Bill Schneemann, Jr., of Crockett county recently sold to Moore Bros. of Ft. Stockton 600 yearling ewes at \$14.00. Also shipped to Oklahoma for pasturing 1,800 bred three and four-year-old ewes.

M. H. Goode, in from a shearing trip into Terrell county, states that there is no truth in the report that was circulated to the effect that White & Baker had lost 4,5000 head of sheep in the recent cold spell. He says 45 to 50 head would be nearer like the facts.

It is reported that Blake Mauldin lost 700 sheep in the recent wet cold spell. The report did not reach The Stockman direct and we only give it as it came to us.

Yes, friends, you are going to get another good rain. People who pay the printer without dunning as handsomely as you do are bound to be remembered by a bountiful providence.

Kuts and Kans der Krazy Kaiser

Dr. J. D. Sandifer, president of Simmons College, Abilene, spoke to a number of our citizens at the Majestic theatre about our scrap across the pond. No previous notice had been given, and Prof. J. B. Smith got the business houses to close and within an hour quite a fair-sized audience had gathered.

The Kaiser and his mob received a verbal flaying that was loudly applauded. The Doctor, though not exactly an orator, knows just what he wants to say, and says it very vigorously. He told of a sweet little lady who was a student of the University of Antwerp when the Germans invaded Belgium. He recently heard her lecture under the Red Cross auspices. She had seen her father murdered, her mother and sisters outraged, and her little brother's hands cut off by the brutal invaders.

He referred to the German-Prussian autocrats as the "mad dogs of civilization," and said if we fail to do all that we can to save humanity and ourselves from the beasts that we are not one whit better than the soldier who is too cowardly to face the foe.

The majority of the audience appeared to heartily agree with the speaker.

Want the Orient Service Continued

Federal Railroad Administrator McAdoo ordered a hearing before the Government Railroad Board on whether or not the Kansas City, Mexico & Orient Railroad can be taken over and operated as part of the Government railroad systems. The board had already held that this road cannot be included in Government operation of other roads on the ground that it is not part of a trunk line.

A petition asking Mr. McAdoo to continue the operation of the Orient for the benefit of the livestock and other important interests of this section was circulated by county clerk Tom Nolen in Ozona this week, and signed by all the business men in town and many of the ranchmen.

The discontinuance of the Orient would be a severe blow to the industrial interests of this portion of West Texas, at a time, too, when we can ill afford it.

Appeal to Ozona's Patriotic Women

The United States declared war on Germany and many of our sons volunteered to fight for the old Red, White and Blue. Some waited and were taken in on the draft, while some tried to shirk and were slackers.

The Government saw the wisdom of drafting an army, but never drafted workers for the Red Cross, the big Red Cross that stands emblazoned against the sky, the hope of the allied armies. Did you ever see a regiment marching through the streets? When they pass a Red Cross every hat is raised in reverence. An officer training a troop of raw recruits once marched them past the Red Cross headquarters where a huge Red Cross banner floated across the street. He halted the men and said: "Boys, you see that banner. Look well at that Red Cross and take off your hats to it! That is your one hope when you get over yonder. Take off your hat to the army of noble women who are working to give you a chance to come back." Yes; but it is a very, very small army of noble women who trudge up to the court house in Ozona and day after day carry on the big work alone and unaided by the many. Some women are too busy dusting the dust, others are not able, and many are the excuses, but if the Kaiser with his deadly efficient army behind him knocks at the gate of Texas some day will you then feel that your household duties are the most important thing in your life; or will you wish that you had worked to save the boys over yonder who are giving themselves a sacrifice to save you these comfortable homes?

The boys in khaki who are giving themselves a sacrifice to Democracy.

The noble boys for whom the nation prays: "God Bless our Boys!" But let us add the invocation: "God help the women of Ozona to see their duty!"

Send The Stockman to a friend or relative in some other less favored country. Better than letters because it goes every week.

Views of Our Representative

Hon. M. E. Blackburn of Junction, our presentable representative in the Texas legislature, announces for re-election in this issue of The Stockman. We have been interested, as you will be, in reading the following letter from Mr. Blackburn:

"I have no special platform. I feel sure the people of the District understand, at least in a general way, my views upon governmental policies and principles. Doubtless many new questions will arise, questions which cannot be anticipated; but I have always believed that, given integrity, a reasonable amount of backbone and some horse sense, a man can usually be trusted to do the right thing when occasion arises.

"Just now, the winning of the war is uppermost in every loyal mind; nothing else matters, or will matter, unless and until we have conquered in the present struggle. Every energy and legitimate power of government should be utilized for this purpose. This issue is supreme and overshadows all others. The discussions of mere politics seems trifling and inappropriate when we consider that our country is locked in mortal combat with the greatest foe of all history; when our boys are giving their lives for the very existence of a free government upon the earth. Such a discussion I shall not attempt.

"If my experience is worth anything, if I have any ability at all, I am willing that my people should have the benefit of it. I feel that it is no little honor to represent the largest and best district in Texas."

News Stand Notice.

Please note that my news stand in the Stockman building has no business connection with The Stockman Publishing Co. If you stand me off for fifteen cents and I have to mail you a bill I must make it 20 cents, and 5 cents additional for every bill mailed. Otherwise I lose money on your patronage.

Mrs. Easterling.

Soldiers in army camps have been victimized by swindlers who wired or wrote for funds under soldiers' names. In each instance it was requested that money be sent by wire waiving identification, or by mail to general delivery the customary explanation being that the soldier had been discharged and would have no way of securing identification, nor of getting mail addressed to his company.

The following is a typical telegram, sent to the father of a soldier in a southern camp:

"Have been discharged. Coming home. Going to Atlanta through country tonight. Please wire me \$60 at Atlanta so I may pay for uniform and come home direct. Wave identification as I am not known in Atlanta. Wire cash quick so I can get it tomorrow morning."

Be being complied with, any remittance should be sent under such conditions should be verified by a letter to the commanding officer of the camp in which the man's name is signed to the request is

Notice.

We are asking our patrons who take out our goods on approval to please return same immediately.

We positively will not take back damaged goods or merchandise kept out through neglect.

Goods returned promptly will greatly assist us in our book-keeping.

Outrageous Vandalism in Ozona

Ozona has been disgraced by an act of vandalism which The Stockman regrets to have to report. It makes us all ashamed. Several nights ago one of the gardens of the Ozona Girl Scouts was invaded and literally destroyed. The vandals deliberately pulled up many of the vegetables, trampled the entire plot and cut the tops off the onions.

The culprits are known, being incorrigible boys who have before this shown their fitness for reformatories. But in this case, they have made a big bid for the penitentiary. Destroying a war garden is a penitentiary offense.

Only last week a man at Fort Worth was sent up for five years for trampling his father's war garden.

The culprits in this case in Ozona would do well to make a clean breast of it and pay the damages they have caused, thereby possibly avoiding a great deal more serious trouble. The very best they can expect, however, is social ostracism in this patriotic town for quite a long time.

The Del Rio Herald is responsible for the statement that about 8,000 head of sheep and goats were killed by the late cold spell, following the big rains in Val Verde county. Among the losses Keys Fawcett, who ranches over on Dolan, is named as having lost 300 goats.

BRAVERY OF FOREFATHERS LIVES AGAIN IN DEEDS OF AMERICANS

Yankee Troops in France Laugh at Shell Fire, Jest at Shrapnel Spraying and Take Whatever Comes With Bold, Courageous Spirit That Makes Them Invincible—Sergeant Braves Death to Save His Horses.

With the American Army in France, plunged from their world of sham battles, training camps and dreams to a maelstrom of fierce realities, the American soldiers are proving they are made of the same stuff which carried their forefathers through the tests of the trying periods of American history, writes Don Martin in the New York Herald.

I have seen them in action. I have seen them under shell fire which literally sprayed them with flying earth and shrapnel, and their relatives and friends back in New York, California, Maine, Florida, Montana or wherever you please, may take the word of an eyewitness that they have already taken their places among the most valiant and sturdy fighters of this gigantic world war.

Very recently I visited them in a little village as close to the enemy lines as units can be quartered. I had gone to see the artillerymen at their task and instead of anticipated tranquillity ran into the fiercest kind of excitement—the first these particular Yankees had known. It all burst suddenly and unexpectedly, just as most war developments break.

Shells Break 1,200 Yards Away.

From the rear window of headquarters in charge of an American captain and a French officer shells could be seen breaking on a sloping hillside. The nearest one while I was observing fell perhaps 1,200 feet away. They were aimed at an American battery.

"It's nothing," said the captain, a stalwart, handsome man, who only a few years ago was a renowned football player in a Michigan university. "They throw over a few shells every day, but they never hit the town."

With the musical hissing of the shells for an accompaniment we conversed about news in America and had luncheon—a good luncheon, too. There was no talk of war. Beside the table at which we ate was a sagging cot with wrinkled blankets. The captain sleeps there.

"Sometimes at night," he said, "the shelling is pretty heavy and it's hard to sleep, but I'm getting used to it."

Clerk Indifferent to Shelling.

Just beside the open window in the rear—the window was more like a barn door than a window and had no glass—a clerk was pegging away at a typewriter. The dropping of the shells made no impression upon him. At home, I learned, he is a clerk in an express office—a lithe, well-groomed fellow who has dreams of future contentment.

Shells come a little too close at night, don't they? I observed. "They won't get any nearer."

To a war amateur the spectacle of shells striking so near yet coming no nearer, when it would have been so easy to blow the town to bits, was a matter of wonder.

"Yes, they could hit the town, of course," was the captain's comment, "but they never have shelled it. Sort of an unwritten understanding, I imagine. They have towns similarly situated which we could shell, but they don't want them shelled."

Other understandings were that the Germans spare some towns because their own people have property in them. Whatever may be the reason for sparing certain towns all reasoning was wrong with respect to the particular village where I was having luncheon. We had just finished when a noncommissioned officer entered the upstairs room, considerably out of breath, but in no way excited, and after saluting said:

Battery Connections Broken.

"Our battery is being shelled with gas and telephone connections have been broken."

Hurried orders were issued. It was all done quickly and quietly. The football player, now a captain, acted as if he were coaching an old team at school. Presently men were seen scurrying off through the fields toward the shell-swept zone wherein the batteries lay. They dropped flat two or three times, but all crossed the danger belt safely and disappeared in the more thickly spattered region. This action had just been put into effect when another soldier appeared before the captain and, saluting and standing erect, said:

"I have to report, sir, that the shell fire is becoming more severe. Shells are now falling in the village."

The nearby whizz of the flying things and the boom and crash at the end of the street gave terrifying emphasis to the sharp cut words of the soldier. No one was so vexing as to ask about the "unwritten understanding" not to bomb the town. Where shells had been falling at the rate of two every three minutes, they were now dropping at the rate of four or five a minute. They were striking in many parts of the village.

There being nothing to do in the town word was given to evacuate. In a moment French and Americans were streaming slowly off into the fields and along the roadways and in five minutes only a few American and French officers and ambulances were to be seen in the streets, which were fre-

quently filled with clouds of brick dust and flying bits of masonry and steel.

Just then the great French guns began to add their boom to the din of the enemy artillery. One, two, three, four, five and on up to twenty came the ripping, tearing detonations. First a flash, then a whine, then a spongy roar from somewhere "over there." In the midst of the fanfare and scurry a sergeant—and it is permissible to state that he came from Missouri—stepped up to the captain, who was directing his men to places of safety or to neighboring sections, and said:

"There are 50 horses in a very dangerous position. What shall be done with them?"

"It is too dangerous to risk a trip—leave them."

Refuses to Desert Horses.

The sergeant paused a moment. A look of disappointment came into his eyes. I learned later that he has always loved horses.

"I can get them out," he said, looking the captain straight in the eye.

There was no further conversation. The sergeant trotted off up the street into what might well have been the pit of death. He disappeared around a slight curve. A few minutes later he came into view again behind a galloping string of horses which shot off into a field to join a pack of mules which slowly and with traditional perversity had been moving nearer the spot where shells were falling with greatest frequency.

And over in the batteries, around which shells had been falling for several hours, the artillerymen had taken to their dugouts, where they were sitting about like gnomes with their gas masks in position. Gas shells had been dropping all about them, but fortunately the wind was such as to whiff it away from them.

With others I moved down the road a few hundred feet and entered a grazing field, where I stood with about 30 boys from various parts of the United States. We could see the German shells falling not far away and could see the flash and hear the boom of the allied guns.

Gazing at the people moving across the fields, a soldier from Chicago—in every regiment there are men from practically every state and every big city back home—said sententiously:

"If the people at home could see this and then realize that their own fathers, mothers and children'll get the same thing if the Germans ain't licked I guess we'd have an army of twenty million, huh?"

Shortly there was a lull in the fighting. In the period of quiet which came there was a release of the tension which had been quite successfully camouflaged. Everyone broke out in comment, much as does a person who has just come through a painful dental operation.

"What's the news from back home?" one of the privates asked me.

"What do you want to hear about?" I asked.

"Has Grover Alexander gone in the army?"

"Where'd they bury Bob Fitzsimmons?"

"Did Teddy Roosevelt get over that operation?"

"Is it true they've cut down the salaries of baseball players?"

Just News From Home Wanted.

These four questions came quickly from four different soldiers and when they were answered the boys seemed satisfied that everything at home is all right.

Unimportant subjects were dropped instantly when a shell splattered the earth a few hundred feet away, causing everyone to move to a new region. In a minute the bombardment was fiercer than before. Down in the narrow valley immediately in the path of the shells' flight five Frenchmen

were planting vegetables. The bombardment made no alteration in their movements.

At the end of three hours, when dusk was gathering, the firing was being maintained from both sides, but the explosives were no longer dropping in the village, and the soldiers moved back into their billets and their places of occupation.

One who was privileged to go to the next village and thence to return to a region of complete security could not help realizing how different was his lot from that of the hundreds of young Americans—courageous, all-too—who have no alternative but to return to the village which, as I have said, could be completely blown off the face of France if such were the determination of the Huns who were bellowing with their guns only two miles away.

MINERS STRIKE BECAUSE OF SLACKER EXEMPTION

Gebo, Wyo.—This little mining town is 100 per cent patriotic. An assistant postmaster was given a deferred draft classification because of his job. All the miners in the village—200 strong—went out on strike as a result.

The strike lasted 36 hours until the assistant postmaster agreed to enlist. Whereupon the miners called a mass meeting and voted money from the union treasury to care for the man's family during his absence. Only four of the 200 strikers were born in America.

AVERAGE AN ACRE AN HOUR

New Records Set for British Plowing With Tractors in Spring Tests.

London.—New English records for tractor plowing were set in the annual spring tests at the new government tractor school of instruction at Moseley Hill. Two types of light tractor plow of the model adopted by the government as most suitable for British requirements worked for 12 consecutive hours.

The ground was a light soil and the tractors were required to pull four-furrow plows, the depth of the furrow being six inches and the land fairly level, but slightly rocky.

The work accomplished averaged 11.75 acres each, and the fuel consumption was 2.46 gallons per acre. The engines were run continuously for 12 hours.

Aged Pennsylvania Woman Walks 12 Miles to Get Relief for Family.

Wilkes-Barre, Pa.—Mrs. Margaret Kemp, a widow of fifty-two years and the mother of six children, walked 12 miles over the snow-crusted mountain roads with her youngest child in her arms just to get warm.

When she got here she pleaded for some means of getting warmth for the rest of her family, which she said was freezing in the shack called "home" on Bald mountain.

The mother and her baby were sent to the United Charities and relief was dispatched to the children. They had neither shoes nor stockings, little underwear and ragged outer garments, and were huddled under a few old horse blankets and quilts. All were brought here.

LEANING VIRGIN SHOT DOWN

The leaning Virgin at the top of the Albert cathedral, now behind the German lines, was shot down by German artillery. The figure had been overhanging the street since 1914, when the city was shelled by the Germans. There was a widespread superstition that when the Virgin fell peace would be declared.

Making It Easier.

"Do you have meatless days at your house?"

"Yes," replied Mr. Meekton. "Everybody except the dog."

"Why the exception?"

"Well, Henrietta is right complimentary about it. She says my superior intelligence enables me to be philosophical about a situation which would grieve Fido because he couldn't understand it."

He Knew.

As an introduction to a valentine song that C. E. Park, supervisor of music in the Rushville schools, was going to teach to first-grade pupils, he asked them: "What day is tomorrow?" He expected the reply to be "Valentine day," but a small voice piped from the back of the room: "Meatless day." — Indianapolis News.

Question of the Hour: "How is your War Garden doing?"

Senator Claude Hudspeth was born in the district which he will represent in the next Congress.

Text for Today: "He left not himself without witness, in that He did good, and gave us rain from heaven, and fruitful seasons, filling our hearts with food and gladness." Acts 14: 17.

There are one hundred and fifty lawyers in El Paso. One hundred and twenty of them are supporting Claude Hudspeth for Congress, which proves that lawyers are alright, after all.

The new Red Cross drive starts next Monday morning, the 20th, and it is expected to be the greatest that the country has yet known. The Red Cross has accomplished a great deal for humanity, and is doing a mighty work in this time of terrible stress. Let's all make up our minds to help to the full extent of our ability.

If a friend helps us, we should help someone else. That is the spirit of the Golden Rule. Ruskin said truly: "Such help as we can give each other in this world is a debt to each other." If someone does us a kindness, let's pass it on.

Nearly four years ago the Kaiser started out from Berlin for Paris, and he hasn't got there yet. In fact, he is not as close to the historic French metropolis today as he was three years ago. But the Kaiser has had considerable tire trouble.

We have before us the Valliant (Okla.) Tribune, published and edited by John C. Oliver. He is an old Texas boy who has made good in Oklahoma. Both he and Mrs. Oliver are accomplished printers and are sure to succeed in their new venture, the taking over of one of McCurtain county's best newspapers.

The word "Huns" will probably stick. But it is a misnomer. The Huns are the Hungarians, not the Germans, and they are only half-heartedly in this fight. In fact late news from Hungary is to the effect that the people, as a whole, are inclined to be very friendly toward the United States, and the shout: "Long Live Wilson!" is very often heard in public places. It is stated that while the people are forced by the Prussian military machine to fight, in their hearts they want the allies to win. We ought to get another name for the Prussian autocrats.

"The American's Creed—I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

"I therefore believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies."

The above "American's Creed" was adopted by the city of Baltimore which paid one thousand dollars for it to William Tyler Page, of Friendship Heights, Maryland. Its selection was the result of a National Creed Contest. It appears to fill the bill.

**A Call
Hudspeth
Grand Rally
Saturday
18th**

The following telegram was received yesterday by The Stockman:

El Paso, May 15, 1918.
Ozona Stockman:
The Hudspeth rally at San Angelo will undoubtedly be held next Saturday. Get as many Hudspeth people as you can to attend. Pass this telegram around to them all.

VOLNEY M. BROWN, Chairman.
A letter received from Mr. Brown congratulates Crockett and adjoining counties on the splendid rains, and it is now hoped to make the Hudspeth rally in San Angelo next Saturday morning a big success. All of you who can do so are urged to go San Angelo tomorrow (Friday) and attend the caucus tomorrow night to attend to the preliminaries of organization. Those of you who have cars, try to take as many Hudspeth people both men and women, as you can.

Claude is going to be elected by a big majority. That's a cinch. But we want to make that majority just as big as possible. He will find his old home county of Crockett right on the job and working overtime for the man who has been our good strong friend for all these many years.

Dr. and Mrs. Chapman are here from Sonora for a few weeks.

Charley Schauer tried to get another well and got another wind spouter.

Mr. Ranchman, try Rawson's Screw Worm Medicine. It Cures. For sale at Chris Meinecke & Son's.

Mr. and Mrs. M. H. Parker have taken the High Childress home on Broadway for the summer months.

Walter Young came in from his ranch near Big Lake to attend the school commencement exercises.

Now that War Garden. Get your fresh seed and your garden seed and your garden tools at Chris Meinecke & Son's.

Mrs. J. H. Wilson came in last week from her ranch to visit relatives, accompanied by her grandson, Walter Young, as chauffeur.

A big crowd of Sutton county people are expected in Ozona next Monday morning to attend the Meekel disloyalty trial, which has developed features of absorbing interest.

Milton J. Heffner and family are here from Dallas to remain several weeks. Mr. Heffner is office man for E. M. Powell, the big land man, and is attending to his extensive business interests in Crockett county.

Dad Hailcomb had his men busy cleaning up the town for the past few days. Many householders have also been cleaning up, and the trucks are hauling the trash and refuse away. Swat the fly, likewise the murre-keeter.

Dr. and Mrs. Utterback left Saturday in their car for San Antonio to attend the annual convention of the State Medical Association. They were accompanied as far as San Antonio by Mr. and Mrs. E. J. McKinney, who will go on from there to visit friends at Bonham.

The price of coal will advance every month from now on. The Government asks you to buy your coal NOW. The coal will be delivered later, but you will only be charged the price current at the time you buy. Please place your order NOW with the Ozona Lumber Co.

Mr. and Mrs. J. A. Gowen left yesterday for Fort Worth to make their home for the present until Roger Dudley gets ready to begin work on his new home. Mr. Gowen has finished his work on the new Dudley garage. We shall miss those good people, but are glad to know that they will return.

Do you need dental work? Dr. Chapman is here from Sonora and will remain until June 1st. Make an early date with him, because it may take time to attend to your needs. If you are having no immediate trouble with your teeth it would be well to have them thoroughly examined. "A stitch in time" you know.

Miss Bennie Murray and little sister Pete were here from Sheffield, the guests of Miss Kathleen Buck. "Pete" recently burnt her hand severely with turpentine, and came over to get treatment. Next time Pete comes to town and don't come around to see her old side partner, Kuzn Bill, we'll paddle her by parcel post.

IMPORTANT NOTICE.

The price of coal will be set by the Government. The Federal authorities require us to buy NOW, and urges consumers to take on their coal supply during the summer months, or risk the chance of not getting any at all later on for next winter's requirements. Therefore, if you expect to use coal next winter, we urge the wisdom and necessity of buying now. The coal will be delivered during June, July and August, and not paid for until delivered, but it is necessary for dealers to know approximately how much they will have to order.
OZONA LUMBER CO.

See Dr. Chapman right away for that work you need on your teeth.

Misses Evelyn Goode and Phoebe Westfall spent several days on the ranch, the guests of Mr. and Mrs. Nutt.

Everything you need in cooking or heating stoves, and everything to go with the stoves, at Chris Meinecke & Son's.

Cashier Elam Dudley, of the Ozona National Bank, is in Galveston this week attending the convention of the National Banker's Association.

The Second Red Cross War Fund campaign begins next Monday morning, and concludes the following Saturday night. Get busy.

Please note the big advertisement on editorial page of The Angelo Furniture Co. This company is doing a fine business now in Crockett county, among the best people on earth.

All the ranch people have been hiking out to their ranches since last Friday, but the most of them will run into town at least once a week during the summer.

E. E. Stricklen and son, Angus, and Mrs. Angus, came up from their ranch near Juno Saturday. The entire family except Miss Mattie, went to the ranch Monday morning.

Messrs Jackson and W. L. Watters went to Christoval Thursday in the Watters car to take the baths for rheumatism for a couple of weeks. They are camping and enjoying outdoor life at the wells—also fishing.

Howard B. Cox is chairman for Crockett county for the second great \$100,000,000 Red Cross Drive. It is the patriotic duty of each and every one of us to help Mr. Cox to carry Crockett county over the top in this great humanitarian work.

For your tinware, hardware, tableware, wearware of all kinds your garden tools and your garden seeds, the place to get them is at Chris Meinecke & Sons. Cooking utensils, camp outfits, choice groceries. Let us fill your order. Phone Four-Four.

Boy Accidentally Shoots Self.

Ollie Sapp, a small boy, gave himself a very painful wound Sunday with a target rifle. He was climbing a tree after a hawk's nest, carrying the gun with him when the trigger struck a limb and the weapon was discharged sending a 22 caliber ball through a part of the boy's thigh. Dr. Helbing of Barnhart dressed the wound and pronounced it not dangerous.

If you don't appreciate Stockman advertising, you just don't know a good thing when you see it. That's all.

Angus Stricklen has gone to Del Rio to report for war duty in Val Verde county's contingent.

Tom Smith is moving into his big new rock blacksmith and machine shops this week—the handsomest and completest in Texas.

The young people of Ozona (at least some of them) believe in shaking a leg—sometimes all their legs. Dances every few nights now.

Miss Clara Friend is second assistant county clerk this week during the absence of Bud Russell, who is with the Boy Scouts on Devils River.

J. A. Leach, the photographer whom you all know, is now in Ozona again ready to take a picture of the baby or any other member of the family. See him at the Brown Hotel.

Leonard Russell and family and Misses Lela Johnigan, Alice Stokes and Ernestine Estes motored to Sonora last Sunday. Mrs. Russell and son, and Miss Alice Stokes will visit relatives and Ernestine will spend a week or so visiting her aunt.

Misses Ida Connor and Ruth Jones of Eldorado came over to attend the Ozona School commencement exercises and were guests while here of Misses Johnson and Glass. The two last named young ladies returned with their visitors to their homes at Eldorado.

Fred Cox, manager of the Ozona Garage, was circulating a paper this week among automobile owners that pledged car and services, if necessary, to transport soldiers of Uncle Sam in Crockett county and for any reasonable distance whenever called upon, without cost to the government. The paper was unanimously signed.

No doctors in town this week, so if you had any idea of getting sick, you had better reconsider it. The doctors are attending the State Medical Association convention in San Antonio, which opened Tuesday morning and closes this afternoon. The military of Camp Travis is helping to entertain the sawbones, and they are having the biggest time in their whole put-together.

Soldier Boy Notes.

Don Warden writes from Camp Travis that Scott had to go to the hospital as the results of inoculation for typhoid, etc. Don took out an insurance policy in favor of Orville Word's little girls.

Jack Smith left Tuesday for the army, having voluntarily gone with the heroes who are going to chase the Kaiser to his home in hell. Jack's people took him by auto to San Angelo.

Tom Patrick and Earl Howe have volunteered for Kan-der-Kaiser service and will leave next Monday morning for Camp Travis.

Cleaning and pressing in the most sanitary way. If my work suits you, tell others, if not, tell ME. Roy Parker.

Joe Davidson Hurt by Horse.

Joe Davidson, oldest son of Judge Davidson, was painfully, but not seriously hurt Monday by his horse falling with him while running. Dr. Helbing was summoned from Barnhart and after an examination decided that Joe had no bones broken and had no internal injuries. He is badly shaken and bruised, but at last accounts was resting comfortably.

Dr. G. W. Cox and family and Mrs. French left Saturday in their car for San Antonio, accompanied by Clark Barton and family. The Doctor and Mrs. Cox will attend the State Medical Convention in the Alamo City. Mrs. French will go to her home at Corpus Christi for the summer, and little Dorothy Barton will undergo an operation in San Antonio for tonsillitis from which she has been a great sufferer.

Val Verde's Wool and Mohair.

The government has taken over all the wool of the country and has set a price equal to that prevailing during July of 1917 which it is expected will bring from 50c to 60c per pound, according to the class, and this spring's clip will be shipped to Boston and classified by government experts.

The spring clip of Val Verde county is expected to amount to close to 1,000,000 pounds of wool and 500,000 pounds of mohair. If the wool and mohair is good bringing the prices looked for, Val Verde's spring clip will bring a lump sum of close to \$750,000, which is some encouragement, despite the fearful expense and losses sustained during the drouth.—Val Verde County Herald.

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

straighten you right up and make you feel fine and vigorous by morning. I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

DADDY'S EVENING FAIRY TALE

MARY GRAHAM BONNER THE TIDE.

The ocean fairies were riding in their boats of foam on top of the breakers. They were having such fun and laughing as they rode over the waves and back again.

"Come into the shore," shouted the sand fairies. "We want you to play with us. We are lonely, very lonely."

"The sand fairies, you see, are just the color of the sand so no one can really see them—just as the daytime fairies are bright and dazzling like the sun.

"It's low tide," said the children, "we've some time to play."

"Dear me, but you are very determined, Mr. Tide. Won't you please tell me what you mean? I don't like to appear stupid. But really I haven't the faintest idea what you are driving at."

"I'm not driving at anything," said the tide proudly. "I'm not a horse and I'm not a motor car and it's absolutely impossible for me to drive at anything or for anything. I wouldn't be a horse or a motor car if I could be one. It's far finer to be the tide. It's not so common and usual."

"Where I am," said old Mother Ocean, "you come too. But I beg your pardon if I hurt your feelings or insulted you. I'm sure I didn't mean to. I simply wanted you to explain yourself, and I used an expression, or saying, which I have heard grown-ups and children use when they were bathing in my great and mighty bath-tub."

"Not to be Outdone. The Lark—I sing above the guns. The Hen—Well, I cackle over a shell.—New York Sun.

"Come into the Shore." "No one can change me, for my rulers are Mr. Sun and Mr. Moon, and not for anything would I disobey them."

Mingled Tears and Joy. The first Easter was a day of mingled tears and joy, and so is the last Easter. Like the women who wept at the tomb of Christ, so the women of the world are weeping for fallen sons and brothers. But the joy that dried the tears of the women of long ago comforts the hearts of the mourners today, as the angels whisper, "He is not here. He is risen."—Girl's Companion.

Whenever You Need a General Strengthening Tonic. Take the Old Standard GRAY'S TASTELESS CHILL TONIC. It contains the well known tonic properties of QUININE and IRON and is Very Valuable as a General Strengthening Tonic. You can feel the good effect on the blood after the first few doses, etc.

A Puzzle. "Don't electric wires have to be made of well-tempered metal?" "I don't know about that. They seem to be very easily crossed."

Don't Worry About Pimples. On rising and retiring gently smear the face with Cuticura Ointment. Wash off the Ointment in five minutes with Cuticura Soap and hot water. For free samples address, "Cuticura, Dept. X, Boston." At druggists and by mail, Soap 25, Ointment 25 and 50.—Adv.

One Instance. She (with enthusiasm)—Oh, my dear, look what bargains I've got! They sold such cheap things at Taken & Breaker's today. He (with disgust)—Yes, I see they sold you.

HEADACHES This distressing ailment should be relieved at once and save strain on Nervous System. CAPUDINE gives quick relief. It's a liquid—Pleasant to take.—Adv.

Research. "In the early days tobacco was used instead of money." "It was then, I suppose, that American opulence invented the phrase 'money to burn.'"

CORNS STOP HURTING THEN LIFT OFF WITH FINGERS.

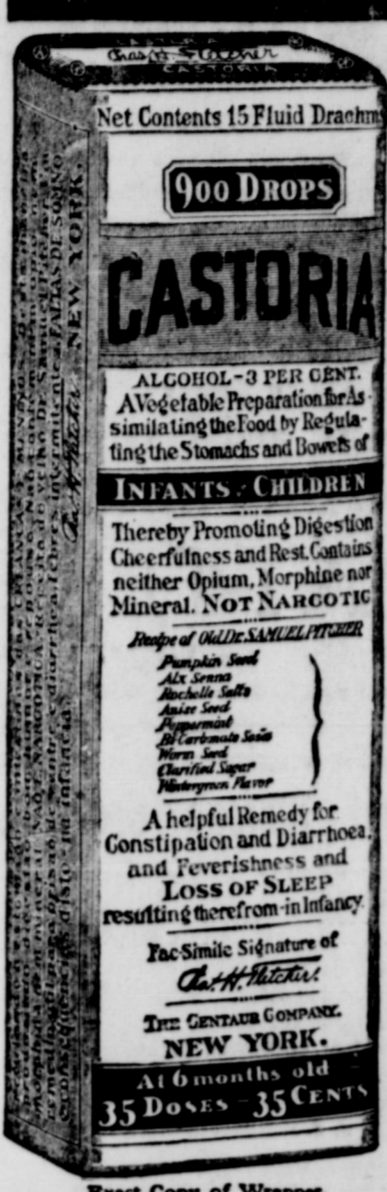

Drop of magic! Doesn't hurt one bit! Apply a little Freezone on that touchy corn. Instantly that corn stops hurting, then you lift it off with the fingers. No pain at all! Try it!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and callouses, without soreness or irritation. Freezone is the much talked of ether discovery of the Cincinnati genius.—Adv.

Insects Follow Balloons. Lieut. Deper-Bixio of the French aviation service writes that many insects follow captive balloons in their ascent. He has seen flies go as high as 2,570 feet, after which they die. Grasshoppers cling to the basket of the balloon until the air becomes too rarefied for them, when they let go and fall. He says the swallows have a glorious time catching these insects.

Ozona Girl Scouts Keep Very Busy
The Girl Scouts are working in their gardens with a zeal worthy of the cause. We have progressed so that we now have mustard and lettuce to sell and expect to have many more vegetables soon. A ready market has been found among the ladies of the town whom we thank for their patronage. We also extend thanks to Mrs. P. L. Childress and Mrs. W. E. West for their donations. One of the donations was a pair of scales so our buyers may trust that they receive full measure.
Every one has given us encouragement but all of it has not been intentional. Friday night some scamps entered Patrol 1's garden and tore up mustard, lettuce and onions. It made us so angry we are determined to show them that it takes more than two or three petty thieves to stop or even hinder our work.

Ozona Boy Scouts Off on Their Hike
Bright and early Monday morning Chief Bugler Allie Bosworth sounded the reveille and the Boy Scouts began to gather for great hike on Rio Diablo; but the day was far advanced before they got strung out on the long road to Juno and Beaver Lake.
A number of our citizens accompanied the boys in automobiles and remain with them to enjoy the outing and help the boys take care of themselves, or rather, to be where the boys can take care of them.
The boys will have their drills and the bugle will sound on Devils River in true army style. They deserve this nice outing after the hard work of the school year and the Scout duties they have so faithfully performed.

News of Our Soldier Boys
Camp Travis, May 16.
Crockett County Friends:
We are gradually being worked into soldiers. Have all had our uniforms issued to us. Some were lucky enough to get a new outfit while others received some second-hand articles. However, all appear to be satisfied with uniforms as issued.
We have all been vaccinated and have received one "shot" of the typhoid inoculation. We are due to receive the second "shot" this afternoon.
Of course all the work is new and very strange to us, but everyone is jumping right into it.
There are lots of things here we do not like at first but that is a part of the work. Suppose we will have to learn to like it.
