Victory Council Doing Fine Work**

LAMESA, Oct. 2. — Dawson county's Agricultural Victory Council has proved its worth a thousandfold, B. J. Baskin, county agent, said today.

"I don't know why we didn't think of a plan like this before the war," Baskin said. "We find that the cooperation between farmers and community leaders is 100 per cent, and we have had great success with all information programs used through the Victory Council."

Dawson county's Victory Council has been largely responsible for organization of the rat eradication campaign, which will be held here October 6. Victory leaders were informed of the campaign; they in turn contacted neighborhood leaders, and neighborhood leaders have informed from 8 to 12 families of the campaign. As a result the campaign will probably be one of the most successful ever held here.

The campaign was planned by public health services in cooperation with the office of the county agent.

**Govt Operation Of Railroads Is Advocated**

CLEVELAND, Oct. 2. (AP)—The government should take over operation of the railroads immediately to avert a prospective breakdown of the nation's transportation system, said President A. F. Whitney of the Brotherhood of Railroad Trainmen today.

"The quicker the railroads are taken over the better it will be, in my opinion, for the whole country," said Whitney, commenting on an article titled "railroads—the next bottleneck," in the October issue of the brotherhood's magazine.

Noting WPB Chief Donald M. Nelson's report that war production increased eight per cent in August over July, the brotherhood president said further increases, which the country wants, will hasten a breakdown of carriers by rail. The question of when that might happen is problematical.

"There is bound to be a shortage of motive power and rolling stock," due partly to increased business, and partly to "the fact each railroad is operating as a unit. Many cars are being moved empty under their individual operation, when they should be carrying a load."

"Government operation," Whitney continued, "is not only advisable but imperative. There is a shortage of manpower on many railroads due to their aristocratic employing brakemen, firemen and yardmen who are over 27 years of age unless they have college or university educations."

**Man And Daughter Accused Of Holding Negro As 'Slave'**

HOUSTON, Oct. 2. (AP)—A. L. Skrobarcek, 62-year-old farmer, and Susie, his 29-year-old daughter, were arraigned today on a complaint charging that they held Alfred Irving, 42, a negro farm hand, in slavery.

Ray J. Abbaticchio, special agent in charge of the FBI here, said the two were arrested at their isolated farm near Beeville by sheriff's deputies, state highway patrolmen and FBI agents.

The complaint was filed with U. S. Commissioner J. A. Mount at Corpus Christi.

**Member Of Pioneer Farm Family Is Called By Death**

Member of one of Howard county's pioneer farm families has been called on, in the passing at Dallas last week of Clyde Andrew Bishop, 45. Clyde was born in Hardman county, Tenn., in 1897, and came with his parents to Big Spring in December, 1905.

He was married to Corene Mizell in February, 1925, and she survives, along with a 15-year-old son, Harold David; the parents, Mr. and Mrs. J. A. Bishop; two brothers and one sister.

Clyde had farmed most of his adult life. He succumbed in a Dallas hospital, where he had gone a week before for treatment. The body was returned here for funeral services and burial.

**Leader Named For Scout Campaign**

COLORADO CITY, Oct. 2. — Chairman of the 50 civic leaders of Colorado City who will sponsor the 1942 fall drive for funds to carry on the Boy Scout program in this district is John Pratt. A ranch and rodeo theme has been decided upon for the new drive with three ranch bosses assisted by three foremen each, and each foreman naming four cowhands.

C. W. Cook will serve as boss of the "Bar Nothing" ranch; G. D. Foster, boss of the "Dotted Line" outfit; and Jerald Riordan boss of the "Big Heart" ranch.

"Now in the time of war it is important that all friends of scouting stand by," the chairman urged in making preparations for the drive this week. "We are going to try for a better coverage of the boys' needs than ever before."

Bagliore, the title sometimes given a musical composition light and quaint in character, comes from the Italian word meaning "flash of light."

**THE WAR TODAY: Violent Revolt Threatens Hitler**

By DE WITT MACKENZIE

WIDE World War Analyst.

LONDON, Oct. 2.—The closer you get to the enslaved continent of Europe the more apparent it is that it is rushing headlong toward a violent eruption which is likely to come the moment Hitler's rancorous voice cries quits, if indeed it doesn't happen before then.

It sounds harsh in the saying, but it seems inevitable that many of the conquered peoples will rise in their hunger and misery and exact terrible vengeance on their Nazi oppressors—that is, unless the Allies are able to keep the situation in hand.

None could foresee the result of such an upheaval if it were uncontrolled. New and revolutionary governments might mushroom up to take the place of those which existed before the war, as the people struggled to rehabilitate themselves. The best one could say is that there would be black chaos.

I understand that the Allies already have taken cognizance of the dangers in this situation and are laying their lines to cope with it. Obviously the solution lies in the closest possible cooperation among Britain, Russia and America. In this connection it is clear to the observer that British Foreign Secretary Anthony Eden is quietly devoting vast energy to the effort of insuring this vital Allied solidarity.

It needs no wealth of imagination to see what is growing out of the hell that Hitler has dug. The French and Poles and Czechoslovaks and Yugoslavs and Norwegians, and all the others whose kith and kin have been massacred by the Nazi Fuehrer's murderous crew, are eager to exact payment in kind.

But there is more to it than concerns the hundreds of thousands of civilians who have been slain that the Nazi anti-Christ might be master of Europe. Most of the continent has been ravaged. In many countries there is actual starvation. The best that Hitler has to offer anywhere outside his own domains and those of his satellite allies is sadism.

Hitler announced in his speech Wednesday that he is about to consolidate his winnings. That can only mean that he will apply even more vicious regimentation to the unfortunate folk whom he has enslaved. They are condemned to labor for the benefit of the reich. He will continue the process of wiping out some of the proud peoples who refused to respond to the lash and replacing others with bastard races which are the result of deliberate cross-breeding with Germans.

The consolidation which Hitler hopes to effect this winter can only feed the volcanic fires. Those fires will consume him if the Allies don't crush him first. His number is up in either event.

However, there is a way of preventing Europe from plunging into utter chaos as the war ends. That involves: (1) all-tight allied military control, and (2) quick relief in the way of food and other supplies.

**Colorado Pastor Goes To Penwell**

COLORADO CITY, Oct. 2.—After serving the Oak Street Baptist church in Colorado City for fifteen months as pastor, the Rev. Mr. E. E. Barber moved this week to Penwell where he assumed his duties as pastor October 1st.

Rev. Barber came here from Dublin where he was pastor of several rural churches. The Oak Street church has shown a steady growth in membership since he became pastor and has completed the basement of a new building.

**Scrap Yield Here, 69 Lbs. Per Capita**

People living within the city limits of Big Spring have contributed a total of 69 pounds of scrap iron per capita, it was disclosed by Boyd J. McDaniel, salvage chairman.

More than 45 tons of the scrap has been weighed out of the pile collected on Main street, McDaniel said, and a considerable amount is yet to be removed.

**Representatives View USO Sites**

Two USO field representatives were in Big Spring Thursday conferring with City Manager Boyd J. McDaniel.

The representatives looked over a number of buildings they thought might be suitable for USO headquarters while they were here. However, they did not announce the selection of a site for the activities.

**Typhus Fever Is Texas Problem**

AUSTIN, Oct. 2. (AP)—The department of health today reported that diphtheria, influenza, dysentery, malaria, pneumonia and typhus fever cases were above the seven year median in Texas, with typhus continuing to be a "troublesome problem."

Under the seven year median were meningitis, infantile paralysis and typhoid fever.

"Strike Up The Band"

could show in her eyes.

The party was very gay. Julie managed by sheer will to be as gay as the rest, to enjoy the delicious steaks Pete barbecued over glowing coals, to contribute her share of bright foolishness to the conversation. The evening was gloriously moonlighted and Julie, lying relaxed in one of the comfortable deck-chairs, watched the clouds drift lazily across the night's dark face.

She closed her eyes. And realized suddenly how very tired she was. Voices around her drifted away.

She didn't know how long she'd slept when she roused, conscious that she was chilled. The porch seemed deserted. Below her from the deep shadow beside the porch came the sound of a quarrel, carefully muted.

"But you can't come here!" A woman's voice—strangely familiar, but high-pitched with emotion now. "Can't you see I have guests?"

"I too shall be your guest," a deep smooth voice, taunting, carelessly bold.

"No you won't. You promised me that you would not come."

"Promises?" A deep-throated laugh. "What are they, my dearest beloved? You made promises once. Remember."

"Please go. Tell me what you want, and then go."

"Hush,"—and the laugh again. "You will be overheard."

"Silence for a moment and then, Julie's horror mounted, the woman's pleading threaded with panic. "Please, tell me. Please. I'll give you whatever you want. Now go."

"I can depend on it!"

"Yes. The usual amount. The usual place. Please go."

A moment later footsteps crossed the patio, a side-door shut softly. Then, as Julie scrambled out of her chair, the windows of Dawn's bedroom just above, closed noiselessly.

Hours later, as Julie lay sleepless in the pretty guest room just next to Dawn's, she heard her hostess' sobbing—like the hysterical weeping of a frightened child.

**Cavalry Chief Is Honored By Mexico**

MONTERREY, Mexico, Oct. 2. (AP)—The highest award of the Mexican army, previously bestowed only once to a foreigner—Gen. Douglas MacArthur—was given yesterday to Brig. Gen. Harry H. Johnson, commander of a cavalry brigade at Laredo, Texas.

It was the first time the badge of military merit, first class, had been presented to a foreigner into Mexican soil. General MacArthur's was sent him by plane.

Division Gen. Eucligio Ortiz made the award on behalf of President Avila Camacho.

**NOTICE**

EFFECTIVE OCTOBER 1, AND FOR THE DURATION

Effective October 1, we are sorry to announce that we can no longer continue our credit business and delivery service. We are working short-handed, and yet trying to care for more customers, making it necessary to cut down on work every way we can. We do not have time to carry your accounts and take care of them as they should be taken care of. This is an action we are indeed sorry for, and we hope you understand.

Thank You,  
Frank Rutherford
