Fellow Texans! Arise and let President Ford and your representatives in Washington hear from you about the proposed 10 to 20 cents per gallon tax on gasoline. This proposal, if passed, would be a tremendous burden on the State of Texas and its residents. We would all be affected, rich or poor, whether we use our cars to carry on our business or just to drive to the grocery store, every last one of us. Some of the larger cities probably have the mass transportation systems to take care of city residents, but we can't even get a bus to San Angelo. Think of what this would mean to all rural and small town residents all over the country, except perhaps for the densely populated Eastern Seaboard. This, of course, is where the idea originated. We now find ourselves in the position of having all big-city boys running our anti-inflation fight, and they are going to take the tax money from the sparsely populated areas of the nation, because that's where the votes are not.

So, make yourselves heard. It's now or never. Already 48 percent of our natural resources go out of the state for use in the east and elsewhere, so let's at least let them know we are alive and kicking out here in West Texas, whether it does any good or not.

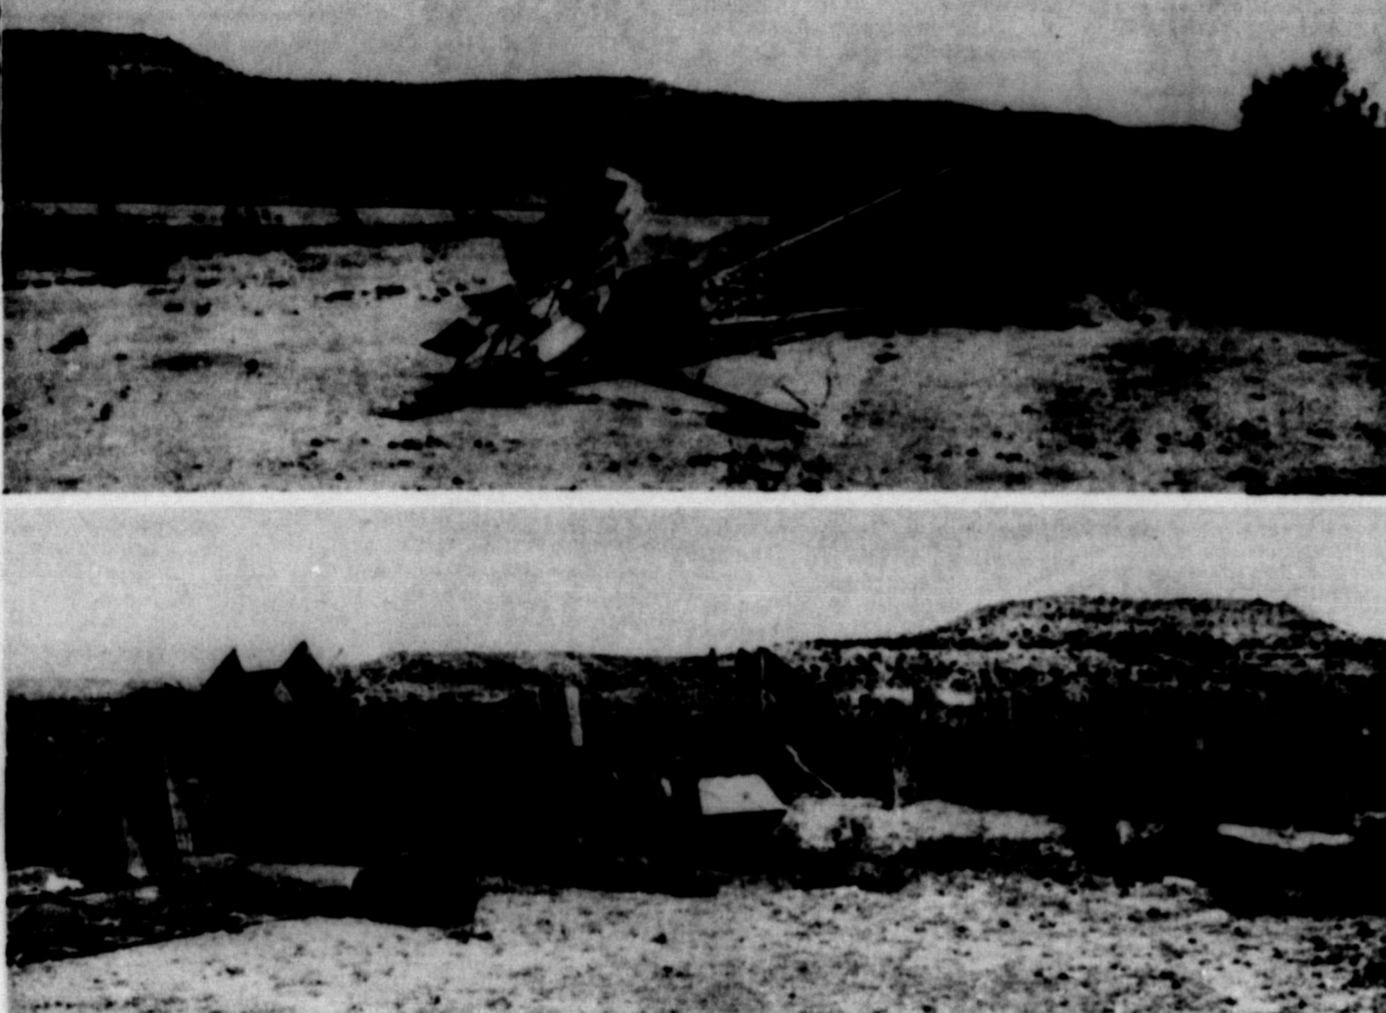

Well, my football season certainly turned sour last weekend. All my teams lost. I should say all three of my teams, the Lions, the Longhorns and the Cowboys. What a rotten weekend. This is the first time I can remember three losses in a row. If it happens again, I'm going to find another spectator sport.

Maldonado Enlists In Air Force

Robert G. Maldonado, son of Mr. and Mrs. Raymond Maldonado of Ozona, enlisted in the U. S. Air Force recently, according to Tech Sergeant John Kujawa, U. S. Air Force Recruiter, 16 E. Beauregard, San Angelo, Texas.

Upon graduation from the six-week course at the Basic Military School Training School Lackland AFB, Texas, he will receive technical training in the field of Munitions Disposal. He is a '71 graduate of Ozona High School.

Robert will be earning credits toward a Career Education Certificate through the Community College of the Air Force while attending basic and other Air Force technical training schools.

PROPERTY DAMAGE RAN HIGH last week in the southwest part of Crockett County when rain-swollen draws caused a devastating flood. Bagging waters swept everything in their path away. Here, top photo, windmill, utility lines and fence are destroyed. In bottom photo shearing pens, heavy gates and

equipment is totally destroyed. As the water receded, tons of gravel covered the land for miles. These shots were taken at the Bill Clegg ranch 35 miles southwest of Ozona where Howard Draw flooded. Nearer the Pecos, damage was even worse. Ranchers are busy replacing literally hundreds of miles of fence.

Deer Husbandry Seminar To Be Conducted Here Next Thursday

A Deer Husbandry Seminar will be conducted at the Crockett County Civic Center Thursday, October 10, from 9:45 a.m. to 3 p.m.

The seminar is being sponsored by the Ozona Chamber of Commerce, in cooperation with the Texas Agricultural Extension Service, according to Billy Reagor, Crockett County Extension Agent. A free barbecue lunch will be served at noon and local businessmen are invited to come out and eat even if they can't attend the seminar.

Purpose of the seminar is to bring local ranchers the latest information available on how to manage deer to increase the overall net income to the ranch operator. Hunting in the area is big business, usually adding well over a million dollars to boost economy in the county. The Chamber of Commerce has mailed out over 1,000 invitations to prospective hunters to come back and hunt in the county this fall.

Income from the deer herd in Crockett County has become one of the major sources of income to local ranchers along with sheep, Angora goats and cattle. Since this is true over a large area of Texas, the Tex-

as Agricultural Extension Service in cooperation with other agencies is attempting to conduct educational programs throughout the area that will aid ranchmen in determining how to manage their ranges, domestic livestock and wildlife for increased net income, said Reagor.

Speakers who will be on the program include Dr. Bob Ragdale and George Sultemeier, Texas Agricultural Extension Service Range Specialist Specialist, managing a hunting lease enterprise; George Litton,

Lola Mae Daniel To Visit Here

Miss Lola Mae Daniel, former Ozonan and retired Baptist missionary to Taiwan, will accompany Rev. and Mrs. L. Bynum Akins, present missionaries to Taiwan, to Ozona Wednesday, October 9.

They will be special guests at the Wednesday evening worship services at the First Baptist Church. The community is invited to attend.

Miss Daniel has retired after serving in Taiwan for ten years, and is making her home in Austin.

Extension Wildlife Biologist, Texas Parks and Wildlife Department, the life and times of a deer herd; and Charles Ramsey, Texas Agricultural Extension Service Wildlife Specialist, deer nutritional needs.

All local ranchmen and other interested persons are urged to attend the seminar and free barbecue lunch.

Tickets For Brady Game On Sale Mon.

Reserved seat tickets for the Ozona-Brady game Oct. 11, in Brady will go on sale Monday at L. B. T. Sikes' office in the Administration Building.

Tickets will be on sale Monday through Friday at noon. No tickets will be sold after noon Friday, the day of the game. Prices will be \$1.75 for adults and 75¢ for students. At the gate in Bulldog Stadium in Brady prices will be \$2.00 for adults and \$1.00 for students.

Lion J-V Still Unbeaten

Coach Charlie Spieker's Lion Junior Varsity remained unbeaten and unscored on last Thursday, beating their Big Lake opponents 19-0. The win gives the JV a 3-0 season. They will be in Sonora tonight for a re-match with the Sonora team which they beat 20-0 in the first game of the season.

Howard Huerreca scored the first touchdown last Thursday night in Big Lake with a dazzling 55-yard run. The PAT failed.

The second touchdown came on some more razzle-dazzle. Vaden Aldridge passed to Blake Moody, who lateraled to Gary Warren and Warren ran it on in for the score. The play covered 27 yards. Clyde Bailey added the point after.

Bailey also scored the third touchdown. The PAT failed. Outstanding on defense for the Ozona team were David Munoz and David Torres.

Funeral Service Was Friday For Mrs. Henderson

Funeral services for Mrs. Floyd R. Henderson, 85, were held Friday afternoon at 4 p.m. from the Ozona United Methodist Church. Services were conducted by the Rev. Bill Fleming, a former pastor of the local Methodist Church, now pastor of St. Stephens Methodist Church in Amarillo. Rev. Ben Bohmfalk, pastor of the Ozona Church, assisted in the services. Burial was in Cedar Hill Cemetery under the direction of James Funeral Home.

Mrs. Henderson, a resident of Crockett County 67 years, died shortly before noon Thursday at her home here. She had been ill for the past several years.

Mrs. Henderson was the former Lillian Stewart. She was born March 7, 1889, in Magnolia, Ark., and moved to Crockett County in 1907. She was married to Floyd Henderson in Ozona December 22, 1909. The couple lived on the 25-section Henderson ranch north of Ozona until their children became of school age when they built a handsome home of native stone in Ozona. Mr. Henderson died here March 21, 1972.

A lifelong member of the Methodist Church, Mrs. Henderson was one of its most devout and devoted workers. She had served in nearly every office in the church, and was particularly devoted to work in the Woman's Society of Christian Service. She had

Rabies Clinic Scheduled After Confirmed Case And Dog Bites

A rabies clinic will be held Tuesday, Oct. 8, from 3 p.m. till 6 p.m. and again Saturday Oct. 12, from 2 p.m. until 5 p.m. at the 4-H Exhibition barn.

The clinic was arranged after three persons were treated by local physicians over the past two weeks for extensive dog bites and a dog, admitted to the Veterinary Clinic Tuesday died later that day with rabies.

County Agent Billy Reagor, County Health Officer Dr. David Blanton, and Dr. Gary Vannoy met and arranged the clinic following the death of the rabid dog last Tuesday.

Simple vaccinations of pets for rabies, the elimination of stray animals and the discouragement of wildlife within the city would go a long way toward eliminating the threat of rabies to our community, Dr. Vannoy said.

County officials are currently considering methods which could enforce a decline in the number of stray dogs which are a nuisance to the city and surrounding ranches.

One young Ozona boy had penetrating bites on his upper chest, right upper arm and around his right knee. He is presently receiving rabies treatment. Each year 60,000 persons in the United States are required to undergo treatment for rabies because of exposure. Two-thirds of the dogs and 95 percent of the cats involved in biting incidents in Texas have had no rabies vaccinations. This, of course, necessitates prolonged and sometimes painful treatment for the bite victims.

Rabies is a virus disease of the central nervous system. It can be transmitted only by the bite of an infected animal or through the saliva of a rabid animal introduced into a fresh scratch or similar skin break, according to Dr. Vannoy. The virus is present only in the saliva beginning with the two to three day period before the animal shows evidence of having the disease. Therefore, an animal that has attacked and bitten may appear normal but develop clinical signs of

Montgomery Ward Store Changes Ownership Here

Mrs. Raymond (Jettie) Adcock has purchased the Montgomery-Ward Store here from Mr. and Mrs. Corky Neyman and took over management of the store Sept. 9. She will have a three-day Open House this week.

Mrs. Adcock's husband, Raymond, is an employee of Shell Oil Co. They have two children, La Dawn, 14, and Gary, 11. The Adcocks moved here from Odessa nine years ago.

Mrs. Billie Neyman will assist Mrs. Adcock in the store until after the first of the year.

U. T. Honor Roll Lists Local Boy

The College of Natural Sciences at the University of Texas named 739 students to the spring semester honor roll.

To be eligible for the natural sciences honor roll, students must earn at least 52 grade points on classwork in one semester, passing all work undertaken. Total grade points are calculated by multiplying the number of semester hours by the value of each grade. An average semester's work is 15 hours. (A equals 4 points.)

The honor roll list included Clifton James Montgomery, son of Mr. and Mrs. Tom Montgomery of Ozona.

rabies two or three days later. All pet bites that break the skin should be given attention. In humans the time between being bitten by a rabid animal and the onset of symptoms is also variable. They can occur within ten days or as long as seven months. Once symptoms have appeared, however, the disease is always fatal. The important thing to remember is get proper medical attention at once. Treatment is most effective when started as soon as possible after it has been determined that the attacking animal was diseased by rabies. Children, because of their close association with the family pet, are most often the human victims.

Chiefs Beat Lions; Iraan Braves Next

The Ozona Lions fared poorly against the big, powerful Lakeview machine Friday night, marring the annual Homecoming Week, and taking a 49-7 trouncing. However, the Lions will be looking forward to making it up tomorrow night when they travel to Iraan for an encounter with the Braves.

Coach Sewell said that weight-wise, the Iraan team was about like Lakeview, but that he didn't expect the Lions to have as tough a time as with the Chiefs last Friday night.

The Chief defense proved too much for the Lions. Romaldo Cervantez, leading ground gainer in the district, was held to 16 yards on 16 carries for a 1-yd. average. He scored the only Lion score from three yards out, passed two times for one completion. Orlando De-Hoyos was the leading rusher for the Lions with 18 yards in 5 carries.

Quarterback Greg Thompson had a fair night, considering he was trapped behind the line numerous times during the night. He hit 3 out of 12 passes for 81 yards, but had three interceptions. Another piece of bad luck for the Lions was a blocked kick on a bad snap from center which led to a Lakeview touchdown.

The turn-overs came after the Lions were already trailing 28-7 late in the third period.

Defensively, the Chiefs practically brought the Lion ground game to a stand-still as Lion ball carriers were dumped many times behind the line of scrimmage. The Lions only managed 20 yards and three

first downs, while the Chiefs rushed for 221 yards. The Lions' passing attack amounted to 114 yards, even with the three interceptions. Thompson passed for 81 yards and Cervantez for 33. Richard Sanchez was the leading receiver with 90 yards to his credit.

Miss Flores Is Lion Football Queen For 1974

During ceremonies before the Ozona-Lakeview game Friday night, Miss Sylvia Flores was crowned 1974 Football Queen. Miss Flores is a senior at Ozona High School, a cheerleader and the daughter of Mr. and Mrs. Leandro Flores, Jr.

The Ozona High School Band played on the field during the presentation, while the Lion football captains escorted the four candidates onto the field. Name of the queen was kept secret until announced during the ceremonies. The queen and candidates were selected by vote of the football team.

Other candidates were Lupe Tambunga, daughter of Mr. and Mrs. Nato Tambunga; Romelia Vela, daughter of Mr. and Mrs. Romulo Vela, and Martha Cantu, daughter of Mr. and Mrs. Ricardo Cantu. Escorting the girls were Weldon Nicks, David Bean, Richard Sanchez and Romaldo Cervantez.

ANOTHER KIND OF DESTRUCTION -- Grounds around the Civic Center were evidently used for dog races sometime during the week. Black tire marks stripe the sidewalk and the grass is heavily rutted where one or more vehicles drove directly across the grounds instead of backing up and using the nearby street, denoting a sad lack of civic pride on the part of the drivers.

VOTING FOR THE TAXPAYER

How many U.S. Senators vote for the taxpayer? Not very many. Sadly, only a minority — 35 in number — had the courage to vote in favor of President Gerald Ford's request that Federal pay raises, which will cost taxpayers some \$700 million, be deferred for the next three months (October, November, and December). Bowing to the political pressure of government worker unions and the bureaucracy, 64 members of the Senate voted to override the President's request, thus granting an immediate pay raise averaging \$66.23 a month.

It is important to note that the President had not asked that Congress deny the pay raise, but only that the increase in salary be delayed for the three month period in order to hold down government expenses and fight inflation.

Congress has not been stingy with the taxpayers' money. In the last five years, federal employees have received pay raises totalling more than 50 percent, not counting the new raise.

As pointed out by Senator Jesse Helms of North Carolina, "The saving of \$700 million is not a small item; in practical terms, \$700 million over three months is \$7.7 million every day, or \$5,341.88 every minute."

Does the U.S. Government have the money to pay for the increased salaries? No, it does not; the Government is already running heavily in debt, which means that we will be forced to borrow the money at high interest rates, thus increasing the burden to the taxpayers, and adding still more fuel to the inflationary fires.

Those Senators who had the courage to vote to support the President's request deserve recognition and thanks from the millions of Americans who are on fixed incomes and who will not be getting increased incomes of \$66.23 per month, either now or three months from now. Those Senators, as reported by the Congressional Record, were: Baker, Bartlett, Bellmon, Bennett, Biden, Brock, Buckley, Chiles, Clark, Cook, Cotton, Curtis, Fannin, Goldwater, Griffin, Gurney, Hansen, Hatfield, Helms, Hruska, Huddleston, Mansfield, McClure, Nunn, Pearson, Percy, Ribicoff, Roth, Scott (Hugh), Scott (William), Stafford, Stevenson, Taft, Thurmond and Tower.

One way the taxpayers can say thank you is by their votes in November.

Texas cut gasoline consumption sharply, but electricity consumption increased 8.1 per cent from last year (based on a May figure), according to a governor's office energy report.

Texas Water Rights Commission adopted a new policy requiring water district developers to contribute up to 30 per cent of cost of water, sewer and drainage facilities.

AUSTIN—Texas government units need to spend \$652 million over the next five years to improve transportation systems, according to a Texas Mass Transportation Commission staff estimate. A TMTC preliminary development plan proposes \$666 million worth of rail system improvements and construction and \$286 million for bus systems.

The state, the report concluded, must come up with ideas for moving an increasing number of travelers among major cities by rail, new expressways paralleling existing ones or other means.

If travel increases as fast as expected, according to one authority, traffic on Interstate 35 between San Antonio and Dallas may be as congested by the year 2,000 as it is on the Gulf Freeway in the Houston area.

Cost of developing mail passenger facilities presents a generally unhappy picture. Railroads, according to TMTC Director Russell Cummings, are not enthusiastic about starting up new passenger service or turning their tracks over to any agency for passenger hauling in conflict with their freight business.

Only 18 cities in the state still maintain transit systems, as compared with 37 such systems 20 years ago, TMTC was informed. But use of transit systems is expected to increase three-fold by 1990. Buses are projected to handle 75 per cent of the future load, rail systems 18 per cent and "specialized systems" seven per cent. LEASES TAKE UP—Cash bonus payments totalling more than \$7.3 million reached for the state Permanent University Fund from a recent oil and gas lease auction on University of Texas-owned lands.

More than 123,540 acres were leased for oil and gas exploration. With deposits of the cash bonus payments the Permanent University Fund increased to \$678,332,143.

Biggest areas of interest were Loving and Ward counties.

Superior Oil Company paid the largest cash bonus—\$810,000 for a 640-acre tract in Ward County. Chalfant, Magee and Hansen were successful bidders on a 320-acre tract in Ward and Loving counties with a \$435,000 cash bonus.

Land Commissioner Bob Armstrong, chairman of the Board for Lease of University Lands, said increased demands for energy are being reflected in all public land lease sales.

INDUSTRIES INCREASE—Thirty-one new industries with a combined annual output of over \$8 million located in Texas during August. Total economic impact of the 31 firms was estimated by Texas Industrial Commission and the University of Texas Bureau of Business Research at more than \$129 million a year.

The 31 new industries are expected to generate \$7.7 million a year in federal taxes, \$560,943 in local taxes and \$502,943 in state taxes, and to create 1,743 new jobs with a spinoff of another 2,243.

The industries located in Alice, Amarillo, Athens, Austin, Fort Arthur, Brownsville, Center, Coletto Creek, Channelview, Del Rio, Diboll, Freeport, Houston, La Porte, Laredo, Longview, Lufkin, Madisonville, Mineral Wells, Mount Pleasant, Rocksprings, Texarkana, Wharton, Weatherford and Wichita Falls. should furnish guidelines, but he warned against restraints so strict as to interfere with law enforcement efforts. ENROLLMENT UP—Statewide enrollment at Texas colleges and universities is up about five and a half per cent above 1973, far above the national projection of a 1.3 per cent nationwide increase. Preliminary tabulation shows total enrollment of 549,830 students at Texas public, private, junior and senior institutions. This is 28,300 more than the fall semester of 1973. Two hundred and seventy five thousand of the students are attending public senior colleges, 201,400 at public community colleges.

Even the private institutions in Texas are growing. Their total enrollment of 70,800 represents a 1.4 per cent increase over the 1973 headcount. About 10 of the 37 may experience some decline in enrollments. AG OPINIONS—Voters who participate in party primary elections are not eligible to sign applications of independent candidates where nominations for the office sought are made in primaries, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded: State employees who leave their jobs before completing six months' service are eligible for no accrued vacation time.

Receipt of guaranteed annual wage payments does not sufficiently implicate the state in the policies of the institutions to make their discriminatory practices a "state action" for constitutional protection purposes.

Receipt of guaranteed annual wage payments does not render an individual out of work ineligible for state unemployment compensation.

Washington News Letter
by Congressman O. C. Fisher

President Ford's shakedown cruise has already encountered some stormy weather. In assuming a national viewpoint, he has run into some trouble. AFL-CIO's George Meany, after a traditional courtesy call at the White House, is now telling his unions to beware of Ford's battle plans against inflation. He can be expected to blame the President for all our ills.

Ford's amnesty plans are unpopular in Congress and elsewhere. The strings he attaches to conditions for return and disposition of the fugitives may not be as attractive as the renegades had hoped for.

The President's flip-flop on his previous position relating to importation of Rhodesian chrome caught his former colleagues by surprise. In 1971 Ford supported legislation to lift the UN-imposed embargo against trade with Rhodesia, but recently said he now favors reimposing it.

These actions are irritating, but the big tests are ahead. Ford's forthright plans to combat inflation are being well received. And he reiterated his strong support of national defense. In any event, he has his work cut out for him in performing what many believe to be the most difficult job in the world.

Have you ever read a news item when you had to read between the lines to figure out precisely what was meant? Well, the Russians are notorious for making the worse the better reason seem. Here's an example:

The story relates to a sail boat race between the U.S. and Soviet teams, involving one boat each, in which the Americans were victorious. Pravda, so the story goes, reported the humiliating defeat thus:

"The gallant and courageous sons of the People's Republic sailed their craft through extreme handicaps, to come in second from the top. Another ship, sailed by reactionary capitalists from the USA came in next to last!"

Mrs. Bailey Post

It's later than you may think, so with frost time approaching, do take time to enjoy the beautiful green hills and valleys wherever you may go on a weekend trip, or perhaps from your own windows.

With all the abundance of rain we have had, it's almost unbelievable that this is really southwest Texas. It's great to go into the fall season with plenty of moisture for garden preparation, planting, and growth on all plants, trees and grasses.

To keep ahead of the enormous weed crop, everyone is urged to act now, and accept the challenge of a real clean-up to beautify our environment. Many towns around us are stressing a general fall clean-up in October, so we don't want Ozona to fail to keep grooming yards, vacant lots, and urging others to do so. A sanitation program includes pulling up all of the spent bedding plants, cutting off tops of browned perennials, raking the ground to collect surface debris, and removing all from the garden.

Many are wanting to get rid of nut grass, that dark-green, upright grass growing in flower beds, lawns and vegetable gardens. You can pull it up; before long it's back again. Once established it's almost impossible to remove all the thread like rhizomes. It multiplies rapidly in moist soil, but can be controlled if found

early, and pull new plants before the tubers have a chance to form. Southern living gives the latest and most effective method of nut grass control. Apply the organic arsenates DSMA or MSMA. They can be used alone or in combination with 2, 4-D amine. Be careful not to apply to lawns when temperature is above 85 degrees or when soil is dry. This may cause lawn damage. Be sure to read herbicide labels and follow directions to prevent damage to desirable plants in your yard.

Your roses may need spraying for mildew and black spot after so much cloudy weather and rain. We should have a season of beautiful blooms.

H. D. CLUB MEETS
The Ozona Home Demonstration Club met at the Civic Center Thursday, September 26. Debra Price presented the program on "Fall Fashions."

The next meeting will be October 10, featuring a program on "Make Yesterday's Today's Fashions," by Debra Price. All homemakers are welcome to attend. If you have a garment that you would like to rework or restyle, please bring it to the meeting.

Members present were Mrs. Glenn Sutton, Mrs. R. J. Everett, Mrs. H. D. Vinson, Mrs. Dale Burger and Mrs. M. C. Couch.

SON TO WALKERS
Mr. and Mrs. Greg Walker are the parents of a son born September 15 in a Del Rio hospital. The little boy weighed in at 7 lbs., 14 oz., and has been named James Gregory.

Maternal grandparents is Mrs. James Chapman of Del Rio.

Non-food items make up a large part of most everyone's budget. Cleaning supplies of all kinds, furniture polish, detergents and health care products are just a few of the many.

Here's a fact that may surprise you. On an average, less than 3¢ is spent by the manufacturer for materials that the consumer pays \$1.00 for in the form of the finished product. But given the formulas and taught the simple procedures, anyone can make their own products. You may like your own products better than the commercial products. Here are some examples:

Lemon Oil Furniture Polish:
1. white mineral oil (light grade) from your druggist, 1-3/4 cups; 2. lemon oil, 1 tsp.; Mix 2 into 1 with stirring. Apply to furniture with soft cloth or plastic spray bottle. Polish with dry soft cloth such as flannel. Your material cost, about \$1.20. Cost to buy same quantity of a name brand, about \$3.20. You save \$2.00 on each quart used.

Antiseptic Mouthwash Powder:
1. Sodium Perborate (U. S. P. grade) from your druggist, 1/2 cup; 2. corn starch from your grocer, 1 tsp.; 3. peppermint, wintergreen or clove oil from your druggist, 7 drops (or to suit taste); Mix 1 and 2 in bowl with fork. Add 3 white stirring. To use, dissolve 2 tsp. in 1 cup warm water. Your material cost to make 1 pint, about \$0.03. Cost to purchase the same quantity of a name brand, about \$1.31. You save \$1.28 on each pint used.

CARPENT SALE - Two family. Household items, toys and clothes. 203 12th St. Nothing sold before 8:30 a.m. Saturday, October 5. 30-tfc

ANGORA BILLIES - yearlings and two's for sale. Good staple, good size. Evert White, Ozona, or see Charlie Scott at ranch, 6 mi. S. E. of Sheffield. 27-tfc
